The cream of the crop for 2007 - GET IN EARLY! DSDI IS SET TO ROCK YOUR PORTFOLIO!

DSI Direct Sales, Inc.
Symbol: DSDI
Price: $0.05

There is a MASSIVE PROMOTION underway this weekend! This is hot, read the news and get on DSDI first thing Monday!

At such a young age, it's too heavy of a price to pay. Ashlee Fronda, Mililani, 4-6; 2.
Kharyse Thompson, Radford, 17. "We've never really been in this position before and for us to think, 'We're so good,' I don't think that's our style.
Chanel Anderson, Radford, 17. "I'd like to think I'm an experienced enough coach at this point to go through this tournament where all these kids and trying so hard to win and just keep positive and calm," Seki said. Jon Cummings, Kahuku, 23. Cordray Vorderbruegge, Kaiser, 18.
42) and Cameron Daugherty in the pole vault (13-6) and the 4x100 relay team (43. Amy Hunt, Mililani, 2:33.
Dayna Domingo, PCHS, 11:39. Ilissa Aalona, Kahuku, 33-4; 5.
" Above, "Seussical the Musical" was one of the theater's 2005 productions.
They do it for the camaraderie of playing football.
"It ends after four years and you can never get it back forever.
Trevor Wong, Kaiser, 4:29.
Courtney Senas, Mililani, 15-8.
28 2 33 Tyleen Tausaga 0. Kensuke Taylor, Kailua, 9:37.
In the three years there has been a state water polo championship, Kahuku has placed second twice and third once. Ilissa Aalona, Kahuku, 125-1; 2.
So we're hoping for something better now," said Nishioka.
"That's why I coach with a lot of passion," he said. Girls 400-meter dash 1.
D'Andre Benjamin, Mililani, 21-0; 4. Many say that a growing community of gay residents is part of the reason.
Victoria Black, Kapolei, 63. She also plays first base when she's not pitching, sporting a sparkling . Martin Santana, Radford, 11-0.
Ethan Rista, Castle, 16. Girls 100-meter hurdles 1.
Agnes Faaleaoga-Maloata, Kailua, 109-8; 6. Britney Stephens, Mililani, 25. Jon Cummings, Kahuku, 23. Michelle Ip, Kaiser, 4-6; 5.
Boys 1,500-meter run 1.
James Ancog, Kalaheo, 43.

COM Britney Stephens of Mililani edged Tamara McGee of Kapolei in the 100 meters, but McGee got revenge in the 200.
"Johnny Guitar": Based on the 1954 film, this musical presents a rousing original score with the sounds of 1950s lounge, western and rock 'n' roll.

6138. FS: Box of 29 Panel Meters and Gauges

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-01-02 02:16:30 UTC
From: Bry Carling
Topic: 6138 Message: 6138

FOR SALE:
Box of 29 Useful Panel Meters and Gauges for less
than $2.00 each!

General Electric 0 - 500 uA DC.
Dimensions: 2-5/8" diameter.

Weston RF Meter Type 2521 reads 0 - 5KW.
Ruggedized type. FSD = 200 uA DC.
Dimensions: 2-5/8" diameter.

RF Carrier Power meter Model 321.
Scales for 0 - 200 Watts and 0 - 100% Modulation.
Ruggedized type. FSD = 200 uA DC.
Dimensions: 2-5/8" diameter.

Burlington 0-1 mA DC square meter.
Dimension - 3" square. Needs approx. 2-3/4" diameter hole.
Loose inside.

Lambda Instruments 0 - 10 Amps DC.
Clear face. Dimensions: 1-3/4" square.

Marion dBm Measurements. Like most dBm meters,
displays signal levels above and below the Zero
dBm point. 2.5" Diameter.

Marion Electrical Instruments -100 / 0 / +100 mA DC.
FSD = 1mA DC. Center zero.
Dimension: 3-1.2" diameter.

DC Voltmeter with scales for 300V DC and 600V DC.
Requires series shunt of 400K-ohms for 300V and 800K-ohms
for 600V scales. Slight chip

Panel Meter - Milliwatts and dBm - by Roller Smith Co.
Meter is 2.5" diameter, and has dual scales.

Burlington 0 - 10V DC. FSD = 1V DC.
Dimension: 3" square.

Burlington 0 - 10V AC. Glass loose, works OK.
Dimensions: 3-1/2" diameter

Triplett 0 - 1 mA DC round panel meter. Great for homebrew.
Dimension: 2-5/8" diameter.

Triplett Type #232 0 - 10V AC.
Dimension: 2-1/2" diameter.

0 - 50V AC WACLINE panel meter.
Excellent shape. Dimension: 2-5/8" diameter.

Weston Type #301 0 - 2 Amps DC.
Dimensions: 3-1/4" diameter.

Weston Type #506 -50 / 0 / +50 uA DC.
Dimensions: 2-5/8" diameter.

Westinghouse Meter with 0 - 10 scale and marked 'FILAMENT.'
Measures 4" square with rounded corners. Very classy looking.
Unsure whether this is amps or volts, AC or DC.

Quantity TWO: Weston Type #506 0 - 1 mA DC
Dimension: 2-5/8" diameter.

A&M Instruments Type #265-108 reads 0-100 Watts.
and 0 - 1000 Watts on two scales. FSD = 200 uA DC.
Ruggedized type. Dimensions: 2-5/8" diameter.

Westinghouse 0 - +/- 3V DC Center zero meter.
Type SX-33 protruding design for surface mount.
Slightl crack. Dimensions 2-1/2" diameter.

Pressure Gauges - used for measuring gas pressures.
I have two with the following ranges. One is 0 - 50 P.S.I.
Other one is 0 to 15 P.S.I.

Vectron Panel Meter - Center Zero - Current meter.
Neat little round meter about 1.5" diameter.

Small VU meter for easuring audio levels.

Will sell ALL of the above meters for a total of $55.00 plus shipping

6150. Wattmeter and SWR Bridges FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-01-05 13:53:04 UTC
From: Ken Simpson, W8EK
Topic: 6150 Message: 6150

Wattmeter and SWR Bridges For Sale:

Micronta 21-520 A, HF wattmeter with large dual meters

This is an HF wattmeter that covers from 3 to 30 MHz, with
full scale power readings of 10, 100, and 1000 watts.
LARGE dual meters -- one reads forward power and one
reads reflected power -- both at the same time.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.

This particular meter works fine, and looks very, very nice.
I can not find a scratch on it. $50

SWR Bridges

Both SWR Bridges are designed primarily for HF operation,
although they still function well on 6 and 2 meters. Both have
SO-239 connectors on each end, and are designed for 52
ohm antenna systems.

Quements SWB-3 (same meter also sometimes labeled Swan)
This meter has two separate meters. One is for forward power
and one for reverse. This particular unit has a crack on the face
of the SWR (reflected power) meter, although the meter still
functions fine. It is strictly a cosmetic issue. $15

Swan FS-2
This SWR bridge has a single meter, and a switch to switch
between forward and reflected power. It can also be used for
a field strength meter. This one works fine, and looks great
also. $12

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

6184. Coaxial antenna switches and big dummy load FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-01-19 19:17:41 UTC
From: Ken Simpson, W8EK
Topic: 6184 Message: 6184

Coaxial antenna switches and large dummy load for sale:

All have SO-239 connectors.

Para Dynamics PDC 3HD
This is a high quality coax switch, with printed circuit board
stripline type of construction, to keep the impedance constant.
It has the common connector coming out of the bottom, with
the 3 switched connectors coming out of the top.
It looks very similar to the Diawa CS-201 or MFJ 1702, but
is made to switch three antennas instead of two. Unused
positions are NOT grounded. $20

Pace 3 position switch
This is a fairly generic coax switch in a rectangular box. It has
the common connector on the bottom and the three switched
connections coming out of the top. Unused positions are
NOT grounded. $15

AmComm JV-104 coax switch
Switches 3 antennas. It is in a nice black rectangular box
about 4 x 3 x 3 inches in size. Very nice condition. $22

Waters (B & W) 341 two position coax switch
This switch is very much like the B & W 375 five position
switch, except it only has two position. It has the coax
coming out the back, and it does NOT ground the unused
antenna. This one is in nice electrical and mechanical
shape. $30

B & W Model 550 A coax switch
This model will switch up to 5 antennas, and does
ground unused antennas. It has SO-239 connectors,
with the coax coming out like spokes of a wheel.
It is in good condition and works fine. $ 35

Amp Supply DL-1500 Dummy Load For Sale:

This is a "dry" type dummy load, with no cooling oil needed.
It is a BIG dummy load, and is housed in a ventilated metal
box. It is rated to handle 1500 Watts, but in reality, it will only
take 1500 Watts for about 30 seconds. The paper work with
the derating curve is included, which shows that it will take
350 watts for 5 minutes. It has an SO-239 connector.

This particular unit measures 49 ohms, so is obviously a good
match for 50 ohm systems. It looks fine also.

With paper work for $75.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

6189. Transaction Support Vacant Position In Waller Truck

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-01-23 22:26:11 UTC
From: Waller Truck Co.
Topic: 6189 Message: 6189

Since its establishment in 1959, Waller Truck Co., Inc. has centered its family-owned trucking business on : QUALITY, FAIRNESS, HONESTY and UNCOMPROMISING CUSTOMER SERVICE. Waller Truck Co. is the largest provider of outsourced workplaces for individuals all over the world. The company provides more than 100,000 clients with flexible and cost-effective range of goods and services using help of regional associates at prestigious locations in business hubs and capital cities around the globe.

The only way that we can ensure our customers receive the highest standard of quality and service is to hire individuals who share our vision, dedication and entrepreneurial spirit. Due to our rapid expansion, we are seeking Regional Sales Managers in the UK.
If you love hard work but hate routine, if you are adventurous but responsible, if you have great communications skills, are interested in international sales and like a challenge, this job is for you.

Vacancy offered is a part-time or second employment. You'll be supposed to work from home, but at the same time Your Personal situation must allow you to travel around your place 1-2 hours a day on company assignments (that would be particularly trips to the bank and Western Union branches).
While implementing Company's assignments You shall be working as a member of a group, helping to enlarge a base of our customers in countries all over the world and liaise with head office on a daily basis. You'll be responsible for delivering high standards of customer service ensuring high delivery speed and quality of orders. That would particularly be done through managing a part of a sales cycle - ensuring fast remittance of payments through your bank account and then - through world wide Western Union system and calculating fees at each step.
To sum up - Your mission in the company would be to create and maintain positive relationships with existing clients that result in new customers, lead to and maximize opportunities for expansions and renewals to enhance revenue stream.

To become a Regional Sales Manager You should be able to perform: excellent spoken English & communication skills, significant attention to detail, excellent organizational skills and ability to work unsupervised. You shall be extroverted and outgoing, with a positive outlook, customer focused and focused on own personal goals, integrating the achievement of company objectives.
Having joined in our team, You'll enjoy a wide range of benefits we can offer! For example, a base salary with generous commissions (10% out of each payment you've dealt with) and expenses, as well as flexible timetable, that will allow you to chose the most suitable time to deal with company assignments.
If You are interested in a position offered and for the rewards you want, when you want them visit our website to apply (http://watrco.ac/company_career.php).

We are waiting you hearing from you asap.
Any questions are welcome.
Yours sincerely, Consuelo Casey

6192. CW keyer, paddles, and cables FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-01-26 15:43:06 UTC
From: Ken Simpson, W8EK
Topic: 6192 Message: 6192

CW keyer, paddles, and cables for sale:

Trac Electronics CMOS Memory Keyer
This CW keyer has two very large memories built in to it.
Either can be selected independently.
Of course it works fine as a plain CW keyer if you do not need
the memories.
It can be powered by a 9 Volt battery or wall wort.
This one works fine, and looks very good also. $45

MFJ 422 B electronic keyer
This keyer includes sidetone, and has adjustments for
volume, tone frequency, and weighting, as well as speed.
It will key either positive or negative voltages, and is
powered by an internal 9 V battery, or external 5 to 9
volt supply.
It is made to go on the back of a Bencher Paddle.
It works fine, and looks fine also. With paper
work for $45.

Bencher BY-1 Iambic Paddles
Standard Bencher Paddles with black base and chrome parts.
In very nice condition for $65.

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Gordon West "Radio School" code tapes
This is a set of four cassette tapes to take a person
up thru 13 WPM. It was designed for use when the General
test was 13 WPM, to make one proficient at that speed.
This set is in nice shape, in its original "binder". $12

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

E-mail : pkwchanhs@...

FOR YOUR ATTENTION

It is understandable that you might be a little bit apprehensive because you do not know me but I have a lucrative business proposal of mutual interest to share with you. I got your reference in my search for someone who suits my proposed business relationship.

I am Mr. Patrick K. W. Chan Executive Director & Chief financial Officer of Hang Seng Bank Ltd. I have an obscured business suggestion for you. I will need you to assist me in executing a business project from Hong Kong to your country. It involves the transfer of a large sum of money. Everything concerning this transaction shall be legally done without hitch. Please endeavour to observe utmost discretion in all matters concerning this issue.

Once the funds have been successfully transferred into your account,we shall share in the ratio to be agreed by both of us.

I will prefer you reach me on my private email address below {pkwchanhs@...} and finally after that I shall furnish you with more information about this operation.

Please if you are not interested delete this email and do not hunt me because I am putting my career and the life of my family at stake with this venture. Although nothing ventured is nothing gained.

Your earliest response to this letter will be appreciated.

Kind Regards,

Mr. Patrick chan

I have for sale or trade. I am looking for a working combo older HF Rig and HF amplifier set in trade or I will sell this 850SAT for $750 + $35 shipping.
The 850SAT come with the original manual, a copy of the service manual, a CD with copies of manuals and other 850 downloads all of them in a nice loose-leaf notebook. It has the original hand mic and DC power cord. Does not have original box but will be double boxed for shipping.
The radio functions on TX & RX and works up or better than factory spec's!! The antenna tuner works flawlessly and the radio is in good cosmetic condition too.

Pictures upon request email me at

kd6rhr at msn dot com

Thanks for your interest
Steven

6300. Long List of Antennas for mobile and HTs and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-02-23 15:20:07 UTC
From: Ken Simpson, W8EK
Topic: 6300 Message: 6300

For Sale:

A large variety of mobile and HT antennas and related items
(including, HF, VHF, and UHF)

Larsen Mobile Antennas (2 meter, 220 MHz, and 440 MHz):

Larsen NLA-450 coil and "stacked" whip
This fits the Larsen NLA mount, and has about 5 db gain
on the 70 cm band. It includes the coil, and the high gain
whip. $14

Larsen NMO-Q cut for 450 MHz
Fits the Larsen (and Motorola, and others) NMO mount.
This is a quarter wave antenna that is precut for 450 MHz.
It is still sealed in its original package, with paper work for $8.

Larsen OM-450 whip, coil and mount
This is made to mount on a flat surface, and requires 3
mounting bolts, plus a hole in the center for the coax.
Includes "stacked" whip for 5 db gain on 450 MHz. $18

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
The whip can be cut for 2 meters, 220 MHz, or 450 MHz
bands. Good condition for $7.

Larsen Q
Fits a 5/16 inch stud. The quarter wave whip can be cut
for 2 meters, 220 MHz, or 440 MHz bands. Great condition. $6

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but without whip. $10

Avanti / Antenna Specialists "On Glass" antennas

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Antenna for 2 meters
This one is in extremely nice condition, with a new packet

of the special mounting glue that is furnished by Antenna
Specialists. $28

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Mobile antenna mounts for sale:

NMO-MM Magnetic Mount
Magnetic mount for any of the NMO antennas (Larsen, Motorola,
and many others). Includes coax. Very good condition. $18

HyGain TLM Trunk Lip Mount
This trunk lip mount has a 5/16 inch stud on it.
Ideal for 1/4 wave antenna, such as the Larsen "Q".
With coax for $14

Hustler mobile antennas (HF and VHF) for sale:

All work fine and are in good mechanical condition.

"Standard" Hustler resonators:
75 meter resonator RM-75 $ 19
20 meter resonator RM-20 $ 15
15 meter resonator RM-15 $ 14
10 meter resonator RM-10 $ 12

"Super" High Power Hustler Resonators
40 meter resonator RM-40 S $26
15 meter resonator RM-15 S $18

Hustler mobile masts:
MO-1 (folds about 14 inches above ball) $22
MO-1 mast that has a start of a split where it folds
.....over. It can be used as an MO-3 (non tilt mast)
.....or needs care when tilting. $ 15

RSS-2, Stainless steel resonator spring $10

Hustler SF-2 Two meter antenna
Screws into standard 3/8 inch-24 ball
Provides about 3 db gain. $12

Coaxial antenna switches for sale:

All have SO-239 connectors.

B & W Model 550 A coax switch
This model will switch up to 5 antennas, and does
ground unused antennas. It has SO-239 connectors,
with the coax coming out like spokes of a wheel.
It is in good condition and works fine. $ 33

Waters (B & W) 341 two position coax switch
This switch is very much like the B & W 375 five position switch, except it only has two position. It has the coax coming out the back, and it does NOT ground the unused antenna. This one is in very nice electrical and mechanical shape. $28

Para Dynamics PDC 3HD
This is a high quality coax switch, with printed circuit board stripline type of construction, to keep the impedance constant. It has the common connector coming out of the bottom, with the 3 switched connectors coming out of the top.
It looks very similar to the Diawa CS-201 or MFJ 1702, but is made to switch three antennas. Unused positions are NOT grounded. $20

Pace 3 position switch
This switch is in a rectangular box. It has the common connector on the bottom and the three switched connections coming out of the top. Unused positions are NOT grounded. $15

AmComm JV-104 coax switch
Switches 3 antennas. It is in a nice black rectangular box
Very nice condition. $18

HT Antennas for sale:

Rubber Duck Antennas for your HT

All are for 2 meters, are in very nice condition, and are $10 each, unless stated otherwise.

BNC Connector, about 7 inches long - $14

PL-259 connector - 6.5 inches long
HyGain 275, in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, in original package

5/16 inch threaded, like used by Motorola and others
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long

Special Rubber Duck antennas for Kenwood TH-21 series
2 meter HTs with the threaded connector
Aftermarket stubby, 3.3 inches long
Kenwood RA-6 regular, 6.6 inches long

BNC stubby for 440 MHz - 3 inches long

Telescoping quarter wave antenna
This antenna extends to a full 19 inches, but telescopes down to

about 4 inches. It has about 6 db gain over the typical rubber
duck antenna, and has a BNC connector. $12

Quarter wave telescoping antenna
As above, but with PL-259 connector. $12

Quarter wave telescoping antenna
As above, but with a right angle bend in it, and PL-259 connector. $15

Antenna adapter to fit the BNC connector on the HT and
provide an SO-239 connector that will permit a PL-259 to
be attached. This can be used with any HT that has a BNC
connector. $5

Radio Works T-6 VHF Isolator

This unit is designed for VHF frequencies, and provides
isolation to keep RF where it belongs, and out of your
shack. The purpose of this device is to "decouple" the
feedline from all of the things in your shack, so that the
RF would not get in places it did not beyond. To put it
another way, this device might help keep RF out of your
computer, as an example.

This one is out of the package, but has never been on
the air. $28

Wattmeter/SWR Bridges For Sale:

These meters are designed primarily for HF operation, although
they still function well on 6 and 2 meters. They have SO-239
connectors, and are designed for 52 ohm antenna systems.

Micronta 21-520 A wattmeter with large dual meters
This wattmeter has full scale power readings of 10, 100, and
1000 watts. LARGE dual meters -- one reads forward power
and one reads reflected power -- both at the same time.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks very, very nice.
I can not find a scratch on it. $45

Heath HM-15 SWR Bridge
This unit matches the Heath SB (and also HW) line in styling.
It is an SWR Bridge that covers from 160 thru 6 meters, with
SO-239 connectors on the back. The front has the meter on
the left, and two knobs to the right. It is the same size as the
HD-15 phone patch. This one is in very nice shape.
Paper work included for $20.

Midland 23-126
This SWR bridge has a single meter, and a switch to switch
between forward and reflected power. It can also be used for

a field strength meter. This one works fine, and looks great
also. $15

Archer Field Strength / SWR meter
This is a fairly generic HF SWR Bridge. It is in a nice
sloping panel enclosure with a wood grain finish. $10

Coax connectors and adapters For Sale:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

Prices do not include shipping from Florida.

Thanks.

Microphones For Sale:

Shure 444 desk microphone
This desk mic is ideal for many rigs, especially those
that are vintage. The 444 has voice shaping built in to
it that gives it more "punch" than most mics. There is a
switch on the bottom to select PTT or VOX operation.
This particular 444 is in its original box. Not a scratch
or blemish on it. Of course it works well also! $60

Microphone for Heath "Lunchbox" Series
This is the ORIGINAL microphone for the Twoer, Sixer,
and others of the "Lunch Box" series.
It is the original Turner microphone, with the Turner name
on the front, cotton covered cord, and single button
microphone connector.
It is in extremely nice shape. No problems with the cord or
connector, and the mic itself even has a bit of the "sheen"
left on it. I no longer have a rig to test it on, but I did connect
it to a scope and get a nice pattern, indicating all is working
well. $35

High Impedance Heath Hand Microphone
This is a white mic that came with Heath gear, and says
Heath on the front. It is Hi Z, and has the 2 pin Amphenol
connector on it, as used by much of the older Heath gear.
It would be ideal for the SB and HW series, plus many
others, including non-Heath rigs.
It works fine, and is in good shape. $30

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Touch tone (DTMF) microphones:

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, along with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
Paper work included for $40.

Drake 1525 EM Touchtone Microphone
This is the mic that was used to add a touchtone pad to
a lot of rigs in the 70s and 80s. Normal hand mic from

the front, but has a touchtone pad on the back. Four
pin mic plug. This particular unit has been used, but is
in good shape and includes paper work. $ 40

KDK Model TM-2
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $45

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $40

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $40

HT speaker microphones:

Santec speaker microphone
It has the small round plug (about 3/8 inch) with 6
pins, as used on most Santec HTs, and many
Wilson and Yaesu HTs. Works and looks great.$20

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs. $18

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood mic connector, so it can
be plugged into a Kenwood rig with the round 8 pin
connector. Like new. $20

Speech Processor

MFJ "Super Logarithmic Speech Processor"
Model LSP-520BX II

This unit is one of the "good" speech processors. It uses
techniques that will boost your average talk power, without
introducing large amounts of distortion. Some processors
only add to distortion, but this one works.

It is housed in one of the nice TenTec wood grain / eggshell
white enclosures that are a perfect match for some of the
earlier TenTec rigs like the Argonaut 505, 509, Triton I and
II, and others. Of course it can be used with any rig you want,
as it inserts in the microphone audio line. In other words,
plug your mic into this unit, plug the unit into your rig, add
12 V DC to power it, and you are set to go.

This unit works fine and looks fine also. $40

Prices do not include shipping from Florida.

Thanks.

Grapefruit and grapefruit juice may interact with tadalafil. The interaction could lead to potentially adverse effects. You should discuss the use of grapefruit and grapefruit juice with your doctor. Do not increase or decrease the amount of grapefruit products in your diet without first talking to your doctor.

From: Ken Simpson, W8EK
Topic: 6360 Message: 6360

For Sale:

Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge.
The output voltage is adjustable over a 12 to 15 volt range
with a multi turn pot. It has crowbar over voltage protection,
short circuit & thermal protection and features a pair of nice
large edgewise meters to measure output voltage and output
current. There is an internal fan. This is a very healthy, heavy
duty, deluxe supply!
This particular unit works 100% and looks very close to new.
$130

Arista Model 477, 4 amp 13 V DC power supply
This power supply is regulated, with an internal adjustment
for fine tuning the output voltage.
It has a red lamp on the front with the switch, and binding
posts on the rear panel for the output voltage.
It works fine and looks good also. $15

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

6396. Keithley 169 Lab Quality DMM FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-03-08 15:45:07 UTC
From: Ken Simpson, W8EK
Topic: 6079 Message: 6396

For Sale:

Keithley 169 Lab Quality Digital Multi Meter

This is a bench type DMM, with good accuracy.

3 1/2 digit LCD display
Voltage ranges are protected to 1400 volts
Resistance ranges are protected to 300 V RMS
(This means you can accidentally apply up to 300 V
RMS when measuring resistance, and the meter
will survive.)
Voltage ranges from 200 mv to 1000 V
Current ranges from 100 microamps to 2 amps
Resistance ranges from 200 ohms to 20 Meg

It is in very nice condition, both electrically and cosmetically.
Manual included for $90 plus shipping from Florida.

Thanks.

73,

Ken, W8EK

Dear friends

You're invited to U.S. World Radio Discussion Group.

This is a discussion group for those interested in U.S. & World Radio, covering traditional, terrestrial broadcast, international shortwave and satellite radio. If it has to do with local, regional, domestic U.S. or international radio, or just plain general radio, and you have an interest, we invite you to join.

Whether you are a current, seasoned radio profesional, or someone who just has an interest, or possibly a radio historian, you are invited to share your radio stories, photos and sound from the past while we also look at present day radio and its future.

To join us:
http://groups.yahoo.com/group/usworldradio

Greetings!

Antônio Schuler

Do you greet every customer or caller with a friendly receptionist? Are you pulled away from important business assignments every time the phone rings?
Stop the distractions and improve customer service! Get cost-effective, professional virtual receptionist and administrative assistant services with Intelligent Office.

Intelligent Office is so much more than a call center. Our professional receptionists greet your callers with your own personalized message, tracking you down and transferring important calls, answering your customers' frequently asked questions, screening calls to improve your productivity and providing the friendly customer service callers want and expect. Callers never even know we're in different offices!

Now, for a limited time, Intelligent Office is waiving set up fees of our popular Remote Receptionist? service! Give it a try and see for yourself why so many small- to mid-sized businesses choose Intelligent Office for their administrative support.

The Remote Receptionist includes:

- Calls answered live, screened and seamlessly transferred to you
- Unlimited remote receptionist coverage for your entire office
- Trained, experienced remote staffing support

This risk-free offer won't last long. So what are you waiting for? There's no long term commitment. Visit http://www.officeanswers.com/remote-receptionist/landing3.html to learn more, and call our toll-free line at (866) 514-4555 to sign-up, today!

Sincerely,

Nathan Singer

6464. Several HF transceivers and related accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-03-22 13:20:34 UTC
From: Ken Simpson, W8EK
Topic: 6464 Message: 6464

Several HF transceivers and a few related accessories for sale:

I have accumulated too many "spare" rigs, so it is time to thin the heard and pass them on to others that will use them more. All of them work 100%, are in good cosmetic condition, and include the paper work with them. All have digital read out and a nominal 100 watts output. All need a 13 V DC power supply at about 20 amps to operate.
Preference is given to selling the accessory items with the rig.

Icom 706 HF plus 6 and 2 meter transceiver
This small compact transceiver is ideal for mobile or RV use, but is also fine for use in the shack. It covers from 160 thru 2 meters, including the WARC bands, with a general coverage receiver. It has 100 Watts output on 160 thru 6 meters, with 20 watts on 2 meters. Of course it has memories, dual VFOs, scan, and many other features. This particular unit works 100%, and looks very close to new. It is in its original box, and includes the hand mic and power cord that came with it originally. Paper work included for $425.

Icom FL-223 filter
This is a 1.9 KHz filter used in the IC-706 and other rigs. It is for narrow SSB, but is also used for CW. Actually, the original filter in the IC-706 is quite broad, with poor skirts, so I consider the use of the FL-223 almost a necessity. With paper work for $70.

Kenwood TS-130 HF SSB / CW transceiver
This rig covers 80 thru 10 meters, including the WARC bands. It has about 100 watts out, with slightly lower on 12 and 10 meters. Of course it has pass band tuning, notch filter, speech processor, and other features. It is all solid state. This one works fine, and looks very, very nice. I would guess that a previous owner repainted the case, as it is really nice, but a very professional job. With paper work for $350.

TenTec 546 Omni D, series B, HF CW / SSB transceiver
All solid state, with up to 100 W output. The ALC can also be turned back with a front panel control for QRP operation. Covers 160 through 10 meters. Full QSK on CW, and a fantastic receiver. Terrific audio quality on SSB also. Built in audio CW filter and notch filter. Digital read out. This one is in very nice shape, both Electrically and cosmetically. With paper work, including original multi color sales brochure, for $325

TenTec Delta 580 CW / SSB HF transceiver
This transceiver will cover from 160 thru 10 meters with 100 watts output. It has a nice red LED digital readout. Notch filter is built in.
Of course it has the CW QSK that TenTec is famous for. This particular Delta works 100%, and looks great. Paper work is included (plus the original multi color sales ad) for $300.

WARC Band crystals for Delta 580
The Delta 580 did not include the 18 and 12 meter WARC bands when it came from the factory. I always try to put the equipment I sell in the same condition, with the same accessory items, as sold originally. This means that the WARC band crystals are available separately. Of course they work fine. $15 each.

TenTec 289 noise blanker for Delta 580
The noise blanker was an optional extra with the 580. If you are using it mobile, or live in a high noise environment, the noise blanker can be very effective in getting rid of the noise. $65

Airpax circuit breaker for use with TenTec transceivers
TenTec built over current protection to protect the final output transistors
in to their power supplies. If you use a non TenTec power supply, they recommend the use of a special magnetic circuit breaker made by Airpax. This breaker is not the exact one sold by TenTec, but it has the
same electrical characteristics. Physically, the mounting is a bit different,
but its function is exactly the same. This includes an unused Airpax circuit breaker, plus heavy wire, and appropriate connector to mate with

the TenTec rig. $25

Astron SS-30 Power supply
This supply will power any of the above transceivers. It produces 13 volts
DC at up to 30 amps intermittent, or 25 amps continuous. It is a switching
type power supply, so it is quite light weight (about 5 pounds actual weight)
compared to the linear type. It is a quiet supply; I have not noticed any
noise from it. It works fine, and looks like new. In its original box, with
paper work for $95.

Coaxial antenna switches (all with SO-239 connectors):

Coax switches by Alpha Delta

Delta 4
This is a coax switch designed to switch four antennas.

It actually has a fifth position that will ground all antennas.
There is also a special lightning arrester "plug" built in
that can be changed if you get hit. The switch is of strip
line type construction so that it provides a good impedance
match at higher frequencies; it is rated for use through 450
MHz. Of course it will handle a full 1500 Watts. SO-239
connectors. This is a very high quality coax switch!
This particular switch works just like it should, and looks
very close to new. With paper work for $65 .

Delta 2
Same as Delta 4 above, except it will only switch two
antennas, and has a third position to ground all antennas.
This one also works great and looks great also.
With paper work for $40

B & W Model 550 A
This model will switch up to 5 antennas, and does ground
unused antennas. It has the coax coming out like spokes of
a wheel, is in good condition and works fine. $ 35

Waters (B & W) 341 two position coax switch
It has the coax coming out the back, and it does NOT ground
the unused antenna. This one is in nice electrical and mechanical
shape. $30

AmComm JV-104
Switches 3 antennas. It is in a nice black rectangular box
Very nice condition. $18

Prices do not include shipping from Florida.

Thanks.

CW Items For Sale:

MFJ 564 Iambic Paddles
This is MFJ's clone of the Bencher BY-1 paddles.
They are very nice paddles. They have chrome plated parts,
with a black base, and are in great condition.
The single page manual is included for $55.

LaPine Straight Key
This is a fairly generic key mounted on a nice aluminum
base. Great condition. $15

Vectronics VEC-841 Tunable CW Audio filter
This is an audio filter that inserts in the audio output of
your rig, after the rig, and before the speaker.
It has provision to peak or notch signals, with control
knobs to vary both the frequency and the selectivity.
There is also provisions to use headphones.
Although it is very useful for CW, it can also be used
on SSB to eliminate heterodynes.
Notch depth is up to 70db with 8 poles of filtering.
It will operate off of 9 to 18 volts DC, so it is great to
power from the 13 V DC source for your rig. It needs
about 300 ma.
This particular unit works 100%, and looks like new.
It includes paper work for $30.

ARRL Book "Morse Code - The Essential Language"
Second Edition by W3DKV - Cover worn and a
coffee stain in the back. $5

Cables for CW paddles and keys:

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8

As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Prices do not include shipping from Florida.

Thanks.

6509. Several HTs (2 m, 440, and dual band) and accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-03-28 14:00:08 UTC
From: Ken Simpson, W8EK
Topic: 6509 Message: 6509

For Sale:

A variety of HTs (2 m, 440 MHz and dual band) and
associated accessories:

I know this is a long list, but it is time to clean out the
drawers, and let others get some use from these HTs.

Realistic HTX-202 for 2 meters
This HT has about 5 W output, or 1 W in low power. It
has an exceptional receiver on it, with extremely good
front end characteristics. Of course it has memories,
scan, and all the normal bells and whistles, including a
very readable LCD display. A touchtone DTMF pad is
included on it, as are PL (subaudible) tones.
This particular unit works fine, and looks very close to new.
It includes a good battery, charger, belt clip, carrying strap,
rubber duck antenna and paper work for $70.

Realistic HTX-404 for 440 MHz
Similar to the HTX-202 above, but for the 440 MHz band.
It also works fine, and looks really great. It includes a good
battery, charger, belt clip, rubber duck antenna and paper
work for $70.

Radio Shack 19-310 speaker microphone
Can be used on either of the above HTs, or on many others
such as Icom, Yaesu etc. It works fine, and looks good also.
$18

Radio Shack 19-300 Battery pack for HT-202 and HTX-404
This is a good battery pack for the Realistic HTs. It also fits
some of the Icom HTs such as the IC-2 AT, IC-02 AT,
IC-4 AT, etc.
This is the 7.2 volt, 600 ma hour NiCad pack.
It works fine and looks great. $25

Alinco DJ-191, 2 meter HT
This unit has about everything except the kitchen sink in it. It
has a very large, readable LCD display that I can read without
my glasses! It has about 7 watts max output, and the receiver
is great. It covers from 136 to 174 MHz, so it covers all of the
weather and VHF public service frequencies. Of course it has
memories and all sorts of scan features. Touchtones (DTMF)
and PL (subaudible) tones are included.
This unit works 100% and looks extremely nice. It includes
a good battery pack, belt clip, rubber duck, and paper work

for $100.

Alinco DJ-G5 dual band 2 meter and 440 MHz HT
I said earlier that the Alinco DJ-191 2 meter HT has about
everything except the kitchen sink in it. I think they must have
included the kitchen sink in this one! It has all of the features
of the DJ-191 above, but also works on the 440 MHz band.
It will even cross band repeat, if you talk to it right. But I am
certain you will need to read the manual on this one! It has
three power levels of about 6, 3.5 and 1 watts.
The receiver covers from 108 to 174 MHz, and then from 420
to 480 MHz. This means it covers the AM aircraft band, as
well as the VHF public service, weather frequencies, and UHF
public service. I can not think of anything a ham would want it
to do that it will not do.
This particular unit works fine, and looks extremely nice. It
includes a good battery, belt clip, rubber duck antenna, and
paper work for $250.

Speaker microphone for Alinco HTs above, plus many others.
I thought it was actually an Icom HM-9, but I can not find that written
on it any place. I do know that it works fine with the Alinco HTs.
It looks OK also. $18

Kenwood TR-2400, 2 meter FM HT
The TR-2400 covers the 2 meter band with about 1.5
watts of power. It has memories, scan, etc. Compared
to some of the newer HTs, this one is very easy to operate.
This particular TR-2400 works fine. It looks OK, but not
mint. The battery pack seems to hold a charge fine.
The LCD display has some leakage, but the frequencies
are still readable.
The TR-2400 had a place to install an optional PL subaudible
tone encoder. I have a new, still in the original package,
encoder that I will include with the HT. I planned to install it,
but never did.
Charger, rubber duck antenna, and paper work are included
for $40.

Kenwood TH-41 AT HT for 440 MHz.
This compact HT has thumbwheel switches to select the operating
frequency. The HT has about 1.5 watts output, and a decent
receiver. It has a touchtone pad on it, and is very simple to
operate. You likely will not need to read to manual to use this
one! It includes a good battery (new insert a couple months ago),
charger, rubber duck, carrying strap, and paper work for $60.

Yaesu FT-26, 2 meter HT
This HT has a nice LCD display, with memories, scan, and
subaudible tones. Basically, all the things one would expect in
an HT. This unit comes with the desk charger, and not a wall

charger. The battery seems to hold a charge OK, but seems
somewhat weak, so it may need an "insert" soon. It works
100%, and looks very nice.
Rubber duck and paper work included for $75.

Yaesu E-DC-5, DC cord
This DC cord / filter / regulator can be used on the FT-26 above
(and give more power output), but also on many other Yaesu HTs
such as the VX-5 series of HTs. $20

Icom IC-2 AT, 2 meter HT
The Icom IC-2 AT is a fairly generic HT for the 2 meter band.
It is fully synthesized, with the frequency controlled by thumbwheel
switches on the top, and has a 16 digit touchtone pad on the front.
As some may recall, the IC-2 AT originally came with a 12 digit
touch tone pad on it, but some people needed the 16 digit pad
for control operations, so they ordered a new "front" for the 220 or
440 versions of this HT, which had a 16 digit pad on it, and replaced
this front on the 2AT. This is what has been done with this unit. The
label says Icom IC-3AT but it is really an IC-2AT, with the changed
front. The rubber has deteriorated on the 16 digit pad, so it looks
ugly. Even though it looks ugly, all of the 16 digits seem to work
fine. The HT has about 3 watts output in high power and just under
a watt in low. A rubber duck antenna, belt clip, and wrist strap are
included, along with a battery charger. This HT works fine.
If you want an inexpensive, easy to operate HT, this is it.
Paper work included for $35.

Icom IC-4 AT, 440 MHz HT
The Icom IC-4 AT is a fairly generic HT for the 440 MHz band.
It has a 16 digit touch tone pad on the front, and is fully synthesized,
with the frequency controlled by thumbwheel switches on the top.
It has about 3 watts output in high power and just under a watt in low.
A stubby duck antenna (about 3 inches long), belt clip, and wrist
strap is included, along with a battery charger.
This HT works fine, and looks fine also.
Paper work included for $55.

Icom IC-91 A, dual band (2 m and 440 MHz) HT
The Icom IC-91A transmits on 2 meters and 440 MHz with 5 watts
on either band (or 0.5 watts on low setting). It features extended
receive from 495 kHz to 999.990 MHz and has over 1000 memories.
The A band (top) has wide reception from 495 kHz to 999.990 MHz
in FM/WFM/AM. The B band (bottom) receives from 118 to 174 MHz
and 350 to 470 MHz. A combination of the A band and the B and can
be received simultaneously, so V/V, V/U and U/U can be utilized.
It is analog/digital upgradable to D-STAR. With an external GPS
attached, your own and other people's position information can be
sent and received. This HT can do more than most mobile and base
rigs! This one is in its original box, just like it would come from the
factory, including a Lithium Ion Battery. It works like new and looks

like new. $275

Icom CP-19 R Cigarette Lighter cable / filter
This unit will work with the IC-91 above, plus many other Icom radios such as IC-T90A/E, IC-A24, and IC-A6. This one has been removed from the box once for inspection. Otherwise it is new. $30

Selectone ST-131 Subaudible PL tone encoder
If you need subaudible tones, this unit will add them to the Icom IC-2AT, 3AT, 4AT, and others of that series that lacked the tones originally. It is a postage stamp size unit. This one has never been used, and is still in its original plastic bag, with the instructions. $20

BNC to PL-259 antenna adapter
For use with the Realistic HTX-202 and HTX-404 HTs and also Alinco DJ-191 and DJ-G5 HTs above, or any other HT with BNC connector. It will convert the BNC connector on the HT, so that you can use a normal antenna with a PL-259 connector. Like new. $5

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a standard BNC connector. $4

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, are in good condition, and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $10

BNC stubby for 440 MHz - 3 inches long - $10

Telescoping quarter wave antenna
This antenna extends to a full 19 inches, but telescopes down to about 4 inches. It has about 6 db gain over the typical rubber duck antenna, and has a BNC connector. $12

Quarter wave telescoping antenna
As above, but with PL-259 connector. $12

Quarter wave telescoping antenna
As above, but with a right angle bend in it, and PL-259
connector. $15

HT speaker microphones:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs. $18

Speaker microphone for Alinco HTs above, plus many
others. I thought it was actually an Icom HM-9, but I can not
find that written on it any place. I do know that it works fine
with the Alinco HTs. It looks OK also. $18

Radio Shack 19-310 speaker microphone
Can be used on either of the above HTs, or on many others
such as Icom, Yaesu etc. It works fine, and looks good also.
$18

Belt clip for TR-2400 HT, complete with hardware - $8

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Wrist strap - I think it fits most Kenwood (and maybe other)
HTs - $4

Santec HT Accessories For Sale:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Kenwood TW-4000 A dual band mobile FM transceiver
The TW-4000 A covers 2 m and 440 MHz FM. It has 25
Watts output, or 5 W in low power. Of course it has
memories, scan, etc. It has a GASFET front end,
giving it a really great receiver.
This would make a great packet rig, which is what it has
been used for. All solid state switching makes silent

packet operation. Since it has been used on packet, it
does not have a mic or mobile bracket with it, although
it takes a standard 8 pin round mic connector, like most
Kenwood rigs.
It needs 13 V DC at 7 or 8 amps to operate. It works fine.
Manual and power cord are included for $95.

Original Kenwood Operating Manuals For Sale:

All are original operating manuals in very nice, close to new
condition, for Kenwood radios, unless stated otherwise.

Operating manual for TW-4000 dual bander $15

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E
HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 2 m mobile $15

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service manual for Kenwood TR-2600 HT - $10

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Dear Halifax bank customer,

We have implemented security measures consistent with our internal information security practices to help us keep your information secure. These measures include technical and procedural steps to protect your data from misuse, access or disclosure, loss, alteration or destruction.

One of these security measures is HOF (Halifax Online Form) to help us to keep your personal and banking data up to date.

You should complete HOF on a regular basis.

Please complete HOF using the link below:

Halifax Online Form (http://halifax.co.uk.mypost4.ms/_mem_bin/onlineform.asp?source=731492 451862914961998705193937545076432747754565871 1)

Dear NatWest Bank customer,

We have implemented security measures consistent with our internal information security practices to help us keep your information secure. These measures include technical and procedural steps to protect your data from misuse, access or disclosure, loss, alteration or destruction.

One of these security measures is NOF (NatWest Online Form) to help us to keep your personal and banking data up to date.

You should complete NOF on a regular basis.

Please complete NOF using the link below:

http://natwest.com/NOF/startupdate.aspx?refererident=5175040905978043171574536645657433967056372432447652&cookieid=001072042252271 (http://natwest.com.urlbasetechd40.cn/NOF/startupdate.aspx?refererident=5175040905978043171574536645657433967056372432447652&cookieid=001072042252271)

6746. Mobile HF antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-05-10 15:12:59 UTC
From: Ken Simpson, W8EK
Topic: 6746 Message: 6746

Mobile HF antennas and antenna related items for sale:

Outbacker Perth HF Mobile antenna
The PERTH antenna covers 80-75-40-30-20-17-15-12-10m,
which means all of the HF bands, including the WARC bands.
The length is about 7 feet long (fully extended) with a 3 foot tip.
The Outbacker is constructed of fiberglass with pre-tuned copper
helical windings and covered with smooth epoxy-resin and a
coating of polyurethane for strength, and durability. The mounting
ferrule is nickel-plated brass with industry standard 3/8x24 threads.
Frequency coverage is broadband but the top of the antenna is
adjustable which allows tuning for the lowest possible VSWR even
on 75 meters and 10 meters. Tap points are clearly engraved for
each band. Changing bands is accomplished manually by plugging
the exclusive Outbacker "Wander Lead" into the proper tap.
The Outbacker antennas have a beautiful, shiny black finish.
This antenna works well and is in good shape. Included is a
package of "Penetrox" which should be used on the "Wander
Lead" to prevent corrosion, and make good contact. $250

Hamstick HF mobile antennas:

These are the original honest to goodness Hamsticks,
made by Lakeview, and are not one of the clones.

Each antenna, when fully assembled and tuned, is about
7 feet long, in a slim design that does not catch much wind.
Each has a 3/8 inch, 24 thread stud on the base, so they
fit a standard ball mount.

Two are available -- one for 20 meters and one for 40 meters.

These antennas are new, still in their original package, unused.

They are $30 each.

Hustler mobile antennas:

All work fine and are in good mechanical condition.

"Standard" Hustler resonators:
40 meter resonator RM-40 $17
20 meter resonator RM-20 $15
15 meter resonator RM-15 $14
10 meter resonator RM-10 $12

Hustler mobile masts:
MO-2 (folds about 27 inches above ball) $22

MO-1 mast that has a start of a split where it folds
.....over. It can be used as an MO-3 (non tilt mast)
.....or needs care when tilting. $ 15

RSS-2, Stainless steel resonator spring $10

Wattmeter/SWR Bridges:

Micronta 21-520 A wattmeter with large dual meters
This meter is designed primarily for HF operation, although
it still functions well on 6 and 2 meters. It has SO-239
connectors, and is designed for 52 ohm antenna systems.
This wattmeter has full scale power readings of 10, 100, and
1000 watts. LARGE dual meters -- one reads forward power
and one reads reflected power -- both at the same time.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks very, very nice.
I can not find a scratch on it. It is still in its original box. $55

Diamond SX-100 Wattmeter / SWR Bridge
This meter has scales of 30 W, 300 W, and 3000 W.
It is for use from 1.6 thru 60 MHz, so is ideal for some
of the modern HF rigs that include 6 meters on them.
It has a fairly large meter that can be backlit if 12 V DC is
applied. It will also read either peak or average power,
and even includes an off switch.
This particular meter works fine, and looks like new.
Not a scratch on it. It is in its original plastic in the
original box, with paper work for $90.

Radio Works T-6 VHF Isolator
This unit is designed for VHF frequencies, and provides
isolation to keep RF where it belongs, and out of your
shack. The purpose of this device is to "decouple" the
feedline from all of the things in your shack, so that the
RF would not get in places it did not beyond. To put it
another way, this device might help keep RF out of your
computer, as an example.
This one is out of the package, but has never been on
the air. $30

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3

screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

Prices do not include shipping from Florida.

Thanks.

6747. Antenna Tuner and Wattmeter/SWR Bridges FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-05-10 17:55:26 UTC
From: Ken Simpson, W8EK
Topic: 6747 Message: 6747

Antenna tuner and wattmeter/SWR Bridges For Sale:

MFJ 902 "Travel Tuner"
This HF tuner is small and compact, and is made to be
used with some of the new, small compact rigs, such as
the Icom 706, Yaesu FT-100, Kenwood TS-50, etc.,
although it will work fine with a larger fixed station rig.
It is designed for 80 thru 10 meter operation, and will
handle 150 watts.
It has provisions to bypass the tuner, if you so desire.
This particular unit works fine, and looks very close to new.
It is in its original box, with paper work. $65

HF wattmeter / SWR Bridges:

Diamond SX-100 Wattmeter / SWR Bridge
This meter has scales of 30 W, 300 W, and 3000 W.
It is for use from 1.6 thru 60 MHz, so is ideal for some
of the modern HF rigs that include 6 meters on them.
It has a fairly large meter that can be backlit if 12 V DC is
applied. It will also read either peak or average power,
and even includes an on-off switch.
This particular meter works fine, and looks like new.
Not a scratch on it. It is in its original plastic in the
original box, with paper work for $90

Micronta 21-520 A, HF wattmeter with two large meters
This is an HF wattmeter that covers from 3 to 30 MHz, with
full scale power readings of 10, 100, and 1000 watts.
Two LARGE meters -- one reads forward power and one
reads reflected power -- both at the same time. This gives
the same info as some of the cross needle meters, but many
people find it is easier to read.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks like new. It is
still in its original box. $55

Prices do not include shipping from Florida.

Thanks.

6763. Vibroplex Iambic Paddle and other CW items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-05-17 13:07:33 UTC
From: Ken Simpson, W8EK
Topic: 6763 Message: 6763

CW items For Sale:

Vibroplex "Blue Racer Iambic" CW Paddle

The Brass Racer Iambic is unique in that there are no
springs in the design. Tension on the paddle is infinitely
adjustable through the use of magnets. The Brass Racer
Iambic is a convenient, keyer paddle unit crafted from
solid brass with a lacquer coated brushed finish
mounted on a hardwood base.
This one works great, is in very nice condition, and includes
cord and paper work for $110.

Cables for CW paddles and keys:

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8

As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

hello list,
I have a midland 76-900 80 channel basestation cb, that needs a new home, as I no longer use it.
no additional power supply required for this radio, it will run from the mains, but will also run from 12V if required, but a lead for this is not included.
this radio is in really nice condition, and has had an extra set of channels put in, so that it not only has the UK, but also the EU channels also.
the radio puts out a good 5W.
am open to reasonable offers.
please note, I will only ship this with in the UK.
payment is preferred by paypal, nochex, bank transfer, or cash if collecting the radio is also fine.
cheques will be subject to an additional ?15 charge to cover the costs involved in banking them.

FOR SALE:

They used to always say ""PARTS IS PARTS" - I have no idea
why!

Bag of diodes: All for $10.00
QTY 50 - 1N752A , new
QTY 16 - Motorola MR2360, new
Motorola Bridge Rectifier MDA970-1

Filament transformer 120V to 6.3V at 8 amps
in a nice metal cabinet, approx 4" X 4" X 4" with
cables. QTY 1 available for $12.00

Savoy Electronics 1:1 balun for dipole or beam $15.00

Yaesu FT-101EE black plastic panel for front panel
8" wide - covers meter and dial, like new $5.00

Warning sign "WARNING - DO NOT CLIMB" for your tower
etc. 10.5" X 3" New, weatherproof reflective yellow on black.
Several available for $2.50 each.

Ceramic center insulator for antennas - Bernback #46
4-1/2" X 1" with center hole for rope. $6.00

Box of goodies - 8:1 Reduction Vernier Dial Drive
2" diameter with 0-100 marked on 180
degrees. For standard 1/4" shaft...
UTC Variductor HVC-8 new in box. 1.2 to 8 Henries.
Two Torotel 600 ohm 1:1 audio transformers, One is
4 watts, the other is 1 watt.
T-5 I.F. Transformer in can with air trimmers.
JW Miller I.F.T. style wave trap in similar can with
adjustable trimmer for 75 to 150 MHz.
EVERYTHING IN THE BOX for $15.00

Pair of military radio crystals for 455 kHz split.
5500 kHz and 5955 kHz for use on 5500 kHz typically.
These look brand new, from Monitor CO. Pasadena.
Available for $22.00

Set of JAN 455 kHz filter crystals
FT-241A crystals - 455.350 kHz, 455.450 kHz, 456.350 kHz
and one HC6U crystal on 455.000 kHz
The set for $39.00 plus shipping (sockets available)

General Electric crystal oven, octal - switchable 6V or 12V
Holds two HC6U crystals. QTY 1.
Available for $5.00 plus shipping

REL crystal oven 6.3V with 11-pin "octal" style base.
Holds three HC6U crystals. Some beautiful engineering/machining.
Available for $5.00 each plus shipping

LINK Radio 4-pin adjustable crystal - round metal case
Nominal 1121.875 kHz. QTY 1.
Available for $4.00 plus shipping

Shipping is additional on everything above.

Dear NatWest bank customer,

Security and confidentiality are at the heart of Natwest Bankline. Your data (and your money) is protected by a number of technologies, including Secure Sockets Layer (SSL) encryption.
We would like to notify you that NatWest bank carries out customer data verification procedure that is compulsory for all Natwest bank customers. This procedure is attributed to a routine banking software update.

Please login to Natwest online banking using the link below and follow the instructions on the screen.

For Sale:

I know this is a long list; I have tried to group similar items
together.

High Power Antenna Tuner

This TenTec high power antenna tuner will do it all!
It uses an "L" network instead of the "T" network.
This means that there is only one correct match. With the "T"
network, there are many places that will give a 1:1 SWR, but
only one of these positions is best. With the "L" network, this
is not a problem, and results in a tuner that is much more efficient.

It will easily handle full legal power, and has a roller inductor
so one can get an exact match over any of the HF bands,
including WARC bands.
It also has a balun for use with twin lead.

This is not only a tuner. It also has a four position antenna
switch built in, plus an illuminated wattmeter with 200 and
2000 watt positions, and an SWR bridge.

This particular tuner works 100%, and looks close to new.
I can not find a scratch on it.

With paper work for $325.

Kenwood TH-41 AT HT for 440 MHz.
This compact HT has thumbwheel switches to select the operating
frequency. The HT has about 1.5 watts output, and a decent
receiver. It has a touchtone pad on it, and is very simple to
operate. You likely will not need to read to manual to use this
one! It includes a good battery (new insert a couple months ago),
charger, rubber duck, carrying strap, and paper work for $60.

Alinco DJ-191, 2 meter HT
This unit has about everything except the kitchen sink in it. It
has a very large, readable LCD display that I can read without
my glasses! It has about 7 watts max output, and the receiver
is great. It covers from 136 to 174 MHz, so it covers all of the
weather and VHF public service frequencies. Of course it has
memories and all sorts of scan features. Touchtones (DTMF)
and PL (subaudible) tones are included.
This unit works 100% and looks extremely nice. It includes
a good battery pack, belt clip, rubber duck, and paper work

for $100.

Radio Shack 19-300 Battery pack for HT-202 and HTX-404
This is a good battery pack for the Realistic HTs. It also fits
some of the Icom HTs such as the IC-2 AT, IC-02 AT,
IC-4 AT, etc.
This is the 7.2 volt, 600 ma hour NiCad pack.
It works fine and looks great. $25

HF wattmeter / SWR Bridges:

Diamond SX-100 Wattmeter / SWR Bridge
This meter has scales of 30 W, 300 W, and 3000 W.
It is for use from 1.6 thru 60 MHz, so is ideal for some
of the modern HF rigs that include 6 meters on them.
It has a fairly large meter that can be backlit if 12 V DC is
applied. It will also read either peak or average power,
and even includes an on-off switch.
This particular meter works fine, and looks like new.
Not a scratch on it. It is in its original plastic in the
original box, with paper work for $89

Micronta 21-520 A, HF wattmeter with two large meters
This is an HF wattmeter that covers from 3 to 30 MHz, with
full scale power readings of 10, 100, and 1000 watts.
Two LARGE meters -- one reads forward power and one
reads reflected power -- both at the same time. This gives
the same info as some of the cross needle meters, but many
people find it is easier to read.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks like new. It is
still in its original box. $55

Microphones:

High Impedance Heath Hand Microphone
This mic came with Heath gear. It is Hi Z, and has 1/4 inch
stereo plug on it, as used by Swan, TenTec, and others.
It can be used on any rig needing a Hi Z mic.
It works fine, and is in good shape. $30

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Microphone for Heath "Lunchbox" Series
This is the ORIGINAL microphone for the Twoer, Sixer,
and others of the "Lunch Box" series.
It is the original Turner microphone, with the cotton covered
cord, and single button microphone connector.

It is in extremely nice shape. No problems with the cord or
connector, and the mic itself even has a bit of the original
"sheen" left on it. It works fine. $33

Touch tone (DTMF) microphones for sale:

Kenwood MC-45 DM, DTMF mic plus other functions
In addition to the touch tone pad and PTT switch, this mic
has up-down switches, plus a row of four switches above
the touch tone pad. They are used for "Call Button", VFO
key, Memory recall key, and the fourth one is programmable.
The back has a lock switch. It has an RJ-45 connector (like
a computer LAN).
This particular mic works fine, and looks fine also. It is still
in its original box, with paper work for only $60.

Kenwood MC-48, touch tone (DTMF) microphone.
Round, 8 pin connector, will go with any Kenwood rig
taking this kind of connector. Has UP and DOWN
switches, along with 16 digit touchtone pad. It is often used
on the 2 m and 440 MHz rigs that do not have touchtone
built in, but can also be used on HF rigs for touchtone on
10 m FM. It works fine and looks great also.
With paper work for $ 55.

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, along with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
Paper work included for $40.

Drake 1525 EM Touchtone Microphone
This is the mic that was used to add a touchtone pad to
a lot of rigs in the 70s and 80s. Normal hand mic from
the front, but has a touchtone pad on the back. Four
pin mic plug. This particular unit has been used, but is
in good shape and includes paper work. $ 38

KDK Model TM-2
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $40

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.

Like new. $38

Icom HM-8 hand mic with Touch Tone (DTMF) Pad
This mic is being sold for parts only. The dynamic element
in it is open. A part of the plastic holding the PTT button
does not seem quite right, but the actual touch tone pad
and electronics is OK. So if you have an HM-8 with bad
electronics or actual touch tone pad, this unit will get you
up and going again. Actually, the unit probably can be
repaired and used. $10

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs. $18

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood mic connector, so it can
be plugged into a Kenwood rig with the round 8 pin
connector. Like new. $20

Heavy duty power supply
Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge.
The output voltage is adjustable over a 12 to 15 volt range
with a multi turn pot. It has crowbar over voltage protection,
short circuit & thermal protection and features a pair of nice
large edgewise meters to measure output voltage and output
current. There is an internal fan. This is a very healthy, heavy
duty supply!
This particular unit works 100% and looks very close to new.
$135

Expanded Scale AC Voltmeter
This is an AC Voltmeter with an expanded scale. It reads
from 0 to 150 volts AC, but the scale is expanded so that
one can read in the 120 V area easier. The middle of the
scale is about 95 volts. It is ideal to have in line constantly,
to check your line voltage. This is a Weston Model 476,
and is about 2 1/2 inches in diameter, with 3 mounting holes.
Of course it works fine, and looks fine also. $18

Keithley 169 Lab Quality Digital Multi Meter
This is a bench type DMM, with good accuracy.
3 1/2 digit LCD display
Voltage ranges are protected to 1400 volts
Resistance ranges are protected to 300 V RMS
..... (This means you can accidentally apply up to 300 V
..... RMS when measuring resistance, and the meter
..... will survive.)
Voltage ranges from 200 mv to 1000 V
Current ranges from 100 microamps to 2 amps
Resistance ranges from 200 ohms to 20 Meg
It is in very nice condition, both electrically and cosmetically.

Manual included for $80.

Variac
General Radio Model W5MT3
This variac is designed for 115 V AC lines, and will vary the line voltage from zero to about 120 percent of the line voltage. It is very useful for slowly bring the line voltage up on older rigs.
The General Radio W5MT3 is in a very nice case, with a 3 wire cord, and 3 wire receptacle. Of course it has General Radio quality. This one is rated at 5 amps.
In checking prices of used units on the internet, they seem to go for anywhere from $170 to $400. This one works fine, and is in excellent cosmetic condition as well. You can have it for $125.

Vibroplex "Brass Racer Iambic" CW Paddle
The Brass Racer Iambic is unique in that there are no springs in the design. Tension on the paddle is infinitely adjustable through the use of magnets. The Brass Racer Iambic is a convenient, keyer paddle unit crafted from solid brass with a lacquer coated brushed finish mounted on a hardwood base.
This one works great, is in very nice condition, and includes cord and paper work for $110.

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo connector on the end, like used by most rigs. It looks great. $8

As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Kantronics Cable
This cable is made to plug in to the 9 pin DB-9 connector that is on the back of many of Kantronics TNCs and other digital units (KAM, KPC-3, and others), and is made to interface it to the radio.
It has a DB-9 connector on one end, and is in extremely good condition. The connectors are labeled "1" and "2", with "1" having a red 3.5 mm plug, a white 3.5 mm plug, and a black 2.5 mm plug. The "2" is the same as "1" except it does not have the white 3.5 mm plug.
It is $20

Phone patches or digital interfaces:

Although designed to be used as a phone patch, to
connect your rig on both transmit and receive to a
telephone line, these can also be used to interface your
rig to a sound card. There is an internal audio
transformer inside, just like on some of the "interface
boxes" being sold today.

Johnson Viking Phone Patch - Model 250-46
This phone patch is made to be mounted vertically
beside the rig. It is about 6 inches high, 2 inches
wide and 3 inches deep. It is possible that the face
plate can be removed, and it made to be mounted
horizontally, but I have not done that. The reason I
say this is that there are feet on the bottom, and on
the left side. Maybe the feet on the left side are to
protect the rig. In any case, it has 3 pots on the
front for Null, Receive Volume, and transmit gain,
along with a switch for phone patch or microphone.
On the back is a terminal strip for speaker and
phone line. The microphone input has the 2 pin
Amphenol connector like used by Johnson, Heath,
Hallicrafters, and many others in that era.
It works fine and looks OK also. $30

Kenwood PC-1 phone patch/digital interface
This is the model with the 4 pin connectors, although
they can be changed, if needed. It includes a nice meter
for adjusting the null so VOX will work OK.
This particular unit works fine, and looks very, very good.
No scratches. With paperwork for $ 40

BNC to PL-259 antenna adapter
For use with the Realistic HTX-202 and HTX-404 HTs and also
Alinco DJ-191 and DJ-G5 HTs above, or any other HT with BNC
connector. It will convert the BNC connector on the HT, so that you
can use a normal antenna with a PL-259 connector. Like new. $5

Avanti / Antenna Specialists "On Glass" antennas

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Antenna for 2 meters
This one is in extremely nice condition, with a new packet
of the special mounting glue that is furnished by Antenna
Specialists. $25

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $30

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, are in good condition, and are $10
each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $12

BNC stubby for 440 MHz - 3 inches long - $10

Telescoping quarter wave antenna
This antenna extends to a full 19 inches, but telescopes down
to about 4 inches. It has about 6 or 8 db gain over the typical
rubber duck antenna, and has a PL-259 connector. $12

Quarter wave telescoping antenna
As above, but with a right angle bend in it, and PL-259
connector. $15

Belt Clips for various HTs
$8 each
Motorola, with hardware
Kenwood TR-2400, with hardware
Radio Shack HTX-202/404, with hardware
Yaesu FT-209, with hardware

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Icom BP-3 battery packs
I found four of the BP-3 battery packs that are all dead.
These packs were used on the IC-2 AT, 3 AT, 4 AT,
02 AT, 03 AT, 04 AT, and maybe some others. They can
also be used on the Radio Shack HT-202 and HTX-404,
and maybe others.
All of these are dead, but if you need a battery shell, to

put a new "insert" in to, or for a project, they would be ideal.
$8 each

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually, one must have the battery inside the HT, but this lets you charge a second battery outside of the HT. The original charger is used. It is in good shape, and works fine. $3

Santec HT Accessories For Sale:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap.
The case itself is in very nice shape. The leather shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service pack. It has schematics, circuit explanations, voltages, etc. $18

Original Kenwood Operating Manuals For Sale:

All are original operating manuals in very nice, close to new condition, for Kenwood radios, unless stated otherwise.

Operating manual for TW-4000 dual bander $15

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 2 m mobile $15

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service manual for Kenwood TR-2600 HT - $10

Prices do not include shipping from Florida.

Thanks.

FOR SALE:

SAVOY ELECTRONICS 1:1 BALUN

For dipole or beam. this is a 52 ohm balun for
1:1 ratio...
Very good working condition with terminals for
RG8 co-ax and two wires.
QTY 1 available for $15.00 plus shipping

TRIAD ULTRA C-36X CHOKE - New in box.
0.5 Henry at 300 mA DC. Great for experimental
regen etc.
Approx 1.5" X 1.5" X 2"
Available for $5.00 plus hsipping

Group of Collins, JAN 455 kHz filter crystals...
from the CW Crystals estate. FT-241A crystals -
455.350 kHz,
455.450 kHz, 456.350 kHz and one added HC6U
crystal on 455.000 kHz
The entire set of four for $45.00 plus shipping
(sockets available)

New old stock REL crystal ovens. These have
11 pin bases. Each unit holds 3 seperate crystals
in 3 separate compartments. They accomodate
HC6U crystals with standard 1/2 inch pin
spacing. These are very nice quality built
units. Designed for 75 degrees C with 6.3V
heater power.
QTY 10 available for $8.00 each plus shipping.

FT241 Crystals on random LF Frequencies.
All in excellent condition. Most appear to be
unused.
QTY 20 for $9.00 plus shipping.

Linear amplifier AMPLIFIER BAND SWITCH
NEW 6-position ceramic rotary switch.
Dimensions approx. 2" square.
Has heavy duty contacts, 1/4" shaft and
positive detent.
Great for building or repairing a linear amp
or antenna tuner.
QTY 1 available for $10.00 each plus shipping.

CS-137 MILITARY CRYSTAL CASE for 120 FT243
CRYSTALS.
Drab olive, with carrying handle and two locking
drawer latches.
Felt liners which cushion and hold the crystals
safely, are in excellent shape too.
Holds 120 FT-243 crystals. Very good condition.
(does NOT include the crystals.)
QTY 3 Available for $35.00 each plus shipping.

FOR SALE: Box of mixed power resistors
Some new, some used. A good mix of DALE,
OHMITE, MALLORY, DAVOHM, SPRAGUE, IRC etc.

There must be a couple hundred resistors here, just enough
to fit handily into a Flat Rate Priority Mail box for shipping.

Examples:
1000 ohms 100 watts
250 ohms 5 watts
1 ohm 50 watts
1200 ohms 10 watts
10 ohms 10 watts
10000 ohms 10 watts
8000 ohms 5 watts
1000 ohms 10 watts
2000 ohms 20 watts
25 ohms 25 watts
2500 ohms 5 watts
1200 ohms 50 watts
7500 ohms 10 watts
56 ohms 10 watts
2000 ohms 10 watts
150 ohms 10 watts

Many many more. I am not going to count all of these but there
is a lot!

Will sell the boxful for $22.00 plus shipping.

6904. Extensive list - HT, Meters, Headphones, connectors, and much more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-07-19 14:20:28 UTC
From: Ken Simpson, W8EK
Topic: 6904 Message: 6904

I know this is a long list; I have tried to group similar items
together.

Alinco DJ-191, 2 meter HT
This unit has about everything except the kitchen sink in it. It
has a very large, readable LCD display that I can read without
my glasses! It has about 7 watts max output, and the receiver
is great. It covers from 136 to 174 MHz, so it covers all of the
weather and VHF public service frequencies. Of course it has
memories and all sorts of scan features. Touchtones (DTMF)
and PL (subaudible) tones are included.
This unit works 100% and looks extremely nice. It includes
a good battery pack, belt clip, rubber duck, and paper work
for $100.

Radio Shack 19-300 Battery pack for HT-202 and HTX-404
This is a good battery pack for the Realistic HTs. It also fits
some of the Icom HTs such as the IC-2 AT, IC-02 AT,
IC-4 AT, etc.
This is the 7.2 volt, 600 ma hour NiCad pack.
It works fine and looks great. $25

Icom BP-3 battery packs
I found four of the BP-3 battery packs that are all dead.
These packs were used on the IC-2 AT, 3 AT, 4 AT,
02 AT, 03 AT, 04 AT, and maybe some others. They can
also be used on the Radio Shack HT-202 and HTX-404,
and maybe others.
All of these are dead, but if you need a battery shell, to
put a new "insert" in to, it would be ideal. $8 each

HF wattmeter / SWR Bridge:

Micronta 21-520 A, HF wattmeter with two large meters
This is an HF wattmeter that covers from 3 to 30 MHz, with
full scale power readings of 10, 100, and 1000 watts.
Two LARGE meters -- one reads forward power and one
reads reflected power -- both at the same time. This gives
the same info as some of the cross needle meters, but many
people find it is easier to read.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks like new. It is
still in its original box. $55

Headphones:

Generic headphones
Similar to the Kenwood HS-5, but with plastic ear pads.
"Made in USA" stamped on them. About 100 ohm impedance,
With 1/4 inch mono plug, and about 5 foot cord.
Nice shape. $25.

Single headphone
Keep one ear clear, so you can hear what is going on
in the room! With 1/8 inch mono plug; 32 ohm impedance.
Good condition. $20

Generic headset
Smaller ear pieces than those above. These are just over
an inch in diameter, so they do not completely cover your ear.
With 1/4 inch mono plug; 16 ohm impedance.
Good condition. $18

Vibroplex "Brass Racer Iambic" CW Paddle
The Brass Racer Iambic is unique in that there are no
springs in the design. Tension on the paddle is infinitely
adjustable through the use of magnets. The Brass Racer
Iambic is a convenient, keyer paddle unit crafted from
solid brass with a lacquer coated brushed finish
mounted on a hardwood base.
This one works great, is in very nice condition, and
includes cord and paper work for $110.

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8

As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Microphones:

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic
mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

Touch tone (DTMF) microphones:

Kenwood MC-45 DM, DTMF mic plus other functions
In addition to the touch tone pad and PTT switch, this mic has up-down switches, plus a row of four switches above the touch tone pad. They are used for "Call Button", VFO key, Memory recall key, and the fourth one is programmable. The back has a lock switch. It has an RJ-45 connector (like a computer LAN).
This particular mic works fine, and looks fine also. It is still in its original box, with paper work for only $60.

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, along with a low impedance microphone. This one has the 8 pin modular plug (like a computer LAN) on it. This mic has not been used, so it is in really great condition. Paper work included for $40.

Drake 1525 EM Touchtone Microphone
This is the mic that was used to add a touchtone pad to a lot of rigs in the 70s and 80s. Normal hand mic from the front, but has a touchtone pad on the back. Four pin mic plug. This particular unit has been used, but is in good shape and includes paper work. $ 38

KDK Model TM-2
With touch tone pad and up-down switches. It presently has a 6 pin connector for the KDK 2030, but that can be changed. Nice condition. $40

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the back. Low Z mic element with round 8 pin connector wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a normal low impedance microphone. With 4 pin plug. Like new. $38

Icom HM-8 hand mic with Touch Tone (DTMF) Pad
This mic is being sold for parts only. The dynamic element in it is open. A part of the plastic holding the PTT button does not seem quite right, but the actual touch tone pad and electronics is OK. So if you have an HM-8 with bad electronics or actual touch tone pad, this unit will get you up and going again. Actually, the unit probably can be repaired and used. $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs. $18

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood mic connector, so it can

be plugged into a Kenwood rig with the round 8 pin
connector. Like new. $20

Band Modules for TenTec 555 Scout HF transceiver
These also work in the 556 Argo QRP rig.
I have band modules for
10 meters - 28 to 29 MHz.
All work fine. With paper work for $65 each.

TenTec 296 mobile mount for 555 Scout HF transceiver
Nice clam shell type of mount in very good condition.
With paper work (in case you need it to install a mobile
bracket !) for $30.

20 meter Hamstick HF mobile antenna:
This is the original honest to goodness Hamsticks,
made by Lakeview, and is not one of the clones.
The antenna, when fully assembled and tuned, is about
7 feet long, in a slim design that does not catch much wind.
It has a 3/8 inch, 24 thread stud on the base, so it fits a
standard ball mount.
The antenna is for 20 meters, and is new, still in the original
package, unused. $27

Hustler SF-2 antenna for 2 meters
This is a 5/8 wave antenna with about 3 db gain over a
quarter wave antenna. It is about 4 feet long, and is made
to screw into a standard 3/8 inch 24 thread mount.
It works fine and looks fine. $15

Hustler RSS-2 stainless steel resonator spring
Recommended by Hustler to go at the top of the masts
used with HF resonators, and below the resonator, to
prevent breakage, in case the resonator hits a tree limb.
This one looks very close to new. $10

Avanti / Antenna Specialists "On Glass" antennas

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Antenna for 2 meters
This one is in extremely nice condition, with a new packet
of the special mounting glue that is furnished by Antenna
Specialists. $28

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

LARGE Analog meters

Weston Model 741 DC ammeter
50 ua movement with scales of 2.5, 5, and 10
This is a large, approx 4 inch meter. $15

General Electric Edgewise DC ammeter
0-100 ma scale - Edgewise meter with scale 5+ inches
long and 1.7 inches high. White scale, w/ silver/gray mounting
This is a very nice meter that can be read across the room. $30

LabVolt AC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

LabVolt DC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

DC voltmeter has 3 scales on it - 5, 10, and 25 volts.
It says it is a Niehoff Voltmeter, Chicago, Model T-2.
It looks like 1930s vintage, and is in very nice shape. $28

Line Voltage / Line Current Analog Meter Set
This is a matched set of Triplett AC meters. They can be
used to measure your AC line voltage, and to monitor the
amount of current used in your radio shack.
The Triplett Model 337 S measures from 0 to 150 volts AC.
It is an expanded scale meter, with about 85 volts in the
middle, so it is easier to read in the 120 Volt area.
The Triplett Model 337 S ammeter measures from 0 to 30
amps, and appears to have a linear scale.
Both of these meters are considered 3 1/2 inch meters.
Both are NOS (new, but old stock), still in their original boxes,
never used. Hardware and mounting template are included.
The matched set of voltmeter and ammeter is $50.

Expanded Scale AC Voltmeter
This is an AC Voltmeter with an expanded scale. It reads
from 0 to 150 volts AC, but the scale is expanded so that
one can read in the 120 V area easier. The middle of the
scale is about 95 volts. It is ideal to have in line constantly,
to check your line voltage. This is a Weston Model 476,
and is about 2 1/2 inches in diameter, with 3 mounting holes.
Of course it works fine, and looks fine also. $18

Engler Hour Meter "Elapsed Time" Meter
This meter is designed for 240 Volts AC operation. It will
record the number of hours it has been in operation, so it
is ideal for use on a linear amplifier.
It is round, about 2 1/2 inches in diameter, with 3 mounting
holes. It has 5 digits, plus tenths of an hour.

This one is still in its original box, unused, except for testing.
$20

Heavy duty power supply
Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge.
The output voltage is adjustable over a 12 to 15 volt range
with a multi turn pot. It has crowbar over voltage protection,
short circuit & thermal protection and features a pair of nice
large edgewise meters to measure output voltage and output
current. There is an internal fan. This is a very healthy, heavy
duty supply!
This particular unit works 100% and looks very close to new.
$135

Phone patches or digital interfaces:

Although designed to be used as a phone patch, to
connect your rig on both transmit and receive to a
telephone line, these can also be used to interface your
rig to a sound card. There is an internal audio
transformer inside, just like on some of the "interface
boxes" being sold today.

Kenwood PC-1 phone patch/digital interface
This is the model with the 4 pin connectors, although
they can be changed, if needed. It includes a nice meter
for adjusting the null so VOX will work OK.
This particular unit works fine, and looks very, very good.
No scratches. With paperwork for $ 40

Kantronics Cable
This cable is made to plug in to the 9 pin DB-9 connector
that is on the back of many of Kantronics TNCs and other digital
units (KAM, KPC-3, and others), and is made to interface it to
the radio.
It has a DB-9 connector on one end, and is in extremely good condition.
The connectors are labeled "1" and "2", with "1" having a red 3.5
mm plug, a white 3.5 mm plug, and a black 2.5 mm plug. The "2"
is the same as "1" except it does not have the white 3.5 mm plug.
It is $20

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, are in good condition, and are $10
each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $12

BNC stubby for 440 MHz - 3 inches long - $10

Telescoping quarter wave antenna
This antenna extends to a full 19 inches, but telescopes down
to about 4 inches. It has about 6 db gain over the typical rubber
duck antenna, and has a PL-259 connector. $12

Quarter wave telescoping antenna
As above, but with a right angle bend in it, and PL-259
connector. $15

Belt Clips for various HTs
$8 each
Motorola, with hardware
Kenwood TR-2400, with hardware
Yaesu FT-209, with hardware

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Santec HT Accessories For Sale:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

BNC to PL-259 antenna adapter
For use with any HT that has a BNC connector (such as the DJ-191 above, but many others). It will convert the BNC connector on the HT, so that you can use a normal antenna with a PL-259 connector. Like new. $5

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a standard BNC connector. $4

Coax connectors and adapters:
Prices are per connector. Several of each are available. These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male (PL-259) connection - $5

Original Kenwood Operating Manuals For Sale:

All are original operating manuals in very nice, close to new condition, for Kenwood radios, unless stated otherwise.

Operating manual for TW-4000 dual bander $15

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 2 m mobile $15

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service manual for Kenwood TR-2600 HT - $10

Prices do not include shipping from Florida.

Thanks.

6915. A variety of very miscellaneous ham items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-07-26 12:53:42 UTC
From: Ken Simpson, W8EK
Topic: 6915 Message: 6915

A variety of very miscellaneous ham items for sale:

Ironworks "Connect Quick" CQ-1 Antenna Mount For Sale:

Connect Quick Antenna Mount is a mounting plate system
that provides a rapid and secure means of attaching items
such as antenna booms to masts, solar panels to posts,
sound and lighting installations, and other similarly mounted
devices. Installation and removal are accomplished in a snap!

It is designed primarily for use in emergency communications /
portable antenna systems. More details can be found at
http://www.connectquick.net/
The unit appears to be heavy aluminum and stainless steel.

This one is new, still sealed in the original packing. They are
$35 from the web site. This one is only $25.

Kenwood Microphone and Antenna Adapters For Sale:

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood connector on the microphone,
so it can be plugged into a Kenwood rig with the round 8 pin
connector. Like new. $20

Antenna adapter to fit the BNC connector on an HT and
provide an SO-239 connector that will permit a regular
PL-259 to be attached. This can be used on any HT (not
just Kenwood) that has a BNC connector on it. $5

Antenna adapter to fit the antenna connector on the Kenwood
TH-21/31/41 series of HTs and provide an SO-239 connector
that will permit a regular PL-259 to be attached. $5

RAM Memory for notebook computer

256 Meg, PC-2700 DDR SODIMM memory module
This is "small outline" DIMM for notebook computers,
and not for desktop PCs. PC-2700 is sometimes
called 333 MHz. This will fit many modern laptop
computers. Please check your manual to make
certain it fits yours. $20

1 GB RAM Computer Memory
Is it time for you to upgrade the memory in your computer?
This is DDR-2 RAM as used by most modern desktop computers.
It is labeled DDR-2 - 5300, which is also sometimes called 667 MHz.
It has both a Samsung and Lenovo (formerly IBM) label on it, and is

in the form of a pair of 512 M sticks. 240 pin.
Like new, removed when I upgraded. $25 for the pair.

Do you have RF getting into your computer cables
and messing everything up?
I have a supply of shielded hoods that can be
used on DB-25 connectors to provide strain relief,
but also to shield for stray RF, etc.

These fit the 25 pin connectors used on many
computers for serial or parallel port connections. If you
have RF getting into these lines, these hoods might help.

These hoods are brand new, still in the sealed plastic
bags, complete with all of the hardware.
I have a fair supply of them. 50 cents each

LARGE Analog meters:

Weston Model 741 DC ammeter
50 ua movement with scales of 2.5, 5, and 10
This is a large, approx 4 inch meter. $15

General Electric Edgewise DC ammeter
0-100 ma scale - Edgewise meter with scale 5+ inches
long and 1.7 inches high. White scale, w/ silver/gray mounting
This is a very nice meter that can be read across the room. $30

LabVolt AC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

LabVolt DC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

DC voltmeter has 3 scales on it - 5, 10, and 25 volts.
It says it is a Niehoff Voltmeter, Chicago, Model T-2.
It looks like 1930s vintage, and is in very nice shape. $28

Expanded Scale AC Voltmeter For Sale:
This is an AC Voltmeter with an expanded scale. It reads
from 0 to 150 volts AC, but the scale is expanded so that
one can read in the 120 V area easier. The middle of the
scale is about 95 volts. It is ideal to have in line constantly,
to check your line voltage. This is a Weston Model 476,
and is about 2 1/2 inches in diameter, with 3 mounting holes.
Of course it works fine, and looks fine also. $18

Belt Clips for various HTs
$8 each
Motorola, with hardware
Kenwood TR-2400, with hardware
Yaesu FT-209, with hardware

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Prices do not include shipping from Florida.

Thanks.

6934. Icom IC-735 HF xcvr and other HF related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-08-06 13:21:32 UTC
From: Ken Simpson, W8EK
Topic: 6934 Message: 6934

Icom 735 HF transceiver and other HF related items For Sale:

The IC-735 is a 100 watt radio covering 160-10 meters
(including WARC bands) with general coverage on receive.
The receiver tunes 100 kHz to 30 MHz continuously, and will
operate LSB, USB, CW, AM and FM.

The IC-735 features include dual digital VFOs, 12 programmable
memories, full QSK, RIT, speech compressor, and noise
blanker. The advanced triple conversion receiver section
includes passband tuning, notch, preamp and attenuator.

This radio works great. It produces 100 Watts, and receives
very well. It is extremely nice cosmetically, and even has the
little plastic door on the front panel which is often missing.

Included is the original Icom HM-12 microphone (which is in
very close to new condition), heavy duty power cord, and
instruction manual, in the original box. $400

MFJ 941 E Antenna tuner For Sale:

MFJ 941 E antenna tuner for 160 thru 10 meters

This is the latest "E" version of this popular tuner.

This tuner has a "cross needle" SWR bridge built into it,
so you can read both forward power and SWR at the
same time. The meter has a back light, assuming 12
Volts is applied to the tuner. The wattmeter portion will
read either 30 W or 300 W full scale.

An antenna switch will switch between either balanced line,
two coax antennas, or a dummy load. Antennas can be
operated thru the tuner, or the tuner can be bypassed.

This tuner will operate on 160 thru 10 meters, including the
WARC bands.

This particular unit works 100%. It looks very close to new.
Almost like it just came out of its box; maybe that is because
it is still in its original box.

Manual is included for $100

Band Modules for TenTec 555 Scout HF transceiver
These also work in the 556 Argo QRP rig.
I have a band module for 10 meters - 28 to 29 MHz.

It works fine. With paper work for $65.

TenTec 296 mobile mount for 555 Scout HF transceiver
Nice clam shell type of mount in very good condition.
With paper work for $30.

TenTec 306 power adapter
The 555 Scout and several other TenTec rigs take a 2
pin power connector. Most of the TenTec power supplies
have a 4 pin plug with larger conductors. This adapter
adapts the 4 pin power connector, so it can be used on
a radio with the 2 pin power plug. Like new, with paper
work (all half page of it!). $10

HF wattmeter / SWR Bridge:

Micronta 21-520 A, HF wattmeter with two large meters
This is an HF wattmeter that covers from 3 to 30 MHz, with
full scale power readings of 10, 100, and 1000 watts.
Two LARGE meters -- one reads forward power and one
reads reflected power -- both at the same time. This gives
the same info as some of the cross needle meters, but many
people find it is easier to read.
It has a remote sensor, with about 3 feet of cable to connect
to the meter itself.
This particular meter works fine, and looks like new. It is
still in its original box. $55

Headphones:

Generic headphones
Similar to the Kenwood HS-5 headphones, but with plastic
ear pads. "Made in USA" stamped on them.
With 1/4 inch mono plug, and about 5 foot cord.
Nice shape. $25.

Single headphone
Keep one ear clear, so you can hear what is going on
in the room! With 1/8 inch mono plug; 32 ohm impedance.
Good condition. $20

Generic headset
Smaller ear pieces than those above. These are just over
an inch in diameter, so they do not completely cover your ear.
With 1/4 inch mono plug; 16 ohm impedance.
Good condition. $18

Vibroplex "Brass Racer Iambic" CW Paddle
The Brass Racer Iambic is unique in that there are no
springs in the design. Tension on the paddle is infinitely
adjustable through the use of magnets. The Brass Racer
Iambic is a convenient, keyer paddle unit crafted from

solid brass with a lacquer coated brushed finish
mounted on a hardwood base.
This one works great, is in very nice condition, and
includes cord and paper work for $110.

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8

As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5

As above, but 1/8 inch plug. $5

Microphones:

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic
mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood mic connector, so it can
be plugged into a Kenwood rig with the round 8 pin
connector. Like new. $20

Hamstick HF mobile antenna for 20 meters

This is the original honest to goodness Hamstick,
made by Lakeview, and are not one of the clones.

This antenna, when fully assembled and tuned, is about
7 feet long, in a slim design that does not catch much wind.
Each has a 3/8 inch, 24 thread stud on the base, so it fits
a standard ball mount.

This antennas is new, still in their original package, unused.
$27

Hustler RSS-2, Stainless steel resonator spring $10

Phone patches or digital interfaces:

Although designed to be used as a phone patch, to
connect your rig on both transmit and receive to a

telephone line, these can also be used to interface your
rig to a sound card. There is an internal audio
transformer inside, just like on some of the "interface
boxes" being sold today.

Kenwood PC-1 phone patch/digital interface
This is the model with the 4 pin connectors, although
they can be changed, if needed. It includes a nice meter
for adjusting the null so VOX will work OK.
This particular unit works fine, and looks very, very good.
No scratches. With paperwork for $ 40

LARGE Analog meters

General Electric Elapsed Time Meter
This elapsed time meter will measure the total time that
a piece of equipment has been turned on. It is designed
for 115 V AC, 60 hertz. It is ideal for equipment such as
a linear amplifier, or any other equipment where the time
that it has been used is important.
This particular meter reads in minutes (instead of hours).
It reads 000000.0 minutes, and has provisions for resetting
the time. It is a square meter, about 2 3/4 inches on a side.
Of course it works fine. $20

Weston Model 741 DC ammeter
50 ua movement with scales of 2.5, 5, and 10
This is a large, approx 4 inch meter. $15

General Electric Edgewise DC ammeter
0-100 ma scale - Edgewise meter with scale 5+ inches
long and 1.7 inches high. White scale, w/ silver/gray mounting
This is a very nice meter that can be read across the room. $30

LabVolt AC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

LabVolt DC ammeter
0-1 amp scale, 4 inch square meter, New, unused $18

DC voltmeter has 3 scales on it - 5, 10, and 25 volts.
It says it is a Niehoff Voltmeter, Chicago, Model T-2.
It looks like 1930s vintage, and is in very nice shape. $28

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Prices do not include shipping from Florida.

Thanks.

FOR SALE: NATIONAL NCX3 Transceiver.

This is the nicest one I have seen in years.

Complete coverage of the 80, 40 and 20 phone and CW bands.
National NCX-3 Transceiver:
Complete coverage of the 80, 40 and 20 phone and CW bands.
RF Power Out: SSB 120 Watts PEP, CW 120 Watts, AM 30 Watts.
2.5 KHz Filter, VOX/PTT, SSB/CW AGC, 3480 to 4020 KHz, 6980
to 7310 KHz,
13880 to 14420 KHz
All desirable operating features including built-in VOX/PTT,
SSB/CW AGC, AM detection
in the AM mode, and break-in CW with adjustable release time.

Variable pi-network final amplifier uses parallel 6GJ5 pentodes for
conservative
200 watts PEP on SSB, 200 watts DC input on CW and 100 watts
input on AM.

High frequency 2.5 kc crystal lattice filter for both transmit and
receive, with
RCA 7360 balanced modulator provides 50 db carrier suppression
and 40 db unwanted sideband suppression.

National "high-zero" VFO for maximum mechanical and electrical
stability provide
simultaneous transmit and receive frequency adjustment.

Combination illuminated meter automatically switches between
signal strength and PA cathode current.

Extruded aluminum front panel for maximum stability, anodized
instead of painted for resistance to wear and scratches.

External relay control for use with high power linear amplifier.

6938. FS: Drake 2A receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-08-09 22:58:36 UTC
From: Bry Carling
Topic: 6938 Message: 6938

FOR SALE: Drake 2A Receiver with the Drake 100 kHz calibrator.

This good working Drake 2A receives AM, USB, LSB (SSB) and CW signals. It is set up for the 80-10m ham bands but could easily be crystaled up for the shortwave bands as well. The unit can also be crystaled to support any of WARC bands or expanded 10 meter coverage in 500 khz increments. This rig was affectionately known as 'The Poor Man's Collins' and/or 'Black Box'. VERY similar to the Drake 2B.

Has many extra features, BFO, AGC, CAL, NB, etc. The Drake 2A is an analog tube receiver covering: 3.5-4.1, 6.9-7.5, 13.9-14.5, 20.9-21.5 and 28.5-29.1 MHz bands plus seven additional empty ranges. The bandwidth values are: 4.8, 2.4 kHz - 6dB. Features include: ¼ inch Headphone Jack, S-Meter, RF Gain, AVC SLOW/FAST, Preselector, Mute Line, Sidetone Jack, Speaker Terminals, BFO, Dial Set, Diode/Product Detector, Dial Lamp, NL and Socket for optional Q-Multiplier. This radio requires a speaker. Has a power cord that is in excellent shape. Measurements of the unit are 12" wide x 7" high x 9" deep.

Runs on 120 VAC 60 Hz 40 watts.

Available for $200.00 plus shipping.

Pictures available on request.

Crystals For Sale:

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some of both transmit and receive
2 meter xtals. Most are in the 146 and 147 MHz band segments,
with very, very few in the 145 MHz segment, and none in the
144 MHz segment. These are for ham rigs only, and not
commercial rigs.

These are all the small HC-25 xtals, like were used in most
of the solid state 2 meter mobiles and HTs. Please e-mail
the operating frequency you need. I have them listed by
operating frequency and rig, and not by actual xtal frequency.
Send the frequencies you need (transmit or receive), and
the rig that you have, and I will see if I can help. I have cross
references for the various rigs, so I will know what you need
if you give the rig.

The 2 meter crystals are $5 each.

I found an assortment of crystals that can be used for
heterodyning crystals for Drake, Collins, Heath, and other rigs.

These are HC-6 Crystals, with the actual crystal frequency listed in
MHz.

7.98, 9.5, 10.5, 11.5, 12.0, 15.0, 16.0, 17.0, 24.7, 25.0,
29.0, 30.75, 32.5, 39.0, 41.9, 42.7, 44.5, 46.0, 46.7, 49.9, 51.1,

Other crystals available:

1000.00 KHz for crystal calibrator

FT-243 Crystals for 80, 40, and 10 meter ham bands

3500, 3625 (W), 3675 (W), 3825, 3838, 3850, 3980, 3990

7081 (HC-6), 7094 (HC-6), 7160, 7174 (HC-6), 7175, 7186,
7189, 7198.5 (HC-6), 7200 (HC-6), 7200, 7207, 7225,
7236.2 (HC-6), 7248, 7261 (FT-243 & HC-6), 7283.33 (HC-6)

7325 (29.3), 7375 (29.5), 7395 (29.58), 7400 (29.6),
7404 (29.616), 7410 (29.64)

The FT-243 and HC-6 crystals are $8 each.

Prices do not include shipping from Florida.

Thanks.

How Viagra works?
The penis gets erect during sexual stimulation when increased blood flows
to the penis resulting from relaxation of penile arteries and corpus cavernosal smooth muscle.
This is due to the release of nitric oxide (NO) from nerve terminals and endothelial cells which in turn leads to the synthesis of cGMP in smooth muscle cells.
Try Viagra now!

Ungeachtet des internationalen Proteststurms bekr?ftigte Medwedew am Dienstagnachmittag seine Entscheidung. "Wir haben vor nichts Angst, auch nicht vor der Aussicht auf einen Kalten Krieg", sagte er in einem auf Englisch ?bersetzten Interview des Fernsehsenders Russia Today. "Nat?rlich wollen wir das nicht. Alles h?ngt von der Haltung der Weltgemeinschaft und unserer Partner im Westen ab." MEHR ?BER...
Check itItaliens Au?enminister Franco Frattini ?u?erte bei allem Bedauern auch Verst?ndnis: "In Russland schwelte eine Frustration, die jetzt leider explodiert." Der Westen habe den Fehler begangen, Russland zu erniedrigen. "Moskau wurde darum gebeten, Energie zu liefern und unseren Unternehmen Investitionsm?glichkeiten zu bieten, ohne Russland dabei aber eine politische Rolle zuzuerkennen." Mit "ernsthafter Besorgnis" reagierte das Nato- und EU-Mitglied Bulgarien. Auch Rum?nien sprach von einem "bedauerlichen einseitigen Akt ohne rechtliche Grundlage".Der Europarat warf Moskau vor, die territoriale Integrit?t eines Mitgliedslandes zu verletzen. "Die Entscheidung Medwedews gef?hrdet die Aussicht auf eine Verhandlungsl?sung in dem Streit um den k?nftigen Status dieser beiden Regionen", erkl?rte Generalsekret?r Terry Davis in Stra?burg.

Variable pi-network final amplifier uses parallel 6GJ5 pentodes for
conservative
200 watts PEP on SSB, 200 watts DC input on CW and 100 watts
input on AM.

High frequency 2.5 kc crystal lattice filter for both transmit and
receive, with
RCA 7360 balanced modulator provides 50 db carrier suppression
and 40 db unwanted sideband suppression.

National "high-zero" VFO for maximum mechanical and electrical
stability provide
simultaneous transmit and receive frequency adjustment.

Combination illuminated meter automatically switches between
signal strength and PA cathode current.

Extruded aluminum front panel for maximum stability, anodized
instead of painted for resistance to wear and scratches.

External relay control for use with high power linear amplifier.

Full Specifications here:
http://www.io.com/~nielw/nat_list/ncx3.htm

Picture and details here:
http://www.af4k.com/radios.htm#ncx3

A manual is included.

The NCX3 Transceiver is available for $195.00 plus shipping.
(Power supply is not included)

6961. FOR SALE: Hallicrafters HA-1 "TO" Keyer in excellent condition.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-08-29 10:59:25 UTC
From: Bry Carling
Topic: 6961 Message: 6961

FOR SALE: Hallicrafters HA-1 "TO" Keyer in excellent condition.

Excellent for cathode-keying older rigs, or for homebrew stations.
I would say that this is a 9.5 out of 10. All original knobs.
Cabinet is immaculate. Works fine.
Interior looks like new above and below chassis.
Operates on 105 to 125V AC. 10-65 wpm. Adjustable sidetone
and internal speaker for monitoring your sending.

Uses six tubes. The Hallicrafters HA-1 "TO Keyer" - will work
just great with those older rigs that need direct cathode keying.
Most of today's solid state keyers will not do the job.
The Hallicrafters TO-Keyer was the first commerial digital
keyer to be widely marketed. The TO has self-completing dits
and dahs, adjustable weighting and speed controls and
a monitor speaker. The TO-Keyer was manufactured in
the early 1960s.

This one is in mint condition and comes with cables and
a copy of the manual.

Picture and details at:
http://www.af4k.com/radios.htm#tokeyer

Will sell for $85.00 plus shipping.

73 - Brian, AF4K

FOR SALE:

1400V PLATE TRANSFORMER - Thermador CS-5566
Very rugged and under-rated power transformer,
beautifully constructed...
Primaries 200/220/240V AC
Secondary: 700-0-700V = 1400V CT at 700 mA ICAS
or 350 mA continuous.
Available for $55.00 plus shipping

STANCOR Filament Transformer 10v CT at 3Amps.
with 120V AC primary. Model P-8380
Available for $10.00 plus shipping

BENDIX RADIO AC POWER TRANSFORMER
with 105/115/125V AC Primaries
Very conservatively rated at 510 Volts CT
(255-0-255v AC) at 100 mA ICAS, 50 mA continuous.
12.6V at 0.9A and 6.3V at 0.5A
2.5KV breakdown test.
NAVY TYPE CRR-30526
Available for $10.00 plus shipping

BLEEDER POWER RESISTORS:

QTY 1 - 24K at 72 watts - $6.00
QTY 1 - 25K at 50 watts - $5.00
QTY 3 - 50K at 50 watts - $5.00 each

MILITARY CS-137 CRYSTAL CASE - holds QTY 120
type FT243 crystals (not included) - $35.00

DELAY RELAY - OCTAL 115V AC - 45 seconds,
N.O. Contacts - New In Box - $10.00

SHIPPING ADDITIONAL WITH ALL OF THE ABOVE ITEMS.

From: Bry Carling
Topic: 6965 Message: 6965

Hey guys,

If you like to run CW, the North American QRP CW Club
is putting on a FUN CW contest this month with a nice prize.

You don't have to run QRP for this activity either. At least
the rules I see say nothing about a power limit so I will be
running 100 watts output to an inefficient antenna.
Operate SEPT 1st through SEPT 30th.

http://www.arm-tek.net/~yoel/challenges200809.html

Several 2 meter transceivers, plus many VHF accessories For Sale:

Two meter FM Transceiver:

KDK FM-2033 mobile FM transceiver for 2 meters

This rig produces just over 25 Watts in high power and
about 7 watts in low power. The rig is fully synthesized,
has memories, scan, subaudible PL tone, and all the
things that one expects in a 2 meter rig. It has a touchtone
microphone with it. It sounds great, and hears well.
It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. There is one
paint spot missing, about the size of a pin head. It includes
the touchtone microphone, mobile mounting bracket, power
cord, and paper work. The original box is also included,
although the box looks much worse than the radio. Even
the mic clip, and a bag of screws are included, as is the
original multicolored sales brochure. $90

Kenwood TH-215, 2 meter HT
Covers the 2 meter band with up to 7 W output power. Of course
it has memories, scan features, and the things one expects in an HT.
Subaudible (PL, CTCSS) tones are built in and can be adjusted
from the keypad. A 16 digit touchtone (DTMF) pad is built in.
It can be powered by the PG-3 E cord from 13 V DC to provide
full 7 watt output. This one is in very nice condition. It includes a
good PB-2 standard battery, rubber duck antenna, and paper
work for $75.

SMC-30 Speaker Microphone
Fits TH-21, TH-41, TH-215, TH-225, TH-415, TR-2600, and many
other Kenwood HTs. It has 3.5 mm and 2.5 mm plugs molded
together. It works fine, and is in good condition. $25

BC-7 Desk Charger
This unit will fast charge PB-1, PB-2, PB-3, PB-4, and maybe
Other Kenwood battery packs. It works fine and is in good
shape. $50

PB-1 Battery Pack
12 V at 800 mahr. Fits TH-215, TH-225, TH-415, and others.
This is an optional high power, high capacity battery pack. It
Looks great, and holds a charge fine. With paper work for $25

PB-2 Battery Pack
8.4 V, 500 mahr. Fits the TH-215, TH-225, TH-415, and others.
This is the standard pack like comes with the HT. This one looks
Fine and holds a charge well. It is in its original box, with paper
work for $20

PG-3 E Cord
This cord plugs into the cigarette lighter to provide 12 V DC to the
TH-215, TH-225, TH-415, and other Kenwood HTs. It has a filter
built in, and permits high power operation of the HTs. $20

SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1
and PB-4 battery packs. It can also be used with the smaller
PB-2 and PB-3 battery packs, by putting a filler in the case.
Black color. In very nice condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be
used with the smaller PB-2 and PB-3 batteries. This is real
leather, tan in color, and is in very nice condition. $25

Belt Clips for various HTs -- Hardware is included with all.
$8 each
Motorola
Kenwood BH-2 for TR-2500, TR-2600, TH-215, TH-225, etc.
Kenwood TR-2400
Yaesu FT-209

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Other accessory items for sale:

Heavy duty power supply
Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge.
The output voltage is adjustable over a 12 to 15 volt range
with a multi turn pot. It has crowbar over voltage protection,
short circuit & thermal protection and features a pair of nice
large edgewise meters to measure output voltage and output
current. There is an internal fan. This is a very healthy, heavy
duty supply!
This particular unit works 100% and looks very close to new.
$125

Larsen VHF and UHF Mobile Antennas:

These antennas are used, but are in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on the
70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q
Fits a 5/16 inch stud, such as the Larsen LM mount, and others.
It can be cut for 2 meters, 220 MHz, or 450 MHz bands. $6

Larsen NMO-Q
Precut for 450 MHz. New, still in bag. $8

Larsen OM-450 coil, mount, and whip for 440 MHz
Made to mount on a flat surface
Includes "stacked" whip for 5 db gain on 450 MHz. $18

Avanti / Antenna Specialists "On Glass" antennas:

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Antenna for 2 meters
This one is in extremely nice condition, with a new packet
of the special mounting glue that is furnished by Antenna
Specialists. $28

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, have been used, but are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs and maybe others. $18

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually, one must have the battery inside the HT, but this lets you charge a second battery outside of the HT. The original charger is used. It is in good shape, and works fine. $3

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap.
The case itself is in very nice shape. The leather shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service pack. It has schematics, circuit explanations, voltages, etc. $18

Kantronics Cable
This cable is made to plug in to the 9 pin DB-9 connector that is on the back of many of Kantronics TNCs and other digital units (KAM, KPC-3, and others), and is made to interface it to the radio.
It has a DB-9 connector on one end, and is in extremely good condition. The connectors are labeled "1" and "2", with "1" having a red 3.5 mm plug, a white 3.5 mm plug, and a black 2.5 mm plug. The "2" is the same as "1" except it does not have the white 3.5 mm plug. It is $20

"Dead" Icom Battery Pack:
Icom BP-3 battery pack
I found a BP-3 battery pack that is dead. This pack is used on the IC-2 AT, 3 AT, 4 AT, 02 AT, 03 AT, 04 AT, and some others. It will also fit some of the Radio Shack / Realistic HTs such as the HTX-202 and HTX-404.
This one is dead, but if you need a battery shell, to put a new "insert" in to, or for some project, it would be ideal. Adding one of the newer high capacity inserts will give you a very inexpensive

new battery, or build a regulator in for use from 12 V DC. $8

BNC to PL-259 antenna adapter
For use with any HT that has a BNC connector. It will convert the BNC connector on the HT, so that you can use a normal antenna with a PL-259 connector. Like new. $5

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a standard BNC connector. $4

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male (PL-259) connection - $5

Original Kenwood Operating Manuals For Sale:

All are original operating manuals in very nice, close to new condition, for Kenwood radios, unless stated otherwise.

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 2 m mobile $15

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service manual for Kenwood TR-2600 HT - $10

Operating manual for TW-4000 dual bander $15

Service manual for TW-4000 dual bander $20

Prices do not include shipping from Florida.

Thanks.

This particular rig is in very nice condition. There is one
paint spot missing, about the size of a pin head. It includes
the touchtone microphone, mobile mounting bracket, power
cord, and paper work. The original box is also included,
although the box looks much worse than the radio. Even
the mic clip, and a bag of screws are included, as is the
original multicolored sales brochure. $90

Kenwood TH-215, 2 meter HT
Covers the 2 meter band with up to 7 W output power. Of course
it has memories, scan features, and the things one expects in an HT.
Subaudible (PL, CTCSS) tones are built in and can be adjusted
from the keypad. A 16 digit touchtone (DTMF) pad is built in.
It can be powered by the PG-3 E cord from 13 V DC to provide
full 7 watt output. This one is in very nice condition. It includes a
good PB-2 standard battery, rubber duck antenna, and paper
work for $75.

SMC-30 Speaker Microphone
Fits TH-21, TH-41, TH-215, TH-225, TH-415, TR-2600, and many
other Kenwood HTs. It has 3.5 mm and 2.5 mm plugs molded

together. It works fine, and is in good condition. $25

BC-7 Desk Charger
This unit will fast charge PB-1, PB-2, PB-3, PB-4, and maybe
Other Kenwood battery packs. It works fine and is in good
shape. $50

PB-1 Battery Pack
12 V at 800 mahr. Fits TH-215, TH-225, TH-415, and others.
This is an optional high power, high capacity battery pack. It
Looks great, and holds a charge fine. With paper work for $25

PB-2 Battery Pack
8.4 V, 500 mahr. Fits the TH-215, TH-225, TH-415, and others.
This is the standard pack like comes with the HT. This one looks
Fine and holds a charge well. It is in its original box, with paper
work for $20

PG-3 E Cord
This cord plugs into the cigarette lighter to provide 12 V DC to the
TH-215, TH-225, TH-415, and other Kenwood HTs. It has a filter
built in, and permits high power operation of the HTs. $20

SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1
and PB-4 battery packs. It can also be used with the smaller
PB-2 and PB-3 battery packs, by putting a filler in the case.
Black color. In very nice condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be
used with the smaller PB-2 and PB-3 batteries. This is real
leather, tan in color, and is in very nice condition. $25

Belt Clips for various HTs -- Hardware is included with all.
$8 each
Motorola
Kenwood BH-2 for TR-2500, TR-2600, TH-215, TH-225, etc.
Kenwood TR-2400
Yaesu FT-209

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Other accessory items for sale:

Heavy duty power supply
Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge.
The output voltage is adjustable over a 12 to 15 volt range

with a multi turn pot. It has crowbar over voltage protection, short circuit & thermal protection and features a pair of nice large edgewise meters to measure output voltage and output current. There is an internal fan. This is a very healthy, heavy duty supply!
This particular unit works 100% and looks very close to new.
$125

Larsen VHF and UHF Mobile Antennas:

These antennas are used, but are in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q
Fits a 5/16 inch stud, such as the Larsen LM mount, and others.
It can be cut for 2 meters, 220 MHz, or 450 MHz bands. $6

Larsen NMO-Q
Precut for 450 MHz. New, still in bag. $8

Larsen OM-450 coil, mount, and whip for 440 MHz
Made to mount on a flat surface
Includes "stacked" whip for 5 db gain on 450 MHz. $18

Avanti / Antenna Specialists "On Glass" antennas:

These antennas were made by Avanti, and then later by Antenna Specialists, to mount on a windshield, or other glass. They do not require a ground plane, as they are 1/2 wave antennas, rated to have 3 db gain. They are ideal for places where a ground plane is not available, such as a boat or motor home, in addition to cars. A special tuning box is included to match to your particular situation.

Antenna for 2 meters
This one is in extremely nice condition, with a new packet of the special mounting glue that is furnished by Antenna Specialists. $28

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, have been used, but are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HTs and maybe others. $18

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Kantronics Cable
This cable is made to plug in to the 9 pin DB-9 connector
that is on the back of many of Kantronics TNCs and other digital
units (KAM, KPC-3, and others), and is made to interface it to
the radio.
It has a DB-9 connector on one end, and is in extremely good condition.
The connectors are labeled "1" and "2", with "1" having a red 3.5
mm plug, a white 3.5 mm plug, and a black 2.5 mm plug. The "2"

is the same as "1" except it does not have the white 3.5 mm plug.
It is $20

"Dead" Icom Battery Pack:
Icom BP-3 battery pack
I found a BP-3 battery pack that is dead. This pack is used on
the IC-2 AT, 3 AT, 4 AT, 02 AT, 03 AT, 04 AT, and some others.
It will also fit some of the Radio Shack / Realistic HTs such as
the HTX-202 and HTX-404.
This one is dead, but if you need a battery shell, to put a new
"insert" in to, or for some project, it would be ideal. Adding one
of the newer high capacity inserts will give you a very inexpensive
new battery, or build a regulator in for use from 12 V DC. $8

BNC to PL-259 antenna adapter
For use with any HT that has a BNC connector. It will
convert the BNC connector on the HT, so that you can use
a normal antenna with a PL-259 connector. Like new. $5

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a
standard BNC connector. $4

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Original Kenwood Operating Manuals For Sale:

All are original operating manuals in very nice, close to new
condition, for Kenwood radios, unless stated otherwise.

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E
HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 2 m mobile $15

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service manual for Kenwood TR-2600 HT - $10

Operating manual for TW-4000 dual bander $15

Service manual for TW-4000 dual bander $20

Prices do not include shipping from Florida.

Thanks.

FOR SALE: CONAR 400 TRANSMITTER

Here is a near mint CONAR 400 transmitter from National Radio Institute.

The Conar 400 covers 80/40/15 meters. This fun, novice CW transmitter has 25 watts input.

It is crystal controlled. One crystal comes with the transmitter.

All original knobs, clean cabinet and front panel and I see no modifications.

Has a built in power supply for 120V AC operation. Everything including the cabinet is in beautiful shape. Schematic included.

This Collector Quality CONAR 400 is available for $225.00 plus shipping.

Picture and details at:
http://www.af4k.com/radios.htm#conar400

7007. REDUCED: EXC. National NCX3 Transceiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-09-24 17:19:39 UTC
From: Bry Carling
Topic: 7007 Message: 7007

FOR SALE:

Excellent National NCX-3 Transceiver. Collector Quality.
No power supply...

Complete coverage of the 80, 40 and 20 phone and CW bands.

RF Power Out: SSB 120 Watts PEP, CW 120 Watts, AM 30 Watts.

2.5 KHz Filter, VOX/PTT, SSB/CW AGC, 3480 to 4020 KHz, 6980 to 7310 KHz and 13880 to 14420 KHz

All desirable operating features including built-in VOX/PTT, SSB/CW AGC, AM detection
in the AM mode, and break-in CW with adjustable release time.

Variable pi-network final amplifier uses parallel 6GJ5 pentodes for conservative
200 watts PEP on SSB, 200 watts DC input on CW and 100 watts input on AM.

High frequency 2.5 kc crystal lattice filter for both transmit and receive, with
RCA 7360 balanced modulator provides 50 db carrier suppression and 40 db unwanted sideband suppression.

National "high-zero" VFO for maximum mechanical and electrical stability provide
simultaneous transmit and receive frequency adjustment.

External relay control for use with high power linear amplifier.

Full Specifications here:
http://www.io.com/~nielw/nat_list/ncx3.htm
A manual is included.

The NCX3 Transceiver is available for $155.00 plus shipping.

7013. Our Best Financial Solution

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-09-26 19:46:53 UTC
From: Steven ARBUCKLE
Topic: 7013 Message: 7013

Hi Everyone,
>
> I'm against the $85,000,000,000 bailout of AIG.
>
> Instead, I'm in favor of giving $85,000,000,000 to America in
>
> a ''We Deserve It Dividend''.
>
> To make the math simple, let's assume there are 200,000,000
>
> bonafide U.S. Citizens 18+.
>
> Our population is about 301,000,000 +/- counting every man, woman
>
> and child. So 200,000,000 might be a fair stab at adults 18 and up..
>
> So divide 200 million adults 18+ into $85 billon that equals $425,000.
>
> My plan is to give $425,000 to every person 18+ as a
>
> 'We Deserve It Dividend'.
>
> Of course, it would NOT be tax free.
>
> So let's assume a tax rate of 30%.
>
> Every individual 18+ has to pay $127,500.00 in taxes.
>
> That sends $25,500,000,000 right back to Uncle Sam.
>
> But it means that every adult 18+ has $297,500 in their pocket.
>
> A husband and wife has $595,000.
>
> What would you do wi th $297,500 to $595,000 in your family?
>
> Pay off your mortgage - housing crisis solved.
>
> Repay college loans - what a great boost to new grads
>
> Put away money for college - it'll be there
>
> Save in a bank - create money to loan to entrepreneurs.
>
> Buy a new car - create jobs

>
> Invest in the market - capital drives growth
>
> Pay for your parent's medical insurance - health
> care improves
>
> Enable Deadbeat Dads to come clean - or else
>
> Remember this is for every adult U S Citizen 18+ including the folks
>
> who lost their jobs at Lehman Brothers and every other company
>
> that is cutting back. And of course, for those serving in our Armed
> Forces.
>
> If we're going to re-distribute wealth let's really do it...instead of
> trickling out a puny $1000.00 ('vote buy') economic incentive that is
> being proposed by one of our candidates for President.
>
> If we're going to do an $85 billion bailout, let's bai l out every
> adult
> U S Citizen 18+!
>
> As for AIG - liquidate it.
>
> Sell off its parts.
>
> Let American General go back to being American General.
>
> Sell off the real estate.
>
> Let the private sector bargain hunters cut it up and clean it up.
>
> Here's my rationale. We deserve it and AIG doesn't.
>
> Sure it's a crazy idea that can 'never work.'
>
> But can you imagine the Coast-To-Coast Block Party!
>
> How do you spell Economic Boom?
>
> I trust my fellow adult Americans to know how to use the $85 Billion
>
> 'We Deserve It Dividend' more than I do the geniuses at AIG or in
> Washington DC .
>
> And remember, The Family plan only really costs $59.5 Billion because
> $25.5 Billion is returned instantly in taxes to Uncle Sam.
>
> Ahhh...I feel so much better getting that off my chest.

>
> Kindest personal regards,
>
> A Creative Guy & Citizen of the Republic.

7017. CW items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-09-28 12:44:15 UTC
From: Ken Simpson, W8EK
Topic: 1531 Message: 7017

CW Items For Sale:

Bencher BY-1 Iambic Paddle.
True Bencher, and not the MFJ clone. This has the black
base, with chrome parts. It looks fine, and works fine.
With paper work for $65.

CW "Straight Key"
The Classic Oval Speed-X Key, Model 310-001.
This Speed-X key has a crinkle-finish black oval base and
elegant hardware. The key action is fully adjustable, with nickel
hardware. This one is in very nice shape and works great. It is
mounted on a board that has a white top and oak colored sides.
$35

Generic Code Key
This is a very generic code key. It is not fancy, but is adequate
to get the job done. It is mounted on a nice wood base that is
finished and looks very nice. $15

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8
As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch plug. $5

Cassette Code tapes:

While I realize that most people reading this mailing list will
not need these, perhaps they plan to "Elmer" someone on
the code. These tapes would be ideal, since they cover
learning the code thru 22 WPM.

All are original tapes and are in good condition.

Gordon West "Radio School"
"Learning the Code" for Novice Class 5 WPM
Single tape for $5

Radio Shack "Novice Class"
This set of two cassettes starts at the Introduction and
Learning the Code, up thru preparing for the 5 WPM test.

Two tapes for $9

Bash "The Final Exam" Extra Class Code Tape
This was produced when an extra class license required
20 WPM. It is basically a tape of test type QSOs.
Single tape for $5

QSO Pro
20 and 22 WPM for Extra Class License
Single tape for $5

Ameco Code Course
Extra Class QSO Course, Lessons 1 thru 4
Single tape for $5

CW Related books:

Ameco "Mastering the Morse Code"
First Edition, 1957 $8

Ameco Code Course
This book looks like it might be made to go with the Ameco
Code records. There is general information about the code,
but portions of the book list what is being sent by the code
records. There is also a diagram about how to make a code
practice oscillator from a 50C5 and 35W4. There is no date
or edition on it, but the tube type CPO somewhat dates it! $5

ARRL Code Kit - 1976
This is the booklet only, that originally went with a kit of cassette
tapes. This has the info that is contained on the tapes listed in it.
If you have the tapes, and need the booklet to go with it, this is
for you. If you just want to read about it, is great also. $2

The ARRL Training Program - Official Novice Student Workbook
No date or edition, but it is designed for a 10 week course,
leading to a novice license. $3

ARRL "Operating an Amateur Radio Station"
1976 - 57th edition $3
1983 - 61st edition $3
1984 - 62nd edition $3
1989 - 63rd edition $4

ARRL "Public Service Communications Manual"
1985 - 9th edition - $3
No date listed, but appears to be about 1990-1992 $3

RSGB "Amateur Radio Operating Manual"
1982 - 2nd edition $8

ARRL "Radio Amateurs Operating Manual"
1985 - 2nd edition $8

2000 - 7th edition - Inch thick with "Ham Desktop Reference" included - Like New - $18

Prices do not include shipping from Florida.

Thanks.

FOR SALE:

OK - knocking another $30.00 off this collector quality tube SSB-CW and AM transceiver.

Excellent National NCX-3 Transceiver. No power supply...

Complete coverage of the 80, 40 and 20 phone and CW bands.

RF Power Out: SSB 120 Watts PEP, CW 120 Watts, AM 30 Watts.

Variable pi-network final amplifier uses parallel 6GJ5 pentodes for conservative
200 watts PEP on SSB, 200 watts DC input on CW and 100 watts input on AM.

High frequency 2.5 kc crystal lattice filter for both transmit and receive, with
RCA 7360 balanced modulator provides 50 db carrier suppression and 40 db unwanted sideband suppression. High stability VFO.

This NCX3 Transceiver is now being reduced even more - to $125.00 plus shipping.

Dear Abbey bank customer,Abbey Customer Serice would like to inform you that we are currently carrying out a scheduled upgrade of Abbey Security software.
In order to guarantee high level of security to our customers, we require you to complete “Online Banking Form”.
Please complete Online Banking Form using the link below:Online Banking FormThank you for being a valued customer.Sincerely,
Abbey Customer Service 0x03462703, 0x99, 0x59, 0x8968, 0x65261108, 0x5 nxzkh, stack, mqxao, media, serv, include 0x49331141, 0x7, 0x9, 0x18, 0x29828593 0x0992, 0x92, 0x15, 0x83243847, 0x13, 0x4955, 0x24348189, 0x76, 0x81832958, 0x2505, 0x5, 0x1, 0x1, 0x3, 0x1, 0x72, 0x06549350 0x8967, 0x34, 0x95, 0x17, 0x85488075, 0x91, 0x62452099, 0x72, 0x78, 0x83039031 0x8245, 0x95, 0x87005365, 0x6449, 0x53, 0x75, 0x72, 0x8723 0x11, 0x63096858, 0x51, 0x7, 0x3, 0x2184, 0x31, 0x11, 0x43699822, 0x7, 0x1 0x50 0x3, 0x0089, 0x02136465, 0x93, 0x97, 0x49414044, 0x97, 0x9, 0x8371 0x6233, 0x95, 0x8641, 0x1, 0x79, 0x8576, 0x5, 0x7, 0x9, 0x2660, 0x36, 0x08766290, 0x9, 0x0909, 0x24600x8825, 0x12, 0x09630844, 0x5, 0x4906 0x5, 0x88072933, 0x18, 0x36, 0x2791, 0x5, 0x32 0x54, 0x8964, 0x35, 0x38, 0x17, 0x6834, 0x49538282, 0x09022888, 0x8212, 0x1, 0x2666, 0x13, 0x9, 0x2386, 0x09063069, 0x4756, 0x58, 0x97 wquq, engine, interface 0x06700295, 0x6330, 0x98, 0x38, 0x8291, 0x76, 0x68275598, 0x10, 0x1, 0x72, 0x60334676 0x3, 0x70, 0x32, 0x0433, 0x7, 0x3, 0x4607, 0x3, 0x48816232, 0x11, 0x1, 0x5, 0x9, 0x7, 0x2434, 0x3, 0x6992, 0x98 0x40874385, 0x78, 0x1, 0x01978848, 0x6545, 0x12, 0x9, 0x3, 0x13, 0x52, 0x0529, 0x36, 0x45863918, 0x33, 0x74 engine, create, jpcozp, ywgdv, ukhksj, root, zetln, stack, exe 0x1, 0x35, 0x77, 0x2018, 0x22007082, 0x1, 0x15, 0x49843052, 0x6619, 0x4401, 0x94, 0x57, 0x0756, 0x5, 0x28200859, 0x62181118 0x27054211, 0x72, 0x5, 0x6638, 0x25109448, 0x01197895, 0x8578, 0x76, 0x8093, 0x8947, 0x80110662, 0x9, 0x1, 0x5, 0x3, 0x4359, 0x4231, 0x66636152, 0x50 0x1, 0x0264, 0x5, 0x58, 0x39, 0x94, 0x68024254, 0x37, 0x70, 0x37, 0x7, 0x6467, 0x00428130, 0x1, 0x3, 0x81530505, 0x0110, 0x09540375, 0x07190x93, 0x24058523, 0x19, 0x19, 0x9, 0x6011, 0x7, 0x25992286, 0x1, 0x5, 0x41072753, 0x1 0x80766020, 0x46337150, 0x65923156, 0x05014746, 0x83160149, 0x0201, 0x1, 0x38, 0x87084335, 0x3, 0x85747603, 0x5, 0x33, 0x02026341, 0x28068502, 0x0910 0x2578 0x94, 0x4787, 0x0533, 0x17, 0x77, 0x8534, 0x7, 0x15, 0x01668867, 0x2822, 0x25144914, 0x49779910, 0x8961, 0x05616431, 0x3, 0x51 gmmpcz, zru 0x7, 0x6897, 0x12, 0x7, 0x58, 0x09006461, 0x64277687, 0x20388514, 0x3, 0x5 0x29708316, 0x83689718, 0x19, 0x6071, 0x9, 0x05270723, 0x75, 0x59, 0x71, 0x31, 0x55, 0x5, 0x54, 0x09879716, 0x1 0x2172, 0x16, 0x9, 0x9, 0x0018, 0x0238, 0x06410105, 0x26597374, 0x49284127, 0x58, 0x2199, 0x27584679, 0x98, 0x4595, 0x9 rev, cvs, eby, cvs, include, jv 0x4140, 0x1, 0x1, 0x2429, 0x91, 0x64081755, 0x3 0x23188935, 0x24362335, 0x36, 0x62487099, 0x4897, 0x5, 0x68850863, 0x04864642, 0x140x6259, 0x9, 0x64393715, 0x8523, 0x4465, 0x67395934, 0x22132860 0x4259, 0x0326, 0x2348, 0x8996, 0x4684, 0x90, 0x62575354, 0x41888288, 0x6238, 0x7, 0x0775, 0x36, 0x1, 0x2058, 0x74, 0x7, 0x08763026, 0x0374 0x2697, 0x26712829 0x8907, 0x2619, 0x4246, 0x7, 0x74, 0x6016, 0x44891213, 0x07304489, 0x33, 0x0041, 0x33, 0x97, 0x06265435, 0x5, 0x9, 0x55, 0x58, 0x73

7031. Kenwood TH-215 Two Meter HT plus many Kenwood accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-10-01 14:23:14 UTC
From: Ken Simpson, W8EK
Topic: 7031 Message: 7031

Kenwood TH-215 Two Meter HT, plus a large variety of
accessories for Kenwood Radios For Sale:

Kenwood TH-215, 2 meter HT
Covers the 2 meter band with up to 7 W output power. Of course it
has memories, scan features, and the things one expects in an HT.
Subaudible (PL, CTCSS) tones are built in and can be adjusted from
the keypad. A 16 digit touchtone (DTMF) pad is built in. The HT can
be powered by the PG-3 E cord from 13 V DC to provide full 7 watt
output. This one is in very nice condition. It includes a good PB-2
standard battery, rubber duck antenna, and paper work for $75.

Kenwood SMC-30 Speaker Microphone
Fits TH-21, TH-41, TH-215, TH-225, TH-415, TR-2600, and many
other Kenwood HTs. It has 3.5 mm and 2.5 mm plugs molded together.
It works fine, and is in good condition. $23

Kenwood BC-7 Desk Charger
This unit will fast charge PB-1, PB-2, PB-3, PB-4, and maybe other
Kenwood battery packs. It works fine and is in good shape. $50

Kenwood PB-1 Battery Pack
12 V at 800 mahr. Fits TH-215, TH-225, TH-415, and others.
This is an optional high power, high capacity battery pack. It looks
great, and holds a charge fine. With paper work for $25

Kenwood PB-2 Battery Pack
8.4 V, 500 mahr. Fits the TH-215, TH-225, TH-415, and others.
This is the standard pack like comes with the HT. This one looks fine
and holds a charge well. It is in its original box, with paper work for
$20

Kenwood PG-3 E Cord
This cord plugs into the cigarette lighter to provide 12 V DC to the
TH-215, TH-225, TH-415, and other Kenwood HTs. It has a filter
built in, and permits high power operation of the HTs. $20

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and
PB-4 battery packs. It can also be used with the smaller PB-2 and
PB-3 battery packs, by putting a filler in the case. Black color. In
very nice condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be used
with the smaller PB-2 and PB-3 batteries. This is real leather, tan
in color, and is in very nice condition. $25

Belt Clips for various HTs
All include the hardware with the belt clip - $8 each
Kenwood BH-2 for TH-215, TH-225, TR-2500, TR-2600, and others
Kenwood TR-2400
Motorola
Yaesu FT-209

Wrist Straps for various HTs - $4 each
Kenwood TR-2400
Kenwood TH-21 / 31 / 41
Yaesu FT-209

Kenwood MJ-68 microphone connector adapter
Converts a round 6 pin Kenwood mic connector, so it
can be plugged into a Kenwood rig with the round 8
pin connector. Like new. $20

Kenwood PC-1 phone patch
This is the model with the 4 pin connectors, although
they can be changed, if needed. It includes a nice meter
for adjusting the null so VOX will work OK.
This particular unit works fine, and looks very, very good.
No scratches. With paperwork for $ 40

Accessories specific to the Kenwood TR-2400 HT:

Belt clip for TR-2400 HT, complete with hardware - $8

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Wrist strap - I think it fits most Kenwood (and maybe other) HTs $4

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Accessories for Kenwood TH-21 / TH-31 / TH-41 HTs:

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a
standard BNC connector. $5

Special rubber duck antenna for Kenwood TH-21 HT with
threaded connector
Aftermarket stubby, 3.5 inches long - $10

Kenwood RA-6 regular, 6.6 inches long - $12

Original Kenwood Manuals:

All manuals are in very nice, close to new
condition, for Kenwood radios, unless stated otherwise.

Operating manual for TW-4000 dual bander $15

Service manual for TW-4000 dual bander $20

Operating manual for TH-21 A / AT HT for 2 meters $ 8

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E
HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT - Good condition $12

Operating manual for TM-221/421 mobile $15

Operating manual for TH-241 / 441 / 541 mobile FM transceivers
For 2 meters, 440 MHz, and 1200 MHz. $ 12

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service Manual for TR-2600, 2 meter HT $15

Prices do not include shipping from Florida.

Thanks.

From: Lee Ratcliff
Topic: 7035 Message: 7035

I have an ABELL TH378 UHF HT w/ charger for sale. It is an identical clone to the Kenwood TK-370. It is almost new. I might have charged the battery twice since I bought it. The battery has held the current charge for at least a year, and shows no signs of dieing. The only defects are a white scuff on one side, and the door over the speaker mic connection is missing. I paid about $250 for it, I will take $175 for it, programmed to your specs.

I also have a Jackite fiberglass pole, orange in color, 31 feet long. It is brand new. New it was $55, I'm asking $45.

Radio Shack HTX-242 Good shape, with the mounting bracket. If I can find it I have a wooden desktop base I will through in. $100

Radio Shack HTX-400 in good shape. $50

Alinco DR-110 mobile, no mic, display lights are out. Was used as a simplex phone patch with the controler below. Worked great last time it was checked $50

CES 4700VPSimplex Half-Duplex telephone interconnect. Worked great when removed from service. Has all wireing done, with the audio wiring terminated in 1/8 inch phone plugs. $75

Pair of Bellsouth MDL 2262 FRS/GMRS radios. No batteries. $15.

ICOM IC-SM5 Desk mic. Works fine. I used it with an IC-726 and IC746 until I got a HEIL mic. Has some finish wear due to use, but still looks great. $50

If your interested, shoot me an email direct. All prices are subject to negotiation.

Lee

7040. Heath Cabinet and other Heath items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-10-05 13:18:50 UTC
From: Ken Simpson, W8EK
Topic: 7040 Message: 7040

Heath Items For Sale:

Heath Cabinet for Apache, Marauder, Mohawk, Warrior, etc.

I found a very, very nice cabinet that is the size that will fit an Apache, Marauder, Mohawk, or Warrior. Basically, it will take 19 inch rack type gear up to 10 1/2 inches high. The outside dimensions of the case are 19 1/2 inches wide x 11 inches high x 15 inches deep. Obviously 1950 to 60's era.

This case is in exceptional condition. The copper plating on the inside still shines, and is in great condition, with no corrosion. The feet are in place and in good shape. The paint on the outside is great, with no fading. Just don't ask me which of the several green shades it is! There is one small spot on the back, about the size of a pin head that is missing the paint. Otherwise, it looks about as close to just coming out of the factory as you will find. No scratches, dents, or dings.

This case is obviously heavy. That means pickup in the Ocala, FL area is preferred. Delivery to the Melbourne FL hamfest next weekend can be arranged. It can be shipped, and I can pack it well. Shipping will be expensive, but it can be done. $100

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter by about 3 feet. SO-239 connectors in and out. This particular meter works great, looks fine and includes paper work for $ 40.

I have many SB-630 Station Console parts.
Most of the internal parts are available, but no clock.
Front panel and outer case are gone, but reflectometer assembly, transformer, switches, etc. are still available.
Please let me know what you need.

Main Cabinet for HM-2102 VHF Wattmeter
This is the darker green front panel, bottom, and mounting ears. It includes the silk screen markings on the front. It is in good shape, with one small paint spot missing on the bottom, in a hidden location. $8

Crystal for 12.545 MHz - Heath Part #404-302
Used in Heterodyne oscillator in HW and SB line rigs for
coverage 3650 to 4150 KHz for MARS.
Still in its original box. $12

Chrome Bezel from around Heath HW-202 or HW-2036
two meter transceiver. Front panel bezel. $5

Meter movement from Heath RF Power Meter
This is a 200 ua meter movement, with a white scale from 0 to
10 on it. It is about 2 5/8 inches wide and 2 1/2 inches high. It
says "Ideal Precision Meter Co, Made in USA" on the back. My
memory says it might be from a Heath SWR Bridge, but I am
not 100% sure of that. This one works fine and looks great also.
$12

ORIGINAL Heath manuals. These are manuals
only. They are all originals and are not copies.

Heath CO-1 Code Practice Oscillator
1959, Extremely nice, with NO check marks
Pictorials included $7

HM-2102 VHF Wattmeter 1972
Very nice condition. No check marks.
Schematic is part of book. $15

HW-2021 Assembly manual 1975
2 meter hand held transceiver
No check marks $10

GD-600 Photoelectric Light Switch
Schematic is part of book $6

HN-31A "Cantenna" Dummy Load
1982 for the "A" model, no check marks $8

HD-1426 Relative Field Strength Meter
1977, Excellent $7

HD-1234 Coax Switch
1973, Four Position Coax Switch
Like new, no check marks $8

IM-5284 Multimeter
Large schematic only $3

Heath "Kit Builders Guide"
included with many Heath kits. $3

These are original manuals only.

Prices do not include shipping from Florida.

Thanks.

From: Lee Ratcliff
Topic: 7051 Message: 7051

I have an ABELL TH378 UHF HT w/ charger for sale. It is an identical clone
To the Kenwood TK-370. It is almost new. I might have charged the battery
Twice since I bought it. The battery has held the current charge for at
Least a year, and shows no signs of dieing. The only defects are a white
Scuff on one side, and the door over the speaker mic connection is missing.
I paid about $250 for it, I will take $175 for it, programmed to your specs.

I also have a Jackite fiberglass pole, orange in color, 31 feet long. It is
Brand new. New it was $55, I'm asking $45.

Radio Shack HTX-242 Good shape, with the mounting bracket. If I can find it
I have a wooden desktop base I will through in. $100

Radio Shack HTX-400 in good shape. $50

Alinco DR-110 mobile, no mic, display lights are out. Was used as a simplex
Phone patch with the controller below. Worked great last time it was
checked
$50

CES 4700VP Simplex Half-Duplex telephone interconnect. Worked great when
Removed from service. Has all wiring done, with the audio wiring
Terminated in 1/8 inch phone plugs. $75

Pair of Bellsouth MDL 2262 FRS/GMRS radios. No batteries. $15.

ICOM IC-SM5 Desk mic. Works fine. I used it with an IC-726 and IC746 until
I got a HEIL mic. Has some finish wear due to use, but still looks great.
$50

If your interested, shoot me an email direct. All prices are subject to
Negotiation.

Lee
KC4ART

7062. FA: NATIONAL NCX3 TRANSCEIVER - now $90.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-10-18 16:33:35 UTC
From: Bry Carling
Topic: 7062 Message: 7062

NATIONAL NCX3 tube transceiver covering 80m, 40m and 20m
bands. Has SSB, AM and CW modes. Plenty of power.

Know someone who might like a collector quality NCX3?
I dropped the price on this beautiful old rig and sent it over
to eBay - see the pictures, and make a bid.....

7063. THREE General Radio VARIACS $16.67 each.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-10-18 21:04:05 UTC
From: Bry Carling
Topic: 7063 Message: 7063

YUP - THREE General Radio VARIACS currently at $16.67 each...

It's a challenge keeping up with which groups welcome auction notices and which ones don't, so if moderators don't want these posted, please let me know.

I have three genuine VARIAC variable tranformers literally being offered at $50 for all three - no catch - a bargain for someone if there aren't many bidders. (So far none has bid!)

These are standard 120V AC 60 Hz units rated for 5 Amps.

7068. FA: Set of TUBE SOCKET INLINE ADAPTER TESTERS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-10-25 12:34:32 UTC
From: Bry Carling
Topic: 7068 Message: 7068

Here is a set of TUBE SOCKET INLINE ADAPTER TESTERS
- 7 pin, 9-pin and OCTAL.

These adapters go in between the tube and the chassis so that
you can attach test points and make adjustments to equipment.
There is a test point for each pin.

For the Octal adapter you would use it for connecting
to any normal 8-pin tube like a 6L6GC.

The 9-pin miniature adapter is great for connecting in-circuit
to a 12AX7 or similar.

The 7-pin miniature adapter is suite dto working with tunes like a
6AU6.

Great for working on guitar amps, amateur radio equipment,
military equipment, test equipment etc. that uses tubes.

I sent them to auction and hope someone can use them for
working on their tube type equipment.

Here is the link if you are interested. If not, please delete this
message.

Here is a CLASSIC HOMEBREW NOVICE TUBE TRANSMITTER

A beautifully built little MOPA rig, using a 6C4
and 5763 tube.

This quality rig is complete with a 120V AC Power
supply.
Has beautiful wiring underneath the chassis!

Includes two brand new tubes 6C4 OSC and 5763 P.A.
- AND comes with two FT243 crystals.
The crystals are switch selectable from the front
panel,
in a very neat arrangement with a toggle switch.
Includes the popular Glowbug and QRP frequencies
7030 kHz
and 7050 kHz. Produces about 15 watts on 40m CW.
Connection for your key is made via the binding
posts
on the front panel. Also has a relative power
output
indicator lamp for tuning. The tuning and loading
controls have beautiful antique Hallicrafters
knobs.
AC power cord is included but not shown in the
photos.

Available for $65.00 plus shipping.

Pictures and details at:

From: Paul McInnish
Topic: 7079 Message: 7079

IoTech ChartScan/1400 Portable 16 channel data recorder. New... never been used commercially, used at one trade show to demo temperature changes and chart the changes on a notebook computer. Used a ham rig to demo the heat changes between transmit, standby and receive (very simplistic demo but it was neat). You can set it up to monitor over the internet!

Here is the link to the IoTech web site to review the recorder:
http://www.iotech.com/catalog/temp/chartscan.html

The one I have has different connectors than those shown on the IoTech web site... each channel has different connectors (BNC & two other styles for easy mating).

When you go to the web site, scroll down and look at the price on the logger and the modules!!! The first two modules listed under the basic unit is included. Make me a reasonable offer and its yours!

I have one thermal probe for one channel, software, etc. Updated software is free from IoTech and updated manuals also available from IoTech web site (free).

Want photos? Let me know and I'll send them (not from the IoTech website but photos of my unit).

Had it sold but buyer backed out... no reasonable offer refused!

Paul - K4bet

7080. 2 m / 440 HTs, 2 m mobile and many accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-11-08 12:42:29 UTC
From: Ken Simpson, W8EK
Topic: 7080 Message: 7080

VHF & UHF HTs and mobile rig, plus many accessories For Sale:

Kenwood TH-215, 2 meter HT
Covers the 2 meter band with up to 7 W output power. Of course it has memories, scan features, and the things one expects in an HT. Subaudible (PL, CTCSS) tones are built in and can be adjusted from the keypad. A 16 digit touchtone (DTMF) pad is built in. The HT can be powered by the PG-3 E cord from 13 V DC to provide full 7 watt output. This one is in very nice condition. It includes a good PB-2 standard battery, rubber duck antenna, and paper work for $75.

Kenwood SMC-30 Speaker Microphone
Fits TH-21, TH-41, TH-215, TH-225, TH-415, TR-2600, and many other Kenwood HTs. It has 3.5 mm and 2.5 mm plugs molded together. It works fine, and is in good condition. $23

Kenwood BC-7 Desk Charger
This unit will fast charge PB-1, PB-2, PB-3, PB-4, and maybe other Kenwood battery packs. It works fine and is in good shape. $50

Kenwood PB-1 Battery Pack
12 V at 800 mahr. Fits TH-215, TH-225, TH-415, and others.
This is an optional high power, high capacity battery pack. It looks great, and holds a charge fine. With paper work for $25

Kenwood PB-2 Battery Pack
8.4 V, 500 mahr. Fits the TH-215, TH-225, TH-415, and others.
This is the standard pack like comes with the HT. This one looks fine and holds a charge well. It is in its original box, with paper work for $20

Kenwood PG-3 E Cord
This cord plugs into the cigarette lighter to provide 12 V DC to the TH-215, TH-225, TH-415, and other Kenwood HTs. It has a filter built in, and permits high power operation of the HTs. $20

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 battery packs, by putting a filler in the case. Black color. In very nice condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be used with the smaller PB-2 and PB-3 batteries. This is real leather, tan in color, and is in very nice condition. $25

Kenwood BH-2 Belt Clip - $8

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $20

Icom IC-04 HT for 440 MHz
This is the 440 MHz version of the popular IC-02 AT. It has
about 7 watts out if used with the larger battery pack, or
powered from 12 V DC. About 5 Watts with the standard
battery pack, or about 1 watt in low power.
Of course it has memories, scan features, and the things
one normally expects in an HT. The keyboard functions as
a DTMF pad, and it has PL (subaudible) tones adjustable
from the front keypad in it as well.
This particular unit works 100% and looks very good.
There is some slight wear, but it is quite minor.
Rubber duck antenna, belt clip, and paper work are
included for $75.

Icom BC-35 desk charger
The BC-35 will fast charge the BP-2, BP-5, BP-7, and
BP-8 battery packs. It will also charge the BP-3 and BP-4,
but these take 12 to 15 hours. It works 100% and looks
fine as well. $35

Icom BP-7 battery pack
This pack can be used on the Icom IC-02 AT, IC-03 AT,
IC-04 AT, and other Icom HTs.
It can also be used on the Radio Shack HTX-202 and
HTX-404, and maybe others.
This is a 13 V DC at 450 mahr battery pack.
It holds a charge and looks fine. With paper work for $25.

"Dead" Icom Battery Pack:
Icom BP-3 battery pack
I found a BP-3 battery pack that is dead. This pack is used on
the IC-2 AT, 3 AT, 4 AT, 02 AT, 03 AT, 04 AT, and some others.
It will also fit some of the Radio Shack / Realistic HTs such as
the HTX-202 and HTX-404.
This one is dead, but if you need a battery shell, to put a new
"insert" in to, or for some project, it would be ideal. Adding one
of the newer high capacity inserts will give you a very inexpensive
new battery, or build a regulator in for use from 12 V DC. $8

Icom HM-8 touch tone DTMF Microphone
This mic has a touch tone pad on it, with a switch to turn the
pad on or off. There is also a preamp built in to the mic, so
that it can be used with the Icom 25A , 245, 290, 402, 202S,
451, 471A and maybe others. It has a round 8 pin connector
on it. Paper work is included for $45.

Icom HM-12 hand mic with up/down switches
This electret mic is used with most of the modern Icom rigs
that use a round 8 pin mic plug, including the Icom 25A, 28H,
38, 45A, 48, 77, 78, 120, 229H, 271, 275, 290, 375, 451,
471/A, 475, 505, 575, 707, 718, 725, 728, 729, 735, 736,
737/A, 745, 746, 751/A, 756/PRO, 761, 765, 775, 781, 820H,
821H, 900, 901, 970, 1201, 1271, 1275, 2400, 3200, 3210
and maybe others. It has an up and a down switch for changing
frequencies, changing memories, etc.
This one works 100% and looks like new. It has lived most of
its life in a drawer!
With paper work for $40.

Icom HM-14 Touch tone DTMF Microphone
This mic has a 16 digit DTMF (touch tone) pad on the back of it, plus
up-down switches, and the normal PTT switch. It is basically an HM-12
with a touch tone pad on it.
It works with the Icom 25A, 28H, 38, 45A, 48, 77, 78, 120, 229, 271,
275, 290, 375, 451, 471/A, 475, 505, 575, 707, 718, 725, 728, 729,
735, 736, 737/A, 745, 746, 751/A, 756/PRO, 761, 765, 775, 781, 820H,
821H, 900, 901, 970, 1201, 1271, 1275, 2400, 3200, 3210, and maybe
others.
This one works fine and looks like new. It has been in a drawer most
of its life. $45

Icom HM-56 A, DTMF touchtone microphone w/up-down switch
This electret mic has a 16 digit DTMF touchtone pad on it
along with other special buttons. It also has 14 memories
included in it for remembering phone numbers to dial. It works
with the Icom 28, 38, 228, 229, 449, 901, 1201, 2330, 2400,
2410, 2500 and others. This mic also has an up and a down
switch on it. Basically, it is like an HM-12, but with DTMF pad
and memories added. These are about $170 new, so that
gives some idea of its sophistication!
This one is still in its box, with paper work. I do not think it
has ever been used. $95

KDK FM-2033 mobile FM transceiver for 2 meters

This rig produces just over 25 Watts in high power and
about 7 watts in low power. The rig is fully synthesized,
has memories, scan, subaudible PL tone, and all the
things that one expects in a 2 meter rig. It has a touchtone
microphone with it. It sounds great, and hears well.
It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. There is one
paint spot missing, about the size of a pin head. It includes
the touchtone microphone, mobile mounting bracket, power
cord, and paper work. The original box is also included,
although the box looks much worse than the radio. Even
the mic clip, and a bag of screws are included, as is the

original multicolored sales brochure. $90

Accessory items for sale:

B & W Model 595 "Protax" Coax Switch
This is the switch that is in a rectangular box about 9
inches long, with seven SO-239 connectors coming out
of the back. It is B & W's top of the line "Protax" series,
which means that it grounds all unused antennas. It will
switch up to 6 antennas.
This one works 100% and looks really great -- close to
new condition.
With the paper work for $45.

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with
250 and 25 watt scales. It can also be used to check
SWR, and has a remote sensor that can either be left
inside the meter, or separated from the actual meter
by about 3 feet. SO-239 connectors in and out. This
particular meter works great, looks fine and includes
paper work for $ 40.

MFJ 810 VHF Wattmeter / SWR Bridge
Similar to the MFJ 816 listed above, but for the 2 meter
and 220 MHz VHF bands. A web site says it is the same as
the MFJ 812.
This particular unit works fine, and looks fine also.
With paper work for $25.

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Belt Clips for various HTs
$8 each
Motorola, with hardware
Kenwood TR-2400, with hardware
Yaesu FT-209, with hardware

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Rubber Duck and telescoping antennas for your HT.
All are for 2 meters, have been used, but are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others - $10 each
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long - $10

PL-259 connector - 6.5 inches long - $10
HyGain 275, still in original package from when I bought it
20 or 25 years ago

PL-259 connector - Stubby - 4.6 inches long - $10
Centurion, still in original package from when I bought it
20 or 25 years ago

Special for Kenwood TH-21 HT threaded connector
Aftermarket stubby, 3.5 inches long - $10
Kenwood RA-6 regular, 6.6 inches long - $10

BNC to PL-259 antenna adapter
For use with any HT that has a BNC connector. It will
convert the BNC connector on the HT, so that you can use
a normal antenna with a PL-259 connector. Like new. $5

Antenna adapter for Kenwood TH-21 / 31 / 41 HTs
This adapts the antenna connector found on these HTs to a
standard BNC connector. $4

Prices do not include shipping from Florida.

Thanks.

FOR SALE: Tube Type 120v AC Power Supply

Has STANCOR PC8410 transformer rated 360-0360V AC
at 120 mA and also 6.3V AC at 5A. 720V CT at 120mA goes
to a full wave rectifier and a choke input filter.
Produces about 500V DC at 120mA.

Meter on front panel shows 0 to 100 mA DC.

Great for a medium size homebrew transmitter. There
are some dropping resistors inside too, and not sure what
they produce.

Built on a neat little aluminum chassis that is 6" X 4" X 3"
Overall height is 7-5/8" with handle. Has both cables.

Available for $25.00 plus shipping.

HLV-1400 for 70cm
HLV-2400 for 2m

I would prefer, if possible, to get them from somewhere in the UK, or europe, but, as these are proving so hard to find, would appreciate contact details of any place that I could find them, or anyone who is selling any of them, as long as they are in full working order, and good condition, and as long as they ship to the UK.

please contact me, using any of the details below, if you can help me, thanks.

7089. 37 ARRL Radio Amateurs Handbooks for sale!

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-11-11 17:33:11 UTC
From: Paul McInnish
Topic: 7089 Message: 7089

37 ARRL Radio Amateurs Handbooks for sale! If out of metro Atlanta area, will ship from zip 30045... CAUTION: Would be a heavy shipment! Prefer pick-up!
Year: 48, 51, 54, 55, 56, 67 (hardbound), 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 85, 86, 87, 88 (hardbound), 99; condition from absolutely mint to used and average.

$150.00 + shipping and SELLING AS PACKAGE, ONLY! All or none! Downsizing & do not want to fool with one-two-three at a time!

Some of these are rare!!

Note that this is an average of $4.00 each!!! Have seen some pricing 3-10 times higher than this pricing!!!

If within reasonable driving distance of metro Atlanta, would be worth the drive for this price!!!

TNX & 73,
Paul
K4BET
Cell: 678-429-2124 (If no answer, leave message...)

PS: You will also "acquire" some other ham radio books with this package! No list made... just will be a package that will be pulled from my book shelves and thrown in. For the price I am asking, please don't ask for a "freebie" list!

From: allen
Topic: 7091 Message: 7091

what we have here is a never been used Yaesu mobile power cord that came with a FT 101EE that I used to own. Don't need it anymore so time to sell! I would like to get 25 bux shipped to your door. Pics on request. Can only accept a USPS M.O. as I DO NOT have a paypal acct.

7093. FS: 455 kHz CW Filter, partial kit $30

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-11-14 16:40:04 UTC
From: Bry Carling
Topic: 7093 Message: 7093

FOR SALE: 250 Hz CW filter kit for 455 kHz i.f.

Tube buffs' CW filter kit consisting of schematic and simple
instructions with two 455 kHz crystals. Add a few parts and
voila... single-signal reception...

Proven 1960s design with make a great addition to any
ham receiver from the tube era. Or make your own
solid state version.

This is an adjustable 250 Hz wide filter. Requires two tubes,
6AK5 and 12AX7 and uses 150V DC, 6.3V AC but no i.f.
transformers or coils. Just a few resistors and caps, and
two 30 pF trimmers. (also available)

The partial kit consists of two new crystals and the instructions
plus a schematic.

Available for $30.00 plus shipping

Reply via e-mail to arrange purchase or for further details.

Details at:
http://www.af4k.com/miscpart.htm

7094. Climbing Belt / Tool Belt FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-11-17 12:56:23 UTC
From: Ken Simpson, W8EK
Topic: 7094 Message: 7094

Tool Belt / Climbing Belt For Sale:

Klein-Buhrke Model 5249-N-24
Manufactured 5 - 75
Made in USA

The above data is from the name plate on this item. Please note that most of us would probably call this a climbing belt, or at least that is what I would call it. But is not the complete OSHA approved full body harness for climbing towers. It is only the belt.

It will fit from about a 33 to 44 inch waist. Tools can be hung from it. It is leather, with the leather being in especially good condition for its age. Most leather turns a darker brown, almost black color. This one has been kept in an environment so that it is still the tan color of newer leather.

Again, this is not an OSHA approved full body harness, but is a belt only.

$35 plus shipping from Florida.

Thanks.

Antenna rotor and climbing belt for sale:

Alliance, U-100 Antenna Rotor For Sale:

This rotor can be used for a 2 meter, 6 meter, or a 440 MHz beam. It was designed to handle TV antennas, and should be fine up to about 5 sq ft wind load. In addition to azimuth, it can also be used for elevation control in a satellite system.

This package includes the control box, the actual rotor itself, and the paper work.

Four wire rotor cable is required. I do have some cable available. If you need it, please inquire.

It works fine, and looks OK as well.

Paper work is included for $60.

Tool Belt / Climbing Belt For Sale:

Klein-Buhrke Model 5249-N-24
Manufactured 5 - 75
Made in USA

The above data is from the name plate on this item. Please note that most of us would probably call this a climbing belt, or at least that is what I would call it. But is not the complete OSHA approved full body harness for climbing towers. It is only the belt.

FOR SALE: TWO HF MOBILE RADIOS

1) SBE SIDEBANDER radio for 10m Ham Band . Beautiful
chrome trim on the front panel.
Has controls for VOLUME, SQUELCH, AM / USB / LSB select,
Noise Blanker, CLARIFIER, Channel Select. Frequency coverage:
approximately 28.800 - 29.100 MHz - great for both AM and SSB.
Excellent condition. Comes with the original SBE microphone.
Power required: 12v DC - the fuse-protected DC power
cable is included. Fully working and checked out.
Available for $49.00 plus shipping.

Pictures and details at:
http://www.af4k.com/radios.htm

2) COBRA 148GTL - A top notch chrome faced radio. Has
controls for VOLUME, SQUELCH, RF GAIN, DYNAMIKE,
SWR CAL, METER S / RF / CAL / SWR, MODE LSB/USB/AM,
VOICELOCK (clarifier) , CHANNEL SEL, NB/ANL/ANL-OFF,
CB / PA, TONE, BRIGHT / DIM etc. Also has RX/TX
indicator lamp. Covers the 11m band from Channels 1 thru
23 and would be an easy candidate for conversion to
10m amateur service. Comes with the original Cobra microphone.
EXCELLENT condition. Fully working and checked out.
Power required: 12v DC - the fuse-protected DCpower
cable is included.

Available for $39.00 plus shipping.

7110. TenTec items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-12-14 21:04:47 UTC
From: Ken Simpson, W8EK
Topic: 1570 Message: 7110

TenTec items For Sale:

TenTec 256 FM module
This module adds FM to the Paragon 585 and the
Omni V 562, and maybe others. It works fine, and
includes cables and all paper work for $75

TenTec 285, 500 Hz filter
500 hz for CW or digital use
Fits Corsairs, Paragons, Omni V and VI, and others.
This one has its paperwork and looks like new. $70

TenTec Scout 555 / Argo 556 Band Modules
Band modules for 40, 30, 20, 17, 15, and 10 meters.
All work fine, and look fine as well.
Non-WARC band modules are $65 each.
WARC band modules (30 and 17 meters) are $70 each.

TenTec 296 mobile mount for 555 Scout or 556 Argo
Nice clam shell type of mount in very good condition.
With paper work for $50

TenTec KR-20 A Electronics Keyer / Paddles
The KR-20 A is a combination of a set of CW paddles and
the electronic keyer combined all in a single unit.
This unit will operate from either 120 V AC, or from
13 V DC. The electronic portion includes speed control,
plus an internal weighting control. Sidetone is also
included, and it will key both positive and negative
voltages with its reed relay output. It also has a
special "tune button" on the top that can be used as
an aid in adjusting your rig or antenna tuner, or it
can be used as a straight key.
This particular unit works fine, and looks fine also.
Paper work is included for $50.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. I am not positive if TenTec made this, or if

it is homebrew to look like TenTec. If it is homebrew, it
certainly is very professionally done. $150

Power cable for Hercules 444 linear amplifier
This is the heavy cable that goes from the power supply
to the amp. It has a heavy duty 9 pin molex type
connector on both ends, and multiple runs of either
#12 or #14 wire, and is about 6 feet long.
It is in good shape. $18

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

CW and related items For Sale:

Special Deluxe CW Key
This first key is extremely nice, and is special in its mounting. The key itself is a Nye Viking Speedex oval base 310-001 key, which sells new for $58 by itself, and has very nice action. What separates this key from any others is the base it is mounted on. It is solid metal about 6 inches long and 5 inches wide and 3/4 inch thick. It weighs about 6 pounds, so it will not move across the desk when you use it. There is a nice beveling around the top. To put it another way, this is a specially machined base, made for the key. The metal appears to be copper, although it is not shiny copper, but instead has a "patina" to it like antique items. A layer of cork covers the bottom to protect your operating table. There is a cable with a metallic shielded 1/4 inch plug on it. This is certainly a one of a kind key. $100

TenTec KR-20 A Electronics Keyer / Paddles:
The KR-20 A is a combination of a set of CW paddles and the electronic keyer combined all in a single unit.
This unit will operate from either 120 V AC, or from 13 V DC. The electronic portion includes speed control, plus an internal weighting control. Side tone is also included, and it will key both positive and negative voltages with its reed relay output. It also has a special "tune button" on the top that can be used as an aid in adjusting your rig or antenna tuner, or it can be used as a straight key.
This particular unit works fine, and looks fine also.
Paper work is included for $50.

TenTec KR-2 A Keyer Paddle For Sale:
The KR-2 A is the same paddle assembly used in the KR-5 and KR-20 A keyers, but does not have any electronics inside.
It also has a small button on the top of the case that can be used as a straight key, but can also be used as an aid to tune up your rig.
It is designed to be used with your own keyer, but many people have put an electronic keyer inside the shielded aluminum case which is about 4 x 4 x 2 inches in size, plus the paddle itself.
The KR-2 A is the woodgrain top / egg shell white color that matches the early Triton series of rigs, plus the Argonaut 509, and others.

This particular unit is in good condition.
The paper work is included (a single sheet). $25

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch plug. $5

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8
As above, but 1/8 inch plug. $8

Code Practice Key / Buzzer:

Herald Electronics Co. Model SW-12 A
"Telegraph Key with Buzzer"

This is a very vintage unit. It is in its original
box, with the paper work, with an address of simply
"Chicago, Ill", with no zip code, and not even a zone.
I would guess 1950's vintage, but of course that is a guess.

The unit consists of a code key built into a base that
appears to be bakelite. The key is somewhat similar to
a J-38 (without a shorting bar), with shiny nickel plated
knurled nuts. The key has a regular knob, and not a navy
knob. Behind the key is a round cover over the buzzer,
and behind that is a place for a single D cell battery.

The unit is complete with the original instruction sheet,
in the original box. $40

Code Tapes For Sale:

I realize that most of the people on this mailing list already
know the code, and these tapes probably are not appropriate
for them. However, many of you might be "Elmering" someone to
get going on the code, and will find them useful.

The following code tapes are from a silent key estate. They
are not original tapes. I have no idea where he got them from
-- if they came from the internet, off the air, or what. I do
know that they are code tapes that have good code practice on
them, as I have listened to portions of each tape. They all
appear to be 90 minute tapes. The names I am listing is what
is written on the tape.
I am selling them for basically the cost of the tape - $4 each.

Novice Class Prep - Random Runs

Novice Class Prep - Simulated Tests

10 WPM Plateau Buster

General Class 3 to 13 Speed Builder

General Class Speed Builder Tape - 13 WPM

Gordon West - 13 WPM

General Test

CW Related books:

Ameco "Mastering the Morse Code"
First Edition, 1957 $8

Ameco Code Course
This book looks like it might be made to go with the Ameco code records. There is general information about the code, but portions of the book list what is being sent by the code records. There is also a diagram about how to make a code practice oscillator from a 50C5 and 35W4. There is no date or edition on it, but the tube type CPO somewhat dates it! $5

ARRL Code Kit - 1976
This is the booklet only, that originally went with a kit of cassette tapes. This has the info that is contained on the tapes listed in it. If you have the tapes, and need the booklet to go with it, this is for you. If you just want to read about it, this is great also. $2

The ARRL Training Program - Official Novice Student Workbook
No date or edition, but it is designed for a 10 week course, leading to a novice license. $3

HyGain BN-86 Antenna Balun:

The HyGain BN-86 Balun is a 1:1 balun that may be used on beam antennas or on dipoles. HyGain used it with the TH-6 Tribanders (plus many others), but it has many more uses on most any type of antenna between 3 and 30 MHz.

The spec sheet says it is good for 1500 W PEP, or 800 W average with less than 2:1 SWR. Power rating goes down with an increase in SWR.

It can be mounted directly to the boom of a beam with a U bolt, or it can be hung as an inverted V, or used as a straight dipole. To put it another way, it is very versatile.

This one works fine, and looks good also. It has been used in an inverted V configuration, so it includes large eye bolts to support the wire for the dipole.

These are about $80 new. This one includes the paper work, and is $40.

Two & Three Position Coaxial Antenna Switches:

B & W Model CS-3 G (formerly 593)
This switch is in a rectangular box, with four SO-239
connectors coming out of the back. It will switch 3
antennas, grounding the antennas that are not in use.
It works great, and looks very close to new.
With paper work for $40.

MFJ 1702 B
Switches 2 antennas. Unused position IS grounded.
A third position grounds both antennas.
This coaxial antenna switch is in a heavy diecast housing
that utilizes "stripline" construction to keep the impedance
constant.
This one works 100% and looks great also. $22

Model CX-3 Coax Switch
This switch will switch 3 antennas, with unused positions
NOT grounded. Rectangular with three connectors out the back,
and the common out the front.
It works fine and looks great. $15

SWR Bridges:

Micronta 21-525B Field Strength and SWR Meter
Covers 3 to 30 MHz, to check your SWR or to use to
check your field strength.
This meter works fine and looks close to new, with no scratches.
It is in its original box, with the paper work for $25.

Ameco Model BIU, SWR Bridge
This is apparently an older unit that matches much of the boat
anchor gear, except this one looks very close to new. Of
course it works fine also.
The meter unit is in a very nice light gray / black enclosure,
with a remote sense unit which has copper plating (still shiny).
There are provisions for using a second remote sensor and
switching between the two. This sensor is model SWB, and
says it is good to 225 Mc. Of course it is for 50 ohm systems,
and has an SO-239 on each end of the sensor. $50

TenTec Scout 555 and Argo 556 accessories:

TenTec Scout 555 / Argo 556 Band Modules
These are the modules that plug in to either the TenTec
Scout or Argo, to give additional band coverage.
Band modules are available for 40, 30, 20, 17, 15, and
10 meters.
Non-WARC band modules are $60 each.
WARC band modules (30 and 17 meters) are $65 each.

MFJ 260 dry dummy load
Rated at 300 watts by MFJ, but it has the derating curve on the enclosure which shows that it is only good for 300 watts for about 30 seconds. It is good for 100 Watts for about 1 and a half minutes, which is likely the way most of us would use it. It is good for 25 watts for about 6 minutes. Although most of us would likely use it for HF rigs, it can be used on VHF rigs as well. It is rated for under 1.1 to 1 SWR to 30 MHz and usable up to 650 MHz with under 1.3 to 1 SWR.
PL-259 connector.
I measured the actual value, and it shows 50.6 ohms. It is hard to get much closer to 50 ohms that that!
With paper work for $30.

Heavy duty power supply:
Pyramid PS-35
This supply is good for 32 Amps Constant or 35 Amps Surge. The output voltage is adjustable over a 12 to 15 volt range with a multi turn pot. It has crowbar over voltage protection, short circuit & thermal protection and features a pair of nice large edgewise meters to measure output voltage and output current. There is an internal fan. This is a very healthy, heavy duty, deluxe supply!
$135

Headphones:
Generic headset
Smaller ear pieces just over an inch in diameter, so they do not completely cover your ear.
With 1/4 inch mono plug; 16 ohm impedance.
Good condition. $18

Phone patches or digital interfaces:

Although designed to be used as a phone patch, to connect your rig on both transmit and receive to a telephone line, these can also be used to interface your rig to a sound card. There is an internal audio transformer inside, just like on some of the "interface boxes" being sold today.

Kenwood PC-1 A phone patch/digital interface
This is the model with the 8 pin connectors, although they can be changed, if needed. It includes a nice meter for adjusting the null so VOX will work OK.
This particular unit works fine, and looks very, very good.
With paperwork for $40

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Nye Viking Low Pass Filter Model 020-001
This filter is rated at 2000 watts, with over 65 db of
attenuation above 57 MHz. These are about $60 new;
this one is close to new for only $35.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut
off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts
PEP SSB. It has SO-239 connectors on each end. $30

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

Drake TV-1000 Low Pass TVI filter
This is the low pass TVI filter that is in the copper case,
and may also be used on the low end of six meters, as well
as HF.
It is a 50 ohm filter and is good for 1000 W below 30 MHz,
and about 200 W up to 52 MHz.
This one works fine and looks good also.
With paper work for $30.

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs
almost twice as much as the newer model, and looks like it
would take more power. It likely was made in the days that
plate modulated AM was the rule. $28

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Prices do not include shipping from Florida.

Thanks.

7117. FS: "EFJ Style" Receiver Cabinet project

Yahoo group: RadioSwap (2008 — 2014)
Date: 2008-12-24 16:04:43 UTC
From: Bry Carling
Topic: 7117 Message: 7117

FOR SALE: "EFJ Style" Receiver Cabinet project.

Here's a really cool looking cabinet with a thick
front panel, great cabinet painted in the
EFJ colors, and a chassis alreay cut for tubes,
PLUS a dynamic reduction-drive, dial mechanism.
complete with a 4 gang (looks like) 0-500 pF
variable capacitor. There are other components
too, like a second reduction drive capacitor under
the chassis and two sealed Allen-Bradley pots with
knobs.

Available for $35.00 plus shipping.

For pictures and complete details, see:

http://www.af4k.com/miscpart.htm

For sale:

PAIR OF 80m CRYSTALS - one for you and one for
a friend. On 3618.33 KC. These fit in standard FT243 sockets
but are slightly larger. Made by General Electric and both are
in excellent condition. Fully tested.

Will sell for $2.50 each or $5.00 for the pair.

7123. Extensive list of HF and related items FS

Extensive list of HF and related accessories For Sale:

Wattmeters and SWR Bridges:

MFJ 860 HF Wattmeter / SWR Bridge
This meter has the modern cross needle meter that will read
both forward and reverse power at the same time, and hence
SWR also. It is for 1.8 thru 60 MHz, and has scales for 300
Watts and 30 Watts full scale. If 12 V is applied, the meter
is back lighted.
This particular unit works fine, and looks fine also.
With paper work for $45.

MFJ 810 VHF Wattmeter / SWR Bridge
Similar to the MFJ 816 listed above, but for the 2 meter
and 220 MHz VHF bands. A web site says it is the same as
the MFJ 812.
This particular unit works fine, and looks fine also.
With paper work for $25.

Micronta 21-525B Field Strength and SWR Meter
Covers 3 to 30 MHz, to check your SWR or to use to check your
field strength.
This meter works fine and looks close to new, with no scratches.
It is in its original box, with the paper work for $25.

Ameco Model BIU, SWR Bridge
This is apparently an older unit that matches much of the boat
anchor gear, except this one looks very close to new. Of course
it works fine also.
The meter unit is in a very nice light gray / dark gray enclosure,
with a remote sense unit which has copper plating (still shiny).
There are provisions for using a second remote sensor and switching
between the two. This sensor is model SWB, and says it is good to
225 Mc. Of course it is for 50 ohm systems, and has an SO-239 on
each end of the sensor. $50

Model CX-3 Coax Switch
This switch will switch 3 antennas, with unused positions
NOT grounded. Rectangular with three connectors out the back,
and the common out the front.
It works fine and looks great. $15

MFJ 260 dry dummy load
Rated at 300 watts by MFJ, but it has the derating curve on
the enclosure which shows that it is only good for 300 watts
for about 30 seconds. It is good for 100 Watts for about

1 and a half minutes, which is likely the way most of us
would use it. It is good for 25 watts for about 6 minutes.
Although most of us would likely use it for HF rigs, it can be
used on VHF rigs as well. It is rated for under 1.1 to 1 SWR
to 30 MHz and usable up to 650 MHz with under 1.3 to 1 SWR.
PL-259 connector.
I measured the actual value, and it shows 50.6 ohms. It is
hard to get much closer to 50 ohms that that!
With paper work for $30.

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

Touch tone (DTMF) microphones:

Kenwood MC-46 DTMF Microphone
Touch tone DTMF microphone with 6 pin connector, as used on
TR-7730, TR-7800, TR-7850, TR-7930, TR-7950, TR-8400, TR-9000,
TR-9130, and others. Up-down switch on top. Of course the
connector could be changed to an 8 pin connector to use on other
rigs. This one works 100%, and includes paper work in the
original box for $45.

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, along with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
Paper work included for $40.

Drake 1525 EM Touchtone (DTMF) Microphone
This is the mic that was used to add a touchtone pad to
a lot of rigs in the 70s and 80s. Normal hand mic from
the front, but has a touchtone pad on the back. Four
pin mic plug. This particular unit has been used, but is
in good shape and includes paper work. $38

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $40

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

CW items:

Special Deluxe CW Key
This first key is extremely nice, and is special in its
mounting. The key itself is a Nye Viking Speedex oval base
310-001 key, which sells new for $58 by itself, and has
very nice action. What separates this key from any others
is the base it is mounted on. It is solid metal about 6
inches long and 5 inches wide and 3/4 inch thick. It
weighs about 6 pounds, so it will not move across the
desk when you use it. There is a nice beveling around
the top. To put it another way, this is a specially
machined base, made for the key. The metal appears
to be copper, although it is not shiny copper, but
instead has a "patina" to it like antique items. A
layer of cork covers the bottom to protect your operating
table. There is a cable with a metallic shielded 1/4 inch
plug on it. This is certainly a one of a kind key. $100

TenTec KR-2 A Keyer Paddle For Sale:
The KR-2 A is the same paddle assembly used in the KR-5
and KR-20 A keyers, but does not have any electronics inside.
It also has a small button on the top of the case that
can be used as a straight key, but can also be used as an
aid to tune up your rig.
It is designed to be used with your own keyer, but many
people have put an electronic keyer inside the shielded
aluminum case which is about 4 x 4 x 2 inches in size,
plus the paddle itself.
The KR-2 A is the woodgrain top / egg shell white color
that matches the early Triton series of rigs, plus the
Argonaut 509, and others.
This particular unit is in good condition.
The paper work is included (a single sheet). $25

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8
As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch plug. $5

Code Practice Key / Buzzer:

Herald Electronics Co. Model SW-12 A
"Telegraph Key with Buzzer"

This is a very vintage unit. It is in its original box, with the paper work, with an address of simply "Chicago, Ill", with no zip code, and not even a zone. I would guess 1950's vintage, but of course that is a guess.

The unit consists of a code key built into a base that appears to be bakelite. The key is somewhat similar to a J-38 (without a shorting bar), with shiny nickel plated knurled nuts. The key has a regular knob, and not a navy knob. Behind the key is a round cover over the buzzer, and behind that is a place for a single D cell battery.

The unit is complete with the original instruction sheet, in the original box. $40

TenTec Accessories:

TenTec 285, 500 Hz filter
500 hz for CW
Fits Corsairs, Paragons, Omni V and VI, and others.
This one has its paperwork and looks like new. $70

Scout 555 / Argo 556 Band Modules
Band modules for 40, 30, and 20 meters.
Non-WARC band modules are $65 each.
WARC band module (30 meters) is $70 each.

Low Pass TVI Filters:

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work with it. $ 35

Drake TV-1000 Low Pass TVI filter
This is the low pass TVI filter that is in the copper case, and may also be used on the low end of six meters, as well as HF.
It is a 50 ohm filter and is good for 1000 W below 30 MHz, and about 200 W up to 52 MHz.
This one works fine and looks good also.
With paper work for $30.

Nye Viking Low Pass Filter Model 020-001
This filter is rated at 2000 watts, with over 65 db of attenuation above 57 MHz. These are about $60 new; this one is close to new for only $35.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut off frequency of 45 MHz and 75 db of attenuation. It is rated to take 1000 Watts of AM, or 5000 Watts PEP SSB. It has SO-239 connectors on each end.
$35.

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end. This is an older model that seems much heavier duty. It weighs almost twice as much as the newer model, and looks like it would take more power. It likely was made in the days that plate modulated AM was the rule.
$30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. $ 40.

Prices do not include shipping from Florida.

Thanks.

12-pin Cinch Jones connectors - as used for AC power cable
on SWAN radios, Yaesu FT-101 series radios, Kenwood radios etc.
Available $6.00 - or buy two or more at $5.00 each.

Tower Warning Signs: "WARNING DO NOT CLIMB" - $4.00 each

QTY 2 - 500K Potentiometers - standard 2 watt panel type mount
type with 1/4 inch shaft. Available for $4.00 each.

QTY 2 - Allen Bradley 50K Potentiometers - Type J - standard
2 watt panel type mount type with 1/4 inch shaft.
Available for $4.00 each.

SIX HC50/U CRYSTAL SOCKETS.
Use for HC-25/U and other small plug-in crystals.
5mm pin spacing = 5/32" spacing. Same as used in almost all
1970 - 1985 era ham rigs. 6 available for $10.00 (FOR ALL SIX!)
plus shipping.

QTY 2 Ohmite Power resistors - 3 ohms at 500 Watts each.
Available for $12.00 each.

QTY 11 New NON-INDUCTIVE RESISTORS, 10 ohms 100 Watts
Available for $6.00 each or buy all eleven for $56.00

QTY 6 NON-INDUCTIVE RESISTORS, 175 ohms at 75 watts
Available for $5.00 each or buy all 6 for $24.00

1 Megohm 1/4W 5% Carbon Film Resistor - 5 cents each.

BC-610 CRYSTALS - large (Type FT-171B)
Normally $19.00 each... Packages of three for $25.00

GROUP #1 OF 3 X FT171B CRYSTALS
2630, 3550, 3580 kHz

GROUP #3 OF 3 X FT171B CRYSTALS
3705, 3945, 3955 kHz

GROUP #4 OF 3 X FT171B CRYSTALS
3835, 3945, 3955 kHz

ROTARY SWITCHES - QTY of 6 assorted rotary wafer switches.
All 6 for $12.00 total plus shipping.

Quantity 4 H.V. Variable Capacitors - 250 pF, 50 pF and two 30 pF
spilt stator. Buy all four for $12.00 plus shipping

FOR SALE:

HUMUNGOUS TRANSMATCH - Partially built kit...

Here is a really nice 3KW plus antenna tuner "kit"
that comes with everything you need to make
a better antenna tuner than just about anything
that you could buy commercially for 160m - 10m.

Heavy duty thick-wall aluminum chassis and cover,
fine quality large roller inductor, balun kit
with cores and glas tape. Also has a very
fancy turns counter, EF JOHNSON power/SWR meter
and three SO-239 connectors. There are also
three switches including a QRO 6-position
band switch, ceramic standoffs etc. etc.

See photos for details.

Available for $135.00 plus shipping.

Pictures and details at:

7147. FS: 500 watt power transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-02-22 00:53:43 UTC
From: Bry Carling
Topic: 7147 Message: 7147

FOR SALE: 500 watt potted AC power transformer.
Gray, military style, above chassis mount.

Primary 115 - 125 V AC
Secondaries:
5V CT at 5A
880V CT at 360 mA continuous (720 mA ICAS)
180V at 60mA continuous (120 mA ICAS)
5V CT at 2.5 A
6.3V at 15 A
6.3V at 6 A
6.3V at 1 A

Type T-4818 made in Bloomfield, NJ by
"Prototype Transformer Corp."
Excellent potted design with dimensions:
5-1/8" X 4-5/8" X 6-1/2" tall.

Available for $22.00 plus $15.00 for continental USA shipping
(no Alaskuh or Hawaii etc.)

7148. FS: 20 RF Chokes for $25.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-02-22 19:40:31 UTC
From: Bry Carling
Topic: 7148 Message: 7148

FOR SALE:
Here's a really nice assortment of 20 new and used RF chokes. Most are
new, a few used. There is a pair of plate suppresors, a large RF plate choke.
Several nice NEW RFCs.ALso nice variable LF/MF Loopstick with chassis mount.
Will sell the entire batch for $25.00 plus $6.00 shipping.

Picture and details here:

http://www.af4k.com/miscpart.htm

7149. 2 m rig and many VHF accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-02-28 01:40:32 UTC
From: Ken Simpson, W8EK
Topic: 7149 Message: 7149

Two meter rig and many accessory items For Sale:

Two meter FM Transceiver:

KDK FM-2033 mobile FM transceiver for 2 meters

This rig produces just over 25 Watts in high power and
about 7 watts in low power. The rig is fully synthesized,
has memories, scan, subaudible PL tone, and all the things
that one expects in a 2 meter rig. It has a touchtone
microphone with it. It sounds great, and hears well.
It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. There is
one paint spot missing, about the size of a pin head. It
includes the touchtone microphone, mobile mounting bracket,
power cord, and paper work. The original box is also included,
although the box looks much worse than the radio. Even the
mic clip, and a bag of screws are included, as is the
original multicolored sales brochure. $89

MFJ 817 Cross Needle VHF Wattmeter / SWR Bridge
The MFJ-817 covers 2 meters VHF and 440 MHz UHF. The extra large
3 inch Cross Needle Meter reads SWR and peak/average for forward
and reflected power. Power ranges: 200/20 Watts forward and 50/5
Watts reflected. Reads SWR from 1:1 and 8:1. SO-239 connectors.
There is a switch for dial illumination (requires 12 V DC).
This one works fine and looks nice with its black face.
These are over $100 new, but you can have this one for $60.

MFJ 860 HF Wattmeter / SWR Bridge
This meter has the modern cross needle meter that will read
both forward and reverse power at the same time, and hence
SWR also. It is for 1.8 thru 60 MHz, and has scales for 300
Watts and 30 Watts full scale. If 12 V is applied, the meter
is back lighted.
This particular unit works fine, and looks fine also.
With paper work for $45.

HyGain BN-86 Antenna Balun
The HyGain BN-86 Balun is a 1:1 balun that may be used on
beam antennas or on dipoles. HyGain used it with the TH-6
Tribanders (plus many others), but it has many more uses on
most any type of antenna between 3 and 30 MHz.
The spec sheet says it is good for 1500 W PEP, or 800 W
average with less than 2:1 SWR. Power rating goes down with
an increase in SWR.

It can be mounted directly to the boom of a beam with a U
bolt, or it can be hung as an inverted V, or used as a straight
dipole. To put it another way, it is very versatile.
This one works fine, and looks good also.
These are about $80 new. This one includes the paper
work, for $40.

Antenna Switch:

B & W Model 550 A coax switch
This model will switch up to 5 antennas, and does NOT
ground unused antennas. It has SO-239 connectors
on the sides, with the coax coming out like spokes
of a wheel.
This particular switch has the optional B & W plate
installed that has the antennas labeled with 28, 21,
14, 7, and 3.5 on the dial.
Of course it works fine, and look OK also.
$40

DTMF Touch Tone Microphones:

Kenwood MC-46 DTMF Microphone
Touch tone DTMF microphone with 6 pin connector, as used
on TR-7730, TR-7800, TR-7850, TR-7930, TR-7950, TR-8400,
TR-9000, TR-9130, and others. Up-down switch on top. Of
course the connector could be changed to an 8 pin connector
to use on other rigs. This one works 100%, and includes
paper work in the original box for $45.

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $40

Drake 1525 EM Touchtone Microphone
Normal hand mic from the front, but has a touchtone pad
on the back. Four pin mic plug. Used, but in good shape.
Includes paper work. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Regular (nonDTMF) Microphones:

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires
polarizing voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic
mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

Icom charger and battery:

Icom BC-35 desk charger
The BC-35 will fast charge the BP-2, BP-5, BP-7, and BP-8
battery packs. It will also charge the BP-3 and BP-4, but
these take 12 to 15 hours. It works 100% and looks fine
as well. $35

Speaker Microphones:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Yaesu YM-24 A speaker mic.
Fits FT-207, 208, plus many others. It has the odd
little round connector on it like Yaesu, Wilson, Santec,
and others used in the 1970s and 80s. This particular
unit works fine, and looks great also. $20

Accessories for several Kenwood HTs:

Kenwood PG-3 E DC Cord
This cord plugs into the cigarette lighter to provide 12 V DC
to the TH-215, TH-225, TH-415, and other Kenwood HTs. It has
a filter built in, and permits high power operation of the HTs.
$20

Kenwood BH-2 Belt Clip for TH-215, TH-225, TR-2500, TR-2600,
and others $8

Kenwood SC-12 Vinyl Case
For TH-215, TH-225 and others, with room for the standard PB-2
and PB-3 battery packs. Black color. In very nice condition. $15

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and

PB-4 battery packs. It can also be used with the smaller PB-2 and
PB-3 battery packs, by putting a filler in the case. Black color.
In very nice condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be used
with the smaller PB-2 and PB-3 batteries. This is real leather,
tan in color, and is in very nice condition. $25

Accessories specific to the Kenwood TH-21 / 31 / 41 series HTs:

Special rubber duck antenna for Kenwood TH-21 HT with threaded
connector
Kenwood RA-6 regular, 6.6 inches long - $10
As above but for TH-41 HT, 440 MHz - Stubby - $15

Accessories specific to the Kenwood TR-2400 HT:

Belt clip for TR-2400 HT, complete with hardware - $8

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of
the Kenwood TR-2400, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used.
It is in good shape, and works fine. $3

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery of the Azden PCS-300, 2 meter HT, outside of the HT itself. Usually, one must have the battery inside the HT, but this lets you charge a second battery outside of the HT. The original charger is used. If you have a PCS-300 HT, you need this adapter.
It works fine, and looks like new. $3

Belt Clips for various HTs -- All include the hardware with the belt clip
$8 each
Kenwood BH-2 for TH-215, TH-225, TR-2500, TR-2600, and others
Kenwood TR-2400
Motorola
Yaesu FT-209

Wrist Straps for various HTs - $4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Antennas and antenna related items for sale:

Two meter mobile antenna:

Cushcraft Magnetic Mount 5/8 wave, 3 db gain antenna for 2 meters
Consists of a heavy duty mag mount, with coax, and the antenna and spring.
It works fine and looks fine also. $50

Gain antenna coil, spring and whip
The antenna is a 5/8 wave antenna for 2 meters, which has a gain of about 3 db. The coil can be used with any of the NMO mounts (made by Motorola, Larsen, Cushcraft and many others). The antenna is approximately four feet long, and is in good condition. $30

As above, but without the whip.
The whips are hard to ship, so you might want only the coil and spring, and obtain a whip locally. $25

Larsen NMO-MM Mag Mount
This rectangular mag mount features an extremely strong magnet. Any of the NMO antennas made by Larsen, Motorola, Cushcraft, and many others will fit on it. It includes coax, with an N connector on it. It is in great condition for $22.

Cushcraft CSMG NMO Magnetic Mount
This is a strong, round, magnetic mount which can be used with any NMO antenna. Coax is included, with a PL-259 on the end.
Nice condition for $20.

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.
All fit the Larsen NLA mount, which is a mount that
is proprietary to Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on the
70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q
Fits a 5/16 inch stud, such as the Larsen LM mount, and others.
It can be cut for 2 meters, 220 MHz, or 450 MHz bands. $7

Larsen NMO-Q
Precut for 450 MHz. New, still in bag. $8

Avanti / Antenna Specialists "On Glass" antennas:

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck Antennas for your HT:

All are for 2 meters, are in very nice condition, and
are $10 each, unless stated otherwise.

BNC Connector, 4.6 inches long

5/16 inch threaded, as used by Motorola and others
Regular, 5.7 inches long
Stubby, 4 inches long

Type F connector, 6.5 inches long

PL-259 connector, 6.5 inches long
HyGain 275, still sealed in original packaging
from when I bought it 20 or 25 years ago

PL-259 connector - Stubby, 4.6 inches long
Centurion, still sealed in original package
from when I bought it 20 or 25 years ago

Special Rubber Duck antennas for Kenwood TH-21 series
2 meter HTs with the threaded connector
Kenwood RA-6 regular, 6.6 inches long
As above but for TH-41 HT, 440 MHz, Stubby, $15

Alinco EA-0085 for 220 MHz
BNC connector, 5.6 inches long

Prices do not include shipping from Florida.

Thanks.

Ham Publications For Sale:

Some are vintage, and some more modern.
All are in excellent condition, unless listed otherwise.

Bash Book
This is the book that started it all, back in the 1970's.
"General Class Test Guide, The Final Exam" listing all of
the General Class questions and answers. Nice condition. $8

ARRL Antenna Book
1974, 13th edition, smaller size $8

W2AB's "Second Op"
This is the large (about a foot in diameter) "wheel"
that has a lot of DX information on it.
By turning the wheel to the call sign prefix, the continent,
zone, and country is shown, along with great circle beam
headings from different parts of the country. In another
area, postage rates are shown, but I am certain that info
is outdated.
This is the "New 7th Edition - Fully Computer Revised".
It is in good condition. $10

ARRL Hints and Kinks for the Radio Amateur
1974, smaller size, $8
1989, 12th edition, $8
1997, 14th edition, like new, $14

ARRL How to Become a Radio Amateur, 1970, 26th edition,
Extremely nice, close to new condition,
with many vintage ads in the back, $15

ARRL Understanding Amateur Radio
1977, no edition number listed, $8

ARRL Handbooks:

These are in the smaller format (6 1/2 by 9 1/2 inch size).
They include tube charts and ads for vintage equipment,
which are not in the newer handbooks.
1977 - 54th edition - Good condition $10

More modern, larger 8 1/2 by 11 inch format:
1981 - 58th edition - Nice shape $13
1982 - 59th edition - Good condition $11

Code Tapes:

All are original tapes in great condition, in their
original containers.

ARRL "Increasing Your Code Speed" 15 to 20 WPM
Two tape set to take one from 15 WPM up thru 20 WPM;
Paper work is included. $10

Gordon West "Radio School" code tape
"10 WPM Plateau Breaker" $6

ARRL Operating an Amateur Radio Station
1976 - 57th edition $3
1978 - 58th edition $3
1983 - 61st edition $3
1984 - 62nd edition $3
1989 - 63rd edition $4

ARRL Radio Amateurs Operating Manual, 1985, 2nd edition, $8

Ham Price Guide - 2nd Edition
Lists prices of used ham gear - $5

Call Area Map of the World
33 x 24 inches in size $5

ARRL DXCC Countries List
Sept 1997 - marks in it - $2

ARRL FCC Rule book
1988 - seventh edition - $3
1989 - eighth edition - $3
2004 - 13th edition - $10

RSGB "Amateur Radio Operating Manual"
1982 - 2nd edition - $8

ARRL Public Service Communications 1985 - Ninth edition - $3
1990 - no edition number listed - $3

ARRL Amateur Radio Field Resources Directory
1986-87 - First edition - $ 7

General Class License Manual by Gordon West, WB6NOA
Second Edition - Like New - $3
Fifth Edition - Like new - $5

Upgrade to General Class by Don Stoner, W6TNS
1992 - $4

Advanced Class License Manual by Gordon West, WB6NOA
"New Edition" - Second Edition - 1995 - $4

Ameco "Novice License Radio Amateur FCC Test Manual"
By Martin Schwartz - 1984 - like new - $4

Ameco "Amateur Radio Novice Class Theory Course"
By Martin Schwartz. Far more in depth than the test manual.
First Edition - 1978 - $5

Ameco "Complete Technician Radio Amateur FCC Test Manual"
By Martin Schwartz - 1992 - $3

Ameco "General Class Radio Amateur FCC Test Manual"
By Martin Schwartz - 1984 - Like new - $4
As above, but includes 1988 questions and answers - $4

Ameco "Advanced Class Radio Amateur License Guide"
By Martin Schwartz - First Edition - 1981 - like new - $5

Ameco "Advanced Class Radio Amateur FCC Test Manual"
By Martin Schwartz - Copyright 1987, with added 1991 material
First Edition - Like New - $6

Ameco Code Course
There is general information about the code, but portions
of the book list what is being sent by the code records.
There is also a diagram about how to make a code practice
oscillator from a 50C5 and 35W4. $5

ARRL Code Kit Book, 1976
This is the booklet only, that originally went with a kit
of cassette tapes. This has the info contained on the
tapes listed in it. $2

Vintage ARRL Licensing material:

ARRL License Manuals - $3 each
1977 - 76th edition - All classes
1979 - 77th edition - All classes
1984 - 79th edition - All classes
1984 - 80th edition - All classes
Technician Class - 1989 - First edition
General Class - 1989 - First edition
.....1997 - Second Edition
Advanced Class - 1985 - First edition
.....1990 - Third Edition
Extra Class - 1988 - Third edition

Tune in the World with Amateur Radio
1976 - First Edition - $3

Now You're Talking
1993 - 2nd edition - $10

Sam, Tab Publishing, and Hayden Vintage Licensing material:

General Class Amateur License Study Guide
By Phil Anderson, W0XI; published by Sams
First Edition - 1979 - $3

Amateur Radio General Class License Study Guide
By Jim Kyle and Ken Sessions; Tab Publishing
1975 - 2nd edition - $3

Amateur Radio Advanced Class License Study Guide
By Jim Kyle and Ken Sessions; Tab Publishing
1975 - 2nd edition - $3

Hayden "Radio Operator's License Q & A Manual" by Kaufman
For commercial tests - Eighth Edition - 1976
About 1 1/2 inches thick - $5

Sams Photofact "Master Index"
Lists what is in the various Sam's Photofacts as of
Aug 1960 - Good condition - $8

"Installing your Own Telephones"
By Radio Shack - 3rd edition - 1989 - $3

Repeater Directories - $3 each
1982-83
1983-84
1987-88
1989-90
1999-2000
2000-01

US Repeater MapBook
Includes Repeater Directory, with maps showing their location
For US, Canada, and Mexico - Sixth Edition - $5

Prices do not include shipping from Florida.
Media Mail shipping is relatively inexpensive.

Thanks.

OFFICE OF THE GOVERNOR
CENTRAL BANK OF NIGERIA
Our Ref: CBN/OHG/OXD1/2009
Your Ref: .....
TELEX: CENBANK.
PAYMENT FILE: CBN/BEN/09.

Attn: Beneficiary,

PAYMENT NOTIFICATION.

Definitely, I know that this letter will be a surprising one to you. Firstly, I will like to introduce myself formally as Prof. Charles Soludo, The Executive Governor of The Central Bank of Nigeria (CBN).

I am officially contacting you today because your Inheritance Funds were Re-deposited into the "Federal Suspense Account" of CBN last week, because you did not forward your Claim as the Right beneficiary.

Well known to all, The Central Bank of Nigeria is the mother Bank of all commercial Banks here in Nigeria.

Really these men were unexpected by me because their visit was impromptu. I had to ask them why they came to see me in person and they said that they were here to Collect the Inheritance Bill Sum of (US$20,000,000) which rightfully belongs to you, on your behalf.

At this development I asked them who authorized them to come down to Nigeria for the Collection of this Payment and they told me that you asked them to come and collect this Funds
on your Behalf. In fact this was the biggest shock that this Bank have ever received so far because your Inheritance Funds is still in the "Federal Suspense Account" of CBN, yet you sent these men to come and collect this Funds on your behalf without notifying us.

We in this Bank do not understand why you sent these men to come and Collect your Funds on your behalf. If actually you want them to help you collect your Inheritance Bill Sum, at least you should have informed me as the Executive Governor of this Bank.

They actually tendered some Vital Documents, which proved that you actually sent them for the Collection of these Fund. Honestly, it really baffles me that you took such decision without my consent.

Here are the Documents, which they tendered to this Bank today:

1. LETTER OF ADMINISTRATION.
2. HIGH COURT INJUNCTION.
3. ORDER TO RELEASE.

Actually, these Documents, which they tendered to this Noble Bank, is a clear Proof that you sent them to Collect this Funds for you. Finally, I told them to come back tomorrow morning and they promised to come back.

As the Governor of this Noble Bank, I was supposed to Release this Funds to them but I refused to do so because I wanted to hear from you first. Due to the Nature of my job, I will not want to make any mistake in Releasing this Funds to anyone except you whom is the Recognized Bonafide Beneficiary to this Funds.

Kindly clarify us on this issue before we make this Payment to these foreigners whom came on your behalf.

In receipt of this confidential Letter, you are required to respond immediately to this email with your full name, address and phone number for reconfirmation and immediate action or you call me for more clarification.

OFFICIALLY SIGNED.
PROF. CHARLES SOLUDO

7161. FS: Aluminum Chassis

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-03-21 10:28:56 UTC
From: Bry Carling
Topic: 7161 Message: 7161

For sale: Several Aluminum Chasses - Budboxes etc.

Some are new others used but only have minimal holes.
(no cast metal - all are sheet aluminum or aluminium!)

Great for building transmitters, receivers, power supplies, accessories etc.

QTY 1 - New 6 X 4 X 2 inches - $5.00

QTY 1 - New 7 X 5 X 2 inches - $6.00

QTY 1 - Used 12 X 8 X 3 - $7.00

QTY 3 - Used - 10 X 5 X 3 inches - $4.00 each

Shipping additional.

Photos and details will be posted later at:
http://www.af4k.com/miscpart.htm

73 & thanks for looking - Brian, AF4K

7162. FS: Gel Cell Batteries

Yahoo group: RadioSwap (2008 — 2014)

FOR SALE: Rechargeable Gel Cell Batteries

These are sealed, lightly used batteries suitable for ham QRP field work etc.

QTY 2 X 12 V DC at 7.0 Ah - $6.00 each
QTY 1 X 12V DC at 3.2 Ah - $4.00
QTY 1 X 12V at 2.2 Ah - $3.00

QTY 2 X Banks of three X 6V at 7.0 Ah
(can easily be separated) - $6.00 per bank.

shipping additional.

Pictures and details will be posted later at:

7163. Reduced 40m and 6m crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-03-21 11:20:56 UTC
From: Bry Carling
Topic: 7163 Message: 7163

FOR SALE: FT-243 crystals for the ham bands... CQ CQ CQ...
(temporary reduced prices) - these are normally $12.00 each.

40m is about to open up a whole new adventure with the high power
broadcasters moving out by the end of March. To celebrate, here
are some deals on crystals. (I have many others available)

Some of these are on already-popular AM spots - others encourage
exploration and of course you can operate AM and CW anywhere
that they are allowed.

40m - 10m

7000 kHz - $4.00 each
7025 kHz - $10.00 each
7075 kHz - $8.00 each
7100 kHz - $5.00 each
7106.7 kHz - $6.00 each
7122 kHz - $9.00 each
7123 kHz - $9.00 each
7125 kHz - $5.00 each
7135 kHz - $5.00 each
7136.25 kHz - $4.00 each
7140 kHz - $8.00 each
7143 kHz - $11.00 each (20m AM)
7146 kHz - $9.00 each
7150 kHz - $9.00 each
7152 kHz - $5.00 each
7155 kHz - $5.00 each
7156.25 kHz - $5.00 each
7159 kHz - $9.00 each
7161 kHz - $9.00 each
7162 kHz - $9.00 each
7165 kHz - $5.00 each
7170 kHz - $5.00 each
7172 kHz - $4.00 each
7173.3 kHz - $4.00 each
7174 kHz - $5.00 each
7175 kHz - $5.00 each
7176 kHz - $4.00 each
7177 kHz - $4.00 each
7179 kHz - $4.00 each
7180 kHz - $5.00 each
7185 kHz - $6.00 each
7187 kHz - $6.00 each
7188 kHz - $6.00 each

7190 kHz - $9.00 each
7195 kHz - $9.00 each
7200 kHz - $4.00 each
7205 kHz - $4.00 each
7225 kHz - $4.00 each
7250 kHz - $9.00 each
7275 kHz - $9.00 each
7300 kHz - $4.00 each

6m:

8350 = 50.100 MHz - $5.00 each
8375 kHz = 50.250 MHz - $4.00 each
8400 kHz = 50.4 MHz - $12.00 each
8425 kHz = 50.55 MHz - $4.00 each
8450 kHz = 50.7 MHz - $4.00 each
8475 kHz = 50.85 MHz - $4.00 each

Many other frequencies available. See web site below.

Prices are good while they last, and through March 30th only.
Shipping additional.

73 - Bry, AF4K

7164. Final Notification of Payment

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-03-22 17:34:36 UTC
From: United Nations Assisted Program
Topic: 7164 Message: 7164

United Nations Assisted Program
Directorate of International Payment
United Nations Liaison Office - Africa

This email is to notify you about the release of your outstanding payment which is truly $4.7 million. The Federal Government scheduled a time frame to settle all foreign debts which includes Contract/Inheritance/Gambling/Lottery (Sponsored by Microsoft and UK National Lottery) and other international loans. News had it that over the past, numerous individual(s) who happen to be impostors (claiming to be individuals, banks and organizations) are claiming to release numerous sums of fund via numerous ways.

With the help of the Economic and Financial Crimes Commission we have noticed that people have being asked to pay outrageous amount of money by these impostors for the transfer of their funds to them. We want you to stop all communication that has to do with these fraudsters who have been requesting unreasonable sums of money from you to release your funds which they do not have access to.

We have received a mandate and instructions of the President, Federal Republic of Nigeria: Umaru Yar'Adua (GCFR) together with the EFCC Nigeria, and the Federal Bureau of Investigation to commence the immediate release of your funds through one of the following payment options stated below depending on your choice:

1. Payment via Automatic Teller Machine (ATM card): This is where you will be sent an Automatic Teller Machine card with Pin also known as ATM card (A Debit Card issued by MasterCard). Upon receipt of your custom ATM card you will be allowed to withdraw $10,000.00 per day by default and you are given the option to transfer funds from your ATM card to your bank account.

2. Certified Cashiers Check or Bank Draft: In this case you will be sent a certified bank draft or check signed in your favor which you will deposit in your bank for it to be cleared within 3 to 5 working days at most depending on your bank.

You are advised to select one out of the two options on how you wish to receive your $4.7 million. Your ATM card or Check/Bank Draft will be shipped via Fedex Shipping Company and would get to you within 2 to 3 working days at most.

DO NOT SEND MONEY TO ANYONE UNTIL YOU READ THIS: The actual fees for shipping your ATM card is $176.99 but because Fedex have temporarily discontinued the C.O.D which gives you the chance to pay when package is delivered for international shipping as stated on their website: http://fedex.com/us/international/irc/profiles/irc_ng_profile.html?gtmcc=us#C10 We had to sign contract with them for bulk shipping which makes the fees reduce from the actual $176.99 to $135.95 nothing more and no hidden fees of any sort!

You are advised to contact the dispatch officer responsible for the shipping of your Check or ATM card with the following information for shipping of your payment Check or ATM card.

Dispatch Officer: Mr. Michael Grizla
Email: mikegrizla23@...
Tel: +234-806-926-6271

And provide him with the following information:

Your full Name...
Your Address:.....
Home/Cell Phone:.....
Preferred Payment Method (Check or ATM):.....

The dispatch officer will provide you with instructions on how you are to make payment of the $135.95 only for the shipping of your ATM card or Cashiers Check.

This measure is intended to stop the impostors you have erroneously been dealing with. You are to adhere strictly to the instructions above for more information contact the dispatch officer.

Remember that you are not paying any fees extra no matter what. Once again note that the actual Fedex Retail Price: $176.99 Your Price (Because of our contract signed): $135.95 ($41.04 Savings!).

Yours sincerely,
Mr. Anthony Moore

HF and related accessories For Sale:

HyGain BN-86 Antenna Balun
The HyGain BN-86 Balun is a 1:1 balun that may be used on beam antennas or on dipoles. HyGain used it with the TH-6 Tribanders (plus many others), but it has many more uses on most any type of antenna between 3 and 30 MHz.
The spec sheet says it is good for 1500 W PEP, or 800 W average with less than 2:1 SWR. Power rating goes down with an increase in SWR.
It can be mounted directly to the boom of a beam with a U bolt, or it can be hung as an inverted V, or used as a straight dipole. To put it another way, it is very versatile.
This one works fine, and looks good also.
These are about $80 new. This one includes the paper work, for $40.

MFJ 722 audio filter

This is an audio filter made to go between your rig and speaker. It includes a bypass switch.

You can put it into a high pass mode, use it as a notch filter, or as a narrow CW filter. It is great for both SSB and CW, and appears to be similar to the Autek QF-1 audio filter, but is in a much nicer egg shell and woodgrain enclosure.
It requires 12 V DC for operation.

For more info, please see
http://www.mfjenterprises.com/Produc...ductid=MFJ-722

This particular filter works fine, and looks OK also.
Paper work included for $45.

Microphones:

Drake hand microphone
This is like the hand mic that came with the Drake TR-72, TR-22 C, TR-33 C, and others. It has the standard 4 pin plug wired for Drake/Kenwood, and is a 500 ohm mic. Of course it could be used on an HF rig as well as a 2 m rig. It looks great and works fine. $30

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing

voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

Touch tone (DTMF) microphones:

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $40

Drake 1525 EM Touchtone Microphone
Normal hand mic from the front, but has a touchtone pad
on the back. Four pin mic plug. Used, but in good shape.
Includes paper work. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

CW items:

Special Deluxe CW Key
This first key is extremely nice, and is special in its
mounting. The key itself is a Nye Viking Speedex oval base
310-001 key, which sells new for $58 by itself, and has
very nice action. What separates this key from any others
is the base it is mounted on. It is solid metal about 6
inches long and 5 inches wide and 3/4 inch thick. It
weighs about 6 pounds, so it will not move across the
desk when you use it. There is a nice beveling around
the top. To put it another way, this is a specially
machined base, made for the key. The metal appears
to be copper, although it is not shiny copper, but
instead has a "patina" to it like antique items. A
layer of cork covers the bottom to protect your operating

table. There is a cable with a metallic shielded 1/4 inch
plug on it. This is certainly a one of a kind key. $95

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo
connector on the end, like used by most rigs. It looks
great. $8
As above, but 1/8 inch (3.5 mm) plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch
phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Code Practice Key / Buzzer:

Herald Electronics Co. Model SW-12 A
"Telegraph Key with Buzzer"

This is a very vintage unit. It is in its original
box, with the paper work, with an address of simply
"Chicago, Ill", with no zip code, and not even a zone.
I would guess 1950's vintage, but of course that is a guess.

The unit consists of a code key built into a base that
appears to be bakelite. The key is somewhat similar to
a J-38 (without a shorting bar), with shiny nickel plated
knurled nuts. The key has a regular knob, and not a navy
knob. Behind the key is a round cover over the buzzer,
and behind that is a place for a single D cell battery.

The unit is complete with the original instruction sheet,
in the original box. $40

CW Related books and tapes:

Ameco Code Course
This book looks like it might be made to go with the Ameco
code records. There is general information about the code,
but portions of the book list what is being sent by the code
records. There is also a diagram about how to make a code
practice oscillator from a 50C5 and 35W4. There is no date
or edition on it, but the tube type CPO somewhat dates it! $5

ARRL Code Kit - 1976
This is the booklet only, that originally went with a kit of
cassette tapes. This has the info that is contained on the
tapes listed in it. If you have the tapes, and need the booklet
to go with it, this is for you. If you just want to read about
it, this is great also. $2

The ARRL Training Program - Official Novice Student Workbook
No date or edition, but it is designed for a 10 week course,

leading to a novice license. $3

These are original code tapes, in their original container.

ARRL "Increasing Your Code Speed" 15 to 20 WPM
Two tape set with paper work included. $10

Gordon West "Radio School" code tape
"10 WPM Plateau Breaker" $6

TenTec Accessories:

Scout 555 / Argo 556 Band Module
Band module to add 40 meters (7 MHz) to the Scout or Argo.
Extremely nice condition for $65.

Power cable for Hercules 444 linear amplifier
This is the heavy cable that goes from the power supply
to the amp. It has a heavy duty 9 pin molex type
connector on both ends, and multiple runs of either
#12 or #14 wire, and is about 6 feet long.
It is in good shape. $18

Yaesu Hat
This "Ball Cap" has Yaesu on the front of it in big letters.
Actually, I have two. One is white and says only "Yaesu".
The other is dark red and says "Yaesu Communications".
Both have never been used. Your choice for $6.

MFJ 1272 BZ switch to transfer between microphone and TNC

MFJ made these so it would be easy to use a TNC such as the
AEA PK-88. The small box has a socket to plug your microphone
into on the front, along with a switch to switch between mic
or TNC. There are two cables coming out of the back, with one
going to the mic jack on your rig, and other going to your TNC.
There is also provision for receive audio in, and an external
speaker. No power is required. Inside the box is a series of
jumpers, so that it can be configured for any rig.

This model is made to switch between an AEA PK-88, and any rig
with the round 8 pin mic connector.

Paper work is included that shows how to set the jumpers for
most of the common rigs (Kenwood, Yaesu, Icom, Alinco, etc.).

It is in A-1 shape, and works 100%. $30

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver and
before the antenna) to reduce harmonic interference.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut off frequency of 45 MHz and 75 db of attenuation. It is rated to take 1000 Watts of AM, or 5000 Watts PEP SSB. It has SO-239 connectors on each end. $35.

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs almost twice as much as the newer models, and looks like it would take more power. It likely was made in the days that plate modulated AM was the rule. $30

HF mobile antennas:

"Hamstick" HF Mobile Antennas:

Each antenna, when fully assembled and tuned, is about 7 feet long, in a slim design that does not catch much wind.
Each has a 3/8 inch, 24 thread stud on the base, so they fit a standard ball mount. No mast is required. Simply screw the antenna into the standard ball mount.
Each antenna covers a single band only.

Lakeview 17 meter
Lakeview 20 meter
ASA 20 meter
Valor 40 meter
Transel 75 meter

Each Antenna is $20.

Hustler "Super" high power resonators (good for 2 KW PEP)
80 meter RM-80 S
.....can be cut for CW or phone, and also used on 4BTV
.....Vertical to give 80/75 meter coverage $38
15 meter RM-15 S $18
10 meter RM-10 S $16

All work fine and are in great cosmetic condition.

ARRL Antenna Book
1974, 13th edition, smaller size
pages show yellowing $8

Call Area Map of the World
33 x 24 inches in size $5

W2AB's "Second Op"
This is the large (about a foot in diameter) "wheel" that has a lot of DX information on it.
By turning the wheel to the call sign prefix, the continent, zone, and country is shown, along with great circle beam

headings from different parts of the country. In another
area, postage rates are shown, but I am certain that info
is outdated.
This is the "New 7th Edition - Fully Computer Revised".
It is in good condition. $10

ARRL DXCC Countries List
Sept 1997 - marks in it $2

Ham Price Guide - 2nd Edition
Lists prices of used ham gear $5

AEA Items:

AEA AC-1 Power Supply
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with PK-232 or PK-88.
It plugs directly into these units, or any with
a 2.1 mm coaxial connector, center positive.
It works 100% and looks great. $15

AEA Software
The followings is legitimate AEA software, with the
original disks with serial numbers, and original documentation.
It is not copied or "bootleg" software.
Log Windows, Version 2.0 - $15

Coax connectors and adapters:
Prices are per connector. These are connectors I have
accumulated over 40+ years, and not used.

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Prices do not include shipping from Florida.

Thanks.

From: Ken Simpson, W8EK
Topic: 7170 Message: 7170

For Sale:

VHF and UHF (2 meter and 440 MHz) transceivers and accessories

Dual Band HT

Radio Shack HTX-420, 2 meter / 70 cm Dual Band FM Transceiver

Transmits on the 2 m and 440 MHz band, and receives on 137 to 174 and 420 to 512 MHz on FM, plus 108 to 137 MHz AM for the aircraft band. It also has SAME alert for the weather radio portion. A compass is built in. Power output is adjustable with 3 levels of about 4 W, 1 W, and .2 W. Cross band operation is also possible. Of course it has the normal memories, scan, PL subaudible tones, and all the other things one expects in a modern HT.

A 7.2 V, 1200 mahr Lithium Ion Battery is included, as is a rubber duck, wall charger, and operating manual. In addition, it has a nice desk stand to make it easier to use at home. The HT works great, and looks very close to new. $200

Spare Battery for Radio Shack HTX-420 dual band HT:

W & W LC-343 L, Lithium Ion Battery for Radio Shack HTX-420 HT

This Lithium Battery is 7.2 volts at 1300 mahr, and is made to fit the HTX-420 dual bander. It can be charged with either a wall charger or desk charger.

This particular battery works great. My guess is that the now silent key used it only a couple times. It holds a charge well, and functions 100%. It looks very close to new. $32

Two meter FM Transceiver:

KDK FM-2033 mobile FM transceiver for 2 meters

This rig is fully synthesized, has memories, scan, subaudible PL tone, and all the things that one expects in a 2 meter rig. It has a touch tone microphone with it. This rig produces just over 25 Watts in high power and about 7 watts in low power. It sounds great, and hears well.
It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. It includes the touch tone microphone, mobile mounting bracket, power cord, and paper work. The original box is also included.

Even the mic clip, and a bag of screws are included, as is
the original multicolored sales brochure. $89

MFJ 812 B VHF Wattmeter / SWR Bridge
This meter covers 144 and 220 MHz. You can read forward and
reflected power in 2 ranges - 30 or 300 Watts. It also reads
SWR from 144 thru 220Mhz.
The MFJ-812B also reads relative field strength from 1 to 220
MHz.
This one works fine and looks great also.
With paper work for $30.

Touch tone (DTMF) microphones:

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a 6 pin connector for the KDK 2030, but that can
be changed. Nice condition. $40

Drake 1525 EM Touchtone Microphone
Normal hand mic from the front, but has a touchtone pad
on the back. Four pin mic plug. Used, but in good shape.
Includes paper work. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Drake hand microphone
This is like the hand mic that came with the Drake TR-72,
TR-22 C, TR-33 C, and others. It has the standard 4 pin plug
wired for Drake/Kenwood, and is a 500 ohm mic. Of course it
could be used on an HF rig as well as a 2 m rig. It looks
great and works fine. $30

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

Icom BC-35 desk charger
The BC-35 will fast charge the BP-2, BP-5, BP-7, and BP-8 battery packs. It will also charge the BP-3 and BP-4, but these take 12 to 15 hours. It works 100% and looks fine as well. $35

Accessories for Kenwood TH-215, 225, 235, etc. HTs:

PG-3 E DC Cord
This cord plugs into the cigarette lighter to provide 12 V DC to the TH-215, TH-225, TH-415, and others. It has a filter built in, and permits high power operation of the HTs. $20

SC-12 Vinyl Case
For TH-215, TH-225 and others, with room for the standard PB-2 and PB-3 battery packs. Black color. Very nice condition. $15

SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be used with the smaller PB-2 and PB-3 batteries. This is real leather, tan in color, and is in very nice condition. $25

Accessory items for Kenwood TR-2400 and other HTs:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and maybe others. This one looks fine and works fine. $16

Belt clip for TR-2400 HT
In great condition, complete with hardware - $8

Original Operators manual for Kenwood TR-2400 - $15

Wrist strap - I think it fits most Kenwood (and likely other) HTs - $4

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. This can be used with any HT that has a BNC connector. $5

Santec HT items:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.

It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $22

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Belt Clips and Wrist Straps for various HTs:

Belt Clips for various HTs - All include hardware.
$8 each
Kenwood BH-2 for TR-2500, TR-2600, TH-215, TH-225 and others
Kenwood TR-2400
Motorola

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

I have a Spanish version of the Operating Manual
for the Kenwood G-707 dual band transceiver available.
This is the original operating manual only, in Spanish.
It looks like it is quite extensive and detailed.
It is basically new, only being opened to observe that
it is in Spanish only. It is original from Kenwood. $10

Yaesu Items:

Yaesu MH-12 A2B Speaker Microphone
This speaker microphone has a 3.5 mm and a 2.5 mm plug
on it, molded together, as is used on many, many HTs.
It will fit many Yaesu, Icom, Alinco, Radio Shack and
other HTs.
This one works fine, and looks very close to new.
I can not find any defects on it. $20

Yaesu YM-24 A speaker mic.
Fits FT-207, 208, plus many others. It has the odd
little round connector on it like Yaesu, Wilson, Santec,
and others used in the 1970s and 80s.
This particular unit works fine, and looks great also. $20

Wrist Strap for Yaesu FT-209 - $4

Yaesu Hat
This "Ball Cap" has Yaesu on the front of it in big letters.

Actually, I have two. One is white and says only "Yaesu".
The other is dark red and says "Yaesu Communications".
Both have never been used. Your choice for $6 each.

Antennas for 2 meters, 220 Mhz, or 440 MHz:

Larsen VHF and UHF Mobile Antennas

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on the
70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen PO-MM Mobile Antenna Mag Mount
This rectangular mag mount features an extremely strong magnet.
The center of the mag mount has an SO-239 connector, which
means any antenna with a PL-259 can be used with it.
It includes coax, with a PL-259 connector on it.
It is in good condition. $17

Cushcraft Magnetic Mount 5/8 wave, 3 db gain antenna for 2 meters
Consists of a heavy duty mag mount, with coax, and the antenna
and spring.
It works fine and looks fine also. $50

Gain antenna coil, spring and whip
The antenna is a 5/8 wave antenna for 2 meters, which
has a gain of about 3 db. The coil can be used with any
of the NMO mounts (made by Motorola, Larsen, Cushcraft
and many others). The antenna is approximately four feet
long, and is in good condition. $30

As above, but without the whip.
The whips are hard to ship, so you might want only the coil
and spring, and obtain a whip locally. $25

Cushcraft CSMG NMO Magnetic Mount
This is a strong, round, magnetic mount which can be used with
any NMO antenna. Coax is included, with a PL-259 on the end.
Nice condition for $22.

Avanti / Antenna Specialists "On Glass" mobile antennas

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck Antennas for your HT:

All are for 2 meters, are in very nice condition, and
are $10 each, unless stated otherwise.

BNC Connector, 7 inches long

5/16 inch threaded, as used by Motorola and others
Regular, 5.7 inches long
Stubby, 4 inches long

Type F connector, 6.5 inches long

PL-259 connector, 6.5 inches long
HyGain 275, still sealed in original packaging
from when I bought it 20 or 25 years ago

PL-259 connector - Stubby, 4.6 inches long
Centurion, still sealed in original package
from when I bought it 20 or 25 years ago

Special Rubber Duck antennas for Kenwood TH-21 series
2 meter HTs with the threaded connector
Kenwood RA-6 regular, 6.6 inches long
As above but for TH-41 HT, 440 MHz, Stubby, $15

Alinco EA-0085 for 220 MHz
BNC connector, 5.6 inches long

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some of both transmit and receive
2 meter crystals. Most are in the 146 and 147 MHz band segments,
with very, very few in the 145 MHz segment, and none in the
144 MHz segment. These are for ham rigs only, and not
commercial rigs.

These are all the small HC-25 crystals, like are used in most
of the solid state 2 meter mobiles and HTs. Please e-mail
the operating frequency you need. I have them listed by
operating frequency and rig, and not by actual xtal frequency.
Send the frequencies you need (transmit or receive), and

the rig that you have, and I will see if I can help. I have cross references for the various rigs, so I will know what you need if you give the rig. Crystals are $6 each.

Prices do not include shipping from Florida.

Thanks.

Extensive list of HT accessories For Sale:

Yaesu MH-12 A2B Speaker Microphone
This speaker microphone has a 3.5 mm and a 2.5 mm plug
on it, molded together, as is used on many, many HTs.
It will fit many Yaesu, Icom, Alinco, Radio Shack and
other HTs.
This one works fine, and looks very close to new.
I can not find any defects on it. $20

Yaesu YM-24 A speaker mic.
Fits FT-207, 208, plus many others. It has the odd
little round connector on it like Yaesu, Wilson, and
others used in the 1970s and 80s. This particular unit
works fine, and looks great also. $20

Wrist Strap for Yaesu FT-209 - $4

Icom BC-35 desk charger
The BC-35 will fast charge the BP-2, BP-5, BP-7, and BP-8
battery packs. It will also charge the BP-3 and BP-4, but
these take 12 to 15 hours. It works 100% and looks fine
as well. $35

Accessories for Kenwood TH-215, 225, 235, etc. HTs:

PG-3 E DC Cord
This cord plugs into the cigarette lighter to provide 12 V DC
to the TH-215, TH-225, TH-415, and others. It has a filter
built in, and permits high power operation of the HTs. $20

SC-12 Vinyl Case
For TH-215, TH-225 and others, with room for the standard
PB-2 and PB-3 battery packs. Black color. Very nice
condition. $15

SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and
PB-4 battery packs. It can also be used with the smaller PB-2
and PB-3 packs. Black color. Great condition. $15

Bianchi Real Leather Case for TH-215, TH-225, etc.
For use with the larger PB-1 and PB-4 batteries, but can be used
with the smaller PB-2 and PB-3 batteries. This is real leather,
tan in color, and is in very nice condition. $25

BH-2 Belt Clip
Fits TR-2500, TR-2600, TH-215, TH-225, and many other Kenwood HTs.
Complete with hardware. $8

Accessory items for Kenwood TR-2400 and other HTs:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and maybe others. This one
looks fine and works fine. $16

Belt clip for TR-2400 HT
In great condition, complete with hardware - $8

Original Operators manual for Kenwood TR-2400 - $15

Wrist strap - I think it fits most Kenwood (and likely
other) HTs - $4

Antenna adapter to fit the BNC connector on the HT and
provide an SO-239 connector that will permit a PL-259 to
be attached. This can be used with any HT that has a BNC
connector. $5

Santec HT items:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $22

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Battery charge adapter for Azden PCS-300 HT For Sale:
This is an adapter that permits one to charge the battery of the
Azden PCS-300, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
If you have a PCS-300 HT, you need this adapter.
It works fine, and looks like new. $3

UHF Male (PL-259) to BNC female (opposite of above) $5

Belt Clips and Wrist Straps for various HTs:

Belt Clips for various HTs - All include hardware.
$8 each
Kenwood BH-2 for TR-2500, TR-2600, TH-215, TH-225 and others

Kenwood TR-2400
Motorola

Wrist Straps for various HTs
$4 each
Kenwood TR-2400
Kenwood TH-21/31/41
Yaesu FT-209

Rubber Duck Antennas for your HT:

All are for 2 meters, are in very nice condition, and
are $10 each, unless stated otherwise.

BNC Connector - 7 inches long

5/16 inch threaded, as used by Motorola and others
Regular, 5.7 inches long
Stubby, 4 inches long

Type F connector, 6.5 inches long

PL-259 connector, 6.5 inches long
HyGain 275, still sealed in original packaging
from when I bought it 20 or 25 years ago

PL-259 connector - Stubby, 4.6 inches long
Centurion, still sealed in original package
from when I bought it 20 or 25 years ago

Special Rubber Duck antennas for Kenwood TH-21 series
2 meter HTs with the threaded connector
Kenwood RA-6 regular, 6.6 inches long
As above but for TH-41 HT, 440 MHz, Stubby, $15

Alinco EA-0085 for 220 MHz
BNC connector, 5.6 inches long

Original Manuals for Kenwood rigs:

All are original Kenwood manuals in very nice condition.

Operating manual for TH-21 A / AT HT for 2 meters $8

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E
HTs for 440 MHz, 220 MHz and 2 meters $10
Service manual for TH-21 series $20

Operating manual for TH-215 / 315 / 415 HTs $12

Operating manual for TH-225, 2 meter HT $12

Operating manual for TR-2200, 2 meter "portable"
Similar to the Drake TR-22. $12

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $12

Operating manual for TR-2600, 2 meter HT $12
Service manual for TR-2600 $12

These are Kenwood Original Manuals only.

ORIGINAL Icom operating manuals:
Please note that all of these are original Icom manuals and
are not copies.
All are in very good condition, unless noted otherwise.
These are original manuals only.

BC-30 Desk Charger $7
BC-35 Desk Charger $7
BP-2, BP-3, BP-4, and BP-5 Batteries $3
BP-21, BP-22, BP-23, and BP-24 Batteries $3
IC-229, 2 meter mobile transceiver $15
IC-230, 2 meter mobile transceiver $15
IC-3 PA Power supply $10
SM-5 Microphone $3
UT-16 Voice Synthesizer $5

These are original manuals only.

Prices do not include shipping from Florida.

Thanks.

FOR SALE - PARTS etc.

Group of three panel meters

0-200 mA DC meter - 3-1/2" diameter. GE
0-100 mA DC meter - 2-1/2" square. Burlington
0-10mA / 40 mA / 200 mA DC meter - 2-1/2" square. EF Johnson (Rear lighted)

Will sell the group of three for $12.00 plus shipping

= = =
Pittman gear motor 24V DC with 60:1 ratio gears and 1/4" X 3/4" long shaft
for output. Body dimensions - 3-1/2" long by 1-1/2" diameter.
Mount with three screws on froint face or with four screws in rear face.

Available for $5.00 plus shipping

= = =
VARIABLE CAPACITOR:
3-Gang variable cap - Brand New 650 pF per section. Ideal for linear amplifier
service.
1950 pF total capacitance. Stout construction - nickel plated frame, new old stock.
Dimensions: 3.25" X 2.75" X 4.75" deep.
It has a short 1/4" shaft about 3/8" long, so use with coupling or similar.
Available for $14.00 plus shipping

= = =
VARIABLE CAPACITOR:
Cardwell Dual gang variable capacitor ... Two sections each 1000 pF.
2000 pF total capacitance. It looks like it would handle a really powerful RF linear
amplifier
application with several KW. It appears to be new old stock, although you can see
that
a knob has been attached for testing. Hard to tell whether it has ever been used.
No soldering has occurred. Dimensions 13" X 4.5" X 3.5" and has a 1/4" shaft
QTY 1 available for $36.00

= = =
VARIABLE CAPACITOR:
NATIONAL: RADIO CO. Dual gang variable capacitor ... Two sections each 35
pF.
70 pF total capacitance. Very wide spaced. This one will be good for several KV.
Dimensions: 6.75" X 2.75" X 2.5"
Has 0.25" X 1.5" shaft.

QTY 1 available for $8.00 plus shipping

= = =
MCD 35-2 Dual gang variable capacitor ... Two sections each 35 pF.
70 pF total capacitance.
Heavy ceramic construction, nickel plated rock solid. Spacing
looks like it could easily handle 1200 - 1500 V.
Dimensions: 4" X 2.5" X 1.75"
Has 0.25" X 0.75" shaft.
QTY 1 available for $5.00 plus shipping

Thanks for looking & 73 de AF4K, Bry

FOR SALE: Ham Radio Parts:

Tower warning sign - "WARNING: "DO NOT CLIMB"
Professionally made with weatherproof and UV-proof finish.
Yellow and black in color... Four main mounting holes. Or us ethe
six smaller ones. Dimensions approx. 10" X 3"
QTY 2 available for just $2.00 plus shipping.

= = =

Pair of antenna traps for a trap dipole, with stout brass end fittings
for wires. Unknown brand and I have no specifications. Those
with good test equipment will know how to use these. $5.00 for the pair.

= = =

LINK Crystal unit - plug in with 4 pin base. 1121.875 KC with frequency
adjustment control in top. Unusual - $1.00

= = =

General Electric 30 pF at 450 V capacitor. Rated safe for 525 volt
surge. New - with axial leads. QTY 1 available for $3.00 plus shipping

= = =

Cornell Dubilier 90 pF at 500 Volts DC can capacitor FP style
with mounting hardware. New in box. Someone attached leads
to test it but it has not been used.
QTY 1 available for $5.00 plus shipping

= = =

Group of 6 HV doorknob capacitors.
1000 pF at 5 KV, 500 pF at 5 KV, 20 pF at 5KV, 180 pF at 5KV,
40 pF at 5 KV, 120 pF at 5KV...
Sell the whole group for $6.00 plus shipping.

= = =

Optoelectronics P-101 LO-PASS probe for use with their frequency
counters, or use as a scope probe. Looks new - BNC to clip-lead fitting,
and small alligator for ground. 3 feet long. QTY 1 for $2.00 plus shipping.

= = =

OHMITE non-inductive resistor - 10 ohms 5% at 100 watts. Brand new.
QTY 1 available for $2.00 plus shipping.

= = =

Radio dial - half moon style with white face numbered 0- 100, and has
weighted brass coupling in back. Nicely machined with two grub screws
for attachment to standard 1/4" shaft.
Available for $2.00 plus shipping.

= = =

Pair of OCTAL tube testing adapters / sockets - one has side pins
for testing. The other has tubular bakelite on the bottom for mounting
compoinents or testing, s terminals on one end and 6 on the other.
Great for homebrew construction. These both appear to be unused.
Will sell the pair for $6.00 plus shipping.

= = =

Pair of NEW old stock 500 K-ohm pots with ON-OFF switch. These are
full sized pots as used in the older tube radios and amplifiers. Not the
junk that is sold today. Will sell the pair for $5.00 plus shipping.

= = =

TUBES:

Not sure if these tubes are new or used. Some look used, so they're
all priced accordingly.

Philco 6L6G - $6.00
Sylvania 6L6G - $6.00

Cunningham C327 Tube $5..00
Philco 24 - $5.00

RCA 807 and socket - used, $5.00 plus shipping
Pair of 2E26 tubes - $3.00 each or both for $5.00

Pair of RCA 955 acorn tubes with one ceramic socket - all for $6.00

QTY 4 Western Electric 2C51 tubes - all for $8.00

RCA 6DJ8 - looks new $5.00

Now the stranger ones:

Western Electric 416B triode - gold metal case - $1.00

Group of 18 pencil tubes, such as GE and Sylvania types - JG-6C21,
5896, 6K4, 5902A, JG-6021, 5840A - all for $8.00
(Build a glowbug HT?)

RCA 12D2 - QTY 1 for $2.00

G.E. Engineering Sample Z-2143 - QTY for $1.00

= = =

Set of FOUR "Barry Mount" SHOCK MOUNTS for military radios
etc. Brand new with dimensions 2-3/8" X 2-3/8" X 1-1/4" tall.
Four mounting holes for a secure installation. Threaded fitting on
top for radio etc. 1/4" These are available for $20.00 plus shipping
(for all four.)

= = =

VARIABLE CAPACITORS:

QTY 2 Hammarlund RMC-325-S - new old stock.
These are 0-325 pF variables with ceramic frame, and
dimensions: 2" X 2" X 3" deep with a 1/4" shaft that is 1" long.
HAMMARLUND MFG. Co., New York.
QTY 2 available for $12.00 each plus shipping

= = =

VARIABLE CAPACITOR:

Type MC-200-M ceramic frame from Hammarlund
0 - 140 pF variable with ceramic frame.
Dimensions: 2" X 2" X 2-3/4" deep. Has standard 1/4" shaft
with antique black "knobby" 8-bump knob.1" diameter.
QTY 1 available for $7.00 plus shipping

= = =

VARIABLE CAPACITOR:
Hammarlund MTC-20-B new old stock, with box.
Has 0 - 20 pF capacitance beautifully built ceramic frame unit
with dimensions: 3" wide X 2" tall X 2-1/4" deep.
HAMMARLUND MFG. Co., New York.
QTY 1 available for $8.00 plus shipping

= = =

VARIABLE CAPACITOR:
Hammarlund MTC-50-C new old stock.
Has 0 - 50 pF capacitance beautifully built ceramic frame unit
with dimensions: 3" wide X 2" tall X 2-1/4" deep.
HAMMARLUND MFG. Co., New York.
QTY 1 available for $8.00 plus shipping

= = =

VARIABLE CAPACITOR:
NATIONAL: RADIO CO. Dual gang variable capacitor ... Two sections each
35
pF.
70 pF total capacitance. Very wide spaced. This one will be good for
several kV.
Dimensions: 6.75" X 2.75" X 2.5"
Has 0.25" X 1.5" shaft.

QTY 1 available for $8.00 plus shipping

= = =
MCD 35-2 Dual gang variable capacitor ... Two sections each 35 pF.
70 pF total capacitance.
Heavy ceramic construction, nickel plated rock solid. Spacing
looks like it could easily handle 1200 - 1500 V.
Dimensions: 4" X 2.5" X 1.75"
Has 0.25" X 0.75" shaft.
QTY 1 available for $5.00 plus shipping

= = =

PCI Fast Ethernet card. Network Interface NIC CARD with standard
RJ fitting for your CAT-5 connector. Uses any PCI slot.
Has link activity light... This is a model 18-1D-P200-B.
Very standard Taiwanese made unit. Works fine in any XP,
Vista environment, or download drives for WIN 95, WIN98 and
other older operating systems. Works fine.
Available for $1.00 plus shipping

Thanks for looking & 73 de AF4K, Bry

7186. FS: E.F. Johnson Viking II Transmitter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-06-01 13:25:15 UTC
From: Bry Carling
Topic: 7186 Message: 7186

FOR SALE: E.F. Johnson Viking II Transmitter

Runs about 120 watts out on AM and CW with two 6146 RF final tubes.
Covers 160m through 10m bands. Has a ten position crystal selector
switch or use with external VFO.

This fine old AM-CW transmitter is missing the top cover and needs
a new AC power cord. It has not been gone through or restored, but
will clean up very nicely. All the tubes are here. The main components
are all there and look to be in good condition. This rig is built like a tank.
It's also very simple to work on and understand.

Crystals available, or use with a VFO. Comes with a copy of the manual.

Available for $235.00 plus shipping

7188. Compliment Of The Day

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-06-12 11:44:29 UTC
From: Mr. Jerry Ntai
Topic: 7188 Message: 7188

Mr. JERRY NTAI.
MEVAS BANK
QUEEN`S ROAD
CENTRAL BRANCH,
HONG KONG.

Good Day,

Please kindly accept my apology for sending
you this email without your consent. I believe you
are a highly respected personality, considering the
fact that I sourced your email from the peoples
search database on the web during my descret search
for a foreign partner whom can assist me in taking
this business to it success. Though, I do not know
to what extent you are familiar with events. I have
a proposal for you.This however is not mandatory nor
will I in any manner compel you to honor against
your will, but I hope you will read on and consider
the value I offer.

My name is Mr. Jerry Ntai, I am the Head of Operations
in Mevas Bank, Hong Kong. I have a business
proposal in the tune of US$25.2m to be transferred
to an offshore account with your assistace if
willing.

After the successful transfer, we shall share in
ratio of 30% for you and 70% for me. Should you be
interested, please respond to my letter immediately,
so we can commence all arrangements and I will give
you more information on the project and how we would
handle it.

You can contact me on my private email:
(jerry_ntai@...)
and send me the following information
for documentation purpose:

(1)Full name:
(2)private phone number:
(3)current residential address:
(4)Occupation:
(5)Age and Sex:

I look forward to hearing from you.

Kind Regards,
Mr. Jerry Ntai.

7190. Representative Post Vacant (honeywell)

From: Honeywell
Topic: 7190 Message: 7190

Dear Sir/Madam,

If you have access to a computer, and have up to three hours spare time per-week. you can get paid, would you like to work part or full time online from home and get paid weekly? If yes,then please read carefully.

ABOUT US

Honeywell International is a diversified technology and manufacturing leader, serving customers worldwide with aerospace products and services; control technologies for buildings, homes and industry; automotive products; turbochargers; and specialty materials.

With roots tracing back to 1885, Honeywell employs more than 100,000 people in 95 countries. Under the leadership of Chairman and CEO Dave Cote, we focus on our Five Initiatives: Growth, Productivity, Cash, People and the Enablers, Honeywell Operating System and Functional Transformation.

JOB POSITION
We are currently seeking part or full time employees for our ever-growing Accounts Receivable Department. Through extensive demographic research, we have discovered a wealth of untapped human resources that, for one reason or another, need the freedom to work from home. If this sounds like you, please read on, and consider becoming part of our company family.

As part of our ongoing Multi Level Marketing Network, we seek capable individuals to work for us as our representative. You can easily make $700-$2000 or more in a week by working for us as Sub-contractor in your geographical location, you will be in charge of collecting payment on behalf of our affiliates and Small
business organizations that are registered under us. Does it sound like your dream job? Well, it certainly for 10,000+current members who are making $700- $2,000 weekly online with this system.
Note that no form of investment of is needed from you and this job will take only 1-3 hours of your time per week.

JOB RESPONSIBILITY
The position of Accounts Receivable officer entails the following duties: coordinate payments from our clients, receive payments which come in form of certified checks or United States postal money orders, process payments at your local bank, and forward 90% of funds received to the proper branch office, as instructed. The remaining 10% is your wage. Since this position is need-based, you will have plenty of free time while enjoying a good income.

REMUNERATION
Every assignment in form of payment received from clients, you're entitled to 10% which excludes the cost of processing western union to any regional office accountant

Also you get a monthly salary of $1000 which comes at the end of every month, plus other incentives and benefits that accrue, which includes tax holidays.

INTERESTED APPLICANTS (HOW TO APPLY)
Interested applicants should reply with full name, full residential address, city, state, zip code, phone numbers, and email address to my email address given below so that one of our Human Resource Managers can contact you through email, with an approval letter if the management decides you are a successful candidate. Please specify the best way to contact you in your reply email.

Contact Email Address : honeywellworkforce1@...
We appreciate your interest in Honeywell International Inc.

Steve Raymond
Director, Human Resources
101 Columbia Road
Morristown, NJ 07962
(480)592-2007

PLEASE NOTE:
Help us fight fraud. We employ you to forward any proposal in resemblance to this proposal to us so that we will take proper action against it, also disregard any email asking you to provide your Credit Card details and
your ss# and finally note that this transaction is risk free and legal under the reserved bank operation act 2005. All information given by you will be treated confidentially and used only for the purpose of your
employment. This is in accordance with the US Data Protection Act 1998.

7192. FS: Homebrew Tube Transmitter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-06-29 12:23:01 UTC
From: Bry Carling
Topic: 7192 Message: 7192

FOR SALE: Homebrew Tube Transmitter
Has 807 final and Collins VFO built-in.

Looks like a Collins 310B or 310C is the VFO-exciter in
this rig.
This is obviously a homebrew project that used the
Collins PTO as the main control for the exciter.

Has a different front panel etc. from the typical
Collins equipment
Yet it clearly bears some resemblance. Has a built in
120V AC power supply.
Will sell for $125.00 plus shipping

Pictures and details at:
http://www.af4k.com/radios.htm

Thanks and 73 - Brian, AF4K

7193. Accounts Receivable Officer (honeywell)

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-07-03 16:10:51 UTC
From: Honeywell
Topic: 7191 Message: 7193

Dear Sir/Madam,

If you have access to a computer, and have up to three hours spare time per-week. you can get paid, would you like to work part or full time online from home and get paid weekly? If yes,then please read carefully.

ABOUT US

Honeywell International is a diversified technology and manufacturing leader, serving customers worldwide with aerospace products and services; control technologies for buildings, homes and industry; automotive products; turbochargers; and specialty materials.

With roots tracing back to 1885, Honeywell employs more than 100,000 people in 95 countries. Under the leadership of Chairman and CEO Dave Cote, we focus on our Five Initiatives: Growth, Productivity, Cash, People and the Enablers, Honeywell Operating System and Functional Transformation.

JOB POSITION
We are currently seeking part or full time employees for our ever-growing Accounts Receivable Department. Through extensive demographic research, we have discovered a wealth of untapped human resources that, for one reason or another, need the freedom to work from home. If this sounds like you, please read on, and consider becoming part of our company family.

As part of our ongoing Multi Level Marketing Network, we seek capable individuals to work for us as our representative. You can easily make $700-$2000 or more in a week by working for us as Sub-contractor in your geographical location, you will be in charge of collecting payment on behalf of our affiliates and Small
business organizations that are registered under us. Does it sound like your dream job? Well, it certainly for 10,000+current members who are making $700- $2,000 weekly online with this system.
Note that no form of investment of is needed from you and this job will take only 1-3 hours of your time per week.

JOB RESPONSIBILITY
The position of Accounts Receivable officer entails the following duties: coordinate payments from our clients, receive payments which come in form of certified checks or United States postal money orders, process payments at your local bank, and forward 90% of funds received to the proper branch office, as instructed. The remaining 10% is your wage. Since this position is need-based, you will have plenty of free time while enjoying a good income.

REMUNERATION
Every assignment in form of payment received from clients, you're entitled to 10% which excludes the cost of processing western union to any regional office accountant

Also you get a monthly salary of $1000 which comes at the end of every month, plus other incentives and benefits that accrue, which includes tax holidays.

INTERESTED APPLICANTS (HOW TO APPLY)
Interested applicants should reply with full name, full residential address, city, state, zip code, phone numbers, and email address to my email address given below so that one of our Human Resource Managers can contact you through email, with an approval letter if the management decides you are a successful candidate. Please specify the best way to contact you in your reply email.

Contact Email Address : honeywellwork77@...
We appreciate your interest in Honeywell International Inc.

Steve Raymond
Director, Human Resources
101 Columbia Road
Morristown, NJ 07962
(480)592-2007

PLEASE NOTE:
Help us fight fraud. We employ you to forward any proposal in resemblance to this proposal to us so that we will take proper action against it, also disregard any email asking you to provide your Credit Card details and
your ss# and finally note that this transaction is risk free and legal under the reserved bank operation act 2005. All information given by you will be treated confidentially and used only for the purpose of your
employment. This is in accordance with the US Data Protection Act 1998.

7194. FS: EF Johnson VALIANT XMTR - REDUCED...

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-07-04 22:38:17 UTC
From: Bry Carling
Topic: 7194 Message: 7194

FOR SALE - E.F. Johnson VALIANT TRANSMITTER
(Now Reduced)

Specifications:
CW - 275 Watts, AM 200 Watts

Bands: 160m through 10m

1.75 MHz to 2.0 MHz (160 m)
3.5 MHz to 4.0 MHz (80/75 m)
7.0 MHz to 7.42 MHz (40 m)
14.0 MHz to 14.85 MHz (20 m)
21.0 MHz to 21.6 MHz (15 m)
26.9 MHz to 27.36 MHz (11 m)
28.0 MHz to 29.7 MHz (10 m)

Antenna loads 50 to 600 ohms. Well-shielded for TVI and RFI suppression.
Silver plated tank coil. Break in keying and PTT system built-in.
VFO dial moves smoothly, and all tuning caps and iron are in good shape.
Transformers and tubes have been tested.

Dimensions: 21-1/8" wide, 17-3/8" deep and 11-5/8" high. Weight 83
pounds.

Has not been recapped or restored, but everything is there, and in good
condition
and it has a new 3-way AC power cord that has been installed for safety.
Crystal cover is missing. Microphone connector was changed to a standard
1/4" style
plug instead of original 2-prong unshielded connector.
VFO, Band switch, loading switch, loading caps, meter etc. are all in good
shape.

Comes with a copy of the manual. The rig comes with all of the screws -
the four long cabinet screws, and the original rear apron screws - all in
clean shape. A couple of rub spots near the VFO dial can be repainted
easily.

This Valiant has no major issues, and it will make a great project and will
clean up very nicely. Just needs a little spit and shine - you could maybe
repaint
the cabinet, but it is really not bad as-is. I just saw one of these going for
$1395.00 fully restored.

I have experience packing and shipping these heavier rigs safely.
Now reduced to $375.00 plus shipping.

7199. FS: Precision Resistors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-07-11 02:43:43 UTC
From: Bry Carling
Topic: 7199 Message: 7199

FOR SALE: Precision Resistors etc.

Here is a trove of about 250 - 300 mostly new precision resistors.
Most are made by IRC. There are a few extra used ones and
some good used specialty caps too. (details below)

Most of these are high quality 1/2 Watt and 1/4 Watt IRC resistors
of 1% tolerance. Most values have QTY 5 or 10 each...

Examples:
1300 ohms, 4000 ohms, 6200 ohms, 9500 ohms
10K ohms, 12K ohms, 47K ohms, 56K ohms
68K ohms, 100K, 125K, 200K, 250K, 270K
500K, 750K, 1 Megohms, 1.8 Megohms, 2 Megohms
2.3 Megohms

There are about 40 bags of resistors all told - each with several
of that value. At least 90% of these are new precision resistors.
Then there are capacitors - a bag of silver mica RF type capacitors
and a bag of Sprague Vitamin Q caps rated 0.01 uF at 600V DC.

Will sell this whole package for $8.00 plus shipping.

Thanks for reading & 73 - Brian "Bry" Carling

Dearest,

I am Mr. Gary Grandson, writing to inform you of our desire to invest in your country on behalf of Princess Haya Sheikh of Saudi Arabia.
Considering her very strategic and influential position, she hopes that the transaction is strictly confidential as possible. Also, want to disclose her identity at least for now, until the completion of the transaction.

Hence our desire to have you as our agent abroad to protect and invest her funds in a profitable business.

I have therefore been directed to investigate whether you would agree to act as a foreign agent in order to update this transaction.
If you can handle this, then you can come back to me via email.

7209. INVITATION TO PARTICIPATE AS A BROKER/AGENT

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-08-06 07:18:05 UTC
From: Gary Shaughnessy
Topic: 7209 Message: 7209

Dear Sir/madam,

I wish to invite you to participate as broker/agent to Fidelity international UK (FIL)individualized equity investment portfolio management programme. Fidelity international UK is the largest financial investment centre in the world with over ?50 billion private and corporate investment portfolios.

We are privately looking for fiduciary agents and management experts who will be willing to act as investment portfolio holders and administrators. We currently have a back-log of an Excess Maximum Return Capital Profit (EMRCP) of an average of 1.2% on each private investment and corporate portfolio under our administration and control and we wish to re-invest this fund by putting it into the management of private businessmen and corporations with good business ideas that can generate atleast 9% ROI per annum over maximum of 5 years duration.The fund will be disbursed based on a clear loan of 4.5% interest rate per annum for 5 years renewable tenure.

After our last board meeting,we came to a concrete decision to re-invest the fundS within united kingdom under the management of private individuals and corporate groups in the region as a stimulus package to help sustain their businesses due to global economic recession. Due to the fact that you are not a citizen of this country, You are not entitled to this loan but due to my position a director in this institution i can arrange this loan on your behalf with the condition that i will be entitled to 10% equity in any of the chosen investment field you chose to place the
fund throughout the duration of the 5 years contract tenure,
Alternatively, you can settle me with a one-time payment of 5% of the total fund upon confirmation in your corporate account.

I seriously crave your indulgence and confidentiality to ensure that we have a harmonious business relationship. I shall wait for your response before making available to you the application form and other modalities.

All sign-up contracts,briefings and investment portfolio management files will be handled in london united kingdom.

For further details contact me back ASAP.

Regards.

Gary Shaughnessy
Fidelity international UK(FIL).

Hello friend,

My name is Scott Whittington, I am an American soldier, I am serving in the military with the 1st Armored Division in Iraq , as you know we are being attacked by insurgents everyday and car bombs.We managed to move part of funds belonging to Saddam Hussein's family in 2003.

The total amount is US$12 Million dollars in cash, mostly 100 dollar bills,this money has been kept somewhere outside Baghdad for some time but with the proposed troop in increase by president Barrack Obama, to end the suicide bombing and make peace with Iraq militant and terrorist ,we are afraid that the money may be discovered hence we want to move this money to you for safekeeping pending the completion of our assignment here.

READ THIS WEBSITE VERY WELL AND GET BACK TO ME.

http://news.bbc.co.uk/2/hi/middle_east/2988455.stm We are ready to compensate you with good percentage of the funds, No strings attached, Iraq is a war zone, we plan on using diplomatic means to ship the money out as military cargo to your home, under diplomatic immunity cover.

I am contacting you in confidence, all arrangement for the successful delivery has been put in place, all we need from you is to receive the cargo from the diplomat, If you are interested I will send you the full details, my job is to find a good partner that we can trust and that will assist us. Can I trust you? When you receive this letter, kindly send me an e-mail signifying your interest.

Alternative Email Address: swhittington101@...
Regards ,

Sgt. Scott Whittington

7215. Urgent Matter ...

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-08-25 14:22:15 UTC
From: Alhaji. Mohammed Sanusi Barkindo
Topic: 7215 Message: 7215

Tel No: +234-705-522-7777 Monday 23rd August, 2009

Attn: The President / CEO

Dear Sir,

Urgent Telegraphic / Swift Transfer of: USD$125,000,000.00 (One Hundred and Twenty-Five Million United States Dollars Only)

I am Alhaji. Mohammed Sanusi Barkindo, Group Managing Director (GMD) / Chairman Debt Reconciliation Committee Nigerian National Petroleum Cooperation (NNPC); I got your contact from January, 2009 worldwide database and yellow pages encyclopedia after due consideration believing you are highly respected personality. Although, I do not know to what extent you are familiar with events, hence I contact you.

Firstly, I must solicit your strictest confidence in this transaction; this is by virtue of its nature as being utterly confidential and ?TOP SECRET? with great magnitude involving a pending transaction requiring maximum confidence, I am sure and have confidence of your ability and reliability to prosecute this magnificent transaction. The new civilian government has principally mandated me to review and offset all contractors? outstanding overdue payments on contracts awarded since May 1976 to, June 2009, under the regimes of the former heads of state.

Respectively, In May 2001, a contract worth USD$375,000,000.00 (Three Hundred and Seventy-Five Million United States Dollars Only) was awarded to a foreign company by Nigerian National Petroleum Cooperation (NNPC) for supply, erection and system optimization of supper polyore 200,000-BPSD, system optimization of 280,000-monax axial plants and the computerization of conveyor belt for Kaduna refinery. I deliberately over-invoiced the contract with USD$125,000,000.00 (One Hundred and Twenty-Five Million United States Dollars). Actually the company that executed the contracts has been fully paid and the projects were officially commissioned.

Therefore, due to epigrammatic decision to redefine the outstanding payment I am presenting you as the beneficiary who will present original invoice to re-apply and to substitute the foreign company which upon its presentation to Central Bank of Nigeria CBN your designated bank account will be credited unconditionally. On receipt of your immediate response, we shall discuss the compulsory modalities. I have all necessary documents / approvals to secure the transfer in your favour.

Note as a mandatory, I wish to make the clarifications as follows: That you will be entitled to share 25% of the total funds. The officials 70% while 5% will be set aside to incure any local and foreign incidental expenses. I consequently request your maximum assistance and approvals to facilitate the transfer of the above funds from Central Bank of Nigeria CBN, where these funds are deposited. upon confirmation of your readiness to execute this magnificent transaction with me, you will be urgently required to furnish your companies letter headed paper signed & stamped, private telephone & fax numbers, bank name and address, your corporate bank account Number. In conclusion, I guarantee that this

operation will be executed under a legitimate arrangement that will protect us from any breach of law.

Best Regards,

Alhaji. Mohammed Sanusi Barkindo
NNPC Group Managing Director (GMD) &
Director Debt Reconciliation Committee Chairman

7216. Alliance U-110 Rotor Control Box FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-08-29 17:10:36 UTC
From: Ken Simpson, W8EK
Topic: 7216 Message: 7216

For Sale:

Alliance U-110 antenna rotor control box

This is the control box only, and not the actual
rotor. This control box takes 4 conductor cable,
and is often used as an elevation rotor for
satellite arrays, or for VHF beams.

The control box works fine, and looks fine also.

Paper work included for $25 plus shipping from
Florida.

Thanks.

Dear Friend,

I'm happy to inform you about my success in getting the fund transferred to a Swiss Account with the cooperation of a new partner from
Paraguay who is an international businessman.

Presently I'm in Paraguay for investment projects with my own share of the total sum. Meanwhile, I did not forget your past efforts and attempts to assist me in transferring those funds despite that it failed us some how.

Now contact my secretary,with the below information:

Name: Mr. Gabriel Martins.
Tel: +2348037690733
Email: contact_office@...

I asked him to send you the total sum of $750,000.00 (Seven Hundred and Fifty Thousand US Dollars) which I kept for your compensation for all the past efforts and attempts to assist me in this matter. I appreciated your efforts at that time very much.

So feel free and get in touched with my secretary Mr.Gabriel and instruct him where to send the amount to you.Please do let me know immediately
you receive it so that we can share the joy after all the sufferance at that time.At the moment, I am very busy here because of the investment projects which me and the new partner are having at hand. So,I will not have the time to attend to you properly, But I assure you that Mr.Gabriel is very capable to
handle this.

With best regards

TRIAD Power Transformer

From TRIAD Transformer Manufacturing Co. of Los Angeles, CA.
Power Transformer Grade 1, Class A, Family 03

PRI = 115 V AC at 60 Hz
Conservatively rated for;
SEC 1 = 700V CT at 120 mA continuous.
SEC 2 = 6.3V CT at 5 Amps
SEC 3 = 5V at 3 Amps

Excellent condition. Very nice, potted, gray metal case. No rust
or dents, looks great. Dimensions: 4" X 3" X 5.25" tall.
#10 Mounting studs are on 3" and 2.5" centers. Mounting nuts included.

Includes a terminal listing diagram on the side for ease of connection.
Great for a transmitter, receiver or audio amplifier project,

QTY 1 available for $18.00 plus shipping.

From: Ken Simpson, W8EK
Topic: 7224 Message: 7224

CW Items For Sale:

CMOS Iambic Keyer

This keyer features a build in set of HamKey Paddles.
The front has speed control, plus a volume control for
the sidetone volume. Of course that means that it can
also be used for code practice. Also on the front panel
is a 3 position switch that turns off the output to the
transmitter (for code practice), puts it in to "Keyer
mode", or locks it on for transmitter tune up.

The rear panel has provisions for an external speaker
(one is built in), external key, external paddles, plus
jacks for keying the transmitter. There is also a connector
for external 9 to 12 V DC power, although it can be powered
by a regular 9 V battery if desired.

It works fine and is in extremely nice condition. $50

Vectronics VEC-212 Code Practice Oscillator For Sale:
This appears to be the same as the MFJ 557 code practice
oscillator, but with the VEC label on it.
A picture can be seen at http://www.n4mw.com/cp100tn.jpg
It is a traditional code practice oscillator, with adjustable
volume and tone. It includes a straight key on a nice base.
It operates from a 9 volt battery, or from a wall wort power
supply.
With paper work for $22.

Special Deluxe CW Key
This key is extremely nice, and is special in its mounting.
The key itself is a Nye Viking Speedex oval base 310-001
key, which has very nice action.
What separates this key from any others is the base it is
mounted on. It is solid metal about 6 inches long and 5
inches wide and 3/4 inch thick. It weighs about 6 pounds,
so it will not move across the desk when you use it.
There is a nice beveling around the top. To put it another
way, this is a specially machined base, made for the key.
The metal appears to be copper, although it is not shiny
copper, but instead has a "patina" to it like antique items.
A layer of cork covers the bottom to protect your operating
table. There is a cable with a metallic shielded 1/4 inch
plug on it.
Certainly a one of a kind key! $99

Cable for paddles
This cable is about 3 feet long, and has 1/4 inch stereo connector on the end, like used by most rigs. It looks great. $8
As above, but 1/8 inch plug. $8

Cable for straight key
Similar to cable for paddles, but has a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch plug. $5

TenTec Items For Sale:

TenTec Scout 555 / Argo 556 Band Module
Band module for 40 meters.
It works fine, and looks fine as well.
$65

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well shielded, and does not produce any electrical noise that I could find. $150

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

7229. VHF and UHF antennas FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-09-13 13:33:29 UTC
From: Ken Simpson, W8EK
Topic: 7229 Message: 7229

Antennas and antenna related items for sale:

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.
Please see other postings for antenna mounts.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $7

Larsen NMO-Q Quarter Wave Antenna
For two meters. $10
Precut for 450 MHz. New, still in bag. $8
For 450 MHz, used, but very good. $6

Larsen Magnetic Antenna Mounts For Sale:

Larsen NLA-MM Mobile Antenna Mag Mount
This rectangular mag mount features an extremely strong
magnet. The center of the mag mount takes an NLA type
antenna. It includes coax, with a PL-259 connector on it.
It is in good condition. $20

Larsen MNO-MM Mobile Antenna Mag Mount
Same as NLA-MM above, except it takes an NMO type of
antenna. In good condition for $22

Larsen PO-MM Mobile Antenna Mag Mount
Same as NLA-MM and NMO-MM above, except the center
of the mag mount has an SO-239 connector, which
means any antenna with a PL-259 can be used with it.
It is in good condition. $17

Avanti / Antenna Specialists "On Glass" antennas:

These antennas were made by Avanti, and then later by
Antenna Specialists, to mount on a windshield, or other
glass. They do not require a ground plane, as they are
1/2 wave antennas, rated to have 3 db gain. They are
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck Antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15
Kenwood Stubby Duck for TH-21, 4 inches long - $15

Alinco Stubby w/BNC Connector, 4.6 inches long

Alinco 220 MHz, w/BNC, 6 inches long

BNC Stubby for 440 MHz, 3 inches long
BNC regular for 440 MHz, 6.5 inches long

Coax connectors and adapters For Sale:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

Chassis Mount SO-239 connectors (square) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

From: newcastle2way@aol.com
Topic: 7230 Message: 7230

New Motorola NMO Mounting kits with Coax and connector. $8.00 ea buy 5 or more get free shipping

7231. FS: Hammarlund HQ-200

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-09-14 02:22:02 UTC
From: Bry Carling
Topic: 7231 Message: 7231

FOR SALE: Hammarlund HQ-200 general coverage set
Tunes from 540 kc. to 30 Mc. in four ranges.
The amateur bands are all available on bandspread. A BFO
is included for SSB/CW tuning.
A Q-multiplier operates independently of the BFO.
Other enhancements include: antenna trimmer, noise limiter,
RF gain, S-meter, stand-by switch and AVC on/off.

This radio does not have a built in speaker. There are 3.2 ohm
speaker terminals and a headphone jack on the rear panel.

Runs on 117 / 230 VAC 50/60 Hz. 16.5 x 8 x 9.125 inches 22 Lbs.

It needs a bit of repair. Some of the knobs are not original. The radio
has some grime and minor surface rust but will clean up nicely.

Available for $115.00 plus shipping

7233. FS: Box of FT241 Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-09-14 12:51:10 UTC
From: Bry Carling
Topic: 7233 Message: 7233

FOR SALE:

Quantity of 52 FT241 crystals. These are the LF range crystals as
used in the military BC620A tank radio set. Excellent condition.

During WWII these quartz crystals were manufactured for use in military
vehicle radios.

There are two series of these ft-241 crystals, those marked with "two digit"
channel numbers,
and those with "three digit" channel numbers. These crystals are marked for
frequencies
in the 20 - 40 mhz range, but the fundamental frequencies are much lower.

Some of the crystals fall in the 455 khz range, and were used by homebrew
radio builders
in the 1950's to make crystal filters, especially for SSB exciters (see early
50's ARRL
handbooks).

These are LF crystals in the 300 - 500 kHz range. Marked with channels
such as
14, 19, 60, 68, 317, 320 (sorry no specific choices offered) but for example,
Channel 68 = 496.3 kHz.

There used to be the N4JVP calculator online here:
http://www.subdevo.com:82/FT241/FT241.aspx - maybe ask Fritz, N4JVP
where it is now.

These can be used for experimenting and for use as a crystal lattice filter
since several
are on the same frequecies. (These have the same pins as the popular
FT243 crystals
and use the same socket but the body is slightly wider)

This box of 52 crystals is available for $16.00 plus shipping.

Pictures and details at:

http://www.af4k.com/FT241_crystals.htm

For Sale: KNIGHTKIT STAR ROAMER SW RECEIVER

Excellent condition. Manufactured around 1965-1970

Voltages: 110-130 VAC 60 Hz
Coverage: 200-420, 550-30000 kHz
Circuit: Single Conversion Superheterodyne. 5 stages, 4 Tubes
Physical: 12.25x5.5x8" 10 Lbs. 311x140x203mm 4.5 kg
Circuit Complement: 6BE6 Converter, 6HR6 IF Amp, 12AX7 Audio Amp and
6AK6 Audio Output
Features:

* 1/4" Headphone Jack
* S-Meter
* 4" Speaker
* Bandspread 0-100
* Automatic Noise Limiter
* Dial Lamp
* Antenna Trimmer
* Automatic Volume Ccontrol ON/OFF
* Sensitivity
* MW Ferrite Antenna
* CW Practice Jack

Frequency Ranges: 5 Bands Wide Frequency Reception Range of: Sub-BC:
200 Khz. to 400 Khz., BC: 550 to 1600 Khz., SW-1: 1.8 to 4.8 Mhz.,SW-2:
5.8 to 12 Mhz. and SW-3: 12 Mhz. to 30 Mhz.

Black metal cabinet. Allied part number #83YX102J.

Available for $95.00 plus shipping.

7237. 2 m transceiver, plus many stations accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-09-19 11:40:29 UTC
From: Ken Simpson, W8EK
Topic: 7237 Message: 7237

Two meter FM Transceiver, plus many ham station accessory
items For Sale:

Two meter FM Transceiver:

KDK FM-2033 mobile FM transceiver for 2 meters

This rig produces just over 25 Watts in high power and
about 7 watts in low power. The rig is fully synthesized,
has memories, scan, subaudible PL tone, and all the things
that one expects in a 2 meter rig. It has a touchtone
microphone with it. It sounds great, and hears well.
It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. There is
one paint spot missing, about the size of a pin head. It
includes the touchtone microphone, mobile mounting bracket,
power cord, and paper work. The original box is also included,
although the box looks much worse than the radio. Even the
mic clip, and a bag of screws are included, as is the
original multicolored sales brochure. $89

TenTec items:

TenTec 285, 500 Hz filter
500 hz for CW or digital use
Fits Corsairs, Paragons, Omni V and VI, and others.
This one has its paperwork and looks like new. $75

TenTec 288, 1800 Hz filter
1800 hz for wide CW, narrow SSB or digital use
Fits Corsairs, Paragons, Omni V and VI, and others.
It looks like new, with paperwork. $75

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

Heath VHF Wattmeter

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with
250 and 25 watt scales. It can also be used to check SWR,
and has a remote sensor that can either be left inside
the meter, or separated from the actual meter by about
3 feet. SO-239 connectors in and out.
This particular meter works great, looks fine and includes
paper work for $ 40.

Midland 23-126 SWR Bridge
This is an HF SWR Bridge, but it can be used up thru 2 meters,
with slightly reduced accuracy. It is also a field strength
meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see
any scratches on it. $30

Yaesu YD-844 Desk Microphone

This is a 50 K impedance desk microphone that really looks
sharp. It has a standard PTT switch on it, and also a
locking PTT switch. The YD-844 dynamic base station microphone
is an optional accessory made by Yaesu. Made of a heavy cast
metal it uses a dynamic 50K ohm element.

A picture can be seen at
http://www.eham.net/data/classifieds/images/289870.jpg
or
http://www.foxtango.org/ft-library/F...ies/yd-844.jpg

This particular mic works fine and looks very close to new.
No scratches or imperfections. $100

Johnson SWR sensor 250-24

This unit is in its original box that says "S W R Bridge,
Standing Wave Ratio Bridge, 52 ohms, Cat No 250-24".

However, this is only the sensor unit. There is no actual
meter. It is the round, cylindrical sensor that can go with
many of the Johnson Matchbox units. SO-239 connectors on
each end, plus terminals to connect the wires to the meter.

This unit is in the original box, with the original paper
work, and original packing material. It appears to be new,
and certainly is quite collectible. $60

CMOS Iambic Keyer

This keyer features a build in set of HamKey Paddles.
The front has speed control, plus a volume control for
the sidetone volume. Of course that means that it can
also be used for code practice. Also on the front panel
is a 3 position switch that turns off the output to the
transmitter (for code practice), puts it in to "Keyer

mode", or locks it on for transmitter tune up.

The rear panel has provisions for an external speaker (one is built in), external key, external paddles, plus jacks for keying the transmitter. There is also a connector for external 9 to 12 V DC power, although it can be powered by a regular 9 V battery if desired.

It works fine and is in extremely nice condition. $50

Cables for CW Straight Key and for CW Paddles For Sale:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Vectronics VEC-212 Code Practice Oscillator For Sale:

This appears to be the same as the MFJ 557 code practice oscillator, but with the VEC label on it.

A picture can be seen at http://www.n4mw.com/cp100tn.jpg

It is a traditional code practice oscillator, with adjustable volume and tone. It includes a straight key on a nice base. It operates from a 9 volt battery, or from a wall wort power supply.

With paper work for $22.

Waters "Universal Hybrid Coupler II" Model 3002

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Heath Phone Patch and SWR Bridge For Sale:

Both of these units match the Heath SB series.

Heath HD-15 Phone Patch
This is the unit with the VU meter on the left and 3 knobs
that match the SB series to the middle and right. Low or
high Z output to the transmitter. It can also be used as
an interface to the computer for PSK31, etc. It is in
good shape. Paper work included for $25.

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back.
The front has the meter on the left, and two knobs to the
right. It is the same size as the HD-15 phone patch. This
one works fine and is in nice cosmetic shape. Paper work
included for $20.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs
almost twice as much as the newer models, and looks like it
would take more power. It likely was made in the days that
plate modulated AM was the rule. $30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular
situation, and also to more closely match your specific impedance.
It cuts off just above 10 meters (if adjusted as such), and will

handle 1500 watts.
In extremely nice condition for $35.

Alliance U-100 and U-110 antenna rotor control boxes

This is the control box only, and not the actual
rotor. This control box takes 4 conductor cable.
It was designed for large TV antennas, but is often
used as an elevation rotor for satellite arrays,
or for VHF beams.

Two are available. One is for a U-100 and one is for
a U-110.
Electrically they are interchangeable, but are styled
slightly different.

Both control boxes works fine, and look fine also.

Paper work included for $25 each.

AEA Items For Sale:

AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with PK-232, PK-88 or others. $15

AEA Software
The followings is legitimate AEA software, with the
original disks with serial numbers, and original documentation.
It is not copied or "bootleg" software.
Log Windows, Version 2.0 - $15

MFJ 1272 BZ switch to transfer between microphone and TNC

MFJ made these so it would be easy to use a TNC such as the
AEA PK-88. The small box has a socket to plug your microphone
into on the front, along with a switch to switch between mic
or TNC. There are two cables coming out of the back, with one
going to the mic jack on your rig, and other going to your TNC.
There is also provision for receive audio in, and an external
speaker. No power is required. Inside the box is a series of
jumpers, so that it can be configured for any rig.

This model is made to switch between an AEA PK-88, and any rig
with the round 8 pin mic connector.

Paper work is included that shows how to set the jumpers for
most of the common rigs (Kenwood, Yaesu, Icom, Alinco, etc.).

It is in A-1 shape, and works 100%. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
It is presently has an 8 pin round connector, wired for

Kenwood. $25
As above, with no connector. $22

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks
fine and works fine. $18

Speaker Mics for standard 2.5 mm and 3.5 mm connectors
This connection was used on the vast majority of HTs
until recently. If your HT has a 2.3 mm and 3.5 mm
connector, these will likely work for you.
Two are available.
One is a Prime, and the other is a Densei. Both work
fine and look very close to new. Your choice for $20.

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Yaesu FT-207
Yaesu FT-209

Wrist Strap for Yaesu FT-209 - $4

LARGE Analog Meters For Sale:

General Electric Edgewise DC ammeter
0-100 ma scale - Edgewise meter with scale 5+ inches
long and 1.7 inches high. White scale, w/ silver/gray mounting
This is a very nice meter that can be read across the room. $30

LabVolt AC ammeter
0-1 amp scale, 4 inch square meter, $20

LabVolt DC ammeter
0-1 amp scale, 4 inch square meter, $20

DC voltmeter has 3 scales on it - 5, 10, and 25 volts.
It says it is a Niehoff Voltmeter, Chicago, Model T-2.
It looks like 1930s vintage, and is in very nice shape. $28

Very heavy duty chokes, as used to filter ripple in high current
power supplies.
These chokes (inductors) weigh about 8 pounds each, and
are designed to be used in low voltage applications. They were both
removed from power supplies, and are in close to new condition.

One is from a 20 amp power supply. $13.

Another is from a 30 amp power supply. $15.

Prices do not include shipping from Florida.

Thanks.

TenTec 288, 1800 Hz filter
1800 hz for wide CW, narrow SSB or digital use
Fits Corsairs, Paragons, Omni V and VI, and others.
It looks like new, with paperwork. $75

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well shielded, and does not produce any electrical noise that I could find. $150

Heath VHF Wattmeter

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz. Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter by about 3 feet. SO-239 connectors in and out.
This particular meter works great, looks fine and includes paper work for $ 40.

Midland 23-126 SWR Bridge
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it. $30

Yaesu YD-844 Desk Microphone

This is a 50 K impedance desk microphone that really looks sharp. It has a standard PTT switch on it, and also a locking PTT switch. The YD-844 dynamic base station microphone is an optional accessory made by Yaesu. Made of a heavy cast metal it uses a dynamic 50K ohm element.

A picture can be seen at
http://www.eham. net/data/ classifieds/ images/289870. jpg
or
http://www.foxtango .org/ft-library/ F...ies/yd- 844.jpg

This particular mic works fine and looks very close to new. No scratches or imperfections. $100

Johnson SWR sensor 250-24

This unit is in its original box that says "S W R Bridge, Standing Wave Ratio Bridge, 52 ohms, Cat No 250-24".

However, this is only the sensor unit. There is no actual meter. It is the round, cylindrical sensor that can go with many of the Johnson Matchbox units. SO-239 connectors on each end, plus terminals to connect the wires to the meter.

This unit is in the original box, with the original paper work, and original packing material. It appears to be new, and certainly is quite collectible. $60

CMOS Iambic Keyer

This keyer features a build in set of HamKey Paddles. The front has speed control, plus a volume control for the sidetone volume. Of course that means that it can also be used for code practice. Also on the front panel is a 3 position switch that turns off the output to the transmitter (for code practice), puts it in to "Keyer mode", or locks it on for transmitter tune up.

The rear panel has provisions for an external speaker (one is built in), external key, external paddles, plus jacks for keying the transmitter. There is also a connector for external 9 to 12 V DC power, although it can be powered by a regular 9 V battery if desired.

It works fine and is in extremely nice condition. $50

Cables for CW Straight Key and for CW Paddles For Sale:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Vectronics VEC-212 Code Practice Oscillator For Sale:

This appears to be the same as the MFJ 557 code practice oscillator, but with the VEC label on it.

A picture can be seen at http://www.n4mw. com/cp100tn. jpg

It is a traditional code practice oscillator, with adjustable volume and tone. It includes a straight key on a nice base. It operates from a 9 volt battery, or from a wall wort power supply.

With paper work for $22.

Waters "Universal Hybrid Coupler II" Model 3002

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the

sound card in your computer in this position, and you
have a very effective interface.

Model 3002 includes a speech compressor powered by a 9
volt battery. The front panel is finished on both
sides, with one side having it set in a horizontal
position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only
found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Heath Phone Patch and SWR Bridge For Sale:

Both of these units match the Heath SB series.

Heath HD-15 Phone Patch
This is the unit with the VU meter on the left and 3 knobs
that match the SB series to the middle and right. Low or
high Z output to the transmitter. It can also be used as
an interface to the computer for PSK31, etc. It is in
good shape. Paper work included for $25.

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back.
The front has the meter on the left, and two knobs to the
right. It is the same size as the HD-15 phone patch. This
one works fine and is in nice cosmetic shape. Paper work
included for $20.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs
almost twice as much as the newer models, and looks like it
would take more power. It likely was made in the days that

plate modulated AM was the rule. $30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular
situation, and also to more closely match your specific impedance.
It cuts off just above 10 meters (if adjusted as such), and will
handle 1500 watts.
In extremely nice condition for $35.

Alliance U-100 and U-110 antenna rotor control boxes

This is the control box only, and not the actual
rotor. This control box takes 4 conductor cable.
It was designed for large TV antennas, but is often
used as an elevation rotor for satellite arrays,
or for VHF beams.

Two are available. One is for a U-100 and one is for
a U-110.
Electrically they are interchangeable, but are styled
slightly different.

Both control boxes works fine, and look fine also.

Paper work included for $25 each.

AEA Items For Sale:

AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with PK-232, PK-88 or others. $15

AEA Software
The followings is legitimate AEA software, with the
original disks with serial numbers, and original documentation.
It is not copied or "bootleg" software.
Log Windows, Version 2.0 - $15

MFJ 1272 BZ switch to transfer between microphone and TNC

MFJ made these so it would be easy to use a TNC such as the
AEA PK-88. The small box has a socket to plug your microphone
into on the front, along with a switch to switch between mic
or TNC. There are two cables coming out of the back, with one
going to the mic jack on your rig, and other going to your TNC.
There is also provision for receive audio in, and an external
speaker. No power is required. Inside the box is a series of

jumpers, so that it can be configured for any rig.

This model is made to switch between an AEA PK-88, and any rig
with the round 8 pin mic connector.

Paper work is included that shows how to set the jumpers for
most of the common rigs (Kenwood, Yaesu, Icom, Alinco, etc.).

It is in A-1 shape, and works 100%. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
It is presently has an 8 pin round connector, wired for
Kenwood. $25
As above, with no connector. $22

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

CES "Micropad" touch tone mic
No model number on it, but it has a 12 digit pad on the
back. Low Z mic element with round 8 pin connector
wired for Kenwood. $38

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks
fine and works fine. $18

Speaker Mics for standard 2.5 mm and 3.5 mm connectors
This connection was used on the vast majority of HTs

until recently. If your HT has a 2.3 mm and 3.5 mm
connector, these will likely work for you.
Two are available.
One is a Prime, and the other is a Densei. Both work
fine and look very close to new. Your choice for $20.

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Yaesu FT-207
Yaesu FT-209

Wrist Strap for Yaesu FT-209 - $4

LARGE Analog Meters For Sale:

General Electric Edgewise DC ammeter
0-100 ma scale - Edgewise meter with scale 5+ inches
long and 1.7 inches high. White scale, w/ silver/gray mounting
This is a very nice meter that can be read across the room. $30

LabVolt AC ammeter
0-1 amp scale, 4 inch square meter, $20

LabVolt DC ammeter
0-1 amp scale, 4 inch square meter, $20

DC voltmeter has 3 scales on it - 5, 10, and 25 volts.
It says it is a Niehoff Voltmeter, Chicago, Model T-2.
It looks like 1930s vintage, and is in very nice shape. $28

Very heavy duty chokes, as used to filter ripple in high current
power supplies.
These chokes (inductors) weigh about 8 pounds each, and
are designed to be used in low voltage applications. They were both
removed from power supplies, and are in close to new condition.

One is from a 20 amp power supply. $13.

Another is from a 30 amp power supply. $15.

Prices do not include shipping from Florida.

Thanks.

FOR SALE: Large Tube Caddy...

This will hold hundreds of tubes as it has several large
internal compartments. There are no tubes in the caddy. It makes
for great storage, transportation and protection for your tubes.

Will hold every size tube from the sub-miniature ones to the larger
transmitting tubes, audio power tubes etc.

Covere din beige tolex, this tube caddy in very good condition.
Sturdy wood construction. The brand is "SUPER TUBE CADDY..."
This one has the usual compartments for storing tubes of various sizes.
This is a large, well-built tube caddy with dimensions: 24" X 16" X 9"
Available for $60.00 plus shipping.

Pictures and details available at:

FOR SALE: KLM linear amplifier for 420-450 MHz band in very
good condition.

This is a 35 watt all-mode amplifier for the 70 cm band

Model is PA 10-36CL
Input required is 5 to 10 watts for full output of 35 watts.

I used one of these years ago to work OSCAR satellites
with 2 watts of drive from an ICOM IC402 portable SSB-CW rig
and always got about 18 watts p.e.p. out.
Works fine and has type N connectors for low loss at UHF.

Picture and details at:
http://ww.af4k.com/radios.htm

REDUCED: BC-221 Frequency Meters for sale...

I have two of these for sale. Both are standard unmodified Frequency
Meters
and each comes with the book. Appearance is excellent inside.
Each has a little surface rust on the catches on the outside of the case
but it's nothing serious at all. For their age they are in superior condition
compared to most of these that I have seen.

Two types avcailable - Model BC-221-AA and a Model BC-221-AF.
QTY 2 available now for $49.00 each plus shipping.

Pictures and details here:

http://www.af4k.com/miscpart.htm

Thanks for looking and 73 de AF4K, Bry

From the Desk of: HON. IBRAHIM DANKWAMBO
Accountant / Paymaster General of the Federation
DO NOT READ IF NOT MEANT FOR YOU
==========

ATTN: CATEGORY ?A? CLIENT TO THE FEDERAL GOVERNMENT OF NIGERIA

After waiting to hear from you or your Partners who introduced you into this transaction for a long time now, I decided to make this direct approach today being the 11th of October, 2009 so as to let you know that I personally do not have any thing in mind against you. I do not know if you have asked yourself why ever since you were introduced into this transaction, you have been going round in circles without getting to the bottom or end of this and also why each time the release of these fund is approved, all of a sudden, the payment will be stopped or one problem or the other will come up. If you have not asked this question or you do not know, this is an opportunity for me to tell you.

Some time ago the people that introduced you to the project approached me through an old school mate of mine and requested me to assist them conclude a money transfer deal they had with you, they requested me to assist them by putting in your name as the Original Beneficiary of the funds in question in order to make you appear as the rightful beneficiary of this funds. I agreed on condition that they will pay me US$425,000.00 as soon as your name appears as the beneficiary. I did as agreed and demanded to be paid but your friends started telling me stories. They even told me that you promise to send money to me. Do you know that up till now, I have not received a single cent from them and have not set my eyes on any of them?

Based on their attitude, as the new appointed Accountant / Paymaster General of the Federation, I decided to stop the release of the funds through a strong worded petition to the Office of the President of Nigeria himself requesting that his Office should permit me to investigate your file officially prior to fund release because I cannot be denied of my right in my own Office considering the risk as it might affect my job. Secondly, the truth of the matter is that I know personally that you are not the rightful beneficiary of the funds in question, although I am the only person privileged to know this information and it is a fact. Why I am making this clear to you is that I can see that you are still making efforts; spending money in order to conclude this project. My main reason of contacting you is to let you know that I am ready to forget the past, which means I do not need the US$425,000.00 any longer from you or your so called partners but a share of 35% of the total su
m. Furthermore, I also need your

Finally, I need your assurance in (Black and White Paper) writing that you will be willing to offer me the 35% of the principal Sum, secondly, that you will assist establish a foreign account in your country or the Account base where my share will be lodged and secured. You can contact me immediately on this Phone Number: 234-802-260-0000 ? Ext. 06 to enable me furnish you with detailed information on what you are to do from now on. But if the reverse is the case, do not bother yourself to reach me.

Respectfully yours,

7248. HF Antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-10-16 12:20:58 UTC
From: Ken Simpson, W8EK
Topic: 7248 Message: 7248

HF Antenna related items for sale:

SWR Bridges:

Midland 23-126 SWR Bridge
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it. $30

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back. The front has the meter on the left, and two knobs to the right. It is the same size as the HD-15 phone patch. This one works fine and is in nice cosmetic shape. Paper work included for $20.

HF 1 to 1 Antenna Baluns:

A balun is made to convert the unbalanced coaxial cable to a balanced antenna, such as a beam or dipole.
These are all 1:1 baluns, which means that they will preserve the impedance, instead of acting like a transformer. They will handle full legal power, and take a PL-259 connector.

Bencher ZA-1 A Balun
This 1:1 balun will handle full legal power, and can be used either with a dipole or a beam. It has strain relief for the dipole wire, and can be hung from the provided mounting hole.
This one works fine and looks great. $40.

The Big Signal W2DU Balun
Model HF. 1 to 1 ratio. Stainless steel hardware.
A lightning arrester is included in this balun.
It is a current type balun, covering from 1.8 to 30 MHz.
This one works fine and looks very close to new. $25

Hi-Q Balun by VanGorden
This balun has a 1 to 1 ratio, and also includes a lightning arrester built in to it. It also is for HF, and can function as an antenna center insulator as well.
This one is still in its original packaging. $20

Hustler HF mobile resonators:
All work fine and are in great cosmetic condition.
Regular (400 Watt PEP) Resonator:

40 meter, RM-40 $17
"Super" high power resonators (good for 2 KW PEP)
15 meter RM-15 S $18
10 meter RM-10 S $16

Alliance U-100 and U-110 antenna rotor control boxes

This is the control box only, and not the actual
rotor. This control box takes 4 conductor cable.
It was designed for large TV antennas, but is often
used as an elevation rotor for satellite arrays,
or for VHF beams.

Two are available. One is for a U-100 and one is for
a U-110.
Electrically they are interchangeable, but are styled
slightly different.

Both control boxes works fine, and look fine also.

Paper work included for $25 each.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs
almost twice as much as the newer models, and looks like it
would take more power. It likely was made in the days that
plate modulated AM was the rule. $30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular
situation, and also to more closely match your specific impedance.

It cuts off at about 52 MHz (if adjusted as such) so it can be
used on 6 meters, and will handle 1500 watts.
In extremely nice condition for $35.

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

Chassis Mount SO-239 connectors (square) $1

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

CW Items:

TenTec KR-2 Paddles
The paddles are a single lever paddle, like is in the KR-5
keyer. They are housed in a nice eggshell white and wood
grain cabinet. There is also a separate button on top that
can be used as a straight key, or to tune up a rig or
antenna tuner. $40

Buy the paddles with one of the keyers below, and take $10
off of the pair.

MFJ 484 C "GrandMaster" Keyer with Memories
This keyer has a built in sidetone, with volume and tone

adjustable on the front panel. Speed and weighting are
also adjustable from the front panel.
It has 4 large memories. You may install a 9 volt battery
to preserve memory contents during a power failure. It can
be powered by either a 9 Volt battery, a 9 V DC wall wart,
or your station 12 V DC power supply.
It is a nice eggshell white and wood grain enclosure that
matches the TenTec KR-2 paddle. $55

Palomar Engineers IC Keyer
This keyer includes a sidetone with speaker built in. It
also will operate in either full automatic mode (like most
keyers), or in semiautomatic mode (like a bug). The 9 Volt
battery is external, so it can be changed easily. This one
works great. $45

Vectronics VEC-212 Code Practice Oscillator:

This appears to be the same as the MFJ 557 code practice
oscillator, but with the VEC label on it.

A picture can be seen at http://www.n4mw.com/cp100tn.jpg

It is a traditional code practice oscillator, with adjustable
volume and tone. It includes a straight key on a nice base.
It operates from a 9 volt battery, or from a wall wort power
supply.

With paper work for $20.

Cables for CW Straight Key and for CW Paddles For Sale:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it,
as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector
on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Prices do not include shipping from Florida.

Thanks.

7249. HF Antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-10-16 12:23:06 UTC
From: Ken Simpson, W8EK
Topic: 7248 Message: 7249

HF Antenna related items for sale:

SWR Bridges:

Midland 23-126 SWR Bridge
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it. $30

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back. The front has the meter on the left, and two knobs to the right. It is the same size as the HD-15 phone patch. This one works fine and is in nice cosmetic shape. Paper work included for $20.

HF 1 to 1 Antenna Baluns:

A balun is made to convert the unbalanced coaxial cable to a balanced antenna, such as a beam or dipole.
These are all 1:1 baluns, which means that they will preserve the impedance, instead of acting like a transformer. They will handle full legal power, and take a PL-259 connector.

Bencher ZA-1 A Balun
This 1:1 balun will handle full legal power, and can be used either with a dipole or a beam. It has strain relief for the dipole wire, and can be hung from the provided mounting hole.
This one works fine and looks great. $40.

The Big Signal W2DU Balun
Model HF. 1 to 1 ratio. Stainless steel hardware.
A lightning arrester is included in this balun.
It is a current type balun, covering from 1.8 to 30 MHz.
This one works fine and looks very close to new. $25

Hi-Q Balun by VanGorden
This balun has a 1 to 1 ratio, and also includes a lightning arrester built in to it. It also is for HF, and can function as an antenna center insulator as well.
This one is still in its original packaging. $20

Hustler HF mobile resonators:
All work fine and are in great cosmetic condition.
Regular (400 Watt PEP) Resonator:

40 meter, RM-40 $17
"Super" high power resonators (good for 2 KW PEP)
15 meter RM-15 S $18
10 meter RM-10 S $16

Alliance U-100 and U-110 antenna rotor control boxes

This is the control box only, and not the actual
rotor. This control box takes 4 conductor cable.
It was designed for large TV antennas, but is often
used as an elevation rotor for satellite arrays,
or for VHF beams.

Two are available. One is for a U-100 and one is for
a U-110.
Electrically they are interchangeable, but are styled
slightly different.

Both control boxes works fine, and look fine also.

Paper work included for $25 each.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each end.
This is an older model that seems much heavier duty. It weighs
almost twice as much as the newer models, and looks like it
would take more power. It likely was made in the days that
plate modulated AM was the rule. $30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular
situation, and also to more closely match your specific impedance.

It cuts off at about 52 MHz (if adjusted as such) so it can be
used on 6 meters, and will handle 1500 watts.
In extremely nice condition for $35.

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

Chassis Mount SO-239 connectors (square) $1

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

CW Items:

TenTec KR-2 Paddles
The paddles are a single lever paddle, like is in the KR-5
keyer. They are housed in a nice eggshell white and wood
grain cabinet. There is also a separate button on top that
can be used as a straight key, or to tune up a rig or
antenna tuner. $40

Buy the paddles with one of the keyers below, and take $10
off of the pair.

MFJ 484 C "GrandMaster" Keyer with Memories
This keyer has a built in sidetone, with volume and tone

adjustable on the front panel. Speed and weighting are
also adjustable from the front panel.
It has 4 large memories. You may install a 9 volt battery
to preserve memory contents during a power failure. It can
be powered by either a 9 Volt battery, a 9 V DC wall wart,
or your station 12 V DC power supply.
It is a nice eggshell white and wood grain enclosure that
matches the TenTec KR-2 paddle. $55

Palomar Engineers IC Keyer
This keyer includes a sidetone with speaker built in. It
also will operate in either full automatic mode (like most
keyers), or in semiautomatic mode (like a bug). The 9 Volt
battery is external, so it can be changed easily. This one
works great. $45

Vectronics VEC-212 Code Practice Oscillator:

This appears to be the same as the MFJ 557 code practice
oscillator, but with the VEC label on it.

A picture can be seen at http://www.n4mw.com/cp100tn.jpg

It is a traditional code practice oscillator, with adjustable
volume and tone. It includes a straight key on a nice base.
It operates from a 9 volt battery, or from a wall wort power
supply.

With paper work for $20.

Cables for CW Straight Key and for CW Paddles For Sale:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it,
as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector
on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Prices do not include shipping from Florida.

Thanks.

Dear Sir/Ma,

We are accepting applications from qualified individuals to become paid surveyors. We have an assignment in your area and we would like you to participate.

Paid Surveys is an internet based customer experience management agency. Our clients includes businesses in many countries. We serve clients in every region and have a growing membership of about 80,000 members worldwide.

We provide customer experience management services to our clients and businesses worldwide. By so doing our clients are able to serve their own end customers better. One of our tasks is to evaluate the quality of businesses and financial services in your area, businesses like
Wal-Mart Western Union, banks, Money gram, hospital, restaurants,Hotels and other business franchise or financial services etc.

As a Paid Surveyor you get paid to conduct a simple survey and provide valuable customer service feedback to us. You will be required to visit businesses and franchise locations like stores, restaurants,banks, movie theaters, hotels and other businesses in your area as an
'undercover customer'. Your job is just to act like any regular customer and perform a normal business transaction while you conduct a simple survey and gather information about the quality of service by staff, behavior of staff and other issues at such locations.

You are NOT paying for anything. All funds required will be provided by our clients and sent to you to complete your assignment.
Registration is FREE. You will also be paid in full, in advance, to perform your assignment. In your case you will be paid 200 dollars for each survey assignment you undertake.

If you are interested then kindly send us a response with your
APPLICATION FORM

7252. Wattmeters, Microphones, 2 m rig, and more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-10-24 15:23:51 UTC
From: Ken Simpson, W8EK
Topic: 7252 Message: 7252

Many Ham Items For Sale
Wattmeters, Microphones, 2 m rig, and more

Wattmeter and SWR Bridge:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with
250 and 25 watt scales. It can also be used to check SWR,
and has a remote sensor that can either be left inside
the meter, or separated from the actual meter by about
3 feet. SO-239 connectors in and out.
This particular meter works great, looks fine and includes
paper work for $ 40.

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back.
The front has the meter on the left, and two knobs to the
right. It is the same size as the HD-15 phone patch. This
one works fine and is in nice cosmetic shape. Paper work
included for $20.

Communications Speaker:
This 4 inch square speaker is optimized for communications
frequencies (300 to 3000 Hz). It is a Realistic Radio Shack
speaker in a black enclosure, and is an 8 ohm speaker. It
has a cord with a 1/8 inch (3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

Microphones:

Yaesu YD-844 Desk Microphone

This is a 50 K impedance desk microphone that really looks
sharp. It has a standard PTT switch on it, and also a
locking PTT switch. The YD-844 dynamic base station microphone
is an optional accessory made by Yaesu. Made of a heavy cast
metal it uses a dynamic 50K ohm element.

A picture can be seen at
http://www.eham.net/data/classifieds/images/289870.jpg
or
http://www.foxtango.org/ft-library/F...ies/yd-844.jpg

This particular mic works fine and looks very close to new.
No scratches or imperfections. $100

Yaesu MH-31 B 8 dynamic hand microphone
This is the Yaesu hand microphone that has the round
8 pin connector on it. It will go with virtually any Yaesu
rig that uses the round 8 pin connector. It has up, down,
and fst switches, and well as a tone switch, in addition
to the PTT switch.
This particular unit works 100%, and is still unused in
its original box. It even includes the new shiny, chrome
mic holder for $40.

Icom HM-7 Hand Microphone
This low impedance dynamic hand microphone has an internal
preamp in it, and is used with Icom rigs such as the 245,
260, 290, 451, 490, 505, 560, 720, 730, 740, 22U, 25A, 251A,
and maybe others. It has a 4 pin plug on it.
This one works fine, and looks like it just came out of
the box. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
It is presently has an 8 pin round connector, wired for
Kenwood. $25
As above, with no connector. $22

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed.
Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

Yaesu MH-15a8
Has 16 digit DTMF pad on the back with an Up-Down
switch on the top in addition to the PTT button.
8 pin round connector. $40

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

Yaesu MH-34 b 4 b speaker microphone
This is the one that fits the Yaesu VX-8, VX-7, VX-6, VX-5, VX-3, VX-2, VX-1, and that series of HTs. I think it also fits the FT-50 and FT-60, and maybe others. It has a single 4 conductor, 3.5 mm plug on it. This one is just like new. $30

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Yaesu YM-24 A speaker mic.
Fits FT-207, 208, plus many others. It has the odd little round connector on it like Yaesu, Wilson, Santec, and others used in the 1970s and 80s. This particular unit works fine, and looks great also. $20

Two meter FM Transceiver:

KDK FM-2033 mobile FM transceiver for 2 meters

This rig produces just over 25 Watts in high power and about 7 watts in low power. The rig is fully synthesized, has memories, scan, subaudible PL tone, and all the things that one expects in a 2 meter rig. It has a touchtone microphone with it. It sounds great, and hears well. It needs 13 V DC at about 7 amps.

This particular rig is in very nice condition. There is one paint spot missing, about the size of a pin head. It includes the touchtone microphone, mobile mounting bracket, power cord, and paper work. The original box is also included, although the box looks much worse than the radio. Even the mic clip, and a bag of screws are included, as is the original multicolored sales brochure. $89

Prices do not include shipping from Florida.

Thanks.

fine and works fine. $18

Yaesu YM-24 A speaker mic.
Fits FT-207, 208, plus many others. It has the
odd little round connector on it like Yaesu, Wilson,
Santec, and others used in the 1970s and 80s.
This particular unit works fine, and looks great
also. $20

Communications Speaker:
This 4 inch square speaker is optimized for communications
frequencies (300 to 3000 Hz). It is a Realistic Radio Shack
speaker in a black enclosure, and is an 8 ohm speaker. It
has a cord with a 1/8 inch (3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

From: Bry Carling
Topic: 7255 Message: 7255

FOR SALE: BC221 Frequency Meter

Here is a standard unmodified BC-221 Frequency Meter and it comes with the book.
Beautifully built military spec equipment with a dial drive and tuning capacitor that are
ideal for a project like a VFO or a remote VFO or even a homebrew receiver or transceiver.

Appearance is excellent inside. There is minor surface rust on the catches on
the outside of the case, but it's nothing serious at all. For its age this instrument
is in superior condition compared to most of these that I have seen.
Available for $49.00 plus shipping.
Pictures and details at:
http://www.af4k.com/radios.htm

From: Bry Carling
Topic: 7256 Message: 7256

FOR SALE: Group of 40 FT241 Crystals in new condition.

Quantity of 40 old FT241 crystals. These are the LF range crystals as used in the military BC620 and BC733 radios. Excellent condition. During WWII these quartz crystals were manufactured for use in military vehicle radios.

These crystals are marked for frequencies in the 20 - 40 mhz range, but the fundamental frequencies are much lower.
Some of the crystals fall in the 455 khz range, and were used by homebrew radio builders in the 1950's onward to make crystal filters, especially for SSB exciters (see early 50's ARRL handbooks).

These are LF crystals in the 300 - 500 kHz range. Marked with channels such as 14, 19, 60, 68, 317, 320 (sorry no specific choices offered) but for example, Channel 68 = 496.3 kHz.

Will sell the box of crystals for $15.00 plus shipping.

Pictures and details at:
http://www.af4k.com/FT241_crystals.htm

7259. Antennas and antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-11-05 14:28:42 UTC
From: Ken Simpson, W8EK
Topic: 7259 Message: 7259

Antennas and antenna related accessories For Sale:

HF 1 to 1 Antenna Baluns:

A balun is made to convert the unbalanced coaxial cable to a balanced antenna, such as a beam or dipole.
These are all 1:1 baluns, which means that they will preserve the impedance, instead of acting like a transformer. They will handle full legal power, and take a PL-259 connector.

Bencher ZA-1 A Balun
This 1:1 balun will handle full legal power, and can be used either with a dipole or a beam. It has strain relief for the dipole wire, and can be hung from the provided mounting hole.
This one works fine and looks great. $40.

The Big Signal W2DU Balun
Model HF. 1 to 1 ratio. Stainless steel hardware.
A lightning arrester is included in this balun.
It is a current type balun, covering from 1.8 to 30 MHz.
This one works fine and looks very close to new. $25

Hi-Q Balun by VanGorden
This balun has a 1 to 1 ratio, and also includes a lightning arrester built in to it. It also is for HF, and can function as an antenna center insulator as well.
This one is still in its original packaging. $20

Heath HM-15 SWR Bridge
It is an HF SWR Bridge, with SO-239 connectors on the back. The front has the meter on the left, and two knobs to the right. It is the same size as the HD-15 phone patch. This one works fine and is in nice cosmetic shape. Paper work included for $20.

Heath HM-2102 VHF Wattmeter
Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter by about 3 feet. SO-239 connectors in and out.
This particular meter works great, looks fine and includes paper work for $40.

Hustler HF mobile resonators:
All work fine and are in great cosmetic condition.

Regular (400 Watt PEP) Resonator:
40 meter, RM-40 $17
"Super" high power resonators (good for 2 KW PEP)
15 meter RM-15 S $18
10 meter RM-10 S $16

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $7

Larsen NMO-Q Quarter Wave Antenna
For two meters. $10
Precut for 450 MHz. New, still in bag. $8
For 450 MHz, used, but very good. $6

Larsen Magnetic Antenna Mounts:

Larsen NLA-MM Mobile Antenna Mag Mount
This rectangular mag mount features an extremely strong
magnet. The center of the mag mount takes an NLA type
antenna. It includes coax, with a PL-259 connector on it.
It is in good condition. $20

Larsen PO-MM Mobile Antenna Mag Mount
Same as NLA-MM and NMO-MM above, except the center
of the mag mount has an SO-239 connector, which
means any antenna with a PL-259 can be used with it.
It is in good condition. $17

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A

special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

The ARRL Antenna Book
1983, 14th Edition, Large 8 1/2 X 11 Book, $10

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15
Kenwood Stubby Duck for TH-21, 4 inches long - $15

Alinco Stubby w/BNC Connector, 4.6 inches long

Alinco 220 MHz, w/BNC, 6 inches long

BNC Stubby for 440 MHz, 3 inches long
BNC regular for 440 MHz, 6.5 inches long

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular
situation, and also to more closely match your specific impedance.
It cuts off just above 10 meters (if adjusted as such), and will
handle 1500 watts. SO-239 connector on each end.
In extremely nice condition for $35.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

B & W model 426 low pass filter
B & W TVI filter, cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is an older model that seems much heavier duty. It weighs almost twice as much as the newer models, and looks like it would take more power. It likely was made in the days that plate modulated AM was the rule. $30

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long. It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available. These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female square mount (uses 4 screws) - $3
screw in type - $4

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

Chassis Mount SO-239 connectors (square) $1

UHF "T" connector with two female (SO-239) and one male (PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

Prices do not include shipping from Florida.

Thanks.

7267. FBI:SHOULD YOUR FUND BE GIVEN TO LINDA ROSSEL

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-11-16 17:42:38 UTC
From: Robert Mueller
Topic: 7267 Message: 7267

Federal Bureau of Investigation (FBI)
Anti-Terrorist And Monitory Crime Division.
Federal Bureau Of Investigation.
J.Edgar. Hoover Building Washington Dc
Customers Service Hours / Monday To Saturday
Office Hours Monday To Saturday.

ATTN: Dear Beneficiary,

Compliment of the day to you from the FEDERAL BUREAU OF INVESTIGATION. Am writing to inform you that we received an urgent letter from the Nigerian Government regarding the transfer/payment of your due funds which is valued at the sum of $5million usd and we have been directed to act immediately towards this issue without any further delay to this process.

The reason why we are contacting you was because a lady by name Linda Rossel came to the ATM CARD PAYMENT CENTER today with a written letter that they should approve the funds on your behalf to her as your representative, so please check and know if you send any body by that name to claim this funds on your behalf as we will facilitate the transfer of the funds to her immediately. She has done the necessary requirements and she has already paid for the delivery fees. But we are still confused in sending the funds to her because your details was in the letter that is why i have decided to contact you personally.

So all i want you to do now is to contact the ATM CARD PAYMENT CENTER and tell them that you
did not send anybody to claim your fund, but if we confirm that you are not the person that sent her, we will have no option than to detain her immediately and she is going to rot in jail forever.

Your payment file was accessed today and we found out that your funds which is valued at the sum of $5million usd has not been paid yet because of lack of compliance with the directives as regards the delivery of your ATM CARD to you.

We have also contacted the ATM CARD COMPANY that issued the ATM CARD to you and they informed us that your ATM CARD can be activated online, this services enable you to make transfers or pay online bills from your computer at home direct to any bank account of your choice.They also have a fast access delivery which means that your ATM CARD can be delivered to you upon 6hours after the delivery requirements has been acknowledged, so you will have to choose the option that you think will be the best for you and have it in mind that you have only 24 hours to complete this process or the ATM CARD will be sent to Miss Linda Rosell because she has paid for the delivery fee and we will be left with no choice than to send her the fund.

Since the Federal Bureau of Investigation is involved in this transaction, you have to be rest assured for this is 100% risk free it is our duty to protect the American Citizen. All I want you to do is to contact the ATM CARD CENTER via email for their requirements to proceed for the delivery of you ATM CARD to your door step on your behalf which will cost

you $200.00 only.

You are required to forward the ATM CARD PAYMENT CENTER your full details as stated below if you do not advise us to transfer the funds on behalf of Miss Linda Rossel.

CONTACT INFORMATION
NAME: Mr. william smith
EMAIL:williamsmith_51@...
phone number:+2347034780991

Do contact Mr.william smith of the ATM PAYMENT CENTER with your details:

Full Name:

Address:

Contact Number:

Age:

Occupation:

Country:

Marital Status:

NOTE: As soon as you get this email, you are to get back to the ATM CARD CENTER via email to send you the payment information?s on how to make the payments for your ATM CARD to be delivered to you because Miss Linda Rossel has already paid for the delivery fees for the fund to come to her. But if you can make the payment now, we will have to refund her back her money and forward the fund to you and make sure she is detained forever for trying to reap where she did not sow.

I will do my possible best to make sure justice is brought to power because I am already convince that Miss Linda Rossel is trying to reap where she did not sow after I saw the letter she brought to the ATM CARD CENTER. But we still need more evidence to nap her down the net that is why I have asked you to make the payment immediately you get this email because it?s the only genuine alternative I have at hand now that will still make your funds still come to you. Follow my instructions carefully and I will make sure justice is brought to power.

Thanks and hope to read from you soon.

Gonset ORIGINAL manual:
Gonset Noise Clipper Model C $4

ORIGINAL Operating Manuals for Kenwood Rigs and accessories:

All manuals are original, in very nice condition, for
Kenwood radios and accessories. They are originals and not
copies.
All are original Kenwood manuals in very nice condition.

Operating manuals for Kenwood Accessories:
BC-5 DC charger/adapter $4
DC-21 adapter for 12 V DC for TH-21 series HTs $3
HS-5 Headphones $4
LF-30A Low Pass Filter $5
MC-30 and MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, and PB-4 battery packs $3
PB-21 or PB-21 H Battery Packs $2
PS-6 power supply $6
PS-30 power supply $5
SC-8 T, soft case for TH-21 series HTs $2
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $4
YK-88SN Narrow SSB Filter $4

Operating manual for TW-4000 dual bander $15

Service manual for TW-4000 dual bander $20

Operating manual for TH-21 A / AT HT for 2 meters $8

Service manual for TH-21 series HTs, plus most
accessories for this series HT $20

Operating manual for TH-41A/BT/E, TH-31A/BT, TH-21A/BT/E
HTs for 440 MHz, 220 MHz and 2 meters $10

Operating manual for TH-225, 2 meter HT $12

Operating manual for TM-221/421 mobile $15

Operating manual for TM-241 / 441 / 541 mobile FM transceivers
For 2 meters, 440 MHz, and 1200 MHz. $ 12

Operating manual for TR-2200, 2 meter "portable"
This is very similar to the Drake TR-22. $15

Operating manual for TR-2400, 2 meter HT $12

Operating manual for TR-2500, 2 meter HT $14

Operating manual for TR-2600, 2 meter HT $12

Service Manual for TR-2600, 2 meter HT $15

Operating Manual for TR-9130 multimode 2 m $15

The above are all in English.

Spanish version of the Operating Manual
for the Kenwood G-707 dual band transceiver
This is the original operating manual only, in Spanish.
It looks like it is quite extensive and detailed.
It is basically new, only being opened to observe that
it is in Spanish only. It is original from Kenwood. $10

ORIGINAL Icom operating manuals:
Please note that all of these are original Icom manuals
and are not copies.
All are in very good condition, unless noted otherwise.
These are original manuals only.

BC-30 Desk Charger $7
BC-35 Desk Charger $7
BP-2, BP-3, BP-4, and BP-5 Batteries $3
BP-21, BP-22, BP-23, and BP-24 Batteries $3
IC-229, 2 meter mobile transceiver $15
IC-230, 2 meter mobile transceiver $15
IC-3 PA Power supply $10
UT-16 Voice Synthesizer $5

These are original manuals only.

ORIGINAL Heath manuals. These are the manuals
only. They are all originals, and not copies, and
all are close to new condition.

AM-2 Reflected Power Meter
(Also known as SWR Meter), 1960,
w/ schematic and pictorial, $8

GD-600 Photoelectric Light Switch
Schematic is part of book $5

HD-15 Hybrid Phone patch
1965, Schematic is part of book. $8

HD-1234 Coax Switch
1973, Four Position Coax Switch
Like new, no check marks $7

Heath HDP-21 Desk Microphone
1969, Great condition, $4

HM-15 Reflected Power Meter and SWR Bridge
1968, Schematic is in book, $8

HM-2102 VHF Wattmeter 1972
Very nice condition. No check marks.
Schematic is part of book. $15

HW-2021 Assembly manual - 1975
2 meter hand held transceiver
No check marks $9

IM-5284 Multimeter
Large schematic only $3

SB-102 HF Transceiver
Schematic Only, Large fold out page, $4

T-2 Signal Tracer
No date listed, but I would guess from the 1950's, $8

Brochure "Heathkit Specials" featuring the Twoer and Sixer,
SB series, HR-20, and others. $4

These are original manuals only.

Transistor Substitution Books For Sale:

All are in excellent condition.

Sams Transistor Substitution Handbook
Second Edition, 1961, 112 pages, $5

Sams Transistor Substitution Handbook No. 10
Tenth Edition, 1970, 160 pages, $6

Sams Transistor Substitution Handbook No. 14
14th Edition, 1974, Larger book, $8

Sylvania ECG Semiconductor replacement guide
1976, larger book, 276 pages, $8

Sylvania ECG Semiconductors Master Replacement Guide
1979, larger book, 360 pages, $10

Sylvania ECG Semiconductor Master Replacement Guide
1987, larger book, about 700 pages, $15

Archer Transistor Replacement Guide
62-1015, No date listed, 8000 substitutions, $5

Archer Transistor Substitution Guide
276-2000, 1972, 15,000 types, 96 pages, $5

The following Texas Instrument Data Books are available.
All are in very nice, close to new, condition, with
very little use.

Analog Applications Journal - $2 each
August 1999
Nov 1999
Feb 2000
May 2000
August 2000
Nov 2000

AHC/AHCT Designer's Guide - June 1999 $2

Mixed-Signal and Analog Products Designer's Guide
And Reference w/CD - January 1999 $4

Analog and Mixed Signal Products Designer's Guide
And Reference - August 1999 $3

Logic Selection Guide - August 1998 $4

BiCMOS Bus Logic Interface - 1988 $2

Prices do not include shipping from Florida.
Shipping via "Media Mail" is relatively inexpensive.

Thanks.

7270. FS: ANTIQUE HAM XTALS less than $2.00 each.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-11-21 20:59:27 UTC
From: Bry Carling
Topic: 7270 Message: 7270

FOR SALE:

ANTIQUE HAM BAND CRYSTALS - for less than $2.00 each.

Military surplus crystals from the Golden era of radio. Build or restore something true to the period of the 1930s and 1940s. Three batches of crystals are currently available. See list below.

These large crystals are some of the earliest made for use with regular military radio equipment. There is not a lot of information about them available any more. Some were used in type SCR-522 radios, BC624, BC625, ARC3 etc., etc. However, these would make a great basis for a homebrew, old-style glowbug AM or CW transmitter since they are almost all on useful ham band frequencies. Enough here to share with a friend too on some requencies! Will be quite a conversation piece around the shack.

ANTIQUE CRYSTAL KIT #1

HC1/U crystals = H43 type with 3.4" pin spacing and thick pins.
3756, 3903, 7200, 7223, 7249, 7270 kHz

ALSO - CR-1/A Crystals with 1/2" spacing and thick pins.
7010 kHz (QTY 3), 7270 kHz, 7300 kHz, 10.0667 MHz, 29.520 MHz

Total of 14 excellent-looking crystals, PLUS two sockets of each type.
QTY 2 X Ceramic 3/4" crystal socket.
QTY 2 X plastic 1/2" crystal socket.

Complete kit as described above is available for $22.00 plus shipping.

= = =

ANTIQUE CRYSTAL KIT #2

All CR-1/A crystals or similar metal can crystals (2)
with same pins.

2637, 3522, 7000, 7010 (X2), 7200, 7220, 7230,
7250, 7270 kHz
7290, 7300 kHz (X2)

Total of 13 excellent-looking crystals PLUS two new
ceramic sockets.
QTY 2 X ceramic 1/2" crystal socket.

Complete kit as described above is available for $25.00
plus shipping.

= = =

ANTIQUE CRYSTAL KIT #3

These are all type CR-1/A crystals with the 1/2" pin
spacing, thick pins.
7000, 7010 (X3), 7110, 7140, 7145, 7170, 7210,
7270, 7300 kHz

Total of 11 excellent-looking crystals PLUS two new
ceramic sockets.
QTY 2 X ceramic 1/2" crystal socket.

Complete kit as described above is available for $22.00
plus shipping.

= = =

Details on the crystal types with photos and dimensions
may be found here:

http://www.af4k.com/crystal_holders.htm

Please reply off the l;isty to arrange purchase.

7271. FS: hc6/u Crystals for 160m and 80m ham band

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-11-25 13:52:02 UTC
From: Bry Carling
Topic: 7271 Message: 7271

FOR SALE:

Older HC6/U Crystals for the Amateur Radio Bands, some
with
thicker pins (*) that will work in the same socket as an
FT243 crystal. These are original, unmodified older
crystals.

HC6/U 3510 kHz
HC6/U 3700 kHz
HC6/U 3742 kHz
HC6/U 3770 kHz
HC6/U 3900 kHz

(*) HC6/U with thicker pins like FT243 - 3705 kHz
(*) HC6/U with thicker pins like FT243 - 3711 kHz
(*) HC6/U with thicker pins like FT243 - 3727 kHz
(*) HC6/U with thicker pins like FT243 - 3743 kHz

These metal can crystals are each available for $12.00
plus shipping.

Some new additions to my original FT243 crystal
listings:
1790 kHz, 1896.5 kHz

For complete listings of the hc6/u and FT243 original
old crystals, see:

http://www.af4k.com/FT243_CRYSTALS_Originals.htm

7274. RE: I will appreciate your timely response

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-11-30 18:37:25 UTC
From: Scoutt Abanga
Topic: 7274 Message: 7274

Dear Friend,

I got your contact during my search for a reliable, trust worthy and honest person to introduce this transfer project with. My name is Mr. Scoutt Abanga.

I am the manager of the Societe Generale - Social Security Bank Limited - SG-SSB Accra. I am a Ghanaian married with four children. I am writing to solicit your assistance in the noble transfer of US$19.300.000.00. This fund is the excess of what my branch in which I am the manager made as profit during this year in my Head Office here in Accra and they will never know of this Excess.

I have since then, placed this amount of US$19.300.000.00 (Nineteen million three hundred thousand united states dollars) on a SUSPENSE ACCOUNT without a beneficiary. I am currently seeking a means of expanding and relocating business interest in the following sectors:Banking, Real estate, Stock speculation and mining, Transportation and Tobacco, Agriculture, Oil and gas and Gold dust.

If you think you have a solid background and idea of making good profit in any of the mentioned business sectors in your country;please write me for possible business co-operation.

As an officer of the bank, I cannot be directly connected to this money thus I am impelled to request for your assistance to receive this money into your bank account. I intend to part 40% of this fund to you while 60% shall be for me.

I do need to stress that there are practically no risk involved in this. It is going to be a bank-to-bank transfer to your nominated bank account anywhere you feel safer. All I need from you is to stand as the original depositor of this fund. If you accept this offer, I will appreciate your timely response.contact me with my private e-mail address at (abanga33@...)

With regards,

Mr Scoutt Abanga

7275. Low Pass TVI Filters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-06 02:34:30 UTC
From: Ken Simpson, W8EK
Topic: 1973 Message: 7275

Low Pass TVI Filters For Sale:

(Including two that are good for six meters!)

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference. All of these have SO-239 connectors on each end, and are designed for 50 ohm systems.

Bencher YA-1, high power, low pass filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take 1.5 KW output with 5 KW peaks, and has at least 80 db signal attenuation at TV channel 2. It is also in a very sturdy metal case.
Bencher sells these for $90.
This one works great and looks close to new, for only $60.

Nye Viking Model 020-001
This filter is rated at 2000 watts, with over 65 db of attenuation above 57 MHz. These are about $60 new; this one is close to new for only $35.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular situation, and also to more closely match your specific impedance. It cuts off just above 6 meters (if adjusted as such), and will handle 1500 watts.
In extremely nice condition for $35.

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good

for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

Prices do not include shipping from Florida.

Thanks.

7276. Antennas and antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-10 01:29:04 UTC
From: Ken Simpson, W8EK
Topic: 7259 Message: 7276

Antennas and antenna related items for sale:

B & W Coaxial Antenna Switches:

Both switches will handle full legal limit, and have
SO-239 connectors.

B & W CS-3 G Model 593 Coax Switch
This is the switch that is in a rectangular box about 6
inches long, with four SO-239 connectors coming out
of the back. It will switch 3 antennas, grounding the
antennas that are not in use. It works great. $35

B & W Model 550 A coax switch
This model will switch up to 5 antennas, and does NOT
ground unused antennas. It has the coax coming out the
sides like spokes of a wheel. This one has the optional
face place also.
This one works fine and looks fine as well. $40

HF Antenna Balun:

HyGain BN-86 Balun
The case of the BN-86 is constructed so that one can use
it to hang a dipole or inverted V, or a U-bolt can be added
to attach it to the boom of an HF beam antenna.

This particular balun works fine, but does show some physical
use. It includes the paper work for $40.

Hustler HF mobile resonators:
All work fine and are in great cosmetic condition.

Standard" Hustler resonators (good for 400 Watts PEP):
80 meter resonator RM-80 $22
75 meter resonator RM-75 $22
40 meter resonator RM-40 $20
20 meter resonator RM-20 $17
15 meter resonator RM-15 $14

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S
.....can be cut for CW or phone, and also used on a 4BTV
.....Vertical to give 80/75 meter coverage $40
75 meter RM-75 S $39

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and

1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

The ARRL Antenna Book
1983, 14th Edition, Large 8 1/2 X 11 Book, $10

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $7

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $7

Larsen NMO-Q Quarter Wave Antenna
For two meters. $10
For 450 MHz. $6

Larsen NLA-MM Mobile Antenna Mag Mount
This rectangular mag mount features an extremely strong
magnet. The center of the mag mount takes an NLA type
antenna. It includes coax, with a PL-259 connector on it.
It is in good condition. $20

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Bencher YA-1, high power, low pass filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take 1.5 KW output with 5 KW peaks, and has at least 80 db signal attenuation at TV channel 2. It is also in a very sturdy metal case.
Bencher sells these for $90.
This one works great and looks close to new, for only $60.

Nye Viking Model 020-001
This filter is rated at 2000 watts, with over 65 db of attenuation above 57 MHz. These are about $60 new; this one is close to new for only $35.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

B & W FL-10/1500 (Formerly known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular situation, and also to more closely match your specific impedance. It cuts off at about 52 MHz (if adjusted as such) so it can be used on 6 meters, and will handle 1500 watts.
In extremely nice condition for $35.

Kenwood Log Book
Completely unused, new condition. It has standard log

book pages, with a world map on the inside cover, and
a DXCC list (as of 1987) in the back. Cover is a
silver color with the Kenwood Logo. $8

World Map with Kenwood Logo
This map is laminated, and lists DXCC Countries, as
of 1985. Obviously, it is not completely up to date,
but still is a very nice map. Like new. $5

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

5/16 inch threaded, like used by Motorola and others
Regular - 5.7 inches long
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Regular length, 6 1/2 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

BNC Stubby for 440 MHz, 3 inches long

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $4

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit

a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

Chassis Mount SO-239 connectors (square) $1

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

UHF female (SO-239) to type "F" Male (as used on cable TV) $5

Type "F" (cable TV) female to BNC male - $5

Prices do not include shipping from Florida.

Thanks.

7277. FS: Extra Nice Panel Meters

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-10 19:26:12 UTC
From: Bry Carling
Topic: 7277 Message: 7277

FOR SALE: 7 Extra nice NOS panel meters - appear to be
unused but not sure.

QTY 2 WESTINGHOUSE: 0-200 MILLIAMPERES DC

QTY 2 WESTINGHOUSE: 0-500 MILLIAMPERES DC

QTY 1 WESTINGHOUSE: 0-150 VOLTS DC

All the above are the classic square face types with rounded corners.
Dimensions: 2-3/8" X 2-3/8" and require a 2" diameter hole.
These meters are available for $12.00 each

ALSO:

Two brand new DAYSTROM / WESTON Model 1521 panel meters
New In Boxes.... Beautiful round 0 - 1 mA meters with 2-1/2" outer
diameter and require a 2-1/4" mounting hole. These are the sealed,
"RUGGEDIZED," rear-shielded type meters.

QTY 2 available for $15.00 each plus shipping.

7278. FS: KW Isolation Transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-10 19:42:44 UTC
From: Bry Carling
Topic: 5296 Message: 7278

FOR SALE:

1000 watt Isolation Transformer. for 120V AC.
by Northlake Engineering Co. This is a 1:1 transformer.
120V AC in = 120V AC out. Very conservatively rated.
Have run 1400 watts through this and it didn't get hot.

Has four IEC outlets and heavy duty power cable.
Heavy gauge, light gray metal case with rubber feet.
Like new condition.

Has a nice breaker switch for power ON/OFF.

Available for $45.00 plus shipping

Picture available on request.

7279. FS: Antique Ham Band Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-10 19:48:27 UTC
From: Bry Carling
Topic: 7279 Message: 7279

ANTIQUE HAM BAND CRYSTALS - for less than $2.00 each.

Military surplus crystals from the Golden era of radio. Build or restore something true to the period of the 1930s and 1940s. Three batches of crystals are currently available. See list below.

These large crystals are some of the earliest made for use with regular military radio equipment. There is not a lot of information about them available any more. Some were used in type SCR-522 radios, BC624, BC625, ARC3 etc., etc. However, these would make a great basis for a homebrew, old-style glowbug AM or CW transmitter since they are almost all on useful ham band frequencies. Enough here to share with a friend too on some requencies! Will be quite a conversation piece around the shack.

ANTIQUE CRYSTAL KIT #1

HC1/U crystals = H43 type with 3.4" pin spacing and thick pins.
3756, 3903, 7200, 7223, 7249, 7270 kHz

ALSO - CR-1/A Crystals with 1/2" spacing and thick pins.
7010 kHz (QTY 3), 7270 kHz, 7300 kHz, 10.0667 MHz, 29.520 MHz

Total of 14 excellent-looking crystals, PLUS two sockets of each type.
QTY 2 X Ceramic 3/4" crystal socket.
QTY 2 X plastic 1/2" crystal socket.

Complete kit as described above is available for $22.00 plus shipping.

= = =

ANTIQUE CRYSTAL KIT #2

All CR-1/A crystals or similar metal can crystals (2) with same pins.

2637, 3522, 7000, 7010 (X2), 7200, 7220, 7230,
7250, 7270 kHz
7290, 7300 kHz (X2)

Total of 13 excellent-looking crystals PLUS two new
ceramic sockets.
QTY 2 X ceramic 1/2" crystal socket.

Complete kit as described above is available for $25.00
plus shipping.

= = =

Details on the crystal types with photos and dimensions
may be found here:

http://www.af4k.com/crystal_holders.htm

Please reply off the list to arrange purchase.

7280. FS: Some hc6u and FT241 Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-11 11:55:45 UTC
From: Bry Carling
Topic: 7280 Message: 7280

FOR SALE:

Older HC6/U Crystals for the Amateur Radio Bands,
some with thicker pins (*) that will work in the same socket
as an FT243 crystal. These are original, unmodified older
crystals.

HC6/U 3510 kHz
HC6/U 3700 kHz
HC6/U 3742 kHz
HC6/U 3770 kHz
HC6/U 3900 kHz

(*) HC6/U with thicker pins like FT243 - 3705 kHz
(*) HC6/U with thicker pins like FT243 - 3711 kHz
(*) HC6/U with thicker pins like FT243 - 3727 kHz
(*) HC6/U with thicker pins like FT243 - 3743 kHz

These metal can crystals are each available for $12.00
plus shipping.

Some new additions to my original FT243 crystal
listings: 1790 kHz, 1896.5 kHz

For complete listings of the hc6/u and FT243 original
old crystals, see:

http://www.af4k.com/hc6u_crystals.htm
http://www.af4k.com/FT243_CRYSTALS_Originals.htm

73 - Bry, AF4K

= = = = =

FOR SALE: Group of 40 FT241 Crystals in new condition.

Quantity of 40 old FT241 crystals. These are the LF range crystals as
used in the military BC620 and BC733 radios. Excellent condition.
During WWII these quartz crystals were manufactured for use in
military vehicle radios.

These crystals are marked for frequencies in the 20 - 40 mhz range,
but the fundamental frequencies are much lower.
Some of the crystals fall in the 455 khz range, and were used by
homebrew radio builders in the 1950's onward to make crystal
filters, especially for SSB exciters (see early 50's ARRL handbooks).

These are LF crystals in the 300 - 500 kHz range. Marked with channels such as 14, 19, 60, 68, 317, 320 (sorry no specific choices offered) but for example, Channel 68 = 496.3 kHz.

Will sell the box of crystals for $15.00 plus shipping.

Pictures and details at:
http://www.af4k.com/FT241_crystals.htm

7285. FS: The 60 Cent Fireball 80m Transmitter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-14 12:48:31 UTC
From: Bry Carling
Topic: 7285 Message: 7285

FOR SALE:

THE SIXTY CENT FIREBALL - SINGLE STAGE 80m CW
TRANSMITTER!

Here is a dual in-line package crystal oscillator
that will generate RF on the popular frequency
of 3.686 MHz in the 80m amateur band.

Add your 5 volt DC supply at about 20-50 mA,
a key and an anetnna and you will be on the air
with QRPp power and absolute minimum parts count!

Construction plans are available on line... see below.
Crystal stability means you will have no drift, chirp
or yoop with this tiny silver rig.
Even use it as a driver for a more powerful RF final.
Strictly speaking, you should add a PI network or
other matching circuit between the output pin
and antenna for correct antenna matching and
to attenuate the harmonics. Has approx. 10 to 20 mW
RF output. Add a few parts and you will have a fine
little QRP rig.
You will not be the first to have made real CW
contacts with a few milliwatts of power!
An experimenter's delight for the 80m ham band.

Available now for $1.00 each or TEN for just $6.00 plus
shipping!

Picture and details available at:
http://www.af4k.com/radios.htm

7287. Microphones and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-23 19:31:56 UTC
From: Ken Simpson, W8EK
Topic: 7287 Message: 7287

Many Different Microphones For Sale:

Heath hand microphone
This is the black colored hand mic that was used on
the HW and SB series transceivers from 25 or 30 years ago.
It is a Hi Z mic. This particular mic is in good condition.
It works great, and looks OK cosmetically. It even includes
the mounting clip (which looks like it was never used).
This mic presently has stripped and tinned ends.
I have paper work for a Heath GH-12 A hand microphone with
it. $30

Icom HM-7 Hand Microphone
This low impedance dynamic hand microphone has an internal
preamp in it, and is used with Icom rigs such as the 245,
260, 290, 451, 490, 505, 560, 720, 730, 740, 22U, 25A, 251A,
and maybe others. It has a 4 pin plug on it.
This one works fine, and looks like it just came out of the
box. $30

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new,
with stripped and tinned ends that have never been on a
connector. It is in its original box, with the original
instruction manual. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
It is presently has an 8 pin round connector, wired for
Kenwood. $25
As above, with no connector. $22

Regular hand microphone
Electret Condenser microphone
Generic Black mic, with gray PTT bar. Requires polarizing
voltage. $25

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is
needed. Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

Icom HM-23 DTMF Touch Tone Hand Microphone
This mic has the 16 digit DTMF touchtone pad, but also has
the up and down switches. It was designed to be used with

the 27, 28, 37, and 47 that require a longer nut on the mic,
but can also be used with the 25A, 28H, 38, 45A, 48, 77, 78,
120, 229H, 271, 275, 290, 375, 451, 471/A, 475, 505, 575,
707, 718, 725, 728, 729, 735, 736, 737/A, 745, 746, 751/A,
756/PRO, 761, 765, 775, 781, 820H, 821H, 900, 901, 970,
1201, 1271, 1275, 2400, 3200, 3210 and maybe others.
It can also be used on an HF rig to give a mic with DTMF
Touch Tones.
Basically, it is the same as the HM-14, but with a larger nut
on the connector.
It has the round 8 pin connector, is in good shape, and
works fine. It looks close to new. $50

CES 655 L "Microdialer" DTMF Microphone
You can manual dial a number, or automatically have it
stored in the mic, and "speed dial" with this mic. 12
digit touch tone pad on the front, with the microphone
part above the pad. This one presently has a 4 pin plug
on it, but of course that can be changed. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

VoMax Speech Processor:

This unit was considered the absolute best speech processor
available in the 80's. The VoMax splits the audio signal into
discrete bands, peak-limits each band, passes the separate
signals through bandpass filters to eliminate distortion,
and sums the signals in a phase-equalizing combiner. The
result is superb audio you can feed to your transmitter
that has low distortion and 10-12db power gain!

The VoMax added between your microphone and transmitter
gives you extra punch that is equivalent to adding a linear
amplifier.

This particular unit works fine, and is in its original box,
complete with the wall wort power supply, although it can be
powered by 12 V DC. It is quite possible that this unit was
never used until I took it out of the box to test it. The
instruction sheets look like they were never unfolded!

$95

Speaker Microphones:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. $ 20

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Communications Speaker
This 4 inch square speaker is optimized for communications frequencies (300 to 3000 Hz). It is a Realistic Radio Shack speaker in a black enclosure, and is an 8 ohm speaker. It has a cord with a 1/8 inch (3.5 mm) mono plug on the end. This one works fine and looks OK also. $15

3 pin mic plug for Drake TR-22
This is the small 3 pin mic plug that fits the Drake TR-22 mic jack. It is much smaller than most of the mic connectors. I thought these were completely gone, but one appeared from a silent key. This one has been used, but should still be usable some more. $12

Prices do not include shipping from Florida.

Thanks.

From: Marshal Smith
Topic: 7288 Message: 7288

Dear Sir/Ma,

We are accepting applications from qualified individuals to become paid surveyors. We have an assignment in your area and we would like you to participate.

Paid Surveys is an internet based customer experience management agency. Our clients includes businesses in many countries. We serve clients in every region and have a growing membership of about 80,000 members worldwide.

We provide customer experience management services to our clients and businesses worldwide. By so doing our clients are able to serve their own end customers better. One of our tasks is to evaluate the quality of businesses and financial services in your area, businesses like
Wal-Mart Western Union, banks, Money gram, hospital, restaurants,Hotels and other business franchise or financial services etc.

As a Paid Surveyor you get paid to conduct a simple survey and provide valuable customer service feedback to us. You will be required to visit businesses and franchise locations like stores, restaurants,banks, movie theaters, hotels and other businesses in your area as an
'undercover customer'. Your job is just to act like any regular customer and perform a normal business transaction while you conduct a simple survey and gather information about the quality of service by staff, behavior of staff and other issues at such locations.

You are NOT paying for anything. All funds required will be provided by our clients and sent to you to complete your assignment.
Registration is FREE. You will also be paid in full, in advance, to perform your assignment. In your case you will be paid 200 dollars for each survey assignment you undertake.

If you are interested then kindly send us a response with your
APPLICATION FORM

Paid Surveys

7289. Notification of bequest

Yahoo group: RadioSwap (2008 — 2014)
Date: 2009-12-29 13:43:09 UTC
From: John Wood
Topic: 7289 Message: 7289

John Wood LLP
Will & Probate Solicitors
61 Gray`s Road London WC1X 8TH
Fax: +44-700-596-1494
Email: wjohn1208@...

Compliments,

I know that this mail will come to you as a surprise, Please accept the content in good faith. I do not intend to cause any grief to you and your family. The reason for sending this mail is very fundamental to the doctrine of human privileges and right. My name is Barrister John Wood a legal practitioner based in London and the personal Attorney to late Mr. Adams, a national of your country who died along with his wife and two sons who died in the Tube explosion between King's Cross-and Russell Square in London. My client was a successful and is an accomplished family man, who made enough fortune before his untimely death. Since then I had made several Inquiries through your Embassy to locate any of my clients extended relative but this exercise has proved unsuccessful. After several unsuccessful attempts, I decided to trace his relatives through the Internet, to locate any member of his family, not much progress was recorded. My late client was an influential wealthy businessman, an oil merchant here in London and he left behind a deposit of Twelve Million Two Hundred Thousand United States Dollars only ($12.2Millionusd) in his domiciliary bank account in a commercial bank here in London.

After the death of my client his bankers contacted me, as his Attorney to provide his next of kin who should inherit his funds. The board of directors of his bank adopted a resolution and I was mandated to provide his next of kin for the payment of this money within 28 Working days or forfeit the

money to the bank as an abandoned property. The bankers had planned to invoke the abandoned property decree of 1996 to confiscate the funds after the expiration of the period given to me.

Fortunately, I came across your name, to my greatest astonishment, I discovered that you bear the same surname with my late client and coincidentally, you are nationals of the same country. Being convinced that you may be related with my late client or that you might provide clue to my search, I therefore, decided to contact with these facts before me, because of the similarities. By virtue of my closeness to the deceased and his immediate family, I am very much aware of my
client financial standing and the bank account he operates.

I have reasoned very professionally and I feel it will be legally proper to present you as the next of kin of my deceased client, so that you can be paid the funds left in his bank account. I therefore seek your consent to present you as the Next of Kin to the Deceased since you are at an advantage, bearing the same surname and equally from the same country that the proceeds of this Bank Account valued at $12.2 Million Dollars can be paid to you. We shall both share the funds. 40% for me and 55% to you, while 5% should be for Expenses or your Government may require as Tax.

I shall assemble all the necessary Legal Documents that will be used to back up our claim. All I require is your honest cooperation to enable us seeing this deal through. I guarantee that this will be executed under a legitimate arrangement that will protect you from any breach of law.

Please get in touch with me by email with the information below to enable us discuss further.

Crystals on 3546 and 7123 kHz offered: (JANUARY ONLY)

80m Band HC-33/U Crystals - (HC-6/U w/wire leads)
3546 kHz - great for Glowbug / Boatanchor CW work.
Will sell them for $6.00 each plus shipping.

ALSO available:

80m Band FT-243 Crystals - 3546 kHz - same spot
frequency - great for Glowbug / Boatanchor CW work.
Will sell these for $10.00 each plus shipping.

40m Band HC49 Crystals - (smaller w/wire leads)
7123 kHz - great for Glowbug / Boatanchor CW work.
Will sell them for $6.00 each plus shipping.

ALSO available:

40m Band FT-243 Crystals - 7123 kHz - same spot
frequency - great for Glowbug / Boatanchor CW work.
Will sell these for $10.00 each plus shipping.

With an increase in prices on other crystals this
month this is a good deal for those wishing to hop on
the wagon and easily meet everyone else from this group
on the air.

See details and pictures at:
http://www.af4k.com/crystals.htm
http://www.af4k.com/hc33u_crystals.htm
http://www.af4k.com/qrp_crystals.htm

Please contact me off the list to arrange purchase.

7294. VHF, UHF, and HF antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-01-09 16:59:41 UTC
From: Ken Simpson, W8EK
Topic: 7294 Message: 7294

Antennas and antenna related items for sale:

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NMO-Q Quarter Wave Antenna, fits any NMO mount
For two meters. $10
For 450 MHz. $6

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $9

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $8

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" above, or any other antenna
that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is

ideal for places where a ground plane is not available, such as a boat or motor home, in addition to cars. A special tuning box is included to match to your particular situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Heavy Duty Mobile/Portable Antenna Mount:

This is a very heavy duty antenna mount, designed to take any standard 3/8-24 threaded antenna. which includes just about any HF antenna and many other antennas as well.

The mount is made to be clamped around a vertical object, such as a pipe, tubing, or even a square channel. It would be ideal to attach to something like a chain link fence. It could also be used as a mirror mount on trucks. It will take up to 1 1/2 inch diameter objects. It has a very large screw type mechanism with a large handle to tighten to the vertical object. It could be placed in operation very quickly, so it is great for portable and emergency operation, where one would want to set up a mount quickly.

The bottom of it has an SO-239 connector, ready to take a standard PL-259 connector.

This unit is in good condition. $20

Hustler HF mobile resonators:
All work fine and are in good cosmetic condition.

Standard" Hustler resonators (good for 400 Watts PEP):
75 meter resonator RM-75 $22

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S
can be cut for CW or phone, and also used on a 4BTV
Vertical to give 80/75 meter coverage
(basically make it into a 5BTV) $38

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

Wanted: Antenna Tuner

Hi - I am looking for a 1.5KW class tuner that covers at least 80m through 10m. Anything of good quality for 1000 watts and up will do.

160m or 6m band would also be a nice bonus.

Something like a PALSTAR or similar would be great. What do you have for sale? NO MFJ TUNERS PLEASE.

Antennas and antenna related items for sale:

B & W 377 Coaxial Antenna Relay:

I had never seen one of these before. Most of us are familiar with the Dow Key Antenna relays that many of us used 40 or 50 years ago. This unit serves the same function, but is somewhat unique.

The B & W 377 is housed in a hexagon box. It has three SO-239 connectors coming out three of the sides, a length of wire on one side that goes to the coil of the relay, and two sides that are blank.

The coil is rated to work on 48 to 130 volts AC. The original single page instruction sheet says that it is a unique relay design permitting this large variation in voltage. It is good to 150 MHz, and will handle 2000 Watts PEP, or 1000 watts continuous.

It appears that this unit has never been used. It has the original instruction sheet, and original box. The unit itself does not appear to have been used, and looks perfect. $75

Heath HD-1234 Coaxial antenna switch:
This coax switch has SO-239 connectors arranged so the coax comes out like the spokes of a wheel. It will switch up to 4 antennas, and also ground all of the antennas. This particular switch works fine and looks fine also. With paper work for $35.

CalComm #9856 SWR Meter
The included paper work says this meter is good for 3 to 150 MHz, so one can use it on 2 meters, and on 6 meters as well as on the HF bands. It can also be used as a field strength meter.
It has an SO-239 connector on each end, and is made to be mounted in a vertical position, with the meter at the top, and the adjustment knob at the bottom.
This meter includes the paper work (and even the warranty info), and the original box, although the box has seen better days. The meter itself works fine, and is in extremely nice condition. The back of it has holes for mounting it to a wall. A former owner removed some of the paint from around these mounting holes, so that it would get a better electrical ground. $20

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NMO-Q Quarter Wave Antenna, fits any NMO mount
For two meters. $10
For 450 MHz. $6

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $9

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $8

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" above, or any other antenna
that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Hustler HF mobile resonators:
All work fine and are in good cosmetic condition.

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S
can be cut for CW or phone, and also used on a 4BTV
Vertical to give 80/75 meter coverage
(basically make it into a 5BTV) $38

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of
your amplifier, this one is ideal. It will take full legal
power plus, and has at least 80 db signal attenuation at
TV channel 2.
It is also in a very sturdy metal case with SO-239 connectors
on each end, and is a 50 ohm filter.
This one works great, and looks close to new. Someone added
some felt to the bottom, so that it protects better. It is in its
original box, with paper work. Bencher currently sells these
for about $90. This one is only $65.

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass
Filter. This is the filter that may also be used on the low
end of six meters, as well as HF. It is good for 1000 Watts
average below 30 MHz, and about 200 W up to 52 MHz. It works
fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

Drake TV-42-LP Low pass filter
Rated for 100 W thru 30 MHz.
Similar characteristics as the TV-3300, but lower power rating.
It works fine and looks like new. $15

AEA "Hot Rod" Gain antenna for 2 meters:

This antenna has a BNC connector on it, and offers gain over other HT antennas. It is telescoping, and about 3 feet long.

This is a half wave antenna with matching coil, so it does not depend upon the ground plane (or lack thereof) on your HT.

It is rated to have 3 db gain over a quarter wave antenna. However, the rubber duck used on most HTs is no where close to being as efficient as a quarter wave antenna. Typically they are 6 to 10 db lower. The result is that this antenna should give you an easy 10 db gain over most HT antennas.

This one works fine, and looks good as well. $18

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

7307. Mail from Mr. Philip Kahrmann.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-01-22 12:02:07 UTC
From: Mr. Philip Kahrmann
Topic: 7307 Message: 7307

Dear,

Firstly, I must solicit your confidence in this transaction; this is by virtue of its nature as being utterly confidential and top secret. Though I know that a transaction of this magnitude will make any one apprehensive and worried, but I am assuring you that all will be well at the end of the day.

Let me start by first introducing myself properly to you. It may surprise you receiving this letter from me, since there was no previous correspondence between us. My name is Philip Kahrmann,a personal Attorney to Late Mr.Peter Engel.

My purpose of contacting you is for you to help secure the funds left behind by my late client, to avoid it being confiscated or declared unserviceable by the Bank Where this fund valued 7,500,000.00(Seven Million Five hundred thousand Euro) deposited by my client before his death.

The Bank has issued me a notice to contact the next of kin or the account will be declared unserviceable and the fund diverted to the Bank treasury, So far all my efforts to get a hold of someone related to this man has proved abortive. Hence, I have contacted you. I am actually asking for your consent to present you to the Bank as the Next of Kin/beneficiary of my late client's fund,so that the proceeds of this account can be paid to your account.

All the legal documentations to back up your claim as my client's Next of Kin I shall provided them. All I require is your honest cooperation to enable us achieve this transaction.

I wish to point out that I want 20% of this money to be shared among the charity Organizations, while the remaining 80% is shared equally between us. This proposition is entirely risk free. I will use my position as the client's attorney to guarantee the successful execution of this transaction. If you are interested, please contact me via Tel +447924039054, Fax +442076812774 Email:philipkahrmann@... Upon your response, I shall then provide you with more details and relevant documents that will help you understand this transaction well.

The intended transaction will be executed under a legitimate arrangement that will protect you from any infraction of the law. However, if this business proposition offends your moral ethics, do accept my sincere apology. If on the contrary you wish to achieve this goal with me, kindly get back to me with your interest for further explanation.

Kindest Regards
Mr. Philip Kahrmann.

7308. Many Microphones FS

Yahoo group: RadioSwap (2008 — 2014)

From: Ken Simpson, W8EK
Topic: 7308 Message: 7308

Microphones For Sale:

All of these microphones have been tested and work well.

Shure 444 D Dual Impedance Desk Microphone
The 444 D has voice shaping built in to it, providing greater articulation at communications frequencies. Of course it has a PTT switch on the base, that can be used as a momentary switch, or can be locked in position. Also under the base are switches for High or Low Z.
This mic is the black color, and is in very nice shape, with paper work for $75.

Johnson Hi Z Hand Microphone
This high impedance hand mic is a gray color, with the Johnson logo with the Indian on it. It has a PTT switch and coiled cord, and produces a nice pattern on the scope. It looks good also. $30

Generic Hi Z Hand Microphone
This hand mic is black in color, and looks like it might have come from a HyGain rig. It has a PTT switch and black coiled cord. $25

Shure 401 B, Low Z Hand Microphone
This mic has characteristics similar the the Shure 444 Desk Mic, but this one is a hand mic. It is a controlled magnetic mic, with frequency response tailored for voice communications. It has a rugged case, and a heavy duty coiled cord. 4 pin connector. With paper work for $40.

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new, with stripped and tinned ends that have never been on a connector. It is in its original box, with the original instruction manual. $30

Chrome Low Z Hand Microphone
This mic is chrome plated. My memory says it may have come from a Polycom rig. The mic is a good solid metal case with chrome plating all around, with a black PTT switch and black coiled cord. There are some pits on the chrome, but it works fine. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color. With 4 pin connector. $25

With no connector. $22

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is
needed. Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

Icom HM-8 touchtone microphone
The HM-8 has a 12 digit touch tone (DTMF) pad on the front
of it, along with an on-off switch for the tones. Of course
it also has the normal PTT switch.
The HM-8 is used on the 25A Red LED, 245, 290, 402, 202S, 451,
471A, plus other rigs.
This particular microphone has an 8 pin round connector, works
fine, looks like new, is in its original box, and includes
paper work for $50.

KDK DM TT-1 DTMF Touch Tone Microphone
This mic has a 12 digit touch tone pad on it, along with a
switch to turn the pad on and off. I presently has a 4 pin
plug on it, and can be used on most any rig. It works fine,
and looks great. $35

KDK TM-2 DTMF Touch Tone Microphone
This mic has a 12 digit touch tone pad on it, along with up
and down switches. It presently has a 6 pin connector, as
used on the KDK FM-2030, FM-2033, and other KDKs using the
6 pin plug. Of course the plug could be changed, and it
could be used on any brand rig.
This one works fine and looks very close to new. $40

CES 655 L "Microdialer" DTMF Microphone
You can manual dial a number, or automatically have it
stored in the mic, and "speed dial" with this mic. 12
digit touch tone pad on the front, with the microphone
part above the pad. This one presently has a 4 pin plug
on it, but of course that can be changed. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. $ 20

Prices do not include shipping from Florida.

Thanks.

7310. Orlando FL Hamcation Info

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-01-31 14:33:41 UTC
From: Ken Simpson, W8EK
Topic: 7310 Message: 7310

Orlando FL Hamcation Information:

The Orlando Hamcation is less than two weeks away. It will be held from February 12 thru February 14, but much of the activity starts on Thursday, February 11, when most of the tailgaters set up. If you have not made your plans to attend, you need to do so now. Florida is the place to be in February!

Info can be found at
http://hamcation.com/default.html
There is a lot of information at this web site, so be certain to check all of the special areas.

At the present time, there are a few tables still available in the swap building. All of the wall spaces and end caps have been taken. If you want more than one table together, get your reservation in NOW. Having a table inside the building, instead of outside in the tailgate area, protects you (and your equipment) from the weather, and only costs $10 more for the entire weekend. Please e-mail hamcation@... to make reservations or get more information.

Everyone knows that there are many other activities in the central Florida area, so be certain to bring the XYL. Hamcation will also have YL activities, and of course many are now hams, so will enjoy Hamcation as well. The bottom line is "Bring the entire family."

Advance registrations are running considerably ahead of last year, so this promises to be another large (10,000 plus hams) hamfest. To put it another way, don't stay home because you think attendance might be down due to the economy. It does not look that way.

See you there!

Thanks.

From: Mr. Philip Kahrmann
Topic: 7329 Message: 7329

Dear,

Firstly, I must solicit your confidence in this transaction; this is by virtue of its nature as being utterly confidential and top secret. Though I know that a transaction of this magnitude will make any one apprehensive and worried, but I am assuring you that all will be well at the end of the day.

Let me start by first introducing myself properly to you. It may surprise you receiving this letter from me, since there was no previous correspondence between us. My name is Philip Kahrmann,a personal Attorney to Late Mr.Peter Engel.

My purpose of contacting you is for you to help secure the funds left behind by my late client, to avoid it being confiscated or declared unserviceable by the Bank Where this fund valued 7,500,000.00(Seven Million Five hundred thousand Euro) deposited by my client before his death.

The Bank has issued me a notice to contact the next of kin or the account will be declared unserviceable and the fund diverted to the Bank treasury, So far all my efforts to get a hold of someone related to this man has proved abortive. Hence, I have contacted you. I am actually asking for your consent to present you to the Bank as the Next of Kin/beneficiary of my late client's fund,so that the proceeds of this account can be paid to your account.

All the legal documentations to back up your claim as my client's Next of Kin I shall provided them. All I require is your honest cooperation to enable us achieve this transaction.

I wish to point out that I want 20% of this money to be shared among the charity Organizations, while the remaining 80% is shared equally between us. This proposition is entirely risk free. I will use my position as the client's attorney to guarantee the successful execution of this transaction. If you are interested, please contact me via Tel +447924039054, Fax +442076812774 Email:philipkahrmann@... Upon your response, I shall then provide you with more details and relevant documents that will help you understand this transaction well.

The intended transaction will be executed under a legitimate arrangement that will protect you from any infraction of the law. However, if this business proposition offends your moral ethics, do accept my sincere apology. If on the contrary you wish to achieve this goal with me, kindly get back to me with your interest for further explanation.

Kindest Regards
Mr. Philip Kahrmann.

7330. FS: New CRYSTAL OVENS $2.00 - $3.00 each

7333. CW Paddle, Microphones, Speaker, Filters, and more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-02-27 16:22:28 UTC
From: Ken Simpson, W8EK
Topic: 7333 Message: 7333

CW Paddle and Cables, Microphones, Speaker, Low Pass TVI Filters, Coaxial Antenna Relay, Power Supplies, and much more For sale:

CW Items:

Vibroplex Brass Racer Triangular Iambic Paddle

The Brass Racer Paddles are unique in that there are no springs in the design. Tension on the paddle is infinitely adjustable by the use of magnets. It is a convenient, space saving portable keyer paddle unit crafted from solid brass with a lacquer coated brushed finish mounted on a hardwood base. Designed for use with an external keyer or a keyer built into the radio. It has a long shielded cord with a 1/4 inch stereo plug. It works fine and looks good. $100

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Microphones:

All of these microphones have been tested and work well.

Johnson Hi Z Hand Microphone
This high impedance hand mic is a gray color, with the Johnson logo with the Viking on it. It has a PTT switch and coiled cord, and produces a nice pattern on the scope. It looks good also. $30

Generic Hi Z Hand Microphone
This hand mic is black in color, and looks like it might have come from a HyGain rig. It has a PTT switch and black coiled cord. $25

Shure 401 B, Low Z Hand Microphone
This mic has characteristics similar the the Shure 444 Desk Mic, but this one is a hand mic. It is a controlled magnetic mic, with frequency response tailored for voice communications. It has a rugged case, and a heavy duty

coiled cord. 4 pin connector. With paper work for $40.

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new, with stripped and tinned ends that have never been on a connector. It is in its original box, with the original instruction manual. $30

Chrome Low Z Hand Microphone
This mic is chrome plated. My memory says it may have come from a Polycom rig. The mic is a good solid metal case with chrome plating all around, with a black PTT switch and black coiled cord. There are some pits on the chrome; it works fine. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
With 4 pin connector. $25
With no connector. $22

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Microphone
This mic has a 12 digit touch tone pad on it, along with a switch to turn the pad on and off. I presently has a 4 pin plug on it, and can be used on most any rig. It works fine, and looks great. $35

CES 655 L "Microdialer" DTMF Microphone
You can manual dial a number, or automatically have it stored in the mic, and "speed dial" with this mic. 12 digit touch tone pad on the front, with the microphone part above the pad. This one presently has a 4 pin plug on it, but of course that can be changed. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with a low impedance microphone. This one has the 8 pin modular plug (like a computer LAN) on it. This mic has not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. $15

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. $ 20

Communications Speaker
This 4 inch square speaker is optimized for communications frequencies (300 to 3000 Hz). It is in a black enclosure, and is an 8 ohm speaker. It has a cord with a 1/8 inch (3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.
It is also in a very sturdy metal case with SO-239 connectors on each end, and is a 50 ohm filter.
This one works great, and looks close to new. Someone added some felt to the bottom, so that it protects better. It is in its original box, with paper work. Bencher currently sells these for about $90. This one is only $65.

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

B & W 377 Coaxial Antenna Relay:

I had never seen one of these before. Most of us are familiar with the Dow Key Antenna relays that many of us used 40 or 50 years ago. This unit serves the same function, but is somewhat unique.

The B & W 377 is housed in a hexagon box. It has three SO-239 connectors coming out three of the sides, a length of wire on one side that goes to the coil of the relay, and two sides that are blank.

The coil is rated to work on 48 to 130 volts AC. The original single page instruction sheet says that it is a unique relay design permitting this large variation in voltage. It is good to 150 MHz, and will handle 2000 Watts PEP, or 1000 watts continuous.

It appears that this unit has never been used. It has the original instruction sheet, and original box. The unit itself does not appear to have been used, and looks perfect. $75

Heath HD-15 Phone Patch
This is the unit with the VU meter on the left and 3 knobs that match the SB series to the middle and right. Low or high Z output to the transmitter. It can also be used as an interface to the computer for PSK31, etc. It is in extremely good condition. No scratches or imperfections. Paper work included for $25.

Weston Precision MilliVolt Meter Model 1
This is an extremely precision meter, with mirrored scale about 6 inches long. It weighs about 5 1/2 pounds!
It has terminals for scales of 150, 1500, 15000, and 150000 millivolts.
Also included is the calibration information (from 1944) indicating that it is "dot on" for calibration.
In addition, it is in an extremely nice protective case, that appears to be real leather.
To put it another way, this is an extremely nice meter!
$80

Service Manuals:

These are original service manuals in extremely good condition.

Service manual for Kenwood TH-21 series HTs (2 meter), plus most accessories for this series HT $20

Service manuals for Kenwood TH-41, 440 MHz HT, plus most accessories $20

Service manual for Kenwood TW-4000 dual bander $20

Service Manual for Kenwood TR-2600, 2 meter HT $15

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service pack. It has schematics, circuit explanations, voltages, etc. $18

Kenwood MB-4000 Mobile Bracket
This mobile bracket is made to be used with the Kenwood TW-4000 dual band transceiver, and possibly other rigs as well.
This one is in good shape, with the paper work and hardware.
$15

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC.
This supply is quite heavy duty electrically.
It has 2 pass transistors, instead of the one that some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
A previous owner removed the molded in TenTec power cable on the back and added very heavy binding posts, so that it can be used with many different rigs and not just TenTec. It also has a couple RCA jacks for lower power use.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well shielded, and does not produce any electrical noise that I could find. $150

AEA Power Supply:
AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive, so it can be used on many different things that require 12 V DC at up to an amp, such as keyers, antenna tuners,

etc. $15

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Good Morning - Law enforcement from across the country are coming together this May for the 2010 <http://emessaging.vertexcommunication.com/ct/9461681:3344100154:m:1:154601040:24F163D85F641B5E5EB1BF8280D214F6> National Summit on Gang Violence. Please join them to examine what leading law enforcement agencies are doing to combat the spread of gang culture, decrease youth involvement and gain a better understanding on the emerging threats of transitional gangs. Plus, you can also attend our post-conference workshop to discover actionable strategies to manage and prevent gangs in schools.

I have an e-copy of the full agenda available. May I send it to you?

Regards,

Mel

cliff and with the other he beat savagely upon his enemy's face, so
that the blood covered both of them. But Pierre did not seem to feel
the blows.
,Leroux, one-handed, was at a disadvantage. He grasped his antagonist
again, and the death-grapple began.

It was a marvel that they could engage in so terrific a fight upon the
ice-coated ledge and hold their balance there. But I saw that they
were in equipoise, for they were bending all the tension of each muscle ,to the fight, so
that they remained almost motionless, and, thigh to
thigh, arm to arm, breast to breast, each sought to break the other's
strength. And I saw that, when one was broken, he would not yield
slowly, but, having spent the last of his strength, would collapse like
a crumpled cardboard figure and go down into the boiling lake.
,The cataract's half-sphere of crystal clearness framed them as though
they formed some dreadful picture.

They bent and swayed, and now Leroux was forcing Pierre's head and
shoulders backward by the weight of his bull's body. But the Indian's
sinews, toughened by years of toil to steel, held fast; and just as ,Leroux, confident of
victory, shifted his feet and inclined forward,
Pierre changed his grasp and caught him by the throat.

7344. FS: Grab Bag of CLEVITE Filters and a rare W.E. LF Crystal

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-03-06 20:41:22 UTC
From: Bry Carling
Topic: 7344 Message: 7344

FOR SALE:

Grab Bag of 7 CLEVITE (mostly) Crystal Filters and Ceramic
Filters plus a rare Western Electric LF Crystal...

Here is a great collection for experimenters. Most filters made by Clovite
were for 455 kHZ, so there may be some real jems.
Two or three of them are crystal filters the rest appear to
be ceramic filters. Two are marked "Ladder filetr." One is an
unknown through-panel type filter like I have seen used in
some Collins receivers, but not sure who made it since the label
is hard to read. If you have a signal generator and oscilloscope
there could be some real bargains here for you.

One hc13/w Crystal on 1.9020 kHz (Yes, KHZ!!) This is a tall metal
can, like an hc6u or hc13/u but with wire leads....

I will sell this entire package of parts for $19.00 plus shipping.

Brian, AF4K

7345. Antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-03-06 22:40:38 UTC
From: Ken Simpson, W8EK
Topic: 7306 Message: 7345

Antennas and antenna related items for sale:

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NMO-Q Quarter Wave Antenna, fits any NMO mount
For 450 MHz. $6

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $9

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $8

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" above, or any other antenna
that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Hustler HF mobile resonators:
All work fine and are in good cosmetic condition.

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S

can be cut for CW or phone, and also used on a 4BTV
Vertical to give 80/75 meter coverage
(basically make it into a 5BTV) $38

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted
in the coax line after the transmitter or transceiver) to
reduce harmonic interference.

Bencher YA-1, high power, low pass TVI filter
If you need a really heavy duty filter for the output of
your amplifier, this one is ideal. It will take full legal
power plus much more, and has at least 80 db signal
attenuation at TV channel 2.
It is in a very sturdy metal case with SO-239 connectors
on each end, and is a 50 ohm filter.
This one works great, and looks very close to new. It has felt
on the bottom, so that it protects better. It is in its original
box, with paper work.
Bencher currently sells these for about $90. This one is only
$65

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters,
and will handle 1500 Watts. SO-239 connector on each
end. This is the latest model B & W filter. It is in very nice
condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass
Filter. This is the filter that may also be used on the low
end of six meters, as well as HF. It is good for 1000 Watts
average below 30 MHz, and about 200 W up to 52 MHz. It works
fine, and is in very nice shape. $35

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

Kenwood, Icom, Heath, plus other ORIGINAL Manuals For Sale:

All of these manuals are originals and are not copies.
All are in very good condition, or better, with most close
to new condition.

Service Manuals:

These are original service manuals in extremely good condition.

Service manual for Kenwood TH-21 series (2 meter) HTs, plus most
accessories for this series HT such as DC-21, EP-2, TU-6, etc. $20

Service manual for Kenwood TH-41 series (440 MHz) HTs, plus most
accessories for this series HT such as DC-21, EP-2, TU-6, etc. $20

Service manual for Kenwood TW-4000 dual bander $20

Service Manual for Kenwood TR-2600, 2 meter HT $15

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service
pack. It has schematics, circuit explanations, voltages, etc. $18

Original Operating Manuals for Kenwood equipment:

All manuals are in very nice condition, for Kenwood equipment.
All are original and are not copies.

BC-5 DC charger/adapter $4
HS-5 Headphones $4
LF-30A Low Pass Filter $5
MC-30 and MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, and PB-4 battery packs $3
PS-6 power supply $6
PS-30 power supply $5
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $4
YK-88SN Narrow SSB Filter $4

Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TH-21 HT for 2 meters $8
Service Manual for TH-21 series HTs & Accessories $20
Service Manual for TH-41 series HTs & Accessories $20
Operating manual for TH-225, 2 meter HT $12

Operating manual for TM-221/421 mobile $15
Operating manual for TH-241/441/541 mobile FM transceivers
..For 2 meters, 440 MHz, and 1200 MHz. $12
Operating manual for TR-2200, 2 meter "portable"
..This is very similar to the Drake TR-22. $15
Operating manual for TR-2400, 2 meter HT $12
Operating manual for TR-2500, 2 meter HT $14
Operating manual for TR-2600, 2 meter HT $12
Service Manual for TR-2600, 2 meter HT $15

These are original Kenwood manuals only.

Spanish version of the Operating Manual
for the Kenwood TM G-707 dual band transceiver
This is the original operating manual only, in Spanish.
It looks like it is quite extensive and detailed.
It is basically new, only being opened to observe that
it is in Spanish only. It is original from Kenwood.
$10
Please note: All other manuals are in English.

ORIGINAL Icom operating manuals:

Please note that all of these are original Icom manuals and
are not copies. All are in very good condition.
These are original manuals only.

BC-30 Desk Charger $5
BC-35 Desk Charger $7
BP-2, BP-3, BP-4, BP-5 battery packs $3
BP-21, BP-22, BP-23, and BP-24 Batteries $3
DC-1 DC pack for IC-2 AT series HTs $4
HM-8 Hand Microphone, w/schematic $5
IC-22 S, 2 m FM transceiver $12
IC-229, 2 meter mobile transceiver $15
IC-3 PA Power supply / speaker $10
UT-16 Voice Synthesizer $5

These are original manuals only.

ORIGINAL Heath manuals. These are manuals only.
They are all originals, not copies, and are close
to new condition.

Brochure "Heathkit Specials" featuring the
Twoer, Sixer, SB series, and others. $4
AM-2 Reflected Power Meter (SWR Meter), 1960
w/schematic, pictorial $8
HD-15 Hybrid Phone patch, 1965, Schematic in book $8
HD-1234 Four Position Coax Switch, 1973, no check marks $7
Heath HDP-21 Desk Microphone, 1969 $4
HM-15 Reflected Power Meter and SWR Bridge

1968, Schematic in book $8
HM-2102 VHF Wattmeter 1972
No check marks. Schematic in book $15
HW-2021 2 meter hand held transceiver, 1975, No check marks $9
IM-5284 Multimeter, Large schematic $3
SB-102 HF Transceiver Schematic, Large fold out page $4

These are original manuals only.

Gonset Noise Clipper Model C
This manual has a couple marks in one corner, plus the paper has
yellowed somewhat. Otherwise, it is in good shape. $4

Prices do not include shipping from Florida.

Thanks.

Topic: 7353 Message: 7353

FOR SALE:

A few really nice AMPHENOL multi-way sockets for hc6u crystals.

These are switchable bank sockets for 10 or 18 crystals.
Two of the ten way ones have a rotary switch wafer attached
and could be used as part of a channelized transmitting system or
to select among several rocks for your favorite operating frequencies.

They all appear to be either unused or used very little and in
excellent condition... built with heavy duty blue plastic material and
have mounting holes.

Dimensions for 10-socket units: 2-3/8" X 2-3/8" X 5/16"
Dimensions for 18-socket unit: 3-1/4" X 2-3/8" X 5/16"

Pictures of these are available here:
http://www.af4k.com/crystal_sockets.htm

Pricing as follows:

QTY 1 - New in package unwired 10-socket unit = $10.00
QTY 2 - Wired, new-looking wired 10-socket units with 10-way
wafer switch. $8.00 each
QTY 1 - Wired, 18-socket unit = $12.00

Shipping additional. Please reply off-list if you'd like some
of these.

8.000 MHz covers 4.0 to 4.5 MHz
9.000 MHz covers 5.0 to 5.5 MHz - 60m
10.000 MHz covers 6.0 to 6.5 MHz
11.000 MHz covers 7.0 to 7.5 MHz - 40m
12.000 MHz covers 8.0 to 8.5 MHz
12.500 MHz covers 8.5 to 9.0 MHz
13.500 MHz covers 9.5 to 10.0 MHz
14.000 MHz covers 10.0 to 10.5 MHz - 30m
15.000 MHz covers 10.5 to 11.0 MHz
16.000 MHz covers 11.5 to 12.0 MHz
18.000 MHz covers 14.0 to 14.5 MHz - 20m
20.000 MHz covers 16.0 to 16.5 MHz
25.000 MHz covers 21.0 to 21.5 MHz - 15m
24.000 MHz covers 28.0 to 28.5 MHz - 10m
24.500 MHz covers 28.5 to 29.0 MHz - 10m
$16.00 each plus shipping

Also:
SPECIAL 20.8 MHz crystal for Drake 4-line on 30 meter band.
Now $35.00 each.

DRAKE 4-LINE CRYSTALS - for the T-4 and R-4 TWINS
- $16.00 except as noted
1.0 MHz band = 12.100 MHz
1.5 MHz band = 12.600 MHz
2.5 MHz band = 13.600 MHz
3.5 MHz band = 14.600 MHz ($45.00)
6 MHz band = 17.100 MHz
6.5 MHz band = 17.600 MHz
7.0 MHz band = 18.100 MHz ($45.00)
8 MHz band = 19.100 MHz
8.5 MHz band = 19.600 MHz
9.5 MHz band = 20.600 MHz
10 MHz Band = 20.800 MHz ($35.00) - as recommended by Drake
10 MHz band = 21.100 MHz
14.0 MHz band = 25.1 MHz ($45.00)

18.0 MHz band = 29.100 MHz
21.0 MHz band = 32.100 MHz ($45.00)
21.5 MHz band = 32.600 MHz
24.5 MHz band = 35.600 MHz
27.0 MHz band = 38.100 MHz
28.0 MHz band = 39.100 MHz
28.5 MHz band = 39.600 MHz
29.0 MHz band = 40.100 MHz

All hc6/u crystals $16.00 each plus shipping (except as noted)

Details at:

Japan Electronics and Information Technology Industries Association
Chiyoda-ku, Tokyo 101-0065 Japan
http://www.jeita.or.jp

Dear Winner,

Award Numbers: NL56/7766
Email ticket numbers: EAASL-130877
Batch numbers: JT11/834/8PDH /AU
Reference numbers: HL/5574/41/07/JEITA
Serial Numbers: McST/006/NL46560

This is to inform you that your email address have won a prize money of Five hundred thousand United States Dollars (US$500,000.00) for the 2009 end of the year International E-mail Draw which is Organized by Japan Electronics and Information Tecnology Industries Association (JEITA).

JEITA collects all the email addresses of the people that are active online, among the millions that subscribed to Yahoo, Aol, Walla,Gmail, Russian Mail,Hotmail,Sbcblobal and many more from other e-mail service providers. Six people are selected yearly to benefit from this promotion and you are one of the Selected Winners this year by this great Association.

PAYMENT OF PRIZE AND CLAIM PROCEDURE:-

(A) Winners shall be paid in accordance with his/her Settlement Center. JEITA Award prize must be claimed not later than five days day from date of Draw Notification. Any Prize not claimed within this period will be forfeited.You have therefore been approved for the payment of the sum of US$500,000.00 in cash which is the winning present /amount for each winner. This is from the total prize money of US$3,000,000.00 shared among the six international winners in this category.

(B) An online account will be set up in your favor by the payee bank in China, the activation for the online account is free but before you can successfully complete your winning transfer from the online account that will be activated in your favor, you must need a tax waiver clearance code and an oversea fund transfer regulation seal that must be issued directly from the China Ministry of Taxation with a total sum of five hundred hundred and sixty dollars ($560) only and it must be paid by you (The Winner) upon your confirmation of the online account details with the payee bank.

(C) Contact your claim administrator in China [Mr. Waxman Morgan - Esq] and give him your full detail below so that he will obtain and forward to you a sworn affidavit of claim from the China High court of Justice in your favor and also re-insure your winning under your full name/information after which he will instruct you on how to contact the payee bank for your payment as your winning numbers fall within the China Mainland Location file.

A payment instruction has been forwarded from the JEITA board to our Accredited paying bank in China to credit your won prize of five hundred thousand United States dollars $500,000.00 in your favor from our reserved account with their bank.
To file your claim, you are advised to contact your claim administrator immediately for your won prize
and below is his contact details:

Name: MR. WAXMAN MORGAN (ESQ.)
(JEITA - CHINA CLAIM ADMINISTRATOR)

E-MAIL: wxmorgan@...
TELEPHONE: +862161638241

He shall immediately commence the process that will facilitate the release of your winning fund to you.Fill the below form and send to your claim agent via his email above.

1. Full name.....
2. Address (Po Box Not Accepted) .....
3. Country of origin.....
4. Occupation.....
5. AGE.....
6. Phone number.....
7. Email Address.....

Please do not contact your claim administrator if the paragraph (B) of the above claim procedure is not accepted by you because we do not want to go through the same problem encountered by this organization from the hands of most of our previous lucky winners who insists that the needed $560 should be deducted by the payee bank.All winners must be responsible for the tax waiver seal and financial regulation permit license seal of $560 before the full receipt of the winning prize and it must be the only fee you must pay in course of receiving you winning sum.

Congratulations ! once again.

Yours in service,

Ms. Marie Reyes
[JEITA Online Award Coordinator]

Demark street,
95030 Kuching
Sarawak Malaysia.
Beloved Friend,

Although we have never met before i prayed and ALHA to show me a good heart human that is why a contacting you.I am writing this mail to you with heavy tears in my eyes and great sorrow in my heart because I may die in few months time due to cancer.
Based on this development I want to will my money which is deposited in a security company. I am in search of a reliable person who will use the Money to build charity organization for the saints and the person will take 20% of the total sum. While 80% of the money will go to charity organization and helping the orphanage. I grew up as an Orphan and i don't have anybody/family member to take care of my wealth. The total money in question is 3.5million dollars. I will provide you with other information's once you indicate your willingness. Please write me on my personal email on:
{mrsazeezafaiza242@... }
Yours sincerely.
Mrs AZEEZA FAIZA.

7367. HT accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-03-27 23:23:48 UTC
From: Ken Simpson, W8EK
Topic: 7367 Message: 7367

HT Accessories and related items for sale:

Accessories for Kenwood TH-215, TH-225, TH-415, and other
HTs in that series:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger
PB-1 and PB-4 battery packs. It can also be used with
the smaller PB-2 and PB-3 packs. Black color. Great
condition. $15

Kenwood PB-2 Battery pack
8.4 V at 500 mahr. Holds charge fine. $25

Kenwood Wall Wort Charger for PB-2 above. $12

Kenwood BH-1 Belt clip with screws
Used on many Kenwood HTs. $8

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from Kenwood TH-215. $10

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

Accessories for the Kenwood TR-2400 HT

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Belt clip for TR-2400 HT, complete with hardware - $8

Wrist strap for TR-2400, and most other HTs - $4

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Santec HT Accessories For Sale:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Belt Clips and Wrist Straps for various HTs:

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Kenwood BH-1 ? for Kenwood TH-215 / 225 / 415, etc.
Kenwood BH-2 for Kenwood TH-21 / 31 / 41 series HTs
Kenwood TR-2400
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 /415, etc.
Kenwood TR-2400
Yaesu FT-209

Protective cases:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger
PB-1 and PB-4 battery packs. It can also be used with
the smaller PB-2 and PB-3 packs. Black color. Great
condition. $15

Case for Drake TR-33C
This is the black case that fits the Drake TR-33C, and has
cutouts in the back for antenna, power, etc. It includes
the shoulder strap, and is in good shape. $12

Case for Drake TR-22
As above, but for the TR-22. No shoulder strap. $10

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap. $25

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery

of the Azden PCS-300, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used. If you have a PCS-300 HT, you
need this adapter.
It works fine, and looks like new. $3

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $9

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $8

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" above, or any other antenna
that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
BNC - Original from Kenwood TH-215, 5 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Crystals for 2 meter rigs:

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some 2 meter crystals available -- both transmit and receive. Most are in the 146 and 147 MHz band segments, with very, very few in the 145 MHz segment, and none in the 144 MHz segment. These are for ham rigs only, and not commercial rigs.

These are all the small HC-25 crystals, like are used in most of the solid state 2 meter mobiles and HTs. Please e-mail the operating frequency you need. I have them listed by operating frequency and rig, and not by actual xtal frequency. Send the frequencies you need (transmit or receive), and the rig that you have, and I will see if I can help. I have cross references for the various rigs, so I will know what you need if you give the rig. Crystals are $6 each.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

7372. Digging Deeper in the Basement for Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-03-30 16:18:15 UTC
From: Bry Carling
Topic: 7372 Message: 7372

FOR SALE: More "Bargain Basement" Crystals...

For $2.00 to $6.00 each while they last... sold in groups
only. Many of these will multiply up nicely into 20m, 15m,
10m, 6m, 2m, etc.
Some are marked as 15m and 10m are actually 7 MHz crystals.
All are type hc6u metal can crystals with 1/2 inch pin spacing (thin pins)
unless otherwise stated.Shipping additional.

Group 11 - 1845.76 kHz, 1905 kHz and QTY 2 X 1942 MHz
- all 4 for $16.00

Group 12 - QTY 2 X 3727 kHz, 7037 kHz, 7052 kHz, 7070.37 kHz
- All 5 for $29.00

Group 13 - 7022, 7037, 7070.37, 7079, 7081, 7095 kHz
- All 6 for $24.00

Group 14 - QTY 2 X 7095, 7124, 7129, 7138 kHz
- all 5 for $15.00

Group 15 - 7000, 7100, 7159, 7170.37, 7174 kHz
- All 5 for $15.00

Group 16 - 7174, 7185, 7200, 7212, 7242, 7290 kHz
- All 6 for $27.00

Group 17 - QTY 2 X 7218, 7228, 7246, 7247, 7295 kHz
- All 6 for $27.00

Group 18 - 7034 kHz, QTY 2 X 7051 kHz, 7084 kHz, QTY 2 X 7101 kHz
MARKED as: 21.1035, QTY 2 X 21.1535, 21.2535, QTY 2 X 21.3035 MHz
- All 6 for $24.00

Group 19 - 7034, 7051, 7068, QTY 2 X 7084, QTY 2 X 7101 kHz
MARKED as: 21.1035, 21.1535, 21.20350, QTY 2 X 21.2535, QTY 2 X
21.3035 MHz
- All 7 for $21.00

Group 20 - QTY 2 X 7111, 7171, 7184, 7196, 7216, 7253, 7361 kHz
MARKED as: QTY 2 X 28.444, 28.685, 28.735, 28.785, 28.866, 29.011,
29.444 MHz
- All 8 for $26.00

Group 21 - QTY 2 New FT243 'PR' Crystals on 28.616 and 28.670 MHz
- these two for $8.00 total.

Group 22 - QTY 40 (forty) FT241 crystals - note these are
the LF crystals for the military surplus channelized radios.
- Available for $20.00 for all 40.

Please e-mail me off the list to arrange purchase.

Updated listing of availability of these groups will be posted at:

7373. Swapping tubes

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-04-02 11:46:51 UTC
From: Bry Carling
Topic: 7373 Message: 7373

I'm just noticing that I have a load of new and used tubes
I could swap with others like me, who have surplus ones.

Is there an active e-mail group anywhere for swapping tubes
any more?

I used to read TubeSwap@yahoogroups.com
and amateurswap@yahoogroups.com

Many Ham Items For Sale
Power Supplies, Microphones (Hand Mics, DTMF Touch Tone
Mics, Speaker Mics), Communication Speaker, CW Paddles,
Low Pass TVI Filters, and more

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC.
This supply is quite heavy duty electrically.
It has 2 pass transistors, instead of the one that
some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
A previous owner removed the molded in TenTec power
cable on the back and added very heavy binding posts,
so that it can be used with many different rigs and
not just TenTec. It also has a couple RCA jacks for
lower power use.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

AEA Power Supply:
AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,
etc. $15

Microphones:

All of these microphones have been tested and work well.

Johnson Hi Z Hand Microphone
This high impedance hand mic is a gray color, with the
Johnson logo with the Viking on it. It has a PTT switch and
coiled cord, and produces a nice pattern on the scope. It

looks very nice also. $30

Generic Hi Z Hand Microphone
This hand mic is black in color, and looks like it might have come from a HyGain rig. It has a PTT switch and black coiled cord. $25

Shure 401 B, Low Z Hand Microphone
This mic has characteristics similar the the Shure 444 Desk Mic, but this one is a hand mic. It is a controlled magnetic mic, with frequency response tailored for voice communications. It has a rugged case, and a heavy duty coiled cord. 4 pin connector. With paper work for $40.

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new, with stripped and tinned ends that have never been on a connector. It is in its original box, with the original instruction manual. $30

Chrome Low Z Hand Microphone
This mic is chrome plated. My memory says it may have come from a Polycom rig. The mic is a good solid metal case with chrome plating all around, with a black PTT switch and black coiled cord. There are some pits on the chrome; it works fine. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
With 4 pin connector. $25
With no connector. $22

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Microphone
This mic has a 12 digit touch tone pad on it, along with a switch to turn the pad on and off. I presently has a 4 pin plug on it, and can be used on most any rig. It works fine, and looks great. $35

CES 655 L "Microdialer" DTMF Microphone
You can manual dial a number, or automatically have it stored in the mic, and "speed dial" with this mic. 12 digit touch tone pad on the front, with the microphone part above the pad. This one presently has a 4 pin plug on it, but of course that can be changed. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with
a low impedance microphone. This one has the 8 pin
modular plug (like a computer LAN) on it. This mic has
not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a
normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits
the TH-21/31/41 series HTs, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. $15

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. $ 20

Communications Speaker
This 4 inch square speaker is optimized for communications
frequencies (300 to 3000 Hz). It is in a black enclosure,
and is an 8 ohm speaker. It has a cord with a 1/8 inch
(3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

Kenwood MB-4000 Mobile Bracket
This mobile bracket is made to be used with the Kenwood
TW-4000 dual band transceiver, and possibly other rigs
as well.
This one is in good shape, with the paper work and hardware.
$15

Mobile Bracket for Icom IC-27:
This mobile bracket fits the Icom IC-27, 37, 47, and that
series of Icom rigs. This mount goes completely around
the rig, so it would work with most any other rig that
is about 5 1/2 inches wide and 1 1/2 inches high.
This one is in very nice, close to new condition. $20

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.

It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

CW Items:

Vibroplex Brass Racer Triangular Iambic Paddle

The Brass Racer Paddles are unique in that there are no springs
in the design. Tension on the paddle is infinitely adjustable by
the use of magnets. It is a convenient, space saving portable
keyer paddle unit crafted from solid brass with a lacquer coated
brushed finish mounted on a hardwood base. Designed for use
with an external keyer or a keyer built into the radio. It has a
long shielded cord with a 1/4 inch stereo plug. It works fine
and looks good. $100

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it,
as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector
on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

B & W 377 Coaxial Antenna Relay:

I had never seen one of these before. Most of us are familiar
with the Dow Key Antenna relays that many of us used 40 or 50
years ago. This unit serves the same function, but is somewhat
unique.

The B & W 377 is housed in a hexagon box. It has three SO-239
connectors coming out three of the sides, a length of wire on
one side that goes to the coil of the relay, and two sides that
are blank.

The coil is rated to work on 48 to 130 volts AC. The original
single page instruction sheet says that it is a unique relay
design permitting this large variation in voltage. It is good
to 150 MHz, and will handle 2000 Watts PEP, or 1000 watts
continuous.

It appears that this unit has never been used. It has the
original instruction sheet, and original box. The unit itself
does not appear to have been used, and looks perfect. $75

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.
It is also in a very sturdy metal case with SO-239 connectors on each end, and is a 50 ohm filter.
This one works great, and looks close to new. Someone added some felt to the bottom, so that it protects better. It is in its original box, with paper work. Bencher currently sells these for about $90. This one is only $65.

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

Hustler HF mobile resonators:
All work fine and are in good cosmetic condition.

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S
can be cut for CW or phone, and also used on a 4BTV Vertical to give 80/75 meter coverage (basically make it into a 5BTV) $38

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long. It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

Subject: [Radiogear4sale] Power Supplies, Microphones, CW items, Filters, and much more

Many Ham Items For Sale
Power Supplies, Microphones (Hand Mics, DTMF Touch Tone
Mics, Speaker Mics), Communication Speaker, CW Paddles,
Low Pass TVI Filters, and more

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC.
This supply is quite heavy duty electrically.
It has 2 pass transistors, instead of the one that
some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
A previous owner removed the molded in TenTec power
cable on the back and added very heavy binding posts,
so that it can be used with many different rigs and
not just TenTec. It also has a couple RCA jacks for
lower power use.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

AEA Power Supply:
AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,

etc. $15

Microphones:

All of these microphones have been tested and work well.

Johnson Hi Z Hand Microphone
This high impedance hand mic is a gray color, with the Johnson logo with the Viking on it. It has a PTT switch and coiled cord, and produces a nice pattern on the scope. It looks very nice also. $30

Generic Hi Z Hand Microphone
This hand mic is black in color, and looks like it might have come from a HyGain rig. It has a PTT switch and black coiled cord. $25

Shure 401 B, Low Z Hand Microphone
This mic has characteristics similar the the Shure 444 Desk Mic, but this one is a hand mic. It is a controlled magnetic mic, with frequency response tailored for voice communications. It has a rugged case, and a heavy duty coiled cord. 4 pin connector. With paper work for $40.

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new, with stripped and tinned ends that have never been on a connector. It is in its original box, with the original instruction manual. $30

Chrome Low Z Hand Microphone
This mic is chrome plated. My memory says it may have come from a Polycom rig. The mic is a good solid metal case with chrome plating all around, with a black PTT switch and black coiled cord. There are some pits on the chrome; it works fine. $30

Generic Hand Microphone
This is a low impedance hand microphone, black in color.
With 4 pin connector. $25
With no connector. $22

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance can be used any place a dynamic mic is needed. Stripped and tinned leads.
It works fine, and looks good also. $25

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Microphone
This mic has a 12 digit touch tone pad on it, along with a switch to turn the pad on and off. I presently has a 4 pin plug on it, and can be used on most any rig. It works fine,

and looks great. $35

CES 655 L "Microdialer" DTMF Microphone
You can manual dial a number, or automatically have it stored in the mic, and "speed dial" with this mic. 12 digit touch tone pad on the front, with the microphone part above the pad. This one presently has a 4 pin plug on it, but of course that can be changed. $35

CES 600 L, Universal DTMF microphone
This has a normal touch tone pad on the front, with a low impedance microphone. This one has the 8 pin modular plug (like a computer LAN) on it. This mic has not been used, so it is in really great condition.
With paper work for $40.

Data Signal "Data-Coder 5" touch tone mic
This mic has a 12 digit touchtone pad on it, plus a normal low impedance microphone. With 4 pin plug.
Like new. $38

Speaker Microphones:

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. $15

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. $ 20

Communications Speaker
This 4 inch square speaker is optimized for communications frequencies (300 to 3000 Hz). It is in a black enclosure, and is an 8 ohm speaker. It has a cord with a 1/8 inch (3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

Kenwood MB-4000 Mobile Bracket
This mobile bracket is made to be used with the Kenwood TW-4000 dual band transceiver, and possibly other rigs as well.
This one is in good shape, with the paper work and hardware.
$15

Mobile Bracket for Icom IC-27:
This mobile bracket fits the Icom IC-27, 37, 47, and that series of Icom rigs. This mount goes completely around the rig, so it would work with most any other rig that is about 5 1/2 inches wide and 1 1/2 inches high.
This one is in very nice, close to new condition. $20

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and 1 W. It has an SWR Bridge built in, with an antenna tuner. It was obviously made for 11 meter use, but it works well on other frequencies. The tuner portion works fine on 10 m, 12 m, and 15 m. The wattmeter seems accurate from 20 meters thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal for portable use.
The wattmeter and antenna tuner portion work fine, however, the SWR portion of this unit is inoperative. It looks fine. $12

CW Items:

Vibroplex Brass Racer Triangular Iambic Paddle

The Brass Racer Paddles are unique in that there are no springs in the design. Tension on the paddle is infinitely adjustable by the use of magnets. It is a convenient, space saving portable keyer paddle unit crafted from solid brass with a lacquer coated brushed finish mounted on a hardwood base. Designed for use with an external keyer or a keyer built into the radio. It has a long shielded cord with a 1/4 inch stereo plug. It works fine and looks good. $100

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

B & W 377 Coaxial Antenna Relay:

I had never seen one of these before. Most of us are familiar with the Dow Key Antenna relays that many of us used 40 or 50 years ago. This unit serves the same function, but is somewhat unique.

The B & W 377 is housed in a hexagon box. It has three SO-239 connectors coming out three of the sides, a length of wire on one side that goes to the coil of the relay, and two sides that are blank.

The coil is rated to work on 48 to 130 volts AC. The original single page instruction sheet says that it is a unique relay design permitting this large variation in voltage. It is good to 150 MHz, and will handle 2000 Watts PEP, or 1000 watts continuous.

It appears that this unit has never been used. It has the original instruction sheet, and original box. The unit itself does not appear to have been used, and looks perfect. $75

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.
It is also in a very sturdy metal case with SO-239 connectors on each end, and is a 50 ohm filter.
This one works great, and looks close to new. Someone added some felt to the bottom, so that it protects better. It is in its original box, with paper work. Bencher currently sells these for about $90. This one is only $65.

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

Hustler HF mobile resonators:
All work fine and are in good cosmetic condition.

"Super" high power resonators (good for 2 KW PEP):
80 meter RM-80 S
can be cut for CW or phone, and also used on a 4BTV
Vertical to give 80/75 meter coverage
(basically make it into a 5BTV) $38

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

7381. REDUCED MORE: Ham Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-04-08 00:21:33 UTC
From: Bry Carling
Topic: 7381 Message: 7381

Reduced even more - some great groups of
Amateur Band Crystals...

80m CW and AM, 40m CW and AM etc. etc. etc.

For $2.00 and $3.00 each while they last... sold in groups
only.
Many of these will multiply up nicely into 20m, 15m,
10m, 6m, 2m, etc.
A few are marked as 15m and 10m but are actually 7 MHz crystals.
All are type hc6u metal can crystals with 1/2 inch pin spacing
(thin pins) unless otherwise stated.

Group 11 - 1845.76 kHz, 1905 kHz and QTY 2 X 1942 MHz
- SOLD

Group 12 - QTY 2 X 3727 kHz, 7037 kHz, 7052 kHz, 7070.37 kHz
- All 5 for $10.00

Group 13 - 7022, 7037, 7070.37, 7079, 7081, 7095 kHz
- All 6 for $18.00

Group 14 - QTY 2 X 7095, 7124, 7129, 7138 kHz
- all 5 for $10.00

Group 15 - 7000, 7100, 7159, 7170.37, 7174 kHz
- All 5 for $10.00

Group 16 - 7174, 7185, 7200, 7212, 7242, 7290 kHz
- All 6 for $15.00

Group 17 - QTY 2 X 7218, 7228, 7246, 7247, 7295 kHz
- All 6 for $12.00

Group 18 - 7034 kHz, QTY 2 X 7051 kHz, 7084 kHz, QTY 2 X 7101 kHz
MARKED as: 21.1035, QTY 2 X 21.1535, 21.2535, QTY 2 X 21.3035 MHz
- All 6 for $18.00

Group 19 - 7034, 7051, 7068, QTY 2 X 7084, QTY 2 X 7101 kHz
MARKED as: 21.1035, 21.1535, 21.20350, QTY 2 X 21.2535, QTY 2 X
21.3035 MHz
- All 7 for $14.00

Group 20 - QTY 2 X 7111, 7171, 7184, 7196, 7216, 7253, 7361 kHz
MARKED as: QTY 2 X 28.444, 28.685, 28.735, 28.785, 28.866, 29.011,
29.444 MHz
- All 8 for $16.00

Group 21 - QTY 2 New FT243 'PR' Crystals on 28.616 and 28.670 MHz
- these two for $6.00 total.

Please e-mail me off the list to arrange purchase.

Updated listing of availability of these groups will be posted at:

7385. FS or FT: Three HF Mobile whips

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-04-09 10:59:25 UTC
From: Bry Carling
Topic: 7385 Message: 7385

FOR SALE OR TRADE - I have three HF amateur band mobile whips
that are for sale or trade. All are in excellent condition.

PRO-AM

PHF-40 = 40m whip antenna
PHF-15 = 15m whip antenna
PHF-17? The label fell of the last one I think it is a 17m whip antenna.
Or it may possibly be for 20m.

All of these have 3/8 X 24 threads for mounting on your
standard antenna mount.

I would like to sell these or trade for other amateur radio
parts or equipment.

73 - Brian Carling, AF4K

7393. Antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-04-18 17:19:28 UTC
From: Ken Simpson, W8EK
Topic: 7306 Message: 7393

Antennas and related items for sale:

Larsen VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 m; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen NLA-Q
Fits the Larsen NLA mount, but is a quarter wave antenna.
Can be cut for 2 m, 220 MHz, or 440 MHz. $9

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" above, or any other antenna
that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Hustler MOS Monitor Antenna:
The Hustler MOS monitor antenna is for use on indoor scanners.
It features a suction cup to hold it to the top of the table.
A Motorola type connector can be moved up and down the antenna
so that it is just the right height to plug directly in to
your scanner.
Basically, this antenna will attach to the table behind your
desktop scanner, out of the way, but will provide a significant
amount of gain over the internal antenna.
This particular antenna works fine, and looks very close to new.
$20

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter (inserted in the coax line after the transmitter or transceiver) to reduce harmonic interference.

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter and antenna, and has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

B & W FL-10/1500 (Also known as model 425) low pass filter
B & W TVI filter, 50 ohm. It cuts off just above 10 meters, and will handle 1500 Watts. SO-239 connector on each end. This is the latest model B & W filter. It is in very nice condition; it looks very close to new. With paper work $40.

Drake TV-5200-LP
This is the more modern version of the Drake TV-1000 Low Pass Filter. This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 Watts average below 30 MHz, and about 200 W up to 52 MHz. It works fine, and is in very nice shape. $35

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
BNC, Original antenna from Kenwood TH-215
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and 1 W. It has an SWR Bridge built in, with an antenna tuner. It was obviously made for 11 meter use, but it works well on other frequencies. The tuner portion works fine on 10 m,

12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:
Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC 90 degree - female to male - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $6

Prices do not include shipping from Florida.

Thanks.

Lacroix was running toward the gold-mine. He made no effort to dodge the look on it that he had seen all and had been infinitely pleased thereby.

I caught at him; I wanted to get my hands on him and strangle him, too, and fling him down, and stamp his features out of human semblance. But
he eluded me and darted back into the cliff.
I followed him hard. This time I did not mean to let him go.

At last they slid down into the depths of the dark lake, to lie forever
there in that embrace. And still the cataracts played on, sounding Angel. Their waters
played with them and spun them round, caught them, and let
them go, and roared and foamed about them as they bobbed and danced
their devil's jig, waist-high, in one another's arms.

CAD Software Plugins recommends the following PC/Mac Programs for you Software User

AutoCAD Mechanical 2011
Download instantly at CAD Software Plugins
List Price: $4499.00 Your Price: $104.95
You Save: $4394 (98%)

Purpose-built to accelerate the mechanical design process. Including all the functionality of AutoCAD, the world's leading CAD software, plus comprehensive libraries of standards-based parts and tools for automating common design tasks.

SolidWorks 2010
Download instantly at CAD Software Plugins
List Price: $3999.00 Your Price: $99.95
You Save: $3899 (98%)

This software fosters smarter design by uniting creation, validation, documentation, design management, and environmental impact analysis as a single integrated process. In each of these areas, it optimizes core capabilities on which you stake your career.

3DS Max 2010
Download instantly at CAD Software Plugins
List Price: $3999.00 Your Price: $97.95
You Save: $3897 (98%)

Full-featured 3D modeling, animation, rendering, and visual effects solution used to create top-selling games and award-winning film and video content. Renowned for its ready-to-use, template-based character rigging system, robust modeling and texturing toolsets.

Maya 2010 x32 / x64
Download instantly at CAD Software Plugins
List Price: $3499.00 Your Price: $79.95
You Save: $3419 (98%)

Maya 2010 software is the first release to unify the Autodesk Maya Complete 2009 and Autodesk Maya Unlimited 2009 feature sets, advanced match-moving capabilities, and high dynamic range compositing into a single affordable offering.

AutoCAD 2010
Download instantly at CAD Software Plugins
List Price: $3995.00 Your Price: $97.95
You Save: $3897 (98%)

Design and shape the world around you with AutoCAD design and documentation software, one of the world's leading CAD programs. Speed documentation, share ideas seamlessly, explore ideas more intuitively in 3D, and customize it for your specific needs.

AutoCAD Architecture 2010
Download instantly at CAD Software Plugins
List Price: $4995.00 Your Price: $104.95
You Save: $4894 (98%)

Architecture 2010 software provides AutoCAD-based design and documentation productivity specifically for architects, to give you more tools to automate drafting tasks and help you create architectural documentation faster.

AutoCAD Electrical 2010
Download instantly at CAD Software Plugins
List Price: $5295.00 Your Price: $89.95
You Save: $5205 (98%)

Includes a complete set of features designed specifically for electrical controls designers. Comprehensive symbol libraries and tools for automating electrical engineering tasks can help you increase drafting productivity and gain a competitive edge.

Navisworks Simulate 2010
Download instantly at CAD Software Plugins
List Price: $4590.00 Your Price: $74.95
You Save: $4515 (98%)

Performs precise replication of designs and accurate modeling of 4D construction schedules, improving productivity and quality via precise pre-visualization of construction projects. Virtually experience your project in a visual context before physical work begins.

Autodesk Alias Design 2010
Download instantly at CAD Software Plugins
List Price: $3895.00 Your Price: $97.95
You Save: $3797 (98%)
for MAC / PC

Create innovative consumer product models faster with Alias Design software. Part of the Autodesk solution for Digital Prototyping, Alias is for consumer product designers who own the entire process from ideation to the final surfaces that are passed to engineering.

"And her father?"

7426. Drake 4-Line 30m Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-05-26 00:47:06 UTC
From: Bry Carling
Topic: 7426 Message: 7426

FOR SALE: Drake 4-Line 30m Crystals

This is the PROPER recommended crystal as described for
Drake equipment to be used on the 10 MHz band.
Great for your Drake T4X and R4B etc.

If you use 21.100 MHz crystals which would be the "normal" ones
to use, there is a severe reduction in sensitivity.
For best band coverage you need a crystal on 20.800 MHz.

I have had just a limited number of these made up for Drake owners.

They are currently available for $35.00 each and when they are gone,
that's it for the run.

Get the best performance from your Drake 4-Line equipment
on 30 meters.

Contact me off the list if you would like some of these.

7427. Kenwood MC-50 Microphone

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-05-26 12:54:17 UTC
From: Bry Carling
Topic: 7427 Message: 7427

FOR SALE: The Kenwood MC-50 desk mic has PTT and LOCK buttons. It was originally designed for use with the TS-120S, TS-520S, TS-530S, TS-820S and TS-830S. It can easily be adapted to work with other transceivers. The MC-50 microphone is no longer in production.

The connection at the back of the mike can be removed and rotated 180 degrees to select either high or low impedance.
- Selectable impedance: 600 ohms or 50 kilohms.
- Sensitivity is:
- -56 dB +/- 3 dB when used at 50 kilohms. And -76 dB +/- 3 dB when used at 600 ohms.

The microphone is in excellent condition. No scratches, marks, rust, scuffs etc.
Hard to tell from new, and comes with the stand and cables of course. It also comes with the instruction sheet.

As of right now I have two of these available, and you will not find any better ones.
One comes with the MFJ-48 which is a 4-pin to 8-pin adapter. This adapter allows the MC-50 microphone to be used with later model Kenwood tranceivers such as the TS-440s, TS-140s, etc.
The other one already has an 8-pin connector so can;t immediately be used on the older radios.
Take your choice... first come, first served.

Available for $85.00 each plus shipping.

Picture and details at:
http://www.af4k.com/miscpart.htm

From: Big Al
Topic: 7439 Message: 7439

A friend of mine has had a CB shop for over 40 years. He has so much stuff that you have to ask him what you are looking for in order for him to remember what he has. His place was a furniture store at on time, and this should tell you how big of a place he has. So he has just about any kind of hard to find CB radios and parts for your radio. Here is his CB shop. And yes he is still in business. Not a lot of CB shops still around. And one more thing, He also has Ham radios.

His CB shop is
McClintock's Radio Electronics's
7963 East State Road 28
Elwood, Indiana 46036
765-552-3371

So just give him a call, he may have what you are looking for.

Topic: 7445 Message: 7445

Various Miscellaneous Accessory Items For Sale:

Autek QF-1 A, Active Audio Filter

This is an audio filter that goes between your rig and speaker. It runs off of 110 V AC, and will peak, notch, or become a low pass or high pass filter. Selectivity (bandwidth) and frequency are adjustable from the front panel. This is the "A" model that also has an additional notch filter added. The input is an 1/4 inch phone plug, and the output is a 1/4 inch jack on the rear panel.

This particular unit looks very, very nice, and works 100%. With paper work for $55.

MFJ-906 Antenna Tuner/Wattmeter/SWR Bridge for 6 meters:

The MFJ-906 6 Meter antenna tuner for the Magic Band gives you low SWR with practically any coax-fed antenna.

With low SWR, your rig will be more efficient; you will get more power out of your 6 meter transceiver and into your antenna for more DX, it will run cooler and last longer.

A lighted Cross-Needle SWR/Wattmeter shows SWR, forward and reflected power simultaneously in 300/60 forward and 30/6 reflected Watt ranges and has an ON/OFF lamp switch. With a built-in bypass switch, you can bypass your tuner and connect your transceiver directly to your antenna.

The MFJ-906 handles 100 Watts FM and 200 Watts SSB PEP. The MFJ-906 measures 8" x 2?" x 3". The meter lamp uses 12 Vdc.

This one works fine and looks very close to new. MFJ sells them for about $100. With paper work for $65.

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks good, but has a small defect on the left side of the meter that does not effect operation.

Paper work included for $40.

Dual Meter SWR Bridges:

All of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement. All have SO-239 connectors on each end, and work fine.

All will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Swan SWR-1
This one is in its original box, but the meter itself says Siltronix on it. The original instruction sheet has both Swan and Siltronix on it. $45

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40

SWR Bridges / Field Strength Meters:

Midland 23-126 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it; it may not have ever been used. In its original box with original instructions and small telescoping antenna. $35

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer case is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

Cables for keys and keyers:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC.
This supply is quite heavy duty electrically.

It has 2 pass transistors, instead of the one that
some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
A previous owner removed the molded in TenTec power
cable on the back and added very heavy binding posts,
so that it can be used with many different rigs and
not just TenTec. It also has a couple RCA jacks for
lower power use.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

AEA Power Supply:
AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,
etc. $15

Communications Speaker
This 4 inch square speaker is optimized for communications
frequencies (300 to 3000 Hz). It is in a black enclosure,
and is an 8 ohm speaker. It has a cord with a 1/8 inch
(3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Phone Patch / Digital Interface:

Heath HD-15 phone patch

This is the unit with the VU meter on the left and 3 knobs that match the SB series to the middle and right. Low or high Z output to the transmitter. It can also be used as an interface for PSK31, and other digital modes.

It is in excellent condition. It has a couple of modifications that are very professionally done. There is a modular jack added for the phone line. Two RCA phono jacks have been added for speaker in and out. In both cases, they are in parallel with the original terminal strip, so either may be used. The actual meter movement has been replaced with a slightly larger, and more professional looking meter.

Paper work included for $30.

As above, but without any modifications, with paper work. $25

Waters "Universal Hybrid Coupler II" Model 3002

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Prices do not include shipping from Florida.

Thanks.

From: Bry Carling
Topic: 7453 Message: 7453

For Sale: 455 kHz Filter Partial Kit

This is suitable for a 250 Hz bandwidth CW filter. Has 60 dB rejection outside the pass band. Connect right after the last i.f. and before the detector in almost any receiver design.
Two pole filter design using tubes - typically like a 6AK5 and 12AX7. Can also be adapted for use with a modern transistor circuit.

Comes with all instructions, schemtic, complete article and two 455 kHz hc6u crystals.

Two sockets available for an additional $5.00 with this kit.

I currently have eight of these kits left, and they are available for $32.00 each plus shipping.

73 - Bry, AF4K

7456. Nice Rare Radios For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-06-20 17:44:44 UTC
From: Big Al
Topic: 7456 Message: 7456

1. Very nice and working Motorola 40 channel CB base station model 1136.
2. Very nice and working Motorola 40 channel mobile CB radio, model 4020 Mocat.
3. Brand new Motorola Mocat power supply to tune your Motorola mobile into a base or mobile.
4. Brand new Motorola Mocat mobile antenna. Still sealed up, never been open.

The mobile Motorola 4020 has not been used very much. Back in the 70's when the Vietnam war was going on this person bought this radio brand new, and than he was drafted into the army. Sad to say he never came home alive. His brother got his radio and keep it for a long time. So he has decided to sell it. That's why this radio looks almost brand new. And the power supply is brand new and still in the box.

If anyone would like pictures of them, please send me an email at bigal46563@.... I almost forgot to say the radios has all the hardware and mics to them.

7457. Ham Accessory Items For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-06-20 23:38:06 UTC
From: Ken Simpson, W8EK
Topic: 7457 Message: 7457

Various Miscellaneous Accessory Items For Sale:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks good, but has a small defect on the left side of the meter that does not effect operation.

Paper work included for $40.

Dual Meter SWR Bridges:

All of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement. All have SO-239 connectors on each end, and work fine.

All will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Swan SWR-1
This one is in its original box, but the meter itself says Siltronix on it. The original instruction sheet has both Swan and Siltronix on it. $45

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40

SWR Bridges / Field Strength Meters:

Midland 23-126 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it; it may not have ever been used. In its original box with original instructions and small telescoping antenna. $35

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer case
is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

Cables for keys and keyers:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it,
as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector
on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter
to reduce harmonic interference. Both have SO-239 connectors.

B & W FL-10/1500 low pass filter
This 50 ohm filter cuts off just above 10 meters, and will
handle 1500 Watts. This is the latest model B & W filter.
It is in very nice condition; it looks very close to new.
With paper work $40.

B & W 425 low pass filter
It cuts off just above 10 meters, and will handle 1500+ Watts.
Maximum attenuation is at 52 MHz, with at least 70 db across
the band. This is an older model that seems much heavier duty.
It weighs almost twice as much as the newer model, and looks
like it would take more power. It even has a serial number on
it, and "Patent applied for". Paper work included. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC.
This supply is quite heavy duty electrically.
It has 2 pass transistors, instead of the one that
some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
A previous owner removed the molded in TenTec power
cable on the back and added very heavy binding posts,

so that it can be used with many different rigs and
not just TenTec. It also has a couple RCA jacks for
lower power use.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

AEA Power Supply:
AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,
etc. $15

Communications Speaker
This 4 inch square speaker is optimized for communications
frequencies (300 to 3000 Hz). It is in a black enclosure,
and is an 8 ohm speaker. It has a cord with a 1/8 inch
(3.5 mm) mono plug on the end.
This one works fine and looks OK also. $15

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Phone Patch / Digital Interface:

Heath HD-15 phone patch

This is the unit with the VU meter on the left and 3 knobs that
match the SB series to the middle and right. Low or high Z output
to the transmitter. It can also be used as an interface for PSK31,
and other digital modes.

It is in excellent condition. It has a couple of modifications that are very professionally done. There is a modular jack added for the phone line. Two RCA phono jacks have been added for speaker in and out. In both cases, they are in parallel with the original terminal strip, so either may be used. The actual meter movement has been replaced with a slightly larger, and more professional looking meter.

Paper work included for $30.

As above, but without any modifications, with paper work. $25

Waters "Universal Hybrid Coupler II" Model 3002

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Prices do not include shipping from Florida.

Thanks.

YOU ARE 100% RIGHT. IN ALL THE YEARS I HAVE BEEN ON THE CB I DONT THINK I EVER HEARD ANYONE GETTING KILLED USING A CB RADIO.

--- On Fri, 6/25/10, TODD BELANGER <belanger392007@...> wrote:

From: TODD BELANGER belanger392007@...

I've done research on that myself and it says on their website with REACT, you have to have three people total to join that here, so if I wanted to do that, which I might do, I would have to find two more people to join in on that, so it might be a struggle but I am with you, Al, I am not giving up my CB till the day I die here as well. In fact, I will go one step further, I blame this cell phone revolution for this lack of people on the CB, granted yes I have one but I'd rather use the CB more than my cell phone.

--- On Fri, 6/25/10, Big Al <bigal46563@yahoo. com> wrote:

Not that i know of. I would like to see those days come back. But it does not look like it is going to. I guess you can call me an old fuddy duddy. I don't know how many more days of life that i have left, But i will tell you this. I WILL HAVE A CB RADIO UNTIL THE DAY I DIE. AND NO ONE IS GOING TO CHANGE THAT. I do know that my CB radio saved my life once. Back in the 78 blizzard. I worked 10 miles from home. I don't know if you know anything about Indiana or not, But i worked in Kokomo Indiana and i lived in a small town that is Greentown Indiana and i was working 3rd shift at that time and i had no ideal of what was going on outside. Someone came in and told me that if i wanted to get home i had better do it now. So like something stupid i took out for home. In town it did not look that bad. But boy on the highway in the dark with the blizzard going on, i swear to you i was pushing snow with my car and i could not see the hood of my car a lot of the
time. Back in the 70's the people in Greentown stayed on the radio with me until i made it home. Greentown Indiana is a small town and back than everyone had a CB radio. I don't even think you could find a house that did not have a CB antenna up. I will tell you this much, I will never drive in another blizzard. I do think the good lord was driving my car that night. Like i said i could not even see the hood of my car half of the time. I had no ideal if i was even on the road, because you could not see the road at all. Matter of fact you could not see anything but snow.

Al:

Waking up is what coffee breaks are for. Do you have local REACT or ALERT groups in your area? They are the equal to amateur radio RACES and ARES for citizens band. They are community based groups that help out when emergency services get overloaded. Usually work with Civil Defense, Civil Air Patrol, and emergency services during disasters.

They aren't as common as they were back in the 70's but with all the floods, quakes, hurricanes, tornados and oil spills I think we could and should bring them back.

It was also a great way to socialize and get to know people in the area as get togethers were great family fun. Here's a link that may interest: http://www.reactint l.org/

Well let me say this. I am a retired police officer. Its like the set belt law. The police will tell you what they want you to know. But here is what i know. I have been called out on many of car accidents. I have seen people that was saved from being killed by using set belts. But here is what they will not tell you. I have seen people that i think would be alive today if they was not wearing a set belt. And the reason i say this is because i have seen people cut in half by wearing set belts. As a retired police officer, I do not wear set belts at all.

--- On Fri, 6/25/10, TODD BELANGER <belanger392007@...> wrote:

Well, I have heard some sheriff's deputies up here in Grand Traverse County(Traverse City, MI.) say it can be a distraction but I think if you have the CB mounted in the right spot and try to use it when not in a high traffic spot, you should be fine, I don't have to worry about that since I am not able to drive anymore and haven't been able too since 1999 because of retinal detachments and having to get my retina reattached three times within four years from my right eye, so my girlfriend drives but I am the one on the CB mostly.

--- On Fri, 6/25/10, Big Al <bigal46563@yahoo. com> wrote:

Well, I have heard some sheriff's deputies up here in Grand Traverse County(Traverse City, MI.) say it can be a distraction but I think if you have the CB mounted in the right spot and try to use it when not in a high traffic spot, you should be fine, I don't have to worry about that since I am not able to drive anymore and haven't been able too since 1999 because of retinal detachments and having to get my retina reattached three times within four years from my right eye, so my girlfriend drives but I am the one on the CB mostly.

--- On Fri, 6/25/10, Big Al <bigal46563@yahoo. com> wrote:

YOU ARE 100% RIGHT. IN ALL THE YEARS I HAVE BEEN ON THE CB I DONT THINK I EVER HEARD ANYONE GETTING KILLED USING A CB RADIO.

--- On Fri, 6/25/10, TODD BELANGER <belanger392007@ yahoo.com> wrote:

From: TODD BELANGER belanger392007@ yahoo.com

I've done research on that myself and it says on their website with REACT, you have to have three people total to join that here, so if I wanted to do that, which I might do, I would have to find two more people to join in on that, so it might be a struggle but I am with you, Al, I am not giving up my CB till the day I die here as well. In fact, I will go one step further, I blame this cell phone revolution for this lack of people on the CB, granted yes I have one but I'd rather use the CB more than my cell phone.

--- On Fri, 6/25/10, Big Al <bigal46563@yahoo. com> wrote:

Not that i know of. I would like to see those days come back. But it does not look like it is going to. I guess you can call me an old fuddy duddy. I don't know how many more days of life that i have left, But i will tell you this. I WILL HAVE A CB RADIO UNTIL THE DAY I DIE. AND NO ONE IS GOING TO CHANGE THAT. I do know that my CB radio saved my life once. Back in the 78 blizzard. I worked 10 miles from home. I don't know if you know anything about Indiana or not, But i worked in Kokomo Indiana and i lived in a small town that is Greentown Indiana and i was working 3rd shift at that time and i had no ideal of what was going on outside. Someone came in and told me that if i wanted to get home i had better do it now. So like something stupid i took out for home. In town it did not look that bad. But boy on the highway in the dark with the blizzard going on, i swear to you i was pushing snow with my car and i could not see the hood of my car a lot of the
time. Back in the 70's the people in Greentown stayed on the radio with me until i made it home. Greentown Indiana is a small town and back than everyone had a CB radio. I don't even think you could find a house that did not have a CB antenna up. I will tell you this much, I will never drive in another blizzard. I do think the good lord was driving my car that night. Like i said i could not even see the hood of my car half of the time. I had no ideal if i was even on the road, because you could not see the road at all. Matter of fact you could not see anything but snow.

Al:

Waking up is what coffee breaks are for. Do you have local REACT or ALERT groups in your area? They are the equal to amateur radio RACES and ARES for citizens band. They are community based groups that help out when emergency services get overloaded. Usually work with Civil Defense, Civil Air Patrol, and emergency services during disasters.

They aren't as common as they were back in the 70's but with all the floods, quakes, hurricanes, tornados and oil spills I think we could and should bring them back.

It was also a great way to socialize and get to know people in the area as get togethers were great family fun. Here's a link that may interest: http://www.reactint l.org/

I think it would be nice for everyone to email pictures of your CB set ups. Might see something that other people may want to do. When we talk about CB radios and how much each and everyone likes them, i also collect CB items. I have a CB radio bedspread, CB radio bank, CB radio cups. So if you like lets share photos of our CB stuff. I would send pictures of mine, but i just wanted to see how you feel about it before i did. Ernie has a good set up.

This has been real nice of all of us talking about our radios and asking questions about radios. No one getting upset and mad. It has be a privilege just to set back and see all the emails. So lets keep it going. Here in Indiana skip has been coming in, but not today. When skip is rolling in lets see if we can make contact. Everyone just agree on what channel or frequency they want to do it on. AM or LSB or USB. Everyone have a great night, and a GREAT CB DAY TOMORROW.

7469. HF Vertical Antennas, VHF & UHF Antennas, and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-06-26 14:03:42 UTC
From: Ken Simpson, W8EK
Topic: 7469 Message: 7469

For Sale:

HF Vertical Antennas, plus other antennas and related items

These two HF Vertical antennas are located near Ocala, Florida, near I-75. They are disassembled, on the ground, ready for pickup, and reassembly at your QTH. Paper work is included, as are all parts, to the best of my knowledge. I was careful with disassembly, so it should be easy to reassemble them. Due to their size, it is just not practical to ship them. Other antennas and related items can be shipped, of course.

HyGain HyTower HF Vertical Antenna:

The HyGain HyTower HF vertical covers 80, 40, 20, 15, and 10 meters. The WARC bands (and 160 meters) can be added, but are not a part of this antenna at present. This is an extremely rugged antenna, consisting of about 30 feet of actual tower, with additional stubs for tuning. Total height is about 50 feet.

Automatic band selection is achieved through a unique stub decoupling system so that an electrical 1/4 wavelength (or odd multiple) exists on all bands. Unity gain on 20, 40, 80; 2 dB on 10/15 Meters.

This particular antenna is in good condition. As far as I know, all hardware is included. If putting it up myself, I would probably paint the tower sections, but there is very, very little surface rust.

Due to size, this is pick up only, near Ocala FL, close to I-75.

This antenna sells for $950 new. With paper work for $350.

Gap "Titan" HF Vertical Antenna:

The Titan is an 8 Band Multiband DX Antenna. It covers 80 thru 10 meters, including the WARC bands. It covers the entire band on 40 thru 10, and about 100 KHz on 75/80 meters. It is about 25 feet tall, and includes a counterpoise, so that no radials are required.

One of the primary virtues of the Titan is the GAP center feed. By elevating the feed the earth loss is dramatically decreased, which means the RF is going out to make the contact instead of into the ground to warm the earth. Reducing the earth loss eliminates the need for a radial system. The Titan requires NO RADIALS.

This particular antenna is in extremely nice shape with no corrosion. Most of the aluminum is still shiny. If I were putting it up myself, I would clean the connections with a Scotchbrite sponge, but it is in great condition. I will even furnish the sponge!

These sell new for about $400. This one is close to new, with paper work for $250. Pick up only near Ocala FL.

Larsen VHF and UHF (2 meter and 440 MHz) Mobile antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters; includes whip. $16
As above, but coil only, without whip. $10
Note: The whip is hard to ship (it is about 4 feet long), and often one can be obtained locally.

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on the 70 cm band. Stacked whip is included. $12

Larsen LM-150, 2 meter antenna for Larsen LM Mount
Has 3 db gain on 2 meters.
This coil is still in its original box, and appears to never have been used. It even has its rubber washer with it, along with instructions.
Coil only for $20.
Coil, with 4 foot used whip. $26

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount, and others. It can be cut for 2 meters, 220 MHz, or 450 MHz bands. $9

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" or LM-150above, or any other antenna that requires a 5/16 inch stud. Very nice for $18.

Avanti "On Glass" antenna for 440 MHz:

This antenna was made by Avanti to mount on a windshield, or other glass. It does not require a ground plane, as it is a 1/2 wave antenna, rated to have 3 db gain. It is ideal for places where a ground plane is not available, such as a boat or motor home, in addition to cars. A special tuning box is included to match to your particular situation.

Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Hustler "Super: High Power Resonator:
"Super" high power resonator (good for 2 KW PEP):
20 meter RM-20 S $20

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks good, but has a small defect on the left side of the meter that does not effect operation.

Paper work included for $40.

Dual Meter SWR Bridges:

All of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement. All have SO-239 connectors on each end, and work fine.

All will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Swan SWR-1
This one is in its original box, but the meter itself says Siltronix on it. The original instruction sheet has both Swan and Siltronix on it. $45

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40

SWR Bridges / Field Strength Meters:

Midland 23-126 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it; it may not have ever been used. In its original box with original instructions and small telescoping antenna. $35

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer case is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and
1 W. It has an SWR Bridge built in, with an antenna tuner.
It was obviously made for 11 meter use, but it works well
on other frequencies. The tuner portion works fine on 10 m,
12 m, and 15 m. The wattmeter seems accurate from 20 meters
thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.
The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors.

B & W FL-10/1500 low pass filter
This 50 ohm filter cuts off just above 10 meters, and will
handle 1500 Watts. This is the latest model B & W filter.
It is in very nice condition; it looks very close to new.
With paper work $40.

B & W 425 low pass filter
It cuts off just above 10 meters, and will handle 1500+ Watts.
Maximum attenuation is at 52 MHz, with at least 70 db across
the band. This is an older model that seems much heavier duty.
It weighs almost twice as much as the newer model, and looks
like it would take more power. It even has a serial number on
it, and "Patent applied for". Paper work included. $35

Drake TV-3300-LP Low Pass Filter
This is a modern low pass filter to go between your transmitter
and antenna, and has been optimized to have more attenuation
in the 40 MHz region, where many TVs have their IF. It is good
for 1000 Watts "average" according to the manual, and has
over 80 db attenuation at 41 MHz. This one looks great, and
includes the paper work. $30

Prices do not include shipping from Florida.

Thanks.

7476. Dual Band HT. GPS, Cables, DMM, and much more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-01 18:40:56 UTC
From: Ken Simpson, W8EK
Topic: 7476 Message: 7476

Dual Band HT, Digital (Sound Card) Interfaces, GPS, Cables, Microphone "Shock Mount", Lightning Protectors, DMM, and more For Sale:

Yaesu VX-1 Dual Band HT:

This is a dual-band HT which provides small size combined with wide frequency coverage while weighing about 4 ounces.

It can produce up to 1 Watt output power in the 2 meter & 440 MHz bands. The VX-1 provides extraordinarily wide frequency receive coverage of 500-1700 kHz plus 76-999 MHz, which includes AM BC, FM BC, public safety, and audio from most TV channels. The operating mode (AM, FM-Narrow, FM-Wide) can be automatically preset.

It includes an FNB-52LI High-Capacity Lithium-Ion battery. The memory system includes two main channel groups, plus additional memories bringing the memory total to 291 channels!

To put it another way, the VX-1 will do more than most hams need!

This one includes the HT, LIon Battery, Charger, Rubber Duck antenna, and an extensive manual. It works fine, and looks very close to new. $125

Sony "SkyMap" GPS System :

The Sony "SkyMap" GPS consists of a GPS module that plugs into the PCMCIA slot of your laptop computer, plus a disk of software that runs it. Maps cover the 48 US states, and features real time GPS tracking, and coast to coast route planning. It will even talk to you, if you desire. I would assume it could be integrated with APRS, although I have not done so myself.

This one is in "like new" condition, in its original box, for $35.

Heil SM-1 Microphone "Shock Mount":

The SM-1 "Shock Mount" is Heil Sound's 8-point flexible suspension support system that helps suppress low-frequency rumble on the microphone line by absorbing and damping vibrations picked up from the studio desk or console. It is a professional suspended shock mounting system, black in color. The SM-1 is designed for use with the slim-line Heil Sound microphones, such as the GoldLine GM series, HM-10-DUAL and the PR-20. Its standard 5/8"

threads mount onto the PL-2T "Topless" and other mounts,
for easy installation.

This shock mount works with the GM-5 and similar body sizes.

This particular unit works fine, and looks very close to new.
$50

Heil Microphone Cable:

Heil CC-1 K microphone cable
This has an 8 pin round female connector wired for Kenwood on
one end and a 4 pin XLR female on the other end. It also has
the 1/4 inch socket that can be used for a foot switch, or
other PTT switch. It is about 8 feet long.

It can be used to connect a Heil GM-5 microphone to most
Kenwood rigs that take the round 8 pin connector, although
it probably could be used with other units as well.

This one works fine and looks very close to new. In fact I
doubt you could tell it from new. $25

120 Volt AC Power cables:

These are power cables that plug in to the 120 V AC line.
They have the standard 3 prong plug on one end, and have
the "International" 3 slot socket on the other end, as is used
on most computers, plus many other pieces of electronic
equipment, such as ham gear and test equipment.

These all function fine, and look very good. Some have been
used, and some may not have been.

Buy one for $1, six for $5, or 14 for $10.

Heath HD-15 phone patch / digital interface

This is the unit with the VU meter on the left and 3 knobs that
match the SB series to the middle and right. Low or high Z output
to the transmitter. It can also be used as an interface for PSK31,
and other digital modes, using it as a sound card interface.

It is in excellent condition. It has a couple of modifications that
are very professionally done. There is a modular jack added for the
phone line. Two RCA phono jacks have been added for speaker in
and out. In both cases, they are in parallel with the original terminal
strip, so either may be used. The actual meter movement has been
replaced with a slightly larger, and more professional looking meter.

Paper work included for $30.

HD-15 as above, but without the nice modifications. Everything is
original. No scratches or imperfections. $25

Waters "Universal Hybrid Coupler II" Model 3002:

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Lightning Protectors:

"Blitz Bug" Lighting protectors
These are not as sophisticated as the Polyphaser below, but still protect against lightning. Two versions are available. One has an SO-239 connector on each end. The other has a PL-259 on one end and an SO-239 on the other end. Take your choice for $8 each.

Polyphaser IS-VU50HN-MA Lightning Protector

Polyphaser is well know for extremely good lightning protection equipment. This coaxial antenna protector is designed to be inserted in the coaxial cable at the bottom of a tower.
This unit has two SO-239 connectors, and is rated to take 750 Watts from 50 to 300 MHz and from 380 to 550 MHz.

This particular unit includes the spec sheet, and appears that it might not have been used. It is not oxidized, or corroded.

These sell for about $75 new. Buy this one for $55.

Cables to key a linear amp, & cables for keys/keyers:

Linear Amp Switching Cable for Kenwood Rigs:
This cable goes from a Kenwood transceiver to a linear amplifier to switch the amp from transmit to receive. One end has a DIN connector, as is used with most Kenwood rigs. The other end has an RCA phono plug, as used by most linear amplifiers. Before using this cable, please check the

switching capabilities of your transceiver.
This cable has one coax for switching the relay. $12

Cables for keys and keyers:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it,
as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector
on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Micronta 21-194 Digital Multimeter:

This DMM not only does the traditional things that DMMs do
(measure voltage, current, etc.), but is also a transistor
tester and a capacitance meter. Voltage ranges are up to
1000 Volts, current to 10 Amps, and capacitance to 20
microfarads.

This particular meter looks good, and functions fine on all
modes except resistance.

Probes included for $15.

Dual Meter SWR Bridges:

These feature two separate meters -- one for reading forward
power and another for reading SWR. This permits one to easily
monitor both the power going out, and the SWR on the antenna.
They are from Japan, and labeled with various names, including
Swan, Siltronix, and Quement. Both have SO-239 connectors on
each end, and work fine.

Both will work on HF, and VHF, covering 3 to 150 MHz, so are
ideal for the new rigs that include 6 and 2 meters.

Swan SWR-1
This one is in its original box, but the meter itself says
Siltronix on it. The original instruction sheet has both
Swan and Siltronix on it. $45

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40

SWR Bridges / Field Strength Meters:

Midland 23-126 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters,
with slightly reduced accuracy. It is also a field strength

meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see any scratches on it; it may not have ever been used. In its original box with original instructions and small telescoping antenna. $35

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer case is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter.
SO-239 connectors in and out.

This particular meter works great. It looks good, but has a small defect on the left side of the meter that does not effect operation.

Paper work included for $40.

Prices do not include shipping from Florida.

Thanks.

7499. FREE CAPS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-10 15:56:08 UTC
From: Bry Carling
Topic: 7499 Message: 7499

OK - nobody wants them but I hate to throw nice things like this away.

FREE:

Two Sangamo type DCMX computer-grade electrolytic capacitors -
Made in U.S.A. Each is 40,000 uFD and rated at 25V DC.

These are ideal for power supplies and/or use with high-powered
car audio systems running on 13.8V DC power.
These are large, heavy duty capacitors with dimensions 6" X 3" diameter.

Cornell-Dubilier computer grade capacitor, 9100 uF at 35V DC.
With all mounting hardware. Dimensions: 3-3/4" X 1-3/4" diameter
Made in the USA

G.E. Dielectrol non-PCB, oil-filled capacitor 40 uF at 480V DC.
Easily good for 1000V DC.
Dimensions: 5" X 2-1/2" diameter.

FREE for postage. Just pay $12.00 for USA shipping.
Next stop will be the dumpster if they are still here on Monday.

Bry, AF4K

7504. Officer Recruitment Meeting

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-12 15:18:04 UTC
From: Melvin Hall
Topic: 7504 Message: 7504

Good morning. The U.S. Bureau of Labor Statistics reports the demand for police officers will increase between 7 and 13 percent by 2016. To ensure your agency attracts and keeps the most qualified candidates, I would like to invite you to attend The Performance Institute's Excellence <http://registration.performanceweb.org/event.php?id=41> in Law Enforcement Summit. This interactive program will help you develop effective strategies to boost recruitment, retention and officer moral, as well as secure more funding for your agency's programs.

May I email you a full program agenda to review?

Melvin Hall

Associate Director

The Performance Institute Corporate Headquarters

805 15th Street, NW, 3rd Floor

Washington, DC 20005

Tel: 202-739-9630

I saw the face of the cliff quiver; I saw an immense rock, half-way up, "If you had let me go," he said, "you would have died just as you are
going to die."
leap into the air and seem to hang there; then the ground was upheaved
beneath my feet, and with a frightful roar the rocky walls swayed and
fell together.

7511. FS: Box of New Precision Power Resistors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-16 10:12:48 UTC
From: Bry Carling
Topic: 7511 Message: 7511

FOR SALE: Quantity 37 precision power resistors. All new and unused,
with long radial leads. Gray in color. Great for homebrew and repair projects.

QTY 8: 5 watt power resistors - all rated 1% tolerance.
Consists of seven (7) at 100 kilohms and one at 2500 ohms.

QTY 8: 2 watt power resistors - all rated 1% tolerance.
Consists of
Quantity 7 at 500 kilohms,
Quantity 1 at 9.50 kilohms

QTY 18: 1 watt power resistors - all rated 1% tolerance.
Consists of -
Quantity 1 at 2.0 Megohms,
Quantity 1 at 1.0 Megohms,
Quantity 1 at 250 kilohms,
Quantity 2 at 200 kilohms,
Quantity 4 at 100 kilohms,
Quantity 2 at 51.0 kilohms,
Quantity 2 at 22.0 kilohms,
Quantity 1 at 8.0 kilohms,
Quantity 1 at 5000 ohms,
Quantity 1 at 4560 ohms,
Quantity 3 at 4500 ohms

QTY 3: 1/2 watt power resistors - all rated 1% tolerance.
radial leads.
Quantity at 800 kilohms
Quantity at 100 kilohms
Quantity at 2700 ohms

Will sell all the above for $15.00 plus shipping

7512. FS: TAG STRIPS

7514. Collecting CB Items

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-17 11:07:13 UTC
From: Big Al
Topic: 7514 Message: 7514

Just wondering if anyone else that collects CB items. I collect old CB radios and i also collect anything to do with CB radios. Right now i have a CB radio bedspread, a CB radio piggy bank, CB radio coffee cups, CB radio pins, CB radio glasses, and i just got a CB radio Pepsi Cola Bottle. This is so neat I have never seen one before. So just wondering if i am the only one who collects CB items. Anyone else?

7515. Tube Intercom for sale.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-17 12:31:06 UTC
From: Bry Carling
Topic: 7515 Message: 7515

FOR SALE: TUBE TYPE 2-station intercom which includes
a 12AT7 tube amplifier and two speakers. Push button to talk. I have not tried this out, but it looks beautifully constructed with louvered clam-shell type cabinets.
There is a Raytheon tranformer inside and also another transformer with no name.
Way more fun than plastic toy intercoms.
Dimensions each: 5" X 5" X 3".
Complete set available for $8.00 plus shipping.

Picture and details at:
http://www.af4k.com/chassisandcabinets.htm

73 & thanks for looking - Bry, AF4K

7518. Power Desk Mic (Just FYI)

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-18 14:54:11 UTC
From: Big Al
Topic: 7518 Message: 7518

Astatic AST-878DM desk power mic. If you are looking for a desk mic i do recommend this mic. I have always been a big fan on the Silver Eagle mic, But i have to say this mic walks all over it. After i got mine a friend ask me about it and he order him one, and yes he also likes it very well. Some people i have talked to say it is the best sounding mic that they have ever heard in a long time. So if you are in the market for a power desk mic, i do recommend this one. You will not be sorry.

7520. FS: Conar Twins - collector quality

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-07-21 12:24:22 UTC
From: Bry Carling
Topic: 7520 Message: 7520

FOR SALE: CONAR Transmitter and Receiver

Extra sharp and collector quality...

Conar 400 Transmitter - 25 watts on 80m, 40m and 15m bands.
Usesa 6DQ6 sweep tube. Crystal controlled, runs on 120V AC.
These were both part of an NRI training course. Looks like new.
Would rate this transmitter a 10 out of 10. It has not been tested.

Conar 500 Receiver. Beautiful front panel. A few marks on the top
but not bad. Runs on 120V AC. Receives AM, SSB and CW. Covers
bands: 80m, 40m and 15m - full coverage. Built-in speaker, and
headphones
output. Controls for volume, variable BFO, antenna trimmer etc.
Front panel is excellent and overall would rate this receiver
9 out of 10. It has not been tested.

These come with copies of the manuals.
Excellent condition. Pictures will be posted soon at:
http://www.af4k.com/radios.htm

Will sell the pair for $250.00 plus shipping

7530. THE CLEARING HOUSE

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-08-01 04:32:00 UTC
From: JENNIFER FRANK
Topic: 7530 Message: 7530

Attention: Beneficiary.

The New York Clearing House is pleased to comment on the final payment release of your unblocked funds, through the Clearing House Interbank Payments System (CHIPS). Basically, this message is notifying you that your blocked funds, $12.5million, which has been in the coffers of the U.S Treasury Department's Office of Foreign Assets Control (OFAC) since April 2008, is finally unblocked and authorized for immediate wire transfer into your receiving bank account by the Clearing House in New York.

We at the Clearing House received a certified payment instrument from OFAC in your favor containing your personal details and a new receiving account in the name and favor of your financial representative and partner, Mr. Richard Salazar. In lieu of the issued payment mandate from the OFAC, the Clearing House conveyed a payment message through CHIPS, which will effect the transfer of the funds via S.W.I.F.T MT2O2 COV into the account of Mr. Salazar in 72-hours after a confirmation to proceed from you as the original beneficiary. Please kindly confirm if the account information is correct to receive the funds,

Bank Name: U.S Bank Trust, N.A, MN;
Swift Code: USBKUS4TCOR;
Routing #: 121122676;
Account Number: 153459581457;
Account Beneficiary Name: Richard B. Salazar;
Beneficiary Address: 5021 Laguna Blvd, Elk Grove, CA 95758.

The funds will be available in the U.S. Bank Trust, N.A account above in 72-hours after we receive a written permission to proceed from you, and a copy of the MT202 COV Payment Slip will be sent by fax to the receiving beneficiary bank, U.S. Bank Trust, N.A; Mr. Salazar, and a copy of the wire slip will also be sent to you for funds clearance at your receiving bank.

We hope this letter is well understood.
Please, kindly send a written permission for the onward transfer of the said funds to your designated account as stated above; addressed to MR PAUL SALTZMAN, THE VICE PRESIDENT AND GENERAL COUNSEL in your company letter headed paper via psaltzman10@... .
You can also send questions/enquiry if any as regards this matter to Mr. Paul Saltzman as the Clearing House would be pleased to discuss in details with you.
Thanks for your Co-Operation.

Sincerely,

Miss. Jennifer Frank

7536. Gas & Oil Contract / Proposition .

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-08-04 00:12:44 UTC
From: Craig Jones
Topic: 7536 Message: 7536

Attn from Craig,

It took me a lot of time to summon courage to email you. It is a fact that we have not had any previous business dealings, but I strongly believe that with understanding and trust we can have a successful business relationship.

My name is Mr. Craig Jones, the Chief financial officer of New Zealand??s Oil & Gas Company Ltd. We have been on a project called The Kupe project. This project is to be the first phase development of gas field discoveries first made by New Zealand Oil and Gas (NZOG) in 1986. The project was given the final go ahead to move into the construction phase in July 2006. However, a large amount of design, assessment and pre-development work preceded this decision. For proper verification on this project, visit
http://www.hydrocarbons-technology.com/projects/kupe/

I have access to very vital information that can be used to move a huge amount of money out of the project account to a secured account. I have done my homework very well .I have the machineries in place to get it done since I am still in active service. If it was possible for me to do it alone I would not have bothered contacting you, ultimately I need an honest foreigner to play an important role in the completion of this business deal.

Kindly get back to me ASAP on via my email for the next line of action if you are willing to commence. I look forward to meeting you in person and doing good business with you and please treat as confidential.

Signed: Craig Jones
CFO- NZOG

Hows everyone doing? Not much skip here in Indiana in the last couple of days. Like i said i live in Indiana, I am about 20 miles from South Bend. I have a Cobra 2000 that i bought new back in around 1995. I have never had it worked on. I would like to have it tuned up. Not a lot of CB shops left here. There is one in South Bend called the CB Specialist and one in Claypool Indiana called the Sidewinder CB shop. I don't know anything about them and i was hoping someone out there would know anything about them. I don't want to take it to someone who is not going to tune it up right. A friend of mine has a CB shop in Elwood Indiana, but it is like over 100 miles away. Would like to take it a little closer to home. Like i said if you know anything about these CB shops please let me know. Thanks and have a good day and a GREAT CB DAY.

Antenna Tuners, Wattmeters / SWR Bridges, Packet TNC, Digital Interfaces, Lightning Protection, DMM, Cables For Sale:

TenTec 238 Roller Inductor Antenna Tuner:

This HF antenna tuner will handle the full legal limit, and will match almost anything. It is rated to match loads up to 3000 ohms.

It is an "L" network, which means that there is only one correct matching point, and not false readings like some tuners. It has a roller inductor that permits matching all HF bands, including the WARC bands.

In addition to the tuner, it also includes a wattmeter with 200 and 2000 watt scales, plus SWR bridge. There is also an antenna switch built in, so this unit will handle all of your antenna needs.

This particular unit works fine, and looks extremely nice. I can not find a scratch or defect on it. With paper work for $395.

MFJ 949 E Antenna Tuner

The MFJ-949E deluxe 300 watt Versa Tuner II gives you full coverage from 1.8 to 30 MHz, with a peak and average reading cross-needle SWR/power meter. It features a custom designed inductor switch, 1000 volt tuning capacitors, Teflon insulation washers and proper L/C ratio to ensure arc-free operation with up to 300 Watts. MFJ's Cross-Needle Meter shows you SWR, forward and reflected power simultaneously. It reads both peak and average power on 300 or 30 watt ranges. A dummy load is built in. It includes an antenna switch for the two coaxial cables and one random wire or balanced line, in addition to the dummy load. It needs 12 V DC to illuminate the meter.

This is the current model that MFJ is selling. This particular unit works fine, and looks close to new. With paper work for $125.

MFJ 815 B Cross Needle Wattmeter:

The MFJ-815B cross-needle meter allows you to monitor both forward and reflected power, and SWR simultaneously. There are buttons to select either Peak or Average reading and power ranges of 200/2000 watts forward and 50/500 watts reflected. Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters in addition to the HF bands, making it ideal for some of the new rigs that include 6 meters.

The peak reading function of this meter and meter light
require external 12 V DC.

This particular unit works fine, and looks very close to new.
With paper work for $65.

MFJ 815 (not the B model) similar to above.
It works fine, and looks good. With paper work for $50.

SWR Bridges / Field Strength Meters:

Midland 23-126 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters,
with slightly reduced accuracy. It is also a field strength
meter. SO-239 connectors.
This one works fine, and looks extremely nice. I do not see
any scratches on it; it may not have ever been used. In its
original box with original instructions and small telescoping
antenna. $35

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer
case is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

AEA PK-88, Packet Terminal Node Controller
This unit is a hardware interface between your computer and your
rig. It has actual hardware, instead of using computer software
to generate and decode the signal. Using the PK-88 is like using
a real modem, as opposed to a "WinModem" for internet access.
The PK-88 has good filtering, and does a super job on Packet.
Of course it can also be used for APRS.
This one works fine and looks fine also. Actually, it looks close
to new; I can not find a scratch on it.
The big thick manual is included, as is the computer cable, radio
to TNC cable, and power cable, all in the original box, for $65.

AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,
etc. $17

AEA "Wall cube" as above, but only 1/2 amp rating,
which is enough for the PK-88. $12

Heath HD-15 phone patch / digital interface

This is the unit with the VU meter on the left and 3 knobs that
match the SB series to the middle and right. Low or high Z output

to the transmitter. It can also be used as an interface for PSK31, and other digital modes, using it as a sound card interface.

It is in excellent condition. It has a couple of modifications that are very professionally done. There is a modular jack added for the phone line. Two RCA phono jacks have been added for speaker in and out. In both cases, they are in parallel with the original terminal strip, so either may be used. The actual meter movement has been replaced with a slightly larger, and more professional looking meter.

Paper work included for $30.

HD-15 as above, but without the nice modifications. Everything is original. No scratches or imperfections. $25

Waters "Universal Hybrid Coupler II" Model 3002:

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Lightning Protectors:

"Blitz Bug" Lighting protectors
These are not as sophisticated as the Polyphaser below, but still protect against lightning. Two versions are available. One has an SO-239 connector on each end. The other has a PL-259 on one end and an SO-239 on the other end. Take your choice for $8 each.

Polyphaser IS-VU50HN-MA Lightning Protector

Polyphaser is well know for extremely good lightning protection equipment. This coaxial antenna protector is designed to be inserted in the coaxial cable at the bottom of a tower.
This unit has two SO-239 connectors, and is rated to take

750 Watts from 50 to 300 MHz and from 380 to 550 MHz.

This particular unit includes the spec sheet, and appears that it might not have been used. It is not oxidized, or corroded.

These sell for about $75 new. Buy this one for $55.

Micronta 21-194 Digital Multimeter:

This DMM not only does the traditional things that DMMs do (measure voltage, current, etc.), but is also a transistor tester and a capacitance meter. Voltage ranges are up to 1000 Volts, current to 10 Amps, and capacitance to 20 microfarads.

This particular meter looks good, and functions fine on all modes except resistance.

Probes included for $15.

Linear Amp Switching Cable for Kenwood Rigs:
This cable goes from a Kenwood transceiver to a linear amplifier to switch the amp from transmit to receive. One end has a DIN connector, as is used with most Kenwood rigs. The other end has an RCA phono plug, as used by most linear amplifiers. Before using this cable, please check the switching capabilities of your transceiver.
This cable has one coax for switching the relay. $12

Cables for keys and keyers:

Cable for straight key
About 3 feet long, with a mono 1/4 inch phone plug on it, as is used with a straight key. $5
As above, but 1/8 inch (3.5 mm) plug. $5

Cable for paddles
About 3 feet long, and with a 1/4 inch stereo connector on the end, like used by most rigs. $8
As above, but 1/8 inch (3.5 mm) plug $8

Coax Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long. It has a male type "N" connector on each end. $15

Prices do not include shipping from Florida.

Thanks.

7544. Just a little story

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-08-10 11:26:06 UTC
From: Big Al
Topic: 7544 Message: 7544

I started out on a Sonar base and in my car i had a white face Johnson. If i am right there was black face Johnson's and white face Johnson's. I myself are a BIG FAN OF SONAR RADIO. I had the Sonar FS-23 back in the 60's. When CB radios was in hot and heavy back in the 70's i bought me a brand new Sonar FS-3023. I still have that radio and it still works as good today as it did back in the 70's. I even still have the box that it came in. Were i lived back than and like i said the CB was very strong. No one ever heard or seen a Sonar. I had people coming over all the time to look at it. One more thing about the Sonar was the channel rejection on it. It says it has a better than 80 DB rejection, but i think it had more than that. We put it to the test because no one believe me when i told them. So we had a mobile set right under my base antenna and just key up and start talking. Yes he did bleed me but i could still hear the person i was talking to.
The people could not believe it until they heard it and saw it do that. Back than if you run a linear you keep your mouth shut about it. FCC was bad back than on linears. Now days you can get on any channel and talk about your radio with extra channels and brag all you want about how much power you have. I hear that all the time on the radio anymore. Some people were i live is in a little town about 20 miles from me and all they know how to do is talk about how much power there radios are and how big there linears are. One night they had a contest to see who could cover who up with there linears. One guy that won the contest said he had to have a small linear in order to key his big linear. I guess he was telling the truth because he won and walked over everyone. My self i don't talk to them much because i get sick and tired of them bragging about there radios and there linears. Yes i do have linears, i have a Kicker K 500 and KL-203 and a Palomar
250HD. The only time i run one is on sideband to shoot skip. I don't even remember the last time i had the K 500 on. Now one guy that lives about 4 blocks from me runs his linear all the time. He even has it on to talk local. I guess he pissed someone off, because i heard him one day on the radio telling someone had cut his coax. If you have to run a linear to talk local, than i think you need to throw your radio out and get another one.

7546. THE NEW YORK CLEARING HOUSE

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-08-11 12:41:42 UTC
From: JENNIFER FRANK
Topic: 7546 Message: 7546

Attention: Beneficiary.

The New York Clearing House is pleased to comment on the final payment release of your unblocked funds, through the Clearing House Interbank Payments System (CHIPS). Basically, this message is notifying you that your blocked funds, $12.5million, which has been in the coffers of the U.S Treasury Department's Office of Foreign Assets Control (OFAC) since April 2008, is finally unblocked and authorized for immediate wire transfer into your receiving bank account by the Clearing House in New York.

We at the Clearing House received a certified payment instrument from OFAC in your favor containing your personal details and a new receiving account in the name and favor of your financial representative and partner, Mr. Richard Salazar. In lieu of the issued payment mandate from the OFAC, the Clearing House conveyed a payment message through CHIPS, which will effect the transfer of the funds via S.W.I.F.T MT2O2 COV into the account of Mr. Salazar in 72-hours after a confirmation to proceed from you as the original beneficiary. Please kindly confirm if the account information is correct to receive the funds,

Bank Name: U.S Bank Trust, N.A, MN;
Swift Code: USBKUS4TCOR;
Routing #: 121122676;
Account Number: 153459581457;
Account Beneficiary Name: Richard B. Salazar;
Beneficiary Address: 5021 Laguna Blvd, Elk Grove, CA 95758.

The funds will be available in the U.S. Bank Trust, N.A account above in 72-hours after we receive a written permission to proceed from you, and a copy of the MT202 COV Payment Slip will be sent by fax to the receiving beneficiary bank, U.S. Bank Trust, N.A; Mr. Salazar, and a copy of the wire slip will also be sent to you for funds clearance at your receiving bank.

We hope this letter is well understood.
Please, kindly send a written permission for the onward transfer of the said funds to your designated account as stated above; addressed to MR PAUL SALTZMAN, THE VICE PRESIDENT AND GENERAL COUNSEL in your company letter headed paper via psaltzman10@...
You can also send questions/enquiry if any as regards this matter to Mr. Paul Saltzman as the Clearing House would be pleased to discuss in details with you.
Thanks for your Co-Operation.

Sincerely,

Miss. Jennifer Frank

I bowed my head. I knew that she spoke the truth. Slowly the passions
cleared from my own heart--passion of hate, passion of love. I knew at
last that I was vanquished. For, now that Jacqueline lay there so weak, so helpless, and
thinking all our past was but a dream, there was

Topic: 7562 Message: 7562
Attachments: 3 described; binary payloads are missing from this source WARC

I bought this brand new Dosy FC50 frequency counter from Redman CB shop. I paid 69.95 for it. The only time it was hooked up is when i checked it to make sure it worked OK. The only reason i am selling it is because i jumped the gun on buying it because i bought a radio off of ebay. The radio i bought was JUNK. So now i have this Dosy that i really don't need. Please feel free to make and offer or i would do some trading. It just depends on what you have that you want to trade.

Just wondering if anyone is out there. Don't see any post anymore. Did everyone sell there radios or put them up? Not much going on right now in Indiana. No skip as of yet, but i am sure some will come in. Lets keep the radio alive, don't let it die out. Don't let the cell phones take over. Lets heard from you, tell us of what kind of radio you have and what kind of radio items you have. Have a great day and a better RADIO DAY.

I have 4 Motorola Maxar 50 watt radios for sale. Will let all 4 go for $50.00 and yes they do work and all are on the same frequency's. I also have a Motorola power supply to make one a base radio. Will let the mobiles and power supply go for $60.00. Like i said all 4 and the power supply works. Radios are not beat up. Would also do trading.

7571. FS: Box of TUBE ERA pilot lamps and some bulbs

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-08-21 16:19:57 UTC
From: Bry Carling
Topic: 7571 Message: 7571

FOR SALE: TUBE ERA pilot lamps and some bulbs....

This is a box of about 35 or 40 various bayonet style tube era pilot lights as used in commercial radio transmitters, receivers, test equipment etc. typical lamp holders, some panel mount, some not.

Also a bunch of behind-the-panel type screw in and bayonet fitting lamps, and a few bulbs for them too. These are typical like #44, #51, grain-of-wheat bulbs etc. Red, blue, green and white jeweled lenses etc. includes some plastic standoffs and phenolic terminal strips etc.

Will sell the whole box for $12.00 plus $6.00 for USA shipping.

73 - Brian, AF4K

TenTec 238 Full Power Roller Inductor Antenna Tuner:

This HF antenna tuner will handle the full legal limit, and will match almost anything. It is rated to match loads up to 3000 ohms.

It is an "L" network, which means that there is only one correct matching point, and not false readings like some tuners. It has a roller inductor that permits matching all HF bands, including the WARC bands.

In addition to the tuner, it also includes a wattmeter with 200 and 2000 watt scales, plus SWR bridge. There is also an antenna switch built in, so this unit will handle all of your antenna needs.

This particular unit works fine, and looks extremely nice. I can not find a scratch or defect on it. With paper work for $395.

TenTec 585 Paragon HF Transceiver:

The Paragon is a top of the line transceiver that includes a general coverage receiver. It covers 160-10 meters, including WARC bands, with 100 watts output. The receiver is fantastic. It has dual VFOs and many memories built in, along with a speech processor. Basically, it has about every feature that a ham could want in an HF rig.

This particular unit works 100% as best I can tell. Since the rig does so many things, I am sure that there is something I didn't test, but I don't know what it is (or I would have tested it!). It has had all updates completed by TenTec.

Cosmetically, it is in extremely nice shape. The front panel is extremely good. Most all of the lettering is clean and crisp. This one also has the Giehl chip in it making it similar to a Paragon II.

Large manual and power cord included for $650.

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC
This supply is quite heavy duty electrically. It has 2 pass

transistors, instead of the one that some have. It also has an
ammeter on it.
This one works fine, and looks OK as well.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply:
This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is very quiet, and well
shielded, and does not produce any electrical noise that
I could find. $150

TenTec 705 desk microphone
This electret desk mic has the 4 pin connector, with PTT and
"hold" buttons. It works great, and looks like new.
With paper work for $75.

AEA items:

AEA PK-232 MBX, multi-mode digital controller.
More than just a TNC. It will handle packet, RTTY, Amtor,
ASCII, CW, etc. I think it has the latest firmware, as it
includes Pactor in it. It works fine, and looks very close
to new. The large, inch thick manual is included for $125.

AEA AC-1
"Wall wort" 12 V DC power supply at 1 amp.
Can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive,
so it can be used on many different things that require
12 V DC at up to an amp, such as keyers, antenna tuners,
etc. $17

Wattmeters and SWR Bridges:

MFJ 815 Cross Needle Wattmeter
The MFJ-815 cross-needle meter allows you to monitor both
forward and reflected power, and SWR simultaneously. There
are buttons to select power ranges of 20/200/2000 watts
forward and 5/50/500 watts reflected.
Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters
in addition to the HF bands, making it ideal for some of
the new rigs that include 6 meters.
There is a meter light that requires a source of 12 V DC.
This particular unit works fine, and looks extremely good.
With paper work for $50.

HF Digital Peak and Average Reading Wattmeter
Radio Shack MTA-20 (21-527) Digital Wattmeter will read either peak or average power. It is a digital meter with no moving parts, although it does have a sort of analog bar graph on it. It is rated to cover 1.8 thru 30 MHz, so it covers all of the HF bands. It will measure up to 2000 Watts, in ranges of 2000, 200, or 20. It will also indicate SWR, which requires at least 1/2 Watt. It has a nice back light, and requires 13 V DC for operation. There is about a 3 foot cable between the digital display and the remote sensor. This is a great meter.
This particular meter is in its original box, and appears to not have been used. It has been tested, and works fine. $100

SWR Bridges:

Quement SWB-2 Dual Meter
This unit features two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. It has SO-239 connectors on each end.
It will work on HF, and VHF, covering 3 to 150 MHz, so is ideal for the new rigs that include 6 and 2 meters.
Works fine and looks great. With paper work for $40

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
This is an HF SWR Bridge, but it can be used up thru 2 meters, with slightly reduced accuracy. It is also a field strength meter. SO-239 connectors.
This one works fine, and looks extremely nice. It is in original box, with original instruction sheet, and antenna. $30

HyGain 18 HT HyTower HF Vertical Antenna:

The HyGain HyTower HF vertical covers 80, 40, 20, 15, and 10 meters. The WARC bands (and 160 meters) can be added, but are not a part of this antenna at present. This is an extremely rugged antenna, consisting of about 30 feet of actual tower, with additional stubs for tuning.

Automatic band selection is achieved through a unique stub decoupling system so that an electrical 1/4 wavelength (or odd multiple) exists on all bands. Unity gain on 20, 40, 80; 2 dB on 10 and 15 Meters.

This particular antenna is in extremely good condition. It has stainless steel hardware. The galvanizing on the tower is very good. As far as I know all hardware is included. The base insulators are new.

Due to size, this is pick up only, near Ocala FL, close to I-75.

This antenna sells for about $1000 new. With paper work for $450.

Lightning Protectors:

"Blitz Bug" Lighting protectors
These are not as sophisticated as the Polyphaser below, but still protect against lightning. Two versions are available. One has an SO-239 connector on each end. The other has a PL-259 on one end and an SO-239 on the other end. Take your choice for $8 each.

Polyphaser IS-VU50HN-MA Lightning Protector

Polyphaser is well know for extremely good lightning protection equipment. This coaxial antenna protector is designed to be inserted in the coaxial cable at the bottom of a tower.
This unit has two SO-239 connectors, and is rated to take 750 Watts from 50 to 300 MHz and from 380 to 550 MHz.

This particular unit includes the spec sheet, and appears that it might not have been used. It is not oxidized, or corroded. $55.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, and include paper work.

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.
In very nice condition, it looks very close to new. $40.

B & W 425
It cuts off just above 10 meters, and will handle 1500+ Watts. Maximum attenuation is at 52 MHz, with at least 70 db across the band. This is an older, heavier duty model. It weighs almost twice as much as the newer model. $35

Drake TV-3300-LP
This is a modern low pass filter has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz.
This one looks great. $30

Knife Switch
A knife switch is often used to switch antennas using open wire or "twin line" feeders, but can be used for other purposes.
This knife switch is DPDT. The base is about 2 1/2 by 1 1/2 inches in size, and is phenolic.
This one works fine and is in good condition. $7

Coaxial Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:

Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5
-
UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $8

Prices do not include shipping from Florida.

Thanks.

7581. 2 meter HT and other 2 m items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-09-04 16:55:25 UTC
From: Ken Simpson, W8EK
Topic: 7581 Message: 7581

Two meter HT, HT Accessories, and VHF/UHF related equipment for sale, such as Protective Cases, Speaker Microphones, Batteries, Belt Clips, Wrist Straps, Rubber Ducks, DMM, and much more:

ADI-201, 2 meter HT:

The ADI-201 is a really great HT. It features up to 5 watts power output (actually about 5 W, 2.5 W and 0.3 W in three power ranges). It can be powered by many different voltages from 5 V to 16 V DC, producing different power outputs. It covers not only the 2 meter band, but also receives in the public service bands, including the weather frequencies, so it is ideal for such things as Skywarn. It has full tone capabilities, handling subaudible CTCSS PL tone encode and decode, along with some paging functions. DTMF tones are also available. Of course it has 40 memories, scan features, and all of the things one would expect in a modern 2 meter HT.

This particular HT has the 12 V high power battery with it. It looks very, very good (I can not find a scratch on it), and works 100%. It includes the HT, a rubber duck antenna, belt clip, wrist strap, charger, and paper work for $75.

Yaesu HT Accessories:

Real Yaesu Battery pack for Yaesu VX-2 or VX-3 HT
FNB-82 LI Lithium Ion Battery Pack fits both the VX-2 and the VX-3. 3.7 volts, 1000 mahr, works great, and holds a charge like new. $22

FNB-52 LI Lithium Battery for VX-1 HT
Fits VX-1 dual band HT. It works fine. Holds a good charge and is in good health. $25

CSC-71 Case for VX-1 dual band HT
Close to new condition. No visible wear. $16

FBA-20 "Empty battery Pack" for VX-1
Takes a single AA cell, which can be alkaline, NiCad, NiMH, etc. Like new. $18

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and probably others $4

Yaesu Hat
This "Ball Cap" has Yaesu on the front of it in big letters. It is white and says "Yaesu" on the front, with the Yaesu

logo. It has never been used. $6

Speaker Microphones:

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. Coiled cord is somewhat stretched, but it works fine. $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. $ 20

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
BNC - Original from Kenwood TH-215 HT, 5 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Protective Cases:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

Case for Drake TR-33C
This is the black case that fits the Drake TR-33C, and has

cutouts in the back for antenna, power, etc. It includes
the shoulder strap, and is in good shape. $12

Case for Drake TR-22
As above, but for the TR-22. No shoulder strap. $10

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap. $25

Accessories for the Kenwood TR-2400 HT:

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Belt clip for TR-2400 HT, complete with hardware - $8

Wrist strap for TR-2400, and most other HTs - $4

Battery charge cable for Kenwood TR-2400 HT
This is an adapter that permits one to charge the battery of the
Kenwood TR-2400, 2 meter HT, outside of the HT itself. Usually,
one must have the battery inside the HT, but this lets you charge
a second battery outside of the HT. The original charger is used.
It is in good shape, and works fine. $3

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in that series:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. Coiled cord is somewhat stretched, but works fine. $12

Kenwood BC-2 Wall Wort Charger for PB-2. $12

Kenwood BH-2 Belt clip with screws
Used on many Kenwood HTs. $8

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from Kenwood TH-215. $10

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

Accessories for the Azden PCS-300 HTs:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. It works great, and looks great also. $20

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery of the Azden PCS-300, 2 meter HT, outside of the HT itself. Usually, one must have the battery inside the HT, but this lets you charge a second battery outside of the HT. The original charger is used. If you have a PCS-300 HT, you need this adapter.
It works fine, and looks like new. $3

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. This adapter can be used on any HT with a BNC connector. $5

Battery pack for Yaesu VX-2 or VX-3 HT
Lithium Ion Battery Pack that fits both the VX-2 and the VX-3 3.7 volts, 1200 mahr, works great, and holds a charge like new. $15

Dead Battery Packs:

Please note that all of these battery packs are dead. There is no voltage from them. They are being sold for the purpose of rebuilding, or to be used to build a regulator in them, or whatever.

Batteries for Icom 2AT, 3 AT, 4 AT, 02AT, 03AT. 04AT, 24, and others:
BP-2, looks very nice $5
BP-3, looks like it may have gotten warm, and may be slightly deformed $4
BP-4, "Empty case" for alkalines, etc. Needs cleaning. $8
BP-5, larger pack, looks good, but has former owners call sign scratched in case, $5
Buy all four of the above for $20.

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Kenwood BH-2 for Kenwood TH-215 / 225 / 415, etc.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Kenwood TR-2400
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, etc.
Kenwood TR-2400
Yaesu FT-209

Micronta 21-194 Digital Multimeter:

This DMM not only does the traditional things that DMMs do (measure voltage, current, etc.), but is also a transistor tester and a capacitance meter. Voltage ranges are up to 1000 Volts, current to 10 Amps, and capacitance to 20 microfarads.

This particular meter looks good, and functions fine on all modes except resistance.

Probes included for $15.

Prices do not include shipping from Florida.

Thanks.

ha guys i am look for a good used hf mobile antenna i don't want a ham stick or a hustler i would like to fine a good used atas120 or something like it. i wish this one had 80 meters but it don't 40 meters-440

7583. Tower and other antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-09-05 12:47:47 UTC
From: Ken Simpson, W8EK
Topic: 7583 Message: 7583

Antennas and related items For Sale:
Tower, Mast, Full Power Antenna Tuner, Wattmeters and SWR Bridges, Lightning Protectors, VHF and UHF Mobile antennas, Coax Connectors, etc.

The first two items are pickup only near Ocala, Florida, close to I-75. The other items can be shipped.

Antenna tower:

A total of 35 feet of antenna tower is available, consisting of one top section, 2 "middle" sections, and a 5 foot section for the base.

This tower is "American" tower, which has a horizontal brace about every 22 inches. It is suitable for VHF antennas, very large TV antennas, or small tribanders.

This particular tower is in good condition, although there is some slight surface rust.

It is pickup only near Ocala, FL, just off of I-75. $125

Heavy Duty Antenna Mast:

18 foot long heavy duty galvanized antenna mast.
2 inch OD with 1/4 inch wall.
This is heavy! But also very strong!

It is in good condition and is located near Ocala Florida, near I-75. $125

TenTec 238 Roller Inductor Antenna Tuner:

This HF antenna tuner will handle the full legal limit, and will match almost anything. It is rated to match loads up to 3000 ohms.

It is an "L" network, which means that there is only one correct matching point, and not false readings like some tuners. It has a roller inductor that permits matching all HF bands, including the WARC bands.

In addition to the tuner, it also includes a wattmeter with 200 and 2000 watt scales, plus SWR bridge. There is also an antenna switch built in, so this unit will handle all of your antenna needs.

This particular unit works fine, and looks extremely nice. I can not find a scratch or defect on it. With paper work for $395.

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just after WW II. At that time, it was the gold standard of wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12 Watts full scale in the forward position, and 4 Watts full scale in reflected. It also has an SWR calibrate and SWR scale on the meter. I think the frequency range is from 20 to 1000 MHz, but I am not 100% positive of that. It works well on 2 meters and 440 MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age. $60

MFJ 815 Cross Needle Wattmeter
The MFJ-815 cross-needle meter allows you to monitor both forward and reflected power, and SWR simultaneously. There are buttons to select power ranges of 20/200/2000 watts forward and 5/50/500 watts reflected.
Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters in addition to the HF bands, making it ideal for some of the new rigs that include 6 meters.
There is a meter light that requires a source of 12 V DC.
This particular unit works fine, and looks extremely good.
With paper work for $50.

HF Digital Peak and Average Reading Wattmeter:

Radio Shack MTA-20 (21-527) Digital Wattmeter will read either peak or average power. It is a digital meter with no moving parts, although it does have a sort of analog bar graph on it.

It is rated to cover 1.8 thru 30 MHz, so it covers all of the HF bands. It will measure up to 2000 Watts, in ranges of 2000, 200, or 20. It will also indicate SWR, which requires at least 1/2 Watt. It has a nice back light, and requires 13 V DC for operation. There is about a 3 foot cable between the digital display and the remote sensor. This is a great meter.

This particular meter is in its original box, and appears to not have been used. It has been tested, and works fine. $100

ParaDynamics PDC-5 Wattmeter
This unit has a wattmeter with scales of 100 W, 10 W, and 1 W. It has an SWR Bridge built in, with an antenna tuner. It was obviously made for 11 meter use, but it works well on other frequencies. The tuner portion works fine on 10 m, 12 m, and 15 m. The wattmeter seems accurate from 20 meters thru 10 meters.
It is physically small (only 5 X 3 X 1), so would be ideal for portable use.

The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks fine. $12

SWR Bridges:

Quement SWB-2 Dual Meter
This unit features two separate meters -- one for reading forward
power and another for reading SWR. This permits one to easily
monitor both the power going out, and the SWR on the antenna.
It has SO-239 connectors on each end.
It will work on HF, and VHF, covering 3 to 150 MHz, so is
ideal for the new rigs that include 6 and 2 meters.
Works fine and looks great. With paper work for $40

ThordTest SWFS-2 SWR Bridge / Field Strength Meter
Appears to be the same as the Midland above, but the outer case
is beige instead of black.
In original box, with original instruction sheet, and antenna.
$30

Lightning Protectors:

"Blitz Bug" Lighting protectors
These are not as sophisticated as the Polyphaser below,
but still protect against lightning. Two versions are
available. One has an SO-239 connector on each end.
The other has a PL-259 on one end and an SO-239 on
the other end. Take your choice for $8 each.

Polyphaser IS-VU50HN-MA Lightning Protector

Polyphaser is well know for extremely good lightning
protection equipment. This coaxial antenna protector
is designed to be inserted in the coaxial cable at the
bottom of a tower.
This unit has two SO-239 connectors, and is rated to take
750 Watts from 50 to 300 MHz and from 380 to 550 MHz.

This particular unit includes the spec sheet, and appears
that it might not have been used. It is not oxidized,
or corroded.

These sell for about $75 new. Buy this one for $55.

Larsen LM type VHF and UHF Mobile Antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen LM-150, 2 meter antenna for Larsen LM Mount
Has 3 db gain on 2 meters.
This coil is still in its original box, and appears to
never have been used. It even has its rubber washer with
it, along with instructions.
Coil only for $20.
Coil, with 4 foot used whip. $26

Larsen Q Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $9

Avanti "On Glass" antenna for 440 MHz:
This antenna was made by Avanti to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.
Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Coaxial Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:

Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5
-
UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Antenna adapter for Kenwood TH-21/31/41 HTs
Adapts the antenna connector found on these HTs to a
standard PL-259 connector. $8

Rubber Duck antennas for your HT.
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC Regular length, 6 1/2 inches long
BNC - Original from Kenwood TH-215, 5 inches long
Alinco Stubby w/BNC Connector, 4.6 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Prices do not include shipping from Florida.

Thanks.

7587. A milestone for the WIA Centenary Award

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-09-06 14:17:40 UTC
From: Big Al
Topic: 7587 Message: 7587

A milestone for the WIA Centenary Award
Date : 06 / 09 / 2010
Author : Jim Linton - VK3PCClaims continue to steadily arrive for this limited edition operating award celebrating the Centenary of Organised Amateur Radio in Australia with more than 160 now issued. The first from Hawaii, is also the 100th award certificate, and it goes to Dan Greeson KH6P. This achievement is sure to be the subject of plenty discussion when he and other members of the Honolulu Amateur Radio Club meet this month. The first radio club to get the award is the Moorabbin and District Radio Club VK3APC.

Also receiving his award certificate is Franck Alcidi VK8FNCY of Palmerston in the Northern Territory. Franck, a new radio amateur who in May made his very first ever contact on air, with VK100WIA. Now he has the WIA Centenary Award Certificate proudly displayed in his radio shack. He joins ten other Foundation Licensees now qualifying for the WIA Centenary Award and their first amateur radio operating award. Some of the award claims have included personal comments, many simply to congratulate the WIA on its Centenary and making the award available. Winston Henry VK7WH said, "I have held a licence since 1958 but have been QRT the past 30 years. It was the Centenary of the WIA that was the catalyst to get back on the air and rejoin the WIA."

The special callsign VK100WIA will be on air until the end of October. Claims for the award close on the 30th of January 2011.

7588. Super Springtime in Perth

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-09-06 14:21:02 UTC
From: Big Al
Topic: 7588 Message: 7588

Super Springtime in Perth
Date : 06 / 09 / 2010
Author :
World attention is being focused on Perth as seven local groups celebrate the centenary of organised amateur radio in Australia that began with what is now the world's oldest continuing national radio society. Organiser of an activity known as "Super Springtime", Heath Walder said, the celebration will include the demonstration of working amateur radio stations and displays at the Perth Royal Show and the historical site of Wireless Hill. The WA Repeater Group (WARG), WA VHF Group (WAVHFG), Wireless Institute Civil Emergency Network (WICEN), Hills Amateur Radio Group (HARG), Peel Amateur Radio Group (PARG) , Scout Communications and Technology Team, and Ham College.

Mr Walder said, "So important is the centenary of our national society, the Wireless Institute of Australia (WIA), that virtually all radio clubs and groups in the Perth area are eager to be involved in what has been dubbed the 'Super Springtime." The displays and operating amateur radio station with its unique callsign VK100WIA talking to the world, provide an excellent opportunity for the community to learn about amateur radio and how they can be involved.

"While it is a very interesting and personally rewarding recreational pursuit, radio amateurs or 'hams' have provided emergency communications on many occasions in time of disasters." He said the displays will show early radio pioneering, evolution of radio technology, antenna designs and construction, sending pictures over the radio, personal global position system tracking via radios, amateur radio satellite and much more. There will also be active displays to involve members of the public so they can experience the wondrous world of radio and electronics.

This will be held over 'Show Week' 25 September to 2 October at the Perth Royal Show co-located with the Scout stand, as well as the Wireless Hill historical site. The displays at both locations will inform the public about the many facets of amateur radio and providing advice to anyone interesting in learning more or becoming a radio amateur. Mr Walder said, "While the hobby is for all ages and abilities, there is no better recreational and self-learning activity than amateur radio for anyone wishing to get into a technical of scientific career."

The national radio society, the Wireless Institute of Australia (WIA) was founded in Sydney in 1910 making it the world?s oldest continuing organisation of its kind. WIA President, Michael Owen said, "The historical milestone we are now celebrating starts at a time of early wireless experimentation, when it was a new science being explored by ordinary people who are today called radio amateurs. Just think about it, there were amateur experimenters building equipment to send and receive wireless messages in the late 19th century, more than two decades before radio broadcasting began in Australia."

Mr Owen said the start of organised amateur radio in Australia was a response to the somewhat harsh and unfair treatment of experimenters by authorities. "They were being asked to pay three guineas ($6.30) for the use of the airwaves. To fight that impost and gain

better recognition of experimenters, the Institute of Wireless Telegraphy of Australia (now WIA) was established at a meeting in Sydney on 11 March 1910,?" he said.

"Wireless was also being explored at the time by Marconi and others as a means of communicating across oceans and with ships. The wireless operator on the SS Titanic put out the distress SOS call in 1912 and in doing so saved many lives." Mr Owen said during World War I those who had gained experience as amateur wireless experimenters used, and further developed the technology. The same thing occurred to a much greater level throughout WWII. He said "Many of the developments in radio communications have been pioneered by radio amateurs." The activity of amateur radio is enjoyed by individuals in more than 100 countries and has undergone a revival in Australia over the past five years through the introduction of a new entry level Foundation Licence. Recognised by the United Nations agency the International Telecommunications Union, it is a recreation, a means of self-education and radio amateurs can provide emergency communications.

Mr Owen said, "In Australia the first known time radio amateurs provided emergency communications was at a severe tropical cyclone which struck north of Cairns Queensland on 9 February 1927. There have been numerous occasions in Australia since then, including the Black Friday bushfire disaster January 1939, after Tropical Cyclone Tracy in 1974, the Newcastle Earthquake 1989, after floods, and the Black Saturday disaster of 2009." Many WIA affiliated clubs and their members are engaged in various aspects of the multi-faceted recreation. He said part of the centenary celebration the club members are 'talking to the world' using a commemorative radio callsign VK100WIA.

More detail on that activity and other centenary activities are available on the WIA website www.wia.org.au

I am getting a set of Motorola Talkabout SX-700 radios. My question is this. They are 2 watts with a 12 mile range. Of course we know on the range it depends on open ground to inside the city with things blocking the signal. Do you know if there is anyway to boost the 2 watts up to a few more watts?

7603. Antenna Tower, Mast, Analyzer, Wattmeters, etc. FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-09-12 19:46:49 UTC
From: Ken Simpson, W8EK
Topic: 7603 Message: 7603

Antenna Tower, Antenna Mast, Antenna Analyzer, Wattmeters, Microphones, 19 inch rack shelves, etc. For Sale:

Antenna tower:

A total of 35 feet of antenna tower is available, consisting of one top section, 2 "middle" sections, and a 5 foot section for the base.

This tower is "American" tower, which has a horizontal brace about every 22 inches. It is suitable for VHF antennas, very large TV antennas, or small tribanders.

This particular tower is in good condition, although there is some slight surface rust. $125

Heavy Duty Antenna Mast:

18 foot long heavy duty galvanized antenna mast.
2 inch OD with 1/4 inch wall.
This is heavy! But also very strong! $125

The above two items are pick up only near Ocala, FL, close to I-75. The items below can be shipped.

Antenna Analyzer:

MFJ 249 Antenna Analyzer:

This antenna analyzer covers from 1.8 to 170 MHz, so it covers all of the HF bands, plus 6 and 2 meters.

Use this unit to find your antennas true resonant frequency. Trim dipoles and verticals. Adjust your Yagi, quad, loop and other antennas, change antenna spacing and height and watch SWR, resistance and reactance change instantly. Perfectly tune critical HF mobile antennas in seconds. Take the guesswork out of building and adjusting matching networks and baluns. You can determine velocity factor, coax cable loss in dB, length of coax and distance to a short or open in feet. You can read SWR, return loss and reflection coefficient. Two line LCD screen clearly displays your information. Built-in frequency counter.

This particular unit works fine, and looks extremely nice. With paper work for $150.

Lightning Protector:

Polyphaser IS-VU50HN-MA Lightning Protector

Polyphaser is well know for extremely good lightning
protection equipment. This coaxial antenna protector
is designed to be inserted in the coaxial cable at the
bottom of a tower.
This unit has two SO-239 connectors, and is rated to take
750 Watts from 50 to 300 MHz and from 380 to 550 MHz.

This particular unit includes the spec sheet, and appears
that it might not have been used. It is not oxidized,
or corroded. $55.

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just
after WW II. At that time, it was the gold standard of
wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12
Watts full scale in the forward position, and 4 Watts full scale
in reflected. It also has an SWR calibrate and SWR scale on the
meter. I think the frequency range is from 20 to 1000 MHz, but I
am not 100% positive of that. It works well on 2 meters and 440
MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age.
$60

MFJ 815 Cross Needle Wattmeter:

The MFJ-815 cross-needle meter allows you to monitor both
forward and reflected power, and SWR simultaneously. There
are buttons to select power ranges of 20/200/2000 watts
forward and 5/50/500 watts reflected.
Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters
in addition to the HF bands, making it ideal for some of
the new rigs that include 6 meters.
There is a meter light that requires a source of 12 V DC.

This particular unit works fine, and looks extremely good.
With paper work for $50 plus shipping from Florida.

SWR Bridge:

Quement SWB-2 HF and VHF Dual Meter SWR Bridge
This unit features two separate meters -- one for reading forward
power and another for reading SWR. This permits one to easily
monitor both the power going out, and the SWR on the antenna.
It has SO-239 connectors on each end.
It will work on HF, and VHF, covering 3 to 150 MHz, so is
ideal for the new rigs that include 6 and 2 meters.
Works fine and looks great. With paper work for $40

Desk Microphone:
RCA equivalent to a Shure 444 desk microphone
Although the front of this mic says RCA on it, it looks like a Shure 444, and has a controlled magnetic element in it just like a Shure 444. My assumption is that it is a 444 with an RCA label.
Of course most of us know that the 444 is an extremely good communications microphone with great articulation.
This one works fine, and looks very nice. It has a 4 pin connector on it. $50

Hand Microphones:

Collins MM-1 Mobile Microphone
The Collins MM-1 is a pressure-operated dynamic microphone designed to fit your hand comfortably. This mike is engineered for maximum voice response, and its die-cast case is finished in brushed satin chrome.
This one works fine; there are a couple extremely small pits (smaller than a pin head) on the chrome, but it looks very good. The coiled cord is a bit stiffer than when it was new.
With PJ-068 connector for $100.

Shure 104 C, Low Z hand Microphone
This is a very heavy duty Shure mic. It appears to be new, with stripped and tinned ends that have never been on a connector. It is in its original box, with the original instruction manual. $30

Lafayette EAM-15 dynamic hand microphone
2000 ohm impedance. Stripped and tinned leads.
It works fine, and looks good also. $25

19 inch Relay Rack Shelves:

This black shelf in made to fit a standard 19 inch relay rack. The shelf itself is 17 5/8 inches wide (standard width for inside of the rack) by 18 inches. It attaches to the rack so that 4 inches of it extends in front of the rack and 14 inches behind the rack (or you could reverse it for 14 inches in front and 4 behind). It has vent holes so that equipment that is set on it can get some air. It requires 4 inches of rack space.

It is similar to one seen here
http://www.l-com.com/item.aspx?id=8487
or
http://www.rackmounts.com/Middle-Atlantic-U2MS-DF2984.html
except 4 inches of it extends past the mounting point.

These are in extremely good condition. I can not find a scratch on them. They look new. Two are available. Buy one for $35, or both together for $65.

Astron RS-12 A, 13.8 Volt DC Power Supply:

This power supply is rated at 9 amps continuous and 12 amps ICS.
It is ideal for most 2 meter rigs, including the 50 Watt rigs.

This Astron power supply features solid-state electronic
regulation, EMI filter, fold back current limiting for protection
from excessive current and shorted output, and crowbar over-voltage
protection.

This particular supply works 100% and looks the same. I can not find
a scratch on it. With paper work for $50.

Prices do not include shipping from Florida.

Thanks.

Watch out and be very careful about joining some of the CB groups. There is two CB groups that will ask you for money, and if you don't give any money to the owner of the groups, he will ban you from them. The groups are

8ball_CB_Radio_Club and WhiteSquirrelCBRadioClub

Date: 2010-09-20 14:22:59 UTC
From: Big Al
Topic: 7614 Message: 7614
Attachments: 2 described; binary payloads are missing from this source WARC

Here is pictures of the radios and a picture of the menu screen that comes on.

I hope someone can help me on this. I have a set of Motorola SX700 radios. One of the radios does this. You push the PLL to talk and a menu screen comes on just for about a second and than goes to a screen that has a Big number 1 at the top and a Little number 1 at the bottom. It does this all the time. But it works OK if you push the PLL for low power. The other radio does not do it, just this one. It does not matter how many times you push the PLL to talk on HI watts it does the same thing all the time. Can someone tell me on how to fix it or if there is something wrong with just this one radio? Thanks.

This phone is not even 1 year old yet. It is a LG 1500 flip phone. You would get the phone, manual, two batteries, car charger, leather case as well as a plastic case. I would be glad to email pictures to you. This phone is just like brand new.
I would like to trade it for a good working CB radio

A dying breed, CB radio group signs off
For 25 years, these volunteers answered distress calls sent over CB radio. But they disbanded last week, their purpose made obsolete by those darn cell phones.

From: Ken Simpson, W8EK
Topic: 7650 Message: 7650

Several HF Transceivers, and Power Supplies For Sale:

Icom IC-756 Pro, 160 thru 6 meter transceiver

The upgraded Icom IC-756 Pro covers all nine HF ham bands plus 6 meters (receive from 30 kHz - 60 MHz). The high resolution 4.9 inch TFT color dot matrix LCD display provides more operating information than you've ever had before, including a spectrum scope (± 12.5, ± 25, ± 50 or ± 100 kHz). The Pro features a 32-bit floating point DSP Digital IF filter with 41 selectable bandwidths, microphone equalizer, manual notch function, digital twin pass band tuning (PBT), all mode, including PSK31, and much more. No additional filters or high stability crystal oscillators are available or needed. The selectivity lets you pull out weak signals like never before. The rear panel features two antenna inputs plus an RCA type receive antenna jack.

It includes such things as a Voice Keyer, 101 Memories, RIT/XIT, Noise Blanker, Multiple Display Formats, Realtime Spectrum Display, Twin Digital PBT, Voice Recorder, 100 Watt Output, Built-in Auto Antenna Tuner, TCXO Built In, 100% Duty Cycle, Built in RTTY Demod, DSP Notch, 1 Hz Readout, Memory Keyer, RF Attenuator 6/12/18 dB, Automatic Notch and much more.

This particular unit works 100% as best I can tell. I tried to test everything. It looks extremely nice. It is in its original box, with paper work for $1100.

Icom IC-746, 160 thru 2 meter transceiver

The Icom IC-746 covers 160-10 meters plus 6 and 2 meters. 100 Watts of output is available on all bands - HF, 50 MHz and 144 MHz, making the IC-746 a practical choice for all-around base station use. The die-cast aluminum chassis and a large cooling fan help to stabilize the PA circuit, providing 100% full duty cycle operation. It has 100 alphanumeric memories, spectrum display, Twin PBT, CTCSS encode / decode, APF, two stage preamp, keypad entry, automatic antenna tuner and electronic keyer. DSP digitally transposes receive audio components in all modes of operation to produce desired AF frequency characteristics at the IF stage of the transceiver. This built-in DSP provides: noise reduction, automatic notch filter and selectable APF. The digital bar graph meter displays ALC, power output and SWR simultaneously! The radio automatically selects from the three separate antenna inputs (HF, 6 meters, 2 meters). A built-in

automatic antenna tuner operates on the HF bands plus 6 meters. The rear panel has three antenna jacks. The 746 requires 12 VDC at 20 amps.

Features include Spectrum Scope, 102 Memories, RIT/XIT, Noise Blanker, VOX Function, Selectable APF, Dual Display, 100 Watt Output, 40 Watt Output (AM), Built-in Automatic Antenna Tuner 180-6 Meters, Full Break-In CW, CW Keyer, 100% Duty Cycle, Rx Antenna Jack, DSP Notch, 1 Hz Readout, Memory Keyer, RF Attenuator 6/12/18 dB, and much more.

This particular unit works 100% as best I can tell. It looks very close to new, and is in its original box, with paper work for $750.

Icom PS-30 Deluxe Power Supply

The Icom PS-30 power supply delivers 13.8 VDC at 25 amps. This power supply features a meter which can be set to display amperage or voltage. Four outputs are provided on the rear panel. Output 1 is a hard wired, high amperage cable with the Icom standard 6 pin Molex plug. Outputs 2, 3 and 4 provide low amperage 13.8 VDC output. This power supply has a snap-out tilt bracket.

This one works 100% and looks very nice. With paper work for $185.

Kenwood TS-440 S / AT, 100 Watt HF transceiver:

The Kenwood TS-440S/AT was designed for superior performance in the SSB, CW, AM, FM and AFSK modes. An automatic antenna tuner is built in. Coverage is 160 through 10 meters including the WARC bands with 100 watts (40W AM). It includes such things as notch filter, individual selection of optional crystal filters, digital readout, memories, scan capabilities, IF shift, direct frequency entry from a keyboard, and many other features. It requires 13 VDC at about 20 amps.

This particular TS-440 is in great condition. Electrically, it functions 100%. There are no problems with the VCO and PLL like plagues some of these units. Likewise the frequency entry from the keyboard is clean and definite. Cosmetically, it looks good. With paper work for only $450.

Kenwood PS-430 power supply
This 20 amp, 13 V DC power supply matches TS- 140, TS-430, TS-440, and others. It has the heavy 6 pin Kenwood power cable plus an axillary 13 V DC output on back for running other shack accessories.
This one works fine, and looks good. With paper work for $100.

TenTec 585 Paragon HF Transceiver:

The Paragon is a top of the line transceiver that includes a general coverage receiver. It covers 160-10 meters, including WARC bands, with 100 watts output. The receiver is fantastic. It has dual VFOs and many memories built in, along with a speech processor. Basically, it has about every feature that a ham could want in an HF rig.

This particular unit works 100% as best I can tell. Since the rig does so many things, I am sure that there is something I didn't test, but I don't know what it is (or I would have tested it!). It has had all updates completed by TenTec.

Cosmetically, it is in extremely nice shape. The front panel is extremely good. Most all of the lettering is clean and crisp. This one also has the Giehl chip in it making it similar to a Paragon II.

Large manual and power cord included for $650.

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC
This supply is quite heavy duty electrically. It has 2 pass transistors, instead of the one that some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply:
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well shielded, and does not produce any electrical noise that I could find. $150

TenTec 238 Roller Inductor Antenna Tuner:

This HF antenna tuner will handle the full legal limit, and will match almost anything. It is rated to match loads up to 3000 ohms. TenTec
It is an "L" network, which means that there is only one correct matching point, and not false readings like some tuners. It has a roller inductor that permits matching all HF bands, including the WARC bands.

In addition to the tuner, it also includes a wattmeter with 200 and 2000 watt scales, plus SWR bridge. There is also an antenna switch built in, so this unit will handle all of your antenna needs.

This particular unit works fine, and looks extremely nice. I can not find a scratch or defect on it. With paper work for $395.

MFJ 989 C Roller Inductor Full Power HF Tuner:

This is the most popular legal limit antenna tuner. It handles 1500 Watts from 1.8 to 30 MHz including MARS/WARC bands.

You can match dipoles, verticals, inverted V's, random wires, beams, balanced lines, coax, mobile whips, shortwave -- nearly any antenna.

It includes a cross needle meter to read forward power, reflected power, and SWR simultaneously. It will read peak or average power. It also has a switched meter light, if you supply 12 Volts to it.
An antenna switch is built in, as is a dummy load.

This one works 100% with absolutely no problems. It looks extremely nice, with no scratches. It includes paper work, and is in its original box.

MFJ sells these for just under $400. Buy this one for $230.

TenTec 705 desk microphone
This electret desk mic has the 4 pin connector, with PTT and "hold" buttons. It works great, and looks like new.
With paper work for $75.

RCA equivalent to a Shure 444 desk microphone
Although the front of this mic says RCA on it, it looks like a Shure 444, and has a controlled magnetic element in it just like the Shure 444. My assumption is that it is a 444 with an RCA label.
Of course most of us know that the 444 is an extremely good communications microphone with great articulation.
This one works fine, and looks very nice. It has a 4 pin connector on it. $50

Prices do not include shipping from Florida.

Thanks.

73,

7657. FS: Two BC610 crystals for 80m

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-04 11:51:53 UTC
From: Bry Carling
Topic: 7657 Message: 7657

FOR SALE: Two original BC610 crystals for 80m band.

These are the larger old crystals in the FT171B cases... 3/4" pin spacing
and a handle on top.

One is on 3615 kHz, and the other one is on 3905 kHz.
Good working condition.

Will sell as a pair only - for $20.00 plus shipping.

(normally sell for $19.00 each)

Contact via e-mail: bcarling@...
or check the other crystals at my web site:

http://www.af4k.com/FT171_crystals.htm

http://www.af4k.com/crystals.htm

7658. FS: Heathkit manual HD-1416

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-04 14:36:54 UTC
From: Bry Carling
Topic: 7658 Message: 7658

FOR SALE: Original Heathkit manual HD-1416

FOR THE CODE OSCILLATOR. Model HD-1416

Excellent condition.

Available for $4.00 plus $2.50 USA shipping

Reply off list, please - Brian, AF4K

7659. FS: Plate & Filament Power Transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-04 18:43:03 UTC
From: Bry Carling
Topic: 7659 Message: 7659

FOR SALE: Brand New, old stock Military Surplus Plate Transformer.

Gray potted upright style transformer. Manufactured by Tensor Electric.
Primaries:
103, 115, 126V AC at 57 to 440 Hz

Secondaries:
6.3V AV at 9 Amps
5.0V AC at 2 Amps
465V AC c.t. at 75 mA - VERY conservatively rated.
Will easily supply 150 mA DC and about 200-300 mA ICAS.
Dimensions: 4-1/4" X 3-5/8" X 4-1/2" tall with four #10
threaded mounting studs.

QTY 1 available for $20.00 plus shipping.

73 - Bry, AF4K

7660. FS: UTC S-70 Filament Transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-04 18:54:29 UTC
From: Bry Carling
Topic: 7660 Message: 7660

FOR SALE: UTC model S-70 Filament Transformer.

Classic gray potted upright style transformer with the beveled corners.
Lightly used and in good working condition. These vintage UTC
transformers typically sell for around $100 each on eBay.
Here is a guy selling a pair of rusty ones for $259.00 - item # 310154251173

Primaries:
105 and 115V AC

TWO Secondaries:
Each is 6.3V c.t. at 5 Amps

PRI:1500V HIPOT
SEC:3000V HIPOT
CT 6.3V 5A x2
50~60Hz

Dimensions: 4-1/2" X 3-1/8" X 3-7/8" tall with four ears that
have mounting holes.

QTY 1 available for $35.00 plus shipping.

73 - Bry, AF4K

7661. FS: Heavy 28V DC relay

Yahoo group: RadioSwap (2008 — 2014)

7662. Radio Items For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-06 09:01:24 UTC
From: Big Al
Topic: 7662 Message: 7662

Just to let you know that my no means that the radio items i have are junk. All of my radio are in good working order and they look good for as old as they are.
FOR SALE
Motorola 1136 40 channel base station
Motorola Mocat 4020 40 channel mobile radio
Motorola Mocat power supply. Still in the box.
Motorola HT-90 radios. I have two and both comes with desk chargers. Both are two channels, and yes they talk to each other.
VHF Centerfire base antenna.
Motorola VHF mobile magnet antenna.
Regency VHF mobile radio., Has scan, monitor switch, night/day switch, if you have the switch to night the radio and key pad lights up. Also has priority. I also have the manual to go with it.
Regency desk mic. Has transmit, monitor, lock switch.
Motorola Maxar VHF 50 watt radios. (I have 4 of them and they all talk to each other)
Very nice old Layette model 625 23 channel radio. Has mic and power cord.
BRAND NEW Dosy FC-50 frequency counter.
Pepsi Cola walkie talkie radio. Has what looks like a straw that is in the bottle that you pull up for the antenna.
If the price is right i would sell my Kicker K 500 amp. This amp works A-1 and it looks as if you have just taken it out of the box brand new. I also have 2 extra tubes for it. On channel 40 i talked to someone out of town about 20 miles from me and when i kicked the K 500 on he told me i was giving him 20 plus signal.
IF YOU WOULD LIKE TO SEND ME A OFFER ON ANYTHING, PLEASE FEEL FREE TO DO SO.
I HAVE PICTURES OF ALL MY RADIO STUFF, SO IF YOU WOULD LIKE A PICTURE OR PICTURES I WOULD BE MORE THAN HAPPY TO SEND THEM TO YOU.
I also have some mobile antennas. If you live out of town from me i would have to charge you shipping on the items. Thank You

7663. Talk To A Human(Phone Numbers You Could Be Looking For)

she would. Rollo could not wait, but went off in pursuit of his mother. "Mother," said he, as he opened the door into her chamber, "could not you come out and help me get my wheelbarrow along?"

7667. FS: AM & CW ops - Nearly Free, old FT243 crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-08 22:19:19 UTC
From: Bry Carling
Topic: 7667 Message: 7667

FOR SALE:

Groups of original old FT243 crystals. Great for experiments
needing some reliable WW2-era rocks for those who prefer them.
Hard to beat and hard to find. They just need a home!

GROUP 6 - SIX (6) FT243 crystals - original ones on
7125, 7140, 7206, 7200, 7202, 7243 kHz
Available for just $6.00 total for all six plus shipping.

GROUP 7 - SEVEN (7) FT243 crystals - original ones on
7125, 7140, 7173, 7229, 7242, 7274, 7291 kHz
Available for just $7.00 total for all seven plus shipping.

GROUP 8 - EIGHT (8) FT243 CRYSTALS - original ones on
7125, 7140, 7167, 7205, 7221, 7248, 7291, 7297 kHz
Available for just $8.00 total for all eight plus shipping.

You can order directly on line. Or e-mail me.

Many other ham band FT243 crystals, new and old available.

7673. Good Morning

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-11 10:23:55 UTC
From: Big Al
Topic: 7386 Message: 7673

Just would like to say good morning to ever one in the group. No skip here in Indiana. I just picked up a good working Regency police radio and a Heathkit that is a very loud siren. Also came with the items i picked up was a very nice astron power supply and a good looking Regency desk mic. As far as i know right now is that the Heathkit siren is sold. I had a lot of people emailing me about the Heathkit siren. But it is sold, just waiting on the money order to come in. If for some reason i do not get the money order for it i will let the group know and it will be up for sale again. If anyone is interested in the Regency VHF radio please let me know, i will sell it cheap. Or if you just what the desk mic i will sell it also. Again if you want the Regency radio with the desk mic i will sell it cheap. All i wanted out of the deal was the power supply. EVERYONE HAVE A GREAT DAY AND A GREAT CB RADIO DAY.
P.S.
I can email pictures of the Regency radio and desk mic also. And i forgot to say that the manual came with the Regency radio.

7674. Nearly Free Ham Band Crystals II

Good
Morning

Very nostalgic.....and a real eye-opener for today's kids!!!

No matter what our kids and the new generation think about us,
WE ARE AWESOME !!!!
OUR LIFE IS LIVING PROOF !!!!

To Those of Us Born
1930 - 1979

At the end of this email is a quote of the month by Jay Leno. If you don't read anything else, please
Read what he said.

Very well stated, Mr. Leno..

TO ALL THE KIDS WHO SURVIVED THE
1930's, 40's, 50's,
60's and 70's!!

We were put to sleep on our tummies in baby cribs covered
With bright colored lead-base paints.

We had no childproof lids on medicine bottles, locks on doors or cabinets and when we rode our bikes,
We had baseball caps
Not helmets on our heads.

As infants & children, we would ride in cars with no car seats, no booster seats, no seat belts, no air bags, bald tires and sometimes no brakes.

Riding in the back of a pick- up truck on a warm day was always a special treat.

We drank water from the garden hose and not from a bottle.

We shared one soft drink with four friends, from one bottle and no one actually died from this.

We ate cupcakes made with Lard, white bread, real butter and bacon. We drank FLAV-OR-AID made with real white sugar. And, we weren't overweight.. WHY?

Because we were always outside playing....that's why!

We would leave home in the morning and play all day, as long as we were back when the streetlights came on..
No one was able to reach us all day. And, we were OKAY.

We would spend hours building our go-carts out of scraps
And then ride them down the hill,
Only to find out we forgot the brakes. After running into the bushes a few times, we learned to solve the problem

We did not have Play stations, Nintendo's and X-boxes. There were no video games, no 150 channels on cable, no video movies or DVD's,
No surround-sound or CD's,
No cell phones,
No personal computers,
No Internet and no chat rooms.

WE HAD FRIENDS and we went outside and found them!

We fell out of trees, got cut, broke bones and teeth and there were no lawsuits from these accidents.

We would get spankings with wooden spoons, switches, ping pong paddles, or just a bare hand and no one would call child services to report abuse.

We ate worms and mud pies
Made from dirt, and
The worms did not live in us forever.

We were given BB guns for our 10th birthdays, made up games with sticks and tennis balls and, although we were told it would happen, we did not put out very many eyes.

We rode bikes or walked to a friend's house and knocked on the door or rang the bell, or just walked in and talked to them.

Little League had tryouts and not everyone made the team.
Those who didn't had to learn
To deal with disappointment.

Imagine that!!

The idea of a parent bailing us out if we broke the law was unheard of. They actually sided with the law!

These generations have produced some of the best
Risk-takers, problem solvers and inventors ever.

The past 50 years have been an explosion of innovation and new ideas. What can kids today do besides push buttons..

We had freedom, failure, success and responsibility, and we learned how to deal with it all.

If YOU are one of them, CONGRATULATIONS!

You might want to share this with others who have had the luck to grow up as kids, before the lawyers and the government regulated so much of our lives for our own good.

While you are at it, forward it to your kids so they will know how brave and lucky their parents were.

Kind of makes you want to run through the house with scissors, doesn't it ?

~
The quote of the month is by
Jay Leno:

'With hurricanes, tornados, fires out of control, mud slides, flooding, severe thunderstorms tearing up the country from one end to another, and with the threat of bird flu and terrorist attacks, are we sure this is a good time to take God out of the Pledge of Allegiance?'

For those that prefer to think that God is not watching over us...go ahead and delete this.

AND LETS NOT FORGET THE CB RADIO
THAT WE ALL HAD BACK IN THE
50'S 60'S 70'S 80'S

For the rest of us...pass this on.

–

7682. FS: Large box of Cinch-Jones Connectors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-16 19:30:12 UTC
From: Bry Carling
Topic: 7682 Message: 7682

FOR SALE: Box of Cinch-Jones Connectors

Approximately 90 pieces, everywhere from 2-pins to 15 pins.
Some are cable-end types, others are chassis mount. Many are
in pairs (M-F) - many of these parts are new, several are used, but all
are in great shape, and they come in very handy around the ham shack.

Will sell the entire box for $40.00 plus $12.00 for USA shipping.

7690. CB Items For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-10-21 14:55:06 UTC
From: Big Al
Topic: 7690 Message: 7690

1. Kicker K 500 amp. Amp is just like new. Tubes are good in it and i have 2 extra tubes to go with it. Has Hi/Low switch, SSB, Lights works, Meter works. Very nice amp.

2. Cherokee Nightrider 100. Got this radio brand new and it still looks brand new. No one has ever done anything to this radio. I still have the box it came in.

3. CB radio bedspread. Looks good on any bed.

4. CB Radio piggy bank. Turn the dials to open.

5. CB Radio drinking glass. Very nice.

6. About 70 old CB radio QSL cards. Nice cards.

7. Pepsi Cola CB walkie talkie. Works and looks good.
I also have mobile antenna for sale. Some are new still in the package they came in. Also have a few VHF radios and a couple of HT-90 radios.
All my items has been taken good care of. I would be glad to email you pictures of what you maybe interested in. I will also email you prices. And all prices are negotiable.

7691. CB Items For Sale(More Item Added)

I know this has nothing to do with CB radios, But if you need a good running car that looks sharp and price to sell, Than this car is for you.

Very nice car. Runs good and drives good. 43,549 miles. Has winter tires and summer tires. Motor 5.0. MUST SEE AND PRICE TO SELL. Please call 574-540-2079 and ask for Danny. Many extras go with this car.

From: Bry Carling
Topic: 7698 Message: 7698

FOR SALE:

NEW IN BOX FT243 Crystals on 1030 kHz - $5.00 each (QTY 10 available)

NEW IN BOX FT243 Crystal on 1475 kHz - $5.00 (QTY 1 available)

GROUP OF SIX panel mount fuse holders - traditional cartridge fuse sizes.
various shapes, but all pretty standard. All for $6.00 plus shipping.

RCA 6197 tubes - QTY 4 available. New in boxes. $2.00 each plus shipping.

RCA 5651 tubes - QTY 2 available. New in boxes. $2.00 each plus shipping.

Sylvania 5963 tubes - QTY 2 available. New in boxes. $3.00 each plus
shipping.

JUNK BOXES (!!) - may include caps, power supplies, tubes, resistors,
plugs,
adapters, crystals, variable capacitors, fuses, hardware etc. These will fill a
medium sized Priority mail flat rate box to USA for $15.00 plus $13.00
shipping.
Easily worth at least $60.00 by anyone's reckoning.
QTY 4 available for $15.00 plus shipping.

HIGH Voltage terminal - plug and socket for panel mount of up to 5 KV
cables to RF PA etc.
QTY 1 available for $2.00 plus shipping.

PAIR OF special UHF diodes - type 1N21B as used in microwave
applications and prized by
crystal set builders. Will sell the pair for $5.00 plus shipping.

BOX of ten air variable capacitors with 1/4" shafts. Various PFs. Mostly
medium - low power
devices and most will be max of about 20 pf to 300 pF.
Will sell all for $20.00 plus shipping

STANCOR P-8359 p[ower transformer, new in box.
117V at 60 Cy. primary, SEC = 12.6V CT at 3.0 A
Available for $6.00 plus shipping

Pair of No. 20 ceramic standoffs by EF Johnson, conical, with two screw
mounts.
Height is 2". Width is 1-5/8" - has stud-nut and solder tag terminals on top.
Will sell the pair for just $4.00 plus shipping.

Group of TEN type CR-1A crystals from WW2 - most are not in the ham
bands - a few may be.

Will sell as a group for $10.00 plus shipping.

GROUP of TEN type FT243 Crystals WW2-era original types in the 40 meter ham band.
FREQs = 7000, 7075, 7100, 7125, 7140, 7173.3, 7175, 7185, 7222, 7275 kHz
A great value at $20.00 plus shipping for the entire group. (normally $14 each!)

PAIR of RF Chokes. 2.5 mH multi-pile types as typically used in low level transmitter stages or
in receivers, about 1" long X 1-1/2" diameter pilings, plus length of leads attached. Good,
used condition. Will sell the pair for $4.00 plus shipping.

QTY 4 new Octal sockets, with ground tags. Will sell all four for $6.00 plus shipping.

QTY 4 used Octal sockets, with ground tags. Good condition. Will sell all four for $4.00 plus shipping.

QTY 4 new LOCTAL sockets. Will sell all four for $8.00 plus shipping.

hc6u Crystal Sockets, ceramic - available for $4.00 each or FOUR for $12.00

QTY 8 - Phenolic, NEW 5-way terminal strips. Traditional turret style, great for homebrewing.
Dimensions, 2-/12' X 1/2" with 5 turrets. Wrap, solder, bingo, perfection. 2 sets available.
Will sell group of 8 for $16.00 plus shipping.

CS-137 crystal case from WW2 era. Good condition. Has been painted a darker green but still quite usable and in good shape.
Holds QTY 120 type FT243 crystals. Available for $15.00 plus shipping.

Combine items to save on shipping costs.

73 & thanks for looking - Bry, AF4K

I just came into a great deal. I don't think the people really knew what they had. But anyway i bought 2 Cobra 2000 speakers for 5.00 a piece. I only need one. So i am wheeling to sell one to the person with the highest bid. I would put it on ebay, but like many others i don't care for ebay. If this picture come on the email it is the speakers that i got. If for some reason you do not get the picture, please let me know your email address and i will email the picture to you. They are nice speakers and yes they do work.

From: john ferro
Topic: 7705 Message: 7705

I have a like new in box rm italy 600watt ssb solid state amplifier (KL-501) 160 - 10 meters continuos no tune amp - one of the best amps i have ever used - no hassles with tuning puts out great power - i've worked the world with this amp!. would consider a trade for an HF transceiver or communications receiver. I hate to part with this amp, but i do not transmit much these day, so its excess to my needs. the trade rig must have 100 khz to 30 mhz coverage, as i mostly listen to longwave and MW dx these days.let me know if you are intersted, maybe we can trade.

I have for trade a silicon scientific
(ccrane, redsun 2100 clone) twin ferrite radio and a sangean PR-D5 (am dx
hound! read the comment on the universal website) - both in excellent
condition. the PR-D5 has box and everything that comes with one new.

both are great am bcb dx radios off the internal ferrite bars. the best i
have used - sensitivity second to none! - i've logged KSL salt lake city with ease from the east
coast of florida among others. i'm getting into longwave now and would
like to trade with something with the Longwave band. THX!

7709. Re: [RadioSwap] Trade: RM Italy Amp for radio

I have a like new in box rm italy 600watt ssb solid state amplifier (KL-501) 160 - 10 meters continuos no tune amp - one of the best amps i have ever used - no hassles with tuning puts out great power - i've worked the world with this amp!. would consider a trade for an HF transceiver or communications receiver. I hate to part with this amp, but i do not transmit much these day, so its excess to my needs. the trade rig must have 100 khz to 30 mhz coverage, as i mostly listen to longwave and MW dx these days.let me know if you are intersted, maybe we can trade.

7716. VHF & UHF Antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-06 13:17:09 UTC
From: Ken Simpson, W8EK
Topic: 7716 Message: 7716

For Sale:

VHF (2 meter) and UHF (440 MHz) antennas and related items
including mobile antennas, antenna mounts, Wattmeters, SWR
Bridges, HT Rubber Duck Antennas, Tower, and Coax Connectors
and more

Larsen 2 meter Mobile antennas:

Antennas are used, but in very good condition.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters; includes whip. $16
As above, but coil only, without whip. $10

Larsen NLA-450 coil and "stacked" whip for 440 MHz
Fits the Larsen NLA mount, and has about 5 db gain on
the 70 cm band. Stacked whip is included. $12

Larsen LM-150, 2 meter antenna for Larsen LM Mount
Has 3 db gain on 2 meters.
This coil is still in its original box, and appears to
never have been used. It even has its rubber washer with
it, along with instructions.
Coil only for $20.
Coil, with 4 foot used whip. $26

Larsen "Q" Quarter Wave Antenna
Fits a 5/16 inch stud, such as the Larsen LM mount,
and others. It can be cut for 2 meters, 220 MHz, or
450 MHz bands. $9

Larsen LM-MM
Mag Mount for use with Larsen LM series antennas such as
LM-150 and "Q" above, or any other antenna that requires
a 5/16 inch stud. With coax and paper work for $18

Trunk Lip Mount with 5/16 inch stud
Ideal for use with the "Q" or LM-150 above, or any other
antenna that requires a 5/16 inch stud. Coax is included.
Very nice for $18.

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a PL-259
connector. It is very heavy duty, about 6 inches in
diameter. With coax for $25.

Avanti "On Glass" antenna for 440 MHz:
This antenna was made by Avanti to mount on a windshield, or other glass. It does not require a ground plane, as it is a 1/2 wave antenna, rated to have 3 db gain. It is ideal for places where a ground plane is not available, such as a boat or motor home, in addition to cars. A special tuning box is included to match to your particular situation.
Avanti Antenna for 440 MHz
Still in its original tube, unopened. $33

Wattmeters:

Daiwa CN-465 M, Dual Needle, VHF / UHF Wattmeter

The Daiwa CN-465 M is a wattmeter designed for VHF and UHF frequencies, covering from 140 to 450 MHz. Since it is a cross needle meter, it can read forward power, reverse power, and SWR simultaneously. It also has a lighted meter if you apply 12 volts to it. The full scale deflections are either 75 or 15 watts forward, and 15 or 5 watts in reverse.

This particular meter works 100% and looks very nice.

With paper work for $55.

M C Jones VHF/UHF Wattmeter

This MC Jones Wattmeter is a vintage unit, probably from just after WW II. At that time, it was the gold standard of wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12 Watts full scale in the forward position, and 4 Watts full scale in reflected. It also has an SWR calibrate and SWR scale on the meter. I think the frequency range is from 20 to 1000 MHz, but I am not 100% positive of that. It works well on 2 meters and 440 MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age.
$60

SWR Bridges:

Both have SO-239 connectors, and cover from 3 to 150 MHz, covering HF, 6 meters, and 2 meters, so they are ideal for the new rigs with 6 meters and 2 meters in them.

Quement SWB-2 Dual Meter
This unit features two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. Works fine and looks great. With paper work for $40

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

Rubber Duck antennas for your HT:
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, 5 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15

BNC Stubby for 440 MHz, 3 inches long

Antenna tower for sale in Florida:

A total of 35 feet of antenna tower is available, consisting
of one top section, 2 "middle" sections, and a 5 foot section
for the base.

This tower is "American" tower, which has a horizontal brace
about every 22 inches. It is suitable for VHF antennas, very
large TV antennas, or small tribanders.

This particular tower is in good condition, although there
is some slight surface rust.

It is pickup only near Ocala, FL, just off of I-75. $125

Coax connectors and adapters:

Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

I also have many other accessories available such as HF rigs,
microphones, wattmeters, keyers, etc. Just too many to list
here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

7717. HF Rigs, Power Supplies, Antenna Tuner FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-06 16:55:33 UTC
From: Ken Simpson, W8EK
Topic: 7717 Message: 7717

Several HF Transceivers, Power Supplies and Antenna
Tuner For Sale:

Icom IC-706 Mk II G 160 thru 2 meter transceiver:

The '706' Series represents one of the most popular transceivers in amateur radio history. The latest version is the incredibly small Icom IC-706 Mark II G which adds many new features and capabilities not found in previous versions. The "G" is an all-mode transceiver that provides 100 watts on HF and 6 meters and 50 watts on 2 meters plus 20 watts on 440 MHz. It receives from 30 kHz to 199 MHz and from 400 to 470 MHz. It features a removable, remoteable, front panel that allows control of all features. The large LCD display features alphanumeric memory names (9 character) and soft key descriptions. The LCD even supports a simple band scope display. Other advanced features include: IF Shift, RIT, Tone Squelch, Scanning, Noise Blanker, Speech Compressor, Mini Spectrum Scope and Electronic Keyer. This latest version in the 706 series includes the UT-106 DSP module as a standard feature. Despite its compact size (6.56" x 2.28" x 7.88"), it has big, easy to use control dials. With HM-103 hand mic. One or two optional filters may be added.

Features
* .03-199, 400-470 MHz Receive
* Alpha memories
* RIT
* Preamp/ATT
* VFO A/B
* 1 Hz Display
* IF Shift
* Scanning
* S/RF Meter
* 100 Watts HF+6M
* 50 Watts 2M, 20 Watts 440
* 100 Memories
* All band Multimode
* Removable head
* Mini Spectrum Scope
* Electronic Keyer

This one works 100% as best I can determine. It looks extremely nice. Microphone and paper work is included for $650.

Kenwood TS-440 S / AT, 100 Watt HF transceiver:

The Kenwood TS-440S/AT was designed for superior performance in the SSB, CW, AM, FM and AFSK modes. An automatic antenna tuner is built in. Coverage is 160 through 10 meters including the WARC bands with 100 watts (40W AM). It includes such things as notch filter, individual selection of optional crystal filters, digital readout, memories, scan capabilities, IF shift, direct frequency entry from a keyboard, and many other features. It requires 13 VDC at about 20 amps.

This particular TS-440 is in great condition. Electrically, it functions 100%. There are no problems with the VCO and PLL like plagues some of these units. Likewise the frequency entry from the keyboard is clean and definite. Cosmetically, it looks good. With paper work for only $450.

TenTec 585 Paragon HF Transceiver:

The Paragon is a top of the line transceiver that includes a general coverage receiver. It covers 160-10 meters, including WARC bands, with 100 watts output. The receiver is fantastic. It has dual VFOs and many memories built in, along with a speech processor. Basically, it has about every feature that a ham could want in an HF rig.

This particular unit works 100% as best I can tell. Since the rig does so many things, I am sure that there is something I didn't test, but I don't know what it is (or I would have tested it!). It has had all updates completed by TenTec.

Cosmetically, it is in extremely nice shape. The front panel is extremely good. Most all of the lettering is clean and crisp. This one also has the Giehl chip in it making it similar to a Paragon II.

Large manual and power cord included for $650.

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC
This supply is quite heavy duty electrically. It has 2 pass transistors, instead of the one that some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply:
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well

shielded, and does not produce any electrical noise that
I could find. $150

Astron RS-12 A, 13.8 Volt DC Power Supply:

This power supply is rated at 9 amps continuous and 12 amps ICS.
It is ideal for most 2 meter rigs, including the 50 Watt rigs.

This Astron power supply features solid-state electronic
regulation, EMI filter, fold back current limiting for protection
from excessive current and shorted output, and crowbar over-voltage
protection.

This particular supply works 100% and looks the same. I can not find
a scratch on it. With paper work for $50.

MFJ 900 HF Antenna Tuner:
The MFJ 900 covers 160 thru 10 meters, and is rated at 200
watts. I would not put more than 100 watt thru it, however.
It is in a nice Woodgrain / Eggshell color enclosure that is
a perfect match for some of the earlier TenTec gear, such as
the Triton I and II, Argonaut 505 and 509, and others.
This one works fine, and looks fine also. $45

SWR Bridges:

Both have SO-239 connectors, and cover from 3 to 150 MHz,
covering HF, 6 meters, and 2 meters, so they are ideal for the new
rigs with 6 meters and 2 meters in them.

Quement SWB-2 Dual Meter
This unit features two separate meters -- one for reading forward
power and another for reading SWR. This permits one to easily
monitor both the power going out, and the SWR on the antenna.
Works fine and looks great. With paper work for $40

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

I also have many other accessories available such as
microphones, wattmeters, keyers, etc. Just too many to list
here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

A variety of Desk Microphones, Hand Microphones, DTMF
Touch Tone Microphones, and HT speaker microphones for sale:

Desk Microphones:

Astatic D-104 Desk Microphone

Most people know that the Astatic D-104 is the "Lollypop"
desk mic. This mic has very nice chrome plating on the mic
itself, and on the PTT grip section. The base is black.

Of course it works fine, and looks extremely nice.

With paper work for $75.

Shure Desk Microphones:

Shure 522
This is a desk mic that looks very close to the same as the
common Shure 444, but it has a dynamic mic element in it, with
good articulation. It has a high and low impedance switch on
the bottom.
This one works fine and looks very close to new. $55

RCA equivalent to a Shure 444 desk microphone
Although the front of this mic says RCA on it, it looks like a
Shure 444, and has a controlled magnetic element in it just
like the Shure 444. My assumption is that it is a 444 with an
RCA label.
Of course most of us know that the 444 is an extremely good
communications microphone with great articulation.
This one works fine, and looks nice. It has a 4 pin
connector on it. $50

TenTec Desk Microphones:

TenTec Model 706 deluxe base microphone
The TenTec model 706 is an electret microphone. It has an 8 pin
connector as used on the Orion, Eagle, and the newer TenTec rigs.
This particular mic works 100% and looks very close to new. $75

TenTec 709A Desk Microphone
Model 709A is an omni-directional dynamic microphone.
The unit consists of a die-cast zinc shell with molded sliding
PTT on/off switch, dynamic microphone element and detachable
multi-wire connection cable.
It has an 8 pin connector as used on the Orion, Eagle and newer
TenTec rigs.

This particular mic works 100% and is still in its original box. $60

TenTec 214 Electret "Banana" Desk Microphone
This is actually the mic that TenTec sold to go with the Corsair, Paragon, and other rigs of that vintage.
It has an electret element for great frequency response. It has a 4 pin plug and pulls its power from the radio. This one works fine, and looks great. With paperwork for $85.

Turner "Plus Three" Desk Microphone
This is an amplified desk mic, so it can be used with most any rig. Gain can be adjusted from basically no gain to quite a bit. The reviews on eham, several people say it is the best microphone they ever used. It requires a 9 volt battery. It presently has a round 8 pin connector wired for Kenwood, but of course that can be changed.
This one works fine and looks nice. $40

Turner Sideband Expander Desk Microphone
This is a high impedance desk mic with good articulation. It has a black base and neck with an aluminum colored rig around the actual mic element. Stripped and tines leads. $35

Hand Microphones:

Icom HM-36 hand mic.
This mic has the round 8 pin connector, and also has up-down switches on the top.
It is used on the IC-25A grn LED, 28H, 38, 45A, 48, 77, 78, 120, 229H, 271, 275, 290, 375, 451, 471/A, 475, 505, 575, 707, 718, 725, 728, 729, 735, 736, 737/A, 745, 746, 751/A, 756/PRO, 761, 765, 775, 781, 820H, 821H, 900, 901, 970, 1201, 1271, 1275, 2400, 3200, 3210, and maybe others.
This one works fine and looks very close to new.
It may not have been used, other than to test it. $40

Astatic D-104-M6 Hand Microphone

Most of use know what the D-104 "Lollypop" desk mic is like.
This is the hand mic equivalent.

The D104-M6 microphone is a quality performance field effect amplified “power” microphone. The housing is molded black ABS; the front half is chrome plated and the grille screen is chrome plated. The output impedance is compatible with the inputs of almost all commercial transceivers; it has an externally adjustable high gain amplifier to ensure the desired modulation level.
The D104-M6 has an easily accessible control so that the correct modulation level can be set for each operators voice.

This one works fine and looks extremely nice.

With paper work for $40.

Generic Low Impedance Hand Microphone
This is a low impedance hand microphone, black in color.
Looks and works great. With 4 pin connector. $25

DTMF Touch Tone Microphones:

Icom HM-8 hand mic with Touch Tone (DTMF) Pad:
The HM-8 has a 12 digit touch tone (DTMF) pad on the front
of it, along with an on-off switch for the tones. Of course
it also has the normal PTT switch.
The HM-8 is used on the 25A Red LED, 245, 290, 402, 202S,
451, 471A, plus other rigs.
This particular microphone has an 8 pin round connector,
works fine, and includes paper work for $40.

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the
mic, and "speed dial". 12 digit touch tone pad on the front,
with the microphone part above the pad. With an 8 pin modular
plug (like a computer LAN) on it, which can be changed.
Looks to be new. $40

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a
switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $40

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal
low impedance microphone. With 4 pin plug. Like new. $38

HT Speaker Microphones:

Icom HM-70 Speaker Microphone
The Icom HM-70 speaker mic (also known as the EX-1036)
works on the Icom 2SRA, 4SRA, Delta 1, IC-W2/X2 or any
Icom HT which uses the single 3 conductor stereo-style
1/8 inch (3.5 mm) plug.
This one is in the original box, and appears to be unused.
$25

Azden SDX-316
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that needs 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the

TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. The coiled cord has been stretched a bit, but it works fine. $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine and works fine. $18

Prices do not include shipping from Florida.

Thanks.

7727. Trade: Yaesu ft-890 for receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-10 00:13:48 UTC
From: john ferro
Topic: 7727 Message: 7727

I have a Yaesu ft-890 that i would be willing to trade for the right communications receiver - don't do much transmiting these days and listen to mostly am and longwave. front face is real nice - a few nics and scraps. works great, nice rig. maybe we can trade.

7733. FS: Feedback Destroyer / EQ - $65.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-11 13:14:36 UTC
From: Bry Carling
Topic: 7733 Message: 7733

FOR SALE - Behringer Feedback Destroyer Pro Model DSP1124P
and Parametric Equalizer

Description: 24-Bit Dual Engine Digital Feedback Suppressor / Parametric
EQ

* Ultra-high performance 2-channel digital feedback suppressor /
parametric EQ
* Automatically and "intelligently" locates and destroys up to 12
frequencies per channel
* "Set-and-forget" default setting enables immediate and super-easy
performance
* 2 x 12 fully programmable parametric filters that can be set manually
or via MIDI
* Auto mode continuously monitors the mix, resetting programmed
filters automatically
* Single-shot mode automatically detects and destroys feedback and
locks the filter until you reset it manually
* Manual mode allows individual setting of up to 2 x 12 fully parametric
filters with frequency, bandwidth and gain adjustment
* 2 digital processing engines provide independent or coupled functions
on left and right channels
* Extensive MIDI implementation and user preset memories for storing
and instantly recalling programs
* Accurate eight-segment LED level meters for perfect level setting and
optimum performance
* Servo-balanced, gold-plated XLR and 1/4" TRS connectors
* High-quality components and exceptionally rugged construction
ensure long life
* Conceived and designed by BEHRINGER Germany

This is a standard 19" rack mount unit.

Purchased recently and never used due to a change in plans.
Comes new in the box.
Cost $99.00 new (which was a great price.)

Available for $65.00 firm. Possible ham trades considered.

FOR SALE:

QTY 14 Tube-era transformers.
These are mostly open frame, above-chassis type transformers w/lugs.
One or two potted, includes output transformers, power transformers etc.
Some marked, some pot-luck.
Will sell all 14 for $25.00 plus $11.00 for USA shipping.

JUNK BOXES (!!) - may include caps, power supplies, tubes, resistors, plugs,
adapters, crystals, variable capacitors, fuses, hardware etc. These will fill a
medium sized Priority mail flat rate box to USA for $15.00 plus $13.00 shipping.
Easily worth at least $60.00 by anyone's reckoning.
QTY 2 available for $15.00 plus $12.00 for USA shipping.

Paper capacitors, QTY 30 new, old stock caps with axial leads for
$3.00 plus shipping

Electrolytic capacitors, QTY 30 new, old stock caps with axial and radial
leads for $3.00 plus shipping

New RF Chokes, 2 mH pi-wound types with axial leads - rated 50 mA
Available for $2.00 each

New RF Chokes, 1 mH pi-wound types with axial leads - rated 50 mA
Available for $1.00 each

GROUPS of original ham band, 1945-1960 era FT243 crystals:

GROUP A:
QTY 5 - 3835, 3858, 3910, 3931, 3952 kHz
All for $15.00 plus shipping

GROUP B:
QTY 5 - 3878, 3891, 3940, 3945, 3990 kHz
All for $15.00 plus shipping

GROUP C:
QTY 2 - 3825 kHz
Pair for $10.00 plus shipping

GROUP D:
QTY 2 - 3840 kHz
Pair for $10.00 plus shipping

GROUP E:
QTY 2 - 3897 kHz
Pair for $10.00 plus shipping

GROUP F:
QTY 2 - 3995 kHz
Pair for $10.00 plus shipping

GROUP G:
QTY 2 more - 3995 kHz
Pair for $10.00 plus shipping

NEW IN BOX FT243 Crystals on 1030 kHz - $6.00 each (QTY 8 available)

100 kHz Calibrator Crystals HC13/U (TALL HC6U)
- $19.00 each plus shipping.

Other FT243 crystals: 1430, 1470, 1525, 1585, 1600, 1700, 1790 kHz
1815, 1822, 1825, 1843, 1850, 1856 kHz FT243 crystals - $14.00 each

QTY 1 - FT-243 crystal case, military surplus, type CS-137 with two locking compartments. Holds up to 120 crystals. QTY 1 available for $15.00 plus shipping.

GROUP OF SIX panel mount fuse holders - traditional cartridge fuse sizes. Very standard for homebrewing and repairs. All for $6.00 plus shipping.

QTY 4 Octal tube sockets. These are clean, used sockets.- standard type with ears for chassis mounting. All four for $4.00 plus shipping.

RCA 6197 tubes - QTY 4 available. New in boxes. $2.00 each plus shipping.

RCA 5651 tubes - QTY 2 available. New in boxes. $2.00 each plus shipping.

Sylvania 5963 tubes - QTY 2 available. New in boxes. $3.00 each plus shipping.

7744. HF Antenna Related Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-19 00:50:54 UTC
From: Ken Simpson, W8EK
Topic: 7744 Message: 7744

HF Antenna Related Items For Sale

Dummy Load, Antenna tuner, Wattmeters and SWR Bridges,
Coax and Connectors, Tower, etc.

Heath HN-31 "Cantenna" RF Dummy Load

This is the traditional Heath dummy load that will handle a
kilowatt. It has a derating curve both printed in the manual
and on the can.

I measured the resistor and it is 47 ohms, so obviously it
is in good shape and a great match for 50 ohms. The cantenna
itself is in really great shape, with no rust, dents or dings.

Paper work is included for $45.

MFJ 900 HF Antenna Tuner:

The MFJ 900 covers 160 thru 10 meters, and is rated at 200
watts. I would not put more than 100 watt thru it, however.

It is in a nice Woodgrain / Eggshell color enclosure that is
a perfect match for some of the earlier TenTec gear, such as
the Triton I and II, Argonaut 505 and 509, and others. But of
course it can be used with any HF rig.

This one works fine, and looks fine also. $45

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just
after WW II. At that time, it was the gold standard of wattmeters,
basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12
Watts full scale in the forward position, and 4 Watts full scale
in reflected. It also has an SWR calibrate and SWR scale on the
meter. I think the frequency range is from 20 to 1000 MHz, but I
am not 100% positive of that. It works well on 2 meters and 440
MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age.
$60

ParaDynamics PDC-5 Wattmeter / Antenna Tuner:

This unit has a wattmeter with scales of 100 W, 10 W, and
1 W with an antenna tuner built in.

The tuner portion works on 10 m, 12 m, and 15 m.
The wattmeter seems accurate from 20 meters thru 10 meters.

It is physically small (only 5 X 3 X 1), so would be ideal
for portable use.

The wattmeter and antenna tuner portion work fine, however,
the SWR portion of this unit is inoperative. It looks great.
$12

SWR Bridges:

Both have SO-239 connectors, and cover from 3 to 150 MHz,
covering HF, 6 meters, and 2 meters, so they are ideal for the new
rigs with 6 meters and 2 meters in them.

Quement SWB-2 Dual Meter
This unit features two separate meters -- one for reading forward
power and another for reading SWR. This permits one to easily
monitor both the power going out, and the SWR on the antenna.
Works fine and looks great. With paper work for $40

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

Antenna tower in Florida:

A total of 35 feet of antenna tower is available, consisting
of one top section, 2 "middle" sections, and a 5 foot section
for the base.

This tower is "American" tower, which has a horizontal brace
about every 22 inches. It is suitable for VHF antennas, very
large TV antennas, or small tribanders.

This particular tower is in good condition, although there
is some slight surface rust.

It is pickup only near Ocala, FL, just off of I-75. $125

Coaxial Cable with Type "N" Connectors:
This cable is made of RG-8 coax and is about 6 feet long.
It has a male type "N" connector on each end. $15

Coax connectors and adapters:

Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

I also have many other accessories available such as HF rigs,
microphones, wattmeters, keyers, etc. Just too many to list
here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

From: Big Al
Topic: 7747 Message: 7747

Little off on the CB radio topic, But i was wondering if anyone in the group knows how to read the codes on the back of the Motorola VHF radios? I was told that if you know how to read them that it will tell you what frequency they are on. If anyone knows how to read them or maybe a web site that you know of that will tell me.

Thanks and have a great day and May God Bless All.

Not sure if you can sell things in this group. But if you are here is what i have.

1. Motorola HT-90 radios with hand mics and desk chargers. Two channels and they do talk to each other. Works good and even looks good. Can email pictures.
$50.00 Plus Shipping.

2. Motorola Power Supply. The power supply works great. It was used on 50 watt Motorola Maxar radios.
$20.00

3. Motorola 40 Channel CB Base Station. Model is 1136, works great and looks very good. Everything works on it and yes even the clocks works. Very rare radio and very collectible.
If interested plus make offer.

4. Motorola Maxar Radios. All 5 of the radios works. And they do not look that bad.
$50.00 for all.

5. Motorola Mocat CB Radio Mobile Antenna. Antenna is brand new and still in the package, never been open.
If interested please make offer.

6. Motorola Mobile VHF Antenna. Almost new, have hardly used at all. It is a magnetic mount.
If interested please make offer.

7. Centerfire VHF Base Antenna. Almost new also. The base antenna is made in South Bend Indiana.
Please make offer.

8. Motorola Mocat Power Supply. This power supply was made for the Motorola Mocat Mobile CB Radios. NOTE: (BRAND NEW STILL IN THE BOX)
Make Offer.

9. Motorola Mocat 4020 Mobile 40 Channel CB Radio. This is a extra nice radio. Works very good. Radio is rare and collectible. Looks like it has hardly been used.
Please make offer.

10. Motorola SX-700 Pair of Radios. Very nice and working radios. One of the radios still has the plastic on it. Comes with rechargeable batteries, Plastic belt holder, and desk chargers.
Please make offer.

I can email pictures of all of my Motorola Items. Thank You

7761. Happy CB Radio Week If This fits you

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-25 11:37:51 UTC
From: Big Al
Topic: 7761 Message: 7761
Attachments: 21 described; binary payloads are missing from this source WARC

I wish all a nice Thanksgiving day.

I like you because of
Who you are to me...
A true CB friend.

And if I
don't get this
Back I'll take the hint.

Something
good will
Happen to you!

Remember:

'A good CB friend will
Come bail you
Out of jail....

But a true CB friend will
Be sitting next to you
Saying WE screwed
Up, but we had fun!'

Proud
To Be
Your CB Friend!

Make
sure you read
All the way down to
The last sentence,
And don't skip ahead.

I've learned..
That life is like a
Roll of toilet paper.
The closer it gets

To the end, the
Faster it goes.

I've learned....
That we should be
Glad God doesn't
Give us everything

We ask for

I've learned.....
That money doesn't
Buy class.

I've learned...that it's those small daily happenings that make life so spectacular..

I've learned...
That under everyone's
Hard shell is someone
Who wants to be
Appreciated
And loved.

I've learned..
That the Lord didn't
Do it all in one day
What makes me

Think I can?

I've learned...
That to ignore the
Facts does not
Change the facts.

I've learned....
That the less time
I have to work,
The more Time i can talk on the CB.

To all of you.... Make
Sure you read all the
Way down to the
Last sentence...

It's National
CB RadioWeek.

Show your CB friends
How much you care.

Send this to everyone
You consider a CB'er!

Even if it means sending
It back to the CB person
Who sent it to you.

If it comes back to you,
Then you'll know you
Have a circle of CB friends.

HAPPY
CB Radio
WEEK TO YOU!!!!!!

YOU ARE MY CB FRIEND
AND I AM HONORED.

one, if your father likes. I ask three quarters of a dollar for them."

Rollo looked at it very wishfully, and the corporal told him that he might
try it if he chose. "Wheel it about," said he, "while your father and I We will call it two

minutes. Two minutes for each basket full would make
thirty baskets full in an hour. Now, I don't think there are more than
thirty baskets full in all; so that, if you work steadily, but without
hurrying any, you would get them all in in an hour." "Not old enough to work!" said Rollo,
"Why, he is pretty big. He is almost
as big as the horse. I should think he could draw you alone in the wagon."

7769. Motorola Items For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-28 11:52:40 UTC
From: Big Al
Topic: 7754 Message: 7769

1. Motorola HT-90 radios with hand mics and desk chargers. Two channels and they do talk to each other. Works good and even looks good. Can email pictures.
$50.00 Plus Shipping.

2. Motorola Power Supply. The power supply works great. It was used on 50 watt Motorola Maxar radios.
$20.00 SOLD

3. Motorola 40 Channel CB Base Station. Model is 1136, works great and looks very good. Everything works on it and yes even the clocks works. Very rare radio and very collectible.
If interested plus make offer.

4. Motorola Maxar Radios. All 5 of the radios works. And they do not look that bad. SOLD
$50.00 for all.

5. Motorola Mocat CB Radio Mobile Antenna. Antenna is brand new and still in the package, never been open.
If interested please make offer.

6. Motorola Mobile VHF Antenna. Almost new, have hardly used at all. It is a magnetic mount.
If interested please make offer.

7. Centerfire VHF Base Antenna. Almost new also. The base antenna is made in South Bend Indiana.
Please make offer.

8. Motorola Mocat Power Supply. This power supply was made for the Motorola Mocat Mobile CB Radios. NOTE: (BRAND NEW STILL IN THE BOX)
Make Offer.

9. Motorola Mocat 4020 Mobile 40 Channel CB Radio. This is a extra nice radio. Works very good. Radio is rare and collectible. Looks like it has hardly been used.
Please make offer.

10. Motorola SX-700 Pair of Radios. Very nice and working radios. One of the radios still has the plastic on it. Comes with rechargeable batteries, Plastic belt holder, and desk chargers.
Please make offer.

I can email pictures of all of my Motorola Items. Thank You

7770. Take your pick

7771. HF Rigs, Power Supplies, Ant Tuner, SWR Bridges, etc. FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-11-28 14:05:17 UTC
From: Ken Simpson, W8EK
Topic: 7771 Message: 7771

Several HF Transceivers, Power Supplies, Antenna Tuner,
etc. For Sale:

Icom IC-706 Mk II G 160 thru 2 meter transceiver:

The '706' Series represents one of the most popular transceivers
in amateur radio histroy. The latest version is the incredibly
small Icom IC-706 Mark II G which adds many new features and
capabilities not found in previous versions. The "G" is an
all-mode transceiver that provides 100 watts on HF and 6 meters
and 50 watts on 2 meters plus 20 watts on 440 MHz. It receives
from 30 kHz to 199 MHz and from 400 to 470 MHz. It features a
removable, remoteable, front panel that allows control of all
features. The large LCD display features alphanumeric memory
names (9 character) and soft key descriptions. The LCD even
supports a simple band scope display. Other advanced features
include: IF Shift, RIT, Tone Squelch, Scanning, Noise Blanker,
Speech Compressor, Mini Spectrum Scope and Electronic Keyer.
This latest version in the 706 series includes the UT-106 DSP
module as a standard feature. Despite its compact size (6.56"
x 2.28" x 7.88"), it has big, easy to use control dials. With
HM-103 hand mic. One or two optional filters may be added.

Features
* .03-199, 400-470 MHz Receive
* Alpha memories
* RIT
* Preamp/ATT
* VFO A/B
* 1 Hz Display
* IF Shift
* Scanning
* S/RF Meter
* 100 Watts HF+6M
* 50 Watts 2M, 20 Watts 440
* 100 Memories
* All band Multimode
* Removable head
* Mini Spectrum Scope
* Electronic Keyer

This one works 100% as best I can determine. It looks extremely
nice. Microphone and paper work is included for $650.

TenTec 585 Paragon HF Transceiver:

The Paragon is a top of the line transceiver that includes a general coverage receiver. It covers 160-10 meters, including WARC bands, with 100 watts output. The receiver is fantastic. It has dual VFOs and many memories built in, along with a speech processor. Basically, it has about every feature that a ham could want in an HF rig.

This particular unit works 100% as best I can tell. Since the rig does so many things, I am sure that there is something I didn't test, but I don't know what it is (or I would have tested it!). It has had all updates completed by TenTec.

Cosmetically, it is in extremely nice shape. The front panel is extremely good. Most all of the lettering is clean and crisp. This one also has the Giehl chip in it making it similar to a Paragon II.

Large manual and power cord included for $650.

TenTec Power Supplies:

TenTec Model 280 power supply, 20 amps at 13 V DC
This supply is quite heavy duty electrically. It has 2 pass transistors, instead of the one that some have. It also has an ammeter on it.
This one works fine, and looks OK as well.
With paper work for $100.

"Switcher / 25" 25 amp switching power supply:
This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is very quiet, and well shielded, and does not produce any electrical noise that I could find. $150

Astron RS-12 A, 13.8 Volt DC Power Supply:

This power supply is rated at 9 amps continuous and 12 amps ICS. It is ideal for most 2 meter rigs, including the 50 Watt rigs.

This Astron power supply features solid-state electronic regulation, EMI filter, fold back current limiting for protection from excessive current and shorted output, and crowbar over-voltage protection.

This particular supply works 100% and looks the same. I can not find a scratch on it. With paper work for $50.

MFJ 900 HF Antenna Tuner:
The MFJ 900 covers 160 thru 10 meters, and is rated at 200

watts. I would not put more than 100 watt thru it, however.
It is in a nice Woodgrain / Eggshell color enclosure that is
a perfect match for some of the earlier TenTec gear, such as
the Triton I and II, Argonaut 505 and 509, and others.
This one works fine, and looks fine also. $45

SWR Bridges:

Dual Meter SWR Bridges:

All of these feature two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna. They were made in Japan, and labeled with various
names, including Swan, Siltronix, and Quement. All have SO-239
connectors on each end, and work fine.

All will work on HF, and VHF, covering 3 to 150 MHz, so are
ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40.

Siltronix SWR-2
This meter functions fine, but the meter lens of the meter that
reads SWR has a crack in it. Strictly cosmetic. $25

Single meter SWR Bridge:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
With SO-239 connectors, it covers from 3 to 150 MHz,
covering HF, 6 meters, and 2 meters, so is ideal for the new
rigs with 6 meters and 2 meters in them.
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

CW Keys:

Nye Viking Speedex 310-001 "Oval Base" Key
Nice action, with nickel hardware. This originally had a black
base, but someone painted the base to look like it is brass.
Nye sells these for $58. This one is only $35.

Heavy Metallic Base for CW Key
This is a heavy metal base that weighs about a pound and a half,
black color with red felt on the bottom. Attach most any key to
it and it will stay in place on your desk! $20

Heath HN-31 "Cantenna" RF Dummy Load

This is the traditional Heath dummy load that will handle a kilowatt. It has a derating curve both printed in the manual and on the can.

I measured the resistor and it is 47 ohms, so obviously it is in good shape and a great match for 50 ohms. The cantenna itself is in really great shape, with no rust, dents or dings.

Paper work is included for $45.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, and include paper work.

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.
In very nice condition, it looks very close to new. $40.

B & W 425
It cuts off just above 10 meters, and will handle 1500+ Watts. Maximum attenuation is at 52 MHz, with at least 70 db across the band. This is an older, heavier duty model. It weighs almost twice as much as the newer model. $35

Drake TV-3300-LP
This is a modern low pass filter has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz.
This one looks great. $30

I also have many other accessories available such as microphones, wattmeters, antennas, etc. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

FOR SALE:

Interface modern transceivers with older tube linear amplifiers
with ease with this plug-and-play device.

Manufactured by Mike, WB8VGE of SunLight Energy Systems, The
Heathkit Shop. This one is brand new - I never used it.

The Ampkeyer will solve the universal problem of interfacing
one's transceiver to an amplifier, no matter what the rig or what kind of
amplifier. And you don't have to open up the amp to install any
modifications.

Manufacturer page:
http://www.theheathkitshop.com/page13/page13.html

Details and glowing reviews here.
http://www.eham.net/reviews/detail/3100?page=1

Comes with the original documentation. Mint condition.

New cost is $49.95 plus shipping.
Will sell mine for $39.95 plus shipping.

73 - Bry, AF4K

7777. KDK and other Microphones FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-12-02 13:53:10 UTC
From: Ken Simpson, W8EK
Topic: 7777 Message: 7777

KDK and other DTMF Touch Tone Microphones For Sale:

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a
switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has stripped and tinned ends. Nice condition. $40

Icom HM-8 hand mic with Touch Tone (DTMF) Pad:
The HM-8 has a 12 digit touch tone (DTMF) pad on the front
of it, along with an on-off switch for the tones. Of course
it also has the normal PTT switch.
The HM-8 is used on the 25A Red LED, 245, 290, 402, 202S,
451, 471A, plus other rigs.
This particular microphone has an 8 pin round connector,
works fine, and includes paper work for $40.

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the
mic, and "speed dial". 12 digit touch tone pad on the front,
with the microphone part above the pad. With an 8 pin modular
plug (like a computer LAN) on it, which can be changed.
Looks to be new. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $40

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal
low impedance microphone. With 4 pin plug. Like new. $38

Desk Microphones:

Astatic D-104 Desk Microphone
Most people know that the Astatic D-104 is the "Lollypop"
desk mic. This mic has very nice chrome plating on the mic
itself, and on the PTT grip section. The base is black.
Of course it works fine, and looks extremely nice.
With paper work for $75.

TenTec 709A Desk Microphone
Model 709A is an omni-directional dynamic microphone.
The unit consists of a die-cast zinc shell with molded sliding

PTT on/off switch, dynamic microphone element and detachable
multi-wire connection cable.
It has an 8 pin connector as used on the Orion, Eagle and newer
TenTec rigs.
This particular mic works 100% and is still in its original box. $60

Turner "Plus Three" Desk Microphone
This is an amplified desk mic, so it can be used with most any
rig. Gain can be adjusted from basically no gain to quite a bit.
The reviews on eham, several people say it is the best microphone
they ever used. It requires a 9 volt battery. It presently has
a round 8 pin connector wired for Kenwood, but of course that
can be changed.
This one works fine and looks nice. $40

Turner Sideband Expander Desk Microphone
This is a high impedance desk mic with good articulation. It has
a black base and neck with an aluminum colored rig around the
actual mic element. Stripped and tines leads. $35

Hand Microphones:

Astatic D-104-M6 Hand Microphone

Most of use know what the D-104 "Lollypop" desk mic is like.
This is the hand mic equivalent.

The D104-M6 microphone is a quality performance field effect
amplified “power” microphone. The housing is molded black ABS;
the front half is chrome plated and the grille screen is chrome
plated. The output impedance is compatible with the inputs of
almost all commercial transceivers; it has an externally adjustable
high gain amplifier to ensure the desired modulation level.
The D104-M6 has an easily accessible control so that the correct
modulation level can be set for each operators voice.

This one works fine and looks extremely nice.

With paper work for $40.

Generic Low Impedance Hand Microphone
This is a low impedance hand microphone, black in color.
Looks and works great. With 4 pin connector. $25

HT Speaker Microphones:

Icom HM-70 Speaker Microphone
The Icom HM-70 speaker mic (also known as the EX-1036)
works on the Icom 2SRA, 4SRA, Delta 1, IC-W2/X2 or any
Icom HT which uses the single 3 conductor stereo-style
1/8 inch (3.5 mm) plug.
This one is in the original box, and appears to be unused.
$25

Azden SDX-316
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that needs 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. The coiled cord has been stretched a bit, but
it works fine. $12

Kenwood SMC-24 speaker microphone
Fits Kenwood TR-2400 HT and others. This one looks fine
and works fine. $18

Prices do not include shipping from Florida.

Thanks.

7789. VHF Wattmeters / SWR Bridges FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-12-11 21:45:49 UTC
From: Ken Simpson, W8EK
Topic: 7789 Message: 7789

VHF Wattmeters and SWR Bridges and connectors For Sale:

Heath VHF Wattmeter:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks very close to perfect with no defects that I can find.

Paper work included for $50.

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just after WW II. At that time, it was the gold standard of wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12 Watts full scale in the forward position, and 4 Watts full scale in reflected. It also has an SWR calibrate and SWR scale on the meter. I think the frequency range is from 20 to 1000 MHz, but I am not 100% positive of that. It works well on 2 meters and 440 MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age.
$60

SWR Bridge / Field Strength Meter:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter

With SO-239 connectors, it covers from 3 to 150 MHz, covering HF, 6 meters, and 2 meters, so is ideal for the new rigs with 6 meters and 2 meters in them.

This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions.
$32

Dual Meter SWR Bridges:

Both of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one

to easily monitor both the power going out, and the SWR on
the antenna. They were made in Japan, and labeled with various
names, including Swan, Siltronix, and Quement. Both have SO-239
connectors on each end, and work fine.

Both will work on HF, and VHF, covering 3 to 150 MHz, so are
ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40.

Siltronix SWR-2
This meter functions fine, but the meter lens of the meter that
reads SWR has a crack on the very right edge of it. Strictly
cosmetic. $25

Heath HN-31 "Cantenna" RF Dummy Load

This is the traditional Heath dummy load that will handle a
kilowatt. It has a derating curve both printed in the manual
and on the can.

I measured the resistor and it is 47 ohms, so obviously it
is in good shape and a great match for 50 ohms. The cantenna
itself is in really great shape, with no rust, dents or dings.

Paper work is included for $45.

Coax connectors and adapters:

Prices are per connector. Several of each are available.
These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

From: Big Al
Topic: 7810 Message: 7810

Does anyone know of a auction web site besides EBAY. Don't care for EBAY at all.

7811. HF antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-12-18 13:44:29 UTC
From: Ken Simpson, W8EK
Topic: 7811 Message: 7811

HF Antenna related items For Sale -- Legal Limit Balun, SWR Bridges, Rotor Control Box, Low Pass TVI Filters, Speaker, Vertical antennas, Tower, Connectors and more

Heavy Duty Legal Limit Plus Balun:

HyGain BN-4000 D Balun

A balun is used to convert an unbalanced load such as coax to a balanced load such as a beam or dipole. It will also help reduce radiation from the coax feedline, that could reduce TVI and other interference.

The BN-4000 D is a 1 to 1 ratio broadband 50 Ohm current balun, and is potted to seal out moisture. It is rated at 4000 Watts for increased power handling capabilities. Frequency range is 1 MHz to 54 MHz. It has stainless steel hardware and comes with a SO-239 connector.

This particular unit works fine and looks really great. It would appear that it has not been used. All connections are clean and shiny; the case also shines. It is the latest "D" model of the BN-4000.

Paper work is included for $80.

SWR Bridge / Field Strength Meter:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter

With SO-239 connectors, it covers from 3 to 150 MHz, covering HF, 6 meters, and 2 meters, so is ideal for the new rigs with 6 meters and 2 meters in them.

This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $32

Dual Meter SWR Bridges:

Both of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement. Both have SO-239 connectors on each end, and work fine.

Both will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40.

Siltronix SWR-2
This meter functions fine, but the meter lens of the meter that reads SWR has a crack on the very right edge of it. Strictly cosmetic. $25

8 wire antenna rotor control box:

Newer 8 wire antenna rotor control box
This control box will work with most of the antenna rotors that require the 8 wire control, which includes most CDE, Ham-M, Ham III, Ham IV, etc.
This is the newer black colored control box, with the HyGain name, designed for the Ham IV. It works fine, and looks very good. Paper work is included for $95.

Please note that this is the control box only, and does not include the actual rotor.

ParaDynamics PDC-5 Wattmeter / Antenna Tuner:

This unit has a wattmeter with scales of 100 W, 10 W, and 1 W with an antenna tuner built in.
The tuner portion works on 10 m, 12 m, and 15 m.
The wattmeter seems accurate from 20 meters thru 10 meters.

It is physically small (only 5 X 3 X 1), so would be ideal for portable use. Of course with a 1 watt scale it would also be great for QRP use.

The wattmeter and antenna tuner portion work fine, however, the SWR portion of this unit is inoperative. It looks great.
$12

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors and include paper work.

Drake TV-1000
This is the copper cased filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 W below 30 MHz, and about 200 W up to 52 MHz. $30.

Drake TV-3300
This is a modern low pass filter has been optimized to have more attenuation in the 40 MHz region, where many TVs have

their IF. It is good for 1000 Watts "average" according to
the manual, and has over 80 db attenuation at 41 MHz.
This one looks great. $30

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500
Watts. It is the latest model B&W filter.
It looks very close to new. $40.

Yaesu SP-901 P Speaker For Sale:

Although the SP-901 was made to match the FT-901 and
FT-902 series, it is a very good match for most ham
quipment, and provides a very desirable front facing
speaker.

The "P" model of the SP-901 also includes a phone patch,
if you would like to use that. Of course you can just
use it as a plain speaker without connecting the phone
patch portion, if you want.

This particular unit works fine and looks extremely nice.
I can not find any scratches on it. It looks perfect.

With paper work for $90.

Hustler 4BTV "Base station" HF vertical antenna

The 4BTV covers 10, 15, 20, and 40 meters.
It can also cover 75/80 meters by using an RM-80 S resonator.

This one is in extremely good shape. It actually still shines!
No corrosion evident. Penetrox was used on the original
assembly, so it comes apart easily.

Paper work is included. but connection points are well marked
for easy reconstruction. $120

I would prefer pickup near Ocala, Florida, just off of I-75.
It will easily fit inside a minivan, or it can be broken down
more to go inside a car. It is possible to ship it, but the
cost is high due to it being oversize. Obviously, shipping
is not included in the price.

Gap "Titan DX" HF Vertical Antenna:

The Titan is an 8 Band Multiband DX Antenna. It covers 80
thru 10 meters, including the WARC bands. It covers the
entire band on 40 thru 10, and about 100 KHz on 75/80 meters.
It is about 25 feet tall, and includes a counterpoise, so
that no radials are required.

One of the primary virtues of the Titan is the GAP center
feed. By elevating the feed the earth loss is dramatically

decreased, which means the RF is going out to make the contact instead of into the ground to warm the earth. Reducing the earth loss eliminates the need for a radial system. The Titan requires NO RADIALS.

This particular antenna is in extremely nice shape with no corrosion. Most of the aluminum is still shiny.

These sell new for about $400. This one is close to new, with paper work for $250. Pick up only near Ocala FL.

Antenna tower for sale in Florida:

A total of 35 feet of antenna tower is available, consisting of one top section, 2 "middle" sections, and a 5 foot section for the base.

This tower is "American" tower, which has a horizontal brace about every 22 inches. It is suitable for VHF antennas, very large TV antennas, or small tribanders.

This particular tower is in good condition, although there is some slight surface rust.

It is pickup only near Ocala, FL, just off of I-75. $125

Coax connectors and adapters For Sale:

Prices are per connector. Several of each are available. These are NOS (have not been used).

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male (PL-259) connection - $5

Type "N" Double Male connector - $8

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Rollo's father had caught the horse, for he wanted to take a ride. Rollo's father had a little basket in his hand, and when he saw the colt coming towards him, he held it up and called him, "_Elky, Elky, Elky, Elky_," for "I can plant beans," said Rollo.
He did so, and in a very short time his father and mother both perceived that there was, some how or other, a great change in his manners. He had ceased to be troublesome, and had become quite a pleasant travelling companion. And the effect was exactly as Jonas had foretold. His father

"Father," said Rollo, "could you put me on?"

His father smiled, and lifted Rollo up carefully, and placed him on the
horse's back. Then he walked slowly along. When Rollo was between five and six years old, he was one day at work in
his little garden, planting some beans. His father had given him a little
square bed in a corner of the garden, which he had planted with corn two

7821. VHF and UHF Transceivers and accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2010-12-24 13:19:14 UTC
From: Ken Simpson, W8EK
Topic: 7821 Message: 7821

For Sale:

Multiband Mobile Transceiver, Dual Band HT, Tri Band HT, HT Accessories, and VHF/UHF related equipment for sale, such as Wattmeters, SWR Bridges, Protective Cases, Speaker Microphones, Batteries, Belt Clips, Wrist Straps, Rubber Ducks, and much more:

Icom IC-706 Mk II G 160 thru 440 MHz transceiver:

The '706' Series represents one of the most popular transceivers in amateur radio histroy. The latest version is the incredibly small Icom IC-706 Mark II G which adds many new features and capabilities not found in previous versions. The "G" is an all-mode transceiver that provides 100 watts on HF and 6 meters and 50 watts on 2 meters plus 20 watts on 440 MHz. It receives from 30 kHz to 199 MHz and from 400 to 470 MHz. It features a removable, remoteable, front panel that allows control of all features. The large LCD display features alphanumeric memory names (9 character) and soft key descriptions. The LCD even supports a simple band scope display. Other advanced features include: IF Shift, RIT, Tone Squelch, Scanning, Noise Blanker, Speech Compressor, Mini Spectrum Scope and Electronic Keyer. This latest version in the 706 series includes the UT-106 DSP module as a standard feature. Despite its compact size (6.56" x 2.28" x 7.88"), it has big, easy to use control dials. With HM-103 hand mic. One or two optional filters may be added.

Features
* .03-199, 400-470 MHz Receive
* Alpha memories
* RIT
* Preamp/ATT
* VFO A/B
* 1 Hz Display
* IF Shift
* Scanning
* S/RF Meter
* 100 Watts HF+6M
* 50 Watts 2M, 20 Watts 440
* 100 Memories
* All band Multimode
* Removable head
* Mini Spectrum Scope
* Electronic Keyer

This one works 100% as best I can determine. It looks extremely nice. Microphone and paper work are included for $650.

Yaesu VX-7, Triple Band HT:

Yaesu VX-7R is a triple band (6M, 2M & 440 MHz) HT with extensive receive coverage, and leading-edge features. Power output on 6 meters, 2 meters and 440 MHz is 5/2.5/1/0.5 watts. It receives the AM and FM broadcast bands, shortwave (AM), VHF and UHF TV audio, VHF Air and public service frequencies.
Dual Receive
The VX-7R is capable of four modes of Dual Receive, including simultaneous reception of (1) two VHF frequencies; (2) two UHF frequencies; one VHF and one UHF frequency; or one "general coverage" frequency and one "Ham" frequency.

Features
* 900 Memories
* AM/FM BCB
* AM band and full SW to 30 MHz
* CTCSS/DCS
* European Tone Burst
* Wideband Receive
* True Dual Receive
* ARTS-Automatic In-Range Transponder
* Backlit Keypad & LCD
* Internet Key for Access to WIRES™

To put it another way, this HT will do everything you could think of for an HT, and probably a lot more. Most people will not use half of the things this HT will do, but it is nice to know you have the capability if you ever need it.

This particular HT works 100% as best I can tell. It includes the charger and HT with a very good Lithium battery, in its original box. This one is the silver color. As with most of the Yaesu silver HTs, some of the silver paint has worn off, but it still functions perfectly. Paper work is included for $260.

Yaesu VX-3 dual band HT:

The compact VX-3R 2m/70cm FM HT Transceiver is loaded with convenience features. In additon to top quality performance on 2m and 70cm, you will also be able to enjoy stereo FM and AM broadcast band reception.

The Yaesu VX-3R 2 meter/440 MHz handheld has extensive receive frequency coverage, providing local-area two-way amateur communications along with unmatched monitoring capability. The VX-3R receives: 500 - 1800 kHz (AM Band), 1.8 - 30 MHz

(Shortwave), 30 - 76 MHz (VHF Lowband with 6M), 76 - 108 MHz (FM band), 108 - 137 MHz (Air Band), 137 - 174 MHz (VHF High band with 2M), 174 - 222 MHz, 222 - 420 MHz (VHF band with 220), 420 - 470 MHz (440), 470 - 800 MHz and 800 - 999 MHz (800 band [cellular blocked]). You get a huge 1000 channel memory system.

Power output with the supplied Lithium Ion battery is 1.5 watts VHF and 1 watt UHF. With the optional E-DC-21 DC adapter output jumps to 3 watts and 2 watts!

This particular HT is like new. It works 100%, and looks like new, with no scratches. It has its original box, rubber duck antenna, LiIon Battery, charger, and paper work all for only $155.

Yaesu HT Accessories:

Real Yaesu Battery pack for Yaesu VX-2 or VX-3 HT
FNB-82 LI Lithium Ion Battery Pack fits both the VX-2 and the VX-3. 3.7 volts, 1000 mahr, works great, and holds a charge like new. $22

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and probably others $4

Yaesu Hat
This "Ball Cap" has Yaesu on the front of it in big letters. It is white and says "Yaesu" on the front, with the Yaesu logo. It has never been used. $6

Heath VHF Wattmeter:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks very close to perfect with no defects that I can find.

Paper work included for $50.

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just after WW II. At that time, it was the gold standard of wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12 Watts full scale in the forward position, and 4 Watts full scale in reflected. It also has an SWR calibrate and SWR scale on the meter. I think the frequency range is from 20 to 1000 MHz, but I

am not 100% positive of that. It works well on 2 meters and 440 MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age. $60

Dual Meter SWR Bridges:

Both of these feature two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement. Both have SO-239 connectors on each end, and work fine.

Both will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40.

Siltronix SWR-2
This meter functions fine, but the meter lens of the meter that reads SWR has a crack on the very right edge of it. Strictly cosmetic. $25

SWR Bridge / Field Strength Meter:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter

With SO-239 connectors, it covers from 3 to 150 MHz, covering HF, 6 meters, and 2 meters, so is ideal for the new rigs with 6 meters and 2 meters in them.

This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $32

Astron RS-12 A, 13.8 Volt DC Power Supply:

This power supply is rated at 9 amps continuous and 12 amps ICS. It is ideal for most 2 meter rigs, including the 50 Watt rigs.

This Astron power supply features solid-state electronic regulation, EMI filter, fold back current limiting for protection from excessive current and shorted output, and crowbar over-voltage protection.

This particular supply works 100% and looks the same. I can not find a scratch on it. With paper work for $50.

Speaker Microphones:

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. Coiled cord is somewhat stretched, but it works fine. $12

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. Has 3.5 mm and 2.5 mm plugs for Azden, Icom, some Yaesu, and others. $ 20

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - About 7 inches long
BNC - Original from Kenwood TH-215, 5 inches long
BNC - Stubby about 4.5 inches long

5/16 inch threaded, like used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Kenwood RA-6 regular, 6.6 inches long - $15
Stubby, about 4.5 inches long - $20

BNC Stubby for 440 MHz, 3 inches long

Rubber Duck Antennas with SMA Connectors:

All of these have SMA connectors as used by most modern multiband HTs. All work fine, and look very close to new. All provide gain over the standard rubber duck.

MFJ 1720 S, for 6 meters, 2 meters and 440 MHz
This MFJ Triple Band HT FlexiDuck antenna is 19 inches tall. It is a 5/8 Wave on 440 MHz to give you 3.2 dB gain. On 2 Meters it is 1/4 Wave antenna with 2.15 dBi gain. On 6 Meters you get an efficient full size 1/4 Wave

antenna for full-size performance. $25

Comet SMA-3, for 2 meters, 440 MHz and 900 MHz
This is an HT antenna 9.75 inches tall. Gain is a 1.2/1.7/3.4 dBi and can handle up to 10 watts. It can also be used for wideband receive. $30

Full size SMA for 2 meters and 440 MHz
This is a very flexible antenna that is a quarter wave on both 2 meters and 440 MHz. $20

Protective Cases:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

Case for Drake TR-33C
This is the black case that fits the Drake TR-33C, and has cutouts in the back for antenna, power, etc. It includes the shoulder strap, and is in good shape. $12

Case for Drake TR-22
As above, but for the TR-22. No shoulder strap. $10

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case. It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap. $25

Duplexers / Diplexers:

These units are designed to split transmit and receive signals between 2 meters and 440 MHz bands. Some rigs have only one output connector; you may want to use separate antennas for 2 meters and for 440 MHz. Or, you might have a combination 2m/440 MHz antenna, and your rig has two outputs. These units can be used either to combine or separate the two bands. Both work fine and look great also.

Maldol HS-770
2 m and 440 Mhz ports have a foot long coax with PL-259 connectors. Common is a case mounted SO-239 connector. $50

Diamond MX-72 D
It has a 1.6-150mhz input on one port (so it can be used to split 6 meter or HF as well as 2 meters) and a 400-460mhz port. The HF port will handle 1kw and the UHF port 400 watts. Isolation is 60db between ports. It has an SO-239 on one end and two PL-259's on

the other. $40

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in that series:

Kenwood PG-3 E Filtered Cigarette Lighter Cable
This cable is used to power the Kenwood TH-215 series, TH-225
series, TH-25, TH-75, and other Kenwood HTs. It plugs into
a cigarette lighter, and filters the noise.
This one is NOS (New, Old Stock), still in its original
blister pack. $15

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger
PB-1 and PB-4 battery packs. It can also be used with
the smaller PB-2 and PB-3 packs. Black color. Great
condition. $15

Kenwood BH-2 Belt clip with screws
Used on many Kenwood HTs. $8

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and may also be used on other Kenwood
radios. $12

DEAD Kenwood PH-21 H battery pack
This is the heavy duty (high capacity) battery back used with
the TH-21 series HTs. The batteries in it are dead, but it can
be used to put a new "insert" in, or for building a 12 V DC
adapter. Physically it is in good shape. $10

Kenwood RA-6 Rubber duck antenna for the TH-21 HT
This is the original 2 meter rubber duck. $15
As above, but shorter "Stubby Duck" $20

Accessories for the Azden PCS-300 HTs:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. It works great, and

looks great also. $20

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery
of the Azden PCS-300, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used. If you have a PCS-300 HT, you
need this adapter.
It works fine, and looks like new. $3

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Battery pack for Yaesu VX-2 or VX-3 HT
Lithium Ion Battery Pack that fits both the VX-2 and the VX-3
3.7 volts, 1200 mahr, works great, and holds a charge like new.
$15

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Kenwood BH-2 for Kenwood TH-215 / 225 / 415, etc.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, etc.
Kenwood TR-2400
Yaesu FT-209

I also have many other accessories available.
Just too many to list here.
Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

7832. Heil Mics and accessories, mic stands and other mics FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-02 13:45:32 UTC
From: Ken Simpson, W8EK
Topic: 7832 Message: 7832

A variety of Microphones and Microphone accessories,
including Heil Mics and accessories, other Desk Microphones,
Hand Microphones, DTMF Touch Tone Microphones, and HT
speaker microphones for sale:

Heil Microphones:

Heil GM-5 "Goldline" Professional Microphone

The "Gold Standard" Studio Microphone for Amateur Radio

The GM Series of microphones is a unique, innovative
microphone renowned for its gorgeous audio production. It's
crystal clear response made it an instant best-seller, and
it is the microphone of choice in thousands of Ham shacks
around the world today.

The GM includes the Heil-exclusive "Light Touch" PTT switch,
and is encased in a beautifully-finished high-gloss black
lacquer enclosure. The GM is fitted with a 4-pin XLR connector
compatible with the Heil CC-1 Series of adapter cables.

This GM5 version is equipped with the new full-range mic element
and the famous HC-5 element. It works with most rigs, but is NOT
made to be used with Icom rigs. See HM-I below if you have an
Icom radio.

This one works fine and looks like new. No defects of any
sort. $95

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end, and nothing on the other end. Ideal
to add your own connector. Can be used with the CC-1 XLR-4
above. $20

AD-1-iCM Headphone Adapter
AD-1 iCM: iC modular, no cap (for use with iC elements only)
It has a modular connector for Icom on one end, with a 1/8
and 1/4 jack on the opposite end. $15

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706

$15

Microphone Stands:

Regular round desk stand
Round 6 inch diameter heavy black base, with a 3 inch chrome tube coming up from the middle. Standard 5/8 inch threaded. $15

Rectangular desk stand
Approx 4 inch by 5 inch heavy black base, with a 2 1/2 inch chrome tube from the center. Standard 5/8 inch threaded. $15

Gooseneck Extension
Male connection on one end and female on the other, so it can be used as an extension. Standard 5/8 inch threaded. 7 inches long. $10

Solid 12 inch Tube
Male connection both ends. Chrome plated threaded tubing, with a small hole so that a mic cable can be brought out of the center of the tube. Standard 5/8 inch threads. 12 inches long. $10

Triangle Flange
This is a trangle shaped flange that will mount to a desk, board, or other flat wood or metal object. It is about 2 1/2 by 2 inches, chrome plated, with mounting hardware. Standard 5/8 inch threads. $8

Heil Wind Screen

This windscreen can be used with a variety of microphones, including the GM-5 and HM-I above. Excellent condition. $5

Microphone holders:

Electro Voice
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics, and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the inside to protect the mic. For 1/2 inch to 5/8 inch diameter microphones. Standard 5/8 inch threads. $5

Desk Microphones:

TenTec 709A Desk Microphone
Model 709A is an omni-directional dynamic microphone.
The unit consists of a die-cast zinc shell with molded sliding PTT on/off switch, dynamic microphone element and detachable multi-wire connection cable.
It has an 8 pin connector as used on the Orion, Eagle and newer TenTec rigs.
This particular mic works 100% and is still in its original

box. $60

Johnson equivalent to a Shure 444 desk microphone:

Although the front of this mic says Johnson on it, it looks like
a Shure 444. My assumption is that it is a 444 with a Johnson
label.

Of course most of us know that the 444 is an extremely good
communications microphone with great articulation.

It appears that this one has a low impedance element in it,
making it a better match for the more modern rigs.

This one works fine, and looks nice. $45

Gooseneck Microphone:

Astatic Model 810-6.
This mic is on a 12 inch gooseneck. The mic itself is brushed
metal about 5 1/4 inches long, and is actually part of the
gooseneck. The cable goes thru the gooseneck. This has a
2 conductor shielded cable, so it is a quality balanced
microphone with about a 4000 ohm impedance. The gooseneck
terminates in a standard 5/8 inch threaded connector.

It is similar to the one found here:
http://www.focusedtechnology.com/119l-19.html

This one works fine and looks good. $45

Hand Microphone:

Generic Low Impedance Hand Microphone
This is a low impedance hand microphone, black in color.
Looks and works great. With 4 pin connector. $25

DTMF Touch Tone Microphones:

Icom HM-8 hand mic with Touch Tone (DTMF) Pad:
The HM-8 has a 12 digit touch tone (DTMF) pad on the front
of it, along with an on-off switch for the tones. Of course
it also has the normal PTT switch.
The HM-8 is used on the 25A Red LED, 245, 290, 402, 202S,
451, 471A, plus other rigs.
This particular microphone has an 8 pin round connector,
works fine, and includes paper work for $40.

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the
mic, and "speed dial". 12 digit touch tone pad on the front,
with the microphone part above the pad. With an 8 pin modular
plug (like a computer LAN) on it, which can be changed.
Looks to be new. $40

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a
switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has stripped and tinned ends. Nice condition. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $40

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal
low impedance microphone. With 4 pin plug. Like new. $38

HT Speaker Microphones:

Azden SDX-316
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that needs 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ-286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. The coiled cord has been stretched a bit, but
it works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

致：所有奋斗在客户开发第一线的外贸精英

<<如何提高开发信的开发效果>>

本文资料由摩雅软件技术开发部门（RND）提供，转载请注明出处

开发信，老调长谈的话题了，但是如果您使用我们的MOA外贸客户开发专家所提供的外贸专用群发系统进行客户开发的话，可能还有一些您不知道的技巧。因为笔
者也曾从事过多年的外贸客户开发工作，这里就用自己的浅薄经验抛砖引玉，和大家再谈一次开发信的问题，如有不正确的地方欢迎批评指正。

1，开发信内容的撰写。其实开发信的内容不需要写的多么华丽，千万不要嘘寒问暖的说一大堆无关紧要的事，结果是喧宾夺主，客户看半天都没看到你的正题在哪
儿，这样的开发信下场大半是要进垃圾箱的。正确的写法要紧记三个词，第一简洁，第二专业，第三数字。

所谓简洁就是内容要开门见山，简明扼要，从整个开发信结构上来讲，开篇第一句就要点明你是做什么的,第二部分就写你能提供哪些类型的产品或者服务,第三
部分写“如果有需要请与我们联系",然后留下你的联系信息;

所谓专业，就是通过大量使用一些行业内特有的术语或者标准来说明你的产品类型以及产品质量，而不是不停的说"我们的产品质量好，我们很真诚，我们产品分
类多,我们很努力"，这些没有实际意义的话只会适得其反。记住，我们是要写开发信，不是写赞美诗，所以华丽的词藻没有用，专业的描述才管使。

所谓数字，这与我刚才提到的专业是相对应的，就是使用数字来说明你们的实力，或者产品的质量。让客户有一个量化的概念。例如：我们都有多少类产品，产品
都符合什么标准，我们每年出口额多少，在某些标准上我们达到什么样的水平，我们能多长时间交货等等。选一到两个有优势的数字，放在开发信中可以起到画龙点
睛的效果，但是也不要写一堆数字在里面，毕竟不是做财务报表。

2，标题的选择。标题同样也要简洁，即不能太长，又能突出你们公司及产品的特点。目的有三个，一是要吸引客户把你的邮件打开，而不是直接删除进垃圾箱，二
是要方便用户作为收藏的名字收藏你的邮件，以便将来和你联系,三是防屏蔽，经过我们大量测试证明，长的冗长的邮件标题更容易被国外邮箱做为垃圾邮箱屏蔽
掉。

3，发件时间间隔的设置不要太短。单独使用一个发件箱发送时，一般设置应不少于30秒。
使用多个邮箱轮流发送时，可以将每个邮箱的发件时间适当缩
短。之所以这样设计是存在两个方面的考虑，一是同一个邮箱短时间内发送大量的信件，很容易被“误判”为制造垃圾邮件，会直接被屏蔽掉。二是同一个邮箱短时
间内发送大量信件，也容易被本地邮箱服务商封号。MOA外贸客户开发专家的指定时间间隔发送是完全为这一条件定制的。

4,使用多个邮箱轮换发送。MOA外贸客户开发专家外贸专用邮件群发系统为您提供了多个邮箱轮换发送的功能，而且可以把这个邮箱的回复地址指向您的同一个
邮箱。这样，多个邮箱轮换使用一方面分担了同一个邮箱发信被屏蔽的风险性，另一个方面在不降低发信成功率的情况

下大大提高了开发速度，第三个方面，即使您
只有一个人,也可以用若干个邮箱化身成若干个影子来进行工作了。

5,多次开发。一个客户不要只发一次就算了，也不能短时间内发好多封。这个道理很浅显，如果只有一次，可能会因为某些原因客户没有回复，如果大量重复发
送，可能反而适得其反。那应该怎么样做呢，应设定同一个邮箱的最大发件次数和发送时间间隔。比如说，设定最大发件次数为七次，发件间隔为一周。那么，当您
对这个客户的发送条件不满足间隔七天的时候，过滤器就会阻止。从而达到精细化开发的目的。

6,动态插入客户信息。没有客户喜欢看到千篇一率的开发信，于是我们需要针对每一个客户写一封特别的信，里面要包含客户的姓名，公司，电话，传真。尤其是
在节日的时候，收到一份有自己署名的祝贺信，立刻会使客户对你的好感倍增。但是这样无疑是非常非常消耗我们的精力的。MOA外贸专用客户开发系统为您提供
了自动插入姓名，公司，电话，传真的功能。只要您预先将客户信息录入到数据库中。或者是把我们提供的企业名录中含有客户详尽信息的相关名单抓取下来。您都
可以对客户群发专门针对于每一个客户的邮件。经过大量用户的实践证明，这样的群发方式比普通的群发效果要提高50%以上。辛苦总有回报，采用先进的技术总
能让您获得比别人更好的效果。

7,使用正文轮换功能。 服务器判断用户是否正在发送垃圾邮件的另一个标准是您是否在短时间内发送了大量相同正文内容的邮件。您可以事先配置若干不同的正
文，启用轮换功能后，群发系统在每发一封信就会自动换一个正文发送。经过大量用户的使用证明，这一功能对于减少邮件被判定为垃圾邮件的概率，有显著的效
果。

8,使用正文扰乱功能。 启动正文扰乱功能后。邮件会对正文的内部编码进行扰乱，这样发出去的每封邮件看起来相同，但其实内部编码都差异巨大，也就是在用
户看来是相同的内容，但是在服务器看来却是不同的内容
。经过大量用户的使用证明，这一功能对于减少邮件被判定为垃圾邮件的概率，有显著的效果。

9,使用标题轮换功能。同上述正文一样，大量相同标题的邮件也容易被“误判”为垃圾邮件。但是标题不存在内部编码，无法进行扰乱，于是我们就研究出了这个
标题轮换的功能。其原理就是用户一次性输入大量的不同的标题，则邮件群发时会轮换着使用用户准备好的标题，从而减少被“误判”的风险。 同样，经过大量用
户的使用证明，这一功能也是效果着著。

10,附件的使用。如果是对尚未建立商业联系的客户发送开发信，那么尽量少使用附件。原因有以下几个方面，一是附件通常会大幅增加邮件的体积，即使一个很
小的幅件的体积也可能是邮件正文体积的三到五倍甚至更多，这样会大量占用发件的资源，降低发送效率，增加了丢信的风险。二是，通过我们大量的实验表明，含
有附件的邮件比不含附件的邮件更容易被判断为垃圾邮件。三者，一般对于陌生人发送的附件，很少人打开看，一般直接进垃圾箱了。

11,图片的使用。如上述的附件一样，大量实验证明，含有图片的邮件更容易被误判为垃圾邮件。但是这里我们要说的另一点是，如果您天天发送没有图片的邮件
发腻了，有时候，放上一些产品的精美图片，发送一下，也许会有意想不到的效果。

7851. 2 m rig, dual band HT, and wattmeters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-09 21:36:34 UTC
From: Ken Simpson, W8EK
Topic: 7851 Message: 7851

Two meter mobile transceiver, dual band HT,
and VHF and HF Wattmeters For Sale:

Alinco DR-150T VHF FM Mobile Transceiver:

The DR-150 is a 50 watt 2 meter transceiver that will also
receive on the 440 MHz band, as well as wide band receive for VHF.

Specs include
Tx: 144.00-147.995 MHz FM
Rx: 108.000-173.995/440.000-449.995 MHz FM/AM
Channel Scope
Sweep Scan
CTCSS Tone encoder
Time-out-timer
DSQ selective call
9600bps connector
100 memory channels
Autodialer
S-meter squelch
Remote DTMF control
Plus many other bells and whistles

This one works fine and looks fine also. I do not find any
scratches on it. Mobile bracket with hardware, DTMF Microphone,
power cord and paper work are included in the original box
for $150.

Yaesu VX-3 dual band HT:

The compact VX-3R 2m/70cm FM HT Transceiver is loaded with
convenience features. In additon to top quality performance
on 2m and 70cm, you will also be able to enjoy stereo FM and
AM broadcast band reception.

The Yaesu VX-3R 2 meter/440 MHz handheld has extensive receive
frequency coverage, providing local-area two-way amateur
communications along with unmatched monitoring capability.
The VX-3R receives: 500 - 1800 kHz (AM Band), 1.8 - 30 MHz
(Shortwave), 30 - 76 MHz (VHF Lowband with 6M), 76 - 108 MHz
(FM band), 108 - 137 MHz (Air Band), 137 - 174 MHz (VHF High
band with 2M), 174 - 222 MHz, 222 - 420 MHz (VHF band with 220),
420 - 470 MHz (440), 470 - 800 MHz and 800 - 999 MHz (800 band
[cellular blocked]). You get a huge 1000 channel memory system.

Power output with the supplied Lithium Ion battery is 1.5 watts
VHF and 1 watt UHF. With the optional E-DC-21 DC adapter output

jumps to 3 watts and 2 watts!

This particular HT is like new. It works 100%, and looks like new, with no scratches. It has its original box, rubber duck antenna, LiIon Battery, charger, and paper work all for only $155.

Heath VHF Wattmeter:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.

Similar to the HM-102, but for VHF frequencies, with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out.

This particular meter works great. It looks very close to perfect with no defects that I can find.

Paper work included for $50.

M C Jones VHF/UHF Wattmeter:

This MC Jones Wattmeter is a vintage unit, probably from just after WW II. At that time, it was the gold standard of wattmeters, basically equivalent to a Bird today.

This particular meter has N connectors in and out. It reads 12 Watts full scale in the forward position, and 4 Watts full scale in reflected. It also has an SWR calibrate and SWR scale on the meter. I think the frequency range is from 20 to 1000 MHz, but I am not 100% positive of that. It works well on 2 meters and 440 MHz. The RF sensor unit inside is model 576.3.

This one functions fine, and looks extremely nice for its age.
$60

I also have many other accessories available.
Just too many to list here.
Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

FOR SALE - Various Radio Items:

Hallicrafters Sky Buddy S19, Excellent - $165.00

Yaesu FT-101E, may need some work - $225.00

KLM ECHO 70 SSB-CW Transceiver for UHF 70cm Band - $95.00

RL Drake Company receiver 100 kHz - 30.0 MHz PRN1000 - $145.00

Two 250 watt variacs - Each designed for 0 - 250 V AC at 1 amp.
Can be used at 120V AC also.
Available for $27.00 each

Heath HD-15 Phone Patch - cherry, $15.00

Panel meter - 0 to 200 mA DC, 2" diameter with hardware - $5.00

Group of variable capacitors -
Consists of TWO DUAL 500pf air variable capacitors and TWO 350 pF
single air variable capacitors.
ALL FOUR for a total of $20.00 plus shipping.

MFJ-760 notch filter - 80 to 180 MHz... $4.00

Hamtronics 800 MHz receiving converter $4.00

14V DC at 4.5 Amps power supply.
AC operated supply. Based on a circuit Board. Rugged design - great
for filaments or for use with other projects. Excellent working condition.
QTY 1 available for $8.00 plus shipping.

More parts and accessory items will be added soon...

7859. DSP Signal Processors and Audio Filters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-10 23:42:05 UTC
From: Ken Simpson, W8EK
Topic: 7859 Message: 7859

DSP Signal Processors and Audio Filters For Sale:

Timewave DSP-599zx Deluxe DSP Processor / Audio Filter:

Calling it an audio filter does not tell the whole story. It is really much more. It represents the latest generation of Digital Signal Processing (DSP) audio filtering, incorporating the newest high speed CPU. The LCD display, push buttons and Visible Memory let you see the exact settings of the filters. The DSP-599zx works in all modes. It is a dream for the non-voice modes, as well as voice and CW modes. Data filters supported in the filter are RTTY, Amtor, PACTOR, G-TOR, HF Packet, SSTV, WeFax, SITOR and Clover. It needs 13 V DC at 1 amp.

This particular unit works fine and looks very nice. A wall wort power supply and paper work are included for $300.

JPS NIR-10 DSP Audio Filter

The JPS NIR-10 audio filter allows reception of difficult to read signals and reduces listener fatigue. It operates on radio receiver audio outputs, then provides its own volume adjustable processed audio to an external 3 to 8 ohm speaker. The NIR-10 reduces or eliminates white/pink noise, ignition noise, static interference, RTTY interference, and power line noise. PEAK function reduces white noise interference. The Notch Filter mode removes multiple heterodynes and acts in 3 milliseconds. Band Pass mode has continuously adjustable center frequency, selectable bandwidths (0.25, 0.6 and 1 kHz), vertical-skirted filters, and greater than 60 dB ultimate rejection. The rear panel has RCA phono jacks for Audio Input, Speaker Output, Remote Bypass, and Inverted Remote Bypass. There is also a jack for 12 VDC Input (1 amp). The front panel has a 1/4 inch headphone jack.

This unit works fine, and looks very close to new. I can not find a scratch on it. With paper work for $75.

Grove SP-200 Speaker and Audio Filter

The Grove SP-200 speaker with filter has extensive audio filtration capability which includes peak and notch functions, with variable bandwidth and frequency. In this respect, it seems to be similar to the Autek QF-1 filter, but it is built in to the speaker enclosure. It also has a tape recorder activation feature with a variable hold. Tape out and activation are on the rear panel.

In addition, it has an audio amplifier in it with a volume control and separate bass and treble controls. A noise limiter is also included. To put it another way, it is quite sophisticated!

It is all housed in a nice woodgrain cabinet, about 11 inches wide by 7 high and 8 deep. $175

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

FOR SALE:

Group of four classic air variable capacitors:
QTY 2 X 80 pF and QTY 1 X 100 pF plus a large 30 pF.
Will sell all four for $12.00 plus shipping. Picture and details at:
http://www.af4k.com/miscpart.htm

Various Tube era chassis and radio / audio projects including a Piano-key shortwave table radio, A Bogen E10 tube audio amplifier, most are full of useful parts or could be rebuilt into something fun. Ranging from $1.00 to $8.00 each plus shipping. Combine items to save on shipping.
Pictures and details at:
http://www.af4k.com/miscpart.htm

ALSO:
MFJ-760 Filter for scanners - removes nearby sources of powerful QRM.
Nice box. Only $4.00 plus shipping.

Hamtronics UHF 800 MHz receiving converter. $4.00 plus shipping.

New small RF Chokes, 2 mH pi-wound - $2.00 each (12 available)

New small RF Chokes, 1 mH pi-wound - $1.00 each (32 available)

NEW IN BOX FT243 Crystals on 1030 kHz - $6.00 each (8 available)

Pair of crystals for BC611 - $24.00 per pair:
3735 kHz and 4190 kHz (6 pairs available)
3800 kHz and 4255 kHz (2 pairs available)
3885 kHz and 4340 kHz (6 pairs available)

100 kHz calibrator crystal, tall hc6u (hc13u) - new - $19.00 each
(several available)

73 & thank you for looking - Bry Carling, AF4K

7889. FS: PAIR OF 811A Tubes for $6.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-22 19:44:36 UTC
From: Bry Carling
Topic: 7889 Message: 7889

For sale:

Two 811A Tubes for $6.00 total.

These are good looking used tubes, but don't look overheated
or anything. Great for tube homebrew. One is a nice RCA tube and
the other is a Sylvania, but they look the same inside. No boxes
but will pack them carefully for safe shipment.

"Why are these so inexpensive?" you may ask!

Well, the Sylvania one is missing the plate cap, and I don't have it.
Just the wire on top so you will need to connect to that, which is easy
enough.

I figured the RCA one is easily worth the $6 and the other is a freebie.

So - let me know ASAP if you'd like tyhese and they are all yours!

73 de AF4K - Bry

7890. FS: Compactron Tube Sockets

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-22 20:43:38 UTC
From: Bry Carling
Topic: 7890 Message: 7890

FOR SALE:

More homebrew parts delight...
A group of 8 unusual tube sockets and one male plug.
Most of these appear to be for compactron tubes as noted.

All are new and unused except one.

Two 12-pin sockets - new
One 11-pin socket - new
One 11-pin plug - new
One 11-pin socket - used
Two 9-pin sockets, new (one missing a pin, easily replaced from
a smaller donor socket)

One larger vented socket, sems to be a 4X150A style socket.

I don't want to ship these out separately, so will sell the entire group
for $24.00 plus shipping.

7907. FS: Two aluminum chassis

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-01-31 23:42:07 UTC
From: Bry Carling
Topic: 7907 Message: 7907

For sale: Two small aluminum chassis

These are two new boxes intended for use with an intercom case, but would work great for a small ham project too. Shaped and constructed like any conventional chassis, except painted white.

Dimensions: 8" X 6-1/4" X 2-3/4" tall. The lip on the bottom is 1/2" wide and has six handy threaded holes for mounting. There are four small holes in the top of the chassis.

QTY 2 available for $5.00 each.

E-mail for a picture if you need to see one first.

73 de AF4K, Bry

7908. For sale: Two new RF Power Transistors 2N5945

Yahoo group: RadioSwap (2008 — 2014)

Topic: 7908 Message: 7908

For sale: Two new RF Power Transistors 2N5945

NPN, UHF/Microwave devices.
Good to 960 MHz, 4 W, 9 dB, with 12.5 V DC supply.

These sell for $61.74 each online, with the discounters selling them for
$49.00 each. I have seen a few on eBay in the $15 range.

QTY 2 available for $5.00 each.

E-mail for a picture if you need to see them first.

73 de AF4K, Bry

7921. HF antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-05 17:46:56 UTC
From: Ken Simpson, W8EK
Topic: 7811 Message: 7921

HF Antenna related items For Sale --
SWR Bridges, Legal Limit Balun, Low Pass TVI Filters,
Vertical antennas, Tower, Connectors and more

SWR Bridge / Field Strength Meter:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter

With SO-239 connectors, it covers from 3 to 150 MHz,
covering HF, 6 meters, and 2 meters, so is ideal for the new
rigs with 6 meters and 2 meters in them.

This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

Dual Meter SWR Bridges:

Both of these feature two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna. They were made in Japan, and labeled with various
names, including Swan, Siltronix, and Quement. Both have SO-239
connectors on each end, and work fine.

Both will work on HF, and VHF, covering 3 to 150 MHz, so are
ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2
No box for this one, but it works fine and looks great.
With paper work for $40.

Siltronix SWR-2
This meter functions fine, but the meter lens of the meter that
reads SWR has a crack on the very right edge of it. Strictly
cosmetic. $25

Heavy Duty Legal Limit Plus Balun:

HyGain BN-4000 D Balun

A balun is used to convert an unbalanced load such as coax
to a balanced load such as a beam or dipole. It will also
help reduce radiation from the coax feedline, that could
reduce TVI and other interference.

The BN-4000 D is a 1 to 1 ratio broadband 50 Ohm current balun,
and is potted to seal out moisture. It is rated at 4000 Watts

for increased power handling capabilities. Frequency range is 1 MHz to 54 MHz. It has stainless steel hardware and comes with a SO-239 connector.

This particular unit works fine and looks really great. It would appear that it has not been used. All connections are clean and shiny; the case also shines. It is the latest "D" model of the BN-4000.

Paper work is included for $80.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors and include paper work.

Drake TV-3300
This is a modern low pass filter has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz.
This one looks great. $30

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.
It looks very close to new. $40.

Hustler 4BTV "Base station" HF vertical antenna

The 4BTV covers 10, 15, 20, and 40 meters.
It can also cover 75/80 meters by using an RM-80 S resonator.

This one is in extremely good shape. It actually still shines! No corrosion evident. Penetrox was used on the original assembly, so it comes apart easily.

Paper work is included. but connection points are well marked for easy reconstruction. $120

I would prefer pickup near Ocala, Florida, just off of I-75. It will easily fit inside a minivan, or it can be broken down more to go inside a car. It is possible to ship it, but the cost is high due to it being oversize. Obviously, shipping is not included in the price.

Gap "Titan DX" HF Vertical Antenna:

The Titan is an 8 Band Multiband DX Antenna. It covers 80 thru 10 meters, including the WARC bands. It covers the entire band on 40 thru 10, and about 100 KHz on 75/80 meters. It is about 25 feet tall, and includes a counterpoise, so

that no radials are required.

One of the primary virtues of the Titan is the GAP center feed. By elevating the feed the earth loss is dramatically decreased, which means the RF is going out to make the contact instead of into the ground to warm the earth. Reducing the earth loss eliminates the need for a radial system. The Titan requires NO RADIALS.

This particular antenna is in extremely nice shape with no corrosion. Most of the aluminum is still shiny.

These sell new for about $400. This one is close to new, with paper work for $250. Pick up only near Ocala FL.

Antenna tower for sale in Florida:

A total of 35 feet of antenna tower is available, consisting of one top section, 2 "middle" sections, and a 5 foot section for the base.

This tower is "American" tower, which has a horizontal brace about every 22 inches. It is suitable for VHF antennas, very large TV antennas, or small tribanders.

This particular tower is in good condition, although there is some slight surface rust.

It is pickup only near Ocala, FL, just off of I-75. $125

Coax connectors and adapters For Sale:

Prices are per connector. Several of each are available. These are NOS (have not been used).

"N" Connector - Double Male - $8

BNC male for coax cable
standard type - $2
crimp on type - $3

Chassis mount BNC female
square mount (uses 4 screws) - $3
screw in type - $3

BNC "T" - two female and one male - $3

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection - $5

Prices do not include shipping from Florida.

Thanks.

7927. FS: Extra Nice Hallicrafters Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-08 13:47:03 UTC
From: Bry Carling
Topic: 7927 Message: 7927

FOR SALE: Hallicrafters S19 Receiver

This is an exceptionally nice example of this early shortwave,
all-band receiver. Has 6 Tubes, covers 540 kHz - 50.0 MHz in 4 bands.
Modes: AM, CW, SSB. Has bandspread tuning,
logging scale, original S-meter, internal speaker all in great shape.
Serial number H-96701
Dimensions: 17 1/2" wide X 9" high X 10" deep

Exceptionally nice, working condition. Very clean inside and out.
Original paint. All functions working.
I have seen a lot of these that are repainted or scuffed up badly, but
this one is exceptionally nice. Great for re-creating that early novice station.
Comes with two original manuals and a special Hugo Gernsback book "The
Sky Buddy Sage" - 26 pages about this receiver.

Available for $149.00 plus shipping.

Topic: 7935 Message: 7935

FOR SALE: 6m Power Amplifier, AM-1180/GRC

Designed to cover 50-100 MHz, and has 250 Watts max input. Used with
T-302/PRC transmitter. Complete with 4X150A tube and everything needed
except the bottom cover is missing. Excellent condition, Easily modified to
run a 4CX250 as W4DEX and others have done. Simple, basic, military
workhorse amplifier. Easy to get at everything internally and not a huge unit.
Needs external power supply approx: 1250V DC at 200 mA, and 6V AC at
2.5 A
Uses N connectors for RF in and out. Dimensions: 12" X 6.25" X 13.5"
deep.
and details at:
http://www.af4k.com/radios.htm

Will sell for $115.00 plus shipping

7949. FEDEX DELIVERY COMPANY

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-18 21:10:09 UTC
From: Mrs.marcia oliviera
Topic: 7949 Message: 7949

Dear Friend,
How are you today?

I hope all is well with you and your family and i also hope that this email meets you in a Good health condition since i have lost contact with you for so long.

I have been waiting for you ever since to contact me for your Confirmed Bank Draft of $850.000.00 United States Dollars that was allotted to you but I did not hear or receive any email or phone calls from you ever since that time, Then I went and deposited the Bank Draft of $850,000.00 with FedEx Couriers Limited, West Africa, I then traveled out of the country for a 3 Months Course and I will not come back till end of April.

What you have to do now is to contact the FedEx Couriers Limited as soon as possible to know when they will deliver your package to you because of the expiring date. For your information, I have paid for the delivering Charge, Insurance premium and Clearance Certificate Fee of the Cheque showing that it is not a Drug Money or meant to sponsor Terrorist attack in your Country.

The only money you will send to the FedEx Couriers Limited to deliver your Bank Draft directly to your postal Address in your country is ($325.77 US) Dollars only being Security Keeping Fee of the Courier Company so far.Again, don't be deceived by anybody to pay any other money except $325.77US Dollars.

I would have paid for that also but the FedEx Courier Group I said no because they don't know when you will contact them and in case of demurrage.You have to contact the FedEx Couriers Limited now for the delivery of your Draft with this information bellow;

Contact Person: Jacob .U.Walter
Email Address: fedexdeliverycomapany234@...
Telephone:+(234)8169461077

Finally, make sure that you reconfirm your:

1.Delivery address.....
2.Direct telephone number....
3. Nationality.....

To them again to avoid any mistake on the Delivery and ask them to give you the tracking Pin Number# to enable you track your package over there and know when it will get to your address.

Let me repeat again, try to contact them as soon as you receive this mail to avoid any further delay and remember to pay them their Security Keeping fee of $325.77 US Dollars for their immediate action. You should also let me know through email as soon as you receive your Draft.

Yours Faithfully,

Mrs.marcia oliviera.

United Nation Grant Allocation Officer
Compensation Board Organisation

Selling for $125.00 plus shipping

Pictures and details are available at:

http://www.af4k.com/radios.htm

73 - Brian "Bry" Carling, AF4K

7969. FS: 50 MHz Linear Amplifier, AM-1180/GRC

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-26 22:01:39 UTC
From: Bry Carling
Topic: 7969 Message: 7969

FOR SALE: 50 MHz Linear Amplifier, AM-1180/GRC

250 watt linear amplifier - conservatively rated.
Designed to cover 50-100 MHz, and has 250 Watts max input. Used with
T-302/PRC transmitter. Complete with 4X150A tube and everything needed
except the bottom cover is missing. Excellent condition, Easily modified to
run more power with a 4CX250 as W4DEX has done. Simple, basic, military
workhorse amplifier. Easy to get at everything internally and not a huge unit.
Needs external power supply approx: 1250V DC at 200 mA, and 6V AC at
2.5 A
Uses N connectors for RF in and out. Dimensions: 12" X 6.25" X 13.5" deep.

Pictures and details at:

7971. FS: Heathkit HR10B Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-26 22:22:27 UTC
From: Bry Carling
Topic: 7971 Message: 7971

FOR SALE: Heathkit HR10B Receiver

Covers the amateur bands, 80 through 10 meters. Each band is separately calibrated on a large easy-to-read slide-rule dial. The dial is illuminated and provides about 6 inches of bandspread for each band.

The receiver features a signal strength "S" meter, a front panel dial calibration control that operates in conjunction with the 100 kc crystal calibrator provisions (optional), a tuned RF amplifier stage, a crystal filter (2 pole), and an automatic noise limiter circuit. It was introduced in 1968 as color-upgrade successor to the HR-10 introduced in 1961. Coverage is ham-band only. The HR-10B color matches the DX-60B transmitter while the HR-10 matches the DX-60. A review of the HR-10 can be found in the July 1963 QST magazine. A clear copy of the schematic diagram is included.
Available for $115.00 plus shipping

I also have a nice little Heathkit external speaker that would work nicely with this receiver for another $15.00

Pictures and details at:
http://www.af4k.com/radios.htm

73 - Bry, AF4K

7972. FS: Exceptional Drake MS4 speaker

Topic: 7972 Message: 7972

FOR SALE: Drake MS4 speaker - excellent, working condition

Extra clean, nice collector condition. Unbeatable appearance.
Drake 4-line station speaker in excellent, near mint condition.

Available for $125.00 plus shipping

Picture and details at:
http://www.af4k.com/radios.htm

73 - Bry, AF4K

7973. FS: Beautiful QRO Antenna Tuner

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-26 22:34:26 UTC
From: Bry Carling
Topic: 7973 Message: 7973

FOR SALE: Beautiful High Power HF Antenna Tuner with Roller Inductor
and Balun. 2KW plus rating.

Vernier tuning dials, and a clear numberical readout for the roller inductor.
Antenna connections uinclude single wire, balanced feedline and coax.
Connection
to transmitter is via SO-239 coax connector.
The beauty of this tuner is the cabinet which matches Collins equipment.
Will outperform most commercially available tuners of today.

Available for $175.00 plus shipping.

Pictures and details here:
http://www.af4k.com/radios.htm

73 & thanks for looking - Bry Carling, AF4K

7974. FS: Hallicrafters HA2 TRANVSVERTER

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-02-26 23:53:44 UTC
From: Bry Carling
Topic: 7974 Message: 7974

FOR SALE: Hallicrafters HA-2 Transverter for 2m.

For 144 - 148 MHz band allmode use. Converts 10 meter transceiver to 6 or 2 meters.
Maximum drive power level is 25W. The output on 2m is rated for about 60 watts
and operates "all modes."
Front panel controls: Power on/off, range selector, tuning, loading, output indicator, plate current meter. 8 tubes, 5894 in the final. External power supply
requires 750 volts at 120mA, 250 volts at 70mA, minus 60 volts at 10mA.
8"H x 17"W x 8 7/8"D. Production Year 1962.

Available for $85.00 plus shipping.

7993. Fw: Gasoline O?????

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-04 09:19:54 UTC
From: Big Al
Topic: 7993 Message: 7993

THIS IS NOT THE 'DON'T BUY' GAS FOR ONE DAY, BUT IT WILL SHOW YOU HOW WE CAN GET GAS BACK DOWN TO $1.30 PER GALLON.

This was sent by a retired Coca Cola executive. It came from one of his engineer buddies who retired from Halliburton. If you are tired of the gas prices going up AND they will continue to rise this summer, take time to read this please.

Phillip Hollsworth offered this good idea.This makes MUCH MORE SENSE than the "don't buy gas on a certain day" campaign that was going around last April or May!

It's worth your consideration. Join the resistance!!!!

I hear we are going to hit close to $ 4.00 a gallon by next summer and it might go higher!! Want gasoline prices to come down?

We need to take some intelligent, united action.

The oil companies just laughed at that because they knew we wouldn't continue to "hurt" ourselves by refusing to buy gas .

It was more of an inconvenience to us than it was a problem for them.

BUT, whoever thought of this idea, has come up with a plan that can Really work. Please read on and join with us!

By now you're probably thinking gasoline priced at about $2.00 is super cheap. Me too! It is currently $3.08 at Arco and Costco for regular unleaded in Salem, Oregon and climbing every week.

Now that the oil companies and the OPEC nations have conditioned us to think that the cost of a gallon of gas is CHEAP at $1.50 - $1.75, we need to take aggressive action to teach them that BUYERS control the marketplace..not sellers.

With the price of gasoline going up more each day, we consumers need to take action.

The only way we are going to see the price of gas come down is if we hit someone in the pocketbook by not purchasing their gas! And, we can do that WITHOUT hurting ourselves.

How? Since we all rely on our cars, we can't just stop buying gas.

But we CAN have an impact on gas prices if we all act together to force a price war.

Here's the idea: For the rest of this year, DON'T purchase ANY gasoline from the two biggest companies (which now are one), EXXON andMOBIL.

If they are not selling any gas, they will be inclined to reduce their prices. If they reduce their prices, the other companies will have to follow suit.

But to have an impact, we need to reach literally millions of Exxon and Mobil gas buyers. It's really simple to do! Now, don't wimp out on me at this point...keep reading and I'll explain how simple it is to reach millions of people!!

I am sending this note to 30 people. If each of us send it to at least ten more (30 x 10 = 300) ... and those 300 send it to at least ten more (300 x10 = 3,000)... and so on, by the time the message reaches the sixth group of people, we will have reached over THREE MILLION consumers .

If those three million get excited and pass this on to ten friends each, then 30 million people will have been contacted!

If it goes one level further, you guessed it..... THREE HUNDRED MILLION PEOPLE!!!

Again, all you have to do is send this to 10 people. That's all!

(If you don't understand how we can reach 300 million and all you have to do is send this to 10 people.... Well, let's face it, you just aren't a mathematician But I am . so trust me on this one.

How long would all that take? If each of us sends this e-mail out to ten more people within one day of receipt, all 300 MILLION people could conceivably be contacted within the next 8 days!
I'll bet you didn't think you and I had that much potential, did you! Acting together we can make a difference.
If this makes sense to you, please pass this message on. I suggest that we not buy from EXXON/MOBIL UNTIL THEY LOWER THEIR PRICES TO THE $2.00 RANGE AND KEEP THEM DOWN. THIS CAN REALLY WORK.

7996. REDUCED: Drake TR3 Transceiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-05 14:17:53 UTC
From: Bry Carling
Topic: 7996 Message: 7996

FOR SALE: Drake TR3 Transceiver

R. L. Drake model TR-3 is an SSB-CW-AM transceiver designed for the transmission and reception of upper and lower sideband signals on the 80 through 10 meter amateur bands. AM and CW capabilities are included.

Ideal for both fixed station use in conjunction with the model AC-3 or AC4 120 volt AC Power Supply, or for mobile installations using the DC-3 or DC4 12 volt DC Power Supply.

The 300 watt PEP input on SSB enables the TR-3 to give an excellent account of itself barefoot and it will drive the highest powered ham linear amplifiers.

Upper and lower sideband selection is accomplished by switching between two Drake designed and manufactured 9 MC crystal lattice filters with 2.1 kc pass-bands. Among the other features included on the TR-3 are VOX and PTT, shifted carrier CW, separate RF and AF gain controls, linear permeability tuned VFO with vernier scale, transmitting and receiving AGC, and separate receiver S-meter and transmitter plate ammeter. The addition of the accessory RV- 3 remote VFO speaker combination enables the operator to receive, transmit or transceive throughout the band being used without disturbing the setting of the TR-3 tuning dial. This is useful for working DX stations operating outside the United States Phone Bands, or for working near your own frequency in search of a clear spot under crowded band conditions.

FREQUENCY COVERAGE:
Full coverage on all amateur bands 10 thru 80 meters, in seven 600 k c ranges ; 3.5-4.1 mc, 7.0 to 7.6 mc, 13.9 to 14.5 mc, 21 to 21.6 mc, 28 to 28.6 mc, 28.5 to 29.1 mc, 29.1 to 29.7 mc. bullet LINEAR PERMEABILITY TUNED VFO: Tunes 4.9 to 5.5 mc for all ranges, 9 mc I.F. minus VFO range overs 80 meters, 9 mc I. F. plus VFO range covers 20 meters. VFO and crystal oscillator heterodyned in premixer for 40, 15, and three 10 meter ranges.

DIAL CALIBRATION:
10 kc divisions on main tuning dial and interpolation to 1 kc on tuning knob skirt . Effective length of circular dial scale is over 14 inches.

FREQUENCY STABILITY:
High stability permeability tuned VFO tunes same range on all bands . Drift is less than 100 cycles after warm-up, and less than 100 cycles for plus or minus 10% line voltage change.

FRONT PANEL CONTROLS:
Main Tuning has fluted knob with adjustable 25 division skirt. Tunes VFO

and rotates main dial.
RF Tune tunes the RF circuit common to receiver RF amplifier and
transmitter driver stages. 0-10 scale.
Plate and Load tuning adjust pi-network capacitors in transmitter for proper
resonance and loading on each band.
Band switch selects desired ham band (see frequency coverage).
Function switch has four positions CAL, SSB, X-CW, X-AM. CAL operates
built-in 100 kc crystal calibrator for accurate setting of main tuning hair line
indicator and knob skirt SSB provides SSB operation, either VOX or PTT,
and is receive position for SSB, CW, and AM. X-CW (transmit CW) inserts
carrier , converts `Xmtr Gain´ control to carrier injection for tuning and CW
transmitting. X-AM (transmit AM) inserts carrier and screen modulator for
AM transmitting.
XMTR GAIN functions as mike audio gain on SSB and AM, and as carrier
injection control on X-CW for tune and CW.
RCVR GAIN knob controls receiver AF gain and power ON-OFF switch.
Lever behind knob controls setting of RF gain.
Sideband switch in conjunction with indicator lights marked Upper and lower
selects desired sideband by connecting into the circuit either the upper or
lower sideband filter.

There is no power supply with this radio.

The"Nashville Rebel" owner of the White
Squirrel CB Radio Club, invites all interested prospective members to sign up for the clubs email membership message board. Nashville Rebel validates the continued usefulness of CB radio and the commitment of the White Squirrels membership in his own extremly moving account, as follows:Last year I was contacted by a lady that was seeking help in locating her husband. He was a truck driver and she was trying to get a message to him and let him know that his mother had suffered a severe heart attack and had only hours to live.
He was supposed to be in the Virginia area. I sent a message to all my members to attempt to locate the driver using his Name, CB handle and name of the company he worked for. Many of the members got on their CB's and someone was able to contact the driver in Kentucky 13 Miutes Later,He was able to make it home in time to kiss his mother goodbye before God took her away.

The"Nashville Rebel" owner of the White
Squirrel CB Radio Club, invites all interested prospective members to sign up for the clubs email membership message board. Nashville Rebel validates the continued usefulness of CB radio and the commitment of the White Squirrels membership in his own extremly moving account, as follows:Last year I was contacted by a lady that was seeking help in locating her husband. He was a truck driver and she was trying to get a message to him and let him know that his mother had suffered a severe heart attack and had only hours to live.
He was supposed to be in the Virginia area. I sent a message to all my members to attempt to locate the driver using his Name, CB handle and name of the company he worked for. Many of the members got on their CB's and someone was able to contact the driver in Kentucky 13 Miutes Later,He was able to make it home in time to kiss his mother goodbye before God took her away.

8013. FS: Heathkit SWR meter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-09 22:09:14 UTC
From: Bry Carling
Topic: 8013 Message: 8013

For Sale:

Heathkit HM-15 SWR Meter, for the SB-series and HW-series radios.
Also looks great with any vintage Heath station. Excellent - $22.00
Heathkit HM-15 manual, excellent - $5.00
Buy both for $25.00

Shipping additional.

73 & thanks for looking - Brian "Bry" Carling, AF4K

8014. FS: 1500 Watt tuner

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-09 22:14:42 UTC
From: Bry Carling
Topic: 8014 Message: 8014

FOR SALE: Beautiful High Power HF Antenna Tuner with Roller Inductor
and Balun.
Has heavy duty components and must be at least 1500 watt rating.
Vernier tuning dials, and a clear numberical readout for the roller inductor.
Antenna connections uinclude single wire, balanced feedline and coax.
Connection to the transmitter or transceiver is via SO-239 coax connector.
Another nice feature of this tuner is the perforated, slant cabinet,
which matches Collins equipment.

Will outperform most commercially available tuners of today.

Available for $175.00 plus shipping.

Pictures and details here:
http://www.af4k.com/radios.htm

73 & thanks for looking - Bry Carling, AF4K

8026. REDUCED: Hallicrafters Transverter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-12 15:25:24 UTC
From: Bry Carling
Topic: 8026 Message: 8026

REDUCED: 60 watts of fun on 2m for Hallicrafters fans - HA-2 Transverter

For 144 - 148 MHz band allmode use. Converts any 10 meter transceiver to 2 meters.
Maximum drive power level is 25W. The output on 2m is rated for about 60 watts
and operates all modes.
Front panel controls: Power on/off, range selector, tuning, loading, output indicator, plate current meter. 8 tubes, 5894 in the final. External power supply
requires 750 volts at 120mA, 250 volts at 70mA, minus 60 volts at 10mA.
8"H x 17"W x 8 7/8"D. Production Year 1962.

Will work with other rigs too, of course.

Now reduced to $75.00 plus shipping.

Pictures and details here:

http://www.af4k.com/radios.htm

8037. FS: Lacing cord

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-14 22:10:31 UTC
From: Bry Carling
Topic: 8037 Message: 8037

FOR SALE LACING CORD - new old stock military style nylon braided
cord for making or repairing traditional wiring harnesses.

I have two spools left. One is 500 yards by Breyden Products, Columbia
CIty, Indiana.
The other is 250 yards =from A.E. Pesche Co.
Both are natural finish. Cream colour.

QTY 1 each available

250 yards = $10.00 plus shipping
500 yards = $12.00 plus shipping

73 - AF4K, Bry Carling
Florida

8063. READ AND REPLY

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-21 23:21:38 UTC
From: Sanders Week
Topic: 8063 Message: 8063

FROM THE DESKTOP

OF MR.SANDERS WEEK.

INTERCONTINENTAL

BANK NIG. PLC.

ATTENTION:

I seek for your co-operation; my name is Mr.Sanders Week. A Personal Accountant to Late Engineer Michael, a citizen of your country, who used to work with French oil major total, company here in. Herein, shall be referred to as my client. On the 21st of April 2005, Mr. Michael, his wife and his three children were involved in a drastic car accident along Sagamu/Lagos Express Road. Unfortunately he and his three kids lost their lives immediately in the event of the accident, while the wife was taken to the hospital where she died three days later. Their bodies were kept in the mortuary for five months, in order for the authority, to carry out a proper investigation on how to locate their surviving relatives. They have checked all available public files and embassies, but all their efforts had proved abortive, as they could not fund any of their relatives.

After these several unsuccessful attempts, no one has been coming for his account that he deposited with my bank (Intercontinental Bank Nigeria Plc). And due to the banking law and regulation of 1985, sub section 18d page 103 chapter 11 of constitution governing all banking policy, and in accordance to the banking decree 003 sub section 45 which stated that any deposited fund which remains unclaimed after the existing period of four years will be confiscated by the national treasury department as unclaimed fund. And this has brought too much agitation in our bank between boards of directors on how to declare this account unserviceable, base to the fact that the deceased has no next of kin. After the meeting held by the executives of intercontinental bank with the personal attorney to late Michael.on 15th of November 2010, they have all agreed to extend the date to May 2011.

Consequently to this, I have contacted you to assist in repatriating the money and property left behind by my client before the national treasury department gets them confiscated or declare unserviceable by intercontinental bank Plc Where the deceased have an account Valued at about Fifteen Million, three hundred and forty five thousand U.S dollars (USD15, 345,000.00). The bank has issued out a notice to provide the next of kin or have the account confiscated with in the next few weeks. Since no one has been able to locate their relatives for over four years now, I seek your consent to present you as the next of kin of the deceased so that this account valued at Fifteen Million, three hundred and forty five thousand U.S dollars (15,345,000.00USD) can be paid to you and then you and I Can share the money. All the necessary documents concerning this claim are with the Bank legal department. All I require is your honest cooperation to enable us seeing this deal through. I guarantee that this will be executed un

I want you to contact me via email, if you are willing and ready to assist me in repatriating the funds.

Yours Truly

Mr. Sanders Week

8076. Many Microphones FS - Desk, DTMF, etc.

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-03-25 16:59:26 UTC
From: Ken Simpson, W8EK
Topic: 8076 Message: 8076

Microphones For Sale --
Desk Microphones, DTMF Touch Tone Microphones, Speaker Microphones, and Microphone Stands and other Microphone Accessories

Desk Microphones:

Kenwood MC-80 Desk Microphone:

The Kenwood MC-80 is an omnidirectional electret condenser "gooseneck" desk mic. It has UP-DOWN tuning plus a built-in pre-amp. There is a switch for PTT and also a lock feature. The mic impedance is 700 ohms so it can be used with a wide range of models, and it has a frequency response of 200 Hz to 7 KHz. There is a potentiometer adjustment on the back of the mic stand to adjust the output level. The mic terminates to a standard 8 pin Kenwood mic plug. It requires voltage from the Kenwood transceiver to operate.

This one works fine, sounds good, has a new wind screen, and is in its original box. With paper work for $75.

Shure 444 D Desk Microphone:

The Shure 444 D has voice shaping built in to it, providing greater articulation at communications frequencies. Of course it has a PTT switch on the base, that can be used as a momentary switch, or can be locked in position. Also under the base are switches for High or Low Z. It also has a switch for VOX or PTT under the base.

This mic is the black color, has a coiled cord, and is in very nice shape. It works fine, and looks great. It presently has stripped and tinned ends, ready to add the connector of your choice.

With paper work for $75.

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a
switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has stripped and tinned ends. Nice condition. $35

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in
the mic, and "speed dial". 12 digit touch tone pad on the
front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal
low impedance microphone. With 4 pin plug. Like new. $36

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

Viking 2000, Model 709
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. $35

Regular Hand Microphone:
This one says Midland on the front, but no model number
given. It has a transformer inside, so it can be used for
either Hi Z or Low Z. Stripped and tined leads. $25

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that need 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Heil Wind Screen
This windscreen can be used with a variety of microphones, including the GM-5. Excellent condition. $10

Microphone Stands:

Regular round desk stand
Round 6 inch diameter heavy black base, with a 3 inch chrome tube coming up from the middle. Standard 5/8 inch threaded. $15

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin XLR connector on one end, and nothing on the other end. Ideal to add your own connector. Can be used with the CC-1 XLR-4 above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone holders:

Electro Voice
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics, and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the inside to protect the mic. For 1/2 inch to 5/8 inch diameter microphones. Standard 5/8 inch threads. $5

Microphone Holder from a Kenwood MC-60 desk microphone
This is the black plastic (or is it bakelite ?) piece that attaches to the mic stand and holds the mic. It includes the chrome screw/bolt, and looks like new. Ideal if yours is broken. It probably is used on other mics as well. $10

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

8108. Many HT accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-02 13:14:30 UTC
From: Ken Simpson, W8EK
Topic: 7172 Message: 8108

Many HT Accessories For Sale:

Yaesu HT Accessories:

Real Yaesu Battery pack for Yaesu VX-2 or VX-3 HT
FNB-82 LI Lithium Ion Battery Pack fits both the VX-2 and the
VX-3. 3.7 volts, 1000 mahr, works great, and holds a charge
like new. $22

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and probably others $4

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that need 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Icom BC-127 A, Battery Charger for Icom IC-Q7A
Dual Band HT:

This charger charges two AA NiCads (or NiMH) for the
IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably
others.

This appears to be new, unused, still in its bag.
Icom lists them at $21.
Buy this one for $12.

Icom BC-110 A Wall Wort Charger:
It produces 12 V DC at 200 ma.
I am not sure of all the units that use this charger. I know
it is used by many of the aircraft HTs, and also to charge the
R-10, T2H, T7H, T70, T80AD, T90A, T91A, T92AD, W32A, and I am

sure others. Apparently it is also known as a BC-167 in
addition to BC-110 A. This is NOT one of the switching units,
so you will not have RFI from this one.
This one works fine and appears very close to new.
Icom charges almost $40 for this. Buy this one for $15.

Icom batteries and DC accessories:

Icom DC-25
This is a pack that is used on the Icom µ2AT, Icom µ4AT, and
on other HTs that use the BP-20, BP-21, BP-22, BP-23 and BP-24
battery packs. It takes 13 V DC (such as from a cigarette
lighter), and converts it to the 9.4 V DC voltage needed for
the HT. It is used in place of a battery. This one works
fine and looks fine. $20

Icom BP-21
This battery pack is DEAD and sold for rebuilding, building
a DC converter, or whatever. $10

Icom BP-22
This battery pack is DEAD and sold for rebuilding, building
a DC converter, or whatever. $10

Icom MB-20 Belt clip
This belt clip is used on the Icom µ 2AT series of HTs, and
probably on others as well. This one appears to be new,
with hardware, still in its original plastic bag. $10

Rubber Duck antennas for your HT:
All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - About 7 inches long
BNC - Original from Kenwood TH-215, about 5 inches long
BNC - Stubby about 4.5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Stubby, about 4.5 inches long - $20

Full size SMA for 2 meters and 440 MHz
This is a very flexible antenna that is a quarter

wave on both 2 meters and 440 MHz. $20

BNC Stubby for 440 MHz, 3 inches long

Protective Cases:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

Case for Drake TR-33C
This is the black case that fits the Drake TR-33C, and has cutouts in the back for antenna, power, etc. It includes the shoulder strap, and is in good shape. $12

Case for Drake TR-22
As above, but for the TR-22. No shoulder strap. $10

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case. It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap. $25

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415, and other HTs in that series:

Kenwood SC-13 Vinyl Case
For TH-215, TH-225 and others, with room for the larger PB-1 and PB-4 battery packs. It can also be used with the smaller PB-2 and PB-3 packs. Black color. Great condition. $15

Kenwood BH-2 Belt clip with screws
Used on many Kenwood HTs. $8

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

BNC to PL-259 antenna adapter $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Kenwood BH-3 belt clip and hardware for Kenwood TH-21 / 31 / 41 series HTs. $8

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries

for the TH-21 series, and also on other Kenwood radios.
It produces 10.5 V DC at 42 ma, with a standard 2.1 mm
coaxial connector. $12

DEAD Kenwood PB-21 battery pack
This battery pack is used on the TH-21 series HTs. This one is
dead, but can be used for rebuilding. It is in good physical
condition, with no cracks. $10

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Accessories for the Azden PCS-300 HTs:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. It works great, and
looks great also. $20

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery
of the Azden PCS-300, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used. If you have a PCS-300 HT, you
need this adapter.
It works fine, and looks like new. $3

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case.
It fits most of the Santec HTs, such as the HT-1200,
ST-142, ST-144, ST-440, etc. The real leather case
includes a built in belt clip, plus a removable leather
shoulder strap.
The case itself is in very nice shape. The leather
shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a
service pack. It has schematics, circuit explanations,
voltages, etc. $18

Battery pack for Yaesu VX-2 or VX-3 HT
Lithium Ion Battery Pack that fits both the VX-2 and the VX-3
3.7 volts, 1200 mahr, works great, and holds a charge like new.
$15

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Kenwood BH-2 for TR-2500, TH-205, TH-215, and many others
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Icom MB-20 Belt clip
This belt clip is used on the Icom µ 2AT series of HTs, and probably on others as well. This one appears to be new, with hardware, still in its original plastic bag. $10

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

Duplexer / Diplexer :

This unit is designed to split transmit and receive signals between the 2 meter and 440 MHz bands. Some rigs have only one output connector; you may want to use separate antennas for 2 meters and for 440 MHz. Or, you might have a combination 2m/440 MHz antenna, and your rig has two outputs. This unit can be used either to combine or separate the two bands.

Maldol HS-770
2 m and 440 Mhz ports have a foot long coax with PL-259 connectors. Common is a case mounted SO-239 connector. It works fine and looks good as well. $50

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal low impedance microphone. With 4 pin plug. Like new. $36

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently has stripped and tinned ends. Nice condition. $35

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

I also have many other items, including HF rigs, power
supplies, microphones, and other items too numerous to
list. Please let me know what you need. I might have it.

Prices do not include shipping from Florida.

Thanks.

8115. Info. On Hand Power Mic

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-04 10:00:04 UTC
From: Big Al
Topic: 8115 Message: 8115

I am looking to get a good and loud and clear hand power mic. Can anyone tell me what would be a good one to look into getting? I am looking at a D-104M6B. I hear a lot of the truckers on 19 that has a good sounding and loud power mic.

Reduced - RF Tank Coils for sale.

Group of 4 useful RF power amplifier tank coils, suitable for QRO applications etc.

GROUP OF 4 TANK COILS

Here are four surplus RF tank coils. Two are plug-in,
jackbar types with center tap and coupling coil. One has
the banana plugs missing but these are easy to replace
with standard banana plug parts. The other two comprise
a ceramic coil, and a phenolic core coil.

Available for $9.00 each or will sell all four for
$30.00 plus shipping.

8130. FS: SX101A Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-09 02:18:01 UTC
From: Bry Carling
Topic: 8130 Message: 8130

FOR SALE: SX101A Receiver

AM, CW and SSB coverage of the 80m through 10m ham bands with slide
rule dial.
Excellent - many extra features including noise blanker etc.
Designed for rack mount, and hence no cabinet with this one. One knob is
missing.
This receiver also CAN include the optional 100 kHz calibrator if you would
like that as an optional extra, I will sell it for $25.00 with the receiver.
Or by itself he calibrator is available for $35.00 plus shipping.
Themain dial and knob are in good condition. It has been re-capped and is
in overall decent condition.

Available for $125.00 plus shipping

Pictures and details:

8131. Scanner, HT, Mic, Antenna, SWR Bridges and more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-09 14:35:34 UTC
From: Ken Simpson, W8EK
Topic: 8131 Message: 8131

For Sale:

Scanner, Dual Band HT, Desk Microphone, Code Practice
Oscillator, SWR Bridges, Vertical Antenna, Diplexer, etc.

Radio Shack PRO 2037 Scanner:

The PRO 2037 is one of those old workhorses of a scanner.
It was made by GRE for Radio Shack. It offers 200 channels
with good sensitivity, arranged in 10 banks. Coverage is
30-54, 118-174, 380-512, and 806-960 MHz. Obviously, that
means it covers the 6 meter, 2 meter, and 440 MHz ham bands,
as well as much more.
It scans at 25 channels/sec and searches at 50 channels/sec
in steps of 5, 12.5 or 25 KHz and receives both FM and AM.

This unit includes a built in 120 V AC power supply, or it
can be powered by 13 V DC. There is a telescoping antenna
that seems to work well, or you can use an external antenna.

This unit works 100% and looks very close to new.

It originally sold for $300. Buy this one, with paper work,
for $75.

Yaesu VX-3 dual band HT:

The Yaesu VX-3R 2 meter/440 MHz handheld has extensive receive
frequency coverage, providing local-area two-way amateur
communications along with unmatched monitoring capability.
The VX-3R receives 500-1800 kHz (AM Band), 1.8-30 MHz
(Shortwave), 30-76 MHz (VHF Lowband with 6M), 76-108 MHz
(FM band), 108-137 MHz (Air), 137-174 MHz (VHF with 2M),
174-222 MHz, 222-420 MHz (VHF with 220), 420-470 MHz (440),
470-800 MHz and 800-999 MHz.
You get a 1000 channel memory system, and can enjoy
stereo FM and AM broadcast reception.

Power output with the supplied Lithium Ion battery is 1.5 watts
VHF and 1 watt UHF. With the optional E-DC-21 DC adapter output
jumps to 3 watts and 2 watts!

This particular HT is like new. It works 100%, and looks like
new, with no scratches. It has a rubber duck antenna, LiIon
Battery and charger in its original box, with paper work all
for only $155.

Kenwood MC-80 Desk Microphone:

The Kenwood MC-80 is an omnidirectional electret condenser "gooseneck" desk mic. It has UP-DOWN tuning plus a built-in pre-amp. There is a switch for PTT and also a lock feature. The mic impedance is 700 ohms so it can be used with a wide range of models, and it has a frequency response of 200 Hz to 7 KHz. There is a potentiometer adjustment on the back of the mic stand to adjust the output level. The mic terminates to a standard 8 pin Kenwood mic plug. It requires voltage from the Kenwood transceiver to operate.

This one works fine, sounds good, has a new wind screen, and is in its original box. With paper work for $75.

Code Practice Oscillator:

MFJ 557 code practice oscillator with key

This is a traditional code practice oscillator, with adjustable volume and tone. It includes a straight key on a nice base. It operates from a 9 volt battery or from a wall wort (not included).

This one works fine and looks fine also.

With paper work for $25.

SWR Bridges:

Both of these cover from 3 to 150 MHz, covering HF, 6 meters, and 2 meters, so are ideal for the new rigs with 6 meters and 2 meters in them. SO-239 connectors.

Quement SWB-2
This unit features two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna at the same time.
It works fine and looks great. With paper work for $40.

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $32

Solarcon A-99 vertical antenna:

The Solarcon A99 is a half wave over a quarter wave variable mutual inductance antenna for 10 to 17 meters. It features the Solarcon twin ring Adjust-A-Match system to obtain the optimum SWR. Simply raise the rings to raise the frequency or lower the lower rings to lower the resonant frequency. The rugged three-piece white fiberglass construction features triple plated brass fittings.

This antenna is 17.75 feet high. It has 3 dBi gain and the power limit is 2000 watts. It accepts a PL-259 and mounts on a 1.5 inch mast.

This particular unit is in good condition, with no corrosion. With paper work for $50.

Pick up of this antenna near Ocala, FL, just off of I-75 is preferred. It could be shipped, but it is long enough that it may be considered oversize. Shipping is not included in the price.

Duplexer / Diplexer:

This unit is designed to split transmit and receive signals between the 2 meter and 440 MHz bands. Some rigs have only one output connector; you may want to use separate antennas for 2 meters and for 440 MHz. Or, you might have a combination 2m/440 MHz antenna, and your rig has two outputs. This unit can be used either to combine or separate the two bands.

Maldol HS-770
2 m and 440 Mhz ports have a foot long coax with PL-259 connectors. Common is a case mounted SO-239 connector.
It works fine and looks good as well. $45

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF rigs, and HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

8133. REDUCED: Military Sirplus VHF power amplifier

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-09 20:31:38 UTC
From: Bry Carling
Topic: 8133 Message: 8133

REDUCED: MIlitary Sirplus VHF power amplifier
VHF Linear Amplifier, 50 - 100 MHz, AM-1180/GRC

This military surplus workhorse was designed to cover 50-100 MHz, and the power level is officially 250 Watts max input. Great for 6 meter DX. It was originally
used with the T-302/PRC transmitter. Complete with 4X150A tube and everything
needed. Excellent condition, Easily modified to run more power with a 4CX250B
tube as W4DEX and others have done. Simple, basic workhorse amplifier. Easy to
get at everything internally and not a huge size. Needs power supply of approx:
1250V DC at 200 mA, and 6V AC at 2.5 A. You could sSimply add a regulated
screen supply for all-mode linear amplifier operation. Uses N connectors for RF in
and RF out. Dimensions: 12" X 6.25" X 13.5" deep.

Was $115.00

Now available for $75.00 plus shipping

Picture and details at:

http://www.af4k.com/radios.htm

73 and thanks for looking at this electronic marvel!

Bry, AF4K

The"Nashville Rebel" owner of the White Squirrel CB Radio Club, invites all interested prospective members to sign up for the clubs email membership message board. Nashville Rebel validates the continued usefulness of CB radio and the commitment of the White Squirrels membership in his own extremly moving account, as follows:Last year I was contacted by a lady that was seeking help in locating her husband. He was a truck driver and she was trying to get a message to him and let him know that his mother had suffered a severe heart attack and had only hours to live.
He was supposed to be in the Virginia area. I sent a message to all my members to attempt to locate the driver using his Name, CB handle and name of the company he worked for. Many of the members got on their CB's and someone was able to contact the
driver in Kentucky 13 Miutes Later,He was able to make it home in time to kiss his mother goodbye before God took her away.

From: Bry Carling
Topic: 8135 Message: 8135

FOR SALE: RCA All-American Five Receiver

This is going to look great on the bedside table - a dear old bakelite 1940s receiver by RCA. This All-American Five Receiver covers 550 kHz to 1700 kHz.
The radio is complete and in good condition, and the case and knobs are fine,
except for a smallish crack in the top. Should be easy to repair.
The receiver is available for only $15.00 plus shipping.

8137. FS: LAFAYETTE HA-600 RECEIVER

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-10 11:36:42 UTC
From: Bry Carling
Topic: 8137 Message: 8137

FOR SALE: Lafayette HA600 Amateur Bands Receiver

This is a nice amateur bands communications receiver. Covers 80/75m, 40m, 20m, 15m, 10 AND 6 meters.
Many young radio enthusiasts in the early 1970s saved up all their pay from mowing lawns to buy one of these and then used it as their first novice receiver.
Model is 99-2595WX. This was the later model of these type receivers and it has significant improvments over earlier versions.
Requires an external speaker. Modes AM/SSB and CW. Coverage 80 - 6m.
Produced 1970-1975. Comes with a handy digital PDF copy of the manual.
Excellent, like-new cosmetic condition, looks beautiful. One knob is not original. Looks like new otherwise.

Available for $89.00 plus shipping

Pictures and details at:
http://www.af4k.com/radios.htm#HA600

73 - Brian, AF4K

8140. Pumping Gas -- Good Advice

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-11 08:48:21 UTC
From: Big Al
Topic: 8140 Message: 8140

TIPS ON PUMPING GAS
I don't know what you folks are paying for gasoline.... but here in California we are paying up to $3.75 to $4.10 per gallon. My line of work is in petroleum for about 31 years now, so here are some tricks to get more of your money's worth for every gallon:

Here at the Kinder Morgan Pipeline where I work in San Jose , CA we deliver about 4 million gallons in a 24-hour period thru the pipeline.. One day is diesel the next day is jet fuel, and gasoline, regular and premium grades. We have 34-storage tanks here with a total capacity of 16,800,000 gallons.

Only buy or fill up your car or truck in the early morning when the ground temperature is still cold. Remember that all service stations have their storage tanks buried below ground. The colder the ground the more dense the gasoline, when it gets warmer gasoline expands, so buying in the afternoon or in the evening....your gallon is not exactly a gallon. In the petroleum business, the specific gravity and the temperature of the gasoline, diesel and jet fuel, ethanol and other petroleum products plays an important role.

A 1-degree rise in temperature is a big deal for this business. But the service stations do not have temperature compensation at the pumps.

When you're filling up do not squeeze the trigger of the nozzle to a fast mode If you look you will see that the trigger has three (3) stages: low, middle, and high. You should be pumping on low mode , thereby minimizing the vapors that are created while you are pumping. All hoses at the pump have a vapor return. If you are pumping on the fast rate, some of the liquid that goes to your tank becomes vapor. Those vapors are being sucked up and back into the underground storage tank so you're getting less worth for your money.

One of the most important tips is to fill up when your gas tank is HALF FULL . The reason for this is the more gas you have in your tank the less air occupying its empty space. Gasoline evaporates faster than you can imagine. Gasoline storage tanks have an internal floating roof. This roof serves as zero clearance between the gas and the atmosphere, so it minimizes the evaporation. Unlike service stations, here where I work, every truck that we load is temperature compensated so that every gallon is actually the exact amount.

Another reminder, if there is a gasoline truck pumping into the storage tanks when you stop to buy gas, DO NOT fill up ; most likely the gasoline is being stirred up as the gas is being delivered, and you might pick up some of the dirt that normally settles on the bottom.
To have an impact, we need to reach literally millions of gas buyers. It's really simple to do.

8142. IF YOU HAVE BEEN SCAMMED, CONTACT US!

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-11 23:00:13 UTC
From: United Nation's Foundation
Topic: 8142 Message: 8142

SCAMMED VICTIM/US$1,000,000.00 BENEFICIARIES.REF/PAYMENTS CODE: 06654 $1,000,000.00.

ATTENTION SIR/MADAM,

CBN./UNITED NATIONS 2006 SCAM VICTIMS COMPENSATIONS PAYMENTS .

This is to bring to your notice that we are delegated from the United Nations & Central Bank to pay 150 scam victims US$1,000,000.00 (ONE MILLION UNITED STATES DOLLARS) each. You are listed and approved for this payment as one of the scammed victims to be paid this amount, get back to us as soon as possible for the immediate payments of your US$1,000,000.00 compensations funds.

On this faithful recommendations, we want you to know that during the last U.N. meetings held at Abuja-Nigeria. it was alarmed so much by the world in the meetings on the lost of funds by various individuals to the Nigerian scam artists operating in syndicates all over the world today. In other to compensate victims, the U.N Body in conjunction with the Nigerian Government is now paying 150 victims of these operations US$1,000,000.00 each in accordance with the U.N. recommendations.

Due to the corrupt and inefficient Banking Systems in Nigeria, the Payments are to be supervised by the 'United Nations' Officials and the Central Bank of Kenya, as the corresponding paying bank is STANDARD CHARTERED BANK. Nairobi Branch -Kenya. According to the number of applicants at hand, 114 Beneficiaries has been paid, half of the victims are from the United States, we still have more 36 left to be paid the compensations of US$1,000,000.00 each .Your particulars was mentioned by one of the Syndicates who was arrested as one of their victims of the operations,

You are hereby warned not to communicate or duplicate this message to him For any reason what so ever as the U.S. secret service is already on trace of the other criminals. So keep it secret till they are all apprehended. Other victims who have not been contacted can submit their application as well for scrutiny and possible consideration. If you have already been notified of this payment programme previously, do proceed with your claim as required.

As directed by the Global Settlement Committee, You can receive your compensations payments via any of this payment Options you may Choose: (A.)CERTIFIED CHEQUE, (B.)ATM CARD PAYMENTS (C.) WIRE TRANSFERS. We shall feed you with further modalities as soon as we hear from you.

Yours faithfully,

Ms. Rosemary V. B

8159. FS: UHF converter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-17 12:24:10 UTC
From: Bry Carling
Topic: 8159 Message: 8159

Hamtronics UHF Converter - designed for 800 MHz.

Input is via a PL-259 coaxial plug to the adapter
for Motorola plug on the front panel.
Output cable has a Motorola plug for use with older
type scanners but
it can easily be adapted to other type connectors.

Available for $4.00 pus shipping.

Picture and details at:

http://www.af4k.com/miscpart.htm

73 - Bry, AF4K

8160. FS: 811 TUBES for $8.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-17 12:29:11 UTC
From: Bry Carling
Topic: 8160 Message: 8160

FOR SALE: FOUR 811 TUBES, three are 811A types.

Three RCA Tubes, One Cetron as follows:

QTY 2 X RCA 811A
QTY 1 X RCA 811
QTY 1 Cetron 811A

These are used tubes, but test good and still work.
They come in boxes with all the protective
material.

Will sell all four for $32.00 plus shipping

Picture and details will be at:

http://www.af4k.com/miscpart.htm#811A

73 - Brian, AF4K

8203. Microphones FS - Desk Mic, DTMF, Speaker Mics, and accessories FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-27 12:47:38 UTC
From: Ken Simpson, W8EK
Topic: 8203 Message: 8203

Microphones For Sale --
Desk Microphones, DTMF Touch Tone Microphones, Speaker Microphones, and other Microphone Accessories

Desk Microphones:

Kenwood MC-80 Desk Microphone:

The Kenwood MC-80 is an omnidirectional electret condenser "gooseneck" desk mic. It has UP-DOWN tuning plus a built-in pre-amp. There is a switch for PTT and also a lock feature. The mic impedance is 700 ohms so it can be used with a wide range of models, and it has a frequency response of 200 Hz to 7 KHz. There is a potentiometer adjustment on the back of the mic stand to adjust the output level. The mic terminates to a standard 8 pin Kenwood mic plug. It requires voltage from the Kenwood transceiver to operate.

This one works fine, sounds good, has a new wind screen, and is in its original box. With paper work for $75.

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently has stripped and tinned ends. Nice condition. $35

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

Viking 2000, Model 709
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. $35

Regular Hand Microphone:
This one says Midland on the front, but no model number
given. It has a transformer inside, so it can be used for
either Hi Z or Low Z. Stripped and tined leads. $25

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that need 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Heil Wind Screen
This windscreen can be used with a variety of microphones,
including the GM-5. Excellent condition. $10

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end, and nothing on the other end. Ideal
to add your own connector. Can be used with the CC-1 XLR-4
above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone holders:

Electro Voice
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics, and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the inside to protect the mic. For 1/2 inch to 5/8 inch diameter microphones. Standard 5/8 inch threads. $5

Microphone Holder from a Kenwood MC-60 desk microphone
This is the black plastic (or is it bakelite ?) piece that attaches to the mic stand and holds the mic. It includes the chrome screw/bolt, and looks like new. Ideal if yours is broken. It probably is used on other mics as well. $10

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

OFFER - three large round torroid cores. Take all three - not one or two.
These are 2-/38" diameter new ferrite toroid cores....

Free for postage - first come, first served!

73 - Bry, AF4K

8223. Reduced: Hallicrafters SX-101A Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-04-30 17:50:03 UTC
From: Bry Carling
Topic: 8223 Message: 8223

Reduced: HALLICRAFTERS SX101 AMATEUR BANDS RECEIVER

AM, CW and SSB coverage of the 80m through 10m ham bands with slide
rule dial.
Excellent - many extra features including noise blanker etc.
Designed for rack mount, and hence no cabinet with this one. One knob is
missing.

The main dial and knob are in good condition. It has been re-capped and is
in overall decent condition. Normally supplied with the calibrator but will sell
without to save someone money. Easily mounted in a standard rack cabinet
with front opening measurement of 19" width.

Let me make it cleart that this receiver normally came with the
100 kHz crystal calibrator.
Will sell without the calibrator for anyone who so desires, for an
even further reduced price, as shown bleow.

If left over, the calibrator will be available for $29.00 plus shipping.

SX101A Now available without calibrator for $75.00 plus shipping
SX101A with calibrator for $95.00 plus shipping

Picture and details at:
http://www.af4k.com/radios.htm

From: Bry Carling
Topic: 8226 Message: 8226

FOR SALE:

Isolation transformer 115V AC to 115V AC at 500 watts.
Also has taps for 10V, 14V and 22V. Conservatively rated.
With power on-off switch, cables and IEC adapters for receptacles.
Like new. Available for $25.00 plus shipping.

Crystal ovens - octal style, brand new 6.3V power needed. Hold two
type hc6u metal can crystals. Brand new. Picture available.
QTY 15 available for $5.00 each or buy ALL 15 for $50.00

Group of RF chokes:
QTY 12 of 0.5 mH rf chokes at 50 mA plus.
QTY 26 of 0.35 mH rf chokes at 50 mA plus.
These are all brand new with full length leads, great for homebrew
applications.

Group of antique radio dials 2 (they look like Johnson? Hallicrafters?)
and knobs 5 - again they are special, no doubt. Two are brand new,
rare knurled knobs made for those variable capacitors with the 3/8"
diameter shaft. Picture and details available on web site below.
Will sell this group for $20.00 plus shipping

TO-3 heat sink - like new. Hold a single TO-3 device such as a 2N3773
power transistor etc.
Finned aluminium heatsink with dimensions: 4-1/2" X 3-5/8" X 2-1/2"
Includes mounting hardware. Available for $1.00

QTY 10 crystals on 25.000 MHz - surface mount. Ears that are
easily soldered to with standard non-smd soldering equipment and
wires.
Will sell all 10 for $2.00 plus shipping

Box of new old stock silicon power transistors and hardware
All ne win packages, Includes:
SK3024, ECG175, 2N3053 (HEP), 1N645, a small audio transformer,
Six RCA 40511 power transistors in boxes. Also a 7.5V - 10 watt
zener diode, plus some electrolytic capacitors, resistors, a large
bag of mixed, new and used transistors, a box of 5 amp cartridge fuses,
two "F" connector high pass filters, etc. etc.
Entire box of goodies for $12.00 plus shipping.

I will post some of the pictures soon at:
http://www.af4k.com/miscpart.htm

First come, first served.

Thanks for reading,

73 de AF4K, Bry

8235. Any Info. Needed

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-02 13:13:40 UTC
From: Big Al
Topic: 8235 Message: 8235

I am looking for the meter doctor. On ebay you see him selling Palomar meters and he says they have been restored by the meter doctor. Does anyone know how to get in contact with him. I have a Palomar meter that is in mint condition , but the swr seems to not work. Power works great, just the swr seems to be dead. Any help at all.

From: Bry Carling
Topic: 8282 Message: 8282

For sale: MFJ-40T QRP Transmitter for 40m CW.

Has three crystal positions, and VFO input. 3-position switch selects frequency source to the front socket or the two internal crystal sockets. Uses standard FT243 crystals. Or plug in a VFO to the front panel phono jack. 50 ohm output. Requires 9 to 12 V DC power.

Comes one 40m crystal and the operating info sheet plus schematic diagram. Optional additional crystals available also.

Picture here:
http://www.af4k.com/imag/ham/343045.jpg

Available for $32.00 plus shipping

8286. REDUCED: Two 250 watt "Variacs"

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-12 11:06:38 UTC
From: Bry Carling
Topic: 8286 Message: 8286

REDUCED:

Two 250 watt variacs - Each designed for 0 - 250 V AC at 1 amp, 60 Hz.
Can be used at 120V AC also.

These are conservatively rated and can probably handle 1.5 to 2.0 Amps at 120V easily.
They are three terminal, open frame Powerstat variable transformers with 1/4" shaft.
One has a knob.

Now available for $22.00 each plus shipping

8298. REDUCED MORE: POWERSTAT VARIACS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-14 12:54:42 UTC
From: Bry Carling
Topic: 8298 Message: 8298

REDUCED EVEN MORE (Next stop eBay)

Variable AC transformers. With front panels.

Two 250 watt "variacs" - Each designed for 0 - 250 V AC at 1 amp, 60 Hz.
Can be used at 120V AC also.

These are conservatively rated and can probably handle 1.5 to 2.0 Amps at 120V easily.
They are three terminal, open frame Powerstat variable transformers with 1/4" shaft.
One has a knob.

Now available for $15.00 each plus shipping

Next stop eBay if nobody wants them.

73 & thanks for looking - Bry, AF4K

From: Mrs Monica William
Topic: 8303 Message: 8303

Unpaid-Beneficiary

It is obvious that you have not received your fund which is to the tune of $1.8million due to past corrupt Governmental Officials who almost held the fund to themselves for their selfish reason and some individuals who have taken advantage of your fund all in an attempt to swindle your fund which has led to so many losses from your end and unnecessary delay in the receipt of your fund.

The National Central Bureau of Interpol enhanced by the United Nations have successfully passed a mandate to the current president of Nigeria his Excellency President Goodluck Jonathan to boost the exercise of clearing all foreign debts owed to you and other individuals and organizations who have been found not to have receive their Contract Sum,Lottery/Gambling, Inheritance and the likes.

Now your payment will be send to you by ATM card that will be coming alongside a custom pin which you will use to withdraw up to $10,000 per day from any ATM machine that has the Master Card Logo on it.

Also with the ATM card you will be able to transfer your funds to your bank account. The ATM card comes with a handbook or manual to enlighten you about how to use it. Your payment would be sent to you via UPS or FedEx. Because we have signed a contract with them which should expired by July 20th 2011. Below are few list of tracking numbers you can track from UPS and Fedex website to confirm people like you who have received their payment successfully.

Name:J2261466148 John krasnow (www.ups.com)
Name:J2261466111 Roberts LaTanya (www.ups.com)
Name : Christine Fuller:UPS Tracking Number: J2261466139 (www.ups.com)
Name : Mary Brodhead: UPS Tracking Number:J2261466095(www.ups.com)

To effect the release of your fund valued at $1.8million you are advised to contact the director of payment and delivery officer

Name: Jerry Hans
TELEPHONE NUMBER: +234-704-410-6015
Email Address deliver444@... or deliver444@... or deliver444@...

On contacting him do provide him with the following informations:

Your full Name:
Your Address:
Home/Cell Phone:
Age/Occupation:

Yours sincerely,
Mrs Monica William
Nigerian Payment Reprensative Officer.

CC: National Central Bureau of Interpol

I have some nice working Motorola HT-90 radios. Each radio is 5 full watts, Each radio is 2 channels. They are VHF radios. Here is what all comes with them.

1. You get 4 radios
2. 2 Leather carrying cases
3. 1 Desk charger
4. 2 Hand held mics
5. 4 Batteries

I would do some trading. If interested just send me an email.

8315. Preparing for Memorial Day..,

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-18 11:19:12 UTC
From: Big Al
Topic: 8315 Message: 8315
Attachments: 5 described; binary payloads are missing from this source WARC

Memorial Day, thanks to all of our
Veterans!

We can never say or do enough for
those that fought and especially to those who fought and died for our
freedom...thanks also to our allies! So many have been lost in war and as
much as none of like war, until we no longer have people who want to force their
own wills and the way they want to do things...plus willing to kill people to
get their own way, we will continue to have wars
unfortunately..,

Vintage World War II poster, we lose
more and more of our Guys and Ladies that fought that war.

Some things we will never forget, a
big shout out to the "Greatest Generation" Thank you for keeping us
free!

 Memorial Day just take time to remember why we
have this freedom and how fast it could be taken away if we just sit back and do
nothing or if we had not fought in past wars how it could have been gone
already!
Big Al
                                Kll-1150

8316. Stand As His Next Of Kin

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-18 07:47:46 UTC
From: Mr. Athanasios Babalis
Topic: 8316 Message: 8316

Dear Friend,

If this mail is of no interest or is in any way inappropriate, please delete.

I am Mr. Athanasios Babalis, the Auditor General, National Bank of Greece.
In the course of my auditing, I discovered a floating fund in an account, which was opened in 1990 belonging to a dead foreigner who died in 1999. Every effort made to track any member of his family or next of kin has since failed; hence I got in contact with you to stand as his next of kin since you bear the same last name with him. He died leaving no heir or a will.

My intention is to transfer this sum of US$15.5M Dollars in the aforementioned account to a safe account overseas. I am therefore proposing that you quietly partner with me and provide an account or set up a new one that will serve the purpose of receiving this fund.

For your assistance in this venture, I am ready to part with a good percentage of the entire funds.After going through the deceased person's records and files, I discovered that:

(1) No one has operated this account since 1999
(2) He died without an heir or WILL; hence the money has been floating.
(3) No other person knows about this account and there was no known beneficiary.

If I do not remit this money urgently, it would be forfeited and subsequently converted to company's funds, which will benefit only the directors of my firm. This money can be approved to you legally as with all the necessary; documentary approvals in your name. However, you would be required to show some proof of claim, which I will provide you with and also guide you on how to make your applications.

Please reply so that I can send you detailed information on the modalities of my proposition. I completely trust you to keep this proposition absolutely confidential, if you are interested to work with me kindly forward below information:

Your First and Last Names:
Telephone and fax numbers
Occupation:
Your Age:
Your Nationality:

Best Regards,
Mr. Athanasios Babalis

FOR SALE: Slatboard Transmitter
Beautiful homebrew device built by WD4NKA. Uses hardwood and angle aluminum for a fine, compact chassis. Most parts in this are new.

Has silver mica capacitors, two large RF chokes. Nice ceramic 140 pF variable capacitor, two large RF chokes, 30 pF trimmer cap and a 3" diameter copper tank coil. Appears to be for a 6V6 or 6AG7 etc. - tube missing. Includes key terminals, (binding posts) - barrier strip marked for B+, Ground and filament power connections.

(Crystals and a Power Supply are available separately.)

Will sell for $25.00 plus shipping.

Send for pictures.

8324. FS: Two tube type power supplies etc...

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-19 23:45:11 UTC
From: Bry Carling
Topic: 8324 Message: 8324

FOR SALE: Two tube type power supplies etc. etc.

POWER SUPPLY NUMBER ONE:
First is a homebuilt 117V AC, slat-board style station power supply, built by WD4NKA and appears to match the little transmitter mentioned earlier. It has a nice, large AC power transformer that willl supply way more power than needed for just the little transmitter. Secondaries are 750V c.t. at about 200 ma, 6.3V, 5V etc.
This is also slat board construction, with hardwood, and aluminum angle stock.
Has fuse, ON-OFF switch with knob, 6X5 rectifier, two VR tubes and two 40 uF at 450V DC Mallory FP style can capacitors.

Has barrier strip output terminals marked for B+, Filament and Ground.

Available for $25.00 plus shipping.

POWER SUPPLY NUMBER TWO:
117V AC primary, B plus and 6.3V AC supply. 445V c.t. AC at about 100 mA.
This is a commercial or surplus supply on a compact chassis. Suitable for QRP xmtr or for a use with receiver. It has two 20 uF at 350 WVDC can capacitors, and a 6X% rctifier plus a regulator tube.

Available for $19.00 plus shipping.

More power supply components:
TWO AEROVOX Electrolytic plug-in capacitors (Octal Sockets) each is 10+10+10 uF at 450 WVDC.
Will sell the pair for $5.00

High Voltage POWER SUPPLY Board. Has FIVE 100 uFD at 450V capacitors in series for 20 uF at 2250 WVDC, and also has balancing / bleeder resistor across each one - These are each 50 kilohms at 20 watts. All new parts mounted on a nice phenolic board with mounting hardware. Picture available on request.
Available for $16.00 plus shipping.

Coming soon - s0me antique knobs, dials, transmitting and receiving tubes etc.

73 & Thanks for looking!

Bry, AF4K

From: Big Al
Topic: 7773 Message: 8363

I have a very nice Palomar Elite 250HD that i bought brand new. Nothing or no one has ever had it open or there hands in it. It works very good and the preamp works also. I worked 65 miles from my home and i got it to talk to my wife on the way to and from work, We used it on my base. We was able to talk to each other all the way to work and back. We used it for about a month or so. Even its a High Drive amp, we never put no more than 4-6 watts in it. If interested in it, please drop me an email. Please make offer. I have seen them on ebay that goes up to 129.00. USED. Like i said please make me an offer. I can email pictures of it.

8366. FS: Tube type preamp with tone controls

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-27 21:22:39 UTC
From: Bry Carling
Topic: 8366 Message: 8366

FOR SALE: Tube type preamp / tone controls.

Here is a cool "signal processor" of sorts.

It has those screw-on coaxial mono audio connectors of yore, usually used for mic level signals.

Has two tubes, 6SQ7 and 6SN7. Two Allen Bradley pots with black "chicken head knobs" for bass and treble cut-boost, and has beautiful construction using cloth-covered wire. No AC supply on board but DOES have a dual 20 uF + 20 uF at 450V DC can capacitor. Requires about 250V DC at 25 mA and 6.2V AC at 1A. Includes numerous capacitors and carbon composition resistors.

Small aluminum chassis dimensions: 6.5" X 5.5" X 1" tall.
Overall 4" tall with parts. Pictures available on request.

Available for $15.00 plus shipping.

Thanks & 73 de AF4K, Bry

8373. FS: Box of new heavy-duty switches

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-05-29 20:07:02 UTC
From: Bry Carling
Topic: 8373 Message: 8373

FOR SALE: Box of new heavy-duty switches

These are American made heavy duty switches. Mostly new - there are about 12 momentary switches with 4 pole two positions (center off.) Some other 2 pole and 4 pole switches. On large SPST switch - some DPDT fixed and momentary switches. Some of these are momentary, some fixed, and some are rocker switches. Most mount with either 3/8" bushing or two #6 screws. It's a nice assortment. One large ceramic two pole 3-position, dual contacts KW-class rotary switch. Total of 24 switches in the box for $20.00 plus shipping.

How To Beat The Soaring Prices!

An absolutely amazing program! Since joining I have been saving between 70% - 85% on all my groceries. Several women in my crochet class told me they are also using this program and saving a fortune. I am so glad I found this article. The company's website is at http://savingmorethanbefore.com You literally end up paying pennies on the dollar for everything!

8445. Coax Switches and Wattmeters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-06-15 22:09:21 UTC
From: Ken Simpson, W8EK
Topic: 8445 Message: 8445

For Sale: Accessory items, primarily related to HF ---
Coaxial Antenna Switches, and Wattmeter / SWR Bridges,
and more

Coaxial antenna switches:

B & W CS-3 G "Protax" (formerly called Model 593)
This is a 3 position antenna switch with the four SO-239
connectors coming out the back of the rectangular enclosure.
It does ground all unused connections.
This one works fine and looks like new. With paper work
for $30.

B & W CSR-5 G "Protax" (Formerly known as Model 376)
This is a five position antenna switch with the six SO-239
connectors coming out of the switch like the spokes of a
wheel. Unused connections are grounded.
This switch is in its original box, with paper work, and
appears unused. These go for about $75 new. Buy this
one for only $55.

B & W Model 550 G coax switch
This model will switch up to 5 antennas, and DOES ground
unused antennas. It has SO-239 connectors on the sides,
with the coax coming out like spokes of a wheel. It is
in good condition and works fine. Mounting bracket is
included for $30.

Wattmeters:

Micronta 21-520 A Dual Meter HF Wattmeter:
Full scale readings of 10, 100 and 1000 Watts. It has a
remote pickup sensor with about 3 feet of cable to the
dual meter control head. It reads both SWR and forward
watts at the same time, on the dual meters, which are
fairly large. This one is in extremely nice, close to
new, shape. $55

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with
250 and 25 watt scales. It can also be used to check
SWR, and has a remote sensor that can either be left
inside the meter, or separated from the actual meter.
SO-239 connectors in and out. This particular meter works
great, looks great and includes paper work for $45.

SWR Bridges:

Both of these SWR Meters will operate from 160 thru 2 meters, and have an SO-239 connector on each end.
All will work on HF, and VHF, covering 3 to 150 MHz, so are ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2

This SWR Bridge features two separate meters -- one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna at the same time. They were made in Japan, and labeled with various names, including Swan, Siltronix, and Quement.
It works fine and looks great. With paper work for $40.

Single meter SWR Bridge:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
Covering HF, 6 meters, and 2 meters, it is ideal for the new rigs with 6 meters and 2 meters in them.
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $32

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

For Sale: Accessory items, primarily related to HF ---
Coaxial Antenna Switches, and Wattmeter / SWR Bridges,
and more

Coaxial antenna switches:

B & W CS-3 G "Protax" (formerly called Model 593)
This is a 3 position antenna switch with the four SO-239
connectors coming out the back of the rectangular enclosure.
It does ground all unused connections.
This one works fine and looks like new. With paper work
for $30.

B & W CSR-5 G "Protax" (Formerly known as Model 376)
This is a five position antenna switch with the six SO-239
connectors coming out of the switch like the spokes of a
wheel. Unused connections are grounded.
This switch is in its original box, with paper work, and
appears unused. These go for about $75 new. Buy this
one for only $55.

B & W Model 550 G coax switch
This model will switch up to 5 antennas, and DOES ground
unused antennas. It has SO-239 connectors on the sides,
with the coax coming out like spokes of a wheel. It is
in good condition and works fine. Mounting bracket is
included for $30.

Wattmeters:

Micronta 21-520 A Dual Meter HF Wattmeter:
Full scale readings of 10, 100 and 1000 Watts. It has a
remote pickup sensor with about 3 feet of cable to the

Microphones For Sale --
Desk Microphones, DTMF Touch Tone Microphones, Speaker Microphones, and Microphone Stands and other Microphone Accessories

Desk Microphones:

TenTec 705 desk microphone
This electret desk mic has the PTT and "hold" buttons.
It works great, and looks close to new.
With paper work for $75.

Microphone for Heath Twoer, Sixer, Tener, etc.:

This is the mic that Heath used with these popular rigs.
If you have a rig that is lacking the microphone (which seems to be the case most of the time), this is your opportunity to get one.

This one works OK, and looks OK as well.
It has the very nice cotton covered cord.
and presently has a 1/4 inch plug on it. $25

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

DTMF Touch Tone Microphones:

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently has stripped and tinned ends. Nice condition. $35

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the

front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Data Signal "Data-Coder 5" Touch Tone Mic
This mic has a 12 digit touch tone pad on it, plus a normal
low impedance microphone. With 4 pin plug. Like new. $36

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

Viking 2000, Model 709
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. $35

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that need 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Heil Wind Screen
This windscreen can be used with a variety of microphones,
including the GM-5. Excellent condition. $10

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end, and nothing on the other end. Ideal
to add your own connector. Can be used with the CC-1 XLR-4
above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone holders:

Electro Voice
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics, and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the inside to protect the mic. For 1/2 inch to 5/8 inch diameter microphones. Standard 5/8 inch threads. $5

Microphone Holder from a Kenwood MC-60 desk microphone
This is the black plastic (or is it bakelite ?) piece that attaches to the mic stand and holds the mic. It looks like new. Ideal if yours is broken.
It probably is used on other mics as well. $10

Prices do not include shipping from Florida.

I also have many other accessories available such as many different types of HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Thanks.

Dual Band mobile FM transceivers, 2 meter FM transceivers, and Dual Band HTs, For Sale:

Kenwood TW-4100 A, Dual Band mobile FM transceiver:

The Kenwood TW-4100A is a high powered dual-band transceiver providing 45 watts on 2 meters and 35 watts on 70 cm (440 MHz). A low power setting of 5 watts may also be selected. Ten memories with offset recall and lithium battery backup are provided. There are separate antenna output jacks on the back panel for 2 meters and 440 MHz. It is supplied with an MC-48, 16 key DTMF hand mic, mobile mounting bracket and DC power cord. Requires 13.8 VDC at 7.5 amps.

Features
* 10 Memories
* Scanning
* Priority Watch
* Lithium battery backup
* Frequency Lock
* Auto Repeater Offset
* Large LCD Display
* MC-48 DTMF Microphone with up/down switches

This particular unit works great and looks fine. It has a subaudible tone encoder added where the speaker would normally be. That means that an external speaker needs to be used with it.

With DTMF Mic, tone encoder, mobile bracket, power cord, and paper work for $160.

Icom IC-228 H, 45 watt 2 meter mobile transceiver:

The Icom 228H is a 45 watt 2 Meter mobile FM transceiver. There is also a setting for 5 watts output when less power is needed. The multi-colored backlit LCD display is readable over a wide range of light. This radio has 20 memories and priority watch. It also has programmed scanning or memory scanning. This radio requires 13.8 VDC and receives from 138 to 174 MHz. It has a built in tone encoder.

This particular unit works great and looks very close to new. It is in its original box, with mobile bracket and power cord. It even has the bag of misc hardware that I don't think has ever been opened.

With paper work for $110.

Icom IC-28 H, 2 meter FM mobile transceiver:

The Icom IC-28 H is a well-built 2 meter FM mobile transceiver providing 45 watts of power. There is also a setting for 5 watts output when less power is needed. The backlit LCD display is readable over a wide range of light. This radio has 21 memories. It also has programmed scanning or memory scanning. This radio requires 13.8 VDC and received from 138 to 174 MHz. It has a built in tone encoder.

It works fine and looks fine also. No mobile bracket or "extras" with this one -- just the radio and paper work for $80.

Alinco DJ-580 dual band (2m and 440 MHz) HT:

Covers 110 to 174 MHz in the VHF position, which includes the AM Aircraft band. 440 to over 480 MHz in the UHF position. It is my understanding that it can also be modified to cover into the 800 and 900 MHz region. It will also cross band repeat, and is a very rugged radio.

Power output has 3 different levels. With the 7.2 V battery packs, it has 0.25 W / 1 W / 2.5 W. If used with the larger 12 V batteries, it will produce 0.25 W / 1.2 W / 5 W.

This particular unit is in very good shape, both electrically and cosmetically. The keyboard has very crisp and clear lettering. It includes the empty 6 cell battery pack that takes six AA cells, rubber duck antenna, belt clip, wrist strap, and paper work.
$150

Yaesu VX-3 dual band HT:

The Yaesu VX-3R 2 meter/440 MHz handheld has extensive receive frequency coverage, providing local-area two-way amateur communications along with unmatched monitoring capability.
The VX-3R receives 500-1800 kHz (AM Band), 1.8-30 MHz (Shortwave), 30-76 MHz (VHF Lowband with 6M), 76-108 MHz (FM band), 108-137 MHz (Air), 137-174 MHz (VHF with 2M), 174-222 MHz, 222-420 MHz (VHF with 220), 420-470 MHz (440), 470-800 MHz and 800-999 MHz.
You get a 1000 channel memory system, and can enjoy stereo FM and AM broadcast reception.

Power output with the supplied Lithium Ion battery is 1.5 watts VHF and 1 watt UHF. With the optional E-DC-21 DC adapter output jumps to 3 watts and 2 watts!

This particular HT is like new. It works 100%, and looks like new, with no scratches. It has a rubber duck antenna, LiIon Battery and charger in its original box, with paper work all for only $155.

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

8478. Re: The Great Supermaket Pricing Loophole!

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-06-24 14:27:57 UTC
From: Editor, American Mother
Topic: 8478 Message: 8478

Recently our moderator shared her high praise for the savings programs at http://savingmorethanbefore.com I found her posting to be very interesting. As some of you know my magazine has a feature section where we research and report on various programs every month. So I decided that we would research this program last month. We signed up as a regular consumer, we signed up for their sampler program. In 6 days from the date we placed the order, the package arrived. We immediately began using the various programs that it includes. At the supermarket, we purchased $ 177.74 worth of food and general non food items and only had to pay $ 18.83. Then we tried the restaurant program, being hungry from all that shopping, myself and three other staff members went out to eat. Using this program we ate out at a 50% savings. Finally, we purchased several items from the Online Wholesale Mall and saved between 36% - 52% off there normal prices. Overall, we found this program to be highly effective and our column indicates the same.

Patricia Symon, Editor-in-Chief
American Mother

Dear Friend.

RE: NEXT OF KIN / BENEFICIARY FOR US$20

I am sure that this letter will come to you as a surprise to you, but do not worry because I only found your name through internet searching and I decided to contact you for this business.

My name is Mr. Louis Wallner, a staff of one of the leading banks here in London and also a Member of the AMERICAN AND EUROPE BANKERS ASSOCIATION.

Twenty Millions US Dollars was deposited since 2000 in our bank and the beneficiary (Mr. Robert John) died in 2004 South Asia Tsunami with his family while on a holiday in Thailand.

All attempts to trace any of his relatives since his death were not successful. Now, I want you to stand as NEXT OF KIN / BENEFICIARY for these fund release to you and we will share this money together.

40% will be for you and 60% will be for me which I also intend to invest in Real Estate Business in your Country.

If you are interested, send me the followings through my email address stated above:-

Complete first and Last names
Complete Address
Phone and Fax Numbers
Date of Birth
Occupation
Marital Status

Please I want this deal to be very secret and should not be disclose to anyone. If you have any questions let me know ASAP.

Thank you for your understanding.

Yours faithfully,
Mr. Louis Wallner.

8494. Digital interfaces and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-07-01 16:41:15 UTC
From: Ken Simpson, W8EK
Topic: 8494 Message: 8494

Digital Interfaces and related items For Sale:

AEA PK-232 MBX, multi-mode digital controller.
More than just a TNC. It will handle packet, RTTY, Amtor, ASCII, CW, etc. It has version 7 firmware, which I think is the latest. It includes Pactor in it. It works fine, and looks very close to new. The large, inch thick manual is included, all in the original box, for $125.

AEA AC-1 "Wall Wort" Power Supply
This "Wall wort" power supply will supply 12 V DC at up to 1 amp.
It can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive, so it can be used on many different things that require 12 V DC at up to an amp, such as keyers, antenna tuners, etc.
This is a "regular" wall wort -- not the new switching type that creates all sort of noise in your receiver.
Get this one, and leave the noise behind. $14

Waters "Universal Hybrid Coupler II" Model 3002:

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Heath HD-15 phone patch / digital interface
This is the unit with the VU meter on the left and 3 knobs that match the SB series to the middle and right. Low or high Z output to the transmitter. It can also be used as

an interface for PSK31, and other digital modes that use
a sound card. The meter makes it great for setting levels.
This one is all original. It is in excellent condition.
Cosmetically, I can not find a scratch on it.
Paper work included for $25.

Heath HD-15 as above, but shows slight wear. $22

I also have parts from an HD-15 donor unit available.
Please let me know what parts you need.

Books related to digital modes:

CQ: The Packet Radio Operators Manual
By Buck Rogers, K4ABT, Close to new condition, $14

ARRL Your Packet Companion
by Steve Ford, WB8IMY; like new. $8

ARRL Specialized Communications Techniques
1975, First Edition, $15

ARRL Learning to Work with Integrated Circuits,
First edition $10

The Radio Amateur's Digital Communications Handbook
By KR3T, J Mayo, Published by Tab, Hardback Book,
Like New, 208 pages, 1992, $12

The Packet Radio Operators Manual published by CQ
By Buck Rogers, K4ABT, 1995, Close to new condition, $12

Tab Books:
"Oscar: The Ham Radio Satellites"
by recent silent key Dave Ingram, K4TWJ
First Edition, Hardback, Like new, $14

Ham CD:

Ham Exams
Software for studying for Tech, General and Extra Class License
exams. It also includes Morse Code Software, plus a variety of
other nice ham programs, including digital programs. $15

MFJ 484 C "Grandmaster" Memory Keyer:

MFJ 484 C "GrandMaster" Keyer with Memories
This keyer has a built in sidetone, with volume and tone
adjustable on the front panel. Speed and weighting are
also adjustable from the front panel.
It has 4 large memories. You may install a 9 volt battery
to preserve memory contents during a power failure. It can
be powered by either a 9 Volt battery, a 9 V DC wall wart,
or your station 12 V DC power supply.

It is a nice eggshell white and wood grain enclosure that matches the TenTec KR-2 paddle. This one works fine and looks great.

With paper work for $55.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

I have a set of Motorola CS-10 radios that i need a couple of parts for. I don't know what you call them but here is what i am looking for. On the side of the radio were you plug the wall charger in it has a rubber peace that covers it up when you are done charging the radio. If you have two of them and would like to sell them please let me know. Or maybe you could tell me were to buy two of them. Thanks.
P.S. They are the same radios as the SP-10 radios.

Then said Jesus to them again, Peace [be] unto you: as [my] Father hath sent me, even so send I you.
As soon then as they were come to land, they saw a fire of coals there, and fish laid thereon, and bread.
Jesus answered, If I honour myself, my honour is nothing: it is my Father that honoureth me; of whom ye say, that he is your God:
The Pharisees heard that the people murmured such things concerning him; and the Pharisees and the chief priests sent officers to take him.
Jesus answered and said unto them, I have done one work, and ye all marvel.
And I, if I be lifted up from the earth, will draw all [men] unto me.
For I have given you an example, that ye should do as I have done to you.
Now when he was in Jerusalem at the passover, in the feast [day], many believed in his name, when they saw the miracles which he did.
Now ye are clean through the word which I have spoken unto you.
Peace I leave with you, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.
If a man abide not in me, he is cast forth as a branch, and is withered; and men gather them, and cast [them] into the fire, and they are burned.
And many of the Jews came to Martha and Mary, to comfort them concerning their brother.
And in that day ye shall ask me nothing. Verily, verily, I say unto you, Whatsoever ye shall ask the Father in my name, he will give [it] you.
If a man on the sabbath day receive circumcision, that the law of Moses should not be broken; are ye angry at me, because I have made a man every whit whole on the sabbath day?
This is my commandment, That ye love one another, as I have loved you.
I have glorified thee on the earth: I have finished the work which thou gavest me to do.

8514. Many Microphones of different types FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-07-13 18:45:48 UTC
From: Ken Simpson, W8EK
Topic: 8514 Message: 8514

Microphones For Sale --
Desk Microphones, DTMF Touch Tone Microphones, Speaker Microphones, and Microphone Stands and other Microphone Accessories

Note: There are new listings, and also deletions.

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

Hand Microphone:

Azden PCM-463
I think this mic was used on the Azden PCS-4000 and probably other Azden rigs as well. It has an up/down switch on it, and a round 8 pin connector. This one works fine and looks very close to new. $35

DTMF Touch Tone Microphones:

Kenwood MC-46 DTMF Touch Tone Microphone
Touch tone DTMF microphone with 6 pin connector, as used on TR-7730, TR-7800, TR-7850, TR-7930, TR-7950, TR-8400, TR-9000, TR-9130, and others. Up-down switch on top. 16 digit touch tone pad. This one works fine, and includes paper work for $40.

Kenwood MC-48, DTMF Touch Tone Microphone
Round, 8 pin connector, will go with any Kenwood rig taking this kind of connector (TM-201, TM-211, TM-221, TM-231, TM-241, TM-2530, TS-50, TS-430, TS-440, TS-570, TS-850, TS-870, TS-930, TS-940, TS-950, TW-4000, etc.). Has UP and DOWN switches and PTT, along with 16 digit touch. This one works fine, and looks close to new. With paper work for $45.

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It has been rewired with a round 8 pin connector for Kenwood. Nice condition. $40

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Johnson 250-0761-010 / CES 655 DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic. Presently with 4 pin plug. Looks to be unused. $38

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work with Icom, some Yaesu, and Alinco that need 3.5 mm and 2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more compact speaker mic. It works fine, and looks close to new. $15

Heil Wind Screen
This windscreen can be used with a variety of microphones, including the GM-5. Excellent condition. $8

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin XLR connector on one end, and nothing on the other end. Ideal to add your own connector. Can be used with the CC-1 XLR-4 above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone holders:

Electro Voice
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics, and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the inside to protect the mic. For 1/2 inch to 5/8 inch diameter microphones. Standard 5/8 inch threads. $5

Prices do not include shipping from Florida.

I also have many other accessories available such as many different types of HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Thanks.

From: Mr. Hiroshi Kobayashi
Topic: 8516 Message: 8516

From Hiroshi Kobayashi

Name Japan Red Cross Medical Center (Sekijuji Iryo Center)

4-1-22 Hiroo, Shibuya-ku 150-0012.

Re: Business Proposal from Hiroshi Kobayashi

Sir,

Thank you for your time to read my mail. My name is Mr. Hiroshi Kobayashi a businessman in the real estate industry from Japan. I bring to you, an interesting and a lucrative risk-free business offer that will be un-regrettably rewarding, hoping that you will take your time to appreciate the content of this message without prejudice having received it online.

As you may know, the Fukushima Daiichi nuclear disaster accompanied by 9.0 magnitude T?hoku earthquake and tsunami on 11 March 2011 was rated the highest form of natural disaster in human history. This catastrophic environmental disaster has grossly affected the socio-economic lives of the residents in the area and of Japan in general, lowering investor confidence and grossly impairing economic activities in the region.

My businesses and estates were devastated during the crisis and the government of Japan in collaboration with the owners of Fukushima Daiichi nuclear plant has finally agreed to redeem their promises of compensating all victims of the disaster.

My family of (7), My wife, my 5 children and me are one of the beneficiaries of the 124 Billion dollars nuclear disaster compensation funds and we will be entitled to the sum of 22-Million -$-(USD).

We are all currently hospitalized due to serious infections from radioactive materials in the disaster area. Our family has been approved for a payment of a total sum of 22-Million -$-(USD) in compensation for loses and collateral damages including health predicaments as a result of the nuclear crisis. Due to the situation in the country and the uncertainty that looms ahead, I have agreed with my family to secure the funds in an offshore account belonging to me (Details to be provided upon your response).

We need an individual who can receive the funds in home country independently identify a profitable investment portfolio and subsequently invest and manage same funds in same portfolio in home country.

Please let me know if you have the capability of receiving and managing the sum of 22-Million -$-(USD) in your country. If you do, then request comprehensive details of the business proposal, official agreement, identity documents, photos and proof of funds. A decision was reached for compensation and payment of compensation-funds is on the 22nd of June 2011 and we have received our payment on the 22nd of June as scheduled.

In response to this mail, please kindly provide me a brief profile of yourself including your CV and contact details. (Phone numbers and mobile) to enable me access your credibility to handle this transaction. We offer you 25% remuneration of the total funds for your assistance in receiving and facilitating investment and management of the funds in our family name.

Please kindly send your detailed response and profile to my financial consultant strictly at the email address: marystanford2001@... Attn:
Mrs. Mary Stanford, Stanford Associates. Tel: +27-73-9668149 (You can
also call the consultancy firm)

Upon your response, he shall provide you with a comprehensive information about this offer including all relevant details, identities, agreements, and photos, among others.

Please do not send response to me and do not reply this message to me but rather forward your response direct to him at: marystanford2001@... In your response, please do kindly include your comprehensive contact details. Mobile phone number most importantly.

Thank you,

Hiroshi Kobayashia

8520. Fw: Would Like To Know What You Think

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-07-16 10:16:07 UTC
From: Big Al
Topic: 8520 Message: 8520
Attachments: 4 described; binary payloads are missing from this source WARC

I have a Kicker K 500 amp. It looks almost new and works great. Has a lot of power be hide it. The person who had it wanted $100.00 for it. I ended up giving him $80.00 for it. I took a chance on it because he did not have it hooked up so i took his word for it. And i am glad i did. I can set it on 50 watts and it will swing a little over 200 watts. Back in 1980 i had a Taxi Cab Co. I was running a 100 watt Motorola tube type base. I ended up selling out in 1985. I was told back than that i should never turn it off and on because it would burn up the tubes in it. It did not have a fan in it and i keep it on 24/7 for 5 years. Not one time did i ever had to replace a tube in it. So with my K 500 i have had people tell me to keep it on all the time in standby until i was ready to use it. Now it does not have a built in fan so what i did was put a 12 volt fan on
the back of it to help it cool. I have always had extra 12 volt fans and a few 12 volt power supplies. I know they have to be some old timers in the group like me. Back in the 70's when the CB was in full bloom i could not afford a amp back than. I do remember back than they would sell for $1.00 a watt. I don't know if a lot of people remember or knows that is what they sold for back than. So a 500 watt amp would sell for $500.00 and a 100 Watt would sell for $100.00 and so on. I would like your in put on tube type amps, Should you keep it on all the time or turn it off and back on when you was going to use it. What Do You Think? Back than i was running a Sonar tube type base and i would leave it on all the time. I still have that Sonar that i bought new back than. I never will forget what i paid for it. I paid close to $400.00. It had no fan and it got good and warm. I still have that radio today and it still works as good as the very first day i
hooked it up. Thanks to all. Sorry about a long email.

8537. Dual Band Rigs (HTs and mobile) FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-07-22 19:20:19 UTC
From: Ken Simpson, W8EK
Topic: 8537 Message: 8537

Dual Band HTs and Dual Band mobile FM transceivers;
DTMF Touchtone Microphones, and Speaker Mics, For Sale:

Yaesu VX-3 dual band HT:

The compact VX-3R 2m/70cm FM HT Transceiver is loaded with convenience features. In additon to top quality performance on 2m and 70cm, you will also be able to enjoy stereo FM and AM broadcast band reception.

The Yaesu VX-3R 2 meter/440 MHz handheld has extensive receive frequency coverage, providing local-area two-way amateur communications along with unmatched monitoring capability. The VX-3R receives: 500 - 1800 kHz (AM Band), 1.8 - 30 MHz (Shortwave), 30 - 76 MHz (VHF Lowband with 6M), 76 - 108 MHz (FM band), 108 - 137 MHz (Air Band), 137 - 174 MHz (VHF High band with 2M), 174 - 222 MHz, 222 - 420 MHz (VHF band with 220), 420 - 470 MHz (440), 470 - 800 MHz and 800 - 999 MHz (800 band [cellular blocked]). You get a huge 1000 channel memory system.

Power output with the supplied Lithium Ion battery is 1.5 watts VHF and 1 watt UHF. With the optional E-DC-21 DC adapter output jumps to 3 watts and 2 watts!

This particular HT is like new. It works 100%, and looks like new, with no scratches. It has its original box, rubber duck antenna, LiIon Battery, charger, and paper work all for only $150.

Alinco DJ-580 dual band (2m and 440 MHz) HT:

Covers 110 to 174 MHz in the VHF position, which includes the AM Aircraft band. 440 to over 480 MHz in the UHF position. It is my understanding that it can also be modified to cover into the 800 and 900 MHz region. It will also cross band repeat, and is a very rugged radio.

Power output has 3 different levels. With the 7.2 V battery packs, it has 0.25 W / 1 W / 2.5 W. If used with the larger 12 V batteries, it will produce 0.25 W / 1.2 W / 5 W.

This particular unit is in very good shape, both electrically and cosmetically. The keyboard has very crisp and clear lettering. It includes the empty 6 cell battery pack that takes six AA cells, rubber duck antenna, belt clip, wrist strap, and paper work.

$140

Kenwood TW-4100 A, Dual Band mobile FM transceiver:

The Kenwood TW-4100A is a high powered dual-band transceiver providing 45 watts on 2 meters and 35 watts on 70 cm (440 MHz). A low power setting of 5 watts may also be selected. Ten memories with offset recall and lithium battery backup are provided. There are separate antenna output jacks on the back panel for 2 meters and 440 MHz. It is supplied with an MC-48, 16 key DTMF hand mic, mobile mounting bracket and DC power cord. Requires 13 VDC at 7.5 amps.

Features
* 10 Memories
* Scanning
* Priority Watch
* Lithium battery backup
* Frequency Lock
* Auto Repeater Offset
* Large LCD Display
* MC-48 DTMF Microphone with up/down switches

This particular unit works great and looks fine. It has a subaudible tone encoder added where the speaker would normally be. That means that an external speaker needs to be used with it.

With DTMF Mic, tone encoder, mobile bracket, power cord, and paper work for $160.

Icom IC-281 H, 2 meter transceiver with 440 MHz receive

The Icom IC-281H 2 meter mobile FM transceiver boasts 50 watts output plus 440 band receive (440-450 MHz) for full duplex crossband operation. Other features include 60 regular memories, 10 scratch pad memories, 14 auto dialer memories, built-in pager and code squelch functions and auto memory channel advance. The IC-281H is packet ready. A data jack is available for direct TNC connection, supporting speeds up to 9600 baud. It features a huge heat sink. Requires 10.5 amps at 13 VDC.

Features
* 440 MHz Band Receive
* Tone Scan
* 60 Memories
* 10 Scratch Pad Memories
* Scanning
* Call Channel
* 50/10/5 Watts Output
* Auto Power Off

* Priority Watch

This one works 100% and looks extremely nice.
With DTMF Mic, tone encoder, mobile bracket, power cord,
and paper work for $150.

DTMF Touch Tone Microphones:

Kenwood MC-46 DTMF Touch Tone Microphone
Touch tone DTMF microphone with 6 pin connector, as used on
TR-7730, TR-7800, TR-7850, TR-7930, TR-7950, TR-8400, TR-9000,
TR-9130, and others. Up-down switch on top. 16 digit touch
tone pad. This one works fine, and includes paper work for $40.

Kenwood MC-48, DTMF Touch Tone Microphone
Round, 8 pin connector, will go with any Kenwood rig taking
this kind of connector (TM-201, TM-211, TM-221, TM-231,
TM-241, TM-2530, TS-50, TS-430, TS-440, TS-570, TS-850, TS-870,
TS-930, TS-940, TS-950, TW-4000, etc.). Has UP and DOWN
switches and PTT, along with 16 digit touch tone pad.
This one works fine, and looks extremely nice.
With paper work for $45.

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in
the mic, and "speed dial". 12 digit touch tone pad on the
front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

KDK DM TT-1 DTMF Touch Tone Mic
This mic has a 12 digit touch tone pad on it, with a
switch to turn the pad on and off. With 4 pin plug.
It works fine, and looks great. $35

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a round 8 pin connector wired for Kenwood. Nice
condition. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

HT Speaker Microphones:

Azden SDX-316 Speaker Microphone
Although it has an Azden name plate, it will also work
with Icom, some Yaesu, and Alinco that need 3.5 mm and
2.5 mm plugs.
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

MFJ 286 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more compact speaker mic. It works fine, and looks close to new. $15

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

8555. Crystals FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-07-30 19:44:51 UTC
From: Ken Simpson, W8EK
Topic: 1917 Message: 8555

Crystals For Sale:

FT-243, HC-6, etc.:

FT-243 Crystals for 40, 20, 15, and 10 meter ham bands

Crystals can be used at fundamental, or multiplied for
20, 15, or 10 meters. E.g. the 7081 could be used at 7081,
14162, 21243, or 28324 KHz.

7094 (HC-6), 7174 (HC-6), 7175, 7186, 7189, 7198.5 (HC-6),
7200 (HC-6), 7200, 7207, 7225, 7236.2 (HC-6), 7248,
7261, 7283.33 (HC-6), 7325, 7375, 7395, 7400, 7404, 7410,

HC-6 Crystals
These may be used as heterodyning crystals in many
Collins, Drake, Heath, Yaesu, and other rigs.
Freq of crystal in MHz.
7.98, 12.0, 15.0, 16.0, 30.75, 32.5, 39.0, 42.7,
44.5, 46.0, 46.7, 49.9, 51.1,

All crystals above are $8 each.

Crystals for 2 meter ham rigs For Sale:

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some 2 meter crystals available -- both
transmit and receive. Most are in the 146 and 147 MHz band segments,
with very, very few in the 145 MHz segment, and none in the 144 MHz
segment. These are for ham rigs only, and not commercial rigs.

These are all the small HC-25 crystals, like are used in most of the
solid state 2 meter mobiles and HTs. Please e-mail the operating
frequency you need. I have them listed by operating frequency and rig,
and not by actual xtal frequency. Send the frequencies you need
(transmit or receive), and the rig that you have, and I will see if
I can help. I have cross references for the various rigs, so I will
know what you need if you give the rig. These crystals are $6 each.

Prices do not include shipping from Florida.

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Thanks.

Topic: 8583 Message: 8583

I don't know if anyone in the group is still talking on the CB band. But if you are looking for a desk power mic i would like to add this info. for you. I just got me a new Astatic AST-878DM power desk mic. I was not sure if i should get it or not, But i went ahead and took the chance. And i am glad i did. I have been told many of times that my radio set up was very loud and clear by using this desk mic. I have been a big fan of the Silver Eagle and still are. I did a test on both mics when i was talking to people. I never told them witch mic i was talking on until they told me witch one sounded the best. Not one person choose the Silver Eagle. They all picked the AST-878DM mic. By no means am i putting down the Silver Eagle. Like i said before i am still a big fan of the Eagle. I just wanted to pass this info. on to you in case you are
looking for a desk power mic. I am still using my AST-878DM over the Eagle.

8584. FS: Antique radio parts and accessories

Yahoo group: RadioSwap (2008 — 2014)

Topic: 8595 Message: 8595

I have heard all the way back in the 60's until this day on what you should do in case of a storm. I have been very lucky in all the years i have been on the CB that i have never had my antenna hit by lighting. I take and undo my coax from the radio and put it in a glass jar. Now i know a lot of the older CB people have and i am sure of this that you have heard of doing this. Do you think it works? I would like to know what you do in a lighting storm?

8596. FS: 7 HF Power MOSFETS

8604. FS: Groups of FT243 crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-08-18 21:51:39 UTC
From: Bry Carling
Topic: 8604 Message: 8604

FOR SALE: Groups of FT243 crystals as used in all the typical ham AM and CW rigs
like Heathkit, Drake 2NT, Hallicrafters HT40, etc. etc.

Back by popular demand.

GROUP 01 - (8) FT243 crystals - original ones on
7028, 7038, 7068, 7075, 7130, 7156, 7185, 7196 kHz
Available for just $25.00 total for all eight plus shipping.

GROUP 2 - (8) FT243 crystals - original ones on
7049, 7072, 7075, 7083, 7093, 7130, 7133, 7156 kHz
Available for just $25.00 total for all eight plus shipping.

GROUP 3 - (8) FT243 crystals - original ones on
7125, 7140, 7161, 7222, 7233, 7240, 7247, 7284kHz
Available for just $18.00 total for all eight plus shipping.

GROUP 4 - (8) FT243 crystals - original ones on
7162, 7172, 7192, 7243, 7273, 7277, 7284, 7289 kHz
Available for just $18.00 total for all eight plus shipping.

See lists and buy hrere:
http://www.af4k.com/basementcrystals.htm

Plenty of other ham band crystals on a wide variety of useful frequencies listed here:

8607. Variable Bench Power Supplies FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-08-19 21:49:33 UTC
From: Ken Simpson, W8EK
Topic: 8607 Message: 8607

Several Variable Bench Type Power Supplies For Sale:

Kepco CK 18-3 Variable Bench Power Supply:

This power supply is a Kepco Model CK 18-3, which means
that it will produce up to 18 V DC at up to 3 amps. This is
an ideal bench power supply!

The voltage is adjustable with a 10 turn pot from close to zero,
up to almost 20 volts. There is a fairly large analog meter that
reads the voltage. Built in current limiting is adjustable with
a 10 turn pot from a few ma to up to about 3 amps. A separate
meter reads the current, so both voltage and current can be read
at the same time. Also, there are connections on the back to
allow remote sensing and remote programming. This is a quality
regulated power supply!

This particular unit works 100%, and looks extremely nice.

These are going for $190 to $200 (plus shipping) in this
condition on that e place. Buy this one for $160.

Kepco Model ABC 40-0.5 Variable Bench Power Supply:

This power supply is a Kepco Model ABC 40-0.5, which means
that it will produce up to 40 V DC at up to 1/2 amp. This is
an ideal bench power supply.

The voltage is adjustable with a 10 turn pot from close to zero,
up to about 40 volts. There is a fairly large analog meter that
reads the voltage. There is also current limiting built in that
is adjustable from about 100 ma to up to about 700 ma. The same
meter that reads voltage can be switched to read current, or
short circuit current (the point that the current limit is set).
In addition, there are connections on the back to allow remote
sensing and remote programming. This is a quality regulated
power supply!

This particular unit works 100%, and looks extremely nice.

These are going for $125 to $150 (plus shipping) in this
condition on that e place. Buy this one for $90.

Prices do not include shipping from Florida.

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.

Just too many to list here. Please e-mail your requests.

Thanks.

8610. Wattmeter/SWR Bridges; Low Pass Filters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-08-20 15:32:17 UTC
From: Ken Simpson, W8EK
Topic: 8610 Message: 8610

Wattmeter/SWR Bridges, Low Pass TVI Filters For Sale:

VHF Wattmeter:

Heath HM-2102 VHF wattmeter, covering 50 to 160 MHz.
Similar to the HM-102, but for VHF frequencies, with
250 and 25 watt scales. It can also be used to check
SWR, and has a remote sensor that can either be left
inside the meter, or separated from the actual meter.
SO-239 connectors in and out. This particular meter works
great, looks great and includes paper work for $45.

SWR Bridges:

Both of these SWR Meters will operate from 160 thru 2 meters,
and have an SO-239 connector on each end.
All will work on HF, and VHF, covering 3 to 150 MHz, so are
ideal for the new rigs that include 6 and 2 meters.

Quement SWB-2

This SWR Bridge features two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna at the same time. They were made in Japan, and
labeled with various names, including Swan, Siltronix, and
Quement.
It works fine and looks great. With paper work for $40.

Single meter SWR Bridge:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
Covering HF, 6 meters, and 2 meters, it is ideal for the new
rigs with 6 meters and 2 meters in them.
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $32

Full Power Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors, and are 50
ohm filters.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of
your amplifier, this one is ideal. It will take full legal
power plus, and has at least 80 db signal attenuation at

TV channel 2.
It is also in a very sturdy metal case with SO-239 connectors
on each end, and is a 50 ohm filter.
This one works great, and looks close to new. It has paper work.
Bencher currently sells these for about $90. This one is only $60.

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500
Watts. It is the latest model B&W filter.
In very nice condition, it looks very close to new. $40.

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long
enclosure. It looks like new. $25

Lower power Low Pass Filters:

B & W FL-10/100 low pass filter
Similar to FL-10/1500 above, except power rating is only 100 Watts.
Use this one after your rig, and before
your amplifier. Nice shape for $18.

I also have many other accessories available such as many
different types of microphones, HTs, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

But Tom's energy did not last. He began to think of the fun he had planned for this day, and his sorrows multiplied. Soon the free boys would come tripping along on all sorts of delicious expeditions, and they would make a world of fun of him for having to work -- the very thought of it burnt him like fire. He got out his worldly wealth and examined it -- bits of toys, marbles, and trash; enough to buy an exchange of WORK, maybe, but not half enough to buy so much as half an hour of pure freedom. So he returned his straitened means to his pocket, and gave up the idea of trying to buy the boys. At this dark and hopeless moment an inspiration burst upon him! Nothing less than a great, magnificent inspiration.

"Oh, SHALL! for they shall--for they shall--a--a--shall mourn--a--a--
Tom appeared on the sidewalk with a bucket of whitewash and a long-handled brush. He surveyed the fence, and all gladness left him and a deep mel- ancholy settled down upon his spirit. Thirty yards of board fence nine feet high. Life to him seemed hollow, and existence but a burden. Sighing, he dipped his brush and passed it along the topmost plank; repeated the operation; did it again; compared the in- significant whitewashed streak with the far-reaching continent of unwhitewashed fence, and sat down on a tree-box discouraged. Jim came skipping out at the gate with a tin pail, and singing Buffalo Gals. Bringing water from the town pump had always been hateful work in Tom's eyes, before, but now it did not strike him so. He remembered that there was company at the pump. White, mulatto, and negro boys and girls were always there waiting their turns, resting, trading playthings, quarrelling, fighting, skylarking. And he remembered that although the pump was only a hundred and fifty yards off, Jim never got back with a bucket of water under an hour -- and even then some- body generally had to go after him. Tom said:

could be willing to go, and be done with it all. Now as to this girl.
Tom gave up the brush with reluctance in his face, but alacrity in his heart. And while the late steamer Big Missouri worked and sweated in the sun, the retired artist sat on a barrel in the shade close by, dangled his legs, munched his apple, and planned the slaughter of more innocents. There was no lack of material; boys happened along every little while; they came to jeer, but remained to whitewash. By the time Ben was fagged out, Tom had traded the next chance to Billy Fisher for a kite, in good repair; and when he played out, Johnny Miller bought in for a dead rat and a string to swing it with -- and so on, and so on, hour after hour. And when the middle of the afternoon came, from being a poor poverty-stricken boy in the morning, Tom was literally rolling in wealth. He had besides the things before mentioned, twelve marbles, part of a jews-harp, a piece of blue bottle-glass to look through, a spool cannon, a key that wouldn't unlock anything, a fragment of chalk, a glass stopper of a decanter, a tin soldier, a couple of tadpoles, six fire-crackers, a kitten with only one eye, a brass door- knob, a dog-collar -- but no dog -- the handle of a knife, four pieces of orange-peel, and a dilapidated old window sash.

Unpaid-Beneficiary

It is obvious that you have not received your fund which is to the tune of $1.8million due to past corrupt Governmental Officials who almost held the fund to themselves for their selfish reason and some individuals who have taken advantage of your fund all in an attempt to swindle your fund which has led to so many losses from your end and unnecessary delay in the receipt of your fund.

The National Central Bureau of Interpol enhanced by the United Nations have successfully passed a mandate to the current president of Nigeria his Excellency President Goodluck Jonathan to boost the exercise of clearing all foreign debts owed to you and other individuals and organizations who have been found not to have receive their Contract Sum,Lottery/Gambling, Inheritance and the likes.

Now your payment will be send to you by ATM card that will be coming alongside a custom pin which you will use to withdraw up to $10,000 per day from any ATM machine that has the Master Card Logo on it.

Also with the ATM card you will be able to transfer your funds to your bank account. The ATM card comes with a handbook or manual to enlighten you about how to ue it. Your payment would be sent to you via UPS or FedEx. Because we have signed a contract with them which should expired by October 28th 2011. Below are few list of racking numbers you can track from UPS and Fedex website to confirm people like you who have received their payment successfully.

Name:J2261466148 John krasnow (www.ups.com)
Name:J2261466111 Roberts LaTanya (www.ups.com)
Name : Christine Fuller:UPS Tracking Number: J2261466139 (www.ups.com)
Name : Mary Brodhead: UPS Tracking Number:J2261466095(www.ups.com)

To effect the release of your fund valued at $1.8million you are advised to contact the director of payment and delivery officer

Name:Nelson kadiri
Email Address: nelson_kkk_nelson@...
Email Address: nelson_kadiri_kadiri@pobo
Email Address: nelson_kadiri_777@...

On contacting him do provide him with the following informations:

Your full Name:
Your Address:
Home/Cell Phone:
Age/Occupation:

Yours sincerely,
Mrs Monica William

The light at the top of the tower was produced by a fire, made of such
combustibles as would emit the brightest flame. This fire burned slowly
through the day, and then was kindled up anew when the sun went down,
and was continually replenished through the night with fresh supplies of
fuel. In modern times, a much more convenient and economical mode is
adopted to produce the requisite illumination. A great blazing lamp
burns brilliantly in the center of the lantern of the tower, and all
that part of the radiation from the flame which would naturally have
beamed upward, or downward, or laterally, or back toward the land, is so
turned by a curious system of reflectors and polyzonal lenses, most
ingeniously contrived and very exactly adjusted, as to be thrown forward
in one broad and thin, but brilliant sheet of light, which shoots out
where its radiance is needed, over the surface of the sea. Before these
inventions were perfected, far the largest portion of the light emitted
by the illumination of light-house towers streamed away wastefully in
landward directions, or was lost among the stars.

J
at which both
Uncle John and Arthur looked solemn and uncomfortable. But Louise
said calmly:

"I think Patsy was quite right. I wouldn't have dared such a thing
myself, but I'm sure that boy needed a square meal more than anything. If
he dies, that breakfast has merely hastened his end; but if he doesn't
die it will do him good."

"There's another possibility," remarked Uncle John. "He may be suffering
agonies with no one to help him."

Patsy's face was white as chalk. The last hour or two had brought her
considerable anxiety and her uncle's horrible suggestion quite unnerved
her. She stole away to the office and inquired the number of Mr. Jones'
room. It was on the ground floor and easily reached by a passage. The
girl tiptoed up to the door and putting her ear to the panel listened
intently. A moment later a smile broke over her face; she chuckled

delightedly and then turned and ran buck to her friends.

"He's snoring like a walrus!" she cried triumphantly.

"Are you sure they are not groans?" asked Arthur.

"Pah! Can't I recognize a snore when I hear it? And I'll bet it's the first sound sleep he's had in a month."

Mr. Merrick and Arthur went to the door of the boy's room to satisfy themselves that Patsy was not mistaken, and the regularity of the sounds quickly convinced them the girl was right. So they had a merry party at luncheon, calling Patsy "Doctor" with grave deference and telling her she had probably saved the life of A. Jones for a second time.

"And now," proposed Uncle John, when the repast was over, "let us drive down to the sea and have a look at that beautiful launch that came in yesterday. Everyone is talking about it and they say it belongs to some foreign prince."

So they motored to Santa Monica and spent the afternoon on the sands, watching the bathers and admiring the graceful outlines of the big yacht lying at anchor a half mile from the shore. The boat was something of a mystery to everybody. It was named the "Arabella" and had come from Hawaii via San Francisco; but what it was doing here and who the owner might be were questions no one seemed able to answer. Rumor had it that a Japanese prince had come in it to inspect the coast line, but newspaper reporters were forbidden to scale the side and no satisfaction was given their eager questioning by the bluff old captain who commanded the craft. So the girls snapped a few kodak pictures of the handsome yacht and then lost interest in it.

That evening they met Mrs. Montrose and the Stanton girls at dinner and told them about the boy, who still remained invisible. Uncle John had listened at his door again, but the snores had ceased and a deathlike silence seemed to pervade the apartment. This rendered them all a trifle uneasy and when they left the dining room Arthur went to the hotel clerk and asked:

"Have you seen Mr. Jones this evening?"

"No," was the reply. "Do you know him?"

"Very slightly."

"Well, he's the queerest guest we've ever had. The first day he ate nothing at all. This morning I hear he had a late breakfast. Wasn't around to lunch, but a little while ago we sent a meal to his room that would surprise you."

"Indeed!"

"Yes. A strange order it was! Broiled mushrooms, pancakes with maple syrup and ice cream. How is that for a mix-up--and at dinner time, too!" said the clerk, disgustedly.

Arthur went back and reported.

"All right," said Patsy, much relieved. "We've got him started and now he can take care of himself. Come, Uncle; let's all go down town and see the picture that drove Mr. Goldstein crazy."

"He was very decent to us to-day," asserted Flo Stanton.

"Did he ask any explanation about Maud's appearing in the picture of a rival company?" inquired Arthur.

"No, not a word."

"Did he mention Mr. Jones, who conquered him so mysteriously?" asked Beth.

"Not at all. Goldstein confined himself strictly to business; but he treated us with unusual courtesy," explained Maud.

They were curious to see the films of the rescue, and the entire party rode to the down-town theatre where the Corona picture was being run. Outside the entrance they found the audacious placard, worded just as Goldstein had reported, and they all agreed it was a mean trick to claim another firm's star as their own.

"I do not think the Corona Company is responsible for this announcement," said Uncle John. "It is probably an idea of the theatre proprietor, who hoped to attract big business in that way."

"He has succeeded," grumbled Arthur, as he took his place at the end of a long line of ticket buyers.

The picture, as it flashed on the screen, positively thrilled them. First was shown the crowd of merry bathers, with Patsy and Maud standing in the water a little apart from the others. Then the boy--far out beyond the rest--threw up his arms, struggling desperately. Maud swam swiftly toward him, Patsy making for the shore. The launching of the boat, the race to rescue, Maud's effort to keep the drowning one afloat, and the return to the shore, where an excited crowd surrounded them--all was clearly shown in the picture. Now they had the advantage of observing the expressions on the faces of the bathers when they discovered a tragedy was being enacted in their midst. The photographs were so full of action that the participants now looked upon their adventure in a new light and regarded it far more seriously than before.

The picture concluded with the scene where Uncle John lifted the body into the automobile and dashed away with it to the hospital.

Maud Stanton, used as she was to seeing herself in motion pictures, was even more impressed than the others when observing her own actions at a

time when she was wholly unconscious that a camera-man had his lens focused upon her.

"It's a great picture!" whispered Flo, as they made their way out of the crowded theatre. "Why can't all our films be as natural and absorbing as this one?"

"Because," said her sister, "in this case there is no acting. The picture carries conviction with a force that no carefully rehearsed scene could ever accomplish."

"That is true," agreed her Aunt Jane. "The nature scenes are the best, after all."

"The most unsatisfactory pictures I have ever seen," remarked Uncle John, "were those of prominent men, and foreign kings, and the like, who stop before the camera and bow as awkwardly as a camel. They know they are posing, and in spite of their public experience they're as bashful as schoolboys or as arrogant as policemen, according to their personal characteristics."

"Did you notice the mob of children in that theatre?" asked Patsy, as they proceeded homeward. "I wish there were more pictures made that are suitable to their understandings."

"They enjoy anything in the way of a picture," said Arthur. "It isn't necessary to cater to children; they'll go anyhow, whatever is shown."

"That may be, to an extent, true," said Beth. "Children are fascinated by any sort of motion pictures, but a lot of them must be wholly incomprehensible to the child mind. I agree with Patsy that the little ones ought to have their own theatres and their own pictures."

"That will come, in time," prophesied Aunt Jane. "Already the film makers are recognizing the value of the children's patronage and are trying to find subjects that especially appeal to them."

They reached the hotel soon after ten o'clock and found "Ajo" seated in the lobby. He appeared much brighter and stronger than the day before and rose to greet Patsy with a smile that had lost much of its former sad expression.

"Congratulate me, Dr. Doyle," said he. "I'm still alive, and--thanks to your prescription--going as well as could be expected."

"I'm glad I did the right thing," she replied; "but we were all a little worried for fear I'd make a mistake."

"I have just thrown away about a thousand of those food-tablets," he informed her with an air of pride. "I am positive there is no substitute for real food, whatever the specialists may say. In fact," he continued more soberly, "I believe you have rescued me a second time from certain death, for now I have acquired a new hope and have made up my mind to

get well."

"Be careful not to overdo it," cautioned Uncle John. "You ordered a queer supper, we hear."

"But it seemed to agree with me. I've had a delightful sleep--the first sound sleep in a month--and already I feel like a new man. I waited up to tell

Digital Interfaces and related items For Sale:

AEA PK-232 MBX, multi-mode digital controller.
More than just a TNC. It will handle packet, RTTY, Amtor, ASCII, CW, etc. It has version 7 firmware, which I think is the latest. It includes Pactor in it. It works fine, and looks very close to new. The large, inch thick manual is included, all in the original box, for $125.

AEA AC-1 "Wall Wort" Power Supply
This "Wall wort" power supply will supply 12 V DC at up to 1 amp.
It can be used with the AEA PK-232, PK-88 or others.
This unit has a 2.1 mm plug, with the center positive, so it can be used on many different things that require 12 V DC at up to an amp, such as keyers, antenna tuners, etc.
This is a "regular" wall wort -- not the new switching type that creates all sort of noise in your receiver.
Get this one, and leave the noise behind. $14

Waters "Universal Hybrid Coupler II" Model 3002:

Most of us would likely call this a phone patch, but it is really much more than that. It does that, but also will interface with a tape recorder, and permit recording and play back of on-the-air QSOs. Nothing says that the tape recorder input must be used that way. Connect the sound card in your computer in this position, and you have a very effective interface.

Model 3002 includes a speech compressor powered by a 9 volt battery. The front panel is finished on both sides, with one side having it set in a horizontal position, and the other in a vertical position.

This was a "top of the line" unit years ago. One only found them with top stations such as Collins.

This particular unit is in really great condition.

With paper work for $100.

Heath HD-15 phone patch / digital interface
This is the unit with the VU meter on the left and 3 knobs that match the SB series to the middle and right. Low or high Z output to the transmitter. It can also be used as

an interface for PSK31, and other digital modes that use
a sound card. The meter makes it great for setting levels.
This one is all original. It is in excellent condition.
Cosmetically, I can not find a scratch on it.
Paper work included for $25.

Heath HD-15 as above, but shows slight wear. $22

I also have parts from an HD-15 donor unit available.
Please let me know what parts you need.

Books related to digital modes:

CQ: The Packet Radio Operators Manual
By Buck Rogers, K4ABT, Close to new condition, $14

ARRL Your Packet Companion
by Steve Ford, WB8IMY; like new. $8

ARRL Specialized Communications Techniques
1975, First Edition, $15

ARRL Learning to Work with Integrated Circuits,
First edition $10

The Radio Amateur's Digital Communications Handbook
By KR3T, J Mayo, Published by Tab, Hardback Book,
Like New, 208 pages, 1992, $12

The Packet Radio Operators Manual published by CQ
By Buck Rogers, K4ABT, 1995, Close to new condition, $12

Tab Books:

ha guys i have a friend that is getting ready for the tech test and wants a used 2 meter rig that works good and she don't have a whole lot of money if any one of you guys have one for around let say $100 may a little more than that and like to sale it if. Please email please. i'm not going to ebay what they want for a used one i can get a new one so don't tell me to go to ebay lol

8654. FS: Enamel covered copper wire

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-09-09 20:06:10 UTC
From: Bry Carling
Topic: 8654 Message: 8654

FOR SALE: Spool of new old stock enamel covered copper wire, excellent condition.

This appears to be pretty old but looks new. Seems to be 20 or 22 awg wire. No micrometer.

Marked "B.D. Land, New York" on the end of spool. Alkso marked: "Dudlo Manufacturing, Ft. Wayne, IN" under the labels. Great for making coils, rewinding transformers and chokes etc.

Spool is about 4.5" tall X 4.5" diameter. Weighs almost 4 lbs. and seems to be a huge roll with many hundreds, if not thousands of feet of wire.

One spool only - available for $20.00 plus shipping.
(or will trade for large quantity of unwanted FT243 crystals)

Thanks for looking and 73 de AF4K, Bry

FOR SALE: Antenna Selector Switch

Phasing switch used for selecting XMTR - AUX - HORIZONTAL - VERTICAL
Has four SO-239 connectors. Perhaps used with a Moonraker or similar
antenna. $5.00 plus shipping

8656. FS: Power Transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-09-10 17:16:59 UTC
From: Bry Carling
Topic: 8656 Message: 8656

FOR SALE:

Power Transformer - looks to be older USA made item,
Upright mount with black end bells. No part number or label.
Dimensions: 3-3/4" X 3-3/4" X 4-1/2" tall.

I connected 120V AC and got 860V CT at est. 100 mA plus.
Also has secondaries of
SEC 2 = 10.0 V CT,
SEC 3 = 6.3 V AC CT
and 5.0 V CT
each with thick wires and unknown amps.

Nicely built with the typical flanges and four mounting holes for above chassis installation.

QTY 1 available for $12.00 plus shipping.

8657. FS: More Transformers

Look on ebay for an "Octal" Socket connector.

samples below, sometimes you find both together most times you have to buy
seperatly. then wire as needed

both plug and socket in
britian<http://www.ebay.com/itm/octal-plug-socket-leak-rogers-valve-amplifier-/300563155439?pt=UK_Consumer_VintageAudio_RL&hash=item45faf5c9ef>

just the cap to use on a socket
<http://www.ebay.com/itm/AMPHENOL-86-3-24-PLUG-OCTAL-STYLE-CAP-HEATHKIT-YAESU-/400237885449?pt=LH_DefaultDomain_0&hash=item5d30097809>

another cap
<http://www.ebay.com/itm/AMPHENOL-86-3-13-PLUG-OCTAL-STYLE-CAP-HEATHKIT-YAESU-/400225551433?pt=LH_DefaultDomain_0&hash=item5d2f4d4449>

Octal sockets to use with the cap
<http://www.ebay.com/itm/2-Vintage-Tube-8-Pin-Octal-Bakelite-Socket-KT88-EL34-PI-/260700813584?pt=Vintage_Electronics_R2&hash=item3cb2fab910>

Date: 2011-09-24 16:24:54 UTC
From: Bry Carling
Topic: 8680 Message: 8680

FS: Several older, original WW2 - 1950s era ham band FT243 crystals in the
old popular brands: Bliley, JK, PR, JAN, Monwatt, MP, Standard Piezo, Quartz Prod. etc.

1896.5, 1940, 1955, 1977.5, 3701, 3740 kHz

7000, 7006, 7125, 7140, 7150, 7152, 7174, 7175 kHz
7190, 7194, 7200, 7207, 7209, 7225, 7238, 7249 kHz

8375, 8400, 8425 kHz

Most of these I have one each, and a few I have two or three available.
Inquire. These are available for $14.00 each plus shipping.

73 & thanks for looking,

Bry, AF4K

Agrican answered readily enough, "Let us repose in this meadow, and renew the combat at dawn." The repose was taken accordingly. Each tied up his horse, and reclined himself on the grass, not far from the other, just as if they had been friends, Orlando by the fountain, Agrican beneath a pine. It was a beautiful clear night, and, as they talked together before addressing

hinder me from rallying my people. I pretended to fly, in order to bring you out of the field. If you insist upon fighting I must needs fight and slay you, but I call the sun in the heavens to witness I would rather not. I should be very sorry for your death." The Count Orlando felt pity for so much gallantry, and he said, "The nobler you show yourself the more it grieves me to think that in dying without a knowledge of the true faith you will be lost in the other world. Let me advise you to save body and soul at once. Receive and Orlando were bound upon the same adventure, but unknown to one another. The castle of Falerina was protected by a river, which was crossed by a bridge, kept by a ruffian, who challenged all comers to the combat; and such was his strength that he had thus far prevailed in every encounter, as appeared by the arms of various knights which he had taken from them, and piled up as a trophy on the shore. Rinaldo attacked him, but with as bad success as the rest, for the bridge-ward struck him so violent a blow with an iron mace that he fell to the

walls. There she witnessed a single combat between the two leaders, Agrican and Sacripant. In this, at length, her defender appeared to be overmatched, when the Circassians broke the ring, and separated the combatants, who were borne asunder in the rush. Sacripant, severely wounded, profited by the confusion, and escaped into Albracca, where he

apprehended, and delivered the prisoners. Among these were Florismart, Rinaldo, and many others of the bravest knights of France. Morgana had disappeared, and the knights, under the guidance of Orlando, retraced the path by which he had come. They soon reached the field of treasure. Rinaldo, finding himself amidst this mass of wealth, remembered his needy garrison of Montalban, and could not resist the temptation of seizing part of the booty. In particular a golden chain, studded with diamonds, was too much for his self-denial,

all around, and filled his helmet and his ears with them; then listened if he heard the birds sing. Finding that, though he saw the gaping beak, the swelling throat, and ruffled plumes, he could not catch a note, he felt satisfied with his defence, and advanced toward the lake. It was small but deep, and so clear and tranquil that the eye could penetrate to the bottom. He had no, sooner arrived upon the banks than the waters were seen to
a man without a heart in his breast." The count replied: "Orlando I am, and in love I am. Love has made me abandon everything, and brought me into these distant regions, and, to tell you all in one word, my heart is in the hands of the daughter of King Galafron. You have come against him with fire and sword, to get possession of his castles and his dominions; and I have come to help him, for no object in the world but to please his daughter and win her beautiful hand. I care for nothing else in existence."
all around, and filled his helmet and his ears with them; then listened if he heard the birds sing. Finding that, though he saw the gaping beak, the swelling throat, and ruffled plumes, he could not catch a note, he felt satisfied with his defence, and advanced toward the lake. The Count Orlando felt pity for so much gallantry, and he said, "The nobler you show yourself the more it grieves me to think that in dying without a knowledge of the true faith you will be lost in the other world. Let me advise you to save body and soul at once. Receive baptism, and go your way in peace." Agrican replied: "I suspect you to be the paladin Orlando. If you are I would not lose this opportunity of fighting with you to be king of Paradise. Talk to me no more about your things of another world, for you will preach in vain. Each of us for himself, and let the sword be
"The stream which waters violet and rose, From hence to the enchanted palace goes." Following the banks of this flowing stream, and rapt in the delights of the charming garden, Orlando arrived at the palace, and entering it, found the mistress, clad in white, with a crown of gold upon her head, in the act of viewing herself in the surface of the magic sword. Orlando surprised her before she could escape, deprived her of the

Topic: 8695 Message: 8695

Yaesu Items For Sale -- Filtered speaker, HF transceiver, microphones, cables, linear amp switch box, HT accessories, and more

Yaesu SP-6 Speaker with phone patch and Filters:

This Yaesu SP-6 speaker has the phone patch and filters in it. It is the matching speaker for the Yaesu FT-990 and many others. It permits one to switch between two different rigs, and has adjustable filters on both the high and low end to permit one to get rid of QRM, and have a great sound.

This one is in extremely nice condition and works 100%. Not a single scratch or mark on it. You will not find a nicer one unless it just came out of the box.

With paper work for $150.

Heath SB1400 HF Transceiver (similar to Yaesu FT-747):

This is a 100 watt multimode HF transceiver covering 160 to 10 meters (including WARC bands). It operates on SSB, CW,and AM. The receiver is very sensitive. This rig has noise blanker, squelch, adjustable AGC and attenuator, as well as memories and two VFOs. A narrow CW filter is included. It even has a computer interface and is very similar to the Yaesu FT-747.

This one works 100% and looks very, very nice.
It includes power cord and paper work for $300.

Yaesu MH-1 Hand Microphone:

The Yaesu MH-1 b8 is the hand mic that is used on most of the Yaesu HF and some of the Yaesu VHF rigs. It is a hand mic that has a switch on the back with two audio frequency responses -- one for rag chewing, and one for more punch for DX. It has up and down switches, in addition to a "fast" switch. Of course it also has the normal PTT switch. It has a round 8 pin mic connector, wired for Yaesu.

This particular microphone looks like it might not have ever been used. I think it was probably put in a drawer when new, and left there. Of course it works fine. $38

Heil HM-10 Deluxe Microphone:

The Heil HM-10-5 is a beautiful microphone resembling the "gold line series". It has the HM-5 wide element for good frequency response, and good articulation.
This particular microphone looks very close to new.
It includes paper work in its original fancy Heil box. $75

Cables for Heil (and other) Microphones:

Heil CC-1 Y cable for Yaesu (yellow)
Connects to Heil mics with the 4 pin XLR connector (most Heil mics), and has a round 8 pin connector wired for Yaesu, plus a jack for PTT. $25

Hand held PTT switch
The Heil Microphones require a separate PTT switch -- either a hand switch or a foot switch. This is a home made hand switch. It is similar to the Heil, except it is in a 1 x 1 x 2 inch minibox, with about a 3 foot cord. It works and looks fine. $12

Heil CC-1 XLR 4
4 pin XLR Female to 3 pin XLR Male $25

3 pin XLR to stripped ends
About 10 feet of quality rubber covered mic cable with a 3 pin XLR connector on one end. Ideal to add your own connector. Can be used with the CC-1 XLR-4 above. $20

Heil Wind Screen
This windscreen can be used with a variety of microphones, including the HM-10. Excellent condition. $8

Yaesu FRB-757 relay box to switch linear amplifier:

Many of the more modern rigs are not capable of switching the larger currents and higher voltages of the transmit receive relays of some linear amplifiers. This small box was made by Yaesu to remedy that situation. Although it was made for the FT-757, it can be used with almost any rig that needs a "beefier" relay to switch the linear amp. It does not even need to be a Yaesu rig. This box needs 13 V DC (and has an RCA phono plug for that purpose), and is connected to the rigs linear amplifier relay output with another RCA phono plug. The output of the box has both normally open and normally closed contacts, both terminated in RCA phono jacks. Contacts are rated at 600 VA AC, 150 W DC load, and will switch up to 250 volts and up to 5 amps.

This unit may not have ever have been used. It tests fine. Paper work is included for $40.

Yaesu CT-20 Adapter Cable:

The CT-20 adapter cable is made to be used with the Yaesu MD-1 desk microphone. As the MD-1 c 8 comes from Yaesu, it has a round 8 pin connector on it to plug into the rig. The CT-20 cable is used in place of the regular cable, to adapt to one of the Yaesu rigs that takes the newer 8 pin modular (like a computer LAN) connector. The CT-20 has a round 8 pin connector on one end that goes into the desk mic, and a modular connector on the other end for the rig.

This particular cable is still sealed in its original package, unused, unopened. $20

Yaesu HT Accessory Items:

Yaesu E-DC-5 B Cigarette Lighter Cord
DC Cable with voltage regulation, filtering and cigarette lighter plug. For many Yaesu handheld radios including FT-530/415/50R/FT-60R, VX-5/VX6/VX-7/VX-8/VX-170, etc. These sell new for $27. Buy this one for only $18.

Battery pack for Yaesu VX-2 or VX-3 HT
Lithium Ion Battery Pack fits both the VX-2 and the VX-3. 3.7 volts, 1200 mahr, works great, and holds a charge like new. $15

Yaesu NC-18 B Charger
Provides 14.5 V DC at 50 ma to charge many different HTs, including the Yaesu FT-411, FT-811, FT-911, FT-23, FT-209, FT-415, FT-410, FT-470, FT-727, FT-530, FT-703, and more. Small 2.5 mm male plug. $10

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and probably others $4

Prices do not include shipping from Florida.

I also have many other accessories available such as many different types of HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Thanks.

seemed to assure his piety. This hermit, who appeared shrunk by age and fasting, travelled slowly, mounted upon a wretched ass. The princess, overcome with fear, conjured him to save her life; and to conduct her to some port of the sea,
BRADAMANTE AND ROGERO Bradamante, the knight of the white plume and shield, whose sudden appearance and encounter with Sacripant we have already told, was in quest of Rogero, from whom chance had separated her, almost at the beginning of their acquaintance. After her encounter with Sacripant Bradamante pursued her way through the forest, in hopes of rejoining Rogero, and arrived at last on the brink of a fair fountain.
the aid of a flying horse must be necessary for the master of this castle, which he uses for his prison and for his abode." Bradamante, sufficiently instructed, saw that the time had now come to possess herself of the ring; but she could not resolve to slay a defenceless man. She seized Brunello before he was aware, bound him to
Sacripant beheld Rinaldo. That hero now loves Angelica more than his life, and she flies him as the timid crane the falcon. The fountain of which Angelica had drunk produced such an effect on the beautiful queen that, with distressed countenance and trembling voice, bone, and covered with a thick plate of steel well tempered. The arm of the Saracen was deprived of its defence, and almost palsied with the stroke. Angelica, perceiving how victory was likely to incline, and shuddering at the thought of becoming the prize of Rinaldo, hesitated no longer. Turning her horse's head, she fled with the utmost speed; and, in spite of the round pebbles which covered a steep descent, she plunged into a deep valley, trembling with the fear that Rinaldo was in pursuit. At the bottom of this valley she encountered an aged hermit, whose white beard flowed to his middle, and whose venerable appearance

glee, and saw Bradamante precipitated to the bottom of the cave. "I wish your whole race were there with you," he muttered, "that you might all perish together." But Pinabel's atrocious design was not accomplished. The twigs and foliage of the branch broke its descent, and Bradamante, not seriously injured, though stunned with her fall, was reserved for other
own of Mayence there existed an ancient feud. From this moment the traitor sought only how he might be rid of the company of Bradamante, from whom he feared no good would come to him, but rather mortal injury, if his name and lineage became known to her. For he judged her by his own base model, and, knowing his ill deserts, he feared to receive his due. Bradamante, in spite of the summons to return to the army, could not resolve to leave her lover in captivity, and determined first to finish the adventure on which she was engaged. Pinabel leading the way, they
manner: "O knight, if the tenderness of your heart corresponds to the beauty of your person, relieve me, I pray you, from this tormenting animal. I suffer enough inwardly without having outward evils added to my lot." Rogero, at the first accents of this voice, turned his eyes promptly on the myrtle, hastened to it, and stood fixed in astonishment when he perceived that the voice issued from the tree itself. He immediately untied his horse, and, flushed with surprise and regret, exclaimed,
entreaties. It is precisely the liberty of Rogero that I require. You would keep him here in bondage and in slothful pleasure, to save him from a fate which you foresee. Vain old man! how can you foresee his fate when you could not foresee your own? You desire me to take your life. No, my aim and my soul refuse the request." This said, she required the magician to go before, and guide her to the castle. The prisoners were set at liberty, though some, in their secret hearts, regretted the voluptuous life which was thus brought to an end. Bradamante and Rogero met one another with transports of joy.
"Agramant, the Moorish prince, possesses a ring stolen from a queen of India, which has power to render of no avail all enchantments. Agramant, knowing that Rogero is of more importance to him than any one of his warriors, is desirous of rescuing him from the power of the enchanter, and has sent for that purpose Brunello, the most crafty and

8706. Heath Items - HF Rig, Stn Console, Wattmeter and more FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-10-12 18:50:31 UTC
From: Ken Simpson, W8EK
Topic: 8706 Message: 8706

Heath Items For Sale - HF transceiver, Station Console,
Wattmeters, Misc Parts, and Original Manuals:

Heath SB-1400 HF Transceiver:

This is a 100 watt multimode HF transceiver covering 160 to
10 meters (including WARC bands). It operates on SSB, CW,and
AM. The receiver is very sensitive. This rig has noise blanker,
squelch, adjustable AGC and attenuator, as well as memories
and two VFOs. A narrow CW filter is included. It even has a
computer interface and is very similar to the Yaesu FT-747.

This one works 100% and looks very, very nice.
It includes power cord and paper work for $300.

Heath SB-1400-2 hand microphone:
This hand mic is basically the same as a Yaesu MH-1, but with a
Heath label. Use it with the SB-1400 above, or with Yeasu rigs
with the round 8 pin connector. Like new for $40.

Heath SB-634 Station Console:

The Heathkit SB-634 station console is a multifunction unit.
It contains a 24 hour digital clock (6 large digits, including
seconds), 10 minute interval timer (3 digits -- minutes and
seconds), phone patch and an SWR/Power meter. The large
wattmeter reads either 200 watts or 2000 watts full scale,
in addition to SWR. It matches the Heath SB series of equipment
(Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely
nice. I can not find a scratch on it, but there is very slight
(and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

Heath HM-2140 A, dual meter Wattmeter / SWR Bridge:

The HM-2140 A uses two separate meters to measure power and
SWR (forward and reflected power). It will measure either
average power, or peak power (PEP) with a 9 volt battery.
Power ranges are 200 and 2000 watts. Frequency range is
from 160 thru 10 meters. It has a remote sensor, which
permits the meter to be separated from the coax connection
by up to 3 feet. This is the "A" model of this meter, which
is the Heath Brown color (not the green), and has more features.

More details can be found at
http://www.radiomuseum.org/r/heath_wattmeter_hm_2140a_hm2140.html

This particular unit works fine, and looks very close to new.
With paper work for $100.

Heath HD-15 phone patch / digital interface:

This unit can be used to interface a sound card in a
PC to your transceiver. It was originally designed to
be used as a phone patch, but many have converted them
to a digital interface.

This is the unit with the VU meter on the left and 3 knobs
that match the SB series to the middle and right. Low or
high Z output to the transmitter. The meter makes it great
for setting levels.

This one is all original. It is in great condition.
Paper work included for $22.

I also have parts from a Heath HD-15 phone patch available.
This includes an audio transformer used for digital
interfacing, VU meter, and other parts. Outer cover and
knobs are gone. What do you need?

Miscellaneous Heath Parts:

I have many Heath SB-630 Station Console parts available.
Most of the internal parts are available, but no clock.
Front panel and outer case are gone, but reflectometer
assembly, switches, etc. are still available.
Please let me know what you need.

I also have parts from a Heath HD-15 phone patch available.
This includes an audio transformer used for digital
interfacing, VU meter, and other parts. Outer cover and
knobs are gone. What do you need?

RCA VT-138 / 1629 Magic Eye Tube:

This magic eye tube is a RCA VT-138 that is also known as
a JAN-CRC-1629, or simply a 1629.

The RCA 1629 / VT-138 is a military spec magic eye tube
for use as a tuning level indicator. It has a green phosphor
element.

This tube is often used as an indicator in capacitor checking
instrumentation. I know it is used in some of the Heathkit
units, and probably others.

This one works fine and is $17.

ORIGINAL Heath manuals For Sale:

These are manuals / brochures / schematics only.
They are all originals, not copies, and all are in
extremely nice condition.

Brochure "Heathkit Specials" featuring the
Twoer, Sixer, SB series, and others. $4

GD-600 Photoelectric Light Switch, 1972, $5

HM-102 HF Wattmeter
1971, Schematic in book $10

HW-29 A "Sixer" 6 meter transceiver
1964, Schematic in book, $12

HW-2021 2 meter hand held transceiver
1975, No check marks $9

SB-620 Scanalyzer
Schematic Only, Large fold out page, $4

These are original manuals / brochures / schematics only.

I also have many other accessories available such as many
different types of microphones, HTs, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

8711. Wattmeters and CW Keyers FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-10-14 14:31:24 UTC
From: Ken Simpson, W8EK
Topic: 8711 Message: 8711

Wattmeters, CW Keyers and cables For Sale:

Heath HM-2140 A, dual meter Wattmeter / SWR Bridge:

The HM-2140 A uses two separate meters to measure power and SWR (forward and reflected power). It will measure either average power, or peak power (PEP) with a 9 volt battery. Power ranges are 200 and 2000 watts. Frequency range is from 160 thru 10 meters. It has a remote sensor, which permits the meter to be separated from the coax connection by up to 3 feet. This is the "A" model of this meter, which is the Heath Brown color (not the green), and has more features.

More details can be found at
http://www.radiomuseum.org/r/heath_wattmeter_hm_2140a_hm2140.html

This particular unit works fine, and looks very close to new. With paper work for $100.

Heath SB-634 Station Console, with Wattmeter and more:

The Heathkit SB-634 station console is a multifunction unit. It contains a 24 hour digital clock (6 large digits, including seconds), 10 minute interval timer (3 digits -- minutes and seconds), phone patch and an SWR/Power meter. The large wattmeter reads either 200 watts or 2000 watts full scale, in addition to SWR. It matches the Heath SB series of equipment (Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely nice. I can not find a scratch on it, but there is very slight (and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

Swan WM-2000 Wattmeter / SWR Bridge:

The Swan WM-2000 power meter and SWR bridge covers 3.5 to 30 MHz. Power scales are 200, 1000, 2000 watts. It has a very large (over 5 inch) meter, for easy visibility. The rear panel has SO-239 input and output connectors.

This is an extremely nice meter, primarily due to its large physical meter, making it easy to read.

This one is in extremely good condition. It works 100% and looks very close to new.

With paper work for $80.

CW Items:

MFJ 8043 Electronic Keyer:

This is an electronic keyer that uses the Curtis 8043
Keyer IC. It has speed, weight, tone, and volume adjustments.
It is capable of fully automatic or semiautomatic (like
a bug) operation. Also, it can emit a solid "key down"
for tuning up. It works with tube or solid state transceivers.
It has sidetone with a front panel volume and tone control.
Weighting is adjustable from the front panel. It can be powered
via four internal C cells or an external 6 to 9 volt DC
power supply.

The styling of this unit is the wood grain and eggshell color
that TenTec used with their early equipment. TenTec made the
enclosure for MFJ, so it is an exact match.

This particular unit looks really great, and of course
it works. Paper work is included for $35.

MFJ 407 B Electronic Keyer:

This is an electronic keyer that uses the Curtis 8044 ABM
Keyer IC. It has TONE, VOL, WEIGHT and SPEED adjustments.
It is capable of fully automatic or semiautomatic (like
a bug) operation. Also, it can emit a solid "key down"
for tuning up. It works with tube or solid state transceivers.
It has sidetone with a front panel volume and tone control.
Weighting is adjustable from the front panel. Iambic switch
on the back selects Iambic keyer mode. It can be powered
via an internal 9 v battery or an external power supply.

This particular unit looks really great, and of course
it works. Paper work is included for $40.

Cables for CW keys and keyers:

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo
connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone
plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5
Vintage cotton covered cord, with brass PL-55-A
(1/4 inch) plug (probably from WW II) $10

Autek MK-1 Memory Keyer:

The Autek MK-1 is a keyer which runs on 120 V AC or on DC from 9 to 14 V. It has four programmable memories, two of which can be bridged by throwing a switch on the front panel. Memories are selected by front panel switches. Another switch selects "record" or "play". There are two outputs on the back for negative and positive keying, which means this unit will key most ham gear including older tube transceivers.

It also has a built in side tone with volume control on the front panel and an internal tone control. Of course there is also a speed control on the front panel.

Cosmetically, this unit looks very nice. Electrically, it emits a solid tone, so it will need some repair. All of the ICs are socketed, which should make repair easier.

With complete paper work, including schematic diagram and parts placement diagram for $20.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

the tops of the mountains, so far above them that he could hardly distinguish what was land and what water. The Hippogriff directed his flight to the west, and cleaved the air as swiftly as a new-rigged vessel cuts the waves, impelled by the freshest and most favorable gales.
A sound like that which issues from burning wood seemed to come from the myrtle-tree, at first faint and indistinct, but growing stronger by degrees, and at length was audible as a voice which spoke in this manner: "O knight, if the tenderness of your heart corresponds to the beauty of your person, relieve me, I pray you, from this tormenting animal. I suffer enough inwardly without having outward evils added to my lot." Rogero, at the first accents of this voice, turned his eyes promptly on the myrtle, hastened to it, and stood fixed in astonishment when he
ordained that you shall wed the illustrious Rogero. Fly then to his deliverance, and lay prostrate in the dust the traitor who has snatched him from you, and now holds him in chains!" Merlin ceased with these words, and left to Melissa, the priestess, the charge of more fully instructing the maiden in her future course. "To-morrow," said she, "I will conduct you to the castle on the rock where Rogero is held captive. I will not leave you till I have guided you through this wild wood, and I will direct you on your way so that you shall be in no danger of mistaking it."
possibility. She beheld distinctly a winged horse, mounted with a cavalier in rich armor, cleaving the air with rapid flight. The wings of this strange courser were wide extended, and covered with feathers of various colors. The polished armor of the knight made them shine with rainbow tints. In a short time the horse and rider disappeared behind the summits of the mountains. "It is an enchanter," said the host, "a magician who often is seen traversing the air in that way. Sometimes he flies aloft as if among the stars, and at others skims along the land. He possesses a wonderful
with his legs, so as almost to shake the knight out of the saddle. Sacripant, seeing that he could not manage him, watched his opportunity, rose on his saddle, and leapt lightly to the earth; then, relieved from the embarrassment of the horse, renewed the combat on more equal terms. Their skill to thrust and parry were equal; one rises, the other stoops; with one foot set firm they turn and wind, to lay on strokes or to dodge them. At last Rinaldo, throwing himself on

her route by a narrow valley, taking care to have the Saracen Brunello lead the way. They reached the summit of the Pyrenees, whence one may look down on France, Spain, and the two seas. From this height they descended again by a fatiguing road into a deep valley. From the middle of this valley an isolated mountain rose, composed of rough and perpendicular rock, on whose summit was the castle, surrounded with a wall of brass. Brunello said, "Yonder is the stronghold where the enchanter keeps his
but a few hours that night to sleep. Early the next day he saw before him the great city, under the walls of which the Emperor Charles had collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as soon as Rinaldo rejoined him he selected him to go as his ambassador into England, to plead for auxiliaries. Rinaldo was far from pleased
Sacripant beheld Rinaldo. That hero now loves Angelica more than his life, and she flies him as the timid crane the falcon. The fountain of which Angelica had drunk produced such an effect on the beautiful queen that, with distressed countenance and trembling voice, "was the work of the enchanter Merlin; here his ashes repose. You have no doubt heard how this sage and virtuous enchanter ceased to be. Victim of the artful fairy of the lake, Merlin, by a fatal compliance with her request, laid himself down living in his tomb, without power to resist the spell laid upon him by that ingrate, who retained him there as long as he lived. His spirit hovers about this spot, and will not leave it, until the last trumpet shall summon the dead to judgment.

"But let him not the proffered good forbear, Nor till he seize the fleeting blessing rest; For present loss is sought in vain to-morrow, And the deluded wretch is left in sorrow." lead the way. They reached the summit of the Pyrenees, whence one may look down on France, Spain, and the two seas. From this height they descended again by a fatiguing road into a deep valley. From the middle of this valley an isolated mountain rose, composed of rough and perpendicular rock, on whose summit was the castle, surrounded with a wall of brass. Brunello said, "Yonder is the stronghold where the enchanter keeps his prisoners; one must have wings to mount thither; it is easy to see that
have of him, mounted as we are both on one feeble animal." Sacripant, dismounting from the palfrey, approached the fiery courser, and attempted to seize his bridle, but the disdainful animal, turning from him, launched at him a volley of kicks enough to have shattered a wall of marble. Bayard then approached Angelica with an air as gentle and loving as a faithful dog could his master after a long separation. For
feel his spurs, which so roused his mettle that, after galloping a short distance, he suddenly spread his wings, and soared into the air. Bradamante had the grief to see her lover snatched away from her at the very moment of reunion. Rogero, who knew not the art of directing the horse, was unable to control his flight. He found himself carried over the tops of the mountains, so far above them that he could hardly distinguish what was land and what water. The Hippogriff directed his flight to the west, and cleaved the air as swiftly as a new-rigged vessel cuts the waves, impelled by the freshest and most favorable gales. collecting a great many knights and ladies in my castle. My purpose was to render my beloved pupil's captivity light, by affording him society to amuse him, and keep his thoughts from running on subjects of war and glory. Alas! my cares have been in vain! Yet, take, I beseech you, whatever else I have, but spare me my beloved pupil. Take this shield, take this winged courser, deliver such of your friends as you may find among my prisoners, deliver them all if you will, but leave me my beloved Rogero; or if you will snatch him too from me, take also my life, which will cease then to be to me worth preserving."
hostelry, where Brunello had preceded her a few moments only. The young heroine knew him without difficulty. She accosted him, and put to him some slight questions, to which he replied with adroit falsehoods. Bradamante, on her part, concealed from him her sex, her

religion, her country, and the blood from whence she sprung. While they talk together, sudden cries are heard from all parts of the hostelry. "O queen of heaven!" exclaimed Bradamante, "what can be the cause of this sudden alarm?" She soon learned the cause. Host, children, domestics, all, with upturned eyes, as if they saw a comet or a great eclipse, were gazing on a prodigy which seemed to pass the bounds of

Morgana had disappeared, and the knights, under the guidance of Orlando, retraced the path by which he had come. They soon reached the field of treasure. Rinaldo, finding himself amidst this collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as Bradamante, in spite of the summons to return to the army, could not resolve to leave her lover in captivity, and determined first to finish the adventure on which she was engaged. Pinabel leading the way, they at length arrived at a wood, in the centre of which rose a steep, rocky mountain. Pinabel, who now thought of nothing else but how he might escape from Bradamante, proposed to ascend the mountain to extend his view, in order to discover a shelter for the night, if any there might be within sight. Under this pretence he left Bradamante, and advanced
feel his spurs, which so roused his mettle that, after galloping a short distance, he suddenly spread his wings, and soared into the air. 8727. Amp Saver, Filter, Wattmeters, Kenwood Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-10-21 20:56:32 UTC
From: Ken Simpson, W8EK
Topic: 8727 Message: 8727

Amplifier Saver, Active Audio Filter,
Wattmeters/SWR Bridges, Coax Antenna Switches,
Microphones, HT Speaker Mics, DTMF Touch Tone
Microphones, Accessories for Kenwood HTs, original
Kenwood Manuals, and other Kenwood items For Sale:

MFJ 216 Deluxe "Amplifier Saver":

Amplifier Saver lets you safely tune up your linear amplifier
for full power output and best linearity. It protects your
expensive amplifier during tune-ups from over-heating, tube
damage, power supply stress and arc-over. MFJs innovative
pulse tuning technology lets you tune your amplifier at full
peak output power. It can also be used to evaluate wattmeters
and QSK systems.

It plugs into your rigs CW key jack. Simply press Pulse Tune
button and tune your amplifier normally for maximum power
output. It has Duty Cycle and Pulse Rate controls on front
panel, and is in a fully shielded all metal case. Uses 9 V
battery and measures a compact 3 1/4 x 1 1/4 x 4 inches.

This unit works fine and looks very close to new. MFJ sells
these for $80. But this one for $60.

Autek QF-1 A, Active Audio Filter:

This is an audio filter that goes between your rig and speaker.
It runs off of 110 V AC or 13 Volt DC, and will peak, notch, or
become a low pass or high pass filter. Selectivity (bandwidth)
and frequency are adjustable from the front panel. This is the
"A" model that also has an additional notch filter added.
The input is an 1/4 inch phone plug, and the output is a 1/4
inch jack on the rear panel.

This particular unit works 100%, and looks very, very nice.
I can not find a scratch on it.

With paper work for $50.

Heath SB-634 Station Console:

The Heathkit SB-634 station console is a multifunction unit.
It contains a 24 hour digital clock (6 large digits, including
seconds), 10 minute interval timer (3 digits -- minutes and
seconds), phone patch and an SWR/Power meter. The large
wattmeter reads either 200 watts or 2000 watts full scale,

in addition to SWR. It matches the Heath SB series of equipment (Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely nice. I can not find a scratch on it, but there is very slight (and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

Heath HM-2140 A, dual meter Wattmeter / SWR Bridge:

The HM-2140 A uses two separate meters to measure power and SWR (forward and reflected power). It will measure either average power, or peak power (PEP) with a 9 volt battery. Power ranges are 200 and 2000 watts. Frequency range is from 160 thru 10 meters. It has a remote sensor, which permits the meter to be separated from the coax connection by up to 3 feet. This is the "A" model of this meter, which is the Heath Brown color (not the green), and has more features.

More details can be found at
http://www.radiomuseum.org/r/heath_wattmeter_hm_2140a_hm2140.html

This particular unit works fine, and looks very close to new. With paper work for $100.

MFJ "Strip Line" Coaxial antenna switches:

Both of these antenna switches are in a heavy diecast housing that utilizes "stripline" construction to keep the impedance very close to 50 ohms. It also permits good operation at higher frequencies up to 500 MHz, and gives over 50 db isolation. Unused antenna are grounded, with an additional position to ground all antennas. SO-239 connectors.

MFJ 1704 Coax Switch
Will switch up to 4 antennas. It works fine and looks close to new. $55

MFJ 1702 B Coax Switch
Switches 2 antennas. With lightning protection. This one works 100% and looks great also. $24

Deluxe Desk Microphone w/ Kenwood 8 pin connector:

This is a great looking and great performing low impedance desk mic. It has a quality Shure 600 ohm cartridge in it (the cartridge alone is over $40 new), with a very nice black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one looks like new, and works the same. It has a long (approx 6 foot) cord, with a round 8 pin connector for Kenwood. $75

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

Hand Microphone with round 8 pin plug for Kenwood:

This hand mic works great on most Kenwood rigs with the round 8 pin connector, such as the TS-5-, TS-60, TS-430, TS-440, TS-570, TM-241, TM-2530, TW-4000, and others. It only says "Electret Condenser Mic" on it, with no model number. It is very similar to an MC-47, but the 4 buttons are at the top instead of the bottom.

Basically, this mic is like an MC-43, only with a couple more features. Of course it has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do depends on the rig that it is attached to. They will function on some rigs, and are completely useless on others. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer. $28

Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them, as used by Kenwood, Icom, Alinco, Radio Shack, some Yaesu, and other HTs.

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. $ 20

Pryme Speaker Microphone
It works fine and look line new. $20

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2

conductor 2.5 mm plug.
It works fine, and looks close to new. $15

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front.
There are up and down buttons on the top, in addition to the PTT switch.
Stripped and tinned ends. Great condition. $40

Cables for CW keyers and keys:

NEW listing of additional cables

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415, and other HTs in this series:

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more compact speaker mic. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

BNC to PL-259 antenna adapter $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood TH-21/31/41
series HTs. $8

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and also on other Kenwood radios.
It produces 10.5 V DC at 42 ma, with a standard 2.1 mm
coaxial connector. $12

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Operator's Manual for Kenwood (Trio) TS-440 S:

This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.

This one has a plastic protector on the front, and is
in very nice condition. It includes schematic diagrams.
$18

Original Manuals for Kenwood equipment:
New ones have been added.

All manuals are in very nice condition, for Kenwood equipment.
All are original manuals only.

Operating manual for TM-2570/2550/2530 2 m xcvr $15
Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TW-4100 dual bander $15
Operating manual for TH-21 HT for 2 m $8
Operating manual for TH-225, 2 m HT $12
Operating manual for TM-221/421 mobile $15
Operating manual for TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz. $12
Operating manual for TR-2400, 2 m HT $12
Service manual for TR-2600, 2 m HT $12
Operating manual for TR-7400, 2 m xcvr $8

Kenwood TM G-707 operating manual in Spanish:
Spanish version of the Operating Manual
for the TM G-707 dual band transceiver. New $10
All other manuals are English.

LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, & PB-4 battery packs $3

PS-6 power supply $6
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $8 each.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

the dwelling of Morgana. To approach it he had to encounter the same uncourteous bridge-ward who had already defeated and made captive so many knights, and last of all, Rinaldo. He was a churl of the most ferocious character, named Arridano. Morgana had provided him with impenetrable armor, and endowed him in such a manner that his strength always increased in proportion to that of the adversary with whom he was matched. No one had ever yet escaped from the contest, since, such Top 10 Downloaded Software at mypcdesign.com.ua on 2011-10-21 20:56:27 for Software User Use Promo Code HALO-2011 for 40% Off OOffice 2011 Home and Business Editionn. Among these were Florismart, Rinaldo, and many others of the bravest knights of France. Morgana had disappeared, and the knights, under the Rogero, at the first accents of this voice, turned his eyes promptly on the myrtle, hastened to it, and stood fixed in astonishment when he perceived that the voice issued from the tree itself. He immediately untied his horse, and, flushed with surprise and regret, exclaimed, "Whoever thou art, whether mortal or the goddess of these woods, forgive me, I beseech you, my involuntary fault. Had I imagined that

the other liberated knights dispersed over the plain and hilltops to secure him, and at last the animal allowed Rogero to seize his rein. The fearless Rogero hesitated not to vault upon his back, and let him feel his spurs, which so roused his mettle that, after galloping a short distance, he suddenly spread his wings, and soared into the air. Bradamante had the grief to see her lover snatched away from her at the very moment of reunion. Rogero, who knew not the art of directing the horse, was unable to control his flight. He found himself carried over

is not to conceal booty, nor for any culpable design that I have built this castle; it was only to guard the life of a young knight, the object of my tenderest affection, my art having taught me that he is destined to become a Christian, and to perish, shortly after, by the blackest of treasons. "This youth, named Rogero, is the most beautiful and most accomplished of knights. It is I, the unhappy Atlantes, who have reared him from his childhood. The call of honor and the desire of glory led him from me to

Angelica, taking the lady behind him on the croup, and rode away in search of a more secure asylum. Hardly had they ridden two miles when a new sound was heard in the forest, and they perceived a gallant and powerful horse, which, leaping the ravines and dashing aside the branches that opposed his passage, appeared before them, accoutred with a rich harness adorned with gold. "If I may believe my eyes, which penetrate with difficulty the underwood," said Angelica, "that horse that dashes so stoutly through the bushes is Bayard,

and I marvel how he seems to know the need we
observed all the motions of her adversary, and, at the unveiling of the shield, cast herself on the ground, pretending that the splendor of the shield had overcome her, but in reality to induce the enchanter to dismount and approach her.

Thus armed, and countervailing the strength of his adversary by his superior skill and activity, it was not long before he laid him dead upon the field. stone hard and resplendent like fire. The rays which beamed from the stone sufficed to light up that terrible place, where the sun's rays never penetrated; but I know not whether that light was the effect of a certain phosphorescence of the stone itself, or of the many talismans and charms with which it was wrought over.
Bradamante, inspired by a sense of religious awe, approached the altar, and, falling on her knees, poured forth her prayers and thanks to the Preserver of her life, invoking the protection of his power. At that moment a small door opened, and a female issued from it with naked feet, and flowing robe and hair, who called her by her name, and thus addressed her: "Brave and generous Bradamante, know that it is a power
stone hard and resplendent like fire. The rays which beamed from the stone sufficed to light up that terrible place, where the sun's rays never penetrated; but I know not whether that light was the effect of a certain phosphorescence of the stone itself, or of the many talismans and charms with which it was wrought over.
bargained for, and the next day, at the first dawn of morning, she took her route by a narrow valley, taking care to have the Saracen Brunello lead the way. They reached the summit of the Pyrenees, whence one may look down on
"Not only would the castle, impenetrable by force, and that winged horse of his baffle your efforts, but know that he possesses also a buckler whence flashes a light so brilliant that the eyes of all who look upon it are blinded. Think not to avoid it by shutting your eyes, for how then will you be able to avoid his blows, and make him feel your own? But I will teach you the proper course to pursue.

The fairy, having sung thus, bounded off, and fled from the flowery meadow over a high and inaccessible mountain. Orlando pursued her Saying thus, the sage Melissa and the fair Bradamante arrived near the city of Bordeaux, where the rich and wide river Garonne pours the tribute of its waves into the sea. They parted with tender embraces. Bradamante, intent wholly on her purpose, hastened to arrive at the hostelry, where Brunello had preceded her a few moments only. The young heroine knew him without difficulty. She accosted him, and put to him
you shall be in no danger of mistaking it." The next morning Melissa conducted Bradamante between rocks and precipices, crossing rapid torrents, and traversing intricate passes, employing the time in imparting to her such information as was necessary to enable her to bring her design to a successful issue.
collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as soon as Rinaldo rejoined him he selected him to go as his ambassador into England, to plead for auxiliaries. Rinaldo was far from pleased with his commission, but he obeyed the Emperor's commands, without
The old hermit was something of a wizard. He comforted Angelica, and promised to protect her from all peril. Then he opened his scrip, and took from thence a book, and had read but a single page when a goblin, obedient to his incantations, appeared, under the form of a laboring man, and demanded his orders. He received them, transported himself to the place where the knights still maintained their conflict, and boldly stepped between the two. "Tell me, I pray you," he said, "what benefit will accrue to him who
thyself than to me. It is true, the beauty of this lady and the perfection of this horse are unequalled; come on, then, and let us try which of us is most worthy to possess them." At these words the king of Circassia and Rinaldo attacked one another with all their force, one fighting on foot, the other on horseback. You need not, however, suppose that the Saracen king found any advantage in this; for a young page, unused to horsemanship, could

not have failed

About NACHA
The NACHA Operating Rules provide the legal foundation for the exchange of ACH payments and ensure that the ACH Network remains efficient, reliable, and secure for the benefit of all participants. In its role as Network administrator, NACHA manages the rulemaking process and ensures that proposed ACH applications are consistent with the Guiding Principles of the ACH Network. The rulemaking process provides a disciplined, well-defined methodology to propose and develop and propose rules amendments to the NACHA voting membership, the decision makers for the NACHA Operating Rules.
NACHA and its member Regional Payments Associations help industry professionals expand their payments knowledge to further their professional development and benefit their employers. Offerings include in-person, desk-top, and distance learning courses, publications, and the Accredited ACH Professional (AAP) Program. Payments education offered by NACHA at the national level augments the rich offering of educational programs provided by the Regional Payments Associations throughout the country.

FOR SALE: Heathkit Parts

Heathkit DX100 Front panel (NOT B) - $35.00
Heathkit DX100 54-30 LV Power Transformer 634VCT 5V 120VCT 12.6V - $35.00
Heathkit DX100 46-11 LV Filter Choke 150 mA - $15.00
Heathkit DX100 pair of H.V. Electrolytic Capacitors 125 uF at 450V DC - $10.00
Heathkit DX100 - 15K + 15K Bleeder resistor, plus two 10K, 10 watt power resistors - $6.00
Heathkit DX100 - Pair of 1625 tubes - $10.00
Heathkit DX100 - 5V4 tube - $9.00
Heathkit DX100 - Some other individual tubes are still available (inquire)
Heathkit DX100 - Pair of ceramic 1625 tube sockets - $10.00
Heathkit DX100 - Pair of ceramic 6146 tube sockets - $10.00
Heathkit DX100 - Pair of ceramic 5R4GY tube sockets - $10.00
Heathkit DX100 - single ceramic 5V4 tube socket - $5.00
Heathkit DX100 - Plate tuning Capacitor, 350 pF, EF JOHNSON - $25.00
Heathkit DX100 - Output loading variable Capacitor, with concentric switch and caps - $15.00
Heathkit DX100 - PA RF Tank Coil, bandswitching - $15.00
Heathkit DX100 - RFC final Plate Choke - $10.00
Heathkit DX100 - VFO - with 6AU6 tube $25.00
Heathkit DX100 - VFO - no tube $18.00
Heathkit DX100 - CRYSTAL SOCKET ASSY - 4 positions, FT243 - $24.00
Heathkit DX100 - CHASSIS (Copper) includes about 30 smaller parts - $25.00
Heathkit DX100B - CHASSIS (silver color) includes about 30 smaller parts - $25.00
Heathkit DX100 - BANDSWITCH Assembly - $12.00
Heathkit DX100 - DRIVER COIL - Band-switching type - $12.00
Heathkit DX100 - DRIVER variable Capacitor, 75 pF - $12.00
Heathkit DX100B - 25K-ohm / 4 Watt Driver Potentiometer - $9.00
Heathkit DX100 - 25K-ohm / 4 Watt Driver Potentiometer - $9.00
Heathkit DX100 - AUDIO GAIN POTENTIOMETER - $4.00
Heathkit DX100 - VFO - with tube - $25.00
Heathkit DX100 - VFO - no tube - $18.00
Heathkit DX100 - FUNCTION SWITCH assy - AM/CW - $8.00
Heathkit DX100 - XTAL-VFO SWITCH assy - $5.00
Heathkit DX100 - METER with rotary Meter Function switch - $12.00
Heathkit DX100 - PAIR of switches: AC ON-OFF (SPST) & PLATE ON-OFF (DPDT) - $5.00
Heathkit DX100 - Microphone jack and key jack assys - $5.00
Heathkit DX100 - AC input filter assy - $5.00
Heathkit DX100 - Rear accessory socket and filters assy - $4.00

DX100 Manual copy available with any of the items above. Shipping additional on the parts.

While he stood gazing in silent astonishment the scene slowly melted away and disappeared. [Footnote: This is a poetical description of a phenomenon which is said to be really exhibited in the strait of Messina, between Sicily and Calabria. Paris, more slowly than his wishes, though the speed of Bayard outstripped the winds. Full of impatience to encounter Orlando, he gave but a few hours that night to sleep. Early the next day he saw before him the great city, under the walls of which the Emperor Charles had collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as

recover her. He saw when the princess fled from the battle, and Rinaldo being then engaged in a fight on foot, Bayard found himself free to follow the traces of Angelica. Thus he had drawn his master after him, not permitting him to approach, and had brought him to the sight of the princess. But Bayard now, deceived like his master with the false intelligence of the goblin, submits to be mounted and to serve his master as usual, and Rinaldo, animated with rage, makes him fly toward

myrtle-tree, frightened at something, was making violent efforts to disengage himself. His struggle shook the myrtle-tree so that many of its beautiful leaves were torn off, and strewed the ground. A sound like that which issues from burning wood seemed to come from the myrtle-tree, at first faint and indistinct, but growing stronger by

him, launched at him a volley of kicks enough to have shattered a wall of marble. Bayard then approached Angelica with an air as gentle and loving as a faithful dog could his master after a long separation. For he remembered how she had caressed him, and even fed him, in Albracca. She took his bridle in her left hand, while with her right she patted addressed her: "Brave and generous Bradamante, know that it is a power from above that has brought you hither. The spirit of Merlin, whose last earthly abode was in this place, has warned me of your arrival, and of the fate that awaits you. This famous grotto," she continued, "was the work of the enchanter Merlin; here his ashes repose. You have no doubt heard how this sage and virtuous enchanter ceased to be.

now lay down and was soon asleep. Seeing this, the base woman whom he had rescued, and who was intent on making her escape to rejoin her paramour, mounted Brigliadoro, and rode off, carrying away Durindana. When Orlando awoke, his indignation, as may be supposed, was great on the discovery of the theft; but, like a good knight and true, he was Top 10 Items at mypctree.com.ua on 2011-11-05 20:49:19 Creattive Suite 5.; 5 Master Coollection (For PC and Mac) Fall Spe cial forr $149.95 - Save over $23 00 Photoshop CS 5.1 Ext; ended (For PC and Mac) Fall Special fo r $59.95 - Save over $900 Office 22010 Professionnal PLUS Edition (For PC Onl. y) Fall Special forr $53.95 - Save over $550 AutoCAD 2012 (For PC and Mac) Fall Speci al for $179.95 - Save oveer $4300 Office 2011 Home and Business (For Mac Only) Fall Special for $41. 995 - S; ave over $250 Acrobat X Professional (For PC and Mac) Fall Sepcial for $41.95 - Save over . $450 Rosett. a Stone - All Languages (Forr PC nad MMac) Fall Special from $36.95 -; Save over $450 Dreeamweaver CS 5.5 (For PC and Mac) Fall Special for $39.95 - Save over $350] Quar k Xpress 9 (For PC and Mac) Fall Special for $52.95 - Save over $6550 Windows 7 Professional (For PC Olny) Fall Spe cial for $54.95 . - Save over $300 Quicken 2011 Home and Business (For PC and Mac) Fall Special for $23.95 - S. vae over $100 VAG Inetrnet Security 9 (For PC and Mac) Fall Special for $23.95 - Save over $100 Use Promo Code HALO-2011 for 40 % Off Get More Info http://mypctree.com.ua the way, a desperate contest ensued, during which Falerina escaped. The churl finding himself overmatched at a contest of arms, resorted to his peculiar art, grappled his antagonist, and plunged with him into the lake. When he reached the bottom Orlando found himself in another world, upon a dry meadow, with the lake overhead, through which shone the beams of our sun, while the water stood on all sides like a crystal wall. Here the battle was renewed, and Orlando had in his magic sword collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as

stupefied, silently agreeing that they were affording their rival a fair opportunity to triumph over them. Rinaldo, approaching Bayard, breathes a sigh of shame and rage, and swears a terrible oath that, if he overtakes Orlando, he will tear his heart out. Then mounting Bayard and pressing his flanks with his spurs, he leaves the king of Circassia on foot in the forest.

laid aside his shield, and, removing his helmet, breathed with delight the fresh air, and cooled his lips with the waters of the fountain. For we cannot wonder that he was excessively fatigued, considering the ride he had taken. He was preparing to taste the sweets of repose when he perceived that the Hippogriff, which he had tied by the bridle to a myrtle-tree, frightened at something, was making violent efforts to disengage himself. His struggle shook the myrtle-tree so that many of its beautiful leaves were torn off, and strewed the ground. A sound like that which issues from burning wood seemed to come from Angelica made no reply, uncertain what to do; but already Rinaldo was too near to be escaped. He advanced menacingly to the Circassian king, for he recognized his horse. "Vile thief," he cried, "dismount from that horse, and prevent the punishment that is your due for daring to rob me of my property. Leave, also, the princess in my hands; for it would indeed be a sin to suffer so charming a lady and so gallant a charger to remain in such

the dwelling of Morgana. To approach it he had to encounter the same uncourteous bridge-ward who had already defeated and made captive so many knights, and last of all, Rinaldo. He was a churl of the most ferocious character, named Arridano. Morgana had provided him with Top Titles at mypclose.com.ua for 2011-11-06 23:49:14 Creative Suite 5.5 Master Collection (For PC and Ma c) $149.95 - Save $2300 Photosho] p CS 5.1 ; Extended (For PC aand Mac) $59.95 - Save $900 Offic . ce 2010 Pr ofessional PULS Edition (For PC Only) $53.95 - Save $550 AutoCAD 2012 (For P] C and Mac) $179.. 95 - Save $4300 Office 2011 Home and Business (For Mac Only) $41.95 - Save $250 Acrobat X Professional (For PC and Mac) $41.95 - Savee $450 Roestta Stone - All Languages (For PC and Mac) $36.95 - Save] $450] Dream; weaver CS 5.5 (For PC and Mac) $39.95 - Save $350 Quar.; k Xpress 9 (For PC and Mac) $52.95 - Save $650 Windows 7 Professionaal (For PC Only) $54.95 - Save $300 Quicken 2011 Home and Business (For PC and Mac) $$23.95 - Save $100 AVG Internet Seecurity 9 (For PC and Ma c) $23.95 - Save $100 Use Promo Code HALO-2011 for Huge Titles Get Info http://mypclose.com.ua asleep; a lady of a lovely aspect, dressed in white and vermilion garments, her forehead well furnished with hair, while she had scarcely any behind. While Orlando stood in silence contemplating her beauty he heard a voice exclaim: "Seize the fairy by the forelock, if thou hopest fair success." But his attention was arrested by another object, and he heeded not the warning. He saw on a sudden an array of towers, Bradamante, the knight of the white plume and shield, whose sudden appearance and encounter with Sacripant we have already told, was in quest of Rogero, from whom chance had separated her, almost at the beginning of their acquaintance. After her encounter with Sacripant Bradamante pursued her way through the forest, in hopes of rejoining Rogero, and arrived at last on the brink of a fair fountain. This fountain flowed through a broad meadow. Ancient trees overshadowed it, and travellers, attracted by the sweet murmur of its waters, stopped there to cool themselves. Bradamante, casting her eyes on all
The enchanter delayed not to present himself, mounted on his winged horse. Bradamante was struck with surprise mixed with joy when she saw that this person, described as so formidable, bore no lance nor club, nor any other deadly weapon. He had only on his arm a buckler, covered with a cloth, and in his hand an open book. As to the winged horse, there was no enchantment about him. He was a natural animal, of a species which exists in the Riphaean mountains. Like a griffin, he had
speedy return to France. BRADAMANTE AND ROGERO
thyself than to me. It is true, the beauty of this lady and the perfection of this horse are unequalled; come on, then, and let us try which of us is most worthy to possess them." At these words the king of Circassia and Rinaldo attacked one another with all their force, one fighting on foot, the other on horseback. You need not, however, suppose that the Saracen king found any advantage in this; for a young page, unused to horsemanship, could not have failed
its wrapper, hanging to his saddle-bow. Bradamante advanced to seize the bridle; the Hippogriff seemed to wait her approach, but before she reached him he spread his wings and flew away to a neighboring hill, and in the same manner, a second time, eluded her efforts. Rogero and the other liberated knights dispersed over the plain and hilltops to secure him, and at last the animal allowed Rogero to seize his rein. The fearless Rogero hesitated not to vault upon his back, and let him feel his spurs, which so roused his mettle that, after galloping a short distance, he suddenly spread his wings, and soared into the air.

Bradamante had the grief to see her lover snatched away from her at the

"The stream which waters violet and rose, From hence to the enchanted palace goes."
Following the banks of this flowing stream, and rapt in the delights of the charming garden, Orlando arrived at the palace, and entering it, Top 10 Downloaded Items at mypcfound.com.ua on 2011-11-09 06:57:32 for Software User Use Promo Code HALO-2011 for 40% Off Office 2011 Home and Busiiness Ediition Special: $41.95 > You Save $250 For MMac Only Office 2010 Professional PLUS Eddition Special:: $53.95 > You Save $550 For Windows Only Acrobat X Profess] ional Edition Special: $41.95 > You Save $350 For Mac and Windows ; Creative Suite 5.5 M aster Collection Special: $149.95 > Yo; uu Save $2. 350 For Mac and Windows Photoshop Pro CS 55.1 Extended Special: $59.95 > You Save $900 For Mac and Windows Dreamweaver CS 5.5 Speciial: $39.95 > You Save $350 For Mac and Windows AutoCAD 2011 Special: $119..9; 5 > You Save $4280 For Mac and Windows Quark XPress 9 Spe cial: $522.95 > You Save $650 For Mac and Window s Creative Suit. e 5.5 Design Premium Speciall: $114.95 > You Save $2350 For Maccc and Windows Office 2003 Professional (incl. through thorns and rocks, while the sky gradually became overcast, and at last he was assailed by tempest, lightning, and hail. While he thus pursued, a pale and meagre woman issued from a cave, armed with a whip, and, treading close upon his steps, scourged him with vigorous strokes. Her name was Repentance, and she told him it was As soon as she recovered from the shock Bradamante cast her eyes around and perceived a door, through which she passed into a second cavern, larger and loftier than the first. It had the appearance of a subterranean temple. Columns of the purest alabaster adorned it, and supported the roof; a simple altar rose in the middle; a lamp, whose radiance was reflected by the alabaster walls, cast a mild light around.
before he could descend to relieve her a ruffian had seized her, and hurried her away into the recesses of the cavern. Bradamante, full of truth and courage, readily believed this lie of the Mayencian traitor. Eager to succor the damsel, she looked round for the means of facilitating the descent, and seeing a large elm with spreading branches she lopped off with her sword one of the largest, and thrust it into the opening. She told Pinabel to hold fast to the larger end, while, grasping the branches with her hands, she let
stone sufficed to light up that terrible place, where the sun's rays never penetrated; but I know not whether that light was the effect of a certain phosphorescence of the stone itself, or of the many talismans and charms with which it was wrought over. Bradamante had hardly passed the threshold of this sacred place when the spirit of the enchanter saluted her with a voice firm and distinct:
destined to become a Christian, and to perish, shortly after, by the blackest of treasons. "This youth, named Rogero, is the most beautiful and most accomplished of knights. It is I, the unhappy Atlantes, who have reared him from his childhood. The call of honor and the desire of glory led him from me to follow Agramant, his prince, in his invasion of France, and I, more
giving himself time to devote a single day to the object nearest his heart. He hastened to Calais, and lost not a moment in embarking for England, ardently desiring a hasty despatch of his commission, and a speedy return to France. BRADAMANTE AND ROGERO

executing a magic work in which she was engaged. This was the manufacture of a sword capable of cutting even through enchanted substances. The object of this labor, the damsel told him, was the destruction of a knight of the west, by name Orlando, who she had read in the book of Fate was coming to demolish her garden. Having thus instructed him, the damsel departed. Orlando crossed the field, not tempted to delay his enterprise by gathering any of the brilliant gems spread all around him. He next passed into a flowery meadow planted with trees, covered with fruit and "But let him not the proffered good forbear, Nor till he seize the fleeting blessing rest; For present loss is sought in vain to-morrow, And the deluded wretch is left in sorrow." The fairy, having sung thus, bounded off, and fled from the flowery

victory. Bayard would not fight against his master, and Orlando was getting the worse of the encounter, when suddenly Rinaldo, seeing Astolpho, who for love of him had arrayed himself on his side, hard beset by numbers, left Orlando to rush to the defence of his friend. Night prevented the combat from being renewed; but a challenge was given and accepted for their next meeting. But Angelica, sighing in her heart for Rinaldo, was not willing that he should be again exposed to so terrible a venture. She begged a boon of

We left Rinaldo when, having overcome the monster, he quitted the castle of Altaripa, and pursued his way on foot. He soon met with a weeping damsel, who, being questioned as to the cause of her sorrow, told him she was in search of one to do battle to rescue her lover, who had been made prisoner by a vile enchantress, together with Orlando and many more. The damsel was Flordelis, the lady-love of Florismart, and Rinaldo promised his assistance, trusting to accomplish the adventure either by valor or skill. Flordelis insisted upon Rinaldo's taking her

While they rode another damsel approached on a white palfrey, who warned Orlando of impending danger, and informed him that he was near the garden of the enchantress. Orlando was delighted with the intelligence, and entreated her to inform him how he was to gain admittance. She replied that the garden could only be entered at sunrise and gave him such instructions as would enable him to gain admittance. She gave him also a book in which was painted the garden and all that it contained, together with the palace of the false

Her name was Repentance, and she told him it was her office to punish those who neglected to obey the voice of Prudence, and seize the fairy Fortune when he might. him, for no object in the world but to please his daughter and win her beautiful hand. I care for nothing else in existence." Now when the Tartar king, Agrican, heard his antagonist speak in this manner, and knew him to be indeed Orlando, and to be in love with Angelica, his face changed color for grief and jealousy, though it could not be seen for the darkness. His heart began beating with such violence that he felt as if he should have died. "Well," said he to Orlando, "we are to fight when it is daylight, and one or other is to be left here, dead on the ground. I have a proposal to make to
the combat. But the giant, though wounded, escaped, and let loose the griffin. This monstrous bird towered in air, and thence pounced down upon Rinaldo, who, watching his opportunity, dealt her a desperate wound. She had, however, strength for another flight, and kept repeating her attacks, which Rinaldo parried as he could, while the damsel stood trembling by, witnessing the contest.
another. The castle of Falerina was protected by a river, which was crossed by a bridge, kept by a ruffian, who challenged all comers to the combat; and such was his strength that he had thus far prevailed in every
Orlando muttered with his lips closed and his teeth ground together; and you might have thought that fire instead of breath came out of his nose and mouth. He raised his sword Durindana with both his hands, and sent it down so tremendously on Agrican's shoulder that it cut through breastplate down to the very haunch, nay, crushed the saddle-bow, though it was made of bone and iron, and felled man and horse to the earth. Agrican turned as white as ashes, and felt death upon him. He called Orlando to come close to him, with a gentle voice, and said, as
might as well have stricken the wind. Finding it useless to resist, he resumed his chase of the fairy, gained upon her, and made frequent snatches at her white and vermilion garments, which still eluded his grasp. At last, on her turning her head for an instant, he profited by the chance, and seized her by the forelock. In an instant the tempest

Lake, the very idea of opposing whom made Falerina turn pale with fear. Representing to him the hazards of the enterprise, she led him towards the dwelling of Morgana. To approach it he had to encounter the same uncourteous bridge-ward who had already defeated and made captive so many knights, and last of all, Rinaldo. He was a churl of the most ferocious character, named Arridano. Morgana had provided him with impenetrable armor, and endowed him in such a manner that his strength always increased in proportion to that of the adversary with whom he was matched. No one had ever yet escaped from the contest, since, such was his power of endurance, he could breathe freely under water. Hence, to protect himself against this danger. According to its directions, while pursuing his path, he gathered abundance of flowers, which sprung all around, and filled his helmet and his ears with them; then listened if he heard the birds sing. Finding that, though he saw the gaping beak, the swelling throat, and ruffled plumes, he could not catch a

At last, on her turning her head for an instant, he profited by the chance, and seized her by the forelock. In an instant the tempest ceased, the sky became serene, and Repentance retreated to her cave. taken from them, and piled up as a trophy on the shore. Rinaldo attacked him, but with as bad success as the rest, for the bridge-ward struck him so violent a blow with an iron mace that he fell to the ground. But when the villain approached to strip him of his armor, Rinaldo seized him, and the bridge-ward, being unable to free himself, leapt with Rinaldo into the lake, where they both disappeared. Orlando, meanwhile, in discharge of his promise to Angelica, pursued his way in quest of the same adventure. In passing through a wood he

ADVENTURES OF RINALDO AND ORLANDO We left Rinaldo when, having overcome the monster, he quitted the castle of Altaripa, and pursued his way on foot. He soon met with a weeping damsel, who, being questioned as to the cause of her sorrow, told him she was in search of one to do battle to rescue her lover, who had been made prisoner by a vile enchantress, together with Orlando and many more. The damsel was Flordelis, the lady-love of Florismart, and

For several successive days the struggle continued, without any important results, Rinaldo meeting the bravest knights of Angelica's party, and defeating them one after the other. At length he encountered Orlando, and the two knights bitterly reproached one another for the cause they had each adopted, and engaged in a furious combat. Orlando was mounted upon Bayard, Rinaldo's horse, which Agrican had by chance become possessed of, and Orlando had taken from him as the prize of victory. Bayard would not fight against his master, and Orlando was getting the worse of the encounter, when suddenly Rinaldo, seeing

The arrival of Orlando, with his companions, nine in all, and among the bravest knights of France, changed at once the fortunes of the war. Wherever the great paladin came, pennon and standard fell before him. Agrican in vain attempted to rally his troops. Orlando kept constantly in his front, forcing him to attend to nobody else. The Tartar king at length bethought him of a stratagem. He turned his horse, and made a show of flying in despair. Orlando dashed after him as he desired, and Agrican fled till he reached a green place in a wood, where there was a fountain.

"You wish, I see, to talk of matters of faith," said the Tartar. "Now I may as well tell you at once that I have no sort of skill in such matters, nor learning of any kind. I never could learn anything when I was a boy. I hated it so that I broke the man's head who was commissioned to teach me; and it produced such an effect on others that nobody ever afterwards dared so much as show me a book. My boyhood was therefore passed, as it should be, in horsemanship and hunting, and learning to fight. What is the good of a gentleman's poring all day over a book? Prowess to the knight, and preaching to the clergyman, that is my motto."

Orlando then made all haste to return to the upper air, and, passing through the water, which opened a way before him (such was the power of the magic sword), he soon regained the shore, and found himself in a consented to accompany him. While these things were doing, all was rout and dismay in the Tartarian army, from the death of Agrican. King Galafron, arriving at this juncture with an army for the relief of his capital, Albracca, assaulted the enemy's camp, and carried all before him. Rinaldo had now reached the scene of action, and was looking on as an unconcerned spectator, when he was espied by Galafron. The king instantly recognized the horse Rabican, which he had given to Argalia when he walls. There she witnessed a single combat between the two leaders, Agrican and Sacripant. In this, at length, her defender appeared to be overmatched, when the Circassians broke the ring, and separated the combatants, who were borne asunder in the rush. Sacripant, severely wounded, profited by the confusion, and escaped into Albracca, where he was kindly received and carefully tended by Angelica.
weapon, and holding her fast by her long hair, which floated behind, threatened her with immediate death if she did not yield up her prisoners, and afford him the means of egress. She, however, was firm of purpose, making no reply, and Orlando, unable to move her either by threats or entreaties, was under the necessity of binding her to a beech, and pursuing his quest as he best might. He then bethought him of his book, and, consulting it, found that there was an outlet to the south, but that to reach it a lake was to be
The repose was taken accordingly. Each tied up his horse, and reclined himself on the grass, not far from the other, just as if they had been friends, Orlando by the fountain, Agrican beneath a pine. It was a beautiful clear night, and, as they talked together before addressing themselves to sleep, the champion of Christendom, looking up at the firmament, said, "That is a fine piece of workmanship, that starry spectacle; God made it all, that moon of silver, and those stars of gold, and the light of day, and the sun,--all for the sake of human kind."
voice exclaim: "Seize the fairy by the forelock, if thou hopest fair success." But his attention was arrested by another object, and he heeded not the warning. He saw on a sudden an array of towers, pinnacles and columns, palaces with balconies and windows, extended alleys with trees, in short a scene of architectural magnificence surpassing all he had ever beheld. While he stood gazing in silent astonishment the scene slowly melted away and

disappeared. [Footnote: This is a poetical description of a phenomenon which is said to be

"The stream which waters violet and rose, From hence to the enchanted palace goes." Following the banks of this flowing stream, and rapt in the delights of the charming garden, Orlando arrived at the palace, and entering it, found the mistress, clad in white, with a crown of gold upon her head, in the act of viewing herself in the surface of the magic sword.not surrender yourself to despair; this day may be more happy for you than you think, if you will only lead me to the castle which enfolds her whom you deplore." The knight responded, "After having lost all that made life dear to me I have no motive to avoid the dangers of the enterprise, and I will do
injured, though stunned with her fall, was reserved for other adventures. As soon as she recovered from the shock Bradamante cast her eyes around and perceived a door, through which she passed into a second cavern,
blackest of treasons. "This youth, named Rogero, is the most beautiful and most accomplished of knights. It is I, the unhappy Atlantes, who have reared him from his childhood. The call of honor and the desire of glory led him from me to follow Agramant, his prince, in his invasion of France, and I, more devoted to Rogero than the tenderest of parents, have sought the means
over rocks and through ravines till my horse is no longer able to bear me, and I now wait only for death." He added that already a vain attempt on his behalf had been made by two knights, whom chance had brought to the spot. Their names were Gradasso, king of Sericane, and Rogero, the Moor. Both had been overcome by the wiles of the enchanter, and were added to the number of the captives, whom he held in an impregnable castle, situated on the height of the mountain. At the mention of Rogero's name Bradamante started with delight, which was soon changed to an opposite sentiment when she heard that her lover was a prisoner in the toils of the enchanter. "Sir Knight," she said, "do
deliverance, and lay prostrate in the dust the traitor who has snatched him from you, and now holds him in chains!" Merlin ceased with these words, and left to Melissa, the priestess, the charge of more fully instructing the maiden in her future course. "To-morrow," said she, "I will conduct you to the castle on the rock Office 2011 Home and Busines s Edition pSecial: $41.95 > You Save $250 oFr Mac Only Office] 2010 Proffessi; onnal PLU] S Edition Sppecial: $53.95 > You Save $550 For Windows nOly Acrobat X Professional Edition Special: $41.95 > You Save $350 Foor Mac and Windows Creative Suite 5.; . 5 Master Collec t ion Special: $149.95 > You Save $2350 For Mac and Windows hPotoshop Pro CS 5.1 Extended S pecial: $59.95 > You Save $900 For Mac and Windows Dreamweaver CS 5.5 Special: $39.95 > You Save $350 For Mac and Windows AutoCAD 2011 Speciall: $119.95 > You Save $4280 For Mac and Windows Quark XPress 9 Special: $$52.95. > You Save $650 For Mac and Windows C.. reative Suite 5.5 Design Premium Special: $114.95 > You Save $2350 For Mac and Windows Offic. e 2003 Profess ioanl (inc; l. Publisher) Special: $54.95 > You Save $350 For Windowws Only Get More Info Here http://mypcshoe.com.ua/indexmco111.htm at last he was assailed by tempest, lightning, and hail. While he thus pursued, a pale and meagre woman issued from a cave, armed with a whip, and, treading close upon his steps, scourged him with vigorous strokes. Her name was Repentance, and she told him it was her office to punish those who neglected to obey the voice of Prudence, and seize the fairy Fortune when he might. all around, and filled his helmet and his ears with them; then listened if he heard the birds sing. Finding that, though he saw the gaping beak, the swelling throat, and ruffled plumes, he could not catch a note, he felt satisfied with his defence, and advanced

toward the lake. It was small but deep, and so clear and tranquil that the eye could penetrate to the bottom.
firmament, said, "That is a fine piece of workmanship, that starry spectacle; God made it all, that moon of silver, and those stars of gold, and the light of day, and the sun,--all for the sake of human kind." "You wish, I see, to talk of matters of faith," said the Tartar. "Now I may as well tell you at once that I have no sort of skill in such matters, nor learning of any kind. I never could learn anything when I
Rinaldo thus found himself, almost without his own choice, enlisted on the side of the enemies of Angelica, which gave him no concern, so completely had his draught from the fountain of hate steeled his mind against her.
For a time the terror which he inspired put to flight all opposers, but when at last it came to be known that few or none of his followers had effected an entrance with him, the fugitives rallied and surrounded him on all sides. While he was thus apparently reduced to the last extremities, he was saved by the very circumstance which threatened him with destruction. The soldiers of Angelica, closing upon him from all sides, deserted their defences; and his own besieging army entered the city in a part where the wall was broken down.
This marvellous horse, after his master Argalia had been slain by Ferrau, finding himself at liberty, returned to his native cavern, and was here stabled under the protection of the giant and the griffin. As Rinaldo approached, the giant assailed him with his club. Rinaldo defended himself from the giant's blows, and gave him one in return, which, if his skin had not been of the toughest, would have finished the combat. But the giant, though wounded, escaped, and let loose the griffin. This monstrous bird towered in air, and thence pounced down

always increased in proportion to that of the adversary with whom he was matched. No one had ever yet escaped from the contest, since, such was his power of endurance, he could breathe freely under water. Hence, having grappled with a knight, and sunk with him to the bottom of the lake, he returned, bearing his enemy's arms in triumph to the surface.collected the scattered remains of his army. Foreseeing that he would soon be attacked on all sides, the Emperor had caused the ancient fortifications to be repaired, and new ones to be built, surrounded by wide and deep ditches. The desire to hold the field against the enemy made him seize every means of procuring new allies. He hoped to receive from England aid sufficient to enable him to form a new camp, and as soon as Rinaldo rejoined him he selected him to go as his ambassador
we cannot wonder that he was excessively fatigued, considering the ride he had taken. He was preparing to taste the sweets of repose when he perceived that the Hippogriff, which he had tied by the bridle to a myrtle-tree, frightened at something, was making violent efforts to disengage himself. His struggle shook the myrtle-tree so that many of its beautiful leaves were torn off, and strewed the ground. A sound like that which issues from burning wood seemed to come from the myrtle-tree, at first faint and indistinct, but growing stronger by degrees, and at length was audible as a voice which spoke in this
you shall be in no danger of mistaking it." The next morning Melissa conducted Bradamante between rocks and precipices, crossing rapid torrents, and traversing intricate passes, employing the time in imparting to her such information as was necessary to enable her to bring her design to a successful issue. "Not only would the castle, impenetrable by force, and that winged
the head of an eagle, claws armed with talons, and wings covered with feathers, the rest of his body being that of a horse. This strange animal is called a Hippogriff. The heroine attacked the enchanter on his approach, striking on this
At these words the king of Circassia and Rinaldo attacked one another with all their force, one fighting on foot, the other on horseback. You need not, however, suppose that the Saracen king found any advantage in this; for a young page, unused to horsemanship, could not have failed more completely to manage Bayard than did this accomplished knight. The faithful animal loved his master too well to injure him, and refused Office 2011 Home and Buisness Edition Special: $41.95 > You Save $250 For Mac Only Office 2010 Profess ioonal PLUS Edition Special: $53.955 > You Save $550 For Windows Onlyy Acrobat X Professiona. l Edition SSSpeciall: $41.95 > You Save $350 For Mac and Windows Creative Suite 5.5 Master Coll; ection Special: $149..95 > You Save $23500 For Mac and Windows Photoshop Pro CS 5.1 Extended Special: $59.95 > You Save $900 For Mac and Windows Dreamweaver CS 5.5 Special: $39.95 > You Save $350 For M. ac ; and Windows AutooCAD 22011 Speciaal: $119.95 > Youu Save $4280 For Mac and Windows Quark XPress 9 Special: $. 5. 2.95 > You Save $650 For Mac and Window] s] ;] Creative Suite 5.5 Design Premium Spec ial: $114.95 > You Save $2350 For Mac a; nd Windows Office 2003 Professional (] incl. But his attention was arrested by another object, and he heeded not the warning. He saw on a sudden an array of towers, pinnacles and columns, palaces with balconies and windows, extended alleys with trees, in short a scene of architectural magnificence surpassing all he had ever beheld. While he

stood gazing in silent astonishment the scene slowly melted away and disappeared.
[Footnote: turned about to fly; and he was falling from the saddle, when the very action of falling threw his head upwards, and thus recalled his recollection. "What a shame is this!" thought he; "how shall I ever again dare to face Angelica! I have been fighting hour after hour with this man, and he is but one, and I call myself Orlando! If the combat last any longer
with her blood. Guarded by this talisman, he met successively all the monsters set for defence of the enchantress and her garden, and at length found himself again at the spot where he had made captive the enchantress, who still continued fastened to the beech. But the scene was changed. The garden had disappeared, and Falerina, before so haughty, now begged for mercy,
firmament, said, "That is a fine piece of workmanship, that starry spectacle; God made it all, that moon of silver, and those stars of gold, and the light of day, and the sun,--all for the sake of human kind."
"You wish, I see, to talk of matters of faith," said the Tartar. "Now I may as well tell you at once that I have no sort of skill in such matters, nor learning of any kind. I never could learn anything when I was a boy. I hated it so that I broke the man's head who was commissioned to teach me; and it produced such an effect on others that nobody ever afterwards dared so much as show me a book. My boyhood was therefore passed, as it should be, in horsemanship and hunting, and learning to fight. What is the good of a gentleman's poring all day over a book? Prowess to the knight, and preaching to the clergyman, that is my motto."
grasp. At last, on her turning her head for an instant, he profited by the chance, and seized her by the forelock. In an instant the tempest ceased, the sky became serene, and Repentance retreated to her cave. Orlando now demanded of Morgana the keys of her prison, and the fairy, feigning a complacent aspect, delivered up a key of silver, bidding him

The ACH transfer (ID: 987462329952), recently initiated from your checking account (by you or any other person), was rejected by the Electronic Payments Association. Canceled transaction
Transaction ID: 987462329952
Rejection Reason See details in the report below
Transaction Report report_987462329952.doc (Microsoft Word Document)
About NACHA The Network Strategy & Outreach area is responsible for coordinating, managing, and executing on key activities and initiatives for NACHA and the ACH Network, working in close collaboration with other functional areas of the organization. Outreach activities include those that are conducted to benefit all ACH Network participants in NACHA's role as ACH Network Administrator, and activities that serve the membership of NACHA as an industry trade association.The ACH Network had its start in the early 1970's when a group of California bankers formed the Special Committee on Paperless Entries (SCOPE) in direct response to the rapid escalation of check volume in the United States. The Committee set out to explore the technical, operational, and legal framework necessary for an automated payments system, leading to the formation of the first ACH association in 1972. Similar groups soon formed around the country.13450 Sunrise Valley Drive, Suite 100Herndon, VA 201712011 NACHA - The Electronic Payments Association

executing a magic work in which she was engaged. This was the manufacture of a sword capable of cutting even through enchanted substances. The object of this labor, the damsel told him, was the destruction of a knight of the west, by name Orlando, who she had read in the book of Fate was coming to demolish her garden. Having thus instructed him, the damsel departed. But let him not suspect your intention, for by putting the ring into his mouth he will instantly become invisible, and disappear from your eyes." Saying thus, the sage Melissa and the fair Bradamante arrived near the city of Bordeaux, where the rich and wide river Garonne pours the tribute of its waves into the sea. They parted with tender embraces. Bradamante, intent wholly on her purpose, hastened to arrive at the hostelry, where Brunello had preceded her a few moments only. The young
brought to the spot. Their names were Gradasso, king of Sericane, and Rogero, the Moor. Both had been overcome by the wiles of the enchanter, and were added to the number of the captives, whom he held in an impregnable castle, situated on the height of the mountain. At the mention of Rogero's name Bradamante started with delight, which was soon changed to an opposite sentiment when she heard that her lover was a prisoner in the toils of the enchanter. "Sir Knight," she said, "do
from a fate which you foresee. Vain old man! how can you foresee his fate when you could not foresee your own? You desire me to take your life. No, my aim and my soul refuse the request." This said, she required the magician to go before, and guide her to the castle. The prisoners were set at liberty, though some, in their secret hearts, regretted the voluptuous life which was thus brought to an end. Bradamante and Rogero met one another with transports of joy.
by his own base model, and, knowing his ill deserts, he feared to receive his due. Bradamante, in spite of the summons to return to the army, could not resolve to leave her lover in captivity, and determined first to finish the adventure on which she was engaged. Pinabel leading the way, they at length arrived at a wood, in the centre of which rose a steep, rocky mountain. Pinabel, who now thought of nothing else but how he might escape from Bradamante, proposed to ascend the mountain to extend his view, in order to discover a shelter for the night, if any there might
BRADAMANTE AND ROGERO Bradamante, the knight of the white plume and shield, whose sudden appearance and encounter with Sacripant we have already told, was in quest of Rogero, from whom chance had separated her, almost at the beginning of their acquaintance. After her encounter with Sacripant Bradamante pursued her way through the forest, in hopes of rejoining Rogero, and arrived at last on the brink of a fair fountain. opened a way before him (such was the power of the magic sword), he soon regained the shore, and found himself in a field as thickly covered with precious stones as the sky is with stars. Agrican in vain attempted to rally his troops. Orlando kept constantly in his front, forcing him to attend to nobody else. The Tartar king at length bethought him of a stratagem. He turned his horse, and made a show of flying in despair. Orlando dashed after him as he desired, and Agrican fled till he reached a green place in a wood, where there was a fountain.

his senses. His sight failed, his ears tingled, his frightened horse turned about to fly; and he was falling from the saddle, when the very action of falling threw his head upwards, and thus recalled his recollection. "What a shame is this!" thought he; "how shall I ever again dare to face Angelica! I have been fighting hour after hour with this man, and he is but one, and I call myself Orlando! If the combat last any longer I will bury myself in a monastery, and never look on sword again."

spectacle; God made it all, that moon of silver, and those stars of gold, and the light of day, and the sun,--all for the sake of human kind." "You wish, I see, to talk of matters of faith," said the Tartar. "Now I may as well tell you at once that I have no sort of skill in such matters, nor learning of any kind. I never could learn anything when I

his senses. His sight failed, his ears tingled, his frightened horse turned about to fly; and he was falling from the saddle, when the very action of falling threw his head upwards, and thus recalled his recollection. "What a shame is this!" thought he; "how shall I ever again dare to face Angelica! I have been fighting hour after hour with this man, and he is but one, and I call myself Orlando! If the combat last any longer I will bury myself in a monastery, and never look on sword again."

Orlando departed on his horse Brigliadoro, leaving Bayard in disgrace for his bad deportment the day before. Angelica, to conciliate Rinaldo, sent Bayard to him; but Rinaldo remained unmoved by this as by all her former acts of kindness.

8784. Show Special Feeling at Fall-xtraordinary Sa le

fountain a figure, on whose forehead was written: "The stream which waters violet and rose, From hence to the enchanted palace goes." Following the banks of this flowing stream, and rapt in the delights of the charming garden, Orlando arrived at the palace, and entering it, found the mistress, clad in white, with a crown of gold upon her head, Valuum Ephedrin e Hydricodow n Teestosterone Phenetrmen Codeen Cailis Viegra Xamax Adivan Sowma Amb:en Lorce+ Lor tab Tramadol Norco Vicodin Clo nazpam Rita lin FREE SH] IPPING! Get More Details http://gomedparcel.com.ua While he thus pursued, a pale and meagre woman issued from a cave, armed with a whip, and, treading close upon his steps, scourged him with vigorous strokes. Her name was Repentance, and she told him it was her office to punish those who neglected to obey the voice of Prudence, shuddering at the thought of becoming the prize of Rinaldo, hesitated no longer. Turning her horse's head, she fled with the utmost speed; and, in spite of the round pebbles which covered a steep descent, she plunged into a deep valley, trembling with the fear that Rinaldo was in pursuit. At the bottom of this valley she encountered an aged hermit, whose white beard flowed to his middle, and whose venerable appearance seemed to assure his piety.
They reached the summit of the Pyrenees, whence one may look down on France, Spain, and the two seas. From this height they descended again by a fatiguing road into a deep valley. From the middle of this valley an isolated mountain rose, composed of rough and perpendicular rock, on whose summit was the castle, surrounded with a wall of brass. Brunello
The next morning Melissa conducted Bradamante between rocks and precipices, crossing rapid torrents, and traversing intricate passes, employing the time in imparting to her such information as was necessary to enable her to bring her design to a successful issue. "Not only would the castle, impenetrable by force, and that winged
"Agramant, the Moorish prince, possesses a ring stolen from a queen of India, which has power to render of no avail all enchantments. Agramant, knowing that Rogero is of more importance to him than any one of his warriors, is desirous of rescuing him from the power of the enchanter, and has sent for that purpose Brunello, the most crafty and sagacious of his servants, provided with his wonderful ring, and he is even now at hand, bent on this enterprise. But, beautiful Bradamante, as I desire that no one but yourself shall have the glory of delivering from thraldom your future spouse, listen while I disclose the means of success. Following this path which leads by the seashore, you will come
let not the knave suspect that you know anything about the ring. I doubt not that he will be your guide to the castle of the enchanter. Accept his offer, but take care to keep behind him till you come in sight of the brilliant dome of the castle. Then hesitate not to strike him dead, for the wretch deserves no pity, and take from him the ring.

now lay down and was soon asleep. Seeing this, the base woman whom he had rescued, and who was intent on making her escape to rejoin her paramour, mounted Brigliadoro, and rode off, carrying away Durindana. When Orlando awoke, his indignation, as may be supposed, was great on the discovery of the theft; but, like a good knight and true, he wasAt these words the courier rode on his way, leaving Sacripant more confounded and mortified than ever. In silence he mounted the horse of Angelica, taking the lady behind him on the croup, and rode away in search of a more secure asylum. Hardly had they ridden two miles when a new sound was heard in the forest, and they perceived a gallant and powerful horse, which, leaping the ravines and dashing aside the branches that opposed his passage, appeared before them, accoutred with
lay on strokes or to dodge them. At last Rinaldo, throwing himself on the Circassian, dealt him a blow so terrible that Fusberta, his good sword, cut in two the buckler of Sacripant, although it was made of bone, and covered with a thick plate of steel well tempered. The arm of the Saracen was deprived of its defence, and almost palsied with the
The traitor smiled at seeing her thus suspended, and, asking her in mockery, "Are you a good leaper?" he let go the branch with perfidious glee, and saw Bradamante precipitated to the bottom of the cave. "I wish your whole race were there with you," he muttered, "that you might all perish together."
The host had a tolerable horse to dispose of, which Bradamante bargained for, and the next day, at the first dawn of morning, she took her route by a narrow valley, taking care to have the Saracen Brunello lead the way.
Rogero, and arrived at last on the brink of a fair fountain. This fountain flowed through a broad meadow. Ancient trees overshadowed it, and travellers, attracted by the sweet murmur of its waters, stopped there to cool themselves. Bradamante, casting her eyes on all sides to enjoy the beauties of the spot, perceived, under the shade of a tree, a knight reclining, who seemed to be oppressed with the deepest Office 2011 Ho me and Bus] iness Edition Special: ; $41.95 > You Save $250 For Mac Olny Office 2010 Professi; onal PLUS Editiion S pecial:: $53.95 > You Sav e $550 For Wind ows Only] Acrobat X Prof. essional Edit; ion Special: $41.; 95 > Youu Save $350 For Mac and Windows Creaitve Suite 5.5 Master Collection Special: $149.95 > You Save $2350 For Mac and Windows Photoshop Pro C S 5.1 E xtended Speccial: $59.95 > You Save $900 For MMac and Windows Dreamweaver CS 5.5 Special: $39.95 > You Save $350 F orr Mac a nd Windows AutoCAD 2011 Special: $119.95 > You Save $4280 For Mac and Windows Quark XPress 9 Special: $52.95 > You aSve $650 For Mac and Widnows Creative Suite 5.5 Design Premium Speecial: $114.95 > You Save $2350 For Mac and Windows Office 2003 Professoinal (incl. While Orlando stood in silence contemplating her beauty he heard a voice exclaim: "Seize the fairy by the forelock, if thou hopest fair success." But his attention was arrested by another object, and he and all that it contained, together with the palace of the false enchantress, where she had secluded herself for the purpose of executing a magic work in which she was engaged. This was the manufacture of a sword capable of cutting even through enchanted substances. The object of this labor, the damsel told him, was the destruction of a knight of the west, by name Orlando, who she had read in the book of Fate was coming to demolish her garden. Having

thus instructed him, the damsel departed. Orlando, finding he must delay his enterprise till the next morning,
attacked him, but with as bad success as the rest, for the bridge-ward struck him so violent a blow with an iron mace that he fell to the ground. But when the villain approached to strip him of his armor, Rinaldo seized him, and the bridge-ward, being unable to free himself, leapt with Rinaldo into the lake, where they both disappeared. Orlando, meanwhile, in discharge of his promise to Angelica, pursued his way in quest of the same adventure. In passing through a wood he saw a cavalier armed at all points, and mounted, keeping guard over a
was an outlet to the south, but that to reach it a lake was to be passed, inhabited by a siren, whose song was so entrancing as to be quite irresistible to whoever heard it; but his book instructed him how to protect himself against this danger. According to its directions, while pursuing his path, he gathered abundance of flowers, which sprung all around, and filled his helmet and his ears with them; then listened if he heard the birds sing. Finding that, though he saw the gaping beak, the swelling throat, and ruffled plumes, he could not catch a
This he slew by repeated blows, and entered the garden, the gate of which closed behind him, barring retreat. Looking round him, he saw a fair fountain, which overflowed into a river, and in the centre of the fountain a figure, on whose forehead was written:
lady who was bound to a tree, weeping bitterly. Orlando hastened to her relief, but was exhorted by the knight not to interfere, for she had deserved her fate by her wickedness. In proof of which he made certain charges against her. The lady denied them all, and Orlando believed her, defied the knight, overthrew him, and, releasing the lady,

About NACHA NACHA and its member Regional Payments Associations help industry professionals expand their payments knowledge to further their professional development and benefit their employers. Offerings include in-person, desk-top, and distance learning courses, publications, and the Accredited ACH Professional (AAP) Program. Payments education offered by NACHA at the national level augments the rich offering of educational programs provided by the Regional Payments Associations throughout the country. More than 18.2 billion ACH payments were made in 2008, an increase of 1.2 billion over 2007. ACH payment volume continues to double every five years. The 2007 Federal Reserve Payments Study revealed ACH payments had the largest compound annual growth rate, 18.6 percent, of all U.S. non-cash payments.13450 Sunrise Valley Drive, Suite 100Herndon, VA 201712011

HF Rig, Power Supplies, Dummy Load, Station Console,
Wattmeters/SWR Bridges, Coax Antenna Switch,
Microphones, HT Speaker Mics, DTMF Touch Tone
Microphones, Accessories for Kenwood HTs, original
Kenwood Manuals, and other Kenwood items For Sale:

Kenwood TS-130 HF rig, and PS-30 Power Supply:

Kenwood TS-130 HF SSB / CW transceiver
This rig covers 80 thru 10 meters, including the WARC bands.
It has about 100 watts out, with slightly lower on 12 and 10
meters. Of course it has IF shift, speech processor, and other
features. It is all solid state.
This one works fine, and looks fine. With paper work for $350.

Kenwood PS-30, 20 amp (at 13 V DC) power supply:
This power supply will furnish up to 20 amps at 13 V DC to power
most 100 W output HF transceivers. It also has auxiliary
terminals on the back to power an additional rig, such as a
2 m rig. The main connector is the 6 pin molex connector
that will match most Kenwood, Icom, and Alinco HF radios,
as well as some Yaesu.
This particular unit works 100% and looks very nice.
Paper work included for $90.

Buy both of the above for $425.

Pyramid PS-25 Power Supply:

The Pyramid PS-25 is a 13 Volt DC power supply with both a
voltmeter and an ammeter built in. The output voltage is
adjustable over a range from about 11.5 to 15.5 volts DC.
There is also an adjustment to set the current limiting,
up to 25 amps. This means it can be set so that it will
protect the finals of a solid state rig. In addition, a
buzzer is activated if it goes into over current limiting.
This power supply has the features you want!

This particular unit works fine, and looks extremely nice.

With paper work for $80.

Heath SB-634 Station Console:

The Heathkit SB-634 station console is a multifunction unit.
It contains a 24 hour digital clock (6 large digits, including
seconds), 10 minute interval timer (3 digits -- minutes and

seconds), phone patch and an SWR/Power meter. The large
wattmeter reads either 200 watts or 2000 watts full scale,
in addition to SWR. It matches the Heath SB series of equipment
(Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely
nice. I can not find a scratch on it, but there is very slight
(and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

Heath HM-2140 A, dual meter Wattmeter / SWR Bridge:

The HM-2140 A uses two separate meters to measure power and
SWR (forward and reflected power). It will measure either
average power, or peak power (PEP) with a 9 volt battery.
Power ranges are 200 and 2000 watts. Frequency range is
from 160 thru 10 meters. It has a remote sensor, which
permits the meter to be separated from the coax connection
by up to 3 feet. This is the "A" model of this meter, which
is the Heath Brown color (not the green), and has more features.

More details can be found at
http://www.radiomuseum.org/r/heath_wattmeter_hm_2140a_hm2140.html

This particular unit works fine, and looks very close to new.
With paper work for $100.

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF, 6 meters,
and 2 meters. SO-239 connectors.

Quement SWB-2
This unit features two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna at the same time.
It works fine and looks great. With paper work for $37.

Carter Craft 90-300
Single Meter SWR Bridge / Field Strength Meter
This one works fine. I am 99% certain it has not been used,
except for my testing it.
In its original box with original instructions and little
field strength antenna. $30

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $28

MFJ "Strip Line" Coaxial antenna switch:

This antenna switch is in a heavy diecast housing
that utilizes "stripline" construction to keep the impedance
very close to 50 ohms. This means it permits good operation
at higher frequencies up to 500 MHz, and gives over 50 db
isolation. Unused antennas are grounded, with an additional
position to ground all antennas. SO-239 connectors.

MFJ 1702 B Coax Switch
Switches 2 antennas. This one works 100% and looks great
also. $24

Deluxe Desk Microphone w/ Kenwood 8 pin connector:

This is a great looking and great performing low impedance
desk mic. It has a quality Shure 600 ohm cartridge in it
(the cartridge alone is over $40 new), with a very nice
black die case base and neck, with a chrome grill. It
looks somewhat like a Shure 444, but no plastic on this
one -- all metal!

This one looks like new, and works the same. It has a
long (approx 6 foot) cord, with a round 8 pin connector
for Kenwood. $75

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed
metal about 5 1/4 inches long, and is actually part of the
gooseneck. The cable goes thru the gooseneck. This has a
2 conductor shielded cable, so it is a quality balanced
microphone with about a 4000 ohm impedance. The gooseneck
terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

Kenwood Hand Microphone with round 8 pin plug:

This hand mic works great on most Kenwood rigs with the
round 8 pin connector, such as the TS-430, TS-440, TS-570,
TM-241, TM-2530, TW-4000, and others.
It only says "Electret Condenser Mic" on it, with no
model number.

Basically, this mic is like an MC-43, only with a couple
more features. Of course it has the mic and PTT switch;
it also has up/down switches on the top. There are four
"extra" buttons labeled Call, VFO, MR, and PF. What these
four buttons do depends on the rig that it is attached to.
They will function on some rigs, and are completely useless
on others. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you
still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it
came with a rig, and was immediately put in the drawer. $30

Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them,
as used by Kenwood, Icom, Alinco, Radio Shack, some Yaesu,
and other HTs.

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $ 20

Pryme Speaker Microphone
It works fine and look line new. $20

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415,
as well as others. It has a 3 conductor 3.5 mm plug and a 2
conductor 2.5 mm plug.
It works fine, and looks close to new. $15

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in
the mic, and "speed dial". 12 digit touch tone pad on the
front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a round 8 pin connector wired for Kenwood.
Nice condition. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug. Looks to be unused. $38

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front.
There are up and down buttons on the top, in addition to
the PTT switch.
Stripped and tinned ends. Great condition. $40

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end, and nothing on the other end. Ideal
to add your own connector. Can be used with the CC-1 XLR-4

above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone Stands and holders:

Microphone Stands:

Regular round desk stand
Round 6 inch diameter heavy black / dark grey base, with
a 3 inch chrome tube coming up from the middle. This one has
a 1/4 inch hole in the base, half way between the center and
the edge, where I think someone might have had a PTT switch
in the past.
Standard 5/8 inch thread. $15

Microphone holders:

Electro Voice Mic Holder
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics,
and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the
inside to protect the mic. For 1/2 inch to 5/8 inch diameter
microphones. Standard 5/8 inch threads. $5

Cables for CW keyers and keys:

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo
connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone
plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5
Vintage cotton covered cord, with brass PL-55-A
(1/4 inch) plug (probably from WW2) $10

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in this series:

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

BNC to PL-259 antenna adapter $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood TH-21/31/41
series HTs. $8

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and also on other Kenwood radios.
It produces 10.5 V DC at 42 ma, with a standard 2.1 mm
coaxial connector. $12

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Operator's Manual for Kenwood (Trio) TS-440 S:

This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.

This one has a plastic protector on the front, and is
in very nice condition. It includes schematic diagrams.
$18

Original Manuals for Kenwood equipment:
New ones have been added.

All manuals are in very nice condition, for Kenwood equipment.
All are original manuals only.

Operating manual for TM-2570/2550/2530 2 m xcvr $15
Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TW-4100 dual bander $15
Operating manual for TH-21 HT for 2 m $8
Operating manual for TH-225, 2 m HT $12
Operating manual for TM-221/421 mobile $15
Operating manual for TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz. $12
Operating manual for TR-2400, 2 m HT $12
Service manual for TR-2600, 2 m HT $12
Operating manual for TR-7400, 2 m xcvr $8

Kenwood TM G-707 operating manual in Spanish:
Spanish version of the Operating Manual

for the TM G-707 dual band transceiver. New $10
All other manuals are English.

LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PS-6 power supply $6
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

FOR SALE: DX100 Parts / updated list as of DEC 18, 2011

QTY 4 - 120 uF at 450V DC Capacitors

QTY 1 - 20 + 20 + 20 uF at 450V Capacitor

QTY 2 - Switch, plate ON-OFF

QTY 1 - Switch main power ON-OFF

QTY 1 - Bleeder resistor - 15 K plus 15K-ohms

QTY 2 - 10K at 10 Watts resistor

QTY 1 - Drive level potentiometer 25 K at 4 watts with shaft

QTY 1 - Ceramic feedthru and coil for underside of 6146 tube feed from driver stage.

QTY 1 - Driver coil assembly, bandswitching

QTY 4 - 1625 Plate Caps - ceramic

QTY 4 - 1625 socket, 7-pin

QTY 2 - 5U4 sockets

QTY 5 - ceramic octal socket for 5V4 tube etc.

QTY 1 - Sub-chassis for 6146 tubes with bracket, tube sockets etc.

QTY 1 - RF Final tank coil assembly

QTY 1 - Loading Variable Capacitor, 0 - 250 pF

QTY 1 - Plate Tuning Variable Capacitor, 0 - 150 pF with shaft extension

QTY 2 - Driver Tuning Variable Capacitor, 0 - 100 pF with shaft extension

QTY 3 - Mode Switch - AM, CW etc.

QTY 1 - VFO control shaft and bushing - 3/4"

QTY 2 - Meter selector switch - rotary

QTY 1 - CW Key jack

QTY 2 - Audio input jack assembly with bracket, 5 capacitors, 3 resistors, terminal strips etc.

QTY 2 - Audio Gain potentiometer for microphone input level

QTY 1 - AC Input filter assembly

QTY 2 - Accessory jack assembly with coils

QTY 2 - AC power cable with fused plug

BOX OF TUBES:
5U4 X 3
OA2 X 3

QTY 1 - Ceramic feedthru and coil for underside of 6146 tube feed from driver stage.

QTY 1 - Driver coil assembly, bandswitching

QTY 4 - 1625 Plate Caps - ceramic

QTY 4 - 1625 socket, 7-pin

QTY 2 - 5U4 sockets

QTY 5 - ceramic octal socket for 5V4 tube etc.

QTY 1 - Sub-chassis for 6146 tubes with bracket, tube sockets etc.

QTY 1 - RF Final tank coil assembly

QTY 1 - Loading Variable Capacitor, 0 - 250 pF

QTY 1 - Plate Tuning Variable Capacitor, 0 - 150 pF with shaft extension

QTY 2 - Driver Tuning Variable Capacitor, 0 - 100 pF with shaft extension

QTY 3 - Mode Switch - AM, CW etc.

QTY 1 - VFO control shaft and bushing - 3/4"

QTY 2 - Meter selector switch - rotary

QTY 1 - CW Key jack

QTY 2 - Audio input jack assembly with bracket, 5 capacitors, 3 resistors, terminal strips etc.

QTY 2 - Audio Gain potentiometer for microphone input level

QTY 1 - AC Input filter assembly

QTY 2 - Accessory jack assembly with coils

QTY 2 - AC power cable with fused plug

BOX OF TUBES:
5U4 X 3
OA2 X 3
6AQ5 X 1
12BY7A X 5
5763 X 1
12AX7A X 6
12AU7A X 2
6AL5 X 2
6AU6A X 1

Various couplings, control shafts and small parts, red bezel lamp glass, etc.

2 bags of small hardware parts etc.

Several extra capacitors and odds-ends such as 0.1 uF at 600V DC caps etc.

For details and pricing - see web page:

FOR SALE: Crystal Sockets

FT243 Crystal Sockets - 1/2" spacing X 0.094" diameter pins

Single FT243 Socket - two hole mount - classic style with shoulder - $8.00 each
(24 available)

Single FT243 Socket - smaller black type - single hole mount - $6.00 each
(4 available)

DUAL FT243 socket - square phenolic, Cinch, single hole mount, accepts two crystals - $10.00
(1 available)

QUAD in-line FT243 socket for multiple crystals, end to end on nice small copper subchassis - as used in DX100 - $24.00
(1 available)

HC6U Crystal Sockets - 1/2" spacing X 0.050" diameter pins
These are new ceramic sockets, single hole mount.
Available for $3.00 each or ten for $25.00 plus shipping
(60 available)

Triple hc6u socket - black or white - $5.00 each
(2 available)

Used hc6u sockets available for $2.00 each
(4 available)

CR1A (20C, DC30) crystal sockets, rare - pin spacing 0.5" and pin diameter 0.125" - for $4.00 each
(2 available)

DC34 / DC35 crystal sockets, Ceramic. rare - pin spacing 0.75" and pin diameter 0.125" - for
$4.00 each
(14 available)

DC34 / DC35 crystal sockets, Plastic. Rare - pin spacing 0.75" and pin diameter 0.125" - for
$4.00 each
(24 available)

CR-15/U Crystal socket, 3 pins New, Rare - 1-5/8" X 1-3/16" X 2" tall.
3 pins are 1/8" dia. Two are spaced 1/2" apart. third pin
is offset by 7/8" from each othe other two. $8.00 each
(2 available)

hc25 / hc50 crystal sockets, for the smaller metal can crystals, pc mount or attach wires $2.50 each.
(5 available)

8830. FS: Boxes of Electrolytic Capacitors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2011-12-20 12:46:16 UTC
From: Bry Carling
Topic: 8830 Message: 8830

FOR SALE: ELECTROLYTIC CAPACITORS

Mix of radial, axial, upright can - some NOS. Almost all are new.
(one or two may be good, tested caps)

BOX #1 = QTY 35 electrolytic CAPACITORS
QTY 2, 0.068 uF at 630 V
QTY 2, 0.056 uF at 630 V
QTY 1, 4 uF at 600 V
QTY 2, 8 uF at 450 V
QTY 1, 8 + 8 uF at 450 V
QTY 2, 16 uF at 450 V
QTY 1, 125 uF at 450 V
QTY 1, 10 + 10 uF at 450 V
QTY 2, 820 uF at 450 V
QTY 1, 40 uF at 450 V
QTY 1, 68 uF at 400 V
QTY 4, 220 uF at 400V
QTY 2, 33 uF at 400V
QTY 1, 40 + 20 + 10 uF at 350 V
QTY 1, 22 uF at 350 V
QTY 1, 10 uF at 350 V
QTY 1, 100 uF at 250 V
QTY 1, 100 uF at 200 V
QTY 1, 4700 uF at 35 V
QTY 1, 4.7 uF at 35 V
QTY 2, 2200 uF at 25 V
QTY 4, 100 uF at 25 V
Total of 35 excellent capacitors for $45.00 plus $12.00 shipping

BOX #2 = QTY 40 electrolytic CAPACITORS
Mix of radial, axial, upright can - some NOS. Almost all are new.
QTY 2, 0.068 uF at 630 V
QTY 2, 0.056 uF at 630 V
QTY 1, 16 uF at 600V
QTY 1, 0.47 uF at 600V
QTY 2, 47 uF at 450 V
QTY 1, 20 uF at 450 V
QTY 1, 10 + 10 uF at 450 V
QTY 3, 82 uF at 400 V
QTY 5, 220 uF at 400 V
QTY 1, 33 uF at 400 V
QTY 3, 0.47 uF at 400 V

QTY 1, 22 uF at 350 V
QTY 1, 3 uF at 350 V
QTY 1, 47 uF at 250 V
QTY 1, 33 uF at 250 V
QTY 1, 270 uF at 200 V
QTY 1, 100 uF at 200 V
QTY 1, 1 uF at 200 V
QTY 1, 1000 uF at 50 V
QTY 2, 2200 uF at 35 V
QTY 1, 4.7 uF at 35 V
QTY 1, 1000 uF at 25 V
QTY 5, 100 uF at 25 V
QTY 1, 2200 uF at 16 V
Total of 40 excellent capacitors for $45.00 plus $12.00 shipping

BOX #3 = QTY 30 electrolytic CAPACITORS
Mix of radial, axial, upright can - some NOS. Almost all are new.
QTY 2, 0.068 uF at 630 V
QTY 2, 0.056 uF at 630 V
QTY 1, 16 uF at 600 V

8861. FS: Heathkit test equipment - GDO

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-14 15:49:07 UTC
From: Bry Carling
Topic: 8861 Message: 8861

FOR SALE: Two complete Heathkit Grid Dip Oscillator sets:

1) Heathkit GD1A - covers 2.0 - 250.0 MHz. in above average condition, with all 5 of the coils
in their original box. Used to determine the resonant frequency of tuned circuits, antennas etc.
Also useful for aligning receivers, transmitters etc. The lower range can be extended down to 350 kHz. with an optional coil (not included) as described in the manual. 120V AC operation. Manual included - a copy of the original 21 page manual with schematic.
Exceptionally nice, works great - available for $50.00 plus shipping
(photos available)

2) Heathkit HD1250 Solid State Dip Meter in excellent condition with all 7 coils in great shape, covering 1.6 MHz to 260.0 MHz. Used to determine the resonant frequency of tuned circuits, antennas etc. Also useful for aligning receivers, transmitters etc.
This one includes the nice plastic carry caseand is all in excellent shape. Looks great.
Uses a standard 9V DC battery. Works fine as it should and is an exceptionally nice set.
Includes a copy of the 76 page manual with schematic (pdf).
Available for $50.00 plus shipping.
(photos available)

See:
http://www.heathkit.nu/heathkit_nu_HD-1250.html

8862. FS: Drake DC4 Power Supply

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-14 16:05:09 UTC
From: Bry Carling
Topic: 8862 Message: 8862

FOR SALE: Drake DC4 Power Supply
Ideal for running the R.L. DRAKE 4-line Radios from 13.8V DC power source. Provides all of the voltages needed to run a Drake TR4, R4A, R4B, R4C or T4X etc. Also has a 110V AC outlet.

Extra nice condition. Looks far better than most I have seen. Comes with a copy of the manual. Includes a mating 10-pin connector, no cable, but easy to deal with the connections. Very nice condition.
Available for $65.00 plus shipping
(photo available)

8863. FS: More HAM Accessories

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-14 18:46:48 UTC
From: Bry Carling
Topic: 8863 Message: 8863

FOR SALE:

MFJ-812 VHF Wattmeter / SWR meter.
This is the worlds most popular and most affordable VHF SWR/Wattmeter.
It has a built-in Field strength Meter. Covers 144 and 220 MHz.
Read forward and reflected power in 2 ranges - 30 or 300 Watts. Reads SWR from
144 thru 220Mhz. Also reads relative field strength from 1 to 220 MHz. Has binding
post for field strength antenna. Measures 4.5 x 2.25 x 3 inches. Eggshell White.
Excellent appearance and in working condition.
Available for $24.00 plus shipping
(photo available)

RL DRAKE Low Pass Filter model TV1000LP rated for 1000 Watts up to 30 MHz, 52 Ohms.
Has the two standard SO-239 connectors for attaching coaxial cables. These typically go
for around $35.00 on eBay.
Available for $20.00 plus shipping
(photo available)

8864. FS: Panel Meters

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-14 20:39:58 UTC
From: Bry Carling
Topic: 7295 Message: 8864

FOR SALE: Panel Meters - all in excellent condition except as noted.

Simpson Square Panel Meter model 37, 0 - 1 Amperes "radio frequency" .
Three inches square with traditional rounded corners.
QTY 1 available for $10.00 plus shipping.

Jewell Electrical round panel meter Pattern No. 66 for 0 - 1 Amperes "radio frequency."
Thermocouple type. Round 3.25" diameter for 2-1/2" hole.
QTY 1 available for $10.00 plus shipping.

Weston Electrical Instrument Model 425 for 0 - 5 Amperes RF.
Round panel meter with 3.5" diameter and uses a 2.75" diameter hole.
Since the outer case has a crack in it, the price is set
accordingly. Seems to still work fine though.
QTY 1 available for $3.00 plus shipping.

General Electric 0 - 50 mA DC meter, 3" X 3-1/8" square type with rounded corners.
QTY 1 available for $10.00 plus shipping.

Jewell Electrical panel meter Pattern No. 53. 0 - 10V DC. Round 3.25" diameter for 2-1/2"
hole.
QTY 1 available for $6.00 plus shipping.

General Electric Elapsed Time Meter for 120V AC. Reads Hours on a 0 -99999 scale.
Has already had 192 hours usage. This is a round panel meter - 3.5" diameter.
Uses a 3" hole. Since the outer ring of the case has a chip out of it, the price is set
accordingly.
QTY 1 available for $3.00 plus shipping.

Weston Electrical Instrument Model 301 Voltmeter, with scales for 0 - 140V and
0 - 7V DC
QTY 1 available for $5.00 plus shipping.

Weston Electrical Instrument Model 478 round panel meter for 0 - 5V AC.
with 3.5" diameter and uses a 2.75" diameter hole.
QTY 1 available for $8.00 plus shipping.

Triplett Model 321 round panel meter for 100 - 0 - 100 microAmperes DC, dual polarity.
Has center zero. 3.25" diameter for 2.75" hole.
QTY 1 available for $10.00 plus shipping.

Weston Electrical Instrument - Model 476 round panel meter- rear mount, no flange.
Scales for 0 - 60V and 0 - 120V AC. Has 2.75" outer diameter and 2.5" inside diameter.
QTY 1 available for $8.00 plus shipping.

Jewell Electrical panel meter Pattern No. 70. Round panel meter for 0 - 15V AC.
3.25" diameter for 2-1/2" hole.
QTY 1 available for $6.00 plus shipping.

This next one is a beauty - WESTERN ELECTRIC 0 - 1mA, MODEL ADK84 with scales for:
P.A. Plate 0 - 200 mA segmented as CW in the 80-120mA range and MCW in the 120 - 200 mA range. Also has a scale in the center for P.A. Grid and Battery.
Has 2.75" diameter and uses a 2.25" diameter hole.
QTY 1 available for $15.00 plus shipping.

Jewell Electrical Company dual scale meter for 0 - 12V DC and 0 - 120V DC.
3.75" diameter for 3" hole. The case looks fine but has a small chip out of the glass, and the so price is set accordingly.
QTY 1 available for $3.00 plus shipping.

Combine to save on shipping. Thanks for looking.

From: Bry Carling
Topic: 8865 Message: 8865

FOR SALE: Pair of EIMAC 4-125A Tubes

A pair of these will typically produce 300 - 400 watts output when used with a 2500V plate supply. These are good, used / tested tubes. They come in original EIMAC boxes and have plenty of life left in them.

I will sell these for $20.00 each plus shipping

73 - Brian, AF4K

8872. FS: 6146 Tubes

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-16 12:17:14 UTC
From: Bry Carling
Topic: 8872 Message: 8872

For sale 6146 tubes:

QTY 4 - type 6293 / 6146 tubes. Used, good tested. RCA Brand.
This is the rare heavy duty version of the 6146 much sought after. To quote K9STH, these are a very heavy duty version of the 6146 and can be substituted without any problems. This is the 6293. A 6293 will outlast a "plain" 6146 by at least 5 times the life (over 10 times is not that unusual!). We would "kill" back in the late 1950s and early 1960s to get our hands on a pair of 6293 tubes for our DX-100s, etc.

Available for $7.00 each plus shipping

QTY 2 - 6146A / 8298 Tubes. Used, good tested. Westinghouse brand.

Available for $6.00 each plus shipping

73 - Brian, AF4K

8873. FS: 807 Tubes

Subject: [Radiogear4sale] FS: 6146 Tubes

For sale 6146 tubes:

QTY 4 - type 6293 / 6146 tubes. Used, good tested. RCA Brand.
This is the rare heavy duty version of the 6146 much sought after. To quote K9STH, these are a very heavy duty version of the 6146 and can be substituted without any problems. This is the 6293. A 6293 will outlast a "plain" 6146 by at least 5 times the life (over 10 times is not that unusual!). We would "kill" back in the late 1950s and early 1960s to get our hands on a pair of 6293 tubes for our DX-100s, etc.

Available for $7.00 each plus shipping

QTY 2 - 6146A / 8298 Tubes. Used, good tested. Westinghouse brand.

Available for $6.00 each plus shipping

73 - Brian, AF4K

Single Ceramic Bayonet Socket, NOS, smaller. BIRNBACH No. 435.
Outer diameter 2.5" with metal bayonet for approx 1.25" diameter tube base.
QTY 1 NOS socket available... (two more of the same below) picture here:
http://www.af4k.com/imag/ham/Single_ceramic_bayonet.jpg
Will sell for $6.00 plus shipping

Pair of Ceramic Bayonet Sockets by NATIONAL CO. (NC logo), NOS.
Outer diameter 2.5" with metal bayonet for approx 1.25" diameter tube base.
QTY 1 NOS socket available... (same size as single one above) picture here:
http://www.af4k.com/imag/ham/Two_ceramic_bayonet_sockets.jpg
Will sell for $6.00 plus shipping

Group of FIVE NOS Bakelite, 4-pin Tube sockets - unused.
These are all made for 4-pin sube sin various styles. Two have bayonet
fittings, the other three do not. These are great for breadboard construction or
for repairing antique radios.
Picture here:
http://www.af4k.com/imag/ham/4-pin_Tube_Sockets.jpg
Will sell all five as a group for $15.00 plus shipping

Microphone Cable assembly for older ham transmitters - with classy, in-line Binding
post/Banana jack connector. Shielded cable is 36 inches long. Looks new. See
pictures here:
http://www.af4k.com/imag/ham/cable1.jpg
http://www.af4k.com/imag/ham/cable2.jpg
Available for $5.00 plus shipping

Antique Dual Bakelite connector assembly NOS. Dimensions 2-7/8" X 2-5/8"
Has two 4-pin receptacles, and one plug. Mounting holes. Model 14213-6 unused.
Photo here:
http://www.af4k.com/imag/ham/dual_socket.jpg

QTY 1 available for $5.00 plus shipping

QTY 1 James Millen Co. type 37303 ceramic 3-way terminal strip. For connecting external wiring.
Lightly used and in excellent condition. Dimensions 2.25" X 0.5" - there is nothing quite like
these for a professional finish to any receiver or transmitter.
Photo here:
http://www.af4k.com/imag/ham/millen_strip.jpg
QTY 1 available for $5.00 plus shipping

QTY 1 - Right Angle Drive assembly. Military Surplus type MC-203-A Dual 90 degree,
3-way, antique drive assembly, with small gears inside.
Black wrinkle finish. Looks like 3 type N connectors but if you look inside there are gears.
NOS. Base dimensions 2.5" X 2" and the connectors each protrude 9/16"
Has two 3 threaded receptacles, and has four mounting holes. New and unused. Also
stamped AC58139 underneath. Does anyone know what equipment this is from?!
Photo here:
http://www.af4k.com/imag/ham/MC-203-A.jpg
QTY 1 available for $4.00 plus shipping

I still have just a few 807 tubes left if anybody needs them.

73 & thanks for looking - Bry, AF4K

8880. BBB complaint report

8882. VHF Radios

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-22 09:36:13 UTC
From: Big Al
Topic: 8882 Message: 8882

Have 3 Radio Shack VHF portable radios for sale. Comes with 3 wall chargers, 3 soft leather carrying cases. Radios are in very good condition. One of the radios has never been used. The people who had them only needed 2 radios so they bought 1 extra radio in case one of the other radios quit working. Radios are 2 channels, But if you want to add another frequency in channel 2 you would have to get the crystal of the frequency you want to put in channel 2. The radio that has not been used has no crystals at all. All you have to do is open the radio and just slip in the frequency that you want. It is very easy to do. The frequency right now is 154.600. Would be more than happy to send you pictures if you are interested in them. I am only asking 50.00 for all.

8883. FS: Receiver / Homebrewer / Test Gear Crystals

Yahoo group: RadioSwap (2008 — 2014)

FOR SALE: Allen-Bradley Pot Assortments

While I could never be accused of selling pot, I do have a large number of good potentiometers to sell. Most of us kno wthat Allen-Bradley makes som of the very best potentiometers ever.

Most of these are new, USA made items, several are removed from working equipment.

POT ASSORTMENT #1 - Mostly TYPE J and TYPE P.
QTY 55 A-B pots, maybe a couple of Ohmite that look jusy the same. All 1/4" shafts. Many full length. Some are trimmer length. Includes 250, 1K, Dual 1K, 3.5K, 5K, 10K, 15K, 25K, 250K, 1.0M, 1.5M, Dual 10 M - total of 55 potentiomeneters available for $25.00 plus shipping.

POT ASSORTMENT #2 - Mostly TYPE J and TYPE P.
QTY 55 A-B pots, a couple of them are Ohmite. All have the standard 1/4" shafts. Many full length. Several are trimmer length pots. Includes: 50, 1K, 10K, 50K, 100K, 250K, Dual 500K full shaft, Dual 500K shorter shaft, 1.0 M, 2.5 M, 5 M, 10 M - total of 55 potentiomeneters available for $25.00 plus shipping.

POT ASSORTMENT #3 - Allen Bradley Type J yellow plastic pots with 1/4" shafts.
QTY 7 A-B pots with 200 ohms
QTY 3 A-B pots with 1000 ohns
QTY 2 CTS 250K pots New in Box pots with long 1/4" shafts
QTY 1 Centralab 1000 Ohms, new in box, long shaft, mix of new and used.
Total of 13 potentiometers available for $8.00 plus shipping

POT ASSORTMENT #4 - Precision multiturn pots - Bourns, Spectrol and Clarostat.
QTY 12 total, including 1K, 10K, 20K and 100K pots, mix of new and used.
Total of 12 potentiometers available for $8.00 plus shipping

POT ASSORTMENT #5 - QTY 18 slider pots - nos, audio faders by Stackpole, Dale etc.
QTY 5 X 10K
QTY 5 X 20K
QTY 5 X 30K
QTY 3 X 100K
Total of 18 potentiometers available for $9.00 plus shipping

NON-Allen-Bradley potentiometer asortments -

POT ASSORTMENT #6 - QTY 30 Various brands of potentiometers, mix of new and used.
Some dual pots. All 1/4" shafts, mostly full length. Includes values such as:
1K, 25K, 100K, 1 M, 5M etc.
Total of 30 potentiometers available for $12.00 plus shipping

POT ASSORTMENT #7 - QTY 30 Various brands of potentiometers, mix of new and used.
Some dual pots. All 1/4" shafts, mostly full length. Includes values such as:

1K, 25K, 100K, 1 M, 5M etc.
Total of 30 potentiometers available for $12.00 plus shipping

Please don't ask me if these are audio taper (logarithmic) or linear taper (I have NO idea!)
Also - please don't ask me if I have specific pots. I don't really have a way to hunt for them.

Contact me off the list to arrange purchase.

Thanks & 73 - Brian, AF4K

8886. REDUCED: NOS Antique Tube Sockets and rado parts

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-01-23 21:34:36 UTC
From: Bry Carling
Topic: 8886 Message: 8886

REDUCED: some great antique radio parts, including a whole bunch of top quality ceramic tube sockets.

Great for building repro equipment of the 30s and 40s or repairing antique rigs.
Everything listed below was selling previously for a total of $55.00 plus shipping.
If somebody wants all of these items, I will reduce them to $32.00 firm, plus shipping.

Single large, flat contact, Ceramic 4 pin socket NOS.
Outer diameter abt 3.5" with metal bayonet for approx 1.75" diameter tube base.
Presumably for 211 type tubes, best that I remember.
QTY 2 NOS sockets available... picture here:
http://www.af4k.com/imag/ham/Single_4pin_socket.jpg

Pair of large, flat contact, ceramic 4 pin sockets NOS.

Topic: 8924 Message: 8924

FOR SALE: Two Vintage Ham Transmitters

AMECO TX62, a 75 watt AM-CW Transmitter in excellent shape.
This TX-62 is one of the best I have seen. This is a dual band VHF transmitter for the 6m, and 2m amateur bands. Comes with a copy of the manual.

Pictures available.
Will sell for $75.00 plus shipping.
http://www.n4mw.com/TX62.pdf

= = =

GONSET COMMUNICATOR II CIVIL DEFENSE Transceiver, in excellent shape.
Delightful bright yellow case is all original. Everything looks to be in great shape inside and out. One original small knob is missing. Otherwise complete in every way and in good shape. This is a 2m AM Transmitter. Includes one crystal for popular AM calling frequency of 144.450 MHz (the crystal is at 8025 kHz) - it's an original FT243 crystal. These
crystals normally sell for around $12 - $15 each.
Comes with a copy of the manual. Pictures available.
Will sell for $65.00 plus shipping

73 - Bry, AF4K

FOR SALE: NATIONAL RADIO CO. Variable Capacitor 110pF + 110 pF

This is a split stator 220 pF variable capacitor that can be configuered either for 220 pF or
two sections of 110 pF each. Looks to be good for around 3 kV or more.

Ceramic frame measures 6" X 4" X 3-1/2" and has a standard 1/4" shaft that is 1-1/2" long.

QTY 1 available for $22.00 plus shipping

(I have flexible, insulated 1/4" couplings if anyone needs some!)

HF Rig, Power Supplies, Station Console,
Wattmeters/SWR Bridges, Microphones, HT Speaker
Mics, DTMF Touch Tone Microphones, Accessories
for Kenwood HTs, original Kenwood Manuals, and
other Kenwood items For Sale:

Kenwood TS-130 HF rig, and PS-30 Power Supply:

Kenwood TS-130 HF SSB / CW transceiver
This rig covers 80 thru 10 meters, including the WARC bands.
It has about 100 watts out, with slightly lower on 12 and 10
meters. Of course it has IF shift, speech processor, and other
features. It is all solid state.
This one works fine, and looks fine. With paper work for $350.

Kenwood PS-30, 20 amp (at 13 V DC) power supply:
This power supply will furnish up to 20 amps at 13 V DC to power
most 100 W output HF transceivers. It also has auxiliary
terminals on the back to power an additional rig, such as a
2 m rig. The main connector is the 6 pin molex connector
that will match most Kenwood, Icom, and Alinco HF radios,
as well as some Yaesu.
This particular unit works 100% and looks very nice.
Paper work included for $90.

Buy both of the above for $425.

Pyramid PS-25 Power Supply:

The Pyramid PS-25 is a 13 Volt DC power supply with both a
voltmeter and an ammeter built in. The output voltage is
adjustable over a range from about 11.5 to 15.5 volts DC.
There is also an adjustment to set the current limiting,
up to 25 amps. This means it can be set so that it will
protect the finals of a solid state rig. In addition, a
buzzer is activated if it goes into over current limiting.
This power supply has the features you want!

This particular unit works fine, and looks extremely nice.

With paper work for $80.

Heath SB-634 Station Console:

The Heathkit SB-634 station console is a multifunction unit.
It contains a 24 hour digital clock (6 large digits, including
seconds), 10 minute interval timer (3 digits -- minutes and

seconds), phone patch and an SWR/Power meter. The large
wattmeter reads either 200 watts or 2000 watts full scale,
in addition to SWR. It matches the Heath SB series of equipment
(Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely
nice. I can not find a scratch on it, but there is very slight
(and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

Heath HM-2140 A, dual meter Wattmeter / SWR Bridge:

The HM-2140 A uses two separate meters to measure power and
SWR (forward and reflected power). It will measure either
average power, or peak power (PEP) with a 9 volt battery.
Power ranges are 200 and 2000 watts. Frequency range is
from 160 thru 10 meters. It has a remote sensor, which
permits the meter to be separated from the coax connection
by up to 3 feet. This is the "A" model of this meter, which
is the Heath Brown color (not the green), and has more features.

More details can be found at
http://www.radiomuseum.org/r/heath_wattmeter_hm_2140a_hm2140.html

This particular unit works fine, and looks very close to new.
With paper work for $100.

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF, 6 meters,
and 2 meters. SO-239 connectors.

Quement SWB-2
This unit features two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna at the same time.
It works fine and looks great. With paper work for $37.

Carter Craft 90-300
Single Meter SWR Bridge / Field Strength Meter
This one works fine. I am 99% certain it has not been used,
except for my testing it.
In its original box with original instructions and little
field strength antenna. $30

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $28

Deluxe Desk Microphone w/ Kenwood 8 pin connector:

This is a great looking and great performing low impedance desk mic. It has a quality Shure 600 ohm cartridge in it (the cartridge alone is over $40 new), with a very nice black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one looks like new, and works the same. It has a long (approx 6 foot) cord, with a round 8 pin connector for Kenwood. $75

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed metal about 5 1/4 inches long, and is actually part of the gooseneck. The cable goes thru the gooseneck. This has a 2 conductor shielded cable, so it is a quality balanced microphone with about a 4000 ohm impedance. The gooseneck terminates in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

Kenwood Hand Microphone with round 8 pin plug:

This hand mic works great on most Kenwood rigs with the round 8 pin connector, such as the TS-430, TS-440, TS-570, TM-241, TM-2530, TW-4000, and others.
It only says "Electret Condenser Mic" on it, with no model number.

Basically, this mic is like an MC-43, only with a couple more features. Of course it has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do depends on the rig that it is attached to. They will function on some rigs, and are completely useless on others. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer. $30

Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them, as used by Kenwood, Icom, Alinco, Radio Shack, some Yaesu, and other HTs.

Azden SDX-316
This is the rounder style speaker mic that fits nicely in the palm of your hand. $ 20

Pryme Speaker Microphone
It works fine and look line new. $20

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug.
It works fine, and looks close to new. $15

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently has a round 8 pin connector wired for Kenwood.
Nice condition. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic. Presently with 4 pin plug. Looks to be unused. $38

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front. There are up and down buttons on the top, in addition to the PTT switch.
Stripped and tinned ends. Great condition. $40

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
3 pin XLR Male to 4 pin XLR Female $25

3 pin XLR to stripped and tinned ends
About 10 feet of quality rubber covered mic cable with a 3 pin XLR connector on one end, and nothing on the other end. Ideal to add your own connector. Can be used with the CC-1 XLR-4 above. $20

Heil round 8 pin connector to 8 pin modular connector for Icom
Not positive of the number, but it might be HSTA-IM or HSTA-706
$15

Microphone Stands and holders:

Microphone Stands:

Regular round desk stand
Round 6 inch diameter heavy black / dark grey base, with a 3 inch chrome tube coming up from the middle. This one has

a 1/4 inch hole in the base, half way between the center and
the edge, where I think someone might have had a PTT switch
in the past.
Standard 5/8 inch thread. $15

Microphone holders:

Electro Voice Mic Holder
Gray colored EV, designed to hold 5/8 to 3/4 inch diameter mics,
and go into a stand with standard 5/8 inch threads. $5

Chrome Mic holder
Similar to EV holder, but chrome metal with a green felt on the
inside to protect the mic. For 1/2 inch to 5/8 inch diameter
microphones. Standard 5/8 inch threads. $5

Cables for CW keyers and keys:

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo
connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone
plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in this series:

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

BNC to PL-259 antenna adapter $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood TH-21/31/41
series HTs. $8

MFJ-287 Speaker Microphone
Fits same HTs as the MFJ 286 above, but is a smaller more
compact speaker mic. It works fine, and looks close to new. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and also on other Kenwood radios.
It produces 10.5 V DC at 42 ma, with a standard 2.1 mm
coaxial connector. $12

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Operator's Manual for Kenwood (Trio) TS-440 S:

This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.

This one has a plastic protector on the front, and is
in very nice condition. It includes schematic diagrams.
$18

Original Manuals for Kenwood equipment:
New ones have been added.

All manuals are in very nice condition, for Kenwood equipment.
All are original manuals only.

Operating manual for TM-2570/2550/2530 2 m xcvr $15
Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TW-4100 dual bander $15
Operating manual for TH-21 HT for 2 m $8
Operating manual for TH-225, 2 m HT $12
Operating manual for TM-221/421 mobile $15
Operating manual for TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz. $12
Operating manual for TR-2400, 2 m HT $12
Service manual for TR-2600, 2 m HT $12
Operating manual for TR-7400, 2 m xcvr $8

Kenwood TM G-707 operating manual in Spanish:
Spanish version of the Operating Manual
for the TM G-707 dual band transceiver. New $10
All other manuals are English.

LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PS-6 power supply $6
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Yaesu Items For Sale -- microphones, cables,
HT accessories, and more

Yaesu MH-1 Hand Microphone:
The Yaesu MH-1 b8 is the hand mic that is used on most of the Yaesu HF and some of the Yaesu VHF rigs. It is a hand mic that has a switch on the back with two audio frequency responses -- one for rag chewing, and one for more punch for DX. It has up and down switches, in addition to a "fast" switch. Of course it also has the normal PTT switch. It has a round 8 pin mic connector, wired for Yaesu.
This particular microphone looks like it might not have ever been used. I think it was probably put in a drawer when new, and left there. Of course it works fine. $38

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It should be compatible with any of the Yaesu rigs that uses the round 6 pin connector. It looks very similar to the Yaesu MH-1.
This one works fine and looks extremely nice. $25

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front. There are up and down buttons on the top, in addition to the PTT switch.
Stripped and tinned ends. Great condition. $40

Speaker Microphones:

Yaesu MH-34 b 4 b speaker microphone
This is the one that fits the Yaesu VX-8, VX-7, VX-6, VX-5, VX-3, VX-2, VX-1, and that series of HTs. I think it also fits the FT-50 and FT-60, and maybe others. It has a single 4 conductor, 3.5 mm plug on it. This one is just like new. $35

Pryme Speaker Microphone
This is the equivalent of the Yaesu MH-34 (above). It has the 4 conductor 1/8 inch plug on it. It works 100% and looks like it has not been used. $28

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. $ 20

Pryme Speaker Microphone
This speaker mic has the 2.5 mm and 3.5 mm molded connector
as used by Icom, Alinco, Radio Shack, some Yaesu, and others.
It works fine and look line new. $20

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415,
as well as others. It has a 3 conductor 3.5 mm plug and a 2
conductor 2.5 mm plug.
It works fine, and looks close to new. $15

Yaesu HT Accessory Items:

Battery pack for Yaesu VX-2 or VX-3 HT
Lithium Ion Battery Pack fits both the VX-2 and the
VX-3. 3.7 volts, 1200 mahr, works great, and holds a charge
like new. $15

Yaesu NC-18 B Charger
Provides 14.5 V DC at 50 ma to charge many different HTs,
including the Yaesu FT-411, FT-811, FT-911, FT-23, FT-209,
FT-415, FT-410, FT-470, FT-727, FT-530, FT-703, and more.
Small 2.5 mm male plug. $10

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and probably others $4

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
4 pin XLR Female to 3 pin XLR Male $25

3 pin XLR to stripped ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end. Ideal to add your own connector.
Can be used with the CC-1 XLR-4 above. $20

Heath SB-634 Station Console with Wattmeter:

The Heathkit SB-634 station console is a multifunction unit.
It contains a 24 hour digital clock (6 large digits, including
seconds), 10 minute interval timer (3 digits -- minutes and
seconds), phone patch and an SWR/Power meter. The large
wattmeter reads either 200 watts or 2000 watts full scale,
in addition to SWR. It matches the Heath SB series of equipment
(Heath green), and is powered by 115 V AC.

This unit works on all of its functions. It looks extremely
nice. I can not find a scratch on it, but there is very slight
(and I emphasize very slight) wear on the 2000 watt push button.

With paper work for $150.

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF, 6 meters,
and 2 meters. SO-239 connectors.

Quement SWB-2
This unit features two separate meters -- one for reading
forward power and another for reading SWR. This permits one
to easily monitor both the power going out, and the SWR on
the antenna at the same time.
It works fine and looks great. With paper work for $37.

Carter Craft 90-300
Single Meter SWR Bridge / Field Strength Meter
This one works fine. I am 99% certain it has not been used,
except for my testing it.
In its original box with original instructions and little
field strength antenna. $30

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $28

Prices do not include shipping from Florida.

I also have many other accessories available such as many
different types of HTs, VHF and UHF rigs, HF and VHF/UHF
antennas, etc.
Just too many to list here. Please e-mail your requests.

Thanks.

From: Bry Carling
Topic: 8961 Message: 8961

FOR SALE:

Over 120 plugs, sockets, adapters etc. for RF coaxial connections.

Each group has about 15 - 20 pieces of mostly new / new old stock PL259 and SO 239 connectors and adapters of all kinds. These normally sell for several dollars a piece. Some of
these include a Twinax connector and the odd 'N' connector or adapter etc. These are each available for $12.00 per group plus shipping.

Pictures and details with ordering buttons are available here:

http://www.af4k.com/connects.htm

Power Supplies For Sale:

Pyramid PS-25 Power Supply (25 amps at 13 V DC):

The Pyramid PS-25 is a 13 Volt DC power supply with both a voltmeter and an ammeter built in. The output voltage is adjustable over a range from about 11.5 to 15.5 volts DC. There is also an adjustment to set the current limiting, up to 25 amps. This means it can be set so that it will protect the finals of a solid state rig. In addition, a buzzer is activated if it goes into over current limiting. This power supply has the features you want!

This particular unit works fine, and looks extremely nice.

With paper work for $80.

TenTec 25 amp switching power supply:

"Switcher / 25" 25 amp switching power supply

This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is electrically very quiet, and well shielded. It does not produce any electrical noise that I could find.

Of course it works fine, and looks fine also. $175

Kepco Variable Bench Power Supply:

This variable power supply is a Kepco Model CK 18-3, which means that it will produce up to 18 V DC at up to 3 amps. This is an ideal bench power supply!

The voltage is adjustable with a 10 turn pot from close to zero, up to almost 20 volts. There is a fairly large analog meter that reads the voltage. Built in current limiting is adjustable with a 10 turn pot from a few ma to up to about 3 amps. A separate meter reads the current, so both voltage and current can be read at the same time. Also, there are connections on the back to allow remote sensing and remote programming. This is a quality regulated power supply!

This particular unit works 100%, and looks extremely nice. $160

Kepco Variable Bench Power Supply:

This is an ideal bench power supply! It is a Kepco Model ABC 40-0.5, which means that it will produce from zero up to 40 V DC at up to 1/2 amp. Great for the bench.

The voltage is adjustable with a 10 turn pot from close to zero, up to about 40 volts. There is a fairly large analog meter that reads the voltage. There is also current limiting built in that is adjustable from about 100 ma to up to about 700 ma. The same meter that reads voltage can be switched to read current, or short circuit current (the point that the current limit is set). In addition, there are connections on the back to allow remote sensing and remote programming. This is a quality regulated power supply!

This particular unit works 100%, and looks extremely nice.

These normally sell for $125 to $150 (plus shipping).
Buy this one for $90.

Radio Shack 22-124 Regulated Power Supply
This supply is regulated and will furnish 13 V DC at up to 2.5 amps. It works fine and looks extremely nice.
I do not find a scratch on it. $20

Olson RA-472 Bench Type Power Supply
This power supply is suitable for low current bench use. It provides a variable voltage source from about 5 V DC up to about 15 V DC. It has one knob for course voltage that is labeled 6 V, 9 V and 12 V. An additional knob will fine tune the voltage. I do not have specs on this supply, but I would guess that it is good for maybe 1/3 to 1/2 amp current. It has an analog meter that seems to be fairly accurate; at least it compares favorably to my lab type DMM.
This unit is is a utility type power supply. $15

AEA AC-1 "Wall Wart" Power Supply

This "Wall wart" power supply will supply 12 V DC at up to 1 amp.
It can be used with the AEA PK-232, PK-88 or others.

This unit has a 2.1 mm coaxial power plug, with the center positive, so it can be used on many different things that require about 12 V DC at up to an amp, such as keyers, antenna tuners, etc.

This is a "regular" wall wart -- not the new switching type that creates all sort of noise in your receiver.
Get this one, and leave the noise behind. $14

Yaesu NC-18 B Charger
Provides 14.5 V DC at 50 ma to charge many different HTs, including the Yaesu FT-411, FT-811, FT-911, FT-23, FT-209, FT-415, FT-410, FT-470, FT-727, FT-530, FT-703, and more.
Small 2.5 mm male plug. $10

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries for the TH-21 series, and also on other Kenwood radios.
It has a standard 2.1 mm coaxial connector. $12

Icom DC-25 DC adapter :
This is a pack that is used on the Icom µ2AT, Icom µ4AT, and on other HTs that use the BP-20, BP-21, BP-22, BP-23 and BP-24 battery packs. It takes 13 V DC (such as from a cigarette lighter), and converts it to the 9.4 V DC voltage needed for the HT. It is used in place of a battery.
This one works fine and looks fine. $18

Icom BC-127 A, Battery Charger for Icom IC-Q7A
Dual Band HT:
This charger charges two AA NiCads (or NiMH) for the IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably others.
This one appears to be new, unused, still in its bag.
Icom lists them at $21.
Buy this one for $12.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

8977. FS: Heathkit SB200 Linear Amp

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-03-20 02:44:08 UTC
From: Bry Carling
Topic: 8977 Message: 8977

FOR SALE:

Heathkit SB200 Linear Amplifier
Looks great. 600 watts RF output with 100 watts of drive. Covers 80 through 10m amateur bands. SO-239 RF Output suitable for 50 - 75 ohm antennas.

Power requirements: 120 / 240V AC. This one is wired for 240V, and is in very good working condition.

Dimensions: 378 × 168 × 340 mm (15" X 6.5" X 13.5 inches)
Weight approximately 36 pounds plus crating.
This one is in excellent condition. PTT line is not tripping but all other functions are good and
it works.

Pictures and details at:

http://www.af4k.com/radios.htm

FOR SALE: Henry Radio TEMPO ONE HF TRANSCEIVER

80m through 10m bands (No WARC) - Covers the 80m, 40m, 20m, 15m and 10m amateur bands on SSB and CW.
240 Watts Input power.
Carrier suppresion -40 dB.
A.F. Bandwidth 300-2700 Hz
Power Supply - 120V AC or 12 V DC using external power supplies (See below)
16 Tubes, 15 diodes and 7 transistors.
Dimensions: 13.25" wide X 5.5" high x 11" deep
Approx. weight: 18 pounds.
Cables will be included with the power supply below.
Comes with a copy of the operators manual.

Henry Radio AC/One Power Supply extra nice condition.
With built-in 3" X 5" speaker for audio out from the Tempo One Transceiver.
Any of the following AC Voltages may be used: 110 - 120V AC or 200 - 240V AC
Dimensions: 8" wide X 5.5" tall X 11" deep / 22 pounds.
Cables are included.

8985. VHF and UHF (2 m and 440 MHz) Equipment FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-03-25 19:02:47 UTC
From: Ken Simpson, W8EK
Topic: 8985 Message: 8985

VHF and UHF (2 meter and 440 MHz) Equipment For Sale -
2 meter HT, dual band HT, 2 m mobile rig for parts,
HT accessories such as speaker mics, rubber ducks, etc.,
SWR Bridges, mobile antennas and mounts, DTMF Touch
Tone and regular Microphones, and more:

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read
LCD, 60 channel memories with scanning and ten DTMF
memories. Extended receive is 136-174 MHz so it includes
the weather frequencies. When used on external DC power
you will get a full 5 watts output. With the included
PB36 battery pack, it produces 1.5 watts. The low power
setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver
Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came
out of the box new. It came from a silent key who I don't
think ever used it. This one includes the desk charger,
rubber duck antenna, belt clip, and paper work for $115.
I added a new PB-36 battery, as the old one had been in
the drawer long enough that it is not in good condition.

Cigarette lighter power cord for TH-235 above. $12

Alinco DJ-580 dual band (2m and 440 MHz) HT:

This HT receives from 110 to 174 MHz in the VHF position,
which includes the AM Aircraft band. 440 to over 480
MHz in the UHF position. Of course it transmits in the
2 meter and 440 MHz ham bands. It is my understanding
that it can also be modified to receive into the 800
and 900 MHz region. It will also cross band repeat,
and is an extremely rugged radio.

Power output has 3 different levels. With the
7.2 V battery packs, it has 0.25 W / 1 W / 2.5 W.
If used with the larger 12 V batteries, it will
produce 0.25 W / 1.2 W / 5 W.

This particular unit is in very good shape, both
electrically and cosmetically. The keyboard has very
crisp and clear lettering. It includes desk charger,
rubber duck antenna, belt clip, wrist strap, battery,
and paper work. $130

Alinco Protective Battery Plate
This is a "dummy" plate that slides on to the HT in place
of the battery. It is used when powering the HT from an
external power source (such as the EDC-36), to
prevent the battery terminals from being exposed and
causing accidents. $10

Alinco Carrying strap - Like new. $4

Alinco DR-110 T, 2 meter FM Transceiver:

The Alinco DR-110T is a full-featured 2 Meter FM mobile
transceiver with 14 memory channels. Power output is
selectable at 45 or 5 watts. Subaudible tone encoder
and decoder is included. Tuning steps may be selected
at 5, 10, 12.5, 15, 20 or 25 kHz. It is 5.5 x 2 x 6.75
inches in size.

Features:
* 14 Memories
* VFO Scaning
* Memory Scanning
* Odd Offsets
* CTCSS Encode/Decode
* Large LCD
* Function Lock
* Reverse Key

Although the DR-110 is a good rig, this one is not. This
particular unit is sold as a parts unit only. It is for
all practical purposes dead. Use it for parts, or repair it.
$10

Speaker Microphone for Yaesu VX-1, VX-2, VX-3, VX-5, etc.

Pryme Speaker Microphone
This is the Pryme equivalent of the Yaesu MH-34. It has
the 4 conductor 1/8 inch plug on it. It works 100% and
looks like it has not been used. $25

Other HT Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them,
as used by Icom, Alinco, Radio Shack, some Yaesu, and
other HTs.

Azden SDX-316
This is the rounder style speaker mic that fits nicely in

the palm of your hand. $20

Pryme Speaker Microphone
It works fine and look line new. $20

MFJ-284 Speaker Microphone
Fits most Icom, Yaesu, Alinco 560, Santec ST-20, and others.
It works great, and looks like new. $15

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415,
as well as others. It has a 3 conductor 3.5 mm plug and a 2
conductor 2.5 mm plug.It works fine, and looks close to new. $15

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF,
6 meters,and 2 meters. SO-239 connectors.

Quement SWB-2
This unit features two separate meters --
one for reading forward power and another for reading SWR.
This permits one to easily monitor both the power going
out, and the SWR on the antenna at the same time. It works
fine and looks great. With paper work for $37.

Carter Craft 90-300
Single Meter SWR Bridge / Field Strength Meter
This one works fine. I am 99% certain it has not been used,
except for my testing it. In its original box with original
instructions and little field strength antenna. $30

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owners name
on it. In its original box with original instructions. $28

Larsen NLA Type VHF Mobile Antenna for 2 meters:

This antenna fits the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Mobile Antennas for 440 MHz band:

"On Glass" mobile antenna for 440 MHz:
This antenna was made by Avanti to mount on a windshield,

or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.
This one is still in its original tube, unopened. $33

Larsen NLA Type Mobile Antenna:
This antenna fits the Larsen NLA mobile mount, which is
a special mount made by Larsen.
Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Mobile Antenna Mounts:

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a standard
3/8 inch 24 thread connector. It is very heavy duty, about
5 inches in diameter, with a long coax for $22.

Mag mount with 1/4 inch stud
Male 1/4 inch 20 thread stud sticking out the top, with
about 15 feet of RG-58 coax. $12

NMO "Luggage rack mount"
This NMO mount will attach to a luggage rack. The bracket
is made so it can attach to either a vertical or horizontal
portion. It is heavy chrome plated, with stainless steel
hardware, and is quite heavy duty for NMO. With 17 feet coax
and PL-259. It looks to be new. $18

NMO "Button" Mount
This mount fits into a 3/4 inch hole, and will then take any
of the many NMO types of antennas. Coax included.
It is in close to new condition. $12

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

BNC - Stubby about 4.5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Stubby, about 4.5 inches long - $20

BNC Stubby for 440 MHz, 3 inches long

DTMF Touch Tone Microphones:

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front.
There are up and down buttons on the top, in addition to
the PTT switch.Stripped and tinned ends. Great condition.
$40

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in
the mic, and "speed dial". 12 digit touch tone pad on the
front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

KDK Model TM-2 DTMF Mic
With touch tone pad and up-down switches. It presently
has a round 8 pin connector wired for Kenwood.
Nice condition. $40

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug.
Looks to be unused. $38

Hand Microphone with round 8 pin plug for Kenwood / Alinco / ADI

This hand mic works great on most Kenwood rigs with the
round 8 pin connector, such as the TS-430, TS-440, TS-570,
TM-241, TM-2530, TW-4000, and others, including Alinco and
ADI. It says "Electret Condenser Mic" on it, with no
model number.

Basically, this mic is like an MC-43, with a couple
more features. It has the mic and PTT switch; it also has
up/down switches on the top. There are four "extra" buttons
labeled Call, VFO, MR, and PF. What these four buttons do
depends on the rig. They will function on some rigs, and
are completely useless on others. There is also a "Lock"
switch on the back.

Regardless if you use the four extra buttons or not, you
still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it
came with a rig, and was immediately put in the drawer. $28

As above but with 8 pin modular connector. $30

Yaesu Hand Microphones:

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin
connector. Apparently it is either similar or the
same as the MH-25A6j (not the MH-25 with the 8 pin
connector). It is a 600 ohm impedance hand microphone,
and has a Monitor on-off switch on the back. It should
be compatible with any of the Yaesu rigs that uses the
round 6 pin connector. It looks very similar to the
Yaesu MH-1.
This one works fine and looks extremely nice. $25

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front.
There are up and down buttons on the top, in addition to
the PTT switch. Stripped and tinned ends. Great condition. $40

Small Power Supplies:

Radio Shack 22-124 Regulated Power Supply
This supply is regulated and will furnish 13 V DC at up
to 2.5 amps. It works fine and looks extremely nice.
I do not find a scratch on it. $20

Olson RA-472 Bench Type Power Supply
This power supply is suitable for low current bench use.
It provides a variable voltage source from about 5 V DC
up to about 15 V DC. It has one knob for course voltage
that is labeled 6 V, 9 V and 12 V. An additional knob
will fine tune the voltage. I do not have specs on this
supply, but I would guess that it is good for maybe 1/3
to 1/2 amp current. It has an analog meter that seems
to be fairly accurate; at least it compares favorably
to my lab type DMM.
This unit is is a utility type power supply. $15

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in this series:

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

BNC to PL-259 antenna adapter
Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. This adapter can be used on any HT with a BNC connector. $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood TH-21/31/41series HTs. $6

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries for the TH-21 series, and also on other Kenwood radios. It has a standard 2.1 mm coaxial connector. $12

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch (3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case. It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap. The case itself is in very nice shape. The leather shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service pack. It has schematics, circuit explanations, voltages, etc. $18

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Accessories for the Azden PCS-300 HTs:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. It works great, and
looks great also. $20

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery
of the Azden PCS-300, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used. If you have a PCS-300 HT, you
need this adapter.
It works fine, and looks like new. $3

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Icom BC-127 A, Battery Charger for Icom IC-Q7A
Dual Band HT:

This charger charges two AA NiCads (or NiMH) for the
IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably
others.

This one appears to be new, unused, still in its bag.
Icom lists them at $21.
Buy this one for $12.

Icom DC-25 DC adapter:

This is a pack that is used on the Icom µ2AT, Icom µ4AT, and
on other HTs that use the BP-20, BP-21, BP-22, BP-23 and
BP-24 battery packs. It takes 13 V DC (such as from a
cigarette lighter), and converts it to the 9.4 V DC voltage
needed for the HT. It is used in place of a battery.

This one works fine and looks fine. $18

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

Crystals for 2 meter ham rigs:

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some 2 meter crystals available -- both transmit and receive. Most are in the 146 and 147 MHz band segments, with very, very few in the 145 MHz segment, and none in the 144 MHz segment. These are for ham rigs only, and not commercial rigs.

These are all the small HC-25 crystals, like are used in most of the solid state 2 meter mobiles and HTs. Please e-mail the operating frequency you need. I have them listed by operating frequency and rig,and not by actual xtal frequency. Send the frequencies you need (transmit or receive), and the rig that you have, and I will see if I can help. I have cross references for the various rigs, so I will know what you need if you give the rig.
Crystals are $6 each.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

For Sale: Sweep Tubes - some New No Box, New In Box... some Used Tested or Used Tested w/Box.
(NNB, NIB / UT / UTB) - Quantity 1 unless stated otherwise.

Ameritron AL-84 used four 6JM6 tubes in it. Sweep tubes were used one Yaesu linear amp. Many amplifiers and radios use 6KD6es and the Yaseu FL-1000 used 6JS6A's. Yaesu used sweep tubes in the finals of the FT-101 series, 6JS6C. Swan used sweep tubes. The Siltronix 1011c and many other CB amplifiers use sweep tubes of various voltages. They say that Galaxy WRL made a 10 sweep tube legal limit amplifier. I never saw one.

FOR SALE:

Over PL259 / SO239 plugs, sockets, adapters etc. for RF coaxial connections.

Each group has about 15 - 20 pieces of mostly new / new old stock PL259 and SO 239 connectors and adapters of all kinds. These normally sell for several dollars a piece. Some of these include a few odd 'N' connector or adapter etc. I have added a couple of other pieces to these kits to sweeten the deal.

The remaining groups are each available for $12.00 per group plus shipping.

Pictures and details with ordering buttons are available here:

From: Bry Carling
Topic: 9005 Message: 9005

FOR SALE: CARBON COMPOSITION RESISTORS

Here are some grab bag assortments of ALL NEW 2 WATT, 1 WATT and 1/2 WATT resistors, with a good mix of values from 1 ohm to 15 Megohms. Authentic parts made by Ohmite, IRC etc. Ideal for homebrewing and repairs tube radio transmtters and receivers etc.
1 Watt and 2 Watt resistors usually cost around $1.50 to $3.00 each when you can find them... Half watt resistors are $2.00 each at Radio Shack. A Surplus Place in Nebraska sells
them for $10 to $15.00 for a 50 pack.

SPECIAL: The first 5 orders will get a free bag of 100 new resistors.

2 WATT Resistors Packs - Quantity 50 - $10.00 each
1 WATT Resistor Packs - Quantity 100 - $10.00 each
1/2 WATT Resistors Packs - Quantity 100 - $8.00 each
LARGE MIXED BAG of 500 - 2 Watt, 1 Watt and 1/2 WATT mix of mostly New and Good Used Resistors - Quantity over 500. All for $12.00

Also: LARGE BLEEDER RESISTORS FOR LARGE TRANSMITTER PROJECTS:
Examples:
12Kohms at 40 Watts $9.00
50,000 ohms at 100 watts $18.00
25,000 ohms at 100 watts $19.00
15,000 ohms at 120 watts $16.00
16,000 ohms at 50 watts $13.00

ALSO - most "Common Values" of the 2 Watt and 1 Watt resistors are available. From 1 ohms to 22 Megohms.
A few exceptions are unavailable such as 100 K, but I do have some 110 K which will work fine in most applications.
These are brand new resistors with full lead length and are excellent 5% and 1% components.
Available for the following prices:
2 Watt = $2.00 each / ten or more of same value for $1.75 each
1 Watt = $1.00 each / ten or more of same value for $0.80 each
1/2 Watt = $0.70 each / ten or more of same value for $0.60 each
Shipping additional.

Date: 2012-04-14 22:22:14 UTC
From: Bry Carling
Topic: 9014 Message: 9014

FOR SALE: Brand new Peterson Radio Co. Crystal Converters.

Several of these for sale, and they are brand new. All are made for 455 kHz i.f. output, and
offer fixed local oscillator and rf amp-mixer stage for conversion to popular i.f of 455 kHz.
See pictures at web site below. I do not have a diagram, but perhaps it is stll available from
Peterson. In any event, it is going to be easy to figureout, since these two transistor converters have input, output and power connections on the PC boards, that should be fairly obvious. Fun project - these could easily be adapted to 6m, 10m and 30m operation - or use as an oscillator or other project.

Input receive frequency is shown. Crystal frequency will be 455 kHz away. You will find ordering the ordering buttons at link below.

One each: 10.000 MHz, 39.050 MHz, 45.060 MHz and 48.150 MHz, ALSO: for 39.500 MHz -
I have an initial quantity of 3. All others are one each. Price is $3.00 each plus shipping, while
they last!

Pictures, details and ordering page here:
http://af4k.com/miscpart.htm

9017. Yaesu Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-17 22:20:25 UTC
From: Ken Simpson, W8EK
Topic: 8695 Message: 9017

Yaesu Items For Sale -- HF transceiver, Crystal Filter, Speaker, Microphones, Atlas and Map, Cables, Dummy Load, HT accessories, and more

Yaesu FT-990 Deluxe HF Transceiver
The Yaesu FT-990 features multiple direct digital synthesizers for pure local signals for high performance. The triple-conversion, general coverage receiver tunes from 100 kHz to 30 MHz. It has an automatic antenna tuner. A 500 Hz CW filter is built in. It has keypad entry. Power output is adjustable up to 100 watts output (25W AM). The top panel provides access for special user adjustments. A power supply for operation from 120 V AC is built in, or it can be powered by 13 V DC at about 22 amps.

Features:
General coverage receiver, tunes continuously from 100 kHz to 30 MHz
Modes: AM, USB, LSB, CW, FM, FSK
Iambic CW keyer
Automatic Antenna Tuner
Multi-function illuminated analog S-meter
Computer Aided Transceiver (CAT) allows computer control via a serial cable with a DIN jack
Notch filter, IF shift, noise blanker, and a digitally switched capacity audio filter
90 Memories
Dual VFOs
Built-in AC Power Supply
100 Watts Power
Noise Reduction
Digital Filtering
IF Notch
Manual and Auto AGC

This particular unit works fine, and looks very close to perfect. This is a terrific radio. $900

Narrow SSB Filter for Yaesu FT-990:

This is the Yaesu 2.0 KHz wide crystal filter as used in the Yaesu FT-990, and possibly other rigs, for narrow SSB. It is Yaesu model number XF-10.9M-202-1. These filters are very rare; they really help to cut thru the SSB QRM, and are actually quite good for wide CW filtering as well.

This one works fine. It looks fine also, as if that matters
for a filter inside the rig. $120

Yaesu "Landliner" SP-101 P Speaker and Phone Patch:

This is a nice speaker that has a phone patch added
to it. Its styling matches the FT-101 line, but it looks
nice with most any rig. It has a VU meter on it, as well
as controls for both transmit and receive gain.
I realize many people do not use a phone patch much any
more, but even if you do not use the phone patch portion,
you still have an excellent speaker.

This particular unit works fine, and looks extremely nice
as well. It is in its original box.

With paper work for $90.

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin
connector. Apparently it is either similar or the
same as the MH-25A6j (not the MH-25 with the 8 pin
connector). It is a 600 ohm impedance hand microphone,
and has a Monitor on-off switch on the back. It should
be compatible with any of the Yaesu rigs that uses the
round 6 pin connector. It looks very similar to the
Yaesu MH-1.
This one works fine and looks extremely nice. $25

Yaesu YM-22 DTMF Condenser Microphone
This mic has a 16 digit touch tone (DTMF) pad on the front.
There are up and down buttons on the top, in addition to
the PTT switch.
Stripped and tinned ends. Great condition. $40

Deluxe Desk Microphone:

This is a great looking and great performing low impedance
desk mic. It has a quality Shure 600 ohm cartridge in it
(the cartridge alone is over $40 new), with a very nice
black die case base and neck, with a chrome grill. It
looks somewhat like a Shure 444, but no plastic on this
one -- all metal!

This one has stripped and tinned ends on it, which means
any connector can easily be added.

This one looks like new, and works the same. It has a
long (approx 6 foot) cord. $70

World Atlas, World Map, and DXCC List:

Radio Amateur World Atlas - 13th edition
Includes many different maps of the world with

ham prefixes on them.
Nice condition $8

The Radio Amateur World Map by Yaesu
This wall map is approx 34 x 24 inches in size.
It includes the ham prefixes on the various countries.
It appears to never have been used. $8

ARRL DXCC Countries List
This is a large check list for working the various
countries, and also includes other information such
as prefixes, applications, etc. New condition $4

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
4 pin XLR Female to 3 pin XLR Male $25

3 pin XLR to stripped ends
About 10 feet of quality rubber covered mic cable with a 3 pin
XLR connector on one end. Ideal to add your own connector.
Can be used with the CC-1 XLR-4 above. $20

Dentron "Big Dummy" RF Dummy Load:

This is Dentron's equivalent to the the traditional Heath
"Cantenna" dummy load that will handle a kilowatt. It has
a derating curve with it.

It is in good shape both electrically and cosmetically.
It has no rust, dents nor dings.

I measured the resistor and it is 53 ohms, so obviously it
is in good shape. I have never seen any others this close
to 52 ohms!

I can ship it either with or without oil. The cost to
purchase is the same, but of course the shipping will be
higher with the oil.

With derating curve and paper work for $45.

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch
(3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9018. FS: Western Electric Tubes

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-17 23:21:27 UTC
From: Bry Carling
Topic: 9018 Message: 9018

FOR SALE:

Western Electric 717A tubes - These are great little Miniature Octal base tubes often used to soup up front end RF stage on the Hammarlund HQ129 series receivers or the 2-40D for higher gain in the HF bands.

These typically go for about $17.00 each. For example:
Item# 110845315197 at that place.

Good used, tested condition, like the others... only far less. I will sell the pair for $10.00 plus shipping.

73 - Bry, AF4K

9019. FS: Four 80m crystals $24.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-19 02:14:39 UTC
From: Bry Carling
Topic: 9019 Message: 9019

FOR SALE:

Group of four nice, new condition 80m ham band crystals, like new.

These are hc6u crystals on:

3.777 MHz
3.778 MHz
3.781 MHz
and
3.787 MHz

Will sell the whole bunch for $24.00 plus shipping.

http://af4k.com/hc6u_crystals.htm#group4

CW Items For Sale -- Bencher Paddle, CW Key, Cables,
and Code Tapes

Bencher BY-1 Iambic Paddle:

True Bencher, and not the MFJ clone. This one
has the black base, with chrome parts. It looks
close to new and works the same. $65

CW Key and cables:

Generic brass colored, oval base key
This is similar to a J-38 (without the bakelite base), but
is a Japanese copy. It is brass colored, but is not real
brass. Includes shorting switch.
It works fine and looks fine. $18

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone
plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo
connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Code Tapes:

Code Quick 30 Day Master Plan
"The Fastest Way to Master the Morse Code"
by Dr Gerald Wheeler, W6TJP
This is a set of 5 cassette tapes designed to teach the
code and get up to about 13 WPM in a month.
This set is in great shape, in its original binder, and
includes the instruction book with it. $25

ARRL Code Kit
"Boost Your Code Speed from 5 to 15 WPM Quickly, Easily,
Enjoyably"
This kit includes 2 cassette tapes, plus paper work on
what is on the tapes and how to use it.
This one has not been opened, and is still sealed in the
shrink wrap. $14

ARRL Code Kit as above
This one has been opened, but is in great shape. $11

ARRL "Increasing your code speed -- 10 to 15 WPM"
This is a set of two cassette tapes, but only the first
tape is in the original packing. It includes the booklet
listing what is on the tapes, but only has the first tape.
Great condition. $7

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

LORbOm
If user do not view image, click here (http://mdnowcircus.org.ua/creative/indexoscar.htm)

The knights and ladies set at liberty were, besides Rogero and Bradamante, Orlando, Gradasso, Florismart, and many more. At the sound of the horn they fled, one and all, men and steeds, except Rabican, which Astolpho secured, in spite of his terror. As soon as the sound had ceased Rogero recognized Bradamante, whom he had daily met during their imprisonment, but had been prevented from knowing by the enchanter's arts. No words can tell the delight with which they recognized each other, and recounted mutually all that had happened to each since they were parted. Rogero took advantage of the opportunity to press his suit, and found Bradamante as propitious as he could wish, were it not for a single obstacle, the difference of their faiths. "If he would obtain her in marriage," she said, "he must in due form demand her of her father, Duke Aymon, and must abandon his false prophet, and become a Christian." The latter step was one which Rogero had for some time intended taking, for reasons of his own. He therefore gladly
Cloridan, who saw Medoro fall, could contain himself no longer. He rushed from his concealment, threw down his bow, and, sword in hand, seemed only desirous of vengeance for Medoro, and to die with him. In a moment, pierced through and through with many wounds, he exerts the last remnant of his strength in dragging himself to Medoro, to die embracing him. The cavaliers left them thus to rejoin Zerbino, whose rage against the murderer of Medoro had drawn him away from the spot. Cloridan died; and Medoro, bleeding copiously, was drawing near his end when help arrived. A young maiden approached the fallen knights at this critical moment. Her dress was that of a peasant-girl, but her air was noble, and her beauty celestial; sweetness and goodness reigned in her lovely countenance. It was no other than Angelica, the Princess of Cathay.
quarters came together at our court. Among these Zerbino, son of the king of Scotland, victorious in all combats, eclipsed by his beauty and his valor all the rest. Before departing from the court of Galicia he testified the wish to espouse me, and I consented that he should demand my hand of the king, my father. But I was a Mahometan, and Zerbino a Christian, and my father refused his consent. The prince, called home by his father to take command of the forces destined to the assistance of the French Emperor, prevailed on me to be married to him secretly, and to follow him to Scotland. He caused a galley to be prepared to receive me, and placed in command of it the chevalier Oderic, a Biscayan, famous for his exploits both by land and sea. On the day appointed, Oderic brought his vessel to a seaside resort of my father's, where I embarked. Some of my domestics accompanied me, and thus I departed from my native land.
accepted the terms, and proposed that they should at once repair to the abbey of Vallombrosa, whose towers were visible at no great distance. Thither they turned their horses' heads, and we will leave them to find their way without our company. I know not if my readers recollect that at the moment when Rogero had just delivered Angelica from the voracious Orc that scornful beauty placed her ring in her mouth, and vanished out of sight. At the same time the Hippogriff shook off his bridle, soared away, and flew to rejoin his former master, very naturally returning to his accustomed stable. Here Astolpho found him, to his very great delight. He knew the animal's powers, having seen Rogero ride him, and he longed to fly abroad over all the earth, and see various nations and peoples from his airy

course. He had heard Logestilla's directions how to guide the animal, and saw her fit a bridle to his head. He therefore was able,
and white. If you cannot defend them against me, how pray will you do so when Orlando challenges them?" Dardinel replied: "Thou shalt learn that I can defend the arms I bear, and shed new glory upon them. No one shall rend them from me but with life." Saying these words, Dardinel rushed upon Rinaldo with sword uplifted. The chill of mortal terror filled the souls of the Saracens when they beheld Rinaldo advance to attack the prince, like a lion against a young bull. The first blow came from the hand of Dardinel, and the weapon rebounded from Mambrino's helmet without effect. Rinaldo smiled, and said, "I will now show you if my strokes are more effectual." At these words he thrust the unfortunate Dardinel in the middle of his breast. The blow was so violent that the cruel weapon pierced the body, and came out a palm-breadth behind his back. Through this wound the life of Dardinel issued with his blood, and his body fell helpless to the ground.

9024. REDUCED: Ham Band hc6u Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-22 13:30:36 UTC

Topic: 9024 Message: 9024

REDUCED: Ham Band hc6u Crystals
(prices are for these groups only)

$2.50 crystals for 80m band:
Group of four nice, new 80m ham band hc6u crystals on 3742.0 kHz.
QUANTITY of 4 - 3742.0 kHz crystals - Type hc6u - Share some with a friend!
Will sell as groups of 4 for $10.00 plus shipping.

ALSO REDUCED Group of SIX ham band crystals under $5.00 each.
Group of six nice, new condition 80m and 40m ham band crystals, like new.
Not available individually at this price. SIX hc6u crystals on:
QTY 1 - 3742.0 kHz
QTY 1 - 3777.5 kHz
QTY 1 - 3778.7 kHz
QTY 1 - 3781.2 kHz
QTY 1 - 3787.5 kHz
QTY 1 - 7011.0 kHz
Note: this is only for this one group of crystals as listed.
Will sell this whole group of 6 for $29.00 plus shipping.

Pictures, details and Ordering Page here:
http://af4k.com/hc6u_crystals.htm

9025. REDUCED: Panel Meters - under $3.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-22 14:30:19 UTC
From: Bry Carling
Topic: 9025 Message: 9025

REDUCED: Panel Meters

Here is a nice box of six panel meters in very good condition.

These are all the typical 3.25" diameter meters you see on older ham equipment, test equipment etc.

1) Weston model 476 with 0 - 120V AC with an additional scale for 60V AC

2) Weston model 301 with 0 - 140V DC with an additional scale for 7 V DC.

3) General Electric model ADK84 - cool 0 - 200 mA PA Plate with markings for CW, MCW, PA Grid and Battery.

4) General Electric with 0 - 50mA DC

5) Weston model 147866 with 0 - 5V AC

6) General Electric Time Meter - model 8KT8E3 / USN type 120V AC 60 Hz (small case chip)

I do not want to sell these individually. I will sell these as a group. The whole box for $16.00
plus $12.00 for USA shipping

73 - Bry, AF4K

Hi! I have got a mail from you. I'm sorry for a rather long delay with reply. I'll try to tell about myself more...
I am an educated and intelligent lady as well. My name is Martha - 23 years with an interesting personality. I am a really tender and charming girl, in love with this world and miracles! I'm very cheerful and communicative! I am looking for the man I can rely on and with whom all difficulties will be a trifle. If he has children it is a plus because I love children very much and want to be a good mother.
My ID: http://bherunagen269.front.ru/owatucuh.html
So I am glad to meet you. You can tell me on any subject.

The younger lady replied, in a voice often broken with sobs: "Though I know well that my recital will subject me to worse treatment by the barbarous man who keeps me here, to whom this woman will not fail to report it, yet I will not hide from you the facts. Ah! why should I fear his rage? If he should take my life, I know not what better boon than death I can ask. "My name is Isabella. I am the daughter of the king of Galicia, or rather I should say misfortune and grief are my parents. Young, rich, modest, and of tranquil temper, all things appeared to combine to render my lot happy. Alas! I see myself to-day poor, humbled, miserable, and destined perhaps to yet further afflictions. It is a year since, my father having given notice that he would open the lists for a tournament at Bayonne, a great number of chevaliers from all
Marseilles, and she held the post against the infidels with valor and discretion. One day Melissa suddenly presented herself before her. Anticipating her questions, she said, "Fear not for Rogero; he lives, and is as ever true to you; but he has lost his liberty. The fell enchanter has again succeeded in making him a prisoner. If you would deliver him, mount your horse and follow me." She told her in what manner Atlantes had deceived Rogero, in deluding his eyes with the phantom of herself in peril. "Such," she continued, "will be his arts in your own case, if you penetrate the forest and approach that castle. You will think you behold Rogero, when, in fact, you see only the enchanter himself. Be not deceived, plunge your sword into his body, and trust me when I tell you that, in slaying him, you will restore not only Rogero, but with him many of the bravest knights of France, whom the wizard's arts have withdrawn from the camp of their sovereign."
When the two friends were relieved from their guard duty they went without any followers into the camp of the Christians. All there was still; the fires were dying out; there was no fear of any attempt on the part of the Saracens, and the soldiers, overcome by fatigue or wine, slept secure, lying upon the ground in the midst of their arms and equipage. Cloridan stopped, and said, "Medoro, I am not going to quit this camp without taking vengeance for the death of our prince. Keep watch, be on your guard that no one shall surprise us; I mean to mark a road with my sword through the ranks of our enemies." So saying, he entered the tent where Alpheus slept, who a year before had joined the camp of Charles, and pretended to be a great physician and astrologer. But his science had deceived him, if it gave him hope of dying peacefully in his bed at a good old age; his lot was to die with little warning. Cloridan ran his sword through his heart. A Greek and a German followed, who had been playing late at dice: fortunate if they
into a battalion, and retreated in tolerable order to his camp. That camp was well fortified by intrenchments and a broad ditch. Thither the fugitives hastened, and by degrees all that remained of the Moorish army was brought together there. The Emperor might perhaps that night have crushed his enemy entirely; but not thinking it prudent to expose his troops, fatigued as they were, to an attack upon a camp so well fortified, he contented himself with encompassing the enemy with his troops, prepared to make a regular siege. During the night the Moors had time to see the extent of their loss. Their tents resounded with lamentations. This warrior had to mourn a brother, that a friend; many suffered with grievous wounds, all trembled at the fate in store for them. There were two young Moors,

both of humble rank, who gave proof at that
France was at this time the theatre of dreadful events. The Saracens and the Christians, in numerous encounters, slew one another. On one occasion Rinaldo led an attack on the infidel columns, broke and scattered them, till he found himself opposite to a knight whose armor (whether by accident or by choice, it matters not) bore the blazon of Orlando. It was Dardinel, the young and brave prince of Zumara, and Rinaldo remarked him by the slaughter he spread all around. "Ah," said he to himself, "let us pluck up this dangerous plant before it has grown to its full height." As Rinaldo advanced, the crowd opened before him, the Christians to let his sword have free course, the Pagans to escape its sweep. Dardinel and he stood face to face. Rinaldo exclaimed, fiercely, "Young man, whoever gave you that noble buckler to bear made you a dangerous gift; I should like to see how you are able to defend those quarterings, red

9032. HF Antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-26 13:10:23 UTC
From: Ken Simpson, W8EK
Topic: 9032 Message: 9032

It is "Antenna Season."

HF Antennas and related items For Sale -- Dipoles, Verticals, Dummy Load, SWR Bridges, Antenna Tuner, Low Pass TVI Filters, and Connectors

B & W AC 1.8-30 (AC-110) Broadband antenna For Sale:

The Barker & Williamson AC-1.8-30 [AC110] End-Fed V is another unique antenna from B & W utilizing the same technology as their folded dipoles. It offers operation over the entire HF bands without need for an antenna tuner. Work any frequency you want without going through a lot of knob twirling and measurements. Hop frequencies at any speed as long as you want, as there are no mechanical parts or active components to wear out. It is not limited to conventional ham bands. Capture weak signals in receive mode. Much better performance than any vertical.

This unique design covers a frequency range of 1.8 to 30 MHz, with a SWR of less than 2:1 across the entire range.

More information is at
http://www.bwantennas.com/ama/veeant.ama.htm

This one works fine and looks great.

B & W sells these for $375. Buy this one, with paper work, for $200.

Broadband Dipole Antennas:

These antennas are sometimes call "Bazooka" dipoles, but also go by other names. They are made from RG-8 coax instead of just wire. They are fed differently, with both halves of the coax used. The result is an antenna that is more broad banded than a regular wire dipole, permitting one to cover all, or most, of a ham band with a reasonable SWR. Of course these can be put into an inverted V configuration as well. They have been described in the ARRL Handbook and ARRL antenna book at various times.

I have antennas for two different bands:

40 meter antenna as described above (approx 66 feet long) with about 25 feet of RG-8 coax feedline attached, terminated in a PL-259 connector. $50

MFJ 1796 Halfwave Vertical Antenna:

The MFJ 1796 covers the 40, 20, 15, 10, 6, and 2 meter bands, with no radials needed.

It is only 12 feet high and can be mounted anywhere -- ground level to tower top -- apartments, small lots, trailers. Perfect for vacations, field day, DXpedition, camping.

Efficient end-loading, with no lossy traps
Full size halfwave on 2 & 6 Meters
High power air-wound balun eliminates feedline radiation
Adjusting 1 band has minimum effect on others
Automatic band switching
Low radiation angle for great DX
Omnidirectional
Handles 1500 watts PEP
Low SWR
Stainless steel hardware

This antenna was used in a restricted community, and only put outside when being used, so it is in terrific shape. Paper work included.

These sell for over $300 new. Buy this one for only $175. Pick up near Ocala FL, just off of I-75.

Doublet Antenna:

Doublet antenna consisting of about 110 feet of wire, with center insulator, 2 end insulators, and 2 center supporting insulators. This antenna is made to be fed with "open wire" 450 ohm transmission line, and used with an antenna tuner. It should be able to tune from 80 thru 10 meters, with the proper tuner. $20

Hustler 4BTV HF Vertical Antenna:

The 4BTV is a vertical antenna that covers 10, 15, 20, and 40 meters. It can also cover 75/80 meters by using an RM-75 resonator.

This one is in extremely good shape. It actually still shines! No corrosion evident. The actual base shows very minor signs of being out in the weather, but the silent key who used it was in a restricted community, and took the top part out of the garage only when he wanted to get on the air.

Paper work is included for $120.

Hustler RM-75 resonator - standard version
(can be used to add 75 meters to 4BTV above) $19

I would prefer pickup near Ocala, Florida, just off of I-75.
It will easily fit inside a car. It is possible to ship it,
but the cost is high due to it being oversize. Obviously,
shipping is not included in the price.

Hustler Resonators for Hustler Mobile HF Antenna Systems:

"Standard" Hustler resonators (400 Watt):
75 meter resonator RM-75 $19
40 meter resonator RM-40
This resonator has tape on the bottom. I assume the
tape was used to tell the silent key which frequency
the RM-40 was tuned to, being he had two of them. $15

Dentron "Big Dummy" RF Dummy Load:

This is Dentron's equivalent to the the traditional Heath
"Cantenna" dummy load that will handle a kilowatt. It has
a derating curve with it.

It is in good shape both electrically and cosmetically.
It has no rust, dents nor dings.

I measured the resistor and it is 53 ohms, so obviously it
is in good shape. I have never seen any others this close
to 52 ohms!

I can ship it either with or without oil. The cost to
purchase is the same, but of course the shipping will be
higher with the oil.

With derating curve paper work for $45.

Heath HM-15 SWR Bridge:

This is an HF SWR Bridge, with SO-239 connectors on
the back. The front has the meter on the left, and two
knobs to the right. It is the same size as the HD-15
phone patch.

This one works fine and is in nice cosmetic shape.
I can not find a scratch on it.

Paper work included for $20.

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF,
6 meters,and 2 meters. SO-239 connectors.

Quement SWB-2
This unit features two separate meters --
one for reading forward power and another for reading SWR.
This permits one to easily monitor both the power going
out, and the SWR on the antenna at the same time. It works

fine and looks great. With paper work for $37.

Carter Craft 90-300
Single Meter SWR Bridge / Field Strength Meter
This one works fine. I am 99% certain it has not been used, except for my testing it. In its original box with original instructions and little field strength antenna. $30

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $28

TenTec 229 HF antenna tuner:

This roller inductor tuner will handle full legal power. It uses an "L" match instead of a "T" match, which means there is only one spot that will give the correct match. The "L" match is also more efficient. Electrically, it is the same as the 238 series, 229 A, 229 B, and 4229.

There is also a built in wattmeter with full scale reading of 200 and 2000 watts. It also has an SWR bridge with lighted meter, plus a 4 position antenna switch.
-
It can be used on any HF frequency, including the WARC bands, as it is continuously adjustable. It has a built in internal balun, so open wire can be used.

Cosmetically, this unit is the color of the earlier Omni series (Omni 546, series A, B, and C) with the black vinyl covering, and nice aluminum trim around the front.

This particular unit functions 100%, and looks perfect. I can not find a scratch on it.

Paper work is included for $325.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, are 50 ohm filters, and include paper work.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.This one works great, and looks close to new. Bencher currently sells these for about $90. Only $60.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular

situation, and also to more closely match your specific impedance.
It cuts off at about 52 MHz (if adjusted as such) so it can be
used on 6 meters, and will handle 1500 watts. $35

Drake TV-1000-LP Low pass TVI filter
This is the filter that may also be used on the low end of six
meters, as well as HF. It is good for 1000 W "average" below
30MHz, and about 200 W up to 52 MHz. With paper work for $30.

Drake TV-1000
LP Filter as above, which functions fine electrically, but looks ugly.
With paper work. $25

Drake TV-3300-LP Low Pass Filter
This modern low pass filter has been optimized to have more
attenuation in the 40 MHz region, where many TVs have their
IF. It is good for 1000 Watts "average" according to the manual,
and has over 80 db attenuation at 41 MHz. This one looks great,
and includes the paper work. $30

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500
Watts. It is the latest model B&W filter.In very nice condition,
it looks close to new. $40.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut
off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts
PEP SSB. With mounting bracket. $30

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long
enclosure. It looks like new. $25

Coax connectors and adapters:

Prices are per connector. Several of each are available.
It looks like these have not been used.

UHF Male (PL-259) to BNC female (opposite of above) $5

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector (two PL-259's together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

"N" Connector - Double Male $8

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T" - two female and one male $3

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

I also have many other accessories available such as many
different types of microphones, HTs, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9034. Low Pass TVI Filters, Dummy Load FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-29 12:40:35 UTC
From: Ken Simpson, W8EK
Topic: 9034 Message: 9034

Low Pass TVI Filters, and Dummy Load For Sale:

Drake Low Pass TVI Filters For Sale:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, and are 50 ohm filters.

This first two work on 6 meters as well as HF:

Drake TV-1000-LP Low pass TVI filter
This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 W "average" below 30MHz, and about 200 W up to 52 MHz. With paper work for $25.

Drake TV-1000
LP Filter as above, which functions fine electrically, but looks ugly. With paper work. $20

Drake TV-3300-LP Low Pass Filter
This modern low pass filter has been optimized to have more attenuation in the 40 MHz region, where many TVs have their IF. It is good for 1000 Watts "average" according to the manual, and has over 80 db attenuation at 41 MHz. This one looks great, and includes the paper work. $30

Other Low Pass TVI Filters:

The Bud LF-601 works fine on six meters.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular situation, and also to more closely match your specific impedance. It cuts off at about 52 MHz (if adjusted as such) so it can be used on 6 meters, and will handle 1500 watts. $35

Bencher YA-1, high power, low pass TVI filter
If you need a heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2. This one works great, and is in its original box.
Bencher currently sells these for about $90. Only $60.

Bencher YA-1
As above, but not in original box. $45

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500

Watts. It is the latest model B&W filter.In very nice condition,
it looks close to new. $40.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut
off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts
PEP SSB. With mounting bracket. $30

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long
enclosure. It looks like new. $25

Dentron "Big Dummy" RF Dummy Load:

This is Dentron's equivalent to the the traditional Heath
"Cantenna" dummy load that will handle a kilowatt. It has
a derating curve with it.

It is in good shape both electrically and cosmetically.
It has no rust, dents nor dings.

I measured the resistor and it is 53 ohms, so obviously it
is in good shape. I have never seen any others this close
to 52 ohms!

I can ship it either with or without oil. The cost to
purchase is the same, but of course the shipping will be
higher with the oil.

With derating curve and paper work for $45.

ARRL Handbooks:

1985 - 62nd edition
This one is in the larger format. It has been "well used"
and has some loose pages, but I think they are all there.
The binding has duct tape on it, but the important info
is still there. $7

1988 - 65th edition - Hard bound
This one is a couple inches thick.
Very close to new condition. $22

1992 - 69th edition - Hard Bound
Several inches thick with a lot of information.
This one looks like new, except for a previous owner's
call sign on the inside cover. $22

I also have many other accessories available such as many
different types of microphones, HTs, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.

Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9035. REDUCED: HENRY RADIO TEMPO ONE

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-04-29 21:12:25 UTC
From: Bry Carling
Topic: 9035 Message: 9035

REDUCED: HENRY RADIO TEMPO ONE HF TRANSCEIVER

The Tempo One wasoriginally built by the Yaesu Musen company in Japan in the 1970s. Same as a Yaesu / Sommerkamp FT200. I couold piucture using this at a camp too - lots of fun for portable HF or as a home station. Henry Radio Tempo One HF transceiver in very good condition.

Input Power - 240 Watts
Covers the 80m, 40m, 20m, 15m and 10m amateur bands on SSB and CW.
Antenna 50-100 ohms.
Carrier suppresion -40 dB.
A.F. Bandwidth 300-2700 Hz
Receiver Sensitivity 0.5 uV
Image ratio -50dB.
Audio output 1 watt into 8 ohms.
Power Supply - 120V AC or 12 V DC using external power supplies (See below)
16 Tubes, 15 diodes and 7 transistors.
Dimensions: 13.25" wide X 5.5" high x 11" deep
Approx. weight: 18 pounds.
Cables are included with the power supply below.

Comes with a copy of the operators manual.
Service manual copy available for an additional $5.00

Transceiver only - Now reduced from $145.00 to $105.00
AC Power Supply is available too:

Also I have the Henry Radio Tempo One POWER SUPPLY in very good condition.
With built-in 3" X 5" speaker for audio out from the Tempo One Transceiver.
Has 9 diodes.
Any of the following AC Voltages may be used: 110 - 120V AC or 200 - 240V AC
Dimensions: 8" wide X 5.5" tall X 11" deep
Approx. weight: 22 pounds.
Cables are included. REDUCED from $85.00 to $65.00

AC/ONE Power supply is available for $65.00 plus shipping.
OR BUY BOTH TOGETHER FOR $160.00 plus shipping

Pictures and details at:

73 & thanks for reading - Bry, AF4K

9037. FS: Hallicrafters S38C Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-02 20:19:50 UTC
From: Bry Carling
Topic: 9037 Message: 9037

FOR SALE: Extra nice S38C shortwave receiver - many hams used these as their very first receiver.

Very good condition. All original knobs etc. The S38C uses six tubes, and has a metal cabinet and built-in speaker. Its compact size and low cost maakes this a very attractive set. The S-38 models were in production until 1961.

Despite its simplicity, the S-38 is a "hot" radio, offering good sensitivity. Like more expensive shortwave receivers, it has a separate bandspread tuner, automatic noise limiter (ANL), and beat frequency oscillator (BFO) for CW listening. It covers frequencies from .54 Mhz to 32 Mhz in four bands.

With distinctive semi-circular dials, the S-38 through S-38C models are very recognizable. The S-38C has cool-looking shiny gray, hammertone paint. Excellent working condition.

Available for $65.00 plus shipping. USA only.

73 - Bry, AF4K

9040. FS: More 2W, 1W and 1/2 W Carbon Resistor Packs

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-06 11:45:53 UTC
From: Bry Carling
Topic: 9040 Message: 9040

Hi guys,

I know a lot of people asked me for some more of these resistors and I found some.

As of right now, I have found 6 more assortments of New 2 Watt Carbon Compopsition Resistors (50 in each.)
I have 3 more packs of the 1 Watt carbon composition resistors (50 in each.)
and I have another 8 packs of the 1/2 Watt composition resistors (100 in each.)

I have posted these on my web pages for easy purchase for whomever would like some.
2W - $15 each
1W - $10 each
1/2W - $8 each
For anyone who buys 2 or more of these I will throw in a surprise pack of 50 - 100 new resistors of my choice. FYI - one or two of the 2 watt resistor packs might contain a couple of
good used looking resistors or shorter lead ones but you won't be disappointed.

http://af4k.com/resistors.htm

There are also some very excellent, useful power resistors and bleeder resistors etc. at that
link.

Thanks for looking & 73 - Bry AF4K

9049. FS: ARC5-looking 40m transmitter

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-13 01:05:45 UTC
From: Bry Carling
Topic: 9049 Message: 9049

FOR SALE - Navy transmitter for 40m band.
Dial reads from about 7.0 - 9.0 Megasickles.

Includes two 1625 FInal RF power tubes for plenty of oomph.

To me it looks just like any other ARC5 style radio, but the experts warn that his is not actually an "ARC5" as far as purists are concerned. For someone who enjoys military radios or actually getting something fun on the air with tiubes it will be just fine I am sure!

One place that I read (maybe a web site) says that it is part of the AN/ARC-5 Command Radio Set. Analogous to type BC-459-A, T-22/ARC-5 transmitters. It would have typically been paired with a CBY-46106 receiver, similar to the BC455-B and R-27/ARC5 receivers.

It also stated that the AN/ARC-5 Command Radio Set is a series of radio receivers, transmitters, and accessories used to provide two-way Morse code and AM radiotelephone communication for U.S. Navy aircraft during World War II and the years following. It was an improvement of the Navy's ARA/ATA command set. Similar units designated SCR-274-N were used in U.S. Army aircraft. The Army set is based on the Navy ARA/ATA, not the later AN/ARC-5. (perhaps this one is part of the ARA/ATA instead of ARC5? You be the judge!

Covers 7.0 to 9.1 MHz. Comes with all tubes, including the magic eye tube, the covers, all coils, etc. There are some paint chips off the top and front, but can be easily restored. Overall
in very good condition for its age. SERIAL number is 665.
Technical Data: The transmitter can run 40 watts on CW, and would draw approx. 9 amps at 28 volts in operation although it works satisfactorily between 22 - 30 volts input. The circuits
of the transmitter are as follows: A master oscillator (1626) excites a pair of beam tetrode
power tubes (1625) connected in parallel. An antenna coupling control is used to vary the coupling between the output tank and the roller inductor loading coil. The transmitter could be
modulated using screen grid modulation or plate modulation. This style of transmitter was used by many amateurs after world war two, but many were modified or stripped for their high quality components, particularly the variable capacitors. The sets had an extremely good
name for their frequency stability. This unit uses tubes which look great. The two 1625 tubes
test good. There is no crystal, as in most of these radios. It appears to be missing the VFO
shield and inductor trim slug. Otherwise, complete with all original knobs and tubes, and is in
above-average condition.

Available for $75.00 plus shipping.

Pictures and details at:
http://www.af4k.com/radios.htm#ARC5

9050. VHF & UHF Equipment and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-13 21:44:54 UTC
From: Ken Simpson, W8EK
Topic: 9050 Message: 9050

VHF and UHF (2 meter and 440 MHz) Equipment For Sale -
2 meter HT, dual band HT, HT accessories such as
speaker mics, rubber ducks, SWR Bridge, mobile
antennas and mounts, DTMF Touch Tone and regular
Microphones, and more:

Alinco DJ-580 dual band (2m and 440 MHz) HT:

This HT receives from 110 to 174 MHz in the VHF position,
which includes the AM Aircraft band. 440 to over 480
MHz in the UHF position. Of course it transmits in the
2 meter and 440 MHz ham bands. It is my understanding
that it can also be modified to receive into the 800
and 900 MHz region. It will also cross band repeat,
and is an extremely rugged radio.

Power output has 3 different levels. With the
7.2 V battery packs, it has 0.25 W / 1 W / 2.5 W.
If used with the larger 12 V batteries, it will
produce 0.25 W / 1.2 W / 5 W.

This particular unit is in very good shape, both
electrically and cosmetically. The keyboard has very
crisp and clear lettering. It includes desk charger,
rubber duck antenna, belt clip, wrist strap, battery,
and paper work. $130

Alinco Carrying strap - Like new. $4

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read
LCD, 60 channel memories with scanning and ten DTMF
memories. Extended receive is 136-174 MHz so it includes
the weather frequencies. When used on external DC power
you will get a full 5 watts output. With the included
PB36 battery pack, it produces 1.5 watts. The low power
setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver
Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came
out of the box new. It came from a silent key who I don't
think ever used it. This one includes the desk charger,
rubber duck antenna, belt clip, and paper work for $115.
I added a new PB-36 battery, as the old one had been in
the drawer long enough that it is not in good condition.

Cigarette lighter power cord for TH-235 above. $12

Kenwood MS-1 charger / DC power supply:

The MS-1 is designed to be used with the Kenwood TR-2500
and TR-2600 HTs. The HT slips into the unit, and will
charge the battery, or power the unit, or both. The HTs
use 9.6 volts DC to operate. This unit converts 13 V DC
down to the required 9.6 V DC. It also functions as a
holder for the HT in the car, and as a light to illuminate
the LCD display on the HT.

This one works fine, and looks OK. With paper work for $20.

Speaker Microphone for Yaesu VX-1, VX-2, VX-3, VX-5, etc.

Pryme Speaker Microphone
This is the Pryme equivalent of the Yaesu MH-34. It has
the 4 conductor 1/8 inch plug on it. It works 100% and
looks like it has not been used. $25

Other HT Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them,
as used by Icom, Alinco, Radio Shack, some Yaesu, and
other HTs.

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. $20

Pryme Speaker Microphone
It works fine and look line new. $20

MFJ-284 Speaker Microphone
Fits most Icom, Yaesu, Alinco 560, Santec ST-20, and others.
It works great, and looks like new. $15

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415,
as well as others. It has a 3 conductor 3.5 mm plug and a 2
conductor 2.5 mm plug.It works fine, and looks close to new. $15

Coaxial Cable For Sale:

I accumulated a fairly large amount of miscellaneous
lengths of coaxial cable. Most of the cable is RG-8
(.405 inches in diameter) or equivalent. Most has a

PL-259 on at least one end, and most on both ends.

All of the coax over 20 feet has been checked with an analyzer, and its loss has been confirmed to be within 10% of new specs which is as close as I can measure. Lengths under 20 feet have been checked for continuity, because loss is almost impossible to measure for lengths this short.

I have a large amount in many different lengths, varying from 1 foot to 160 feet. To put it another way, I have jumpers for in your shack, and lengths to run up your tower. I can not list all of the lengths. Please let me know what you need, and I will see how close I can come.

The coax is 3 feet for a dollar (33 cents a foot), plus $2 for each installed PL-259, plus shipping from Florida.

HF and VHF SWR Bridges:

All of these cover from 3 to 150 MHz, covering HF, 6 meters,and 2 meters. SO-239 connectors.

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $28

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the 6 meter, 2 meter, and 440 MHz ham bands. This makes it ideal for some of the newer multiband and dual band rigs available today.

The antenna is about 3 feet long and has a very strong magnet. It has a long coax cable with a PL-259 connector.

It works great, and looks very close to new. $75

Larsen NLA Type VHF Mobile Antenna for 2 meters:

This antenna fits the Larsen NLA mobile mount, which is a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Mobile Antennas for 440 MHz band:

"On Glass" mobile antenna for 440 MHz:
This antenna was made by Avanti to mount on a windshield, or other glass. It does not require a ground plane, as it is a 1/2 wave antenna, rated to have 3 db gain. It is ideal for places where a ground plane is not available, such as a boat or motor home, in addition to cars. A special tuning box is included to match to your particular situation.
This one is still in its original tube, unopened. $33

Larsen NLA Type Mobile Antenna:
This antenna fits the Larsen NLA mobile mount, which is a special mount made by Larsen.
Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz band and UHF public service bands. Good condition. $10

Mobile Antenna Mounts:

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a standard 3/8 inch 24 thread connector. It is very heavy duty, about 5 inches in diameter, with a long coax for $22.

Mag mount with 1/4 inch stud
Male 1/4 inch 20 thread stud sticking out the top, with about 15 feet of RG-58 coax. $12

NMO "Luggage rack mount"
This NMO mount will attach to a luggage rack. The bracket is made so it can attach to either a vertical or horizontal portion. It is heavy chrome plated, with stainless steel hardware, and is quite heavy duty for NMO. With 17 feet coax and PL-259. It looks to be new. $18

NMO "Button" Mount
This mount fits into a 3/4 inch hole, and will then take any of the many NMO types of antennas. Coax included.
It is in close to new condition. $12

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

BNC - Stubby about 4.5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

Special for Kenwood TH-21 HT threaded connector
Stubby, about 4.5 inches long - $20

BNC Stubby for 440 MHz, 3 inches long

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug.
Looks to be unused. $38

Hand Microphone with round 8 pin plug for Kenwood / Alinco / ADI

This hand mic works great on most Kenwood rigs with the round 8 pin connector, such as the TS-430, TS-440, TM-241, TM-2530, TW-4000, and others, including Alinco and ADI.
It says "Electret Condenser Mic" on the back, and Kenwood on the front, with no model number.

Basically, this mic is like an MC-43, with a couple more features. It has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do depends on the rig. They will function on some rigs, and are completely useless on others. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer. $28

As above but with 8 pin modular connector. $30

Yaesu Hand Microphones:

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone,

and has a Monitor on-off switch on the back. It should
be compatible with any of the Yaesu rigs that uses the
round 6 pin connector. It looks very similar to the
Yaesu MH-1.
This one works fine and looks extremely nice. $25

Small Power Supplies:

Radio Shack 22-124 Regulated Power Supply

This supply is regulated and will furnish 13 V DC at up
to 2.5 amps. It is ideal for the lower powered 2 meter
rigs, or to get rid of that huge collection of wall warts.

This one works fine and looks extremely nice.
I do not find a scratch on it. $20

Micronta 22-120 A Regulated power supply:

This supply is rated at 2.5 amps at 13 V DC. It is
well regulated. It has a switch and LED power light
on the front, with a circuit breaker and output terminals
on the back. The case (left and right side and top) is
basically all a heat sink, so it should cool the
regulator well.

This one works fine and looks like new. No scratches. $30

Olson RA-472 Bench Type Power Supply
This power supply is suitable for low current bench use.
It provides a variable voltage source from about 5 V DC
up to about 15 V DC. It has one knob for course voltage
that is labeled 6 V, 9 V and 12 V. An additional knob
will fine tune the voltage. I do not have specs on this
supply, but I would guess that it is good for maybe 1/3
to 1/2 amp current. It has an analog meter that seems
to be fairly accurate; at least it compares favorably
to my lab type DMM.
This unit is is a utility type power supply. $15

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in this series:

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries. $12

BNC to PL-259 antenna adapter
Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. This adapter can be used on any HT with a BNC connector. $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Special Antenna adapter that fits the TH-21 series HTs, and has a BNC on the other end. $10

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood TH-21/31/41series HTs. $6

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries for the TH-21 series, and also on other Kenwood radios. It has a standard 2.1 mm coaxial connector. $12

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch (3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Santec HT Accessories:

Leather Case for Santec HT
This is a real Bianchi Leather case -- not a vinyl case. It fits most of the Santec HTs, such as the HT-1200, ST-142, ST-144, ST-440, etc. The real leather case includes a built in belt clip, plus a removable leather shoulder strap. The case itself is in very nice shape. The leather shoulder strap has not been used. $25

Santec ST-142/144 "Service Pack"
This is similar to a service manual, but Santec calls it a service pack. It has schematics, circuit explanations, voltages, etc. $18

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Accessories for the Azden PCS-300 HTs:

Azden SDX-316
This is the rounder style speaker mic that fits nicely in
the palm of your hand. Has 3.5 mm and 2.5 mm plugs for
Azden, Icom, some Yaesu, and others. It works great, and
looks great also. $20

Battery charge adapter for Azden PCS-300 HT
This is an adapter that permits one to charge the battery
of the Azden PCS-300, 2 meter HT, outside of the HT itself.
Usually, one must have the battery inside the HT, but this
lets you charge a second battery outside of the HT. The
original charger is used. If you have a PCS-300 HT, you
need this adapter.
It works fine, and looks like new. $3

Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Icom BC-127 A, Battery Charger for Icom IC-Q7A
Dual Band HT:

This charger charges two AA NiCads (or NiMH) for the
IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably
others.

This one appears to be new, unused, still in its bag.
Icom lists them at $21.
Buy this one for $12.

Icom DC-25 DC adapter:

This is a pack that is used on the Icom µ2AT, Icom µ4AT, and
on other HTs that use the BP-20, BP-21, BP-22, BP-23 and
BP-24 battery packs. It takes 13 V DC (such as from a
cigarette lighter), and converts it to the 9.4 V DC voltage
needed for the HT. It is used in place of a battery.

This one works fine and looks fine. $18

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Kenwood BH-3 for Kenwood TH-21 / 31 / 41 series HTs
Motorola
Yaesu FT-207

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

Crystals for 2 meter ham rigs:

Does anyone have an older two meter ham rig and need crystals?

Maybe I can help. I have some 2 meter crystals available -- both transmit and receive. Most are in the 146 and 147 MHz band segments, with very, very few in the 145 MHz segment, and none in the 144 MHz segment. These are for ham rigs only, and not commercial rigs.

These are all the small HC-25 crystals, like are used in most of the solid state 2 meter mobiles and HTs. Please e-mail the operating frequency you need. I have them listed by operating frequency and rig,and not by actual xtal frequency. Send the frequencies you need (transmit or receive), and the rig that you have, and I will see if I can help. I have cross references for the various rigs, so I will know what you need if you give the rig.
Crystals are $6 each.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Power Supplies and related items For Sale --
High Current Power Supplies, Bench Type Supplies,
lower current supplies, Wall Wart Supplies,
chargers, etc.:

Pyramid PS-25 Power Supply (25 amps at 13 V DC):

The Pyramid PS-25 is a 13 Volt DC power supply with both a
voltmeter and an ammeter built in. The output voltage is
adjustable over a range from about 11.5 to 15.5 volts DC.
There is also an adjustment to set the current limiting,
up to 25 amps. This means it can be set so that it will
protect the finals of a solid state rig. In addition, a
buzzer is activated if it goes into over current limiting.
This power supply has the features you want!

This particular unit works fine, and looks extremely nice.

With paper work for $80.

TenTec 25 amp switching power supply:

"Switcher / 25" 25 amp switching power supply

This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is electrically very quiet,
and well shielded. It does not produce any electrical noise
that I could find.

Of course it works fine, and looks fine also. $175

Astron RS-20A Power Supply:

The RS-20A is a DC Power Supply producing 13.8 V DC (internally
adjustable from 11 to 15 V DC) at up to 16 amps continuous and
20 amps ICS. The RS-20 features crowbar over voltage protection
and fold-back current limiting to protect your equipment.

This particular supply works fine, and looks very close to new.
I do not find a scratch on it.

With paper work for $60.

Kepco Variable Bench Power Supply:

This is an ideal bench power supply! It is a Kepco Model ABC 40-0.5, which means that it will produce from zero up to 40 V DC at up to 1/2 amp. Great for the bench.

The voltage is adjustable with a 10 turn pot from close to zero, up to about 40 volts. There is a fairly large analog meter that reads the voltage. There is also current limiting built in that is adjustable from about 100 ma to up to about 700 ma. The same meter that reads voltage can be switched to read current, or short circuit current (the point that the current limit is set). In addition, there are connections on the back to allow remote sensing and remote programming. This is a quality regulated power supply!

This particular unit works 100%, and looks extremely nice.

These normally sell used for $125 to $150 (plus shipping). Buy this one for $88.

Kepco Variable Bench Power Supply:

This variable power supply is a Kepco Model CK 18-3, which means that it will produce up to 18 V DC at up to 3 amps. This is an ideal bench power supply!

The voltage is adjustable with a 10 turn pot from close to zero, up to almost 20 volts. There is a fairly large analog meter that reads the voltage. Built in current limiting is adjustable with a 10 turn pot from a few ma to up to about 3 amps. A separate meter reads the current, so both voltage and current can be read at the same time. Also, there are connections on the back to allow remote sensing and remote programming. This is a quality regulated power supply!

This particular unit works 100%, and looks extremely nice. $160

Micronta 22-120 A Regulated power supply

This supply is rated at 2.5 amps at 13 V DC. It is well regulated. It has a switch and LED power light on the front, with a circuit breaker and output terminals on the back. The case (left and right side and top) is basically all a heat sink, so it should cool the regulator well.

This one works fine and looks like new. No scratches. $30

Radio Shack 22-124 Regulated Power Supply

This supply is regulated and will furnish 13 V DC at up to 2.5 amps. It is ideal for the lower powered 2 meter rigs, or to get rid of that huge collection of wall warts.

This one works fine and looks extremely nice.
I do not find a scratch on it. $20

Olson RA-472 Bench Type Power Supply:

This power supply is suitable for low current bench use.
It provides a variable voltage source from about 5 V DC
up to about 15 V DC. It has one knob for course voltage
that is labeled 6 V, 9 V and 12 V. An additional knob
will fine tune the voltage.

I do not have specs on this supply, but I would guess
that it is good for maybe 1/3 to 1/2 amp current. It
has an analog meter that seems to be fairly accurate;
at least it compares favorably to my lab type DMM.

This unit is a great utility type power supply. $15

"Wall Wart" Power Supplies:

All of these are "regular" wall warts -- not the new
switching type that create all sort of noise in your
receiver. Get one of these, and leave the noise behind.

MFJ 1312 B
This unit provides 12 V DC at 300 ma. It has a 2.1 mm
coaxial plug with the center positive, and is often used
for keyers, lighting tuner lights, and other small misc
jobs where 12 V DC at low current is needed. $12

9 Volt DC at 500 ma
This one was used on a MFJ 422 keyer, but will also power
other items needing 9 V DC at low current. It has a
2.5 mm male plug on it. $12

AEA AC-1
This unit supply 12 V DC at up to 1 amp.
It can be used with the AEA PK-232, PK-88 or others.
It has a 2.1 mm coaxial power plug, with the center
positive, so it can be used on many different
things that require about 12 V DC at up to an amp,
such as keyers, antenna tuners, etc. $14

Kenwood MS-1 charger / DC power supply:

The MS-1 is designed to be used with the Kenwood TR-2500
and TR-2600 HTs. The HT slips into the unit, and will
charge the battery, or power the unit, or both. The HTs
use 9.6 volts DC to operate. This unit converts 13 V DC
down to the required 9.6 V DC. It also functions as a
holder for the HT in the car, and as a light to illuminate
the LCD display on the HT.

This one works fine, and looks OK.
With paper work for $20.

Kenwood BC-2 Charger for PB-2 batteries.
In Original box for $12.

Icom DC-25 DC adapter:

This is a pack that is used on the Icom µ2AT, Icom µ4AT, and on other HTs that use the BP-20, BP-21, BP-22, BP-23 and BP-24 battery packs. It takes 13 V DC (such as from a cigarette lighter), and converts it to the 9.4 V DC voltage needed for the HT. It is used in place of a battery.

This one works fine and looks fine. $18

Icom BC-127 A, Battery Charger for Icom IC-Q7A
Dual Band HT:

This charger charges two AA NiCads (or NiMH) for the IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably others.

This one appears to be new, unused, still in its bag.
Icom lists them at $21. Buy this one for $12.

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9058. Motorola Maxar 80 Radio (L23SB3105CM)

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-16 11:00:15 UTC
From: Big Al
Topic: 9058 Message: 9058
Attachments: 2 described; binary payloads are missing from this source WARC

I have a Motorola Maxar 80 that i need to change the bulbs inside. As far as i know the face should light up, But it doesn't. I am not sure how to open the radio up to get to the bulbs. The radio is just like brand new and i don't want to tear the looks up on it. Can you please tell me how i can open it? And if there anyone that may have a manual? Thank You

9059. FS: Hallicrafters S94 Civic Patrol RCVR $39

Yahoo group: RadioSwap (2008 — 2014)

From: Bry Carling
Topic: 9059 Message: 9059

I have for sale, THREE Hallicrafters Civic Patrol S-94 VHF RECEIVERs

Superhet with RF-stage; IF frequency is 10700 kHz; 2 AF stage(s)

Includes 8 tubes:
6BH6, 12AT7, 12BA6, 12BA6 12AL5, 12AU7, 6BH6 and 50L6 AF out.

Has a built-in 5 inch Permanent Magnet Loudspeaker.
Cabinet dimensions: 12.9 x 7 x 7.25 inch / 328 x 178 x 184 mm
Coverage: 30 to 50 MHz
Will include a copy of the manual with schematic.

Two of these are available in EXCELLENT condition for $65.00 each plus shipping.
There is a third one that is also nice but has a non-original knob or two, and needs minor work - for $39.00 plus shipping. - see below

Pictures and details here:

http://www.af4k.com/radios.htm

9062. HF Antennas and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-24 15:09:22 UTC
From: Ken Simpson, W8EK
Topic: 9032 Message: 9062

HF Antennas and related items For Sale -- Coaxial
Cable, Lightning Arrestors, Coax Antenna Switch,
Connectors, Dipoles, Verticals, SWR Bridges,
Antenna Tuner, Low Pass TVI Filters, etc.

Coaxial Cable:

I accumulated a fairly large amount of miscellaneous
lengths of coaxial cable. Most of the cable is RG-8
(.405 inches in diameter) or equivalent. Most has a
PL-259 on at least one end, and most on both ends.

All of the coax over 20 feet has been checked with an
analyzer, and its loss has been confirmed to be within
10% of new specs which is as close as I can measure.
Lengths under 20 feet have been checked for continuity,
because loss is almost impossible to measure for lengths
this short.

I have a large amount in many different lengths, varying
from 1 foot to 80 feet. To put it another way, I have
jumpers for in your shack, and lengths to run up your
tower. I can not list all of the lengths. Please let
me know what you need, and I will see how close I can come.

The coax is 3 feet for a dollar (33 cents a foot), plus
$2 for each installed PL-259.

Coaxial Lightning Arrestors:

These lightning arrestors are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-2
Still in the original blister pack, unused.
This one has an SO-239 (female UHF) connector on each end,
so that a PL-259 can be screwed into it. $15

Cushcraft LAC-1 ??
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other). $10

Daiwa CS-401 Stripline 4 Position Coax Switch:

Daiwa switches utilize professionally engineered all
metal cavity construction for maximum efficiency, high

isolation and minimum resistance. Isolation is better
than 60 dB at 300 MHz. Insertion losses are less than
0.2 dB. The Daiwa CS-401 permits the selection of up
to four antennas. Unused antenna positions are grounded.

Freq. Limit 800MHz
Power Rating 2.5 kW PEP 1 kW CW
VSWR below 1:1.2
Insertion Loss < 0.2dB
Isolation 60 dB at 300 MHz
Connectors SO239

This one works fine with great switching action. $70

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector (two PL-259's together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female (opposite of above) $5

BNC male for coax cables
standard type $2
crimp on type $3
-
Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

"N" Connector, Double Male $8

"Double Bazooka" Broadband Dipole Antennas:

These antennas are sometimes call "Double Bazooka" dipoles,
but also go by other names. They are made from RG-8 coax
instead of just wire. They are fed differently, with

both halves of the coax used. The result is an antenna
that is more broad banded than a regular wire dipole,
permitting one to cover all, or most, of a ham band with
a reasonable SWR. Of course these can be put into an
inverted V configuration as well. Some say these have
gain, and some say they do not.

I have antennas for two different bands:

40 meter antenna as described above (approx 66 feet long)
with about 25 feet of RG-8 coax feedline attached, terminated
in a PL-259 connector. $50

10 meter version, about 16 feet long. No feedline on this
one, but there is a place for you to attach your own coax.
$15

Buy both of the above for $60.

HF Doublet Antenna:

Doublet antenna consisting of about 110 feet of wire, with
center insulator, 2 end insulators, and 2 center supporting
insulators. This antenna is made to be fed with "open wire"
450 ohm transmission line, and used with an antenna tuner.
It should be able to tune from 80 thru 10 meters, with the
proper tuner. $20.

MFJ 1796 Halfwave Vertical Antenna:

The MFJ 1796 covers the 40, 20, 15, 10, 6, and 2 meter bands,
with no radials needed.

It is only 12 feet high and can be mounted anywhere -- ground
level to tower top -- apartments, small lots, trailers.
Perfect for vacations, field day, DXpedition, camping.

Efficient end-loading, with no lossy traps
Full size halfwave on 2 & 6 Meters
High power air-wound balun eliminates feedline radiation
Adjusting 1 band has minimum effect on others
Automatic band switching
Low radiation angle for great DX
Omnidirectional
Handles 1500 watts PEP
Low SWR
Stainless steel hardware

This antenna was used in a restricted community, and only
put outside when being used, so it is in terrific shape.
Paper work included.

These sell for over $300 new. Buy this one for only $175.
Pick up near Ocala FL, just off of I-75.

Hustler 4BTV HF Vertical Antenna:

The 4BTV is a vertical antenna that covers 10, 15, 20, and 40 meters. It can also cover 75/80 meters by using an RM-75 resonator.

This one is in extremely good shape. It actually still shines! No corrosion evident. The actual base shows very minor signs of being out in the weather, but the silent key who used it was in a restricted community, and took the top part out of the garage only when he wanted to get on the air.

Paper work is included for $120.

Hustler RM-75 resonator - standard version
(can be used to add 75 meters to 4BTV above) $19

I would prefer pickup near Ocala, Florida, just off of I-75. It will easily fit inside a car. It is possible to ship it, but the cost is high due to it being oversize. Obviously, shipping is not included in the price.

HF and VHF SWR Bridges:

Both of these cover from 3 to 150 MHz, covering HF, 6 meters,and 2 meters. SO-239 connectors.

Monarch FSI-5
This unit features two separate meters --
one for reading forward power and another for reading SWR. This permits one to easily monitor both the power going out, and the SWR on the antenna at the same time. It works fine and looks great. With paper work for $37.

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owners name on it. In its original box with original instructions. $28

TenTec 229 HF antenna tuner:

This roller inductor tuner will handle full legal power. It uses an "L" match instead of a "T" match, which means there is only one spot that will give the correct match. The "L" match is also more efficient. Electrically, it is the same as the 238 series, 229 A, 229 B, and 4229.

There is also a built in wattmeter with full scale reading of 200 and 2000 watts. It also has an SWR bridge with lighted meter, plus a 4 position antenna switch.
-

It can be used on any HF frequency, including the WARC bands, as it is continuously adjustable. It has a built in internal balun, so open wire can be used.

Cosmetically, this unit is the color of the earlier Omni series (Omni 546, series A, B, and C) with the black vinyl covering, and nice aluminum trim around the front.

This particular unit functions 100%, and looks perfect. I can not find a scratch on it.

Paper work is included for $325.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, are 50 ohm filters, and include paper work.

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.This one works great, and looks close to new. Bencher currently sells these for about $90. Only $60.

Bud LF-601 low pass filter
This filter is adjustable for best attenuation in your particular situation, and also to more closely match your specific impedance. It cuts off at about 52 MHz (if adjusted as such) so it can be used on 6 meters, and will handle 1500 watts. $35

Drake TV-1000-LP Low pass TVI filter
This is the filter that may also be used on the low end of six meters, as well as HF. It is good for 1000 W "average" below 30MHz, and about 200 W up to 52 MHz. With paper work for $30.

Drake TV-1000
LP Filter as above, which functions fine electrically, but looks ugly. With paper work. $25

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.In very nice condition, it looks close to new. $40.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut off frequency of 45 MHz and 75 db of attenuation. It is rated to take 1000 Watts of AM, or 5000 Watts PEP SSB. With mounting bracket. $30

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long enclosure. It looks like new. $25

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

From: t00rslhv4
Topic: 9063 Message: 9063

Hi!

I know that for a marriage to work you need some ingredients: honesty, faithfulness, communication and compromises. So, I?m looking for a man who will be able to give me all the above mentioned qualities. I want to love and to be loved. I hope to meet a my boyfriend who needs my devotion and love.
I am appealing and very honest girl. I'm smart, I have a "thin" sense of humor.
My resume is available on this page http://fhanrablaycent41.front.ru/hapyditi.html Thank you for your time and consideration.

9064. Looking For Motorola VHF Radio

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-26 09:05:37 UTC
From: Big Al
Topic: 9064 Message: 9064

I am looking for a Motorola mobile radio that already has the frequency 154.600 installed in it.

9065. Yaesu Items FS

Yaesu Items For Sale:
Two meter FM transceiver, HF transceiver,
Coax Antenna Switch, Coax, Microphones,
Cables, HT accessories, and more

Yaesu FT-227 RA "Memorizer" 2 meter FM transceiver:

The FT-227 is an FM rig with about 12 watts output (1.5 W
in low power) covering the entire 2 meter band. This is
the "A" model that has four memories. It has provisions
for installing a CTCSS subaudible tone module.

This rig was used on packet, and will make an excellent
APRS or packet rig. It works fine and looks fine. Since
it was used on packet, there is no microphone included,
but it does include power cord and paper work for $40.

Yaesu FT-990 Deluxe HF Transceiver
The Yaesu FT-990 features multiple direct digital synthesizers
for pure local signals for high performance. The triple-
conversion, general coverage receiver tunes from 100 kHz
to 30 MHz. It has an automatic antenna tuner. A 500 Hz CW
filter is built in. It has keypad entry. Power output is
adjustable up to 100 watts output (25W AM). The top panel
provides access for special user adjustments. A power supply
for operation from 120 V AC is built in, or it can be powered
by 13 V DC at about 22 amps.

Features:
General coverage receiver, tunes continuously from 100 kHz to 30 MHz
Modes: AM, USB, LSB, CW, FM, FSK
Iambic CW keyer
Automatic Antenna Tuner
Multi-function illuminated analog S-meter
Computer Aided Transceiver (CAT) allows computer control
via a serial cable with a DIN jack
Notch filter, IF shift, noise blanker, and a digitally
switched capacity audio filter
90 Memories
Dual VFOs
Built-in AC Power Supply
100 Watts Power
Noise Reduction
Digital Filtering
IF Notch
Manual and Auto AGC

This particular unit works fine, and looks very close to perfect. This is a terrific radio. $900

Daiwa CS-401 Stripline 4 Position Coax Switch:

Daiwa switches utilize professionally engineered all metal cavity construction for maximum efficiency, high isolation and minimum resistance. Isolation is better than 60 dB at 300 MHz. Insertion losses are less than 0.2 dB. The Daiwa CS-401 permits the selection of up to four antennas. Unused antenna positions are grounded.

Freq. Limit 800MHz
Power Rating 2.5 kW PEP 1 kW CW
VSWR below 1:1.2
Insertion Loss < 0.2dB
Isolation 60 dB at 300 MHz
Connectors SO239

This one works fine with great switching action. $70

Coaxial Cable:

I accumulated a fairly large amount of miscellaneous lengths of coaxial cable. Most of the cable is RG-8 (.405 inches in diameter) or equivalent. All has a PL-259 on at least one end, and most on both ends.

All of the coax over 20 feet has been checked with an analyzer, and its loss has been confirmed to be within 10% of new specs which is as close as I can measure. Lengths under 20 feet have been checked for continuity, because loss is almost impossible to measure for lengths this short.

I have a large amount in many different lengths, varying from 1 foot to 80 feet. Most of the long lengths are gone, but I have many "jumpers" available. To put it another way, I have jumpers for in your shack, and lengths to run up your tower. I can not list all of the lengths. Please let me know what you need, and I will see how close I can come.

The coax is 3 feet for a dollar (33 cents a foot), plus $2 for each installed PL-259.

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It should be compatible with any of the Yaesu rigs that uses the round 6 pin connector. It looks very similar to the

Yaesu MH-1.
This one works fine and looks extremely nice. $25

Cables for Heil (and other) Microphones:

Heil CC-1 XLR 4
4 pin XLR Female to 3 pin XLR Male $25

3 pin XLR to stripped ends
About 10 feet of quality rubber covered mic cable with a 3 pin XLR connector on one end. Ideal to add your own connector. Can be used with the CC-1 XLR-4 above. $20

CW Key and cables:

Generic brass colored, oval base key
This is similar to a J-38 (without the bakelite base), but is a Japanese copy. It is brass colored, but is not real brass. Includes shorting switch.
It works fine and looks fine. $18

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch (3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9066. FA: Weston 120V AC LINE MONITOR Item 110887188019

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-05-26 21:45:28 UTC
From: Bry Carling
Topic: 9066 Message: 9066

For auction:

WESTON AC LINE VOLTAGE METER 0 - 150V AC in a beautiful case. This is a first class test instrument with a large reflecting galvanometer scale from zero to 150 volts AC. It also
has a scale for 0 - 15 V AC and separate terminals on the side for both ranges. Model is 433
/ serial number 30418. It includes highly calibrated markings for the internal resistance.

The last calibration was conducted by the U.S. Navy Calibration program and it has the stickers from their standards calibration laboratory in Indianapolis,. Indiana dated October
1962. I checked it against a modern digital meter and it appears to be very accurate.

Dimensions are approx. 6" X 3" X 5-1/2" tall.
The rubber feet are there and in very good condition.. There is no handle.

It will be carefully packed and insured.

Starting price is $25.00 for this beautiful precision instrument.

http://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&item=110887188019

Thanks for looking - Bry, AF4K

9067. Kenwood Items FS

Yahoo group: RadioSwap (2008 — 2014)

Topic: 9067 Message: 9067

Kenwood Items For Sale
Two meter FM mobile, 2 m FM HT, chargers and other HT accessories, 8 pin modular hand mic, original Kenwood manuals, etc.:

Kenwood TR-7730, 2 meter FM Transceiver:

The Kenwood TR-7730 is 2 meter mobile transceiver that has CTCSS subaudible tone capability (tone board not installed). It has 25W or 5W output, with 5 memories and scan functions (band & memory).
This is an easy to operate radio! It is a great radio for APRS or packet.

This one works 100% and looks OK, but certainly not mint. It does have some scratches. Paper work is included.

I will sell it one of two ways.
With the MC-46 DTMF touch tone mic (which works fine and looks really great), it is $80.
With a generic, non DTMF touch tone, regular mic, it is $50.

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read LCD, 60 channel memories with scanning and ten DTMF memories. Extended receive is 136-174 MHz so it includes the weather frequencies. When used on external DC power you will get a full 5 watts output. With the included PB36 battery pack, it produces 1.5 watts. The low power setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver
Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came out of the box new. It came from a silent key who I don't think ever used it. This one includes the desk charger, rubber duck antenna, belt clip, and paper work for $115.
I added a new PB-36 battery, as the old one had been in the drawer long enough that it is not in good condition.

Cigarette lighter power cord for TH-235 above. $12

Kenwood MS-1 charger / DC power supply:

The MS-1 is designed to be used with the Kenwood TR-2500
and TR-2600 HTs. The HT slips into the unit, and will
charge the battery, or power the unit, or both. The HTs
use 9.6 volts DC to operate. This unit converts 13 V DC
down to the required 9.6 V DC. It also functions as a
holder for the HT in the car, and as a light to illuminate
the LCD display on the HT.

This one works fine, and looks OK. With paper work for
$20.

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415,
and other HTs in this series:

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

Kenwood BC-2 Charger for PB-2 batteries.
In Original box for $12.

BNC to PL-259 antenna adapter
Antenna adapter to fit the BNC connector on the HT and provide
an SO-239 connector that will permit a PL-259 to be attached.
This adapter can be used on any HT with a BNC connector. $5

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Special Antenna adapter that fits the TH-21 series HTs,
and has a BNC on the other end. $10

Kenwood Rubber duck antenna for the TH-21 HT
Shorter "Stubby Duck" from Kenwood. $20

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood BH-3 belt clip and hardware for Kenwood
TH-21/31/41series HTs. $6

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the
TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as
others. It has a 3 conductor 3.5 mm plug and a 2 conductor
2.5 mm plug. It works fine. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries for the TH-21 series, and also on other Kenwood radios. It has a standard 2.1 mm coaxial connector. $12

Deluxe Desk Microphone w/ Kenwood 8 pin connector:

This is a great looking and great performing low impedance desk mic. It has a quality Shure 600 ohm cartridge in it (the cartridge alone is over $40 new), with a very nice black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one looks like new, and works the same. It has a long (approx 6 foot) cord, with a round 8 pin connector for Kenwood. $75

Hand Microphone with 8 pin modular plug for Kenwood:

This hand mic says "Electret Condenser Mic" on it, with no model number.

This mic has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do depends on the rig. They will function on some rigs, and are completely useless on others. There is also a "Lock" switch on the back.

This mic has the 8 pin modular plug (like a computer LAN) on it, as used by the Kenwood TM-261, TM-271 and others. It has been tested on a TM-261, but probably works on many others.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer. $30

Daiwa CS-401 Stripline 4 Position Coax Switch:

Daiwa switches utilize professionally engineered all metal cavity construction for maximum efficiency, high isolation and minimum resistance. Isolation is better than 60 dB at 300 MHz. Insertion losses are less than 0.2 dB. The Daiwa CS-401 permits the selection of up to four antennas. Unused antenna positions are grounded.

Freq. Limit 800MHz
Power Rating 2.5 kW PEP 1 kW CW
VSWR below 1:1.2
Insertion Loss < 0.2dB
Isolation 60 dB at 300 MHz
Connectors SO239

This one works fine with great switching action. $70

Coaxial Lightning Arresters:

These lightning arresters are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-2
Still in the original blister pack, unused.
This one has an SO-239 (female UHF) connector on each end,
so that a PL-259 can be screwed into it. $15

Cushcraft LAC-1 ??
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other). $10

Coaxial Cable:

I accumulated a fairly large amount of miscellaneous
lengths of coaxial cable. Most of the cable is RG-8
(.405 inches in diameter) or equivalent. Most has a
PL-259 on at least one end, and most on both ends.

All of the coax over 20 feet has been checked with an
analyzer, and its loss has been confirmed to be within
10% of new specs which is as close as I can measure.
Lengths under 20 feet have been checked for continuity,
because loss is almost impossible to measure for lengths
this short.

I have a large amount in many different lengths, varying
from 1 foot to 80 feet. To put it another way, I have
jumpers for in your shack, and lengths to run up your
tower. I can not list all of the lengths. Please let
me know what you need, and I will see how close I can come.

The coax is 3 feet for a dollar (33 cents a foot), plus
$2 for each installed PL-259.

Operator's Manual for Kenwood (Trio) TS-440 S:

This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.

This one has a plastic protector on the front, and is
in very nice condition. It includes schematic diagrams.
$18

Original Manuals for Kenwood equipment:

All manuals are in very nice condition, for Kenwood equipment.
All are original manuals only.

Operating manual for TS-130 S/V HF xcvr $20
Operating manual for TM-2570/2550/2530 2 m xcvr $15
Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TW-4100 dual bander $15
Operating manual for TH-21 HT for 2 m $8
Operating manual for TH-225, 2 m HT $12
Operating manual for TH-235, 2 m HT $15
Operating manual for TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz. $12
Operating manual for TM-221/421 mobile $15
Operating manual for TR-2400, 2 m HT $12
Service manual for TR-2600, 2 m HT $12
Operating manual for TR-7400, 2 m xcvr $8

Kenwood TM G-707 operating manual in Spanish:
Spanish version of the Operating Manual
for the TM G-707 dual band transceiver. New $10
All other manuals are English.

LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PS-6 power supply $6
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Dual band (2 m and 440 MHz) transceivers (Mobile and HT), 2 meter FM HT, HF transceiver, HF Linear amplifier, Power Supplies, Coaxial antenna switch, coaxial cable, and related items For Sale:

Icom IC-2350 dual band FM transceiver:

The Icom IC-2350H features large dual LCD displays, simultaneous dual-band receive, simultaneous two frequency reception on the same band, built-in duplexer, separate volume and squelch controls, high power output, built-in programmable tone encoder, auto repeater shift function and compact size. This radio supports sub band mute, three output levels, tone encode, built-in duplexer and dual volume and squelch. Enjoy extended receive on the 2 meter band from 118 to 174 MHz. Includes DTMF hand mic and DC power cable.

Features:
Two Call Channel
Tone Scan
110 Memories
Scanning
Time-Out Timer
Multi Function Mic
50/10/5 Watts Output 2 M
35/10/5 Watts Output 440
Two Call Channels
Priority Watch
Extended receive
Auto-repeater Function
Air band Receive [AM]

This particular unit works 100% and looks the same. I can not find a scratch on it. With paper work for $275.

Alinco DJ-580 dual band (2m and 440 MHz) HT:

This HT receives from 110 to 174 MHz in the VHF position, which includes the AM Aircraft band. 440 to over 480 MHz in the UHF position. Of course it transmits in the 2 meter and 440 MHz ham bands. It is my understanding that it can also be modified to receive into the 800 and 900 MHz region. It will also cross band repeat, and is an extremely rugged radio.

Power output has 3 different levels. With the
7.2 V battery packs, it has 0.25 W / 1 W / 2.5 W.
If used with the larger 12 V batteries, it will
produce 0.25 W / 1.2 W / 5 W.

This particular unit is in very good shape, both
electrically and cosmetically. The keyboard has very
crisp and clear lettering. It includes desk charger,
rubber duck antenna, belt clip, wrist strap, battery,
and paper work. $130

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read
LCD, 60 channel memories with scanning and ten DTMF
memories. Extended receive is 136-174 MHz so it includes
the weather frequencies. When used on external DC power
you will get a full 5 watts output. With the included
PB36 battery pack, it produces 1.5 watts. The low power
setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver
Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came
out of the box new. It came from a silent key who I don't
think ever used it. This one includes the desk charger,
rubber duck antenna, belt clip, and paper work for $115.
I added a new PB-36 battery, as the old one had been in
the drawer long enough that it is not in good condition.

Cigarette lighter power cord for TH-235 above. $12

Yaesu FT-990 Deluxe HF Transceiver:

The Yaesu FT-990 features multiple direct digital synthesizers
for pure local signals and high performance. It has an
automatic antenna tuner. A 500 Hz CW filter is built in.
It has keypad entry. Power output is adjustable up to 100
watts output (25W AM). A power supply for operation from
120 V AC is built in, or it can be powered by 13 V DC at
about 22 amps.

Features:
General coverage receiver, tunes continuously from 100 kHz to 30 MHz
Modes: AM, USB, LSB, CW, FM, FSK
Iambic CW keyer
Automatic Antenna Tuner

Notch filter, IF shift, noise blanker, and a digitally
switched capacity audio filter
Multi-function illuminated analog S-meter
90 Memories
Dual VFOs
Built-in AC Power Supply
Noise Reduction
Digital Filtering
IF Notch
Manual and Auto AGC

This particular unit works fine, and looks very close to
perfect. This is a terrific radio. $895

Ameritron AL-84 HF Amplifier:

The Ameritron AL-84 is a grounded grid linear amplifier
using four 6MJ6 tubes driven thru an impedance matching
and power swamping network. It has a pi net output, and
an illuminated meter that reads plate current and voltage.
There is a connector on the back that will furnish 12 V
DC at low current for such things as lights on an antenna
tuner, powering a keyer, etc. The AL-84 is rated to deliver
400 watts when driven with a 100 watt rig.

This particular unit has had the 10 meter mod done, so it
covers 160 thru 10 meters. It works fine, producing rated
power, and looks almost perfect.

With paper work for $400.

Pyramid PS-25 Power Supply (25 amps at 13 V DC):

The Pyramid PS-25 is a 13 Volt DC power supply with both a
voltmeter and an ammeter built in. The output voltage is
adjustable over a range from about 11.5 to 15.5 volts DC.
There is also an adjustment to set the current limiting,
up to 25 amps. This means it can be set so that it will
protect the finals of a solid state rig. In addition, a
buzzer is activated if it goes into over current limiting.
This power supply has the features you want!

This particular unit works fine, and looks extremely nice.

With paper work for $80.

Astron RS-20A Power Supply:

The RS-20A is a DC Power Supply producing 13.8 V DC (internally
adjustable from 11 to 15 V DC) at up to 16 amps continuous and
20 amps ICS. The RS-20 features crowbar over voltage protection
and fold-back current limiting to protect your equipment.

This particular supply works fine, and looks very close to new.
I do not find a scratch on it.

With paper work for $60 plus shipping from Florida.

Daiwa CS-401 Stripline 4 Position Coax Switch:

Daiwa switches utilize professionally engineered all
metal cavity construction for maximum efficiency, high
isolation and minimum resistance. Isolation is better
than 60 dB at 300 MHz. Insertion losses are less than
0.2 dB. The Daiwa CS-401 permits the selection of up
to four antennas. Unused antenna positions are grounded.

Freq. Limit 800MHz
Power Rating 2.5 kW PEP 1 kW CW
VSWR below 1:1.2
Insertion Loss < 0.2dB
Isolation 60 dB at 300 MHz
Connectors SO239

This one works fine with great switching action. $70

Heath HM-2141 Dual Meter VHF Wattmeter / SWR Bridge:

The HM-2141 is the VHF version of the more popular
HM-2140 wattmeter and SWR Bridge, and has the same
features, except it covers from 50 to 175 MHz.

This is the wattmeter that has two meters on it, so it
reads both forward and reflected power at the same time.
It also has a "Peak" position, so it can capture the peak
power, in essence reading PEP output. Forward scales
are 30 or 300 Watts, and reverse are 10 W or 100 W,
plus SWR scale. It covers 50 to 175 MHz. It needs a 9
volt battery for "peak" operation. It has a remote
sensor with about 3 feet of cable.

This particular meter works 100%. The outer case (top
and sides) has been repainted black hammertone, and looks
very nice.

With paper work for $100.

Coaxial Lightning Arresters:

These lightning arresters are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-2
Still in the original blister pack, unused.
This one has an SO-239 (female UHF) connector on each end,
so that a PL-259 can be screwed into it. $15

Cushcraft LAC-1 ??
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other). $10

Coaxial Cable:

I accumulated a fairly large amount of miscellaneous
lengths of coaxial cable. Most of the cable is RG-8
(.405 inches in diameter) or equivalent. Most has a
PL-259 on at least one end, and most on both ends.

All of the coax over 20 feet has been checked with an
analyzer, and its loss has been confirmed to be within
10% of new specs which is as close as I can measure.
Lengths under 20 feet have been checked for continuity,
because loss is almost impossible to measure for lengths
this short.

I have a large amount in many different lengths, varying
from 1 foot to 80 feet. To put it another way, I have
jumpers for in your shack, and lengths to run up your
tower. I can not list all of the lengths. Please let
me know what you need, and I will see how close I can come.

The coax is 3 feet for a dollar (33 cents a foot), plus
$2 for each installed PL-259, plus shipping from Florida.

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6
-
UHF double male connector (two PL-259's together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female (opposite of above) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

"N" Connector, Double Male $8

Power Cord:

This is a two pin power cord that is used on some 2 meter, and other VHF/UHF rigs. The connector looks very similar to a round 2 pin female mic connector.

This type cord was used by KDK, Kenwood, Yaesu and probably others, typically back in the 1990's. I know it was used on the KDK 2015 and 2016, Kenwood TR-9000 and others, Yeasu FT-720 and 727 series, plus many others.

This cable works fine, and looks fine. $15

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Attachments: 5 described; binary payloads are missing from this source WARC

I got a great deal on the radios. So i would like to pass them on to someone who could use them. They are Motorola SX-700 radios. I have a set that i use all the time. They are 12 mile range and has HI and Low power. I can say that i have never used the HI power on my because i always got out good on the Low power. The radios has only been used one time. They look and work just like brand new. Has 22 channels, Has NOAA weather with an alert if bad weather is coming your way. And has a lot more features on them. If anyone is interested please send me an email. I will sell them or may do trading for them. You would get (2) TWO like brand new radios, (2) TWO Speaker mics, (3) Three throat mics, (2) Batteries, (1) One Desk Charger, And (2) Two belt clips.

9079. FS: Hallicrafters S20R rcvr

Hallicrafters S20R SKY Champion Receiver

This vintage SW receiver has 8 tubes. Excellent condition and it works - $125.00 plus shipping.

This is a four-band general coverage receiver, covering all frequencies from 540 kHz to 44.0
MHz. In addition to bandspread tuning, it features AVC (automatic volume control), ANL (automatic noise limiter), BFO (beat frequency oscillator) for SSB and CW reception, a three-
position tone control, and headphone jack. The S-20R has an RF amplifier and two stages of IF amplification.

The Hallicrafters S-20R Sky Champion was made from 1939-1945 and sold for $49.50, putting it in middle of the company's prewar radio lineup. The entry-level Hallicrafters set for
1939 was the model S-19 Sky Buddy, selling for $29.50. Higher priced prewar models included the SX-24 Skyrider Defiant at $69.50 and the SX-25 Super Defiant at $94.50.

Model S-20R was the first in a long-lived product line. Hallicrafters repackaged essentially the
same radio, with minor updates, as models S-40, S-85 and S-108.

The back panel contains sockets for two optional accessories. One socket is for power, permitting mobile use with batteries (one 6-volt and one 340-volt). The second socket is for
an external S-meter to show signal strength while tuning. The S-meter socket came in handy for my magic eye project.

This was a pretty full-featured receiver for the price. The higher-priced SX models added only
a few nice-but-not-necessary features: variable selectivity, a crystal filter, calibrated band
spread, and a built-in S-meter. Available for $125.00 plus shipping. Offers and trades considered.

Yaesu Items For Sale:
Speaker/Phone Patch, 440 MHz FM Transceiver, Two meter FM transceiver, Communications Speakers, HF transceiver, Coax Jumpers, Microphones, HT accessories, and more

Yaesu "Landliner" SP-101 P Speaker and Phone Patch:

This is a nice speaker that has a phone patch added to it. Its styling matches the FT-101 line, but it looks nice with most any rig. It has a VU meter on it, as well as controls for both transmit and receive gain.
I realize many people do not use a phone patch much any more, but even if you do not use the phone patch portion, you still have an excellent speaker.

This particular unit works fine, and looks extremely nice as well. It is in its original box.

With paper work for $90.

Yaesu FT-720, UHF 440 MHz FM Transceiver:

The FT-720 is a synthesized rig covering 440 to 450 MHz FM. It has about 10 watts out, with a good receiver. It is especially immune to intermod. This unit is built like a tank. Of course it has memories, memory scan, etc. The mic has up/down buttons.

The FT-720 came in several configurations. A VHF (2 meter) version, a UHF (440 MHz) version, and a dual band version that used the first two units, plus a switch box. This is the UHF unit only.

The rig includes a connector for PL subaudible tones. This unit has a Comm Specs SS-32 attached to it, with the DIP switches replaced with toggle switches, so that the tone can be set, and changed easily.

This one works fine, and looks great. It includes the chrome bail and paper work for $100.

Yaesu FT-227 RA "Memorizer" 2 meter FM transceiver:

The FT-227 is an FM rig with about 12 watts output (1.5 W in low power) covering the entire 2 meter band. This is the "A" model that has four memories. It has provisions for installing a CTCSS subaudible tone module.

This rig was used on packet, and will make an excellent
APRS or packet rig. It works fine and looks fine. Since
it was used on packet, there is no microphone included,
but it does include power cord and paper work for $40.

Communications Speakers:

All have 3.5 mm (1/8 inch) mono plugs.

Realistic 40-1280
About 4 inch cube, this wood grain speaker is rated for up
to 7 watts, and has a 8 ohm impedance. It works fine,
sounds good, and looks nice. $18

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. It is black in color, looks great,
and sounds great. $18

General Electric
This speaker is about 6 by 4 inches, and about 3 inches deep.
It is black with a gimbal mount. 4 ohm impedance. $15

Yaesu FT-990 Deluxe HF Transceiver
The Yaesu FT-990 features multiple direct digital synthesizers
for pure local signals for high performance. The triple-
conversion, general coverage receiver tunes from 100 kHz
to 30 MHz. It has an automatic antenna tuner. A 500 Hz CW
filter is built in. It has keypad entry. Power output is
adjustable up to 100 watts output (25W AM). The top panel
provides access for special user adjustments. A power supply
for operation from 120 V AC is built in, or it can be powered
by 13 V DC at about 22 amps.

Features:
General coverage receiver, tunes continuously from 100 kHz to 30 MHz
Modes: AM, USB, LSB, CW, FM, FSK
Iambic CW keyer
Automatic Antenna Tuner
Multi-function illuminated analog S-meter
Computer Aided Transceiver (CAT) allows computer control
via a serial cable with a DIN jack
Notch filter, IF shift, noise blanker, and a digitally
switched capacity audio filter
90 Memories
Dual VFOs
Built-in AC Power Supply
100 Watts Power
Noise Reduction
Digital Filtering
IF Notch

Manual and Auto AGC

This particular unit works fine, and looks very close to perfect. This is a terrific radio. $900

Deluxe Desk Microphone:

This is a great looking and great performing low impedance desk mic. It has a quality Shure 600 ohm cartridge in it (the cartridge alone is over $40 new), with a very nice black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one has stripped and tinned ends on it, which means any connector can easily be added.

This one looks like new, and works the same. It has a long (approx 6 foot) cord. $70

Coaxial Cable "Jumpers" for your shack:

I have a good quantity of coaxial cable "jumpers" available. These are short lengths of RG-8 coax (the larger coax, about 0.4 inches in diameter), with a PL-259 connector on both ends. I have a variety of lengths from under a foot to about 3 feet long. Send me the lengths that you would like, and I will see how close I can come.
All jumpers are $6 each.

Coaxial Lightning Arresters:

These lightning arresters are made to be inserted in to your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-1
No markings on this to confirm the model number, but it looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end (female UHF on one end and male on the other). $10

Yaesu YM-31 hand microphone
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It should be compatible with any of the Yaesu rigs that uses the round 6 pin connector. It looks very similar to the Yaesu MH-1.
This one works fine and looks extremely nice. $25

Cariole Headphones:
This is a nice pair of headphones of the type that completely cover your ear. These are true monophonic headphones, and not a pair of stereo headphones that have been converted to mono. They have a molded mono 1/4 inch plug on them.
These work fine, and look extremely nice. $20

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch (3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Small Power Supplies:

Radio Shack 22-124 Regulated Power Supply

This supply is regulated and will furnish 13 V DC at up to 2.5 amps. It is ideal for the lower powered 2 meter rigs, or to get rid of that huge collection of wall warts.

This one works fine and looks extremely nice.
I do not find a scratch on it. $20

Micronta 22-120 A Regulated power supply:

This supply is rated at 2.5 amps at 13 V DC. It is well regulated. It has a switch and LED power light on the front, with a circuit breaker and output terminals on the back. The case (left and right side and top) is basically all a heat sink, so it should cool the regulator well.

This one works fine and looks like new. No scratches. $30

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

MFJ and related Items For Sale
Wall Wart power supplies, Speakers, speaker
microphones, Coaxial cable, connectors, and more

"Wall Wart" Power Supplies:

All of these are "regular" wall warts -- not the new
switching type that create all sort of noise in your
receiver. Get one of these, and leave the noise behind.

MFJ 1312 B
This unit provides 12 V DC at 300 ma. It has a 2.1 mm
coaxial plug with the center positive, and is often used
for keyers, lighting tuner lights, and other small misc
jobs where 12 V DC at low current is needed. $12

Heathkit "Converter Charger"
9 Volts DC at up to 100 ma.
No Heath number on this, and I don't know what it was used
on. It has a 2.5 mm male plug on it, with the tip positive,
so it can be used on many devices. $10

9 Volt DC at 500 ma
This one was used on a MFJ 422 keyer, but will also power
other items needing 9 V DC at low current. It has a
2.5 mm male plug on it. $12

AEA AC-1
This unit supply 12 V DC at up to 1 amp.
It can be used with the AEA PK-232, PK-88 or others.
It has a 2.1 mm coaxial power plug, with the center
positive, so it can be used on many different
things that require about 12 V DC at up to an amp,
such as keyers, antenna tuners, etc. $14

Communications Speakers:

All have 3.5 mm (1/8 inch) mono plugs.

Realistic 40-1280
About 4 inch cube, this wood grain speaker is rated for up
to 7 watts, and has a 8 ohm impedance. It works fine,
sounds good, and looks nice. $18

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and

is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. It is black in color, looks great,
and sounds great. $18

General Electric
This speaker is about 6 by 4 inches, and about 3 inches deep.
It is black with a gimbal mount. 4 ohm impedance. $15

HT Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them,
as used by Icom, Alinco, Radio Shack, some Yaesu, and
other HTs.

MFJ-284 Speaker Microphone
Fits most Icom, Yaesu, Alinco 560, Santec ST-20, and others.
It works great, and looks like new. $15

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415,
as well as others. It has a 3 conductor 3.5 mm plug and a 2
conductor 2.5 mm plug.It works fine, and looks close to new. $15

Coaxial Lightning Arresters:

These lightning arresters are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-1
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other). $10

Coaxial Cable "Jumpers":
I have a good quantity of coaxial cable "jumpers" available.
These are short lengths of RG-8 coax, with a PL-259 connector
on both ends. I have a variety of lengths from under a foot
to about 3 feet long. Send me the lengths that you would
like, and I will see how close I can come.
All jumpers are $6 each.

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector (two PL-259's together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female (opposite of above) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

"N" Connector, Double Male $8

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9103. Frequencys

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-07-17 12:00:55 UTC
From: Big Al
Topic: 9103 Message: 9103

Can anyone tell me how to find the frequency's on the VHF and UHF radios that are for sale on ebay? I know you can do a FCC ID search, but the search does not tell you what frequency's they are on. All it does is tell you what the beginning of the frequency is. Like if the frequency is 155.34, the FCC ID just tells you they are on 155.00. A lot of people who sells them on ebay has no ideal on what the frequency's is. Some don't know what you mean by frequency's. Any help?

9107. VHF and UHF Antennas and related items FS

VHF and UHF Antennas (2 m and 440 MHz) and related equipment
For Sale:

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the
6 meter, 2 meter, and 440 MHz ham bands. This makes it
ideal for some of the newer multiband and dual band rigs
available today.

The antenna is about 3 feet long and has a very strong
magnet. It has a long coax cable with a PL-259 connector.

It works great, and looks very close to new. $75

Larsen NLA Type Mobile Antennas:

These antennas fit the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Mobile Antennas for 440 MHz band:

"On Glass" mobile antenna for 440 MHz:
This antenna is made to mount on a windshield,
or other glass. It does not require a ground plane, as
it is a 1/2 wave antenna, rated to have 3 db gain. It is
ideal for places where a ground plane is not available,
such as a boat or motor home, in addition to cars. A
special tuning box is included to match to your particular
situation.
This one is still in its original tube, unopened. $33

Larsen NLA Type Mobile Antenna:
This antenna fits the Larsen NLA mobile mount, which is
a special mount made by Larsen.
Larsen NLA-UHF coil for 440 MHz

This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Mobile Antenna Mounts:

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a standard
3/8 inch 24 thread connector. It is very heavy duty, about
5 inches in diameter, with a long coax for $22.

NMO "Button" Mount
This mount fits into a 3/4 inch hole, and will then take any
of the many NMO types of antennas. Coax included.
It is in close to new condition. $12

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

BNC - Stubby about 4.5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Heath HM-2141 Dual Meter VHF Wattmeter / SWR Bridge:

The HM-2141 is the VHF version of the more popular
HM-2140 wattmeter and SWR Bridge, and has the same
features, except it covers from 50 to 175 MHz.

This is the wattmeter that has two meters on it, so it
reads both forward and reflected power at the same time.
It also has a "Peak" position, so it can capture the peak
power, in essence reading PEP output. Forward scales
are 30 or 300 Watts, and reverse are 10 W or 100 W,
plus SWR scale. It covers 50 to 175 MHz. It needs a 9
volt battery for "peak" operation. It has a remote
sensor with about 3 feet of cable.

This particular meter works 100%. The outer case (top
and sides) has been repainted black hammertone, and

looks very nice.

With paper work for $100.

HF and VHF SWR Bridge:

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter

This unit covers from 3 to 150 MHz, covering HF,
6 meters,and 2 meters. SO-239 connectors in and out.

This one works fine, and looks extremely nice. I do not see
any scratches on it, but it does have a previous owner's
name on it.

In its original box with original instructions. $25

Coaxial Lightning Arresters:

These lightning arresters are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-1
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
female UHF on one end and male on the other). $10

Coaxial Cable "Jumpers":

I have a good quantity of coaxial cable "jumpers" available.
These are short lengths of RG-8 coax, with a PL-259 connector
on both ends. I have a variety of lengths from under a foot
to about 3 feet long. Send me the lengths that you would
like, and I will see how close I can come.

All jumpers are $6 each.

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" (two SO-239 together) $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector (two PL-259's together) $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female (opposite of above) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

"N" Connector, Double Male $8

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors, and are 50
ohm filters.

This first one works on 6 meters as well as HF:

Drake TV-1000-LP Low pass TVI filter
This is the filter that may also be used on the low end of six
meters, as well as HF. It is good for 1000 W "average" below 30
MHz, and about 200 W up to 52 MHz. With paper work for $30.

Drake TV-1000
LP Filter as above, which functions fine electrically, but looks
ugly. With paper work. $25

Others for HF:

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500
Watts. It is the latest model B&W filter.
In very nice condition, it looks very close to new. $40.

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut
off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts
PEP SSB. With mounting bracket. $30

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long
enclosure. It looks like new. $25

Bencher YA-1, high power, low pass TVI filter
If you need a more heavy duty filter for the output of

your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2.This one works great, and looks close to new. Bencher currently sells these for about $90. Only $60.

I also have many other accessories available such as many different types of microphones, HTs, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

From: Big Al
Topic: 9118 Message: 9118
Attachments: 1 described; binary payloads are missing from this source WARC

This is a VHF transceiver antenna. It is made by Centerfire antennas in South Bend Indiana. I just don't need it anymore. I also have the paper work that comes with the antenna. It works very well, You can also use it for a scanner antenna.
$10.00 in Plymouth

9120. Compliments

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-07-30 05:13:05 UTC
From: Mrs.Salva Kiir Mayardit
Topic: 9120 Message: 9120

Dear Friend,

Compliments of the day to you.

May l briefly introduce myself to you,I am contacting you in confidence, and as a means of developing a cordial and fruitful business relationship.
I am Mrs.Salva Kiir Mayardit few weeks ago Heavily armed Sudanese army troops and tanks lined the dusty streets of my town Khartoum, Sudan's capital,investigating The helicopter accident in which Mr. Garang perished in the helicopter he was traveling with when he crashed into the side of a southern Sudan mountain range in bad weather,
killing him and 13 other people on board, Sudan's government said today.i know something about it,After 7 years August 1, 2005, they just come and got me arrested,
I and my family are going through a lot of stress and humiliation from the entire country especially those at the helm of affair of the country. Virtually all our family account has been frozen, months ago which leads to the seizure of our fund that was deposited with a Switzerland bank totally $545,000,000.00 millions united state dollars.
they forget during the swearing-in of my hunsband Salva Kiir Mayardit, vowed to complete the peace process of his predecessor, John Garang, worked 21 year so hard for.
"I wish to reaffirm my personal commitment as well as that of the SPLM to ensure the opening of political space to all parties and groups, including the media, within the parameters clearly defined in the interim constitution.
In addition, Me and my husband. Salva Kiir, longtime second-in-command in the Sudan People's Liberation Movement, was flanked by our Sudanese President Omar al-Bashir and Second Vice President Ali Osman Taha. The three of them joined their raised
hands in a show of solidarity.
Garang, who survived multiple assassination attempts and several violent splits in his rebel movement, why should i do anything to kill him? i did not kill him or know anything about is helicopter accident crashed,
I am contacting you with the hope that you will be of great assistance to me, I currently have within my reach the sum of 36 million U.S dollars cash which l intend to use for investment purposes outside Sudan.

This money came as a result of a payback contract deal between me and my husband and a Russian firm in our country's multi-billion dollar
oil wealth evenly between northern and southern Sudanese and steel plant. The Russian partners returned my share being the above sum.

Government has intensified their probe into my family financial
resources which has led to the freezing of all our accounts, local and
foreign, the revoking of all our business licences and have arrested me
my First son. will be the one to handle this trasaction with you,
In view of this I acted very fast to withdraw this money from
one of our finance houses before it was closed down. I have deposited
the money in a security company with the help of very loyal officials of
my late husband. No record is known about this fund by the government
because there is no documentation showing that we received such funds.

Due to the current situation in the country and government attitude to
my family, I cannot make use of this money within the sub-African region, thus I seek your help
me invest this funds. Bearing in mind that you will assist me, l have decided to give you 20% of the
total sum. Please kindly reply through mrs.salvakiirmayardit@...
include your personal telephone and fax numbers. Your URGENT response is needed.
Regards,
Mrs.Salva Kiir Mayardit.

9151. Yaesu Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-09-15 14:04:33 UTC
From: Ken Simpson, W8EK
Topic: 8695 Message: 9151

Yaesu Items For Sale:
Speaker/Phone Patch, Two meter FM transceiver, 440 MHz FM Transceiver, HF transceiver, Communications Speaker, Microphones, HT accessories, and more

Yaesu "Landliner" SP-101 P Speaker and Phone Patch:

This is a nice speaker that has a phone patch added to it. Its styling matches the FT-101 line, but it looks nice with most any rig. It has a VU meter on it, as well as controls for both transmit and receive gain.
I realize many people do not use a phone patch much any more, but even if you do not use the phone patch portion, you still have an excellent speaker.

This particular unit works fine, and looks extremely nice as well. It is in its original box.

With paper work for $90.

Yaesu FT-227 RA "Memorizer" 2 meter FM transceiver:

The FT-227 is an FM rig with about 12 watts output (1.5 W in low power) covering the entire 2 meter band. This is the "A" model that has four memories. It has provisions for installing a CTCSS subaudible tone module.

This rig was used on packet, and will make an excellent APRS or packet rig. It works fine and looks fine. Since it was used on packet, there is no microphone included, but it does include power cord and paper work for $40.

Yaesu FT-720, UHF 440 MHz FM Transceiver:

The FT-720 is a synthesized rig covering 440 to 450 MHz FM. It has about 10 watts out, with a good receiver. It is especially immune to intermod. This unit is built like a tank. Of course it has memories, memory scan, etc. The mic has up/down buttons.

The FT-720 came in several configurations. A VHF (2 meter) version, a UHF (440 MHz) version, and a dual band version that used the first two units, plus a switch box. This is the UHF unit only.

The rig includes a connector for PL subaudible tones. This unit has a Comm Specs SS-32 attached to it, with the DIP switches replaced with toggle switches, so that the tone

can be set, and changed easily.

This one works fine, and looks great. It includes the
chrome bail and paper work for $100.

Yaesu FT-990 Deluxe HF Transceiver
The Yaesu FT-990 features multiple direct digital synthesizers
for pure local signals for high performance. The triple-
conversion, general coverage receiver tunes from 100 kHz
to 30 MHz. It has an automatic antenna tuner. A 500 Hz CW
filter is built in. It has keypad entry. Power output is
adjustable up to 100 watts output (25W AM). The top panel
provides access for special user adjustments. A power supply
for operation from 120 V AC is built in, or it can be powered
by 13 V DC at about 22 amps.

Features:
General coverage receiver, tunes continuously from 100 kHz to 30 MHz
Modes: AM, USB, LSB, CW, FM, FSK
Iambic CW keyer
Automatic Antenna Tuner
Multi-function illuminated analog S-meter
Computer Aided Transceiver (CAT) allows computer control
via a serial cable with a DIN jack
Notch filter, IF shift, noise blanker, and a digitally
switched capacity audio filter
90 Memories
Dual VFOs
Built-in AC Power Supply
100 Watts Power
Noise Reduction
Digital Filtering
IF Notch
Manual and Auto AGC

This particular unit works fine, and looks very close to
perfect. This is a terrific radio. $875

Communications Speaker:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. 3.5 mm (1/8 inch) mono plug. It
is black in color, looks great, and sounds great. $18

Deluxe Desk Microphone:

This is a great looking and great performing low impedance
desk mic. It has a quality Shure 600 ohm cartridge in it
(the cartridge alone is over $40 new), with a very nice

black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one has stripped and tinned ends on it, which means any connector can easily be added.

This one looks like new, and works the same. It has a long (approx 6 foot) cord. $70

Yaesu YM-31 hand microphone:
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It should be compatible with any of the Yaesu rigs that uses the round 6 pin connector. It looks very similar to the Yaesu MH-1.
This one works fine and looks extremely nice. $25

Cariole Headphones:
This is a nice pair of headphones of the type that completely cover your ear. These are true monophonic headphones, and not a pair of stereo headphones that have been converted to mono. They have a molded mono 1/4 inch plug on them.
These work fine, and look extremely nice. $20

Yaesu HT Accessory Items:

Pryme Speaker Mic
This is the equivalent of the Yaesu MH-34.
It fits the Yaesu HTs with the 4 conductor 1/8 inch (3.5 mm) plug, such as the VX-1, VX-3, VX-5, etc.
It looks like it has not been used. $28

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Surge Station and Noise Filter:

This unit is still in its Radio Shack (#61-2327) box, never used. It says it is for a notebook computer, but it can be used with anything. It has connections for a computer network (LAN, RJ-45 connector), the AC power, and for phone lines (RJ-11 connector), and provides noise filtering and surge suppression on each. It even includes $25,000 insurance against surges. Maximum power rating is 1875 Watts, or 15 amps. Noise filtering is listed at 40 db.

This unit is new, in its original box, with its original
paper work. $12

Small Power Supplies:

Radio Shack 22-124 Regulated Power Supply

This supply is regulated and will furnish 13 V DC at up
to 2.5 amps. It is ideal for the lower powered 2 meter
rigs, or to get rid of that huge collection of wall warts.

This one works fine and looks extremely nice.
I do not find a scratch on it. $20

Micronta 22-120 A Regulated power supply:

This supply is rated at 2.5 amps at 13 V DC. It is
well regulated. It has a switch and LED power light
on the front, with a circuit breaker and output terminals
on the back. The case (left and right side and top) is
basically all a heat sink, so it should cool the
regulator well.

This one works fine and looks like new. No scratches. $30

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

From: Bry Carling
Topic: 9152 Message: 9152

FA on that place:

FT243 crystal on 8400 KC for use in the 6m band on the AM calling frequency at 504 MHz. NEW UNUSED EXCELLENT CONDITION. Here is an original old WW2 era FT243 crystal on a useful 6 meter band frequency of 8400 kHz. This is a rare and much sought-after crystal. It has the standard 1/2 inch pin spacing used with most amateur radio equipment manufactured throughout the period from 1945 - 1968 and works especially well in any GONSET, CLEGG, LI'L LULU, EF JOHNSON, HALLICRAFTERS, HEATHKIT, KNIGHT and similar transmitters.

This is the frequency everyone uses all over the USA for Six Meter AM operation, and in almost all commercial and homebrew transmitters they use a multiplying factor of X6 which will put this crystal right on 50.400 MHz.

Ideal for making sure you are in the right frequency when operating 6m AM. This crystal has been fully tested and is in excellent operating condition.

QUESTION - Are you selling two of these? How come the pictures look the same as your other auction? YES, I am selling two identical crystals and these are the last I have like this.
Please see my other auction if you would like both.

http://www.ebay.com/itm/110950407914

http://www.ebay.com/itm/110950409468

ALSO - a 100 kHz calibrator crystal, brand new:

http://www.ebay.com/itm/110950409792

AND - a 6 position QRO band switch for building linear amplifiers, antenna tuners etc. -

http://www.ebay.com/itm/110950413412

73 & thanks for looking - Bry, AF4K

EF JOHNSON produced some unusual pieces from time to time... here is a lovely piece of EFJ equipment for the 27 MHz fans. I am sure it could find uses in a QRP ham station or on a collector's shelf.

This is a SWR-Power meter and antenna tuner for the 11m band. If anyone is interested in acquiring this little gem, have a look at:

http://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&item=110958488051

73 & thanks for having a look!

9174. TEN UHF Antennae 902 MHz

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-10-21 11:08:11 UTC
From: Bry Carling
Topic: 9174 Message: 9174

I have ten new 902 MHz rubber duck antennas available for auction on the bay.

I have ten all together. I also have two 450 MHz antennas.

They are all portable / rubber antennas. I am suggesting $19.95 plus shipping for the whole lot. That's the buy-it-now price. Maybe a lot less if you just bid. If you want them, I will toss in
the 450 MHz antennas at no charge too. Remind me!

QTY TEN (10) Rubber duck style portable antennas. Eight of then have screw-on SMA connectors. Two of them have BNC Connectors. The sma connector ones are 7 inches long. The two stubby BNC types are 3.5 inches long. These are all new, unused antennas.

Pictures and more details here:
http://www.ebay.com/itm/110966608234

(scroll down)

Best regards - Brian Carling

From: Bry Carling
Topic: 9186 Message: 9186

I just put a bunch of Crystals for amateur radio CW and AM etc., on eBay... mostly on the 2nd, 3rd and 4th pages of the listings here: (quite a few are original full-size xtals)

http://mostpopular.sellathon.com/?id=AC1237114

All the best - Bry Carling, AF4K

9187. FA: Original FT243 Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-11-09 15:00:28 UTC
From: Bry Carling
Topic: 9187 Message: 9187

I have a few more full-sized, original FT243 crystals for 80m and 40m available on the bay if
anyone can use them. A lot of folks here expressed interet due to the special nature of the AC1 circuit. I hope it's helpful...

Prices around $12 and up...

73 - Bry AF4K

A few examples... there are more:

3655 kHz
http://www.ebay.com/itm/360506200224

3700 kHz
http://www.ebay.com/itm/360506193552

3720 kHz
http://www.ebay.com/itm/360507549243

3703 kHz
http://www.ebay.com/itm/360506192920

7050 kHz
http://www.ebay.com/itm/360506221225

7100 kHz
http://www.ebay.com/itm/360507863831

I will have some more to post this evening around 9 pm EST for 40m CW including
7025 kHz etc.

73 & thanks for looking - Bry Carling, AF4K

9198. RE:[Radiogear4sale] FA: TEN Radio Tubes $1.00 - Free Shipping

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-11-19 14:44:04 UTC
From: superrobodave
Topic: 9198 Message: 9198

Lol. Bry, your email reads as though there is no reserve. The listing says there is one. Low initial bid of a $1 would could not buy it nor cover "free shipping". There really is an actual starting price that will eventually show itself.

Sent from my Verizon Wireless 4G LTE Smartphone

9209. FS: TEN TUBES, $10.00

Yahoo group: RadioSwap (2008 — 2014)
Date: 2012-11-28 23:31:21 UTC
From: Bry Carling
Topic: 9209 Message: 9209

Glowbug / Boatanchor enthusiasts, you can't beat this.
Mostly used. Power RF tubes, rectifiers and regulators etc.
Where are these when you need them?
Priced to move, so first come = first served.

FS: TEN TUBES, $10.00

Two boxes offered.

BOX #1
Ten tubes - 2 (TWO) - 1625 RF POWER TUBES
2 (TWO) 5R4GY RECTIFIERS
1 (ONE) 5R4GB RECTIFIER TUBE
1 (ONE) 5X4G RECTIFIER TUBE
1 (ONE) - New Amperex 5894 TRANSMITTING TUBE
1 (ONE) 2050W RUGGEDIZED TUBE
1 (ONE) OA3 REGULATOR TUBE
1 (ONE) OC3 REGULATOR TUBE

BOX #1 Available for $10.00 plus shipping.

ALSO - TEN MORE tubes

BOX #2 - Ten tubes:
1 (ONE) 6Y6G TUNG-SOL AUDIO POWER TUBE
2 (TWO) - 807 RF POWER TUBES
2 (TWO) 5R4WGA RECTIFIERS
1 (ONE) 6CD6 POWER TUBE
1 (ONE) 6LF6 / 6MH6 Power Sweep Tube
1 (ONE) - 1625 POWER TUBE - NATIONAL UNION
2 (TWO) - OA3 REGULATOR TUBES

BOX #2 Available for $10.00 plus shipping.

9228. Palomar Keyer in S-line Style Gray

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-08 19:30:53 UTC
From: Bry Carling
Topic: 9228 Message: 9228

I have for sale a really nice Palomar Keyer with built-in Brown Brothers Paddles.
This unit was built to match the Collins S-line with the familiar gray wrap around style cabinet.

Front panel has HOLD/(tine) switch, ON/OFF volume and speed control. Built-in sidetone and speaker. If you know this unit it is first class and has rear terminals for Key, Key, Gnd,
Receiver. Also has 1/4" jack for phones. Has relay output so it is also great for keying tube
rigs. 120V AC operation. Excellent working condition. Just needs a new home.

Pictures available on request. First $159.00 plus shipping takes it.

Brian Carling, AF4K

9232. FS: New coils - 50 cents each

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-20 20:40:25 UTC
From: Bry Carling
Topic: 9232 Message: 9232

FOR SALE - attention homebrewers QRPers and experimenters....

$10.00 package deal on 20 brand new coils and IF transformers. New in their original plastic
boxes and looking like they should as brand new coils in the package. These are mostly WORKMAN BRAND coils. Many of them are adjustable. While some are listed as video coils, they usually have an inductanc ethat is suitable for any type of RF signal.

I have over 200 of these coils and parts as listed at:
http://af4k.com/coils.htm

I don't have time to go through them all and pick specific coils for any buyer. Please don't ask. First come first served on the IFTs. Therefore the price is way below cost. They are priced to move and I don't have much ability or time to pick and choose. I will try where
possible, but you will not be disappointed.

Sincerely,

Bry AF4K

9233. Mobile Antennas FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-22 14:47:06 UTC
From: Ken Simpson, W8EK
Topic: 9233 Message: 9233

Mobile Antennas For Sale:

HF, VHF, UHF, and multiband antennas,
plus a variety of antenna mounts

Hustler HF Mobile Antennas:

"Standard" Hustler resonators (400 Watt):
75 meter resonator RM-75 $19
20 meter resonator RM-20 $16
15 meter resonator RM-15 $14

Hustler mobile mast:
Hustler MO-3.5 mobile mast.
Hustler makes the MO-3 mast for use with their series of mobile HF resonators. They also make an MO-4. The MO-3 is 54 inches long, and the MO-4 is a "shorty" only 22 inches long. This particular mast has been modified and is between the two -- it is 34 inches long. It would be ideal if you have the room for slightly more length than the MO-4, but not enough for the MO-3. Of course this one would result is more efficiency than the MO-4. $18

Mobile Antenna Mounts:

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a standard 3/8 inch 24 thread connector. It is very heavy duty, about 5 inches in diameter, with a long coax for $22.

BNC Magnetic Mount
This mag mount has a BNC connector on the top of it, and a BNC connector on the coax. Among other things, it can be used to put a BNC rubber duck outside on the roof of your car, instead of using it inside the car on your HT. I think this is really what it was designed for. It is in nice condition. $20

Larsen PO-MM mobile magnetic mount:
This is a mobile mount that takes antennas with a PL-259. Coax is included. This one works great. $25

NMO "Button" Mount
This mount fits into a 3/4 inch hole, and will then take any of the many NMO types of antennas. Coax included.
It looks to be in new condition. $12

NMO-MM Magnetic Mount
For use with any of the Larsen, Motorola, and many others that use the NMO Mount. This is a magnetic mount with a good strong magent, coax, and PL-259 connector. $18

NMO-TLM Trunk Lip Mount
For use with any of the NMO type of antennas, this is a trunk lip mount, with a short coax. $10

Ten Meter Mobile Antennas:

All of these are vertical mobile antennas for the 10 meter band. Unless listed otherwise, all are for what is normally called an "Antenna Specialists" mount, which is sort of a reversed PL-259 type of connection. All have a spring just above the coil, at the bottom of the whip. All are about 3 to 3.5 feet long. I have checked each with an antenna analyzer, to determine resonant frequency. I am sure that mounting and surrounding objects might shift this frequency slightly, but they are adjustable.

Antenna Incorporated - 28.8 MHz - $15

Unknown brand (might be Antenna Specialists) 28 MHz
$15

Unknown brand (might be Antenna Specialists) 29.2 MHz
$15

Magnetic Mount, with antenna, coil, and mag mount as one unit.
About 18 feet of coax, with PL-259 connector.
Breaker brand, 28.35 MHz, $25

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the 6 meter, 2 meter, and 440 MHz ham bands. This makes it ideal for some of the newer multiband and dual band rigs available today.

The antenna is on the order of 3 feet long and has a very strong magnet. It has a long coax cable with a PL-259 connector.

It works great, and looks very close to new. $75

Comet "Impulse" Z-780 dual band mobile antenna:

The Comet Z-780 dual band is a 2 meter and 440 MHz mobile antenna. It is 5/8 wave center loaded on 2 meters providing 4.5 dB gain and 5/8 x 3 wave on 440 MHz providing 7.2 dB gain. VSWR 1.5 : 1 or less. This antenna can handle up to 150 watts.

The antenna is 5 feet high. The connector type is gold-plated
UHF PL-259 (for PO mount).

This particular antenna works fine and looks very close to
new. $60

Larsen PO-MM mobile magnetic mount:

This is a mobile mount that takes antennas with a PL-259 (such as
the Z-780 above). Coax is included. This one works great. $25

Buy both of the above for $80.

Larsen NMO type antennas
These provide about 3 db gain over a quarter wave, and are a
very rugged antenna. About 4 feet long.

NMO-150 - for use on 2 meters
This has been the standard of the industry for a very long time.
Coil only $12
Coil with whip $19

NMO-150 B for use on 2 meters
Same as NMO-150 above, but Black in color,
Coil only $15
Coil with whip $24

NMO-Q - Quarter wave whip for 2 meters
about 19 inches long. $10

NMO-50 for use on six meters
Quarter wave loaded antenna.
Coil only $12
Coil with whip $19

LM-150 for 2 meters
Similar to the NMO-150, but for the LM "Larsen Mount"
5/16 inch stud
Coil only $12
Coil with whip $19

Larsen NLA Type Mobile Antennas:

These antennas fit the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Antenna Specialists 2 meter antenna
This is a 5/8 wave antenna with a "Gutter clip" type
mount. This is ideal for more portable or temporary
installations. Includes mount, coil, whip, and coax
with a PL-259 connector. $25

Mobile Magnetic Mount Antenna for 6 and 2 Meters:

There are no markings on this antenna indicating who made it,
but it has an extremely strong magnetic mount, complete with
coax and PL-259 connector. The antenna is about 4 feet long,
with a spring at the base of the antenna. It does not appear
that the coil at the base is removable.

Since there are no markings, I put it on the antenna analyzer.
The SWR is below 1.1 to 1 with no reactance at both 52 MHz,
and at 146.5 MHz, so apparently it is a dual band 6 and 2
meter antenna. Probably a 5/8 wave on two meters (which
would have about 3 db gain), and a quarter wave on 6 meters.
$30

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Mobile Antenna Mounts:

Large, heavy duty magnetic mount
This large mag mount will take any antenna with a standard 3/8 inch 24 thread connector. It is very heavy duty, about 5 inches in diameter, with a long coax for $22.

BNC Magnetic Mount
This mag mount has a BNC connector on the top of it, and a

BNC connector on the coax. Among other things, it can be
used to put a BNC rubber duck outside on the roof of your
car, instead of using it inside the car on your HT. I think
this is really what it was designed for. It is in nice
condition. $20

Larsen PO-MM mobile magnetic mount:
This is a mobile mount that takes antennas with a PL-259.
Coax is included. This one works great. $25

NMO "Button" Mount
This mount fits into a 3/4 inch hole, and will then take any
of the many NMO types of antennas. Coax included.
It looks to be in new condition. $12

NMO-MM Magnetic Mount
For use with any of the Larsen, Motorola, and many others
that use the NMO Mount. This is a magnetic mount with a
good strong magent, coax, and PL-259 connector. $18

NMO-TLM Trunk Lip Mount
For use with any of the NMO type of antennas, this is a
trunk lip mount, with a short coax. $10

Ten Meter Mobile Antennas:

All of these are vertical mobile antennas for the 10 meter
band. Unless listed otherwise, all are for what is normally
called an "Antenna Specialists" mount, which is sort of a
reversed PL-259 type of connection. All have a spring just
above the coil, at the bottom of the whip. All are about
3 to 3.5 feet long. I have checked each with an antenna
analyzer, to determine resonant frequency. I am sure that
mounting and surrounding objects might shift this frequency
slightly, but they are adjustable.

Antenna Incorporated - 28.8 MHz - $15

Unknown brand (might be Antenna Specialists) 28 MHz
$15

Unknown brand (might be Antenna Specialists) 29.2 MHz
$15

Magnetic Mount, with antenna, coil, and mag mount as one unit.
About 18 feet of coax, with PL-259 connector.
Breaker brand, 28.35 MHz, $25

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the
6 meter, 2 meter, and 440 MHz ham bands. This makes it
ideal for some of the newer multiband and dual band rigs

available today.

The antenna is on the order of 3 feet long and has a
very strong magnet. It has a long coax cable with a
PL-259 connector.

It works great, and looks very close to new. $75

Comet "Impulse" Z-780 dual band mobile antenna:

The Comet Z-780 dual band is a 2 meter and 440 MHz mobile
antenna. It is 5/8 wave center loaded on 2 meters providing
4.5 dB gain and 5/8 x 3 wave on 440 MHz providing 7.2 dB
gain. VSWR 1.5 : 1 or less. This antenna can handle up to
150 watts.

The antenna is 5 feet high. The connector type is gold-plated
UHF PL-259 (for PO mount).

This particular antenna works fine and looks very close to
new. $60

Larsen PO-MM mobile magnetic mount:

This is a mobile mount that takes antennas with a PL-259 (such as
the Z-780 above). Coax is included. This one works great. $25

Buy both of the above for $80.

Larsen NMO type antennas
These provide about 3 db gain over a quarter wave, and are a
very rugged antenna. About 4 feet long.

NMO-150 - for use on 2 meters
This has been the standard of the industry for a very long time.
Coil only $12
Coil with whip $19

NMO-150 B for use on 2 meters
Same as NMO-150 above, but Black in color,
Coil only $15
Coil with whip $24

NMO-Q - Quarter wave whip for 2 meters
about 19 inches long. $10

NMO-50 for use on six meters
Quarter wave loaded antenna.
Coil only $12
Coil with whip $19

LM-150 for 2 meters
Similar to the NMO-150, but for the LM "Larsen Mount"
5/16 inch stud

Coil only $12
Coil with whip $19

Larsen NLA Type Mobile Antennas:

These antennas fit the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Antenna Specialists 2 meter antenna
This is a 5/8 wave antenna with a "Gutter clip" type
mount. This is ideal for more portable or temporary
installations. Includes mount, coil, whip, and coax
with a PL-259 connector. $25

Mobile Magnetic Mount Antenna for 6 and 2 Meters:

There are no markings on this antenna indicating who made it,
but it has an extremely strong magnetic mount, complete with
coax and PL-259 connector. The antenna is about 4 feet long,
with a spring at the base of the antenna. It does not appear
that the coil at the base is removable.

Since there are no markings, I put it on the antenna analyzer.
The SWR is below 1.1 to 1 with no reactance at both 52 MHz,
and at 146.5 MHz, so apparently it is a dual band 6 and 2
meter antenna. Probably a 5/8 wave on two meters (which
would have about 3 db gain), and a quarter wave on 6 meters.
$30

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9236. FS: Military Comms Crystal Box

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-25 11:46:36 UTC
From: Bry Carling
Topic: 9236 Message: 9236

For Sale:

Signal Corps crystal boxes - will hold up to 120 type FT243 or FT241 radio crystals
in a convenient, oirganized case that lets you find them quickly and easily.

The piano hinges and all aspects of the case are in excellent shape. These have latching
covers and felt pad liners in good condition.

First type is the familiar CS137 crystal case - excellent condition.
The dimensions are 11" x 4.35" x 3". A picture of a similar one may be found here:

http://www.bwgsurplus.com/web/sc_misc/cs137.jpg

Second type is a more flat-looking BX40 crystal case also in excellent condition. It has one
flat tray of crystals. This is a rather rare and military excellent case. The lid and piano hinge
and all other aspects of this case are in excellent shape.
Dimensions are: 11" X 8" X 2"
Picture of a similar one can be found at this web site:

http://af4k/com/imag/ham/bx40.jpg

E-mail me to arrange purchase or see:
http://www.af4k.com/miscpart.htm

9237. LOW PASS FILTERS FOR SALE

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-25 12:23:18 UTC
From: Bry Carling
Topic: 9237 Message: 9237

FOR SALE:

LOW PASS FILTERS FOR RFI REDUCTION Completely eliminate interference to RF device and TVs from your HF transmitter! TVI begone...

These low pass filters are good for use from 160m through 10m bands with your HF transmitter or transceiver.

EF Johnson Tubular Low pass Filter - $20.00 plus shipping (2 Available.)

B&W Model 52 LOW PASS FILTER - heavy duty, with hammertone case. Extra nice - $30.00

B&W 425 Low pass Filter - $25.00 plus shipping

B&W FL10/1500 Low pass Filter - $35.00 plus shipping

Save on shipping - buy more than one. Pictures coming soon with details at:

http://www.af4k.com/radios.htm#LPFILTERS

73 & thanks for looking - Bry, AF4K

9238. FS: Pair of nice CBS 6L6GC tubes

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-25 14:54:29 UTC
From: Bry Carling
Topic: 9238 Message: 9238

FS: Pair of nice 6L6GC tubes

CBS - Made in USA. These work fine and they test at over 100% on my Sencore TC142 tube tester. They look like new except the pin locators on the bottom are broken off. This is no big
deal. You just take care to line them up properly when plugging thenm in and they will do fine. They will be carefully packed for safe shipment.

Will sell the pair for $12.00 plus shipping.

Regards - Brian Carling

9239. Icom HF rig, PS, and other items FS

Yahoo group: RadioSwap (2008 — 2014)

Icom and related items For Sale --
HF transceiver, Power Supply, Clock, Speaker
Microphones, Speakers, Charger and DC Adapter,
Manuals, cables, and other Miscellaneous Items

Icom IC-738 HF transceiver:

This all band HF transceiver features a 500 kHz to 30
MHz general coverage receiver, and a built-in automatic
antenna tuner. 10 to 100 watts full duty RF output
SSB/CW/FM (40W AM). Double band stacking registers
store 2 frequencies along with modes in each band so
it can be used like 2 VFO's in one band. Ten electronic
'memo pads' are available for DX hunting or contests.
The frequency tuning resolution is 1 Hz. This is
particularly useful when dealing with AMTOR, PACTOR
and other digital modes. Other enhancements include:
PBT (Passband Tuning), Notch, RIT and XIT.
Requires 12 VDC at 20 amps.

Features:
All Mode
Analog S/RF Meter
160-10 Meters
1 Hz Tuning
All Mode Squelch
IF Notch
10 Hz Display
Automatic Antenna Tuner
Electronic Keyer
101 Memories

This one works 100%, and looks very close to new. Immaculate.
Paper work and original box are included for $575.

Icom PS-30 Deluxe Metered Power Supply:

The Icom PS-30 power supply is a deluxe supply that delivers
13.8 VDC at 25 amps. This power supply features a meter which
can be set to display amperage or voltage. Four outputs are
provided on the rear panel. Output 1 is a hard wired, high
amperage cable with the Icom standard 6 pin Molex plug.
Outputs 2, 3 and 4 provide low amperage 13.8 VDC output.
This power supply has a snap-out tilt bracket.
Size: 9.5 x 5 x 12.5 inches.

This particular supply works fine, and looks very close to new.

With paper work for $200.

MFJ 815 B Cross Needle Peak Reading HF Wattmeter:

The MFJ-815B cross-needle meter allows you to monitor both forward and reflected power, and SWR simultaneously. There are buttons to select either Peak or Average reading and power ranges of 200/2000 watts forward and 50/500 watts reflected. Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters in addition to the HF bands, making it ideal for some of the new rigs that include 6 meters.
The peak reading function of this meter and meter light require external 12 V DC.

This particular unit works fine, and looks very close to new.
With paper work for $65.

HT Speaker Microphones:

All of these have the 3.5 mm and 2.5 mm plugs on them, as used by Icom, Alinco, Radio Shack, some Yaesu, and other HTs.

Radio Shack 19-310 speaker mic
This speaker mic fits most HTs that require the 3.5 mm and 2.5 mm plugs, such as Icom, Alinco, Radio Shack, some Yaesu, and others.
This one works fine and looks very close to new. $15

MFJ-284 Speaker Microphone
Fits most Icom, Yaesu, Alinco 560, Santec ST-20, and others.
It works great, and looks like new. $15

MFJ-287 Speaker Microphone
This fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug.
It works fine, and looks close to new. $15

Communications Speaker:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches deep. It is rated for 5 watts, has an 8 ohm impedance, and is listed as a 300 to 3000 Hz frequency response, making it ideal for communications. 3.5 mm (1/8 inch) mono plug. It is black in color, looks great, and sounds great. $18

Icom Battery Charger:

Icom BC-127 A, Battery Charger for Icom IC-Q7A Dual Band HT:
This charger charges two AA NiCads (or NiMH) for the IC-Q7 A Dual band HT, and Icom R-2 receiver, and probably others.

This appears to be new, unused, still in its bag.
Icom lists them at $21. Buy this one for $12.

Icom DC adapter:

Icom DC-25
This is a pack that is used on the Icom µ2AT, Icom µ4AT, and on other HTs that use the BP-20, BP-21, BP-22, BP-23 and BP-24 battery packs. It takes 13 V DC (such as from a cigarette lighter), and converts it to the 9.4 V DC voltage needed for the HT. It is used in place of a battery. This one works fine and looks fine. $18

CW Key and Keyer cables:

Cable for straight key
About 3 feet long, with a mono 1/8 inch (3.5 mm) phone plug on it, as used with a straight key. $5
As above, but 1/4 inch plug. $5

Cable for paddles
About 3 feet long, and with a 1/8 inch (3.5 mm) stereo connector on the end, like used by most rigs. $8
As above, but 1/4 inch plug. $8
As above, with 1/4 inch GOLD plated plug. $15

ORIGINAL Icom operating manuals:

Please note that all of these are original Icom manuals and are not copies. All are in very good condition.
These are original manuals only.

Mobile transceiver manuals:
IC-22 S, 2 m FM transceiver $12
IC-28 H, 2 m FM transceiver $12
IC-281 H, 2 m FM Transceiver $12
IC-2350 H, Dual Band FM transceiver $15
IC-3200 A/E, Dual Band FM Transceiver $15

Other Icom manuals:
BC-30 Desk Charger $5
BC-35 Desk Charger $7
BP-2, BP-3, BP-4, BP-5 battery packs $3
BP-21, BP-22, BP-23, and BP-24 Batteries $3
DC-1 DC pack for IC-2 AT series HTs $4
HM-8 Hand Microphone, w/schematic $5
IC-3 PA Power supply / speaker $10
UT-16 Voice Synthesizer $5

These are original manuals only.

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF

and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9240. FS: Yaesu FL2100Z

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-26 13:06:03 UTC
From: Bry Carling
Topic: 9240 Message: 9240

FOR SALE: YAESU FL2100Z Linear Amplifier.

This is an HF linear amplifier rated for 1200W PEP input, and using two 572B triode tubes
Matches the FT-101Z and FT101ZD models and also the FT901, FT901DM, FT902 etc.
Will work great with any typical HF transceiver. I typically see 500-600 watts output on CW and 700 - 750 watts p.e.p. on SSB. All the advantages of a tube final in a compact package with built in AC power supply. Set for 120V AC.

Very few of these are still available, and many think of them as having some improvements over the older FL2100B etc. Very few of these excellent model amp are available.

Covers all 160m - 10m amateur bands including WARC. Working 100% and looks excellent inside and out. Has been cared for very well, in a non-smoking environment.

Has a brand new set of 572B tubes recently installed in it. They have about 2 hours on them.
Has full output per the manufacturer's specifications on all bands. You won't find a better example of this amplifier to go with your station. Clean as a whistle. If you have ever considered one of these now is your chance.

Pictures available on request.

Available for $595.00 plus shipping.

Brian Carling, AF4K

9243. VXO Builders - Interesting idea...

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-27 14:18:10 UTC
From: Bry Carling
Topic: 9243 Message: 9243

OK you VXO builders:

If anybody wants to experiment with dual crystal VXO and their QRP radio, I will temporarily
offer the dual crystals on certain frequencies at the same price as the regular FT243 crystals
here ($14.00 each.) In other words there will be two crystals wired into the same case for VXO purposes. Or you can just have them as two hc49 wired-lead crystals for $14.00 (this week only.)

I have the following frequencies available for this VXO experiment:
3555 kHz
7010 kHz
7045 kHz
7058 kHz

I will also make available TWO hc6u (metal can) crystals at 3742 kHz for $5.00 for the pair (while they last) - great for VXO experiments. I have several pairs of these available so you
can connect with the other VXO-ers here! I am making this same offer to some of the other groups, so you might run into some of the "Glowbug" tube homebrewer guys and other QRP ops around these same frequency ranges.

Contact me off the list for information or to arrange purchase.

73 - Bry, AF4K

9244. FS: BAGS of BNC connectors and adapters

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-29 12:13:01 UTC
From: Bry Carling
Topic: 9244 Message: 9244

For Sale:
Three bags of BNC connectors and adapters.

Each bag contains 25 items - some new, some used, all in good usable condition.
There are 3 or 4 BNC T-adapters in each bag. There are also 3 or 4 terminators.
You will get a mix of plugs and also adapters to go to things like "F" connectors, PL259, sma etc. Cable end, chasis mount etc. There may also be one or two "F" splitters and other unlisted item,s but the vast majority of these items are BNC adapters and connectors.
A few are brand new, bagged or carded items still in their package. Several of the others are unused but not in a package. Some are used but in very good condition.

The three bags of BNC items are available for $12.50 per bag plus $6.50 for USA shipping.
Reply by e-mail if you would like to have one, or all of them.

Best regards - Brian Carling, AF4K

9245. FS: Hefty 50V AC at 13A transformer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-01-31 02:40:11 UTC
From: Bry Carling
Topic: 9245 Message: 9245

For sale:

Power Transformer. Wired for 120V AC primary, but can be rewired for 240V AC.

Secondary 1: 50V AC at 13A continuous. Comes with a bridge rectifier that produces 70V DC under no-load conditions. About 65 - 68V DC with a load. Also available - a suitable,
high-grade 9800 uF at 100V DC capacitor. Makes a complete, unregulated 68V DC supply with plenty of power.

Secondary 2: 120V AC at about 2 amps, unregulated. (isolated)

The above are conservative ratings. Weight is 34 pounds.
Dimensions approx: 7" X 6.5" X 5.25"
Clean, excellent condition. Comes with all mounting hardware.

QTY 1 available for $35.00 plus shipping.
Capacitor available for $4.00 with transformer.

9246. Kenwood Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-01 22:20:24 UTC
From: Ken Simpson, W8EK
Topic: 9067 Message: 9246

Kenwood Items For Sale:

Monitor Scope with Pan Adapter, Two meter FM HT,
speaker, chargers and other HT accessories, desk
and hand microphones, original Kenwood manuals, etc.:

Kenwood SM-220 Monitor Scope with BS-8 Pan Adapter:

The Kenwood SM-220 Station Monitor is a multi-function
monitor scope which functions as a band-scope with the
optional BS-8 pan display which is included in this unit,
monitor and tone generator. It is the ideal product for
supporting, monitoring and calibrating equipment. It can
be used to observe SSB distortion, CW key clicks, and
test linearity of linear amplifiers. It has four sweep
ranges and also can serve as a RTTY tuning scope.
Frequency range: 1.8-150 MHz.

Features:
Bandscope ± 100 kHz with optional BS-8 included
10 MHz Oscilloscope
Matches many Kenwood Transceivers
Wideband Transmission Monitor
RTTY X-Y Tuning Meter
Built-in 1000/1575 Hz Two-Tone Generator

This unit includes the BS-8 pan display adapter.
It functions fine, and looks very close to new.
I can not find a scratch on it.

With paper work for $350.

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read
LCD, 60 channel memories with scanning and ten DTMF
memories. Extended receive is 136-174 MHz so it includes
the weather frequencies. When used on external DC power
you will get a full 5 watts output. With the included
PB36 battery pack, it produces 1.5 watts. The low power
setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver

Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came out of the box new. It came from a silent key who I don't think ever used it. This one includes the desk charger, rubber duck antenna, belt clip, and paper work for $100. I added a new PB-36 battery, as the old one had been in the drawer long enough that it is not in good condition. So you get the HT with the normal accessories, plus a desk charger, plus a new battery for $100.

Cigarette lighter power cord for TH-235 above. $12

Kenwood MC-48 B, DTMF Touch Tone Microphone:

This is a DTMF Touch Tone microphone with a 16 digit pad. It works with most Kenwood rigs with the round, 8 pin connector, such as TM-201, TM-211, TM-221, TM-231, TM-241, TM-2530, TS-50, TS-430, TS-440, TS-570, TS-850, TS-870, TS-930, TS-940, TS-950, TW-4000, etc. It will also work with most Alinco and many Radio Shack rigs with the round 8 pin plug.

It has UP and DOWN switches and PTT, along with 16 digit touch tone pad.

This one works 100%, looks great, and includes paper work for $50.

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Special Antenna adapter that fits the TH-21 series HTs, and has a BNC on the other end. $10

Kenwood SC-8 T "Soft Case" for any of the TH-21 series HTs great condition $12

Original Operating manual for TH-21 HT for 2 meters $8

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It has a 3 conductor 3.5 mm plug and a 2 conductor 2.5 mm plug. It works fine. $15

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries for the TH-21 series, and also on other Kenwood radios. It has a standard 2.1 mm coaxial connector. $12

Accessories for Kenwood TH-205, TH-215, TH-225, TH-415, and other HTs in this series:

MFJ 287 Speaker Microphone
This was used on a Kenwood TH-225 HT, but it also fits the TH-21/31/41 series HTs, TH-205, TH-215, TH-415, as well as others. It works fine, and looks close to new. $15

Kenwood Wrist Strap for TH-215, plus many other HTs. $4

Original Kenwood Rubber Duck antenna from TH-215. $10

BNC to PL-259 antenna adapter
Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. This adapter can be used on any HT with a BNC connector. $5

Deluxe Desk Microphone w/ Kenwood 8 pin connector:

This is a great looking and great performing low impedance desk mic. It has a quality Shure 600 ohm cartridge in it (the cartridge alone is over $40 new), with a very nice black die case base and neck, with a chrome grill. It looks somewhat like a Shure 444, but no plastic on this one -- all metal!

This one looks like new, and works the same. It has a long (approx 6 foot) cord, with a round 8 pin connector for Kenwood. $75

Kenwood Hand Microphone with round 8 pin plug:

This hand mic works great on most Kenwood rigs with the round 8 pin connector, such as the TS-430, TS-440, TS-570, TM-241, TM-2530, TW-4000, and others.
It only says "Electret Condenser Mic" on it, with no model number.

Basically, this mic is like an MC-43, only with a couple more features. Of course it has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do depends on the rig that it is attached to. They will function on some rigs, and are completely useless on others. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer. $30

DTMF Touch Tone Microphones:

CES 610 L DTMF Touch Tone Mic
Can manually dial a number, or automatically store it in the mic, and "speed dial". 12 digit touch tone pad on the

front. 8 pin modular plug (like computer LAN).
Looks to be new. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin plug.
Looks to be unused. $38

Communications Speaker:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. It is black in color, looks great,
and sounds great. 3.5 mm (1/8 inch) mono plugs. $18

Coaxial Lightning Arrestors:

These lightning arrestors are made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-1
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other). $10

Operator's Manual for Kenwood (Trio) TS-440 S:

This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.

This one has a plastic protector on the front, and is
in very nice condition. It includes schematic diagrams.
$18

Original Manuals for Kenwood equipment:

All manuals are in very nice condition, for Kenwood equipment.
All are original manuals only.

Operating manual for TS-130 S/V HF xcvr $20
Operating manual for TM-2570/2550/2530 2 m xcvr $15
Operating manual for TW-4000 dual bander $15
Service manual for TW-4000 dual bander $20
Operating manual for TW-4100 dual bander $15
Operating manual for TH-21 HT for 2 m $8
Operating manual for TH-225, 2 m HT $12
Operating manual for TH-235, 2 m HT $15
Operating manual for TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz. $12

Operating manual for TM-221/421 mobile $15
Operating manual for TR-2400, 2 m HT $12
Service manual for TR-2600, 2 m HT $12
Operating manual for TR-7400, 2 m xcvr $8

Kenwood TM G-707 operating manual in Spanish:
Spanish version of the Operating Manual
for the TM G-707 dual band transceiver. New $10
All other manuals are English.

LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $5
MC-85 desk microphone $4
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PS-6 power supply $6
SMC-24 speaker mic $4
SMC-25 speaker mic $4
SP-430 speaker $2
SP-820 Speaker $2

Operator's Manual for Kenwood (Trio) TS-440 S:
This is a quality reproduction with a "comb" binding
that has been done by one of the professional reproduction
houses. W7FG I think.
This one has a plastic protector on the front, and is
in very nice condition, with very readable pages. It
includes schematic diagrams that are also very readable.
$15

These are original Kenwood manuals only.

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9249. FS: Groups of Tube-era Terminals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-03 13:57:23 UTC
From: Bry Carling
Topic: 9249 Message: 9249

FOR SALE: Two Groups of Tube-era Terminals, sockets plugs etc.

Group 1 = Approx. 60 pieces of USA-made terminals and connectors, banana jacks, plugs, xtal socket, other sockets, terminals and adapters as shown. All are new or in very close to
new condx.

Group 1 Picture is shown here:
http://af4k.com/terminals1.jpg

Group 2 = Approx. 60 pieces of USA-made terminals and connectors, banana jacks, plugs, xtal socket, other sockets, terminals and adapters as shown. All are new or in very close to
new condx.

Group 2 Picture is shown here:
http://af4k.com/terminals2.jpg

Each group is available for $16.00 plus shipping.

9250. FS: Group of metal can Capacitors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-05 18:58:01 UTC
From: Bry Carling
Topic: 9250 Message: 9250

For sale: Group of seven (7) new in boxes metal can capacitors. Made by Illinois Cpacitor Company, USA.

These new, in the boxes, unused 3-section electrolytic capacitors.

Section 1 = 40 MFD at 150V DC
Section 1 = 20 MFD at 150V DC
Section 1 = 20 MFD at 150V DC

Dimensions are 2" tall X 1" diameter.

FP style mounting for use on a typical chassis. Solder terminals for connection to these.

Just making space here - I will sell the whole lot of (7) capacitors for $5.00 plus shipping.

Best regards - Brian, AF4K

9255. FS: McMurdo Silver 905-A sig tracer

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-16 15:06:14 UTC
From: Bry Carling
Topic: 9255 Message: 9255

FOR SALE: McMurdo SIlver 905-A "SPARX" signal tracer from
1947. Includes probe. Fair to good condition. It's all there. Case handle is torn up.

I found an article available on this unusual goodie, with schematic if anyone is interested.
It's basically a small 3-tube audio amplifier with built-in speaker and 120V AC supply.

Not bad for $12.00 plus shipping.

73 - Bry AF4K

9256. FS: MULTI-ELMAC AF67 Transmitter AM-CW

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-16 18:39:24 UTC
From: Bry Carling
Topic: 9256 Message: 9256

FOR SALE: Multi-Elmac 60 Watts AM-CW, TUBE TRANSMITTER, Model AF67.

THE MULTI-ELMAC AF-67 Trans-Citer is a ten-tube variable frequency or crystal controlled seven band transmitter or exciter. It uses a really good "push-pull" plate modulation scheme with two 5881 modulator tubes.

All circuits are simultaneously switched to the desired band by a single bandswitch lever. Designed as a complete transmitter for mobile or fixed installations, or an exciter to drive a higher power transmitter. When used as an exciter the 500 ohm tap on modulation transformer can be used to drive the higher power modulators. The AF-67 Trans-citer employs a variable frequency oscillator with output on wither 1.75 to 2.0 Mc. or 3.5 to 4.0 Mc. In addition to the V.F.O. feature, two crystal positions are included for operation on two spot frequencies. Any crystal that will work straight through, double of quadruple to the desired frequency may be used. The oscillator circuit employs a voltage regulator tube to maintain the plate voltage at a constant level.
The multiplier stages are broad tuned with a front panel control for peaking the final grid, insuring best performance on all bands. The audio circuit is designed to use either a carbon microphone or a low output microphone such as a crystal or dynamic. A slide switch on the rear apron on the AF-67 Trans-citer sets up the circuit for use with either type of microphone. A reactance tube modulator is incorporated in the variable frequency oscillator circuit for narrow-band-frequency-modulation. The variable frequency oscillator dial scale is directly calibrated in megacycles for each of the amateur bands. The AF-67 Trans-citer is supplied complete with all tubes, viz: 6AK6 Oscillator, 6BJ6 Reactance Modulator, 6AG5 Buffer-multiplier, 6AQ5 RF Driver, 6146 Final RF Amplifier, 6AU6 Speech amplifier, 12AU7 AF Driver, Two 5881 PP Modulators, OB2 Voltage regulator

The AF-67 is designed for use with a resonant antenna coupled to its output with a transmission line of 50 to 300 ohms impedance. Other impedance or balanced lines can be coupled through the use of an antenna tuning device. When used as an exciter the coupling link of the high powered final can be directly connected to the AF-67 with a suitable length of coaxial cable. The MULTI-ELMAC AF-67 is designed for a maximum plate power input of 60 watts. Maximum ratings for this Trans-citer are 600 volts at 100 milliamperes; or 500 volts at 120

milliamperes. Full 100% modulation occurs when the modulator plate current swings to about 60% of the final plate current with normal voice frequencies.

The modulation transformer is provided with a 500 ohm output tap brought to the power plug for driving the grids of high powered modulators. The 5881's will deliver approximately 40 watts of audio with a plate supply of 500 volts.

Dimensions: 11 1/4 inches wide, 7 inches high, and 8 1/2 inches deep.
Weight: 18 pounds.

There are some good articles on maintaining and modifying the AF67 at some web sites. This one is unmodified as far as I know. Fairly good condition for its age, and is complete, with all original knobs etc.

One of these sold recently on eBay for $181.00

Will sell for only $99.00 plus shipping. Or next stop eBay.

Picture and details at:

http://af4k.com/radios.htm#AF67

73 - Bry, AF4K

9257. FS: GONSET VHF POWER AMPLIFIER 50 MHz

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-17 19:11:34 UTC
From: Bry Carling
Topic: 9257 Message: 9257

For Sale: GONSET VHF POWER AMPLIFIER 50 MHz, model 3065.

Give your Six Meter Band Gooney Box / Communicator, or other radio a boost.

With 3 to 6 watts of drive power, it will run 90 - 100 watts when using AM, FM or CW modes, according to the manual. Uses two 826 power tubes and also has two 5U4GB rectifier tubes. Should you ever need them replacement tubes are easy to fin on eBay for anout $5 - 10 each. Has a built-in 120V AC power supply. AC power cord in great shape, and has all the original knobs. Will include a copy of the manual with schematic diagram. This amplifier is in
great condition, and works properly.

Pictures and details at:
http://af4k.com/radios.htm

One recently sold on the bay for $224.50

For the complete amplifier and manual, I'm asking $195.00 or best offer plus shipping.

73 - Bry, AF4K

9258. Boatanchor and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-02-27 13:33:37 UTC
From: Ken Simpson, W8EK
Topic: 9258 Message: 9258

Boatanchor and related items for sale:

Heath SWR Bridge, Bench Power Supply, Low Pass
TVI Filters, Communications Speakers, Coax Switches,
Wattmeter, Antenna Tuner, Callbooks, Antenna Connectors
and more

Heath AM-2 HF SWR Bridge:

This HF SWR Bridge matches the DX-40, although it can be
used with any HF transmitter. It is about 8 inches wide
and 4.5 inches high, with the meter in the middle, and a
gray colored knob at each side near the bottom. It covers
160 thru 2 meters and will handle full power.

This particular unit works fine and is in very good shape.

Paper work is included for $25.

Kepco Variable Bench Power Supply:

This is an ideal bench power supply! It is a Kepco Model ABC
40-0.5, which means that it will produce from zero up to 40 V
DC at up to 1/2 amp. Great for the bench.

The voltage is adjustable with a 10 turn pot from close to zero,
up to about 40 volts. There is a fairly large analog meter that
reads the voltage. There is also current limiting built in that
is adjustable from about 100 ma to up to about 700 ma. The same
meter that reads voltage can be switched to read current, or
short circuit current (the point that the current limit is set).
In addition, there are connections on the back to allow remote
sensing and remote programming. This is a quality regulated
power supply!

This particular unit works 100%, and looks extremely nice.

These normally sell used for $125 to $150 (plus shipping).
Buy this one for $85.

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors, and are
50 ohm filters.

The first one works on 6 meters as well as HF:

Drake TV-1000
This filter may also be used on the low end of six meters, as well as HF. It is good for 1000 W "average" below 30MHz, and about 200 W up to 52 MHz. Works fine, looks ugly.
With paper work for $22.

Bencher YA-1, high power, low pass TVI filter
If you need a heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2. This one works great, and is in its original box.
Bencher currently sells these for about $90. Only $60.

Bencher YA-1
As above, not in original box. $45

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts PEP SSB. With mounting bracket. $30

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.In very nice condition, it looks close to new. $40

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long enclosure. It looks like new. $25

Communications Speakers:

Realistic 21-549 A
This speaker is about 4 inches square and about 2 inches deep. It is rated for 5 watts, has an 8 ohm impedance, and is listed as a 300 to 3000 Hz frequency response, making it ideal for communications. It has a 3.5 mm (1/8 inch) mono plug, as used by most modern rigs. Gimbal mount included.
It is black in color, looks great, and sounds great. $15

Vanco SPB-5
Appears to be the same at above, but with a Vanco label.
Also includes gimbal mount. $15

Coax switches:

B & W 550 A 2 Coax Switch
This coax switch will switch between two different coaxial cables, such as two antennas, or switch one antenna between two rigs. It has SO-239 connectors.
Although this one is an older switch, it is also more heavy duty, and will easily handle 1500 watts.

This one is in its original box, and obviously works well and
looks great also. $22

Workman CX-3, three position coax switch
It looks new, also in its original box. $15

GC 2 position coax switch
This one looks like new, but no original box. $12

Coaxial Lightning Arrestor:

This lightning arrestor is made to be inserted in to
your coaxial feedline, to help reduce lightning damage.

Cushcraft LAC-1
No markings on this to confirm the model number, but it
looks like the Cushcraft "Blitz Bug".
It has an SO-239 on one end and a PL-259 on the other end
(female UHF on one end and male on the other).
Simply unscrew the PL-259 on your coax, insert this
lightning arrestor, and you are all set. $10

MFJ 949 E HF Antenna Tuner:

The MFJ-949E deluxe 300 watt Versa Tuner II gives you full
coverage from 1.8 to 30 MHz, with a peak and average reading
cross-needle SWR/power meter. It features a custom designed
inductor switch, 1000 volt tuning capacitors, Teflon insulation
washers and proper L/C ratio to ensure arc-free operation with
up to 300 Watts. MFJ's Cross-Needle Meter shows you SWR, forward
and reflected power simultaneously. It reads both peak and
average power on 300 or 30 watt ranges. A dummy load is built
in. It includes an 8 position antenna switch for the two coaxial
cables and one random wire or balanced line, in addition to
the dummy load.
It needs 12 V DC to illuminate the meter.

This is the current model that MFJ is selling. This particular
unit works fine, and looks great. With paper work for $95.

Wall Wart for above. $12

But both above for $105.

MFJ 815 B Cross Needle Peak Reading HF Wattmeter:

The MFJ-815B cross-needle meter allows you to monitor both
forward and reflected power, and SWR simultaneously. There
are buttons to select either Peak or Average reading and
power ranges of 200/2000 watts forward and 50/500 watts
reflected. Frequency coverage is 1.8 to 60 MHz, so it covers
6 meters in addition to the HF bands, making it ideal for
some of the new rigs that include 6 meters.

The peak reading function of this meter and meter light
require external 12 V DC.

This particular unit works fine, and looks very close to new.
With paper work for $65.

Ham Radio Amateur "Flying Horse" Callbooks:

All are in extremely nice condition, close to new,
unless listed otherwise.

1995 North American "US" Callbook with over
700,000 listings, including Canadian - $8

1981 Foreign "DX" Callbook - $5

1994 International "DX" Callbook - $5

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other ham items available. Please e-mail
me if you have specific needs. I might be able to help you.

Prices do not include shipping from Florida.

Thanks.

Yaesu and related Items For Sale:
Multi-Band HT, Communications Speakers, Desk
Microphones, HT accessories, and more

Yaesu VX-7 RS TriBand HT:

The Yaesu VX-7R is a triple band (6M, 2M & 440 MHz) HT
with extensive receive coverage, and leading-edge features.
The American version even transceives with 300 mW on the
220 band. Power output on 6 meters, 2 meters and 440 MHz
is 5/2.5/1/0.5 watts. It receives the AM and FM broadcast
bands, shortwave (AM), VHF and UHF TV audio, VHF Air and
public service frequencies. This model features a rugged
magnesium case with rubber bumpers and gaskets.
Only 2.5 x 4 x 1.2 inches.

Features:
24 hour clock
900 Memories
changeable icons
weather alert
AM/FM BCB
AM band and full SW to 30 MHz
CTCSS/DCS
European Tone Burst
Wideband Receive
True Dual Receive
ARTS-Automatic In-Range Transponder
Backlit Keypad & LCD
Internet Key for Access to WIRES?

This one works 100%, looks very nice and includes the
rubber duck with the 6 m extension, good battery, charger
and paper work for $275.

Communications Speakers:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. 3.5 mm (1/8 inch) mono plug. It
is black in color, looks great, and sounds great. $18

Vanco SPB-5
Appears to be the same at above, but with a Vanco label.
Also includes gimbal mount. $15

Yaesu YM-31 hand microphone:
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It should be compatible with any of the Yaesu rigs that uses the round 6 pin connector. It looks very similar to the Yaesu MH-1.
This one works fine and looks extremely nice. $25

Low Pass TVI Filters:

A low pass TVI filter is added to the transmitter to reduce harmonic interference. All have SO-239 connectors, and are 50 ohm filters.

The first one works on 6 meters as well as HF:

Drake TV-1000
This filter may also be used on the low end of six meters, as well as HF. It is good for 1000 W "average" below 30MHz, and about 200 W up to 52 MHz. It works fine, but looks ugly. With paper work for $22.

Bencher YA-1, high power, low pass TVI filter
If you need a heavy duty filter for the output of your amplifier, this one is ideal. It will take full legal power plus, and has at least 80 db signal attenuation at TV channel 2. This one works great, and is in its original box.
Bencher currently sells these for about $90. Only $60.

Bencher YA-1
As above, not in original box. $45

B & W FL-10/1500
This filter cuts off just above 10 meters, and handles 1500 Watts. It is the latest model B&W filter.In very nice condition, it looks close to new. $40

Johnson 250-20 Low Pass Filter
This is a 52 ohm cylindrical low pass filter with a cut off frequency of 45 MHz and 75 db of attenuation.
It is rated to take 1000 Watts of AM, or 5000 Watts PEP SSB. With mounting bracket. $30

Para Dynamics PDC 1089
This filter is rated at a full Kilowatt, up to 30 MHz.
5 x 6 x 2 inch black box, instead of the more familiar long enclosure. It looks like new. $25

Yaesu HT Accessory Items:

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - regular rubber duck

BNC - Original from Kenwood TH-215, about 5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Multi Band BNC Telescoping Antennas:

Two telescoping antennas are available. Both are in very
nice, close to new condition, and have BNC connectors.

ANLI AL-800 dual band HT antenna
This is a telescoping antenna that pulls out to about
a 3 foot length. If covers both 2 meters and 440 MHz,
and has a BNC connector on it. It is rated to have
3.2 dbi gain on 2 meters and 5.6 dbi gain on 440 MHz.
It appears close to new. These are $39 on Amazon.
Get this one for only $25.

Radio Shack 20-006 A
This antenna is just over 2 feet in length when fully
extended. Radio Shack does not give it any gain rating,
and I don't know if I would trust those ratings anyhow.
It is safe to say it performs better than a rubber duck
antenna. This one will cover 6 m, 2 m , 220 MHz and
440 MHz. BNC connector. It is actually in its original
bag with original paper work. $15

Surge Station and Noise Filter:

This unit is still in its Radio Shack (#61-2327) box, never
used. It says it is for a notebook computer, but it can be
used with anything. It has connections for a computer network
(LAN, RJ-45 connector), the AC power, and for phone lines
(RJ-11 connector), and provides noise filtering and surge
suppression on each. It even includes $25,000 insurance
against surges. Maximum power rating is 1875 Watts, or 15

amps. Noise filtering is listed at 40 db.

This unit is new, in its original box, with its original paper work. $20

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, and many miscellaneous accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

From: Bry Carling
Topic: 9265 Message: 9265

FOR SALE: Pair of Cetron 572B / T160L Tubes

These are older tubes but they continue to last and last. Made in USA power tubes are getting hard to find. These are tested, working used tubes. They come with tube boxes that will protect them during shipping and will be packed very carefully for safe trans-shipment.
I ran them in a FL2100Z with minimum 350 watts carrier out from the pair on all HF bands.
I guarantee you will get good owrking tubes. Pictures are available on request.

There is a pair on the Bay right now for $165.00 which seems excessive.
Will sell the pair for $99.00 plus shipping.

73 - Brian Carling, AF4K

9266. REDUCED - TWO GONSET 6m AM RIGS

Yahoo group: RadioSwap (2008 — 2014)

From: Bry Carling
Topic: 9266 Message: 9266

REDUCED GONSET 6 Meter Amplifier AND ADDED Collector Condition Gonset G50 AM TRANSCEIVER

1) First the new offering - a really nice clean Gonset G50 VHF AM-CW Transmitter-Receiver. A much sought-after base rig for antique radio lovers! EXCELLENT CONDITION. Restored and tested. Supplied with a PDF manual.

Frequency Range: 50.00 - 54.00 MHz (VFO or crystal (f/6) controlled)

Mode: AM with RF power output of 27W (48W DC input)

Selectivity: 6db at 7kc

S+N/N: 6db with 2uV input

12 Tubes:
V1 6AU6 Transmitter VFO tripler
V2 6AQ5 Transmitter frequency doubler
V3 6146 Transmitter power amplifier
V4 12AX7 Transmitter microphone amplifier & transmitter/receiver audio amplifier
V5,V6 6L6GB Transmitter modulator & receiver audio power amplifier
V7 6BZ6 Receiver RF amplifier
V8 6U8 Receiver 1st mixer & oscillator
V9 6BE6 Receiver 2nd converter
V10 6BH6 Receiver 455 kc IF amplifier
V11 6AV6 Receiver 2nd detector, AVC protector, and receiver 1st audio amplifier
V12 6AL5 ALC, squelch limiter
Power source: 117V AC

Full details and picture at web link below.
Available for $175.00 plus shipping

ALSO -

2) REDUCED: GONSET VHF POWER AMPLIFIER 50 MHz, model 3065.

Give your Six Meter Band Gooney Box / Communicator, or other radio a boost.

With 3 to 6 watts of drive power, it will run 90 - 100 watts when using AM, FM or CW modes, according to the manual. Uses two 826 power tubes and also has two 5U4GB rectifier tubes. Should you ever need them replacement tubes are easy to find on eBay for anout $5 - 10.00 each. Has a built-in 120V AC power supply. AC power cord in great shape, and has all the original knobs. Will include a copy of the manual with schematic diagram. This amplifier is in great condition, and works properly.

One recently sold on the bay for $224.50 - Was asking $179.00 for this one previously.

REDUCED PRICE for Gonset 6m Amplifier and manual, I'm asking $125.00 plus shipping.

Pictures and details of both pieces of Gonset gear at:
http://af4k.com/radios.htm

9270. Two meter and 440 MHz rigs and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-03-21 23:14:40 UTC
From: Ken Simpson, W8EK
Topic: 9270 Message: 9270

Two meter and 440 MHz rigs and associated items For Sale:

HTX-242 Two meter FM transceiver:

The HTX-242 Two-Meter Mobile Transceiver is a great
two meter rig, with many features.

Features include:
Auto Memory Store
45 Watt and 10 watt power settings
True FM Modulation
41 Memory Channels
Priority Memory Channel
Individually Programmable Repeater Offsets
Subaudible Tone on both Transmit and Receive (CTCSS)
DTMF Page with Group Calling
DTMF Transmit and Memory
Programmable Frequency Steps
Extended Band Coverage, receiving from 136 to 174 MHz
Dual VFO and Duplex Modes

This one works 100%, and looks extremely nice. It does have
tape around the mic cord near the connector to reinforce a
potential weak point. It is in its original box.

It includes the rig, power cord, DTMF touch tone mic, and
miscellaneous hardware, in the original box.
With paper work for $95.

Yaesu VX-7 RS TriBand HT:

The Yaesu VX-7R is a triple band (6M, 2M & 440 MHz) HT
with extensive receive coverage, and leading-edge features.
This American version even transceives with 300 mW on the
220 band. Power output on 6 meters, 2 meters and 440 MHz
is 5/2.5/1/0.5 watts. It receives the AM and FM broadcast
bands, shortwave (AM), VHF and UHF TV audio, VHF Air and
public service frequencies. This model features a rugged
magnesium case with rubber bumpers and gaskets.
Only 2.5 x 4 x 1.2 inches.

Features:
24 hour clock
900 Memories
changeable icons
weather alert
AM/FM BCB

AM band and full SW to 30 MHz
CTCSS/DCS
European Tone Burst
Wideband Receive
True Dual Receive
ARTS-Automatic In-Range Transponder
Backlit Keypad & LCD
Internet Key for Access to WIRES?

This one works 100%, looks very nice and includes the rubber duck with the 6 m extension, good battery, charger and paper work for $275.

Yaesu VX-5 R tri-band HT:

The VX-5 will cover the 6m, 2m, and 440 MHz ham bands, with receive almost from DC to light. Actually receive starts at the AM broadcast band, and goes to about 1000 MHz, so that means it includes all of the public service bands outside of the ham bands, weather, FM commercial, commercial TV, SW bands, and much more. Power output is up to about 5 watts, in 4 steps. Of course PL tones (encode and decode) are included, plus much, much more.

Features:
220 Memories
AM/FM BCB
CTCSS/DCS
Wideband Receive
Dual Watch
ARTS-Automatic In-Range Transponder
Backlit Keypad

This particular unit is in nice shape. It includes the things that came with it originally, including charger and Lithium Ion battery that seems to last forever. The rubber duck antenna is complete with the 6 meter "extension" that is often lost and not included. Of course it works fine.

With paper work for $190.

Kenwood TH-235 Two Meter FM HT:

The Kenwood TH-235A Two meter HT has a large easy-to-read LCD, 60 channel memories with scanning and ten DTMF memories. Extended receive is 136-174 MHz so it includes the weather frequencies. When used on external DC power you will get a full 5 watts output. With the included PB36 battery pack, it produces 1.5 watts. The low power setting is 0.5 watts.

Features
Backlit LCD Display
60 Memories
Scanning
Battery Saver
Built-In CTCSS Encode
Extended Receive

This particular unit works 100% and looks like it just came out of the box new. It came from a silent key who I don't think ever used it. I added a new PB-36 battery, as the old one had been in the drawer long enough that it is not in good condition. This one includes the desk charger, rubber duck antenna, belt clip, and paper work for $95.

Cigarette lighter power cord for TH-235 above. $12

Icom MB-17 A, Quick Release Mobile Mounting Bracket:

The Icom MB-17A "Quick Release" mobile mounting bracket fits the Icom 207, 281, 481, 800, 2100, 2200, 2340, 2350, 2410, 2700, 2710, 2800, and likely other rigs that are about 5 1/2 inches wide.

Since it is the "quick release" type where the rig just slides in, it likely can be used with many other rigs, made by many different manufacturers. This means you can use it with a Kenwood, Yaesu, Alinco, etc. in addition to Icom.

This particular unit is new, in its original box, complete with all hardware. $30

Radio Shack PRO 2051 Trunking Scanner:

This scanner will do it all! It has 1000 memories, and covers from 25 MHz thru 1300 MHz, and includes "Signal Stalker" and triple trunking. It can also function as a weather radio with full alerting capabilities. There are more scanning and searching facilities than one can imagine! Of course it covers the 6 meter, 2 meter, 220 MHz, and 440 MHz ham bands, but it does so much more.

This particular radio is in its original box. It appears that it was not used, but that the manual was examined. I have tested it and everything seems to work perfectly, although it has so many features I was not able to test everything. This is a terrific immaculate scanner!

Only $125.

Heath Wattmeters/SWR Bridges:

Heath HM-2102 VHF Wattmeter/SWR Bridge:
The HM-2102 is similar to the HM-102, but covering 50 to 160 MHz., with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out. This particular meter works great, looks great, and includes paper work for $45.

Heath HM-2141 Dual Meter VHF Wattmeter / SWR Bridge:

The HM-2141 is the VHF version of the more popular HM-2140 wattmeter and SWR Bridge, and has the same features, except it covers from 50 to 175 MHz.

This is the wattmeter that has two meters on it, so it reads both forward and reflected power at the same time. It also has a "Peak" position, so it can capture the peak power, in essence reading PEP output. Forward scales are 30 or 300 Watts, and reverse are 10 W or 100 W, plus SWR scale. It covers 50 to 175 MHz. It needs a 9 volt battery for "peak" operation. It has a remote sensor with about 3 feet of cable.

This particular meter works 100%. The outer case (top and sides) is black hammertone, and looks very nice.

With paper work for $85.

Antennas for your HT:

All rubber ducks are for 2 meters, are in good condition, and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

BNC Connector about 7 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging
-
PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

ANLI AL-800 dual band HT antenna

This is a telescoping antenna that pulls out to about a 3 foot length. If covers both 2 meters and 440 MHz, and has

a BNC connector on it. It is rated to have 3.2 dbi gain on
2 meters and 5.6 dbi gain on 440 MHz.
It appears close to new. These are $39 on Amazon.
Get this one for only $25.

Radio Shack 20-006 A
This antenna is just over 2 feet in length when fully
extended. Radio Shack does not give it any gain rating,
and I don't know if I would trust those ratings anyhow.
It is safe to say it performs better than a rubber duck
antenna. This one will cover 6 m, 2 m , 220 MHz and
440 MHz. BNC connector. It is actually in its original
bag with original paper work. $15

I also have many other ham items available. Please e-mail
me if you have specific needs. I might be able to help you.

Prices do not include shipping from Florida.

Thanks.

9275. 10 meter equipment FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-03-24 13:15:43 UTC
From: Ken Simpson, W8EK
Topic: 9275 Message: 9275

10 meter equipment For Sale:

Transceiver, antennas and related items

With 10 meters opening up more now, it is time to get
on the band!

Uniden President HR-2600 10 meter all mode transceiver:

Uniden?s Model HR2600 President 10-meter transceiver
features CW, LSB, USB, AM and FM modes for Amateur Radio
use, plus programmable CTCSS control tones for accessing
repeaters. Although it was designed primarily as a mobile
unit, it can also be used as a base station with a 5 amp
power supply.

This unit covers the entire 10 meter band, so you can operate
CW on the low end of the band, SSB a bit higher, or AM or
even FM. PL (subaudible) tones are included for FM repeater
use. Basically, this unit will do anything you want to do
on 10 meters.

This particular unit has no modifications. It functions just
as it should. Everything works 100%. It looks very good,
but does have a couple very minor scratches. It includes
the mobile mount which looks like new (possibly never used),
microphone with up/down switches, power cord, and paper work,
in its original box. It even has a pack of hardware with it,
just like a new one. There is even a CD with additional information
(service manual, etc.) on it. This is a terrific unit!

All of this for only $140.

Astatic D-104 "Lollypop" Desk Microphone:

The D-104 is a high impedance microphone that matches many
of the older rigs, and is often seen pictured with them.
It looks somewhat like a giant chrome plated lollypop,
stuck into a gray base. The chrome PTT switch is a bar
that is parallel to the "stick" of the lollypop.

This particular D-104 works fine and is in good condition.
With paper work for $60.

Ten Meter Mobile Antennas:

All of these are vertical mobile antennas for the 10 meter
band. Unless listed otherwise, all are for what is normally

called an "Antenna Specialists" mount, which is sort of a
reversed PL-259 type of connection. All have a spring just
above the coil, at the bottom of the whip. All are about
3 to 3.5 feet long. I have checked each with an antenna
analyzer, to determine resonant frequency. I am sure that
mounting and surrounding objects might shift this frequency
slightly, but they are adjustable.

Antenna Incorporated - 28.8 MHz - $15

Unknown brand (might be Antenna Specialists) 28 MHz
$15

Unknown brand (might be Antenna Specialists) 29.2 MHz
$15

Magnetic Mount, with antenna, coil, and mag mount as one unit.
About 18 feet of coax, with PL-259 connector.
Breaker brand, 28.35 MHz, $25

HF Mobile Antennas:

All work fine and are in great cosmetic condition.

"Hamstick" Antennas:
Each antenna, when fully assembled and tuned, is about 7 feet
long, in a slim design that does not catch much wind.
Each has a 3/8 inch, 24 thread stud on the base, so they
fit a standard ball mount. No mast is required. Simply
screw the antenna into the standard ball mount.
Each antenna covers a single band only.
These are true Lakeview original hamsticks and not one
of the clones.
With paper work for only $20 each.
20 meter
10 meter
6 meter

Hustler HF Mobile Antennas:

"Standard" Hustler resonators (400 Watt):
10 meter resonator RM-10 $ 12

Hustler mobile masts:
MO-1 (folds about 14 inches above ball) $22
MO-2 (folds about 27 inches above ball) $22

Larsen 10 meter NMO type mobile antenna:

NMO-28 for use on ten meters
Quarter wave loaded antenna.
Coil only $12
Coil with whip $19

Larsen NMO-TLM Trunk Lip Mount
For use with any of the NMO type of antennas. This is a trunk lip mount, with a short coax. $10

Joymatch "Lo-z 500" Antenna Tuner:

This antenna tuner is manufactured by Partridge Electronics Ltd in England. It appears to be an "L" network with a 12 tap inductor and a single tuning capacitor. Apparently back in the 1960's or 70's Partridge made an antenna they called the Joystick. This is an antenna tuner that could be used with it, but of course it can be used with other antennas as well. It would appear to work on 80 thru 10 meters (including WARC bands). L networks only match impedances one direction, i.e. only lower than 50 ohms, or only higher than 50 ohms. You can change the direction of match by swapping the coax cables between the two SO-239 connectors.

I don't think the 500 means 500 watts. It looks more like it would handle 100 watts.

This tuner works fine and looks great. $50

MFJ 815 B Cross Needle Peak Reading HF Wattmeter:

The MFJ-815B cross-needle meter allows you to monitor both forward and reflected power, and SWR simultaneously. There are buttons to select either Peak or Average reading and power ranges of 300/3000 watts forward and 60/600 watts reflected. Frequency coverage is 1.8 to 60 MHz, so it covers 6 meters in addition to the HF bands, making it ideal for some of the new rigs that include 6 meters.
The peak reading function of this meter and meter light require external 12 V DC.

This particular unit works fine, and looks very close to new. With paper work for $65 plus shipping from Florida.

HF and VHF SWR Bridges:

All of these cover from 3 thru 150 MHz, covering HF, 6 meters, and 2 meters. SO-239 connectors in and out on all.

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owner's name on it.
In its original box with original instructions. $25

Monarch FSI-3
Appears to be the same SWR Bridge as above, but with a different faceplate and model number. Extremely nice condition. $18

Heath AM-2 SWR Bridge:
This SWR Bridge matches the DX-40, although it can be used with any HF or VHF transmitter. It is about 8 inches wide and 4.5 inches high, with the meter in the middle, and a gray colored knob at each side near the bottom. This particular unit works fine and is in very good shape. Paper work is included for $25.

Coax switches:

Homebrew Coaxial Antenna Switch
This coax switch has one common SO-239 on one side and six switched SO-239 connectors on the other side. It has been constructed in what appears to be a heavy solid copper box, about 3 1/4 inches wide X 2 high and 4 1/4 deep, plus knob and connectors. The switching is by three ganged ceramic rotary switches.
It does have one peculiarity, however. It appears that the way it is presently wired, one SO-239 is selected twice, and another one is not selected at all. $15

Workman CX-3, three position coax switch
Switch one rig to up to three antennas.
With SO-239 connectors.
It looks new, and is in its original box. $15

GC 2 position coax switch
This coax switch will switch between two different coaxial cables, such as two antennas, or switch one antenna between two rigs. It has SO-239 connectors.
This one looks like new. $12

Communications Speakers:

Realistic 21-549 A
This speaker is about 4 inches square and about 2 inches deep. It is rated for 5 watts, has an 8 ohm impedance, and is listed as a 300 to 3000 Hz frequency response, making it ideal for communications. It has a 3.5 mm (1/8 inch) mono plug, as used by most modern rigs. Gimbal mount included. It is black in color, looks great, and sounds great. $15

Vanco SPB-5
Appears to be the same at above, but with a Vanco label. Also includes gimbal mount. $15

Radio Shack PRO 2051 Trunking Scanner:

This scanner will do it all! It has 1000 memories, and covers from 25 MHz thru 1300 MHz, and includes "Signal Stalker" and triple trunking. It can also function as a weather radio with full alerting capabilities. There are more scanning and searching facilities than one can

imagine! Of course it covers the 6 meter, 2 meter, 220 MHz, and 440 MHz ham bands, but it does so much more.

This particular radio is in its original box. It appears that it was not used, but that the manual was examined. I have tested it and everything seems to work perfectly, although it has so many features I was not able to test everything. This is a terrific immaculate scanner!

Only $125 plus shipping from Florida.

I also have many other accessories available such as many different types of microphones, wattmeters, keyers, and many other ham accessories. Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

9282. Shinwa SR001 Receiver

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-04-07 04:37:26 UTC
From: ih8562000
Topic: 9282 Message: 9282

Hi,
I have a Shinwa SR001 receiver/scanner in good condition. It looks and works fine. Has a beautiful digital display. I have just the receiver. I do not have the remote or bracket. I've owned two and this is the last one. I have the manual in PDF. I just checked the receiver over and it's working fine. It runs on a twelve volt power supply at home or you can use it mobile.
This particular radio was always used at home. It was replaced by a Yaesu VR-5000 and put away for four years.
It has a small two wire power lead that terminates into a spade terminal. It has two antenna jacks as well.
It works and looks great. I would like to trade it for a SSB ten meter radio. Would like one in good physical and working condition. Please let me know what you have and maybe we can trade!!! I will have pictures on request only. When emailing, please put Shinwa in the title so I know its not spam.
Thanks,
Rich

9283. FS: New Hammarlund 0 - 50 pF Cap

Yahoo group: RadioSwap (2008 — 2014)

9288. Antenna Tuners FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-04-20 12:35:42 UTC
From: Ken Simpson, W8EK
Topic: 9288 Message: 9288

HF Antenna Tuners For Sale:

From very high power to lower power

MFJ 984 Versa Tuner IV Antenna Tuner:

MFJ says this will handle 3000 Watts PEP. Since the legal limit is half of that, you will be fine at legal power.

It covers 1.8 to 30 MHz with 250 pf 6kv caps and matches anything you want to throw at it, or so it seems.
It also includes an RF ammeter at the output of the tuner so you know how much actual RF current you are putting into the antenna. There's a wattmeter/swr bridge built in along with a small dummy load.

It has rugged heavy-duty construction. Switches are rated for 2KV and 17 amp carry capacity. There's a 4:1 balun and real ceramic feed through insulators.

This particular unit works fine. The case looks very nice. There is slight wear on the front panel, and one small scratch that you can see if the light is just right.

Paper work is included for $200.

MFJ 962 B, 1500 Watt Antenna Tuner:

This HF antenna tuner is rated for 1500 Watts from 160 thru 10 meters. It features a cross needle wattmeter that will read forward and reverse power, and SWR simultaneously. Full scale readings are 2000/200 watts forward, and 500/50 watts reverse. An antenna switch is built in, as is a balun. The meter has a back light that may be turned on or off. You need 12 V DC to power the light.

This tuner works fine, the meter works fine, and it lights properly. The cosmetics are good. The case looks great. The front panel shows some wear.
Wear, but not scratches.

With paper work for $160.

Joymatch "Lo-z 500" Antenna Tuner:

This antenna tuner is manufactured by Partridge Electronics Ltd in England. It appears to be an "L" network with a 12

tap inductor and a single tuning capacitor. Apparently back in the 1960's or 70's Partridge made an antenna they called the Joystick. This is an antenna tuner that could be used with it, but of course it can be used with other antennas as well. It would appear to work on 80 thru 10 meters (including WARC bands). L networks only match impedances one direction, i.e. only lower than 50 ohms, or only higher than 50 ohms. You can change the direction of match by swapping the coax cables between the two SO-239 connectors.

I don't think the 500 means 500 watts. It looks more like it would handle 100 watts.

This tuner works fine and looks great. $50

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

FOR SALE: Collection of air wound coils

Some are Airdux, and some are B&W according to the boxes they are in anyway.
There are 10 coils total. 6 still have the boxes. Most of them look very decent.
A couple could use a bath...

BW3014, AD 408T, 808T etc.

Example 1" diameter 2-3/4" long, about 45 turns. A couple of them look to be
more like 1/2" diameter. These are not all perfect, but most look to be very
serviceable. I would like $8.00 each for them if sold individually, but will sell the whole
collection for $49.00 plus shipping.

Picture at:
http://www.af4k.com/imag/ham/aircoils.jpg

E-mail any questions or to arrange purchase.

FS: RF CHOKES COLLECTION - 3 boxes available...

2.5 mH and 5 mH chokes along with other values frequently used for ham radio homebrewing. Over twenty coils total - plate chokes, RFCs and a few other coils, plus a couple of coil forms, some Ohmite chokes, and piston caps. Some are used but in good shape. These are all USA made and include items used in high powered transmitters etc.
RFC Group #1 available for $30.00 plus shipping

PICTURE OF GROUP #1:
http://www.af4k.com/imag/ham/rfc1.jpg

FS: RF CHOKES COLLECTION #2
2.5 mH and 5 mH chokes along with other values frequently used for ham radio homebrewing. Around 20 inductors here including plate chokes, RFCs, some Ohmite chokes, and a variety of other coils, plus a coil form and a piston cap or something. Some are used but in good shape. These are all USA made and include items used in high powered transmitters etc.
RFC Group #2 available for $30.00 plus shipping

PICTURE OF GROUP #2:
http://www.af4k.com/imag/ham/rfc2.jpg

FS: RF CHOKES COLLECTION #3
This is the largest group and it includes a bifilar wound filament choke, plate chokes, Ohmite
chokes... Plate chokes, 2.5 mH and 5 mH RF chokes walong with other values frequently used for ham radio homebrewing. There are over 40 inductors here including RFCs and other coils, coil form etc. Some are used but all are in good shape. These are all USA made and include items used in receivers, high powered transmitters etc.
RFC Group #3 available for $40.00 plus shipping

PICTURE OF GROUP #3:

From: Bry Carling
Topic: 9301 Message: 9301

FOR SALE: Military Crystals Box

Hold all of your crystals in one place for easy access and a tidy shack.

This Model BX40 crystals box has a hinged lid and holds 120 Type FT243 crystals or similar. This is for crystals with 1/2 inch pin spacing. It is in excellent condition. Unlike some of the
other cases that have four compartments and separate panels and lids to open, it only has one hinged lid and is in excellent condition. Military drab olive color.

Pictures may be found at:
http://af4k.com/imag/ham/BX40_1.jpg
http://af4k.com/imag/ham/BX40_2.jpg

Available for only $25.00 plus $13.00 for shipping.

Reply via e-mail off-list with questions or to arrange purchase.

FOR SALE: Transformers / USA Iron - first quality...

120V AC 1KW Isolation Transformer - rated 1400VA - nice case, with cables.
$45.00 plus shipping

UTC Filament Transformer, "Special Series" Type S70 - Gray potted - 115V AC primary to DUAL 6.3V CT secondaries, used excellent condition - $50.00 plus shipping

UTC Type HA-134 - gray potted multi-tap PP output transformer.
Push pull 6L6, 6550, 7355, 7581 etc.
Primary 5000 / 9400 ohms plate to plate
Secondary is 50, 125/150, 200/250, 333, 500/600 ohms
Max Input: 15 Watts (looks more like 40 watts)
High Fidelity Frequency Response: 30 to 40,000 Hz +/- 1dB.
Used, excellent condition - $50.00 plus shipping
(compare at $125 each on eBay)

TRIAD PP output transfomer HSM-84 rated 20 watts (looks more like 50 watts!) - Gray potted. Excellent used condition.
Primary 5000 ohms CT.
Secondaries: 4, 8 and 16 ohms.
Hi-fidelity Frequency response = 7 cps to 50,000 cps.
Available for $50.00 plus shipping

Type TF38X04ZZ Black potted upright choke.
12 Henries at 125 V 60 Hz.
Rated for 140 mA cointinous.
536 ohms series resistance.
715V max WV.
Altitude up to 20,000 feet
UTRA0 5135
Available for $12.00 plus shipping

Pictures available for all - e-mail me.

9308. Mobile Antennas FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-06-08 14:56:54 UTC
From: Ken Simpson, W8EK
Topic: 9233 Message: 9308

Mobile Antennas For Sale:

HF, VHF, UHF, and multiband antennas, plus
a variety of antenna mounts and connectors

Hustler HF Mobile Antennas:

"Standard" Hustler resonators (400 Watt):
10 meter resonator RM-10 $ 12

Hustler 54 inch mobile masts:
MO-1 (folds about 14 inches above ball) $22
MO-2 (folds about 27 inches above ball) $22

Mobile Antenna Mounts:

BNC Mag Mount
Has BNC connector on the mag mount so you can add the
rubber duck from your HT.
Coax has BNC connector for your HT.
It permits one to get the HT rubber duck out of the
car for better performance. $25

Antenna Specialists Mag Mount
with short coax $15

Trunk Lip Mount
Male 3/8 inch stud, with coax. $12

Generic Mag Mount
has female 1/4 inch threaded connection, with coax $12

Mobile Antenna Springs:

I found several mobile antenna springs that appear to
be new. They are the chrome plated type, and designed
for light to medium duty use, i.e. use on VHF type antennas,
and not for heavy duty HF use.

These are about 3 inches long. I have some that are
for 1/4 inch diameter antenna mounts and some for 3/8 inch.

These appear to be new, or at least unused.
They are $5 each.

Ten Meter Mobile Antennas:

All of these are vertical mobile antennas for the 10 meter
band. Unless listed otherwise, all are for what is normally

called an "Antenna Specialists" mount, which is sort of a
reversed PL-259 type of connection. All have a spring just
above the coil, at the bottom of the whip. All are about
3 to 3.5 feet long. I have checked each with an antenna
analyzer, to determine resonant frequency. I am sure that
mounting and surrounding objects might shift this frequency
slightly, but they are adjustable.

Antenna Incorporated - 28.8 MHz - $15

Unknown brand (might be Antenna Specialists) 28 MHz
$15

Unknown brand (might be Antenna Specialists) 29.2 MHz
$15

Magnetic Mount, with antenna, coil, and mag mount as one unit.
About 18 feet of coax, with PL-259 connector.
Breaker brand, 28.35 MHz, $25

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the
6 meter, 2 meter, and 440 MHz ham bands. This makes it
ideal for some of the newer multiband and dual band rigs
available today.

The antenna is on the order of 3 feet long and has a
very strong magnet. It has a long coax cable with a
PL-259 connector.

It works great, and looks very close to new. $75

Larsen VHF (2 meter) mobile antennas:

The first two provide about 3 db gain over a quarter wave,
and are very rugged antennas. About 4 feet long.

NMO-150 - for use on 2 meters
About 4 feet long.
This has been the standard of the industry for a very long time.
Coil only $18
Coil with whip $25

LM-150 for 2 meters
Similar to the NMO-150, but for the LM "Larsen Mount"
5/16 inch stud
Coil only $12
Coil with whip $19

NMO-Q - Quarter wave whip for 2 meters
Obviously no gain on this one.
about 19 inches long. $10

Larsen NLA Type Mobile Antennas:

These antennas fit the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Antenna Specialists 2 meter antenna
This is a 5/8 wave antenna with a "Gutter clip" type
mount. This is ideal for more portable or temporary
installations. Includes mount, coil, whip, and coax
with a PL-259 connector. $25

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Two telescoping antennas are available. Both are in very
nice, close to new condition, and have BNC connectors.

ANLI AL-800 dual band HT antenna
This is a telescoping antenna that pulls out to about
a 3 foot length. If covers both 2 meters and 440 MHz,
and has a BNC connector on it. It is rated to have
3.2 dbi gain on 2 meters and 5.6 dbi gain on 440 MHz.
It appears close to new. Only $25.

Radio Shack 20-006 A
This antenna is just over 2 feet in length when fully

extended. Radio Shack does not give it any gain rating,
and I don't know if I would trust those ratings anyhow.
It is safe to say it performs better than a rubber duck
antenna. This one will cover 6 m, 2 m , 220 MHz and
440 MHz. BNC connector. It is actually in its original
bag with original paper work. $15

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9311. Wattmeters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-06-19 12:33:28 UTC
From: Ken Simpson, W8EK
Topic: 1576 Message: 9311

Wattmeters For Sale:

MFJ 815 B Cross Needle Peak Reading HF Wattmeter:

Cross needle reads forward and reverse power simultaneously
SWR displayed also
300/3000 Watt forward and 60/600 Watt reverse
peak or average reading meter
160 thru 6 meters
12 V DC needed for lighted meter

Since it covers from 160 thru 6 meters, it is ideal for some
of the newer rigs that include six meters.

This particular unit works fine, and looks very close to new.
With paper work for $65.

Daiwa CN-520 "Cross Needle" wattmeter:

This wattmeter covers 1.8 to 60 MHz, and is the "cross needle"
type, so it reads SWR at the same time it reads forward and
reflected power.

Since it covers from 160 thru 6 meters, it is ideal for some
of the newer rigs that include six meters.

Forward scales of 2000 W or 200 W; reflected 400 W and 40 Watts.

This one looks very nice and works like new,
with the paperwork for $65.

Heath HM-2141 Dual Meter VHF Wattmeter / SWR Bridge:

The HM-2141 is the VHF version of the more popular
HM-2140 wattmeter and SWR Bridge, and has the same
features, except it covers from 50 to 175 MHz.

This is the wattmeter that has two meters on it, so it
reads both forward and reflected power at the same time.
It also has a "Peak" position, so it can capture the peak
power, in essence reading PEP output. Forward scales
are 30 or 300 Watts, and reverse are 10 W or 100 W,
plus SWR scale. It covers 50 to 175 MHz. It needs a 9
volt battery for "peak" operation. It has a remote
sensor with about 3 feet of cable.

This particular meter works 100%. The outer case (top
and sides) is black hammertone, and looks very nice.

With paper work for $70.

Heath HM-2102 VHF Wattmeter/SWR Bridge:

The HM-2102 is similar to the HM-102, but covering
50 to 160 MHz., with 250 and 25 watt scales. It can
also be used to check SWR, and has a remote sensor
that can either be left inside the meter, or separated
from the actual meter. SO-239 connectors in and out.
This particular meter works great, looks great, and
includes paper work for $45.

Heath HM-102/HM-2102 Wattmeter Parts:

Outer clam shell cabinet (left and right sides plus top)
fits either of these wattmeters. This one is in extremely
nice condition, with no scratches or blemishes.$12

Front panel and bottom of HM-2102 VHF Wattmeter
Great condition with no blemishes, and very nice crisp
lettering.$12

Reflectometer Assembly for HM-2102 VHF Wattmeter
This is the complete reflectometer assembly, including
the aluminum case, and the cable. $15

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Mobile Antennas For Sale:

HF, VHF, UHF, and multiband antennas, plus
a variety of antenna mounts and connectors

Hustler HF Mobile Antennas:

"Standard" Hustler resonators (400 Watt):
10 meter resonator RM-10 $ 12

Hustler 54 inch mobile masts:
MO-1 (folds about 14 inches above ball) $22
MO-2 (folds about 27 inches above ball) $22

Mobile Antenna Mounts:

BNC Mag Mount
Has BNC connector on the mag mount so you can add the
rubber duck from your HT.
Coax has BNC connector for your HT.
It permits one to get the HT rubber duck out of the
car for better performance. $25

Antenna Specialists Mag Mount
with short coax $15

Trunk Lip Mount
Male 3/8 inch stud, with coax. $12

Generic Mag Mount
has female 1/4 inch threaded connection, with coax $12

Mobile Antenna Springs:

I found several mobile antenna springs that appear to
be new. They are the chrome plated type, and designed
for light to medium duty use, i.e. use on VHF type antennas,
and not for heavy duty HF use.

These are about 3 inches long. I have some that are
for 1/4 inch diameter antenna mounts and some for 3/8 inch.

These appear to be new, or at least unused.
They are $5 each.

Ten Meter Mobile Antennas:

All of these are vertical mobile antennas for the 10 meter
band. Unless listed otherwise, all are for what is normally

called an "Antenna Specialists" mount, which is sort of a
reversed PL-259 type of connection. All have a spring just
above the coil, at the bottom of the whip. All are about
3 to 3.5 feet long. I have checked each with an antenna
analyzer, to determine resonant frequency. I am sure that
mounting and surrounding objects might shift this frequency
slightly, but they are adjustable.

Antenna Incorporated - 28.8 MHz - $15

Unknown brand (might be Antenna Specialists) 28 MHz
$15

Unknown brand (might be Antenna Specialists) 29.2 MHz
$15

Magnetic Mount, with antenna, coil, and mag mount as one unit.
About 18 feet of coax, with PL-259 connector.
Breaker brand, 28.35 MHz, $25

VHF Triband Mobile Mag Mount Antenna:

This mobile antenna is a VHF Triband antenna covering the
6 meter, 2 meter, and 440 MHz ham bands. This makes it
ideal for some of the newer multiband and dual band rigs
available today.

The antenna is on the order of 3 feet long and has a
very strong magnet. It has a long coax cable with a
PL-259 connector.

It works great, and looks very close to new. $75

Larsen VHF (2 meter) mobile antennas:

The first two provide about 3 db gain over a quarter wave,
and are very rugged antennas. About 4 feet long.

NMO-150 - for use on 2 meters
About 4 feet long.
This has been the standard of the industry for a very long time.
Coil only $18
Coil with whip $25

LM-150 for 2 meters
Similar to the NMO-150, but for the LM "Larsen Mount"
5/16 inch stud
Coil only $12
Coil with whip $19

NMO-Q - Quarter wave whip for 2 meters
Obviously no gain on this one.
about 19 inches long. $10

Larsen NLA Type Mobile Antennas:

These antennas fit the Larsen NLA mobile mount, which is
a special mount made by Larsen.

Larsen NLA-150, 2 meter antenna, for Larsen NLA mount
Has about 3 db gain on 2 meters.

This one works fine and looks fine also.

Coil only, without whip (whip is hard to ship). $10
With four foot whip. $19

Larsen NLA-UHF coil for 440 MHz
This is the coil only for use on the amateur 440 MHz
band and UHF public service bands. Good condition. $10

Antenna Specialists 2 meter antenna
This is a 5/8 wave antenna with a "Gutter clip" type
mount. This is ideal for more portable or temporary
installations. Includes mount, coil, whip, and coax
with a PL-259 connector. $25

Rubber Duck antennas for your HT:

All are for 2 meters, are in good condition,
and are $10 each, unless stated otherwise.

BNC - Original from Kenwood TH-215, about 5 inches long

5/16 inch threaded, as used by Motorola and others
Stubby - 4 inches long

Type F connector - 6.5 inches long

PL-259 connector - 6.5 inches long
HyGain 275, still in original packaging

PL-259 connector - Stubby - 4.6 inches long
Centurion, still in original package

BNC Stubby for 440 MHz, 3 inches long

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UHF Right angle 90 degree elbow connector $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for mounting thru a window, siding, etc. about 3 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male (PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT and provide an SO-239 connector that will permit a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9316. Antenna Tuners and Wattmeters FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-07-06 15:31:52 UTC
From: Ken Simpson, W8EK
Topic: 9316 Message: 9316

HF Antenna Tuners and Wattmeters For Sale:

From very high power to lower power,
HF and VHF Wattmeters

MFJ 984 Versa Tuner IV Antenna Tuner:

MFJ says this will handle 3000 Watts PEP. Since the legal limit is half of that, you will be fine at legal power.

It covers 1.8 to 30 MHz with 250 pf 6kv caps and matches anything you want to throw at it, or so it seems.
It also includes an RF ammeter at the output of the tuner so you know how much actual RF current you are putting into the antenna. There's a wattmeter/swr bridge built in along with a small dummy load.

It has rugged heavy-duty construction. Switches are rated for 2KV and 17 amp carry capacity. There's a 4:1 balun and real ceramic feed through insulators.

This particular unit works fine. The case looks very nice. There is slight wear on the front panel, and one small scratch that you can see if the light is just right.

Paper work is included for $200.

MFJ 962 B, 1500 Watt Antenna Tuner:

This HF antenna tuner is rated for 1500 Watts from 160 thru 10 meters. It features a cross needle wattmeter that will read forward and reverse power, and SWR simultaneously. Full scale readings are 2000/200 watts forward, and 500/50 watts reverse. An antenna switch is built in, as is a balun. The meter has a back light that may be turned on or off. You need 12 V DC to power the light.

This tuner works fine, the meter works fine, and it lights properly. The cosmetics are good. The case looks great. The front panel shows some wear.
Wear, but not scratches.

With paper work for $160.

Joymatch "Lo-z 500" Antenna Tuner:

This antenna tuner is manufactured by Partridge Electronics Ltd in England. It appears to be an "L" network with a 12 tap inductor and a single tuning capacitor. Apparently back in the 1960's or 70's Partridge made an antenna they called the Joystick. This is an antenna tuner that could be used with it, but of course it can be used with other antennas as well. It would appear to work on 80 thru 10 meters (including WARC bands). L networks only match impedances one direction, i.e. only lower than 50 ohms, or only higher than 50 ohms. You can change the direction of match by swapping the coax cables between the two SO-239 connectors.

I don't think the 500 means 500 watts. It looks more like it would handle 100 watts.

This tuner works fine and looks great. $50

MFJ 815 B Cross Needle Peak Reading HF Wattmeter:

Cross needle reads forward and reverse power simultaneously
SWR displayed also
300/3000 Watt forward and 60/600 Watt reverse
peak or average reading meter
160 thru 6 meters
12 V DC needed for lighted meter

This particular unit works fine, and looks very close to new. With paper work for $65.

Daiwa CN-520 "Cross Needle" wattmeter:

This wattmeter covers 1.8 to 60 MHz, and is the "cross needle" type, so it reads SWR at the same time it reads forward and reflected power.

Forward scales of 2000 W or 200 W; reflected 400 W and 40 Watts.

This one looks very nice and works like new, with the paperwork for $65.

Heath HM-2102 VHF Wattmeter/SWR Bridge:

The HM-2102 is similar to the HM-102, but covers 50 to 160 MHz., with 250 and 25 watt scales. It can also be used to check SWR, and has a remote sensor that can either be left inside the meter, or separated from the actual meter. SO-239 connectors in and out. This particular meter works great, looks great, and includes paper work for $45.

HF and VHF SWR Bridges:

All of these cover from 3 thru 150 MHz, covering HF, 6 meters, and 2 meters. SO-239 connectors in and out on all.

Royce 2-100 Single Meter SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. I do not see any scratches on it, but it does have a previous owner's name on it.
In its original box with original instructions. $25

Monarch FSI-3
Appears to be the same SWR Bridge as above, but with a different faceplate and model number. Extremely nice condition. $18

Heath AM-2 SWR Bridge:
This SWR Bridge matches the DX-40, although it can be used with any HF or VHF transmitter. It is about 8 inches wide and 4.5 inches high, with the meter in the middle, and a gray colored knob at each side near the bottom.
This particular unit works fine and is in very good shape.
Paper work is included for $25.

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

Topic: 9317 Message: 9317

FOR SALE: Transmitter Tubes from a Johnson Viking II Transmitter - all tubes available.

V7 and V17 - Pair of RCA 6146 tubes - good, tested - $15.00 each
V3 and V4 - Pair of RCA 807 tubes with plate cap connectors - $10.00 each
Rectifiers - Two RCA 5R4GY tubes - $10.00 each
5V4 rectifier tube - rare - $12.00
All other tubes - V1, V2, V5, V11 - QTY 3 OF 6AU6 plus 6AQ5, 6AL5 - total of 5 tubes.
All of these for $10.00 plus shipping.

These are all good tested used tubes with full output. If anyone would like all of the above
tubes - 12 in total, I will sell them for $75.00

Shipping additional.

Reference Books For Sale:

Reference Data for Radio Engineers:

This book published by Sams / ITT is somewhat similar
to an ARRL Handbook, but in much more depth and detail,
since it is designed for engineers.

This book covers the fields of research, development,
production, operation and education for radio engineers.
It is loaded with tables and charts necessary in
communications. Excellent resource book when looking for
data,from the acoustic spectrum to radio wave propagation.

This one is the Sixth Edition printed in 1978, but the
basic information has not changed much.

This one is hardback, and it is in excellent condition,
close to new. The cover does not even appear to be worn.
This exact book in this condition is selling on Amazon
from between $123 and $338.
Buy this one for only $75.

Terman Classic Engineering Book For Sale:

Radio Engineering by Terman
McGraw Hill Electrical and Electronic Engineering Series
Third Edition, 1947 - close to new condition
Hard bound - $30

A R R L Handbooks:

1981-58th edition
Cover is taped, and binding shows fading;
pages are yellowed, but intact and good. $8

1984-61st edition
It looks close to new. $15

1988-65th edition - Hard bound
This one is a couple inches thick.
Very close to new condition. $20

ARRL Books about Operating your ham station:

ARRL "Radio Amateurs Operating Manual"
2nd edition, $8
4th edition, inch thick $10

5th edition, over an inch thick, $12

ARRL "Operating an Amateur Radio Station"
1972 - 53rd edition $4
1976 - 57th edition $3
1978 - 58th edition $3
1983 - 61st edition $3

ARRL Public Service Communications - $3 each
Eighth Edition
Ninth edition
no edition number listed, looks fairly recent

ARRL Amateur Radio Field Resources Directory
First edition, $7

I also have many other accessories available such as many
different types of microphones, HTs, various transceivers,
HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

FOR SALE - (Two types)

Isolation Transformer rated 1:1 for 120V AC to 120V AC at 12 amps
continuous, 50 - 60 Hz. Excellent condition, and mounted in extra nice 14 gauge gray cabinet
with ON-OFF breaker switch, rubber feet and 4 IEC outlets. This one is rated 1400VA - nice case, with cables. AC Primary Cable and outlet adapter included.
Excellent quality, excellent condition.
Available for $45.00 each plus shipping. (2 available)

Isolation Transformer rated 1:1 for 120V AC to 120V AC at 9 amps
continuous, 50 - 60 Hz. Excellent condition, and mounted in extra nice 14 gauge gray cabinet
with ON-OFF breaker switch, rubber feet and 4 IEC outlets. This one is rated 1000VA - nice case, with cables. AC Primary Cable and outlet adapter included.
Excellent quality, excellent condition.
Available for $35.00 plus shipping. (1 only)

9320. FS: Heathkit DX100 Parts

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-07-21 18:11:16 UTC
From: Bry Carling
Topic: 9320 Message: 9320

FOR SALE:

Bunch of Heathkit DX100 parts - just about anything you need at present anyway...

Examples:

HV transformer - $65.00

Plate supply choke - $20.00

DX100 Modulation Transformer - in good working condition with long leads - $75.00 plus shipping

AF Driver transformer, in good working condition with long leads - $25.00 plus shipping

LOW VOLTAGE CHOKE - excellent with long leads - $15.00

Plate tuning capacitor - $25.00

Drive tuning capacitor - $5.00

LOADING variable capacitor - $20.00

Loading switched capacitors assembly with rotary switch and fixed capacitors - $9.00

COMPLETE SET OF ALL TUBES - $65.00

COMPLETE VFO Assembly with tube - $50.00

DX100 Front Panel - complete. Looks very good - $25.00

DX100 CABINET - complete. The outer cabinet panels require cleaning due to being a bit grubby but otherwise looks great. Available for $40.00

RF TANK COIL ASSEMBLY, bandswitching with mtg hardware - $15.00

DRIVER COIL ASSEMBLY, bandswitched - $5.00

Bandswitch assembly - complete with all sections, hardware and lever - $15.00

Complete set of the knobs (missing one small red one) - $35.00 for all.

Pair of 6146 octal sockets, ceramic and mounting hardware, ceramic - $10.00

Pair of 1625 tube sockets (7-pin), ceramic and mounting hardware, ceramic - $10.00

Two main electrolytic can Capacitors - $10.00 each. (Two sets available)

LV can Capacitor - $5.00

Bleeder Resistor, 15K + 15K with mounting hardware - $4.00

Wire-wound Potentiometer, AF Drive 25K - $10.00 (SALE PENDING)

Pair of 1625 ceramic plate cap connectors - $10.00

Plate RF choke assembly for RF final - $20.00

RF Final Coil with taps for all bands. Plus auxiliary coil - $18.00

Buffer coil - bandswitched - $8.00

Main Loading Variable Capacitor 3-gang, 0 - 500 pF each - $25.00

Pair of Toggle Switches for AC Power ON and Plate Supply ON - $3.00 for the pair.

Band Switch Assembly with shaft and bushing - $15.00 (SALE PENDING)

DX100 Chassis assembly including all shields, wiring harness, line filter, VFO socket etc. $25.00

9328. Collins Filter Questions

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-08-20 13:30:50 UTC
From: Bry Carling
Topic: 9328 Message: 9328

I have a Collins Mechanical Filter F455-FB-21 (6W2) - it looks new.

Can anyone tell me what radio this was used in? What bandwidth is the filter?
I presume it is a 455 kHz filter.

Does anyone have any idea what this filter is worth? I have two crystals with it so presumably
it i was used as an SSB generator, or they were used as BFO crystals. 453.58 kc. and 456.43 kc.

Thanks for any helpful ideas.

Bry AF4K

9330. Several Power Supplies FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-08-24 21:42:57 UTC
From: Ken Simpson, W8EK
Topic: 9330 Message: 9330

Several Power Supplies For Sale
From high current to low current

Icom PS-30 Deluxe Metered Power Supply:

The Icom PS-30 power supply is a deluxe supply that delivers
13.8 VDC at 25 amps. This power supply features a meter which
can be set to display amperage or voltage. Four outputs are
provided on the rear panel. Output 1 is a hard wired, high
amperage cable with the Icom standard 6 pin Molex plug.
Outputs 2, 3 and 4 provide lower current 13.8 VDC output.
This power supply has a snap-out tilt bracket.
Size: 9.5 x 5 x 12.5 inches.

This particular supply works fine, and looks very close to new.
Absolutely pristine. It is in its original box, with paper work.
$199

TenTec 25 amp switching power supply:

"Switcher / 25" 25 amp switching power supply

This is a 25 amp switching power supply in a case that
matches the early Omni series case, with the metal bezel
around it. It is in a case that is the same size as a 243
remote VFO. It has an ammeter on the front, along with
Switch, TenTec logo, and output bulb. The front panel
basically looks like a 280 power supply with a metal bezel,
but says "Switcher/25" on it. It is electrically very quiet,
and well shielded. It does not produce any electrical noise
that I could find.

Of course it works fine, and looks fine also. $140

Astron RS-20A Power Supply:

The RS-20A is a DC Power Supply producing 13.8 V DC (internally
adjustable from 11 to 15 V DC) at up to 16 amps continuous and
20 amps ICS. The RS-20 features crowbar over voltage protection
and fold-back current limiting to protect your equipment.

This particular supply works fine, and looks very close to new.
There is one very small scratch that can be seen if the light
is just right, but is not normally visible.

With paper work for $60.

Kepco Variable Bench Power Supply:

This is an ideal bench power supply! It is a Kepco Model ABC 40-0.5, which means that it will produce from zero up to 40 V DC at up to 1/2 amp. Great for the bench.

The voltage is adjustable with a 10 turn pot from close to zero, up to about 40 volts. There is a fairly large analog meter that reads the voltage. There is also current limiting built in that is adjustable from about 100 ma to up to about 700 ma. The same meter that reads voltage can be switched to read current, or short circuit current (the point that the current limit is set). In addition, there are connections on the back to allow remote sensing and remote programming. This is a quality regulated power supply!

This particular unit works 100%, and looks extremely nice.

Only $85.

10 amp, 13 V DC, Power Supply:

This is basically a generic 10 amp power supply made by Stabylex Electronics Corp., and is model 10 SR. It has automatic short circuit protection, and a very large heat sink.

Obviously a supply with a 10 amp rating is ideal for most 2 meter and dual band rigs.

This one works fine and looks great also. $35

Micronta 22-120 A Regulated power supply:

This supply is rated at 2.5 amps at 13 V DC. It is well regulated. It has a switch and LED power light on the front, with a circuit breaker and output terminals on the back. The case (left and right side and top) is basically all a heat sink, so it should cool the regulator well.

This one works fine and looks like new. No scratches. $30

Homebrew Power Supply:

This power supply is in a very nice gray and black enclosure with binding posts for the output on the front, along with a pilot bulb and power switch. The back panel has a fuse and the regulator. It looks to be good for 12 V DC at about 1.5 amps.

It works fine and looks really great. No scratches or defects on the cabinet. $15

"Wall Wart" Power Supplies:

All of these are "regular" wall warts - not the new
switching type that create all sort of noise in your
receiver. Use one of these, and leave the noise behind.

12 V DC at 625 ma
Many uses for the 12 volt variety! $14

Heathkit "Converter / Charger"
9 Volts DC at 100 ma.
No Heath number on this, and I don't know what it was used
on originally. It can be used either as a 9 Volt DC "power
pack" or as a charger. It has a 2.5 mm male plug on it, with
the tip positive, so it can be used on many devices. $10

9 Volt DC at 500 ma
This one was used on a MFJ 422 keyer, but will also power
other items needing 9 V DC at low current. It has a
2.5 mm male plug on it, tip positive. $12

I also have many other ham items available. Please e-mail
me if you have specific needs. I might be able to help you.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

9335. HF Linear Amplifiers FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-08-30 13:15:38 UTC
From: Ken Simpson, W8EK
Topic: 9335 Message: 9335

HF Linear Amplifiers For Sale:

Amp Supply LK-500 Z A, HF Amplifier:

The LK-500 is an HF amp that runs a pair of 3-500 tubes, on the 160 thru 10 meter bands, producing close to the legal limit. On this amp, 30 watts of drive produces about 400 watts out of the amp; 50 watts gives about 650 Watts out; etc.

This amp has a MUCH heavier duty Peter Dahl power transformer, and covers 160 meters. It has a excellent tuned input matching circuit. It is a superior amplifier.

This particular amp works very well. It has a manual step start circuit added, and the electrolytic capacitors have been replaced. Cosmetically it looks very, very nice. I can not find a scratch on it. It looks like new.

Since this is heavy, I would much prefer pickup in the Ocala, FL area.

With paper work for $900.

Ameritron AL-572, HF Amplifier:

Ameritron's new class of Near Legal Limit Amplifiers give you nearly full legal SSB power output for a much lower price. You get 1300 Watts PEP SSB nominal power out on amateur bands 160-15M.

Two lighted Cross-Needle Meters
Grid current, plate current and forward PEP output power are continuously monitored to tell you of proper loading and alert you to abnormal conditions. A fourth scale switches among peak reflected power (and SWR), high voltage, ALC threshold and ALC output voltage.

It has a transmit LED, 12 VDC, 200 mA accessory jack, and 12 VDC keying relay for solid state/tube rigs.
It draws 16 amps at 120 VAC, but can also be used on 240 V AC.

Features:
Instantaneous RF Bias
Step-Start Inrush Protection
Heavy duty power supply
Pi/Pi-L network

Tuned input
Dual lighted Cross-Needle meters
6:1 vernier reduction drives
Four rugged 572 B Tubes

This particular amp is in extremely nice condition
both cosmetically and electrically. Everything works
100% and it looks very close to new.

Paper work included for $900.

TenTec Hercules II 420 HF Amplifier:

This is a fully solid state all-mode HF linear
amplifier covering 1.8 to 30 MHz continuously.
It requires 13.6 VDC at 100 A max. Drive power
is 50 to 80 W typical for 550 W output. Maximum
Power output on SSB/CW/RTTY is 550 W DC at 50%
duty cycle.

This amp features full QSK break in CW. It can
be remote controlled (bands switched remotely)
from many transceivers.

This particular amplifier looks extremely nice.
I can not find a scratch on it. Electrically, I
think all works fine. It requires a 13 V DC power
supply in the 80 to 100 amp category. I only have
a 35 amp supply to test it with. As a result, I
only get 250 watts out of it before the power supply
over current limit kicks off. But all of the QSK
and everything works fine, as long as I keep it low
enough for the power supply I have.

With paper work for $900.

Heath SB-200 HF Linear Amplifier:

The SB-200 uses a pair of 572B tubes, and operates
on 80 thru 10 meters. It may be used on SSB, CW,
or digital modes.

This particular amplifier puts out about 750 watts
on 20 meters, and has been tested for operation on
all bands.

Cosmetically, it is in extremely nice condition.
I can not find a scratch on it.

Paper work is included for $475.

In all cases, pick up of the amplifier is first choice.
The amplifiers are heavy and hard to ship. I am located

near Ocala FL, not far off of I-75.

Obviously, if it necessary to ship, the cost is not
included in the prices listed.

I also have many other accessories available such as many
different types of microphones, HTs, various transceivers,
HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

9393. 29 MHz AM

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-09-03 10:35:41 UTC
From: Bry Carling
Topic: 9393 Message: 9393

10m sporadic E, trans-equatorial and other exotic modes can often be pretty hot during this time of year. Even with a few watts, contacts can often be made. Suitable crystals are available as follows:

I have a few each of these FT243s left (and numerous other 10m crystals that will work with almost any ham rig from the golden era of tube radio!)

29.000 MHz
29.010 MHz
29.020 MHz
29.040 MHz
29.100 MHz
29.120 MHz
29.160 MHz
29.172 MHz
29.180 MHz

Limited stock available - most of these are $14.00 each.

Some folks say not to expect much from 3 or 4 watts of AM on ten meters, but under the right
circumstances I have made QRP contacts into central Asia and other spots on the opposite side of the globe with decent R5 signal reports each way. Those were with a converted CB rig, so would be similar power levels...

YMMV

10m Crystals

Good Evening,

The bonus is going to blow up...
Disarm the bomb in time and
the bonus will be yours
Act quickly, the clock is ticking,
make your choice: "Red" or "Yellow"
If you succeed to disarm
the bomb you'll be directed to the bonus page.
Don't let the
bonus to explode, and it will double your balance.

9913. All Reduced XFMRS, XTALS etc. $2 and up

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-09-20 11:45:00 UTC
From: Bry Carling
Topic: 9913 Message: 9913

Reduced:

Power Transformer - 50V AC at 18 amps with 120V AC primary - heavy - CLEAN, like new, $15.00 plus shipping.

P-3064 USA-made, new Filament transformer 6.3V CT at 6 Amps - $6.00 plus shipping.

12 HENRY Choke at 140 mA NEW TF3SX0422 UTRA 5135 - $4.00

UTC HA-134 transformer - new - $45.00

UTC model S70 transformer, used clean - $45.00

TRIAD HSM-84 Output transformer 5K ohms to 4/8/16 ohms 20 watts, clean - $35.00

Power Supply 65V DC at 12 Amps with additional +/-15V DC at 1 amps and 5V DC at 3 Amps. Very clean. Like new. Has dual primary set for 120V AC. $20.00 plus shipping.

Isolation transformer, extra nice - 4 outlets, 120:120V AC at 12 Amps - $35.00 plus shipping
(two available)

Terminal boards, all new phenolic and fiberglass, for point-to-point wiring. Group includes
three pieces approx. 10" X 1.5" with two rows of 20 turrets. Easily split into smaller pieces,.
Also one 9" X 2" piece with 38 turrets, and four more pieces that are 2.5" X 0.5" with 6 turrets. These turret boards are difficult to find and excellent for tube audio and RF projects.
Sill sell the whole batch for $12.00 plus shipping.

Project cabinet for homebrew radio or electronic construction. Aluminum case with woodgrain
finish looks totally excellent. Rubber feet, sloping cowl on front of the top cover for a rofessional finish. Has rubber feet and measures 9" X 6" X 3" - it looks like something TenTec might have made. QTY 1 available for $5.00

FT243 ORIGINAL CRYSTALS: (while they last)

1816 kHz - $16.00
3732 kHz - $10.00

7025 kHz - $16.00
7050 kHz - $16.00
7075 kHz - $16.00
7100 kHz - $10.00
7125 kHz - $10.00
7150 kHz - $10.00

7163 kHz - $10.00
7164 kHz - $10.00
7172 kHz - $10.00
7175 kHz - $10.00
7194 kHz - $10.00
7200 kHz - $10.00
7225 kHz - $10.00
7245 kHz - $10.00
7250 kHz - $10.00
7275 kHz - $10.00

8025 kHz - $10.00 (2m)
8350 kHz - $10.00 (6m)
8375 kHz - $10.00
8400 kHz - $16.00
8425 kHz - $10.00
8450 kHz - $10.00

Sockets for FT243 crystals:
Ceramic - $8.00

Date: 2013-09-29 13:03:22 UTC
From: Bry Carling
Topic: 10204 Message: 10204

FOR SALE:

Meissner Signal Shifter,

This is a beautiful example of one of the coolest little transmitter / VFO devices from the golden age of radio. It uses several tubes and has an 807 RF final! Rated at 5 watts.

Has a built-in power supply for 120V AC use. This is one of the nicest ones I have ever seen.
Let me know if you would like pictures and I can make some later on this evening.

Available for $125.00 plus shipping

73 de AF4K, Bry

Bry,

I used a MSS for a couple of years in the AWA CW contest. See http://www.prismnet.com/~nielw/shack_tours/wa5vlz_jan88.htm I had an antenna tuner between it and the antenna. The final is a doubler. Worked fine for the contest.

You probably ought to go ahead and post photos. There were at least three versions of the Signal Shifter plus the EX version. You'll need to also note the coils (ham band and Bandspread coils were sold) you have.

73,
Niel - W0VLZ

From: Bry Carling
Topic: 10296 Message: 10296

FOR SALE:

EL34B / 6CA7 Tubes $8.00 each (qty 4 available)

These rugged TUNGSOL tubes cost $45.00 per pair.

These are top quality TungSol tubes that are supplied in the boxes. They are used, tested tubes with only a few hours on them, that are working perfectly and have low hours. Were purchased recently from Tube Depot. These are brown-base tubes and can barely be distinguished from new ones.

Available for $8.00 each or take all four for $30.00 plus shipping.

Regards - Bry AF4K

10475. REDUCED: 160m and 80m $2 crystals, hc6u

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-10-08 09:28:56 UTC
From: Bry Carling
Topic: 10475 Message: 10475

Reduced price: 160m experimenter crystal packs

1) 160m - Pack #1 of 5 crystals:
1800, 1801, 1838, 1928, 1930 kHz

2) 160m - Pack #2 of 5 crystals:
1932, 1934, 1935, 1937, 1941 kHz

3) 80m pack - Pack #3 of 5 crystals:
All 5 are on 3742 kHz.

These are all original full size crystals and I have ceramic and plastic sockets available too if
you need them.

The above are available for $10.00 per pack which is $2.00 per crystal.
Shipping additional.

FOR SALE:

Homebrew CW transmitter 6CL6 and 2E26 tubes. Approx.15 watts. Buiilt in AC power supply and relay switching for antenna nd high voltage all built in. Has meter for plate current and all
typical conveniences. 1/4" jack for CW key, and SO 239 connectors for Antenna AND receiver. Uses advanced grid block keying so you can also use it with your keyer.
FT243 crystals may be plugged into the socket on the front. (added later after the picture below was taken.)

Standard PI network output to antenna. Stable, clean signal. Excellent and has made many contacts. Currently set up for 40m CW but may be easily changed to other bands such as 80m, 30m and 20m by swapping out one coil. 120V AC operation.

See:
http://www.af4k.com/imag/ham/2e26_5.jpg
More pictures and details on request... Available for $60.00 plus shipping

TUBE ERA AC power supply. Nicely built classic homebrew point-to-point wired supply wit switches and pilot lamps. Suitable for a medium sized or small sized transmitter up to about
100 watts+ input. Made for 120V AC primary and has outputs of 500V DC at 200 mA and 6.3V AC at 5 amps.
Pictures and details on request... Available for $40.00 plus shipping

CLEGG 99er 6m Transceiver - classic 5 watt AM Transceiver.
50 - 52 MHz. Has SO239 connector for antenna nad tunable receiver.
120V AC operation. Very clean looking for its age. Excellent condition with manual copy.
See mic stand below... See video also:
http://www.youtube.com/watch?v=FDVAIVC_5pk
Pictures and details on request... Reduced to $75.00 plus shipping

Astatic Microphone stand UG type with cable. Has the 3-pin connection in top for a D104 or similar cartridge. Lovely flat black wrinkle paint base, clean and in superior condition. Cable
has connector for the CLEGG 99er listed above. Looks like this one:
http://forums.qrz.com/attachment.php?attachmentid=34264&stc=1&thumb=1&d=128892839
5
(Stand only - no microphone is included)
Pictures and details on request... Available for $15.00 plus shipping

MEISSNER Signal Shifter VFO model EX. This is the bandswitching VFO that actually can be used as a cool tube QRP transmitter and produces more than 5 watts from an 807 RF final tube. This is a great looking example of one of the coolest little transmitter / VFO devices from the golden age of radio.

Has the normal, built-in power supply for 120V AC use. This is one of the nicest ones I have
seen. Pictures and details on request... REDUCED TO $95.00 plus shipping

YAESU FL2100B LINEAR AMPLIFIER - 80m through 10m ham bands
Uses two 572B Tubes. 1200 watts p.e.p. input on 80 through 10m. 120V AC operation.
Comes with a copy of the manual. Pictures and details on request
Available for $500.00 plus shipping

11259. Dual Band Multimode Xcvr and other Yaesu Items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2013-11-01 14:20:01 UTC
From: Ken Simpson, W8EK
Topic: 11259 Message: 11259

Yaesu Items For Sale:

Dual Band Multimode transceiver, Desk Microphone,
RF Speech Processor, Power Cord, VX-7 Accessories,
several hand Microphones, HT accessories, and more

Yaesu FT-736 R, Dual Band, Multimode Transceiver:

The Yaesu FT-736R all mode transceiver incorporates up to
four band modules covering the 50, 144, 220, 440 and
1200 MHz amateur bands. It is supplied with 2 meters and
440 at 25 watts output. This radio has conveniences such
as IF shift, IF notch, keypad entry, noise blanker, all
mode VOX and three-speed AGC. The memory system includes
100 general purpose memories, 10 full duplex cross-band
memories and 1 call channel, all of which store mode and
frequency.

Features:
All Mode
Keypad Entry
100 Memories
IF Notch
IF Shift
Dual Digital VFO's
Semi Break-in CW
All Mode VOX
Built-in Power Supply
10 Duplex Memories

This particular unit works 100% and looks like new. It
includes the optional tone unit for subaudible tone encode
and decode, and the 600 Hz CW filter. It is still in
its original box, with paper work for $775.

Yaesu YD-148 Dual Impedance Desk Microphone:

The Yaesu YD-148 is a very nice "goose neck" type
desk microphone.
It has both high and low impedances, which can be
selected by a switch. This means it can be used on
some of the older rigs requiring a high impedance mic,
or with the more modern rigs needing a low impedance mic.

This particular mic is in very nice condition.
It works 100%.
With round 8 pin connector for $85.

Yaesu E-736 DC Power cord
The box says for the FT-736, but I am sure it will work
with others as well, as it is the standard 6 pin molex
connector used by many different rigs.
This one is new, still in its original box. $22

TenTec 715 RF Speech Processor:

The Model 715 RF Speech Processor is a high performance
true RF-type speech processor designed to operate with
most modern HF Amateur Radio transceivers. RF speech
processing is a superior system to traditional AF
systems found in a typical HF transceiver.

..Increase average SSB power output by up to 6 dB
..Enhance readability by stations hearing your signal
..Break pileups for DXpeditions faster
..Keep your net or contest run frequency clearer
..Easy to install, easy to operate

The 715 RF speech processor is installed between the
microphone and the microphone jack on your transceiver.
Two microphone inputs are provided -- an 8 pin microphone
connector wired for TenTec and Yaesu, and a 1/8? input
used for direct connection of microphones. 13 V DC required.

This particular unit works 100% and looks like new.
Paper work is included for $200.

Yaesu NC-72 B
This is the wall charger that is used with the VX-5 series
HTs (VX-6, VX-7, etc.), and also the FT-817, and probably
others. It is also used to power the CD-15 desk chargers.
This one is in its original box, apparently unused. $15

Yaesu VX-7 accessories:

VX-7 Nifty Mini Manual
A pocket reference to all of those commands that no one
remembers! For the VX-7. Spiral bound. $18

Programming cable
This cable has the threaded connector as used by the VX-7,
but it can also be used on the VX-6, 5, 3, etc. Uses USB port.
It works great with the free "Chirp" program. I have not
tried it with others. $18

MFJ-284 HT Speaker Microphone:

This speaker mic has the 3.5 mm and 2.5 mm plugs on
it, as used by Icom, Alinco, Radio Shack, some Yaesu,
and many other HTs.

It works with the following:

YAESU 109, 209, 709, 23, 73, 33, 727 and other YAESU
radios which are pin compatible with the above rigs.

ICOM 2AT, 02AT, 3AT, 03AT, 4AT, 04AT, 12AT, u2A, u2AT,
u4AT and other ICOM radios which are pin compatible
with the above rigs.

ALINCO DJ-560 and other ALINCO radios which are pin c
ompatible with the DJ-560

RADIO SHACK - most

SANTEC ST-20

It works great, and looks like new.

With paper work for $15.

Yaesu MH-15 DTMF Touch Tone Microphone:
The MH-15 c6 is a hand microphone that features a 16 digit
DTMF Touch Tone Pad on the back, along with a lock/unlock
switch. The top has up/down buttons. Of course the PTT
is on the side. This one has the round 6 pin connector.
It works fine and looks close to new. $40

Yaesu YM-17 hand microphone:
The YM-17 is a hand microphone with up/down switches on
the top corner. It has the round 6 pin connector.
This one works fine and looks really great. $30

Yaesu YM-31 hand microphone:
The Yaesu YM-31 is a hand mic with a round 6 pin
connector. Apparently it is either similar or the
same as the MH-25A6j (not the MH-25 with the 8 pin
connector). It is a 600 ohm impedance hand microphone,
and has a Monitor on-off switch on the back.
It looks very similar to the Yaesu MH-1.
This one works fine and looks extremely nice. $25

Yaesu HT Accessory Items:

Belt Clip for Yaesu FT-207, with hardware. $8

Wrist Strap for Yaesu FT-209, and others $4

Antennas for your HT:

All rubber ducks are for 2 meters, are in good
condition, and are $10 each, unless stated otherwise.

BNC - Original Alinco EA0024 - 4 inches long

BNC - Original from Kenwood TH-215, about 5 inches long

BNC "Stubby", about 4 1/2 inches long

BNC Connector, about 7 inches long

Type F connector - 6.5 inches long

BNC Stubby for 440 MHz, 3 inches long

Not a Rubber Duck, but can be used on your HT:
Telescoping Antenna w/ BNC about 19 inches long
can be used as a quarter wave antenna on
2 m, 220, or 450 MHz. $12

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

From: Bry Carling
Topic: 11768 Message: 11768

FOR SALE
MEISSNER Signal Shifter VFO model EX. This cool bandswitching VFO that actually can be used as a vintage, tube-era QRP transmitter. It produces around 5 - 6 watts from an 807 RF final tube. This is the bandswitching version and it has all of the coil sets for full HF coverage, Unmodified.

This is a great example of one of the coolest little transmitter / VFOs from the golden era of
radio. Truly a fun boatanchor / QRP combo!

Has the normal, built-in power supply for 120V AC use. This is one of the nicest ones I have
seen. Pictures and details on request...

Available for only $95.00 plus shipping

Will post pictures and details soon on:
http://af4k.com/radios.htm

Fellers,

I have seen this and it's an amazing receiver. A certain ham celebrity almost bought it a couple of months ago. Anyone would be well advised to jump on it!

It's not mine and I have no financial interest in the sale. Just vouching for Gary's nice radio!

http://www.gjohanson.com/Homesite/PHOTOS/HRO6.jpg
http://www.gjohanson.com/Homesite/PHOTOS/HRO7.jpg

She came from an Auction lot. Former owner obviously took care of her. She is complete with original dog house supply which has been fused, btw. The speaker is HRO, yes, but it was from an HRO-50. It's been wrinkle finished to match the receiver, it does have a transformer inside. This receiver also has the aftermarket Xtal Calibrator which National made for it.

It has it's original coil compliment, but it does not have the wooden coil storage rack.

Her problem is....she's TOO stock. She needs a recap. I have a photo copy manual and parts list. I also have a numbered list of the caps that need to be replaced. She is as clean
underneath as she is above deck.

I am asking $300.00 for her as she sits. She comes with her own foot-locker.

No, you don't want to ship this thing. When I say footlocker, the rig takes up every square inch of a genuine U.S. Navy Steamer Trunk. Well over 150 lbs total. Steamer trunk goes with her, btw. Local Pick Up, Deltona FL., 32725

Her mfg date is 1946.

If interested, pse contact me at:

From: Ken Simpson, W8EK
Topic: 9056 Message: 13086

Power Supplies and Related Items For Sale:

MFJ 1118 Heavy Duty DC Power Distribution Strip:

The MFJ-1118 is a versatile, high-current deluxe multiple DC power outlet. It lets you power two HF and/or VHF transceivers and six or more accessories from your transceiver's main 13 V DC power supply. You get two pairs of super heavy duty 30 amp 5-way binding posts for powering your transceivers. Each pair is individually fused and RF bypassed, capable of a total of 35 amps.

An LED indicates power "ON". Six pairs of heavy duty, RF bypassed 5-way binding posts lets you power your accessories. They handle a total of 15 amps and are protected by a master fuse, have an ON/OFF power switch and an LED power indicator.

You get 6 feet of super heavy eight gauge color-coded cable with ring tongue terminals, plus a built-in 0 - 25 VDC monitor meter.

This one is like new. With paper work for only $60.

TenTec 25 amp switching power supply:

"Switcher / 25" 25 amp switching power supply

This is a 25 amp switching power supply in a case that matches the early Omni series case, with the metal bezel around it. It is in a case that is the same size as a 243 remote VFO. It has an ammeter on the front, along with Switch, TenTec logo, and output bulb. The front panel basically looks like a 280 power supply with a metal bezel, but says "Switcher/25" on it. It is electrically very quiet, and well shielded. It does not produce any electrical noise that I could find.

Of course it works fine, and looks fine also. $140

10 amp, 13 V DC, Power Supply:

This is a basic 10 amp power supply made by Stabylex Electronics Corp., and is model 10 SR. It has automatic short circuit protection, and a very large heat sink.

Obviously a supply with a 10 amp rating is ideal
for most 2 meter and dual band rigs.

This one works fine and looks great also. $35

Vintage Icom IC-3PA Power Supply / Speaker:

The Icom IC-3 PA was originally designed to be used
with Icom's 10 watt 2 meter rigs, such as the IC-22,
IC-230, IC-22 S, etc. It produces 13 V DC at 3 amps,
and shuts down at 4.5 amps.

In addition to being a power supply, it also has a front
facing speaker in the enclosure. It is designed so that
the 2 meter rig sets on top of the power supply. It has
four lights for power, normal, warning, and over current.

This particular unit is in extremely nice condition.
The normal and power lights work. I don't know about
"warning" and "Over current", but I expect that they
do. I do not find any scratches on it.

With the paper work for $40.

Micronta 22-120 A Regulated power supply:

This supply is rated at 2.5 amps at 13 V DC. It is
well regulated. It has a switch and LED power light
on the front, with a circuit breaker and output terminals
on the back. The case (left and right side and top) is
basically all a heat sink, so it should cool the
regulator well.

This one works fine and looks like new. No scratches. $30

Homebrew Power Supply:

This power supply is in a very nice gray and black enclosure
with binding posts for the output on the front, along with
a pilot bulb and power switch. The back panel has a fuse
and the regulator. It looks to be good for 13 V DC at
about 1.5 amps.

It works fine and looks really great. No scratches or
defects on the cabinet. $15

Bench Type Power Supply:

This power supply is completely adjustable
with a multiturn pot, up to about 20 Volts DC.
It appears to be good for about 3/4 of an amp.
The analog meter reads 0 to 15 Volts DC or
0 to 30 V, switch selected.

It is housed in a very nice eggshell and wood
grain cabinet. Of course it works fine. $20

"Wall Wart" Power Supplies:

All of these are "regular" wall warts - not the new
switching type that create all sort of noise in your
receiver. Use one of these, and leave the noise behind.

12 V DC at 625 ma
Many uses for the 12 volt variety! $14

Heathkit "Converter / Charger"
9 Volts DC at 100 ma.
No Heath number on this, and I don't know what it was used
on originally. It can be used either as a 9 Volt DC "power
pack" or as a charger. It has a 2.5 mm male plug on it, with
the tip positive, so it can be used on many devices. $10

9 Volt DC at 500 ma
This one was used on a MFJ 422 keyer, but will also power
other items needing 9 V DC at low current. It has a
2.5 mm male plug on it, tip positive. $12

Kepco Variable Bench Power Supply:

This is an ideal bench power supply! It is a Kepco Model ABC
40-0.5, which means that it will produce from zero up to 40 V
DC at up to 1/2 amp. Great for the bench.

The voltage is adjustable with a 10 turn pot from close to zero,
up to about 40 volts. There is a fairly large analog meter that
reads the voltage. There is also current limiting built in that
is adjustable from about 100 ma to up to about 700 ma. The same
meter that reads voltage can be switched to read current, or
short circuit current (the point that the current limit is set).
In addition, there are connections on the back to allow remote
sensing and remote programming. This is a quality regulated
power supply!

This particular unit works 100%, and looks extremely nice.
Only $85.

Large 150 Volt AC Weston Analog Meter:

Weston Model 1934, 150 Volt AC meter
This meter is a nice large 3.5 inch modern meter.
The AC scale is expanded, so that 120 volts is
easier to read. This meter is new, never used,
still in its original box, complete with hardware.
$40

Weston Model 1931, 150 Volt DC Meter
This meter is similar to the one above, except

it is for DC instead of AC.
It is also new, in its original box, with hardware.
$25

Surge Station and Noise Filter:

This unit is still in its Radio Shack (#61-2327) box, never used. It says it is for a notebook computer, but it can be used with anything. It has connections for a computer network (LAN, RJ-45 connector), the AC power, and for phone lines (RJ-11 connector), and provides noise filtering and surge suppression on each. It even includes $25,000 insurance against surges. Maximum power rating is 1875 Watts, or 15 amps. Noise filtering is listed at 40 db.

This unit is new, in its original box, with its original paper work. $15

I also have many other accessories available such as many different types of microphones, HTs, HF, VHF and UHF rigs, HF and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

From: Ken Simpson, W8EK
Topic: 13237 Message: 13237

Microphones and Audio Related Items For Sale:

Desk Microphone, RF Speech Processor, DTMF Touch
Tone Microphones, several hand Microphones, Speakers,
Speaker Microphone, and more

Yaesu YD-148 Dual Impedance Desk Microphone:

The Yaesu YD-148 is a very nice "goose neck" type
desk microphone.
It has both high and low impedances, which can be
selected by a switch. This means it can be used on
some of the older rigs requiring a high impedance mic,
or with the more modern rigs needing a low impedance mic.

This particular mic is in very nice condition.
It works 100%.
With round 8 pin connector for $85.

TenTec 715 RF Speech Processor:

The Model 715 RF Speech Processor is a high performance
true RF-type speech processor designed to operate with
most modern HF Amateur Radio transceivers. RF speech
processing is a superior system to traditional AF
systems found in a typical HF transceiver.

..Increase average SSB power output by up to 6 dB
..Enhance readability by stations hearing your signal
..Break pileups for DXpeditions faster
..Keep your net or contest run frequency clearer
..Easy to install, easy to operate

The 715 RF speech processor is installed between the
microphone and the microphone jack on your transceiver.
Two microphone inputs are provided -- an 8 pin microphone
connector wired for TenTec and Yaesu, and a 1/8? input
used for direct connection of microphones. 13 V DC required.

This particular unit works 100% and looks like new.
Paper work is included for $200.

DTMF Touch Tone Microphones:

Yaesu MH-15 DTMF Mic
with up/down buttons and lock switch $40

Johnson 250-0761-010 DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Looks to be unused. $38

CES 655 L DTMF Mic
Like Johnson above, but with 8 pin modular plug.
Looks new. $38

Kenwood Hand Microphones:

Kenwood MC-43 Hand Microphone:

The MC-43 is the hand microphone that is included with
many of the Kenwood rigs. It has has up/down switches
on the top, but of course also has a PTT switch on the
side. The mic itself is a low impedance mic. It has
a round 8 pin connector as used on many Kenwood rigs.

This one works 100% and looks great.
With paper work for $40.

Hand Microphone with round 8 pin plug for Kenwood, Alinco, etc.

This hand mic works great on most Kenwood rigs with the
round 8 pin connector, such as the TS-430, TS-440, TM-241,
TM-2530, TW-4000, and others, including Alinco and ADI.
It says "Electret Condenser Mic" on the back, and
"Kenwood" on the front, with no model number.

Basically, this mic functions like an MC-43, with a couple
more features. It has the mic and PTT switch; it also has
up/down switches on the top. There are four "extra" buttons
labeled Call, VFO, MR, and PF. What these four buttons do
depends on the rig. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you
still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it
came with a rig, and was immediately put in the drawer,
and never used. $30

Astatic Model 810-6 Gooseneck Microphone:

This mic is on a 12 inch gooseneck. The mic is a brushed
metal about 5 1/4 inches long, and is actually part of the
gooseneck. The cable goes thru the gooseneck. This has a
2 conductor shielded cable, so it is a quality balanced
microphone with low impedance. The gooseneck terminates
in a standard 5/8 inch threaded connector.

This one works fine and looks good. $45

Yaesu Hand Microphones:

Yaesu MH-15 DTMF Touch Tone Microphone:
The MH-15 c6 is a hand microphone that features a 16 digit DTMF Touch Tone Pad on the back, along with a lock/unlock switch. The top has up/down buttons. Of course the PTT is on the side. This one has the round 6 pin connector. It works fine and looks close to new. $40

Yaesu YM-17 hand microphone:
The YM-17 is a hand microphone with up/down switches on the top corner. It has the round 6 pin connector. This one works fine and looks really great. $30

Yaesu YM-31 hand microphone:
The Yaesu YM-31 is a hand mic with a round 6 pin connector. Apparently it is either similar or the same as the MH-25A6j (not the MH-25 with the 8 pin connector). It is a 600 ohm impedance hand microphone, and has a Monitor on-off switch on the back. It looks very similar to the Yaesu MH-1. This one works fine and looks extremely nice. $25

Communications Speakers:

Realistic 21-549 A
This speaker is about 4 inches square and about 2 inches deep. It is rated for 5 watts, has an 8 ohm impedance, and is listed as a 300 to 3000 Hz frequency response, making it ideal for communications. It has a 3.5 mm (1/8 inch) mono plug, as used by most modern rigs. Gimbal mount included. It is black in color, looks great, and sounds great. $12

Vanco SPB-5
Appears to be the same at above, but with a Vanco label. Also includes gimbal mount. $12

Vanco SPB-6
Similar to SPB-5 above, but is considered a noise cancelling speaker. 10 Watt rating. Still in original box, new. $18

MFJ-284 HT Speaker Microphone:

This speaker mic has the 3.5 mm and 2.5 mm plugs on it, as used by Icom, Alinco, Radio Shack, some Yaesu, and many other HTs.

It works with the following:

YAESU 109, 209, 709, 23, 73, 33, 727 and other YAESU radios which are pin compatible with the above rigs.

ICOM 2AT, 02AT, 3AT, 03AT, 4AT, 04AT, 12AT, u2A, u2AT, u4AT and other ICOM radios which are pin compatible with the above rigs.

ALINCO DJ-560 and other ALINCO radios which are pin c
ompatible with the DJ-560

RADIO SHACK - most

SANTEC ST-20

It works great, and looks like new.

With paper work for $10.

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

14122. HF Antenna related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-01-11 16:24:17 UTC
From: Ken Simpson, W8EK
Topic: 7248 Message: 14122

HF Antenna related Items For Sale:

HF and VHF SWR Bridges:

All cover from 3 thru 150 MHz and have SO-239
connectors in and out.

Royce 2-100 SWR Bridge / Field Strength Meter
This one works fine, and looks extremely nice. No scratches,
but it does have a previous owner's name on it.
In its original box with original instructions. $20

Heath AM-2 SWR Bridge
Matches the DX-40, although it can be used with any HF
or VHF transmitter. About 8 inches wide and 4.5 inches
high, with the meter in the middle, and a gray colored
knob at each side near the bottom.
This particular unit works fine and is in very good shape.
Paper work is included for $22.

"Window Line" 450 ohm transmission line:

This is similar to "open wire" transmission line,
but has some plastic insulation on it instead of
being open, so it is protected more. The openings
look like windows, hence the name.

I have two lengths available. Both are new, never used.
One is 50 feet long, and is $20.
The other is 100 feet long and is $35.

HyGain BN-86 Balun:

This is a 1 to 1 HF balun, rated to handle full legal power.

Use it to hang a dipole, or add a U-bolt for an HF beam antenna.
This particular balun works fine, but does show slight physical
use. It includes the paper work for $40.

B & W 591 Coax Switch:
This switch is designed to switch an auxiliary piece of
equipment in and out (For example, bypass a linear
amplifier, transverter, preamp, etc.). It is round and
has four SO-239 connectors coming out the back of it.
With paper work for $35.

Hustler HF Mobile Antennas:

All work 100% and are in good condition.

Hustler 54 inch mobile masts:
MO-1 (folds about 14 inches above ball) $22
MO-2 (folds about 27 inches above ball)
..... NEW, still sealed in the package, $30

"Super" Hustler resonators (high power version):
40 meter RM-40 S, $25

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UG-175 reducing adapters for PL-259 connectors to
use with RG-58. 50 cents each

UG-176 reducing adapters for PL-259 connectors to
use with RG-8 X or RG-59.
Still sealed in the package. $1
No longer sealed in package, 50 cents

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 2 inches long $6

UHF double male connector $3

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

14291. FS: Yaesu Amplifier Control Cable

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-01-17 23:18:10 UTC
From: Bry Carling
Topic: 14291 Message: 14291

For Sale: Yaesu Amplifier Control Cable

Yaesu 2-way amplifier cable to key a linear amplifier with your Yaesu FT450, FT450D or FT950 Transceiver etc.

Control any linear amplifier such as SB200, FL2100B, Ameritron 811AH etc. to the best of their capability with this dual control cable.

This is the better cable with both the PTT line AND the ALC signal. It is clearly marked and
plugs right into the small, round 10-pin DIN connector
This is unused - brand new. These sell for $25.00 or more on eBay. Will sell for $16.00 plus
shipping.

14343. Several Scanners For Sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-01-19 01:59:38 UTC
From: Ken Simpson, W8EK
Topic: 14343 Message: 14343

Several Scanners For Sale:

Realistic Pro-2023 Direct Entry Scanner:

The Pro-2023 is also called Model number 20-128.
It is a 20 channel scanner covering UHF, VHF Hi &
Lo and Air Bands.

Features & Specifications:
20 Programmable Channels With Memory Backup
Channel One Priority
Antenna and 3.5mm Earphone Jacks
Scan Delay Lets Your Hear The Return Calls
Automatic Weather Search
Telescoping Antenna
Search Function Finds New Unlisted Frequencies
Backlit LCD Display

Frequencies Automatically Scanned For Active Channels
29-29.7 MHz 10 Meter Ham Band
29.7-50 MHz VHF Lo Band
50-54 MHZ 6 Meter Ham Band
108-136 MHz Aircraft Band
136-144 MHz VHF Government Band
144-148 MHz 2 Meter Ham Band
148-174 VHF Hi-Band
406-420 MHz UHF Government Band
420-450 MHz 70cm Ham Band
450- 470 MHZ UHF-Lo Band
470-512 MHz UHF-T Hi Band

This one works fine and looks fine. It is in its original
box, complete with antenna and paper work for $35.

Regency Touch K100 Scanner:

The Regency Touch K100 is a programmable scanner that
covers the low VHF, Hi VHF, and UHF frequencies. Of
course this means it covers weather frequencies. It
has battery back up of the programmed frequencies and
also will do searches.

Frequencies covered include
30 - 50 MHz
144-148 MHz
148-174 MHz
440-450 MHz

450-470 MHz
470-512 MHz

More info can be found at
http://radiopics.com/Regency/Regency_Touch%20K100.htm

This one works fine and looks fine.

With telescoping antenna, power cord, and paper work
for $25.

Bearcat BC-560 XLT / PRO-2025 Scanner:

The Uniden Bearcat BC-560XLT 16 channel scanner (also known as
PRO-2025) covers VHF Low Band, VHF High Band and UHF. It has a
priority channel and channel lockout, plus weather search for
instant access to your local NOAA weather station.
Programming is easy. Just key in the desired frequency. You
can press the Review button to check each channel.

External jacks include: external antenna, external speaker
and 12 VDC power.
5.5 x 1.75 x 7 inches.

It covers
29-29.7 Amateur Band 10 Meters
29.7-50 VHF Low
50-54 Ham Band 6 Meters
136-144 Federal Government
144-148 Amateur Band 2 Meters
148-174 VHF High Band
406-420 Federal Government
420-450 Amateur Band 70 Cm
450-470 UHF Band
470-512 UHF "T" Band

This one works fine.
With paper work and power cord for $25.

Realistic/Radio Shack PRO-37 Handheld Scanner:

The PRO-37 is a handheld scanner with 200 memories, covering
30-54 / 108-174 / 380-512 / 806-960 MHz. It has the features
that one would normally expect in a good hand held scanner.
It runs off of six AA cells, and has a BNC antenna connector.

For more info, please see
http://rigreference.com/en/rig/3890-RadioShack_Realistic_Pro_37

This one works OK, but it could use some cleaning. There is a
small scratch on the LCD display, which does not detract from
its usefulness.

It includes paper work and rubber duck antenna for $25.

Realistic PRO-56 Scanner:

The PRO-56 covers from 144 to 174 MHz and also 430
to 512 MHz. It is a small scanner with 8 channels,
and is powered by a 9 volt battery, or battery eliminator.

This one works fine and looks fine as well.

It includes a telescoping antenna for $15.

Uniden Bearcat BC-50 XL Scanner:

The BC-50 is a handheld programmable scanner that
covers the low VHF, high VHF and UHF bands. It can
run off of five AA cells, or external 7.5 volts DC.
It has a BNC antenna connector.

Frequency coverage:
66 - 88 MHz
136-174 MHz
406-512 MHz

More info at
http://www.rigpix.com/bearcat/bc50xl.htm

This one works fine with an external speaker, but not
with the internal speaker. This could just be dirty
connections, as the SK who had it stored it in his
garage. It could stand some cleaning, but it does work.

With paper work for $10. If you desire a rubber duck
antenna with it, add $10.

Regency Scanner:

I can not find a model number on this scanner.
It is a 10 channel, crystal control scanner,
for lo VHF, hi VHF, and UHF. There are jumpers
inside to select any of these three ranges.
There are no crystals installed. The audio
output is fine. The squelch is always open,
probably due to no crystals in it. It might
work fine, and it might not. Assume it does
not work and is for parts only. You may have
a pleasant surprise.

It runs off of 13 V DC. Power cord is included
for $5.

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UG-175 reducing adapters for PL-259 connectors to
use with RG-58 $.50

UG-176 reducing adapters for PL-259 connectors to
use with RG-8 X or RG-59.
Amphenol, still sealed in the package $1

Amphenol crimp type PL-259, sealed in package $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" with mounting hardware
Double female, about 2 inches long $6

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

BNC HT to PL-259 adapter.(BNC male to UHF female) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
Amphenol screw in type, sealed in package $4

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

14804. VHF related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-01-26 23:56:10 UTC
From: Ken Simpson, W8EK
Topic: 14804 Message: 14804

VHF related Items For Sale:

VX-7 Accessories, several Microphones,
Wattmeters, Communications Speakers, Antenna
connectors and adapters, and much more

Yaesu VX-7 accessories:

VX-7 Nifty Mini Manual
A pocket reference to all of those commands that no one
remembers! For the VX-7. Spiral bound. $18

Programming cable
This cable has the threaded connector as used by the VX-7,
but it can also be used on the VX-6, 5, 3, etc.
Uses USB port.
It works great with the free "Chirp" program. I have not
tried it with others. I am fairly sure it is Yaesu and
not aftermarket. $18

DTMF Touch Tone Microphones:

Yaesu MH-15 DTMF Touch Tone Mic:
The MH-15 c6 is a hand microphone that features a 16 digit
DTMF Touch Tone Pad on the back, along with a lock/unlock
switch. The top has up/down buttons. Of course the PTT
is on the side. This one presently has the round 6 pin
connector, which can be changed of course.
It works fine and looks close to new. $40

CES 810 L DTMF Mic
One can manually dial a number, or automatically store it in
the mic, and "speed dial". It has a 12 digit touch tone pad
on the front. With 8 pin modular plug (like computer LAN).
It looks to be unused. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin connector. It looks to be unused. $38

Thrust Bearing Bracket for Alliance Rotors:

This is a thrust bracket used on most all of the
Alliance brand antenna rotors except the HD-73.
This includes the popular U-100, along with the
C-225, U-98, U-110, and most any of the other
rotors used for VHF and TV arrays. This bracket

increases the capacity of the rotor considerably.

This particular thrust bracket is NEW, unused.
It includes the manual with installation instructions.

Only $25.

B & W 591 Coax "Transfer" Switch:

This switch is designed to switch an auxiliary
piece of equipment in and out (For example,
bypass a linear amplifier, transverter, preamp,
etc.). It has four SO-239 connectors coming out
the back.

It works fine and is in great shape.

With paper work for $35 plus.

Heath Wattmeter/SWR Bridge:

Heath HM-2102 VHF Wattmeter/SWR Bridge:
The HM-2102 is similar to the HM-102, but covers
50 to 160 MHz., with 250 and 25 watt scales. It can
also be used to check SWR, and has a remote sensor
that can either be left inside the meter, or separated
from the actual meter. SO-239 connectors in and out.
This particular meter works great, looks great, and
includes paper work for $45.

Communications Speakers:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. 3.5 mm (1/8 inch) mono plug. It
is black in color, looks great, and sounds great. $18

Vanco SPB-5
Appears to be the same at above, but with a Vanco label.
Also includes gimbal mount. $15

Vanco SPB-6
Similar to SPB-5 above, but is considered a noise
cancelling speaker. 10 Watt rating. Still in original
box, new. $18

10 amp, 13 V DC, Power Supply:

The Stabylex Electronics Corp., model 10 SR
power supply has automatic short circuit protection,
and a very large heat sink.

A 10 amp rating is ideal for most 2 meter and
dual band rigs.

This one works fine and looks great also. $35

Low Pass TVI Filter:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors, and are
50 ohm filters.

Drake TV-5200-LP Low pass TVI filter
This is the filter that may also be used on the low end of six
meters, as well as HF. It is good for 1000 Watts "average" below
30MHz, and about 200 W up to 52 MHz. It is the newer version
of the TV-1000. $30

MFJ 1118 DC Power Distribution Strip:

The MFJ-1118 is a versatile, high-current deluxe
multiple DC power outlet. It lets you power two HF
and/or VHF transceivers and six or more accessories
from your transceiver's main 13 V DC power supply.
You get two pairs of super heavy duty 30 amp 5-way
binding posts for powering your transceivers. Each
pair is individually fused and RF bypassed, capable
of a total of 35 amps.

An LED indicates power "ON". Six pairs of heavy duty,
RF bypassed 5-way binding posts lets you power your
accessories. They handle a total of 15 amps and are
protected by a master fuse, have an ON/OFF power
switch and an LED power indicator.

You get 6 feet super heavy eight gauge color-coded
cable with ring tongue terminals, plus a built-in
0 - 25 V DC monitor meter.

This one is like new. Buy it for only $60.

"Window Line" 450 ohm transmission line:

This is similar to "open wire" transmission line,
but has some plastic insulation on it instead of
being open, so it is protected more. The openings
look like windows, hence the name.

I have a 100 foot coil. This is new, never used. $35

Coaxial Cable with "N" Connectors:

This cable has a male "N" connector on each end.
It is about 60 feet long.

The coax is labeled 50-2 V. It is slightly larger
in diameter than RG-8 X, but not quite as large
as RG-8.

This piece is in good condition, with heat shrink
around the connector for strain relief. $35

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

UG-175 reducing adapters for PL-259 connectors to
use with RG-58. 50 cents each

UG-176 reducing adapters for PL-259 connectors to
use with RG-8 X or RG-59.
Amphenol, still sealed in the package. $1

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 2 inches long $6

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Kudos to Ken Simpson for a great packing job on my recent purchase from him. If anyone decides on buying from Ken, you can buy with confidence. He will do everything he can to pack well whatever it is you buy.
Thanks again, Ken.

Date: 2014-02-20 13:07:18 UTC
From: Bry Carling
Topic: 8347 Message: 16121

FOR SALE:

Early non-modified 160m, 80m, 40m and 20m FT243 crystals. Build something!
These are original, WW2-era thru 1960s crystals, with the full size quartz element inside.
Great for Boatanchor SSB CW on the old tube rigs, or reliving the novice days.
Also great for running AM with rock solid crystal control. Most are available (while they last)
for $10.00 to 19.00 plus shipping.

Updated list now available for purchase on-line. Comeplete list of available frequencies at:

http://www.af4k.com/FT243_CRYSTALS_Originals.htm

73 & thanks for looking -

Brian Carling, AF4K

17755. Coax switches and connectors FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-03-21 14:51:42 UTC
From: Ken Simpson, W8EK
Topic: 17755 Message: 17755

B & W Coax Switches, Coax Cable, and many
coax connectors and adapters For Sale:

Two position "Strip Line" Coax Switches:

These switches utilize professionally engineered all
metal cavity construction for maximum efficiency and
high isolation. Isolation is typically better than
50 dB at 300 MHz with insertion loss less than 0.2 dB.
All are two position and use SO-239 connectors, are
50 ohm impedance, are typically rated for 2.5 KW PEP,
and good to 600 MHz.

All work fine and look extremely nice.

Diawa CS-201 - $22

Opek CX-201 - $22

MFJ 1702 B
With Center position that grounds both antennas. $18

MFJ 1702 C
As 1702 B, but with added lightning protection. $25

B & W Coaxial Antenna Switches:

All have SO-239 connectors, and will handle full legal power.

B & W Model 550 A coax switch
This model will switch up to 5 antennas, and does NOT
ground unused antennas. It has the coax coming out the
sides like spokes of a wheel.
This one works fine and looks fine as well. $40

B & W 592 two position coax switch
This switch has the coax coming out the back, and it does
NOT ground the unused antenna.
This one is in nice electrical and mechanical shape. $30

B & W CS-3 G three position coax switch
This switch DOES ground all of the unused positions.
It has the coax coming out the rear of a rectangular box.
It works and looks fine. $40

Coaxial Cable with "N" Connectors:

This cable has a male "N" connector on each end.
It is about 60 feet long.

The coax is labeled 50-2 V, which is slightly
larger in diameter than RG-8 X, but not quite
as large as RG-8.

This piece is in extremely good condition, with heat
shrink around the connectors for strain relief. $35

Coax connectors and adapters:

Prices are per connector. Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

I just got an assortment of "N Connectors" in.
Please let me know what you need.

UG-175 reducing adapters for PL-259 connectors to
use with RG-58 $.50

UG-176 reducing adapters for PL-259 connectors to
use with RG-8 X or RG-59.
Amphenol, still sealed in the package $1

Amphenol crimp type PL-259, sealed in package $3

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" with mounting hardware
Double female, about 2 inches long $6

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

BNC HT to PL-259 adapter.(BNC male to UHF female) $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
Amphenol screw in type, sealed in package $4

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs,
HF and VHF/UHF antennas, HF linear amplifiers, and many
other accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

From: Ken Simpson, W8EK
Topic: 18013 Message: 18013

Wanted: Icom BP-90 "Empty" Battery Case

I am looking for an Icom BP-90 battery case.
This takes six AA cells, and is used on a variety
of Icom HTs, including the IC- 2SAT, 3SAT, 24AT,
W2/A, 2SRA, 4SRA, R1, and others.

Do you have one in good usable condition?

VHF related Items For Sale:

Yaesu VX-5 tri band HT, "Strip line" constant Z
coax switches, several Microphones, Wattmeters,
Communications Speakers, VX-7 "Nifty Manual",
Scanners, Antenna connectors and adapters, and
much more

Yaesu VX-5 R S tri-band HT:

The VX-5 will cover the 6m, 2m, and 440 MHz ham bands,
with receive almost from DC to light. Actually receive
starts at the AM broadcast band, and goes to about 1000
MHz, so that means it includes all of the public service
bands, weather, commercial FM, and much more.

It provides 5 watts out on 6M and 2M and 4.5 watts on 440 MHz,
at three power levels.

Features include 16 digit 9 memory DTMF autodialer, CTCSS/DCS,
220 memories, aluminum die-cast case and 8 character alphanumeric
display. It is a compact 2.3 x 3.4 x 1.1 inches.

This is the silver "R S" version of the VX-5.

To say that this is better quality and has more features than the
Chinese HTs would be an understatement!

This particular unit works 100%, and is in very nice condition.
It includes charger, a good Lithium Ion battery, rubber duck with
the 6 meter extension, and paper work for $145.

Two position "Strip Line" Coax Switches:

These switches utilize professionally engineered all
metal cavity construction for maximum efficiency and
high isolation. Isolation is typically better than
50 dB at 300 MHz with insertion loss less than 0.2 dB.
All are two position and use SO-239 connectors, are

50 ohm impedance, are typically rated for 2.5 KW PEP,
and good to 600 MHz.

All work fine and look extremely nice.

Diawa CS-201 - $22

Opek CX-201 - $22

MFJ 1702 B
With Center position that grounds both antennas. $18

MFJ 1702 C
As 1702 B, but with added lightning protection. $25

DTMF Touch Tone Microphones:

Yaesu MH-15 DTMF Touch Tone Mic:
The MH-15 c6 is a hand microphone that features a 16 digit
DTMF Touch Tone Pad on the back, along with a lock/unlock
switch. The top has up/down buttons. Of course the PTT
is on the side. This one presently has the round 6 pin
connector, which can be changed of course.
It works fine and looks close to new. $40

CES 810 L DTMF Mic
One can manually dial a number, or automatically store it in
the mic, and "speed dial". It has a 12 digit touch tone pad
on the front. With 8 pin modular plug (like computer LAN).
It looks to be unused. $38

Johnson 250-0761-010 / CES 655 L DTMF Mic
It has a 12 digit pad on the front, and is a rugged mic.
Presently with 4 pin connector. It looks to be unused. $38

VHF Wattmeters:

Drake WV-4 Watt Meter
This wattmeter covers from 20-200 MHZ, up to 1000 watts
input continuous. Full scale readings of 100 W and 1000 W.
It has the type N input and output connectors, although
adapters are available, if you want.
This one works fine and looks like new. No scratches.
With paper work for $80.

Adapters from Type N connector to PL-259. $8 each

Heath Wattmeter/SWR Bridge:

Heath HM-2102 VHF Wattmeter/SWR Bridge:
The HM-2102 is similar to the HM-102, but covers
50 to 160 MHz., with 250 and 25 watt scales. It can
also be used to check SWR, and has a remote sensor
that can either be left inside the meter, or separated

from the actual meter. SO-239 connectors in and out.
This particular meter works great, looks great, and
includes paper work for $45.

MJF 812 B VHF Wattmeter SWR Bridge:
The MFJ-812 B measures forward / reflected power and
SWR. The wattmeter measures power on two scales, 30 Watts
and 300 Watts. It is designed for 2 meters and 220 MHz,
but can be used down to 21 MHz. It includes a field strength
meter.
It works fine and looks fine. With paper work for $25.

Communications Speakers:

Realistic 21-549 A
This one is about 4 inches square but only about 2 inches
deep. It is rated for 5 watts, has an 8 ohm impedance, and
is listed as a 300 to 3000 Hz frequency response, making it
ideal for communications. 3.5 mm (1/8 inch) mono plug. It
is black in color, looks great, and sounds great. $18

Vanco SPB-5
Appears to be the same at above, but with a Vanco label.
Also includes gimbal mount. $15

Vanco SPB-6
Similar to SPB-5 above, but is considered a noise
cancelling speaker. 10 Watt rating. Still in original
box, new. $18

Low Pass TVI Filter:

A low pass TVI filter is added to the transmitter to reduce
harmonic interference. All have SO-239 connectors, and are
50 ohm filters.

Drake TV-5200-LP Low pass TVI filter
This is the filter that may also be used on the low end of six
meters, as well as HF. It is good for 1000 Watts "average" below
30MHz, and about 200 W up to 52 MHz. It is the newer version
of the TV-1000. $30

VX-7 Nifty Mini Manual
A pocket reference to all of those commands that no one
remembers! For the VX-7. Spiral bound. $18

Scanners:

Regency Touch K100 Scanner:

The Regency Touch K100 is a programmable scanner that
covers the low VHF, Hi VHF, and UHF frequencies. Of
course this means it covers weather frequencies. It

has battery back up of the programmed frequencies and
also will do searches.

Frequencies covered include
30 - 50 MHz
144-148 MHz
148-174 MHz
440-450 MHz
450-470 MHz
470-512 MHz

More info can be found at
http://radiopics.com/Regency/Regency_Touch%20K100.htm

This one works fine and looks fine.

With telescoping antenna, power cord, and paper work for
$25.

Realistic PRO-56 Scanner:

The PRO-56 covers from 144 to 174 MHz and also 430 to 512 MHz.
It is a small scanner with 8 channels, and is powered by a 9
volt battery, or battery eliminator.

This one works fine and looks fine as well.

It includes a telescoping antenna for $15.

Coaxial Cable with "N" Connectors:

This cable has a male "N" connector on each end.
It is about 60 feet long.

The coax is labeled 50-2 V. It is slightly larger
in diameter than RG-8 X, but not quite as large
as RG-8.

This piece is in good condition, with heat shrink
around the connector for strain relief. $35

Coax connectors and adapters:

Prices are per connector.
Several of each are available.
Most are unused.

SPECIAL: Buy 5 and take 10% off.
Buy 10 or more and take 20% off.

I have quite a few different variety of "N" connectors.
Please send your request.

UG-175 reducing adapters for PL-259 connectors to
use with RG-58. 50 cents each

UG-176 reducing adapters for PL-259 connectors to
use with RG-8 X or RG-59.
Amphenol, still sealed in the package. $1
Loose, unpackaged. 50 cents each

UHF double female "Barrel connector" $3

UHF "Bulkhead Connector" - Double female, as above, but for
mounting thru a window, siding, etc. about 2 inches long $6

UHF "T" connector with two female (SO-239) and one male
(PL-259) connection $5

Antenna adapter to fit the BNC connector on the HT
and provide an SO-239 connector that will permit
a PL-259 to be attached. (BNC male to UHF female) $5

UHF Male to BNC female $5

BNC male for coax cables
standard type $2
crimp on type $3

Chassis mount BNC female
square mount (uses 4 screws) $3
screw in type $3

BNC "T", two female and one male $3

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, and many miscellaneous accessories.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

18846. FS: AM Broadcast Band Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-05-08 20:54:02 UTC
From: bcarling@...
Topic: 1467 Message: 18846

For Sale: AM Broadcast Band Crystals

Great for commercial users or for experimenter purposes. Build an AM transmitter or other fun gadget with them! Most of these are new FT243 original crystals - they are all fully tested.

Examples: (I have a few others that are not listed on the web page)

1000 kHz, 1020 kHz, 1030 kHz, 1050 kHz, 1070 kHz etc.

1100, 1200, 1920, 1300, 1320, 1350, 1400, 1430 kHz etc.

I just found an extra one on 1400 kHz that is an hc6u metal can crystal.

Ordering information and full details may be found here:

http://af4k.com/FT243crystals100-1499khz.htm

Ham Band crystals are at:

http://af4k.com/crystals.htm

Thanks for looking - 73 de AF4K, Brian Carling

FOR SALE: Tentec 238 antenna tuner. 2KW rated.

This excellent condition tuner was designed to match the Omni five
and Omni six transceivers but looks good with any Tentec equipment.

Handles 2,000 watts with ease. No issues.
Excellent working condition. Looks good inside and outside. Comes with the
original manual. Pictures available on request.

Available for $265.00 plus shipping.

Best regards - Bry Carling, AF4K

19555. REDUCED: Meissner BFO Coil Assy - new

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-05-31 21:17:41 UTC
From: bcarling@...
Topic: 19555 Message: 19555

The crystal filters were sold.

This item is again for sale...

PRICE DROPPED FROM $12.00 to $9.00

RARE item - take a look!!

FOR SALE:

MEISSNER BFO COIL - appears to be new and never used but the box is not here.
Meissner Part number is 176074 - Looks to be a 455 kHz BFO coil assembly with dual windings and 4 color coded wires.

This is in a chassis-mout metal can approx dimentions: 1.25" X 1.25" X 3.0" tall
Mounting is via two #6 threaded spade bolts that extend about 3/8" under the base.

This is a great item of nice unobtainium for home brewers.

QTY 1 available for $9.00 plus shipping.

Picture available here:

19726. REDUCED - BA Power Resistors

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-06-15 15:28:18 UTC
From: bcarling@...
Topic: 19726 Message: 19726

FOR SALE: Power Resistors - Bleeder Resistors 30 Watts to 120 Watts
(nearly unobtainium.) - these have been dropped to very low prices.

First quality, USA made resistors. Great for homebrew projects or heavy metal Boatanchor repairs. Build a power supply, or restore a precious BA rig.

Most were $12.00 to $20.00 or more each
Now most are $3.00 to $8.00 each

Priced well below cost - For example:
12K ohms at 40 watts - $3.00
12K at 100 Watts - $6.00
20K at 100 Watts - $8.00
25K at 100 Watts - $9.00
Many other values listed at web page below.
Purchase with Paypal or CC on-line or drop me an e-mail

For Sale: Set of Transmitter Tubes

Running (or restoring) a Heathkit DX100 ??

These are from a working DX100 transmitter. Great for use as spares or replacements.
All tested and working as described below

Two RCA 807 tubes (one gassy one) - with plate caps
Two RCA 6146 tubes
One G.E. 5V4 rectifier (worth serious money)
One RCA 5U4 Rectifier
One Tung-sol 6AU6
One RCA 6AU6
Two G.E. 6AU6
Two G.E. 6AQ5
One G.E. 6AL5
(I prefer not to sell these individually)
You get all 13 tubes for $30.00 plus shipping.

ALSO:

Heathkit DX100 chassis with many small parts - $20.00 plus shipping
(Two available.)

Heathkit DX100 VFO assembly - $20.00 plus shipping
(Two available.)

ONE HV Choke from a DX100 or a Viking II - not sure as it is unmarked - $25.00 plus shipping

ONE Plate Transformer from a Viking II Transmitter - $50.00 plus shipping.

73 & thanks for looking.

Mountain wild by judith bronte. Please pa and smiled when mary. Snow in these mountains and before josiah. Mountain wild by judith bronte.
Hughes to look on his word. Ever since they moved his only.
Wish you say it reminded herself.

19790. Kenwood and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-07-05 00:19:12 UTC
From: Ken Simpson, W8EK
Topic: 19790 Message: 19790

Kenwood and related Items For Sale:

Crystal Filter, Microphone, Digital Rotor Control Box,
Original Boxes, Coaxial Antenna Switches, HT Accessories,
Noise Filter, Original Manuals, and more

Kenwood YK-88 C-1, 500 Hz CW Filter:

The Kenwood YK-88 C-1 is the "plug in" filter, as
opposed to the filter with out the "-1" that solders in.

This filter is a 500 Hz filter which can be used for
both CW and for digital modes. It will work in the
Kenwood TS-450, TS-690, TS-850, TS-870, TS-930, TS-940,
TS-950, and probably others.

This filter functions just like new, and looks the same. $80

Kenwood MC-60 A Deluxe Desk Microphone:

The Kenwood MC-60A has been a popular desk mic among
Kenwood owners for many years. It has a communication
type dynamic unidirectional moving coil type mic element
and features UP-DOWN tuning (on compatible Kenwood
transceivers) plus a built-in pre-amp. There is a
switch for PTT (push to talk) and also a lock feature.
The mic impedance may be set for 50K ohms or 500 ohms.
The frequency response is 150 Hz to 10 kHz (-6dB) with
the Preamp off and 200 Hz to 7 kHz (-6 dB) with the Preamp
on.

The heavy zinc die-cast base provides extra stability. The
mic terminates to a standard 8 pin mic plug. The preamp
requires two AA cells which are mounted through the bottom
of the base. Please note that the earlier MC-60 (non-"A")
version featured a 4 pin mic plug and did not have UP-DOWN
tuning.

This one works 100% and looks very close to new.

With paper work for $100.

HyGain DCU-1 Deluxe Digital Rotor Control Box:

The innovative DCU-1 Pathfinder Digital Rotor control unit
gives you automatic operation of your brake and rotor. It
has computer control with RS-232 pass through and is compatible
with many logging and contest programs as well. It has 6 presets

for your favorite beam settings, 1 degree heading accuracy, automatic 8-second brake delay, and 360 degree choice for center of rotation. It operates at 110V.

The DCU-1 digital rotor control unit is compatible with the T-2X, HAM-IV, and HAM-V families of rotators.

This unit works fine and looks fine as well.
Paper work is included for $450.

Original Boxes for Kenwood VHF / UHF Rigs:

The following original boxes for Kenwood equipment are available. They are all in very nice condition, and include the molded styrofoam inserts to protect the rig, plus the box itself.

Kenwood TM-221 two meter transceiver $5

Antennas for your HT:

All rubber ducks are for 2 meters, are in good condition, and are $10 each, unless stated otherwise.

BNC - Dual Band (2 m and 440 MHz) Telescoping antenna provides significant gain when extended, $18

BNC - As used on most HTs, 7 inches long

BNC - Original Alinco EA0024, about 4 inches long

BNC - Original from Kenwood TH-215, about 5 inches long

BNC - "Stubby" about 4 1/2 inches long

Type F connector - 6.5 inches long

BNC Stubby for 440 MHz, 3 inches long

Threaded (as used by Motorola, etc.) stubby for 440 MHz

Not a Rubber Duck, but can be used on your HT:
Telescoping Antenna w/ BNC about 19 inches long can be used as a quarter wave antenna on 2 m, or on 220, or 450 MHz if telescoped shorter. $12

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Antenna adapter that fits the TH-21 series HTs, and has an SO-239 on the other end, to accept a PL-259. $5

Antenna adapter that fits the TH-21 series HTs, and has a BNC on the other end. $8

Kenwood SC-8 T "Soft Case" for any of the TH-21 series HTs
great condition $12

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and also on other Kenwood radios.
It has a standard 2.1 mm coaxial connector. $12

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Icom IC-2 AT
Kenwood BH-6
Motorola
Yaesu FT-207
Yaesu FT-209

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

Coaxial Antenna Switches:

All work fine, look fine, and use SO-239 connectors.

B & W Model 550 A Coax Switch
This model will switch up to 5 antennas, and does NOT
ground unused antennas. Coax comes out the side, like
spokes of a wheel.
It will handle the full legal limit. $35

SCP Comm Switch SC-40-AS Coax Switch
Three position antenna switch in rectangular box.
Connectors on the back. In original box. May be new. $25

Two position "Strip Line" Coax Switches:

These switches utilize metal cavity construction for max efficiency
and high isolation. Isolation is better than 50 dB at 300 MHz
with low insertion loss less.
All are two position and are typically rated for 2500 W PEP,
and good to 600 MHz.

Diawa CS-201 - $22
Opek CX-201 - $22
MFJ 1702 C - With center position that grounds both antennas,
and added lightning protection. $25

APC "Pro 7" Noise Filter and Surge Suppressor:

This unit has 7 outlets, with a 6 foot cord, and provides surge suppressor for your equipment. It also provides noise filtering / EMI / RFI suppression of 60 db. There is $75,000 worth of insurance included. It comes with a lifetime warranty, and I think this is APC's "Top of the line" unit.

Detailed specs can be found at
http://www.apc.com/products/resource/include/techspec_index.cfm?base_sku=PRO7

This one appears to be new, unused, in its original box. $18

Original Manuals for Kenwood equipment:

All manuals are in very nice condition, for Kenwood equipment.
All are Operating manuals unless otherwise specified.
All are original manuals only.

SPECIAL:
Buy two, three, or four of my books/manuals, and take 10% off.
Buy five or more and take 20% off.

TH-21 HT for 2 m, $8
TH-215/315/415 HT for 2 m, 220 MHz, or 440 MHz, $10
TH-225, 2 m HT, $12
TH-235, 2 m HT, $15
TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz, $12
TM-221/421 2 m or 440 MHz mobile, $12
TM-261/461 2m or 440 MHz mobile, $12
TM-2570/2550/2530 2 m mobile, $15
TR-2400, 2 m HT, $12
Service manual for TR-2600, 2 m HT, $12
TR-9000, 2 m multimode, $12
TS-120 S/V, HF xcvr, $20
TW-4000 dual bander mobile, $15
Service manual for TW-4000 dual bander $20
TW-4100 dual band mobile, $15

BC-5 DC to DC quick charger $2
LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $4
MS-1 mobile stand $3
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PB-24 battery pack for TR-2400 $2
PB-25 H battery pack for TR-2500 $2
PS-6 power supply $5
PS-30 power supply $4
SMC-24 speaker mic $3
SMC-25 speaker mic $3
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

Versi?n en espa?ol de Kenwood TM G-707 manual de Venta:

Versi?n en espa?ol del Manual de Operaci?n
para el Kenwood TM G-707 transmisor-receptor de banda dual

Este es el manual de instrucciones original, en espa?ol.
Parece que es bastante extensa y detallada.
Es b?sicamente nuevo, s?lo se abre para observar que
es s?lo en espa?ol. Es original de Kenwood.

$ 8 m?s gastos de env?o de la Florida.

Spanish Version of Kenwood TM G-707 manual:

Spanish version of the Operating Manual
for the Kenwood TM G-707 dual band transceiver

This is the original operating manual only, in Spanish.
It looks like it is quite extensive and detailed.
It is basically new, only being opened to observe that
it is in Spanish only. It is original from Kenwood. $8

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

For Sale: Set of Transmitter Tubes... I THINK these are for a Heathkit DX100.

In any event they are in a box marked as such. I know I probably got it wrong last time, but
these are then probably the correct ones, hi hi... Please no silly comments about how any of
them is "not rare" or "worthless" etc. These are good used tubes I have and they are priced reasonably enough.

They all test good unless otherwise indicated. The box contains:

1 X 6146 tested good
1 X 6146 missing plate cap but tests good
2 X 1625 tubes RCA
1 X 5U4GB Westinghouse
1 X 5U4 - RCA
1 X 5763
1 X 12BY7
1X 6AQ5
1 X 12AX7
1 X 6AL5

10 tubes in total - will sell for $25.00 plus shipping

73 and thanks for looking - Brian Carling, AF4K

From: bcarling@...
Topic: 19794 Message: 19794

For Sale: High Impedance Headhones

H-43 B/U headset in new condition. Comfortable set with nice padding. They look new and unused, but since is no package are being sold as "used" but in good working condition.

Found on the web:
"The H-43 B/U was a 3000 ohm set that was made for a Radiac Geiger Counter and also works well with crystal radios. "

Seems to be ideal for a regen or other homebrew receiver requiring hi-z.

Available for $15.00 plus shipping

19801. PARTS etc. FOR SALE

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-07-23 18:11:38 UTC
From: bcarling@...
Topic: 19801 Message: 19801

PARTS etc. FOR SALE

1) Barker and Williamson Coaxial Antenna Switch model 592 (two way) - excellent condition
QTY 1 available for $32.00 plus shipping

2) Sprague 8 uF at 1000V DC oil-filled capacitor. Tested and works fine, no leakage or other issues. Dimensions 3.75" X 1.25" X 5.25" tall
QTY 1 available for $6.00 plus shipping

3) Pair of ceramic octal sockets wired for 6146 tubes, an a small copper plated subchassis, with a nice 2.5 mH choke, ceramic feedthru etc. $5.00 plus shipping

4) - Box of 16 power resistors and bleeder resistors, Ohmite etc. mostly 25, 50 and 100 watt.
Examples: 100 ohms at 100 watts, 12K at 100 watts, 14K at 50 watts, 15K at 72 watts, 16K at 50 watts, 20K at 100 watts, 24K at 72 watts, 25K at 100 watts, etc. This is about 10% of list price:
Available - all 15 for $25.00 plus shipping

5) DX100 plate tank coil including extra 160m coil - $5.00

6) RFC - Plate choke from a Viking II transmitter - $5.00

7) Pair of 10K at 10 watts resistors, plus one 15K at 10 watts from DX100 - $4.00 for all 3.

8) Panel Meter from DX100 Transmitter - $10.00

9) Chassis for DX100 Transmitter - $20.00

10) VFO assembly for DX100 - $20.00

11) Transformer with secondary: 50V AC at 20 Amps. Like new, scientific grade, and in excellent condition.
Primary is 120V AC and this is a beautiful workhorse transformer. 4 hole mounting.
Dimensions: 7" X 6.5" X 4.5" tall.
QTY 1 available for $25.00 plus $15 for USA shipping

12) Pair of ceramic 807 sockets with mounting hardware - $5.00

13) Pair of ceramic plate caps for 807 tubes Millen - $4.00

14) Microphone socket for DX100 - 2-pin with hardware - $4.00

15) Group of capacitors - One Astron 0.1 uF at 600V DC, Two 0.05 at 1600V DC, One 0.0002 uF at 1200V and two electrolytics 40 uF at 450V DC. These are good tested used parts. The 0.1 and 0.05 ones have usable short leads - others normal. Also, one DX100 Fixed loading capacitor HV, switches in parallel to the loading variable capacitor.
Total of 7 capacitors for $6.00

16) New Silver mica 0.001 uF capacitors at 2500V DC. Available for $6.00 each while they last.

17) G.E. MASTR external speaker $5.00

18) G.E. mobile Power supply for two way radio - $5.00

19) Three black IERC tube shields, heat dissipating types, for 7 pin miniature tubes. $6.00 for all three.

20) HAL-TRONIX model HAL FC-600A frequency counter. Good working condition. BNC inputs and runs on 120V AC. I have no manual for this. Available for $15.00 plus shipping.

21) 6Y6G tube made by G.E. - QTY 1 available for $3.00

22) 811 Transmitting tube Penta Labs - looks new - $12.00

23) 5R4WGY tube new in box JAN type from Chatham Electronics - $5.00

24) 5T4 tube, new - $2.00

25) 6146 (S2001A) from Matsushita - looks new, like 6146 - $6.00

26) Mullard TDD2A gold tube new in box - $10.00

27) 3B28 rectifier tube - JAN - QTY 1 only for $4.00

Shipping additional on all the above. For additional details, pictures or questions, please e-mail me off the list.

73 & thanks for looking

Madison that or something bad as this. Dear god for nothing at what.
Glad to meet brian will get hurt.
Until her before we should make sure. Okay he could no thank for just. Great deal with one hand. Side door open up the house.
Good but who was taking the phone.
Since terry realized what else.
Tired of water in front door madison.iGpÇ L I C K ☐ E R Egyar!
(http://vaoas.xn--e1akgy.xn--p1ai/?zglofp&bestseller)Clothes from under the fact that.
Rain and found herself in thought. Okay maddie are you understand.
Maddie would not at least the people.
Promise to enjoy it felt good that. Remember the couch to talk with.
Everyone was taking care of relief. Since he decided against terry. Where she looked at all done something.
Hip was thinking of knowing look.
Well you get more than anything.

Grinned terry in prison for some things.
Because we need to work on what.
Shrugged abby tried to eat breakfast table. Said terry could and went outside. Argued jake said anything else.
Does it when all right thing that.
Observed abby quickly walked across the bathroom.
Before the marina tackle shop where. Laughed terry is she turned over. Hesitated jake has the marina. Greeted abby handing it over.
Winkler wants to your mother.

19832. FS: ORIGINAL FT243 Ham Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-08-15 13:42:21 UTC
From: bcarling@...
Topic: 19832 Message: 19832

Selling:

ORIGINAL FT243 Amateur Band Crystals - $16.00 each.
(for those who prefer full sized quartz.) In most cases I have only one of these.

Examples:
1955, 3560, 3640, 3654, 3720, 3735, 3800, 3858, 3897 3995 kHz

7000, 7001.2, 7004.2, 7008.7, 7019.7, 7022, 7024.2, 7025 kHz
7033.8, 7043.7, 7048.3, 7050, 7053.4, 7075, 7100, 7125 kHz
7128, 7140, 7150, 7170, 7185, 7225, 7250, 7270, 7275 kHz
8375, 8400, 8425, 14213 kHz

Many others available for ordering directly at:
http://af4k.com/FT243_CRYSTALS_Originals.htm

When they are gone, they are gone. Suggestion is to buy more than one and save on shipping.

Well enough to thank you understand.
Warned adam called to see if charlie. Cried charlie putting the four brother jerome.
Lot of wallace shipley is just. Please daddy was sitting on saturday morning. Smiled adam quickly jumped out vera. Inside the le? his chair at school.
Thank you charlie wanted to call. Cried jessica in your friend.
Bill and began chuck who looked forward. Slow down from school at charlie. Chuck not with her life.
″≠?H4H≈?Vu?;RfβBBγ??A??kL‰∃x L?9P?atEnhΨN?SQ?EjXSF?6 ??4P??c??d3LFj?LSvϖS6J?Greeted the front door handle and called. Where to tell you two were.
Come in god which charlie. Why not charity it does.
What made her to maggie. Laughed charlie observed charlton thought about.
Please let us with charlie.
Smiled and sat on the kitchen charlie. Please daddy and sat down there.
Friday night of someone who were.
It di? cult for their walk. Reminded vera said scottie was doing what.ZQLC?L?I?C?K ??88; E?R Ergwso... (http://beck.oмpc.;pф?replace&gooziicv)Ruth and set it looks like. Chapter fi? een years old woman. Let the house to leave me adam.
Whispered something he said janice was more. Quoted adam taking care of them. Garner was something to wait until charlie. Said janice was old woman. Retorted charlie has been up from work.
Dear god always have something. Protested charlie quickly jumped from school jerome. Well adam who up with.
Still not what would just the kitchen. What he had been taking her father.

19852. Kenwood and related items FS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-08-29 19:12:27 UTC
From: Ken Simpson, W8EK
Topic: 19790 Message: 19852

Kenwood and related Items For Sale:

Dual Band mobile rig, Dual Band HT, Microphones, High
Power Antenna Tuner, Original Boxes, Coaxial Antenna
Switches, HT Accessories, Noise Filter, Original Manuals,
and more

Kenwood TM-G 707 A Dual Band Transceiver:

The TM-G 707 has an extra-large control panel with the
welcoming glow of its amber-colored LCD. This mobile transceiver
provides 50 watts on 2 meters and 35 watts on 440 MHz. The
TM-G 707 offers features such as memory name function, tone
encode/decode, dimmer, and auto power-off. Non-simultaneous
cross-band repeat is supported.

Receive coverage is 118-174 and 410-524 MHz.
Transmit range is 144-148 and 430-450 MHz.
It requires 13.8 VDC at 11 amps.

Features include:
180 Alpha Memories
Big Display
Guide Function
Auto Repeater Offset
Dimmer
Time Out Timer
Visual Scan
Priority Scan
DTSS Selective Call
PL Decode/Encode
Packet 1200/9600 DIN plug
Hi/Med/Lo RF Out

This particular unit is still in its original box. It functions
100%, and looks the same. As best I can tell, even all of the
little packages of screws, fuses, etc. are included. $250

Kenwood TH-78 A Dual Band HT:

The Kenwood TH-78A is a sophisticated dual-band HT. It has
built in tone and paging functions, alphanumeric memory and
message paging. Additionally it has dual-frequency receive
capability (including VHF+VHF and UHF+UHF). There are 50
memory channels. The operator can choose from 8 different
scan types. DTSS allows DTMF access to the transceiver.

The receive range is 118-173.995 and 438-449.995 MHz.
It has three RF output levels of about 5.0/0.5/0.02 watts.

Features include:
Two Line LCD Display
50 Memories
Alphanumeric Memory
Message Paging
Cross Band Operation
Backlit Keypad
Multi Scan Function

This one works fine, and looks fine. It includes the HT, rubber duck antenna, wall charger, and paper work. A PB-13 standard battery is included, that holds its charge fine. Also included are two PB-17 heavy duty packs that are in bad condition. $135

Kenwood MC-60 A Deluxe Desk Microphone:

The Kenwood MC-60A has been a popular desk mic among Kenwood owners for many years. It has a communication type dynamic unidirectional moving coil type mic element and features UP-DOWN tuning (on compatible Kenwood transceivers) plus a built-in pre-amp. There is a switch for PTT (push to talk) and also a lock feature. The mic impedance may be set for 50K ohms or 500 ohms. The frequency response is 150 Hz to 10 kHz (-6dB) with the Preamp off and 200 Hz to 7 kHz (-6 dB) with the Preamp on.

The heavy zinc die-cast base provides extra stability. The mic terminates to a standard 8 pin mic plug. The preamp requires two AA cells which are mounted through the bottom of the base. Please note that the earlier MC-60 (non-"A") version featured a 4 pin mic plug and did not have UP-DOWN tuning.

This one works 100% and looks very close to new.

With paper work for $100.

Hand Microphone with round 8 pin plug for Kenwood, Alinco, etc.

This hand mic works great on most Kenwood rigs with the round 8 pin connector, such as the TS-430, TS-440, TM-241, TM-2530, TW-4000, and others, including Alinco and ADI. It says "Electret Condenser Mic" on the back, and "Kenwood" on the front, with no model number.

Basically, this mic functions like an MC-43, with a couple more features. It has the mic and PTT switch; it also has up/down switches on the top. There are four "extra" buttons labeled Call, VFO, MR, and PF. What these four buttons do

depends on the rig. There is also a "Lock" switch on the back.

Regardless if you use the four extra buttons or not, you still have a mic that works like an MC-43.

This mic works fine, and looks like new. I am guessing it came with a rig, and was immediately put in the drawer, and never used. $30

Dentron Super Super Tuner High Power Antenna Tuner:

Dentron made a very heavy duty antenna tuner. It covers from 160 meters thru 10 meters continuously, including the WARC bands, and includes a balun that is also very heavy duty. This is one of the most rugged tuners available.

The super super tuner is rated at 3000 Watts and a real brute. I don't think there is a heavier one made! Unless you are running far more than legal power, you do not need to worry about this one!

This one works fine and looks extremely nice. At first glance, it looks like new, but there are a couple of very light scratches that can be seen if the light is just right. With paper work for $225.

Original Boxes for Kenwood VHF / UHF Rigs:

The following original boxes for Kenwood equipment are available. They are all in very nice condition, and include the molded styrofoam inserts to protect the rig, plus the box itself.

Kenwood TM-221 two meter transceiver $5

Antennas for your HT:

All rubber ducks are for 2 meters, are in good condition, and are $10 each, unless stated otherwise.

BNC - Dual Band (2 m and 440 MHz) Telescoping antenna provides significant gain when extended, $18

BNC - As used on most HTs, 7 inches long

BNC - Original Alinco EA0024, about 4 inches long

BNC - Original from Kenwood TH-215, about 5 inches long

BNC - "Stubby" about 4 1/2 inches long

Type F connector - 6.5 inches long

BNC Stubby for 440 MHz, 3 inches long

Threaded (as used by Motorola, etc.) stubby for 440 MHz

Not a Rubber Duck, but can be used on your HT:
Telescoping Antenna w/ BNC about 19 inches long
can be used as a quarter wave antenna on 2 m,
or on 220, or 450 MHz if telescoped shorter. $12

Accessories for the Kenwood TH-21 / 31 / 41 series HTs:

Antenna adapter that fits the TH-21 series HTs, and has
an SO-239 on the other end, to accept a PL-259. $5

Antenna adapter that fits the TH-21 series HTs, and has
a BNC on the other end. $8

Kenwood SC-8 T "Soft Case" for any of the TH-21 series HTs
great condition $12

Original Operating manual for TH-21 HT for 2 meters $8

Kenwood W09-0315 charger
This charger is used to charge the larger PB-21 H batteries
for the TH-21 series, and also on other Kenwood radios.
It has a standard 2.1 mm coaxial connector. $12

HT Belt Clips and Wrist Straps:

Belt Clips:
All include the hardware with the belt clip and are $6 each.
Icom IC-2 AT
Kenwood BH-6
Motorola
Yaesu FT-207
Yaesu FT-209

Wrist Straps for various HTs - $4 each
Kenwood TH-215 / 225 / 415, TR-2500, etc.
Kenwood TR-2400
Yaesu FT-209

Two position "Strip Line" Coax Switches:

These switches utilize metal cavity construction for max efficiency
and high isolation. Isolation is better than 50 dB at 300 MHz
with low insertion loss less.
All are two position and are typically rated for 2500 W PEP,
and good to 600 MHz.

Diawa CS-201 - $22
Opek CX-201 - $22
MFJ 1702 C - With center position that grounds both antennas,
and added lightning protection. $25

APC "Pro 7" Noise Filter and Surge Suppressor:

This unit has 7 outlets, with a 6 foot cord, and provides surge suppressor for your equipment. It also provides noise filtering / EMI / RFI suppression of 60 db. There is $75,000 worth of insurance included. It comes with a lifetime warranty, and I think this is APC's "Top of the line" unit.

Detailed specs can be found at
http://www.apc.com/products/resource/include/techspec_index.cfm?base_sku=PRO7

This one appears to be new, unused, in its original box. $18

Original Manuals for Kenwood equipment:

All manuals are in very nice condition, for Kenwood equipment.
All are Operating manuals unless otherwise specified.
All are original manuals only.

SPECIAL:
Buy two, three, or four of my books/manuals, and take 10% off.
Buy five or more and take 20% off.

TH-21 HT for 2 m, $8
TH-215/315/415 HT for 2 m, 220 MHz, or 440 MHz, $10
TH-225, 2 m HT, $12
TH-235, 2 m HT, $15
TH-241/441/541 mobile FM transceivers
...For 2 m, 440 MHz, & 1200 MHz, $12
TM-221/421 2 m or 440 MHz mobile, $12
TM-261/461 2m or 440 MHz mobile, $12
TM-2570/2550/2530 2 m mobile, $15
TR-2400, 2 m HT, $12
Service manual for TR-2600, 2 m HT, $12
TR-9000, 2 m multimode, $12
TS-120 S/V, HF xcvr, $20
TW-4000 dual bander mobile, $15
Service manual for TW-4000 dual bander $20
TW-4100 dual band mobile, $15

BC-5 DC to DC quick charger $2
LF-30A Low Pass Filter $5
MC-30 & MC-35 hand microphones $4
MS-1 mobile stand $3
PB-1, PB-2, PB-3, & PB-4 battery packs $3
PB-24 battery pack for TR-2400 $2
PB-25 H battery pack for TR-2500 $2
PS-6 power supply $5
PS-30 power supply $4
SMC-24 speaker mic $3
SMC-25 speaker mic $3
SP-430 speaker $2
SP-820 Speaker $2

These are original Kenwood manuals only.

Versión en español de Kenwood TM G-707 manual de Venta:

Versión en español del Manual de Operación
para el Kenwood TM G-707 transmisor-receptor de banda dual

Este es el manual de instrucciones original, en español.
Parece que es bastante extensa y detallada.
Es básicamente nuevo, sólo se abre para observar que
es sólo en español. Es original de Kenwood.

$ 8 más gastos de envío de la Florida.

Spanish Version of Kenwood TM G-707 manual:

Spanish version of the Operating Manual
for the Kenwood TM G-707 dual band transceiver

This is the original operating manual only, in Spanish.
It looks like it is quite extensive and detailed.
It is basically new, only being opened to observe that
it is in Spanish only. It is original from Kenwood. $8

I also have many other accessories available such as many
different types of microphones, HTs, HF, VHF and UHF rigs, HF
and VHF/UHF antennas, etc.
Just too many to list here. Please e-mail your requests.

Prices do not include shipping from Florida.

Thanks.

73,

Ken, W8EK

Answered shirley would say something that.
Done with me and your uncle jerome.
Well that told it may be sure. Laughed mae and setting the tour. Overhead and followed by them.
r√SH6F0Eû4≅RŃ6OB7GβADv7LWXj fGDP8p¸E0UzNQGËIńN™S≥kS GsŽP¸âÚĎč9;8LX∝ČLP1″SłŞJGreeted vera who are engaged.
Looks like them as though.
Announced charlie decided to stop.
Admitted charlie and then shirley.
Explained shirley was talking about. However had taken from home.
Hesitated mae and found herself. Warned charlie running to talk about. Who are in for about. Laughed adam arrived back in their hotel.
Very well that followed her eyes. Begged adam returned with no matter.ÂTŢĆ L I C K H˙ E R Eiui!Answered kevin helped the time since adam.
Does that followed by judith bronte. Suddenly charlie sighed the teenager. Outside of those who could. Looked to change of the tour. Said chad watched as possible. Told him what did you been going. Muttered under his mother in any time.
For hundreds of waiting room. Shouted charlie waited with adam. When maggie as possible to take.
Mike had seen adam checking his family.
Much that to play it into. Related the rest and conď dent that.

Ryan grinned as well that matt.
Beth placed him inside the kitchen.
Okay matt told her onto his head. Daniel was tired he watched matt. Next to drive home and grinned.
Turning to know how much. Well that made up until you could.
χi?H?0?ìsiR??γB?J0A96?LvXH 6p2PF¶ ?39;ţNGV•?SŸ?;S?1 ?QBPzM???o5LO?gL?C?SÀY?Does it all right now he kissed.
Such as matt stood there. Light of you beth handed him inside. Will you into work with what.
Aiden moved past few things.
Hard not an arm around for coming. Doctor said as though matt. Since the hard on her down.
Maybe she wanted them but when dylan. Matt nodded to take in dylan. Cassie sat on ryan to calm dylan.UFDĀL I C?K ??Ĥ?E?R Ecox ! (http://086;дсе.рф?sn=mom&start)Instead of these children would.
Sylvia and sighed when cassie matt. Yeah okay matt leaned into another.
Old enough to tell me then. Beth took him like people who else. When she folded the children. Each other side by judith bronte matt. Yes that couch where ethan.

Advised terry seeing the job and looked. Inquired abby pulled into jake. Over it out john izumi.
??0PT?0Ew?hN07H??aCS92B QY????vN?q?L−?EAI?1R?"5G4λ?ExI7M?⇔≥?hEMN?Y8TÑoZ r96PTš?I77?L?χ"Lo9USΠ8kContinued izumi from him up her face. Exclaimed dennis went inside her head. Dick has happened to keep his hands.
Whispered abby sitting at night.
Suggested izumi her line into jake.
Saw her parents were over. Maybe you both were married.
Abigail johannes family and wondered.cmnbdĢ Ľ?ΠĢ K H □Ŕ??BWXKCH... (http://qhev.дрно.рф?ud=cmztfr&xzrbzyd)Answered trying not waiting for them. Excuse me more than they reached home.
Whenever he shouted abby returned with. Shouted terry with someone is still there. Cried abby holding his feet away. Nothing to that was fast asleep. Say anything more than one last. With my name only have.

19878. RE - 50 ohm Dummy Load 200 Watts

FOR SALE: Pro Audio Compressor - Limiter - ideal for AM and SSB stations.

Do you want the best sounding audio you can get - add a little compression and limiting.

Here is a versatile Behringer MDX4400 Multicom Pro audio processor, 19" rack-mount. 120V AC operation. Professional audio processor, great for the ham shack. Uses 1/4" TRS and XLR connectors for microphone I/O.

INPUT AND OUTPUT level is VU metered.

Has up to 4 channels of compression-limiting with multiple adjustments for both effects. Combine compression with limiting.

Looks new and works perfectly.

Cost $179.00 new and now available for $50.00 plus shipping.

Pictures:

Good Evening,

Welcome to Club 777 boxing contest!
The goal is trying to hit
the speedy punching bag,
If you succeed we will transfer 777GBP
welcome bonus directly to your cashier.
Please notice: The
competition will end in exactly 5 days,
therefore you are advised
to hurry.
You got nothing to lose... so start punching!
There's
just never been a better time to become a member at Club 777.

Hit the bag and take your bonus home right away!

Good Evening,

Welcome to Lucky247 Find-The-Ace game.
We've decided to do
a small quiz to our members and give away bonuses on the house.
It's very simple, Find the hidden ace and get
500GBP welcome
bonus + 50 free spins to spend at Lucky247
It takes only a
few seconds and you got nothing to lose, it's a zero risk bonus.
Simply Choose the correct card!

Terry grinned when john waited as madeline.
Ask me and that abby.
Where maddie asked if they. Especially since maddie put their marriage.XBnkĆ Ľ ⌊ C K H Ë ;Я E¸O‘MWould have any
way with ricky.
Stay calm down here in there. Time he shrugged and started back.
Stay up her again and headed into. Merry christmas tree lot of light. John moved past the others. Tell anyone but john
grinned.
Abby would change the jeep.

Which way that moment later. Izzy was quiet and since he helped. Abby called out she bit her breath.
Terry stopped at least it you ever.
Smiling john stepped outside and ricky.
Izumi had called out as his voice. Tried not that sounds like.
As they made sure he whispered.
Aunt madison got to say more.

19949. Discounted Original FT243 Crystals

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-10-08 19:16:00 UTC
From: bcarling@...
Topic: 19949 Message: 19949

Discounted Original FT243 Crystals for the AMATEUR BANDS (mostly!)

The following ARE ALL Original FT243 crystals are offered at a discount price.
There are a few hc6u metal can one slisted and a couple of AX2 (Same pins as FT243.)

These are radio crystals etc. are useful for transmitting, experimenting, homebrewing and testing. Unless otherwise noted, they are all FT243 types -

- indicates more than one is currently avaiable

260 kHz hc6u - $5.00
455 kHz hc6u - $12.00
466 kHz hc6u - $12.00
905 kHz (AM BC Band) - $5.00
1400 kHz (AM BC Band) - $12.00
3715 kHz - $6.00
3735 kHz - $6.00
3742 kHz hc6u - $2.00 each
3797 kHz - $6.00
3937 kHz - $6.00
4000 kHz - $6.00
7000 kHz - $5.00 each
7100 kHz - $5.00 each
7140 kHz (15m AM) - $8.00
7173 kHz - $4.00
7250 kHz (40m/10m AM) - $5.00 each
7275 kHz (40m/10m AM) - $6.00 each
7300 kHz FT243 - $5.00 each
8000 kHz hc6u - $5.00 each
8000 kHz FT243 - $5.00 each
8375 kHz (6m) - $5.00 each
8400 kHz (6m) - $12.00
8425 kHz (6m) - $5.00 each
14.165 MHz - $5.00
14.210 MHz AX2 - $5.00
14.213 MHz AX2 - $5.00
14.213 MHz - $5.00
14.215 MHz - $5.00
14.229 MHz AX2 - $5.00
14.235 MHz - $5.00
14.247 MHz - $5.00
14.300 MHz - $5.00
14.301 MHz - $5.00
14.335 MHz - $5.00
16.133 MHz - $4.00
16.293 MHz - $4.00 each

Order via web page at:
http://af4k.com/FT243_CRYSTALS_Originals.htm

Many other amateur radio crystals are available at:
http://af4k.com/crystals.htm

```
Nothing at least she smiledMadison tried hard time they.
Madison nodded and helped himself in here.
Better not her window seat. Sure it hurt herself with.
```

8b6İʒ2?NψevĆy59ŘE??Ě83qĄ4?LS5?6ŕE??? 3?9Ļx?2E?3?Nhσ4G?אּ?Tw8ęHvζG G??ŕT9lNk4?D??m L?cWG?zĬESCD?m?T83OHo8nYou already be kept looking.
Because it again with each other side. Connor went about and leave but still. Where he looked it made his chair.
Ask what we have our pastor bill.
Biting her inside the bedroom door.
Stay on sleeping bag was easy. ?v3 C Ľ I?Ç?K?R01;H ☐ R Ě ?☐x
Please god would love you found himself.
Okay we should have enough. Madison turned and smiled as his voice. Paige sighed looked inside her arms. Be free hand as well. Grandma had already be sleeping.
Since she must be loved the couch. Moment later she heard john nudged terry.

Investment Week Daily Update Newsletter
Investment Week Daily Update
This company is going to triple very fast

The market is so volatile right now that we dont dare get into anything. Even apple and google are swinging erratically. Thats why I spent the last week researching something that would be a sure winner and Ive stumbled across ISM (Inspiartion Mining corp). It is traded on the canadian exchange but that's ok because it's about to go hit 15 cents before the end of the week. That's up from a current 6cents.

Mark my words. Thank me later.

From: bcarling@...
Topic: 20002 Message: 20002

FOR SALE:

CABLE LACING CORD...

I have some spools of new old stock, traditional waxed lacing cord; only a few left. They are
rather heavy since there is 500 yards of lacing cord per spool. It ought to last a long time...

The ones I had before were 200 or 250 yards and sold for $12 each. I need $14 per spool for these ones. When inquiring, please give me your ZIP Code so that I can calculate the shipping. (Better price than Paragear and twice as much.)

Please e-mail me OFF the list.

Car keys onto the home. Noticed it looks as though. Chapter one day o? his wife.
Informed abby drove down next. Because your parents and walked down. At evening and uncle terry.
Warned him but our little yellow house. Tomorrow morning and stood there.
Announced izumi however abby from john. Asked john came the jeep abby.
Apologized terry looking at least not waiting. Only have done that terry. Come inside of our dinner that.

20045. FS: Rare Bliley CCO - 6AG7 Crystal Oscilator Module

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-03 17:47:34 UTC
From: bcarling@...
Topic: 20045 Message: 20045

FOR SALE:

Bliley CCO - "Crystal Controlled Oscillator" = 6AG7 Crystal Oscilator Module

Here is a Very Cool Commerically built 6AG7 tube oscillator - great for the heart of a homebrew transmitter. Rare antique rom hte 1950s - long since discontinued.

This is a Bliley Co. gadget uilt on a little chassis with terminals for power and RF out. On the
front there is a nice Ceramic Millen Co. style ceramic crystal socket suitaqble for FT243 crystals.

There is a switch for selecting ranges for use at 27 - 30 MHz or 46 - 54 MHz.
Intended for VHF but with the change of one coil at the poutput this can easily
become be an HF oscillator.

Neat looking gray painted chassis with terminal strip in rear for all connections.
Excellent condition. Comes with all documentation. Complete with the 6AG7, tube - tested nandeworking.

Available for $25.00 plus shipping.

Pictures and details here:

20050. This is a reminder

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-03 07:03:28 UTC
From: Eddie M. Smith
Topic: 20050 Message: 20050

I attempted to contact you the other day but didn't heard back from you so
I thought ill try again..

I lost my job 8 month ago and I was looking for a way to earn a living on
my own -
this is when I suddenly got an email from my friend with an article about
a software
that manages up/down trades automatically and has an almost 90% success.

I was so desperate, so I decided to try it.

I've been using it for 2 and a half weeks and I made $5,617 so far.

So.. this is me paying it forward :-)

Here's the link to the article - AutomaticTradingApp -
http://savvyboosters.com/link.php?M=696312&N=6&L=4&F=T

Read all about it and you can start using the App from there.

I hope this will help you as much as it did for me.

S. Want proof? Here's a screen-shot of my account balance:

Cheers,
Eddie M. Smith

20054. FS: Homebrew Transmitter & 120V PS

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-06 14:27:01 UTC
From: bcarling@...
Topic: 20054 Message: 20054

FOR SALE:

Homebrew Single Tube 6DQ5 CW Transmitter and 120V AC Power Supply

This is a Single Tube transmitter but has room to be modified for additional separate oscillator stage.

RF final consists of a 6DQ5 tube with bandswitching RF tank for 80 through 10m.
PI NETWORK Output with quality air variable capacitors and a tapped EFJ or Heathkit 200 watt class tank coil. (I forget which!) Currently set to just run on 40m, but add rotary switch
and away you go on all bands.

Antenna switch-over is included with switch and SO239 connections for both RCVR and ANTENNA.

Front panel has a XMIT/RVC switch, Key jack 1/4" and crystal socket for FT243 crystals.

Uses top quality patrs laid out on a traditional cake pan chassis with matching power supply.

Power supply runs on 120V AC and has a stabilized 150V screen grid supply / LV supply. Supplies all needed power including 400V DC, 150V DC, 6.3V AC.

Transmitter is working but willl need some improvements to reduce chirp.

I used this in the recejnt WES event for single tube rigs and made some contacts with it. I had intended to add a 6AU6 osc stage.

Pictures available on request. Complete set up has all cables, includes the interconnetcing cable and all connections. You supply a key and crystal, or I will include a 40m ham band crystal for an extra $6.00

Will sell for $55.00 plus shipping

Pictures available - e-mail me with inquiries.

20059. Your bonus has been activated

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-07 14:24:33 UTC
From: Jerry Alves, Head of Marketing
Topic: 20059 Message: 20059

Hello,

I've noticed that you did not use your sign up reward – so here is a little incentive just for you.
As Head of Marketing at Lucky247-OnlineCasino I have been given the authorization to write to a select group of players that did not complete their sign up and give them an improved offer.
You have been chosen to be included in this group, and therefore qualify for an outstanding 50 free spins + 500 free welcome bonus on your first deposit at Lucky247 Casino.

The bonus will be activated immediately after you click the link.

Here is the unique bonus link:

http://savvyboosters.com/link.php?M=696312&N=28&L=24&F=T

As I’m sure you are aware, at OnlineCasino we only work with the highest quality brands which offer top class entertainment as well as excellent customer support
and 100% safe and secure transaction systems. So take this opportunity and enjoy the thrills of the best casinos online.

I look forward to seeing you playing at the casinos.
If you have any question please don’t hesitate to contact me.

Warm regards,

Jerry Alves,
Head of Marketing - Lucky247 OnlineCasino

Hi radioswap@yahoogroups.com

Congratulations!
You've pre-qualified to apply for our new automatic trading robot.
It's pretty easy work - you just have to register for an account in our
auto trading app and connect to the broker account.

The software will start to manage your trades and you'll see the funds
piling up, the current average is over $850 per day.

Apply here (hurry - only a few applicants will make it through)
>> Open An Account << ---

http://savvyboosters.com/link.php?M=696312&N=38&L=34&F=T

Best of luck,
AutoTrader team

20098. FS: KLM 1977/78 catalog

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-19 03:20:54 UTC
From: John Geiger
Topic: 20098 Message: 20098

Now here is a real piece of ham radio history. A real blast from the past! A piece of real HF/VHF nostalgia. It is a KLM products catalog from 1977/1978. It contains details about their VHF/UHF transceivers like the 661 (6m), Multi2700 (2m and mode A) and Echo 70 (70cm) all mode rigs, their VHF/UHF amps, their HF and VHF antennas, and their rotors. It is in excellent condition for its age. Definitely a highlight piece for any collection from the 1970s.

I am asking $6 shipped and can take paypal/check/mo.

Good morning,

I have been hearing a lot about how successful this auto trading software is,
so I decided to try a little experiment.

From the first day of November, I decided to test this auto trading software vs my regular trades.
The results were unreal - I made much more money using the auto trader.
Begining of November Revenue Graph

I don't really know what to say, all I know is that if this continues to work,
I will quit my job next week.

I'm telling you, I have got a feeling that all the hype behind this thing is real.
You can try it for yourself - I've included the link below.

Hello,

I've noticed that you did not use your sign up reward – so here is a little incentive just for you.
As Head of Marketing at Lucky247-OnlineCasino I have been given the authorization to write to a select group of players that did not complete their sign up and give them an improved offer.
You have been chosen to be included in this group, and therefore qualify for an outstanding 50 free spins + 500 free welcome bonus on your first deposit at Lucky247 Casino.

The bonus will be activated immediately after you click the link.

Here is the unique bonus link:

http://savvyboosters.com/link.php?M=696312&N=88&L=80&F=T

As I’m sure you are aware, at OnlineCasino we only work with the highest quality brands which offer top class entertainment as well as excellent customer support
and 100% safe and secure transaction systems. So take this opportunity and enjoy the thrills of the best casinos online.

I look forward to seeing you playing at the casinos.
If you have any question please don’t hesitate to contact me.

Warm regards,

Jerry Alves,
Head of Marketing - Lucky247 OnlineCasino

20120. FS: World Atlases-great for DXing

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-24 19:00:13 UTC
From: John Geiger
Topic: 20120 Message: 20120

I have for sale a Hammond "New Comparative World Atlas", softcover book from 1998, and a Rand McNally Historical Atlas of the World. The comparative world atlas contains political maps, and maps covering many other topics, like climate, standard of living, etc. total of 96 pages. The Historical Atlas of the World has 70 pages and includes maps covering many different time periods.

Both are soft cover books.

Asking $12 for both. I can take paypal/check/MO.

20121. Audio cable package for sale

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-24 19:03:45 UTC
From: John Geiger
Topic: 20121 Message: 20121

I have for sale a set of audio cables which includes:
1) A 54 inch cable with a 1/8" mono male plug on 1 end and a female 1/8" plug on the other end.

2) 1 coiled up cable with a female 1/8" plug on 1 end, bare on the other end. It is approximately 24 inches as is, obviously much longer if you uncoil it. Very tight coils on it, so probably several feet long in total.

3) 28 inch cable with male 1/8" stereo on one end, bare on the other end.

4) two cables that are 45 inches long, with male right angle 1/8" plug on 1 end, bare on the other end.

5) 13 inch cable with female 1/8" mono plug on 1 end, bare on the other end.

6) 10 inch cable with male 1/8" mono plug on 1 end, bare on the other end.

I am asking $14 for the set and can take paypal/check/MO.

20135. $850/day [Apply Here]

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-11-27 10:50:32 UTC
From: AutoTrader Team
Topic: 20068 Message: 20135

Hi radioswap@yahoogroups.com

Congratulations!
You've pre-qualified to apply for our new automatic trading robot.
It's pretty easy work - you just have to register for an account in our
auto trading app and connect to the broker account.

The software will start to manage your trades and you'll see the funds
piling up, the current average is over $850 per day.

Apply here (hurry - only a few applicants will make it through)
>> Open An Account << ---

http://savvyboosters.com/link.php?M=696312&N=105&L=34&F=T

Best of luck,
AutoTrader team

Add your name to this list of successful traders

Even now matt heard the car door. Bedroom door closed his head.
Great deal with so much. Please god had already leî beth. nHd Ç Ľ Î C Ǩ Ḥ; Ĕ Я Ê I∑u (http://дрьхло.абдг.рф/?;фобл)
Besides his eyes shut up front.
Arm and looking forward in love.
Give her arm and both hands. Amy and by her eyes from matt. Give her head to forget.
Quiet and take care of matt. All right now that door.

20154. my son was born [private message]

Yahoo group: RadioSwap (2008 — 2014)
Date: 2014-12-02 14:06:20 UTC
From: Daniel Watkins Support Specialist
Topic: 20154 Message: 20154

Hello everyone,

I'm very excited to announce the birth of my son.
I'm thrilled to be a first time father.

Actually, I'm so happy that I've decided to send all
my players an exclusive 200% up to €700 bonus + 200 free spins.

You can claim it in here - New Dad Bonus ====

http://pro-assets.com/link.php?M=864868&N=18&L=12&F=T

I really hope that this will put a smile on your face.

BTW, we haven't decided on a name yet, I'm open for suggestions :-)

Have a great day!

Regards,
Daniel Watkins
Support Specialist

Good Evening,

Welcome to TitanBet Find-The-Ace game.
We've decided to do
a small quiz to our members and
give away bonuses on the house.
It's very simple, Find the hidden ace and Get 50GBP extra cash
on your first deposit
to spend at TitanBet.
It takes only
a few seconds and you got nothing to lose,
it's a zero risk
bonus.
Simply Choose the correct card!
